Why private email?
To hide criminal activity from NSA collection?
Obama lied but it came out in the Wikileaks email dumps.

Why wasn't HRC prosecuted for the emails? Put simply, Obama ultimately OK'd by using the non govt email addy to communicate w/ Clinton. Obama also had an alias along with each of his cabinet members. Therefore indicting HRC would lead to indicting Obama & his cabinet etc which could never happen. Remember he lied about knowing but that ultimately came out in the dump. Poof!

Coleman told us that he kept regularly took notes in a journal. Coleman's notes from October 4 contained the following entry:

- (1) Anthony Wiener [sic]
- (2) [Unrelated]
- (3) Wiener [sic] - texting 15 yo - Sexually Explicit
9/26 - Federal SW - iPhone/IPAD/Laptop
Initial analysis of laptop - thousands emails
Hillary Clinton & Foundation
Crime Against Children

We asked Coleman about these notes and he told us that, given their placement in his notebook, the notes would most likely represent information he was briefed on first thing in the morning by his subordinates in the Criminal Investigative Division. Coleman stated that he may have passed this information to other FBI executives after the morning briefing with the Director, but he could not remember if that occurred here.

There are more good people than bad. The wizards and warlocks (inside term) will not allow another Satanic Evil POS control our country. Realize Soros, Clintons, Obama, Putin, etc. are all controlled by 3 families (the 4th was removed post Trump's victory).

11.3 - Podesta indicted

11.6 - Huma indicted

Manafort was placed into Trump's camp (as well as others). The corruption that will come out is so serious that deals must be cut for people to walk away otherwise 70% of elected politicians would be in jail (you are seeing it already begin). A deep cleaning is occurring and the prevention and defense of pure evil is occurring on a daily basis. They never thought they were going to lose control of the Presidency (not just D's) and thought they had control since making past mistakes (JFK, Reagan).

Good speed, Patriots.

"QAnon" is the main character in a far-right fantasy known as "**the Storm**," a narrative that was named after an unexplained, off-the-cuff **comment** made by President Donald Trump in October 2017, onto which fringe trolls like Infowar's **Alex Jones** immediately latched. It's believed to be a harbinger of a coming "coup," in which Trump would do away with the "deep state" (led, again, by that aforementioned global cabal trying to seize power and simultaneously run a **pedophile ring** out of a pizza shop in Washington, D.C.) Per RationalWiki:

A fictional personality (or to the faithful, an "anonymous patriot") central to "The Storm" theory, going by the name of "QAnon" ("Q" symbolizing a supposedly high level super secret government "Q Clearance"), began posting a series of messages on 4chan's /pol/ board in a thread called "CBTS" (Calm Before The Storm) on October 28, 2017.[3] In these, Q claimed Trump was being protected by the military because the CIA, FBI, and Secret Service are all corrupt. Q's postings take the form of cryptic questions, where each question is supposedly a hint, a clue, or a riddle containing some awesome revelation that would make treasure hunter Nicholas Cage smack his forehead and yell, "OF COURSE!" Yet the questions are usually the type of stuff found in grade-Z spy novels, and often contain their own obvious irony, such as

“It was the most disrespectful thing they could have done,” said a White House official familiar with the incident. “He’s a good man. What happened to him was fucked up.”

Over a month later, the CIA has not sent a replacement liaison to the White House, though there are other agency officials on loan there. The ex-liaison has not been accused of any crime or abuse and has returned to the CIA.

The liaison’s removal, first reported by the Washington Post, followed a clash with Ezra Cohen-Watnick, the 30-year-old intelligence director on the NSC staff, to whom he reported.

Cohen-Watnick was a junior case officer at the Defense Intelligence Agency, where he caught the eye of Michael Flynn, the ex-DIA director and first national security adviser to Trump. When Flynn came to the White House, Cohen-Watnick was among the Flynn deputies whom career national security staff came to view as a clique - derisively known in intelligence circles as the “Flynnstones”. For their part, the so-called Flynnstones viewed the career staff as Obama loyalists, and excluded many of them from national security decision-making.

Psychological projection

From Wikipedia, the free encyclopedia

Psychological projection is a theory in **psychology** in which humans defend themselves against their own unconscious impulses or qualities (both positive and negative) by **denying** their existence in themselves while **attributing** them to others.^[1] For example, a person who is habitually intolerant may constantly accuse other people of being intolerant. It incorporates **blame shifting**.

Can anyone tell me who the DOJ lawyer is that speaks French via text in the IG report? This will save a lot of time in the hearings this week so my colleagues won't have to ask this question...

Elon Musk.

Heat = Tesla cars exploding

Moon = Full moon 6/27 (or 6/28)

Stars = Musk b-day 6/28

Missions = Space X launch 6/29

Don't know if the dates mean anything, other than pointing to Musk (raw speculation at this point).

Question: Anybody have info on Elon Musk? Seems to be Eric Schmidt vs. Elon Musk re: AI.

Tesla cars exploding. Any info about who was killed in one or more of these? Links to anyone in cabal?

Would Musk be someone who might testify about something? Fraud in the government handouts for alternate energy?

Why wasn't HRC prosecuted for the emails? Put simply, Obama ultimately OK'd by using the non govt email addy to communicate w/ Clinton. Obama also had an alias along with each of his cabinet members. "Attorney General Jeff Sessions has also said U.S. Attorney John Huber is investigating claims of FBI and DOJ misconduct related to these actions, noting that Huber would be "conducting his work from outside the Washington D.C. area and "in cooperation" with Horowitz."

<http://www.foxnews.com/politics/2018/06/15/ig-2-0-could-be-even-worse-for-fbi-as-feds-brace-for-trump-spying-probe.html>

"This is not the end of the process. United States Attorney John Huber continues his work in cooperation with the Inspector General to review certain prosecutorial and investigative determinations made by the Department in 2016 and 2017," Sessions said. He has reviewed this report and, based on its findings and his own investigation, will provide recommendations as to whether any matter not currently under investigation should be opened, whether any matters currently under investigation require further resources, or whether any matters merit the appointment of Special Counsel."

SC = restart w/ significantly less staff = stupid
 (Reddit Summary)

- Professor Turley is a very respected liberal law professor and longtime civil libertarian. Has been critical of both parties over the years.
- Turley says the use of John Huber gives the IG the prosecutor he needs to bring charges and seek indictments. (No need to go through RR which is critical)
- Huber is conducting a full-fledged criminal investigation into all the matters Republicans are calling for a special counsel to investigate.
- Huber has been investigating these possible crimes for five months (Now seven), since November 2017.

- By giving the IG a prosecutor they can now go after the deep state without looking like a political witch hunt. This is critical.
- Sessions informed Congress in his letter that all the matters recommended for investigation by Goodlatte, Gowdy, and Grassley are "fully within the scope of [Huber's] existing mandate." He also informed the chairmen that Inspector General Michael Horowitz, who is working with Huber, has a staff of 470 investigators, giving Huber access to enormous investigative firepower that far exceeds the staff of any special counsel. (Who needs a SC with that type of manpower?)
- The inspector general's jurisdiction to conduct civil and criminal investigations includes "actions taken by former employees after they have left government service." Then Huber can act on any of those matters.
- This is HUGE A Grand Jury can be empaneled anywhere, in any deep red state, away from D.C. (This is very important and why Trump needed to appoint as many Judges as possible)
- Huber and Horowitz can accomplish everything a SC can do.
- If Sessions feels that charges should have been made that weren't, he can still appoint a SC to make that happen.
- Huber is a lawyer from deep red Utah, not the D.C. swamp.
- "If a special counsel were appointed, there would be a great deal of delay," Turley stated, versus the team of Huber and Horowitz, who are already five months into this investigation. (It's too late to even appoint a SC. Charges can be filed before midterms.)
- From /u/ClardicFug - Huber and Horowitz were both appointed to their positions by the Obama administration. This helps optics a lot. Pretty much decimates the "Trumped rigged the investigation" argument that's sure to be made.

"Q, could you make POTUS aware of the fact that there is a deep state, rogue organization within the C_A named AQUARIUS, which has the ability and willingness to launch nuclear ballistic missiles from at least one BOOMER type sub that they control. They could make NK, Iran, USA, Russia, or China appear to have launched a nuclear warhead and cause WW3. URS and other contractors have been building a network of vast underground shelters of which you may not be aware, so the Deep State could sit out the aftermath and control a greatly reduced population. They've made it clear population reduction is their top goal. A boomer under control of the deep state, outside of the military command and control structure represents a clear and present danger to the US and the world, and all such assets need to be reined in and put under the control of civilian, constitutionally recognized authorities. Thank you for your time."
