Frequently Asked Questions

Is Protetox suitable for everyone?

Yes, Protetox is a safe and gentle detox program that is suitable for all adults. However, if you have any underlying medical conditions, we recommend consulting with your healthcare provider before starting any detox program.

How long does the detox program last?

The duration of the Protetox program can vary depending on individual goals and needs. Typically, it ranges from 7 to 30 days. We recommend following the program as instructed for optimal results.

Are there any side effects?

Protetox is made from natural ingredients and is generally well-tolerated. However, some individuals may experience mild detox symptoms, such as headaches or fatigue, as the body eliminates toxins. These symptoms are temporary and a sign that the detoxification process is working. Stay hydrated and get plenty of rest to support your body during this time.

Can I continue with my usual diet during the detox?

During the Protetox program, it's recommended to follow the provided dietary guidelines for the best results. You'll be introduced to clean, whole foods that support detoxification. It's important to fuel your body with nutritious meals and avoid processed foods, alcohol, and caffeine.
