Those Behind The Numbers - Hiding From The Numbers

Who is responsible for this world of numbers? The masters of the world of numbers are right before us in their positions as the head clergy, the politicians, the judiciary, the ambassadors, etc. Most of them have been to Jesuit colleges and other elite schools of "excellence" where they have been trained in the art of numbers, whether their career is that of a lawyer, a financier or a Bishop.

Behind them are the key figures of "The System" who do not operate in public; they always hide behind cultures, races and creeds and they are the High Priests of numbers, stirring their cauldrons full of spells of numbers.

The spells that they brew, devoid of love and LIFE, are actually curses being sent out into the world. A curse will always return to the maker but those behind "The System" try to deflect the curses of their making so they will not feel and experience the effects of them. They do it by trying to pass them onto animals, hence the ritual of sacrificing animals, but, as LIFE is all there is, the curses cannot disappear and so, through the animal whose body is put into the soil, they end up in Earth which is LIFE which is all of us. Even if the bodies are burnt, the moisture that evaporates and the ashes that are left are absorbed into Earth. Water with the elements of carbon embodied bears all the information of consciousness because the living creator gave LIFE/consciousness to all the thoughts that make up LIFE. Ritual sacrifices of animals and men, women and children are still used to deflect curses, usually secretly but still out in the open in some places - women are still publicly stoned to death in some countries. We feel that many involved in satanic sacrifices do not realise the significance of the rituals they are performing or are caught up in. Just as most Christians, Muslims and Jews don't see the Satanic rituals within the rituals of their religions, the duped Freemasons don't see past the brainwashing provided by their superiors. It maybe that most don't really know unless they get to the highest levels.

Curses are demons, thought forms without LIFE, which means they are without love as LIFE is love and love is LIFE, and they suck the moisture, the consciousness out of LIFE that we are. Moisture is in everything of LIFE, in the air, the clouds, the soil, the mountains and the trees. If that moisture is sucked out by curses, there is no more LIFE. This is what is happening to us; consciousness is being slowly sucked out of us as we become more and more absorbed in the curses that are being thrown at us.

A more modern method of trying to deflect their curses is to deflect them into money, as in current = currency = currentcy. Ever wondered why money causes so much trouble? And why those at the top of the ladder NEVER handle money, i.e. Pope, Cardinal, Archbishop, King, Queen, etc, - they leave that to their minions. We were told that Voodoo witch doctors have many jars on shelves to "catch" their curses when they return. This is also why the Jews have been set up as scapegoats - those at the top are trying to get the curses to go to the Jews, which is why the Jews have been allowed to do so well in banking, politics, entertainment, business, etc. Even the Rothschilds are being used - they are having to handle the cursed money.

[From incogman.net: **The Banker's Manifesto: Then and Now** 27th February 2009 by INCOG MAN: "Working towards that Jew World Order: 1) Lord Jacob de Rothschild. 2) His spooky son, Nathaniel. 3) Baron John de Rothschild, who recently said they are working towards global governance. 4) Sir Evelyn de Rothschild. His wife Lynn Forrester is a big mover and shaker in the Democratic party. 5) David Rockefeller, Sephardic Crypto-Jew, who's son Nick told film director Aaron Russo about 9/11 in advance. 6) Nathan Warburg. His family was not only instrumental in creating the Federal Reserve, etc. they were also behind the rise of Adolf Hitler. 7) Henry Kissinger, Globalist genocidal schemer. 8) George Soros, another Jew schemer and NGO manipulator. 9) Paul Volcker, Crypto-Jew big-time Globalist and economic advisor to Obama. 10) Larry Summers, Crypto-Jew economic advisor to Obama. 11) Lloyd Blankfein, CEO to the rapidly growing Goldman Sachs banking behemoth. 12) Ben Shalom Bernanke, current Jew master of the Federal Reserve (a private entity, neither "Federal" nor a "Reserve"). What's the common denominator here?

In his book, *None Dare Call It Conspiracy*, Gary Allen states, "One major reason for the historical blackout on the role of the international bankers in political history is the Rothschilds were Jewish... The Jewish members of the conspiracy have used an organisation called The Anti-Defamation League (ADL) as an instrument to try and convince everyone that any mention of the Rothschilds and their allies is an attack on all Jews. In this way they have stifled almost all honest scholarship on international bankers and made the subject taboo within universities. Any individual or book exploring this subject is immediately attacked by hundreds of ADL communities all over the country. The ADL has never let the truth or logic interfere with its highly professional smear jobs..."

Those who do this are not conscious - they think they can deflect the curses that they send out to maintain their power and control and their descendants power and control but they haven't learned from the mistakes of their ancestors. They do not realise that their "curses" & "spells" cannot escape LIFE - LIFE is all there is. There is no after-LIFE, only consciousness. Those who have severed their links to LIFE, have fallen to a "state" of unconsciousness, are lost when their physical bodies "die" and can only become thought forms without LIFE, often referred to as demons, phantoms, ghosts and apparitions.

"The System" is all about having power over others but to do this, those behind "The System" have to commit fraud which means that their thoughts are impure, insincere and distorted, hence the curses. Behind "The System" are the old practised ways of alchemy, also used to deal with "spells" and "curses".

Reap What You Sow

What those behind "The System" don't realise is that they cannot deflect the curses they send forth permanently. The harm of these curses is building up and building up to the point where Earth is beginning to have a fever, just as the body has a fever to rid itself of toxins, viruses, etc. We have all noticed the "natural disasters" increasing in frequency and strength - this is just the beginning. The big event is now around the corner. When Earth (LIFE) has really had enough, even the underground bunkers will not protect those who have harmed and seek only to harm others. In their numbers their curses will return to them 1000 fold. There is nowhere they can escape from their rebounding curses. The love we give to LIFE bounces off all the celestial bodies of LIFE and back to every LIFE form of LIFE to be felt by all of LIFE. Curses cannot bounce off LIFE as they are not of LIFE, so they can only return to the maker or, at worst, be absorbed into the depths of Earth until Earth cannot absorb any more.

Across all recorded HIS-STORY, the brainwashed people have been conned to believe that they are on a journey heading from somewhere to somewhere and that everyone is just a tiny aspect of a universe at the effects of greater forces than them. This is the basis of all duality which is a lie - duality does not exist. We just pretend it does because we have been told it does, and we have been told it does because this is how those behind "The System" maintain their power over our brains. For more on this, see our latest articles located here: <http://loveforlife.com.au/node/3385>

The myths of heaven and hell, the Galactic Federation and the after-LIFE are another attempt by those behind "The System" to burn off the curses by getting us to lose our connection to LIFE and take the curses with us when we become bodiless thought forms.

Those behind "The System" have kept a record of their His-story. They know that their civilisations are apocalyptic by design, that their frauds cannot survive and must eventually collapse so they are always preparing for change, for the collapse of the old system and the ushering in of the new. Hence the image of the phoenix rising and burning, the symbol of the collapse of the old world of curses and the rebirth of the new.

The "Good Guys" of "The System" who come out with remedies to the harm of "The System" are there to counteract the distortion of the harm doing of the "Bad Guys", to keep the power going, to play "The System" game as long as possible before its inevitable collapse. They are the inbuilt damage control,

gaining a little more time before the end of the game, bridging the old world to the new. Again, most involved probably do not know what they are really part of or the significance of the training they put into practise.

Mirror Of LOVE

Our way out of "The System" and the way to stand up to those of "The System", is to no longer accept their curses and to put up shields and mirrors that bounce the curses back to their makers. If they choose to send out their curses, the impure and insincere thoughts, feelings and actions that cause harm to men, women and children, that is their choice but we do not have to accept them. Their curses, which are in the claims they make on and about us, are

the one thing that terrify them. We get caught when we also make claims and battle over whether the claims they make are true or false. Our intention is to redirect their curses back to them and all involved in their world so that we do not have to suffer under them. See the letter below, written to John Ovenstone of the SDRO, where we talk about the curses, giving no way out but to act with purity and sincerity, taking full responsibility for actions. It was written in a rush, on spur-of-the-moment inspiration, but we feel this is the way to go.

Anyone who has impure and insincere thoughts, feelings and actions about us or towards us and our children, past, present or future, whether they are of "The System" or not, be they conscious or not, will instantly receive the curses of their making back to them because we will not accept them. We wish no harm to anyone but will not accept harm in any form, sound or act sent to us. It is only gifts of LIFE, all the virtues of LOVE, that are free from curses, and the thoughts, feelings and actions of those who are pure and sincere.

The point of this is to get the makers of the curses to suck back their curses so that they are no longer doing harm and they are either burnt up by their own curses, even swallowed up as part of Earth's fever, or they stop the harm and start creating acts of love to co-create LIFE with LIFE. While the cursed are amongst us, they will continue to curse until we take on the responsibility to stop them doing it and this is a non violent way of getting them to take FULL responsibility for the harm they are causing. This is not about doing harm to anyone; it is about getting those doing the harm to take FULL responsibility for it. This is also how we free the land without the need for commerce. When we no longer accept the claims and offers of "The System" we withdraw from "The System" and go back to nature. Don't think this doesn't work - they pound us with twenty years of "education", constant advertising mantras, religious dogma, politics, fear, fear, fear, war, war, war, chaos, chaos, chaos, lies, lies, lies, fraud, fraud, fraud, etc, because they know that what we think is what we create. If we put our LIFE-energy into this, we will create it. We feel this was the action taken by the Great Man and our ancestors of long ago, inspiring the people to cause the collapse of Rome by getting the senators and their wives to flee, the centurions to flee, the soldiers to flee, the administrators to flee and the white collars to flee.

The letter below is an example of how the mirror of love can be applied.

This is not something to be taken lightly but the more we do this, working together, the sooner we get rid of this ancient problem once and for all.

All Curses Are Demons

The Mirror Of Love Incinerates ALL Demons

We encourage everyone to use the mirror of love when dealing with claims (all belief, faith & associated opinion) offered by clergy, aristocracy, royalty, police, military, law enforcers, lawyers, barristers, judges, magistrates, politicians, government agents, employees, contractors, public servants, bureaucrats, experts, educators, scientists, Freemasons/Satanists, fines, penalties, mortgages, debts, invoices, statements, registrations, tolls, titles, certificates, etc,

etc.

The key is in being clear and certain of your INTENT. Together, we make the mirror all pervasive, giving no way out but the way of love. There must be no back door, no afterthoughts nor regrets or doubts. You do not want the curses staying with you. "The System" is ONLY a system of curses designed by those who want all the power and control over others and are determined to maintain their higher standing, but do not want to take responsibility for their curses. So they get us to make the claims on their curses of money, commerce, belief, faith and all associated opinions, so that we accept the curses instead of bouncing them back to their makers.

All the harm in "The System" is being done by those who have accepted the curses, the cursed, and are acting them out, slaves to the curses. It is the slaves who have taken on the responsibility of processing the curses. The burning in the images here is the destruction of consciousness by all the lies, fraud, deception and harm. When the curses are not accepted and bounce back to their maker, they also bounce back at everyone else connected to "The System" because all those behind "The System" are connected in maintaining and perpetuating the fraud and the harm of "The System", as well as affecting their families and loved ones, who are usually past players of "The System" or being groomed to take over the power positions of "The System". They themselves are putting the curses onto their descendants because, if the curses do not come back directly to them, they will come back to those that come after. They do not see that nobody wins because they are becoming lost to LIFE and, once lost, can never be LIFE again. This is hell, where the cursed are.

Does this sound harsh? Does it sound like the sort of thing they would do? Well, we are not creating any curses, just refusing to accept the curses they send to us. There is a way out; all they have to do is to stop sending out the curses, stop the harm, the lying, the fraud, the belief in higher standings and power over others and to start thinking and feeling pure and sincere thoughts and feelings and creating gifts of LIFE. Then no harm will be done to them. The remedy, as always, is LOVE, co-creating Kindoms, Do No Harm Communities where we all serve each other and nature with our Gifts of LIFE, created for the benefit of ALL of LIFE, with no one making claims over anybody and with everything being done with pure and sincere intention. Kindom is all about withdrawing our support to any form of harm doing.

For an example of how to spot the fraud of "The System", which are the curses of harm doing, see this Facebook discussion: **Turning Away From "The System" - Unravelling The Lies - 25th January to 2nd February 2011** <http://loveforlife.com.au/content/11/01/30/who-are-we-what-are-we-part-a...> - The truth wipes out ALL belief, faith and associated opinions, showing them up as the false flags (curses) they are. This discussion started over the word "ecclesiastical" but also applies to all arguments based on belief, faith and associated opinions, including all religion, law, politics, new age, philosophy, etc.

There is not ONE construct (CON-struct) of "The System" that can be backed up by those who worship it because ALL constructs of "The System" exist nowhere but as fantasy, illusion and delusion between the ears - they are ideas without LIFE, DEMONS, that we must support and maintain, enslaving our lives in the process. They are FRAUDULENT and, if we are to escape "The System", we must be vigilant in routing out all the fraud. It is vital that we all scrutinise thoroughly ALL the information we come across rather than just accepting that which fits our belief system. We always go where the truth takes us and this is what we ALL have to do if we are pure and sincere in our intent to co-create a world of peace, freedom, abundance, joy and Do No Harm for all.

In "The System" world of the cursed that is commerce there are no winners because those who think they are winners are cursed and their families and descendants are cursed. The impact they leave in terms of harm is phenomenal because they won't take responsibility for any of it. The cursed do not know how to take responsibility for the harm they cause because, if they did, they would stop the harm and, therefore, stop the curses. Hardly any one across Earth is not cursed because nearly all of us are caught up in the current of curses that is commerce. Most of those reacting to the harm and seeking remedy to the harm are still cursed because they are following the beliefs and faiths of "The System" that are curses. They are looking to curses to find a remedy to the curses. It is easy to see if you are cursed or not; look at your life - the harm that we do to nature and the endless destruction to LIFE, shows us clearly that we are very far from living lives of Do No Harm and are cursed. The only

way to shake off the curses is to stop doing harm. If our generation does not shake off the curses then our children are burdened with the curses we pass on to them.

In Regards To Correspondence Dated 23rd September 2010:
SDRO Reference Number: 282003038 & 268490700

All information provided in this 9 page facsimile has been performed while under duress, threat of intimidation and fear of harm, rape, pillage and plunder to loved ones not party to or involved in this matter.

The words MAN, man, men, woman, women, child, children, family, loved ones or Kin refers to living sentient men, women and children whose flesh lives and whose blood flows.

The information provided in this 9 page facsimile is not an acceptance of slave status to, or under-the-standing of, any other man, woman, child, person, strawman, agent-in-commerce, citizen, member, man or woman performing under title, brethren, brotherhood, sisterhood, cult, sect, fraternity, sorority, society, club, coven, Queen, King, Governor General, State Governor, ambassador, minister, authority, agent, employee, contractor, judge, barrister, lawyer, prosecutor, attorney, magistrate, commissioner, stockholder, investor, officer, bailiff, sheriff, representative of any corporation, private or not, limited or not, foundation, trust, cestui que trusts, bond, lien, including but not limited to The Crown, any governments, federal, state, local or international, or any agency, nation, country, republic, principality, territory, state, province, community, society, tribe, village, department, church, or any other entity, corporeal or not, unlimited to time or space, that claims power, energy, LIFE, current(cy), currency, commerce, payment, charge, bill, invoice, statement, debt, bondage, slave-status, exclusivity, privilege, status or higher standing over this living MAN of living flesh and flowing blood, the Creator.

This living MAN makes no claims but others – see above – are making claims of currentcy on this MAN and his loved ones that only cause harm to this MAN and his loved ones, claiming the current of energy, current(cy), currency, currentcy, the performance to exhaust LIFE energy for those who benefit, hereafter referred to as "currentcy". This is involuntary servitude, otherwise known as slavery, is harm. This MAN does not give his consent for him or his loved ones to be forced into slavery. Anyone making such claims against men, women and children is a slave master or represents slave masters.

Who takes FULL responsibility for the claims of currentcy, for the harm being done to this MAN and his loved ones? Who is making the claim that they are this MAN's slave master? There must be a living, sentient, MAN or WOMAN or

group of men and women of living flesh and flowing blood, responsible for the harm already done, being done, the threat of harm to be done, for the claims being made over this MAN and for attempting to force this MAN into involuntary servitude. Only a man, woman or group of men and women can be responsible for making these claims and enforcing them; a piece of paper cannot be responsible, neither can a fictional entity such as the State Debt Recovery Office or anything that does not live, does not have flesh that lives and blood that flows.

The actions for this claim of currentcy made by those representing the State Debt Recovery Office show clearly that there is an agenda of harm to this MAN and his loved ones. Do you, John Ovenstone, take FULL responsibility for the harm being done to this MAN and his loved ones? If you do not take FULL responsibility, please provide the name and contact details of the living MAN or WOMAN or group of men and women of living flesh and flowing blood who is/are responsible, who back/s the claim, who is/are engaging in the charge of current(cy) and who is/are attempting to force this MAN into involuntary servitude.

If this MAN is not provided, within seven 7 days from 3rd December 2010, with the full name and full contact details of the MAN or WOMAN or group of men and women of living flesh and flowing blood who take/s FULL responsibility for the harm being done to this MAN and his loved ones, it shall be taken that this action is null and void and that all future actions to claim current(cy) or currency are null and void and holden for naught because there is no living Man or Woman or group of men and women of living flesh and flowing blood to back the claim/s.

Forcing MAN into performing currency for the State or any entity, corporeal or not, that attempts to bind men and women to performing in currentcy, at any level, is involuntary servitude, SLAVERY, and those men and women involved in attempting to bind MAN into performing in currentcy are party to this matter. Anyone across, around, above or below the LIFE form Earth involved in this matter at any level, directly or indirectly, in an official capacity or not, including but not exclusive to all those already mentioned in this facsimile, is willingly and knowingly supporting slavery and determined to enforce slavery upon MAN.

If any more harm is done to this MAN and his loved ones and/or any more claims made against this MAN and his loved ones, it shall be taken that the MAN or WOMAN doing the harm or making the claim takes FULL responsibility for his/her actions and there is no letter, word, phrase, sentence, paragraph, chapter, book, act, statute, bill, law, language, legalese, current(cy), spell or curse or any other form or sound of any language that he/she can use to escape his/her FULL responsibility for the harm caused and the claims being made.

As this MAN makes no claim, the spells of those making, supporting and benefiting from the claims for currentcy are curses and will immediately return to the cursers and their loved ones as curses, as well as to those party to and involved in the current of the spells of the curses and their loved ones, as curses and there the curses will remain, burn and intensify without restriction or condition until the

cursers have fulfilled their responsibility to make whole and heal the damage done to this MAN, the Creator, and his loved ones, which is all of LIFE, men, women, children, nature, Earth.

The Satanic Significance Of Numbers

The "coincidences" of the dates of significant events discussed in the video below this article are so staggering that you begin to laugh, even though the dates are ones of public, ritual sacrifices of men, women and children, not to mention destruction to nature. Anyone who had any doubt that the Satanists are totally obsessed with numbers, particularly the number 11, needs to see this video. EVERY public Satanic ritual, whether the murders of JFK (see below) and Diana Spencer or events such as 9/11, Waco, the Oklahoma Bombing and the Gulf Oil crisis, is carefully orchestrated to happen on dates that have occultic and esoteric meaning for the Satanists. They really do think this, "The System", is THEIR world and that they have the right to do with it what they please. Even the alphabet languages we use to communicate are theirs and are all based on mathematics, which is how they have made them so full of codes, the English language in particular having several layers of meaning, one for the ordinary folk and others for those at various levels of initiation. The Satanic deception is beyond most peoples comprehension. Their symbols are staring at us no matter which way we turn, but most don't see them for what they really are.

Through their Satanic brainwashing centers, the people are not taught the meaning of each Satanic letter forming the English language. Thanks to a genius who came into our lives during 2005, sharing many of his clues, we have been writing and posting many articles about this Satanic deception in the Love For Life website: <http://loveforlife.com.au/node/3385>. Presently, these Satanic letters saturate the thoughts of MAN & MANS Earth. There is almost nowhere where they are not! The priests behind the black-magic "craft" and "practise" of creating English called it the "New World Language"!!!! = New World Order = The "Oneness" Glue where drones willingly bind their LIFE to "One World Government", "One World Currency", "One World Law", "One World Education", etc. We are thinking, listening, singing and talking our lives into entering the next phase of our continued enslavement to "The System". Our indoctrination into English has us place the information of "The System" on top of whatever information the LIFE forms of LIFE are trying to tell us with the result that we become cut off from LIFE that is who we really are, and firmly hooked into the Satanic system. We have written a lot about this, see: <http://loveforlife.com.au/node/3385>

We have also said that Prince William is the Anti-Christ (the King and Ruler over numbers), and, when you look at the significance of the date set for his wedding, this is confirmed. Prince William has also given Kate Middleton, his fiancé, Diana Spencer's ring. What is the significance of giving Kate the ring of one who was ritually sacrificed?

A World Of Numbers

The mathematical grid system (see articles: <http://loveforlife.com.au/node/7514> - <http://loveforlife.com.au/node/7597> - <http://loveforlife.com.au/node/7805>) constructs their world and out of it comes their religion, their God of Chaos, their commerce, the business, their government and everything that makes up their DEAD world, Hell. At the heart of the living world is consciousness, living DNA, LIFE. When you strip back the layers, the Satanic world is all about numbers and their connections to rules and division (divide and rule - compass & square). There is no LIFE. Why do we have Rulers ("worship-full masters" of numbers) to lead us? In LIFE, the presence of LIFE is always present. In the Satanic world, there is no LIFE present; all there are is numbers and rules. Instead of the consciousness of the living creator, they have demons which come

out of their "after-LIFE", which is where they go as bodiless thought forms as they cannot be consciousness as they have severed their connections to LIFE. The after-LIFE represents going to HELL because they are no longer LIFE. All the Satanic religions are based on enduring hardship and suffering on Earth before going to the after-LIFE, to Heaven. But it isn't really Heaven, it is Hell.

The mathematical grid system is the beast which is a copy of the living creator, as everything of their world is a copy of the living dream. As a metaphor, imagine LIFE as a bubble. The living creator thought out everything of the dream of LIFE in great detail, held it all in focus and then filled the dream with the LIFE, the energy, of the living creator. There in the bubble is the living creator, MAN, nature/Earth, including the celestial bodies. Just as the presence of the living creator is present in MAN, so it is throughout LIFE. The presence of the living creator is consciousness which is the information of all the thoughts of LIFE thought out and given LIFE by the living creator. This is why nature is the living Song of LIFE. For Satanists, the Bible is their living word which is fraud because there is no presence of the LIFE of the living creator present in the Bible which is all based on numbers. In the Hell of Satanism, there is no LIFE of the living creator present. The Founding Father of the Satanic world, "The Grand Architect, Satan, could not work with LIFE to create his world because then he would have been co-creating with LIFE as LIFE, so he had to take the living and alter it by removing the LIFE out of LIFE to make his anti-LIFE world.

Anti-LIFE = Anti-Christ

LIFE = Living Creator as LIFE.

Satanists do not have the power of creation that all LIFE forms of LIFE have (the LIFE of the Living Creator is present) so their Satanic rituals are performed to generate the energy of chaos through fear, trauma, fantasy, illusion and delusion, thereby feeding the demons of the Satanic world. MAN is taught to manufacture demons that possess MAN and these demons are offered up as sacrifices through abuse, torture and murder. By supporting "The System", we are the ones causing the sacrifices and the suffering, making the offerings to the beast that is the God of chaos of the Satanists.

Numbers, Numbers Everywhere

Christmas day, Easter day, birthdays, birth certificates, death certificates, drivers licences, registrations, certificates, permits, titles, passports and bank accounts, etc, etc, are all about numbers. We save numbers, buy food and houses with numbers and buy insurance that is all about numbers with numbers. The Rule of Law is all about numbers; numbers of statutes and laws passed on certain dates, commercial penalties as in fines, punishment by numbers as in days and years in jail. Engineering, science and the education system is all about numbers. We go to school for a number of years, we need so many marks to pass our exams, so many points to be certified. We fight over numbers and our negative, destructive emotions come out of numbers. We sleep by numbers, eat by numbers, socialise by numbers, go to work by numbers and retire by numbers. We watch sport by numbers, gamble by numbers, establish status by numbers and invest by numbers.

We are ruled by statistics and live our lives through the numbers of the days of the week, the months of the year and the years. Astrology, astronomy, and His-story are all about numbers. The Bible, the Koran, the Gita, the Talmud and the Torah are all based on numbers. All languages are numbers and every meaning is based on numbers. Jews, Christians, Muslims, Buddhists and all believers of all other religions have all been deceived into worshipping the God of chaos, the God of numbers and the demons that appear in the form of Angels and apparitions. We are conquered and dominated by numbers throughout our lives and we suck LIFE out of LIFE as we worship numbers. We see people and trees as numbers, we deal with nature by numbers and races, creeds and cultures are based on numbers. Through numbers we divide up and break and carve, sucking the LIFE out of LIFE as we do so. We all know there is something wrong with the world but we don't realise that we are all committing spiritual suicide by forgetting who we really are, what we are really part of and our true purpose. There is no where in "The System" that numbers are not.

The Numbers Of Hell

They all lock into the mathematical grid system that is the God of hell and everything to do with numbers is Satanic - including the self fulfilling prophecies of 2012, etc. All prophecies are based on numbers and they become SELF-fulfilling as we think and give LIFE through worship of their numbers, We are all suffering over numbers. Prince William is going to be the King of Numbers ruling over numbers. The numbers of "The System" are the distortion of "The System".

We were once all tribes living in nature without numbers. There was no one tree or two trees, only trees amongst trees. We communicated through consciousness which is feelings. Then the invading armies arrived and, after killing many and traumatising the rest, they brought in their numbers and taught us to talk through numbers and worship them.

In LIFE, there are no numbers, no geometry, no measurement. Where the presence of LIFE is present, there is nowhere where the sacredness of the living dream is not; the whole of the bubble is sacred but the Satanists carve it all up by dividing everything into numbers. The Priests and other clergy reinforce this and behind all churches is Satanism because significant church dates are ones where they can get millions to think thoughts that feed energy into the mathematical grid system of the Satanic world.

The Numerical Claims Of The Bible Believers

There is a God's law but that God is your father. Where is the God, the father, to back the claims of those who believe in the Biblical God? There is no presence of the Biblical God, our father, present amongst us. Those who believe there is are just making it up, add hock, or performing as a repeater of other men and womens thoughts! AND, as they are their "claims" - they have been claimed!

To most, God represents (means) God over there and us over here. This is duality. To believe in anything is to forsake the living creator that we co-creators really are, here & now. Do you have to believe in the tree for the LIFE of the tree to exist? Of course not, the presence of LIFE is already present as the tree regardless of whether you believe in the tree or not. Same with living creator.

As we all do until we are fully awoken, people continue getting sucked into "The Pull Of Duality Into False Consciousness", (see: Awakening To Paradise: <http://loveforlife.com.au/node/7805>) which is what happens when we place belief, faith and opinion over what already has the presence of LIFE and is present to all of us. If the living-creator removed its LIFE out of the bubble the dream of LIFE will die. Living-creator has never abandoned us (LIFE) because we are that LIFE, we are all present to LIFE.

So why do we need to believe in or have faith in or have opinions about what is already PRESENT amongst us and always has the PRESENCE of LIFE amongst us? LIVING CREATOR WE ARE but we can't own LIVING CREATOR which we do when we start believing in, having faith in and having opinions about a GOD. These are claims and when we make such claims, we are still under the jurisdiction of the Satanists because what we are claiming is their intellectual property = "The Pull Of Duality Into False Consciousness" =- this false consciousness is the Satanic worlds intellectual property.

We are no longer being Present to the Presence of the LIFE of the living-creator that we really are here & now. We have fallen from consciousness into a dualistic "state" of unconsciousness. We are telling the Satanists that their God, their father, is going to be our father because we are not taking responsibility for LIFE as living creators. We are telling them that we are still children, wards of their "state" (state of unconsciousness = hell).

The Gods Law many "claim" through their alphabet languages is their God, their founding father, SATAN, the Grand Architect's law. Through their claim of GOD, their FATHER, they have been claimed by their FATHER, SATAN, to be his children.

SATAN, their GUARDIAN, with SATAN'S GUARDIAN-ANGELS,*** now looks over them from above (outside consciousness/paradise/reality/LIFE).

*** guard angels - guard-i-an angels that keep you (i) imprisoned in hell.

They are there to stop you from escaping hell because they do not want to lose their grip over you.

They will continue to manipulate you into making your claims so that they can claim you (possess you - their demons possess you - possession = posseSION/ZION).

God, our Father, sent forth his Son "in the flesh" to continue making the claims so that the people would continue to "flock" to him, to be his flock. This can only be done through demonology because the Son is a Demon who has to possess the claimer of the claim of being the Son of God, the Father. The presence of the living creator is not present amongst the Father, the Son or any member of the Satanic Order. The truth be told, the living creator is androgynous, Earth/nature is androgynous and we, men and women are androgynous.

Note: There was a great MAN who lived and helped to bring down the Roman Empire but he was NOT the Jesus of the Bible. The Satanists could not pretend that he never existed because the impact he had was too great so they twisted the story of what he did to suit their agenda and, by talking about his "miracles" they made him seem superior, able to perform feats "ordinary" men and women could not. They turned him into a pied piper leading the flocks to (a supply line feeding) Hell, to his FATHER. Again, all of this is based on numbers.

Those Behind The Numbers - Hiding From The Numbers

Who is responsible for this world of numbers? The masters of the world of numbers are right before us in their positions as the head clergy, the politicians, the judiciary, the ambassadors, etc. Most of them have been to Jesuit colleges and other elite schools of "excellence" where they have been trained in the art of numbers, whether their career is that of a lawyer, a financier or a Bishop. Behind them are the key figures of "The System" who do not operate in public; they always hide behind cultures, races and creeds and they are the High Priests of numbers, stirring their cauldrons full of spells of numbers.

The spells that they brew, devoid of love and LIFE, are actually curses being sent out into the world. A curse will always return to the maker but those behind "The System" try to deflect the curses of their making so they will not feel/experience the effects of them. They do it by trying to pass them onto animals, hence the ritual of sacrificing animals, but, as LIFE is all there is, the curses cannot disappear and so, through the animal whose body is put into the soil, they end up in Earth which is LIFE which is all of us. Even if the bodies are burnt, the moisture that evaporates and the ashes that are left are absorbed into Earth. Ritual sacrifices of animals and men, women and children are still used for this purpose, usually underground but still out in the open in some places - women are still publicly stoned to death in some countries.

A more modern method is to deflect their curses into money, as in current = currency. Ever wondered why money causes so much trouble? And why those at the top of the ladder NEVER handle money, i.e. Pope, Cardinal, Archbishop, King, Queen, etc. - they leave that to their minions. We were told that Voodoo witch doctors have many jars on shelves to "catch" their curses when they return. This is also why the Jews have been set up as scapegoats - those at the top are trying to get the curses to go to the Jews, which is why the Jews have been allowed to do so well in banking, politics, entertainment, business, etc. Even the Rothschilds are being used - they are having to handle the cursed money.

Those who do this are not conscious - they think they can deflect the curses that they send out to maintain their and their descendants power and control but they haven't learned from the mistakes of their ancestors. They do not realise that their "curses" & "spells" cannot escape LIFE - LIFE is all there is. There is no after-LIFE, only consciousness. Those who have severed their links to LIFE, to consciousness, are lost when their physical bodies "die" and can only become thought forms without LIFE, often referred to as demons.

"The System" is all about having power over others but to do this, they have to commit fraud which means that their thoughts are impure, insincere and distorted, hence the curses. Behind "the System" are the old practised ways of alchemy.

Reap What You Sow

What those behind "The System" don't realise is that they cannot deflect the curses they send forth. The harm of these curses is building up and building up to the point where Earth is beginning to have a fever, just as the body has a fever to rid itself of toxins, viruses, etc. We have all noticed the "natural disasters" increasing in frequency and strength - this is just the beginning. The big event is now around the corner. When Earth (LIFE) has really had enough, even the underground bunkers will not protect those who have harmed and seek only to harm others. In their numbers their curses will return to them 1000 fold. There is nowhere they can escape from their rebounding curses. The love we give to LIFE bounces off all the celestial bodies of LIFE and back to every LIFE form of LIFE to be felt by all of LIFE. Curses cannot bounce off LIFE as they are not of LIFE, so they can only return to the maker or, at worst be absorbed into the depths of Earth until Earth cannot absorb any more.

Across all recorded HIS-STORY, the brainwashed people have been conned to believe that they are on a journey heading from somewhere to somewhere and that everyone is just a tiny aspect of a universe at the effects of greater forces than them. This is the basis of all duality which is a lie - duality does not exist. We just pretend it does because we have been told it does, and we have been told it does because this is how those behind "The System" maintain their power over our brains. For more on this, see here:

The Number Power Gripping The People With Trauma

*Watch this video to see how Jackie Kennedy publicly sacrifices John F. Kennedy. Her left hand grabs JFK's folded left arm and pushes it into his chest for stability and leverage while she leans in with her right hand holding the gun firmly behind the left side of his head. She then fires the fatal shot upwards with bullet exiting towards the front right side of his head. She then leans back after the release of the gun shot, quickly putting the gun into something like a bag or into a hole in the back seat or she may have just dropped the gun to the back of the seat behind John's leaning body. [6.](#) - the gun in her hand

Here is clear evidence of a brain controlled woman (probably a Priestess of the Snake) carrying out a ritual sacrifice in public. It looks as though she is "triggered" by the man in front of Kennedy, Texas Governor John Connally. This is how the real power players behind the Freemasonic/Satanic Church operate. Our enemies are not Mossad or the CIA, but those behind the Roman Cult, the Jesuits, the Roman Catholic Church, the Anglican Church Of England and "The Crown" of Britain, etc. These people are messing with all of our lives. They have no conscience and kill their own if necessary for the game plan to continue. When will people realise just how insane and deranged these people are? But, of course, these things only happen in Hollywood movies, don't they? Just as priests and priestesses used to be involved in the sacrificing of lambs at the alter, so the High Priests and Priestesses today are involved in the sacrifice of men, women and children both in public and in private.

Note also the picture of Congressman Albert Thomas winking at Vice President Lyndon Johnson. Johnson's wife also looks smug with only Jackie Kennedy appearing distraught. The organisation of such an event is massive and must have taken extensive planning. Who has the power to orchestrate such an event utilising such a vast network of manpower? We say only those at the highest levels of the Freemasonic/Satanic Church.

Sow The Seeds For The World You Want

The only way to transmute all this impure and insincere energy is through love and, through love, turning away from "The System" that is the source of all the curses. To get rid of cancer, you have to get rid of cancer. To get rid of the curses of "The System", we have to get rid of "The System" and that means goodbye to all forms of fraud, .i.e. race, culture, creed, all esoterics & occults, commerce including insurance, all beliefs, faiths, opinions, all fantasies, illusions and delusions, all negative-destructive thoughts and emotions, including secrets, lies, deception, collusion. greed, selfishness, power and control trips, and stop doing all forms of harm to men, women, children, nature, earth, etc. Time to co-create Kindoms, Do No Harm Communities where everyone lives whole lives as gifts for LIFE.

The Order Of Numbers

We feel the real power positions of the freemasonic world that controls the Satanic world of numbers. There are many priests and members of Freemasonic orders who are good people and know nothing about the big picture of the Satanic world and how it operates. Below we give an idea of who are pulling the shots and how.

How to rout out the manipulators of "The System"? They will never admit that they want to replace this version of "The System" with another because that would be admitting that they want to continue the harm. So they remain silent or deflect the question. However, as the new version of "The System" will be based on numbers just as much as the current version, anyone wishing for another system is wishing for the continuation of hell and a world ruled by numbers and the worship of numbers. All the esoterics and occults have unfolded as a means to deflect the curses of their making.

There are tens of thousands of manipulators, coagitators, change-agents, etc, out there, many operating as "Good Guys", entering discussion groups, leading "movements", writing articles and books and fronting the disclosure of the sins of "The System", and they are all there to ensure the continuation of the world of numbers. The world of numbers is a business run by a Mafia, just with a side of occults and esoterics to try to deal with rebounding curses and to maintain their grip over the people who have given up their power, their LIFE. They point at the Mayan Calendar, Nibiru/Planet X, 2012, Age of Aquarius, the coming of their Messiah by numbers, and on it goes.

We have let them rule us by numbers for many, many generations and they are not easily going to give up the beast of Hell, their Biblical Golden Age, their Christianised, feel good (feel God), cosmic-galactic "Oneness" glue, the continuation of their power by numbers. They are all bound to the beast of Hell, worshipping the God of Chaos.

Who Is The Power Behind The Fiction? Catholics/Anglicans Different Sides Of The Same Coin?

In the fiction, not disregarding Cardinal George Pell, it appears that the most powerful figures on the land are the Australian ambassador (to the "**Holy See**") for the Roman Catholic Church, Tim Fisher & the Australian representative for the Archbishop of Canterbury & Church Of England, Primate, and Dr Phillip Aspinall, Archbishop of Brisbane. They tie in with "The Crown". You should be directing ALL YOUR ENERGY TOWARDS THEM without relent. (In the scheme of Ecclesiastical Masonry/Satanism, let's not forget the ongoing standings of Malcolm Fraser, John Howard, Bob Hawke, Gough Whitlam & possibly Paul Keating)

The facade has to be broken down so you can make them accountable for all the chaos and harm men, women and children have experienced renting "The System" thus far. "The System" is a manufactured product of **theirs** and it is performing terribly on this land. "The System" we have all been renting is **THEIR** "system", **their** product, and it is faulty. Its performance is dreadful!

Does the birth certificate come with a lifetime warranty?

Who "Sees" MAN?

It appears "The Crown" and its representatives ONLY have an interest with the agent-in-commerce, the person, the strawman because they are agents-in-commerce of "The System". It appears "The Crown" has the contract to perform in the commerce of "The System". The representatives of "The Crown" don't **SEE** living MAN, the flesh lives, the blood flows, because they do not have an interest in MAN. This is why judges, barristers, etc, do not recognise MAN, only the agent-in-commerce. The representative of the Roman Catholic Church and the Anglican Church will **see** MAN because they claim to have power over MAN and the LAND of MAN. **Their** bible (manifesto) says so.

If the manufacturer of your new car provided a dud you would take up the issue via **their** agent-in-commerce, the car dealer you acquired it from, who would take it up with the manufacturer or at least the supplier who imported the car on behalf of the manufacturer. No point taking up issue about the dreadful performance of "The System" with politicians or members of the BAR because they can't do anything. They are all under ORDERS from their superiors. They all follow the guidelines of their appointment as agents-in-commerce for "The Crown". They can't operate outside their agencies commission. This is why it is no good taking issues about harm to MAN on the land to representatives of "The Crown". They can't help you because they do not **see** you. The Attorney General won't **see** you because his job is to not **see** you.

Best to go straight to the re-representatives of **their** GOD of "The System", the manufacturer whose product is performing poorly on this LAND. It is **their** God who sold the commercial rights to an agency called "The Crown". "The Crown" is the agent-in-commerce given permission to perform commerce on **their** God's land but "The Crown" has no rights over land or MAN on the land. In their belief, ONLY **their** God has that exclusive right. "The Crown" ONLY has jurisdiction over the intellectual property of "The System" that they rent out to **their** users (slaves) to perform with.

The Attorney General does not have the power you **seek**. No government minister, state or federal has the power either. Same with all judges, magi-strates, commissioners and all law enforcers, they are all AGENTS-in-commerce re-presenting "The Crowns" intellectual property, commerce. They are all the RE-PRESENTATIVES of those who ACT as RE-PRESENTATIVES of God, **THEIR** Founding Father, the inventor of **THEIR** product "The System".

"The Crown" Of Commerce

In the fiction, it seems "The Crown" can ONLY operate on water (intellectual property - thoughts/ideas that MAN thinks and performs with, copyrighted) and not on land. "The Crown" is the agent-in-commerce re-presenting **their** God, the author and manufacturer of "The System". "The Crown" takes care of **their** God's commerce side of things, which is a manufactured product rented to **their** agents-in-commerce, the "persons", who are ALL contracted to "The Crown". It also seems that a percentage of the royalty payments collected by "The Crown" from all its renters (agents-in-commerce) is paid to **their** God, **their** Founding Father's re-representatives, for the agency agreement they have in commerce with **their** God.

In the fiction, it seems the ONLY ones with the authority who have the power to deal with issues of land and MAN on the land are the Australian ambassador for the Roman Catholic Church, Cardinal Pell, the Australian representative for

the Archbishop of Canterbury & Church Of England and the Anglican ambassador. The re-presentatives of Church admit Church is a business.

What is perplexing is the role of the Governor General and the State Governors... the UK Privy Council claims the Queen does not appoint them which indicates that the Prime Minister and other ministers and lackeys around them & the Premiers & other ministers and lackeys of each "State" (e-state) appoint them. So lets note the word "Minister" - a minister is traditionally recognised as being a religious figure over**see**ing a flock. So this indicates that the higher levels of the Freemasonic world controlled by the powerful clergy are in charge of these appointments. They over**see** (**see** and **sea**) **their** flock. Freemasonry and Christianity have a very strong connection going way way back with many ministers previously also being Freemasons, as well as members of the Bar. Many books written in the 19th and early 20th century talk about this.

Freemasons Everywhere

When you look at the regalia of the Royal Family and the higher levels of clergy and the way members of the bar dress to perform their roles, there is a very strong presence of Freemasonic symbols. What they are showing us, in the fiction, is the thread of TRUE power that crosses through the Royal Family, the clergy, the legal system, the government and ministers. This thread is the "OTHER" religion of those at the top, Satanism. We say that this Satanic cult is headed by Levite Priests (the High Priests of Ancient Egypt), is behind the highest levels of the freemasonic world and controls the Roman Cult, the Jesuits, the Roman Catholic Church, the Church of England and "The Crown" of Sion/Zion. The Freemasonic world, headed by the Levite Priests is the true power and the religion that they worship, hiding behind the fronts of Christianity, democracy, government, etc. It seems that this Satanic, ecclesiastical world is what is responsible for the appointments of the key figures, the ministers, etc. They control both the labour and liberal party, and all other parties, so they can control who gets where. Same with judges and the powerful clergy.

Going to all the public figureheads of "The System" is not going to solve our problems because they answer to higher masters or have other titles we have not addressed yet. Unless they are an insider and know exactly what is going on, we are best to go to the Ambassador of the Roman Catholic Church and the representative of the Archbishop of Canterbury, etc, to address the matter. The real issue is the Satanic religion that is in power. We have to address the real power. Citizens are under a Satanic Ecclesiastical Law, and democracy, civil law, admiralty law, etc, are just smoke and mirrors.

The letter e in the word **e**-state seems to indicate "**Ecclesiastical State**". So all **e**states (real estates) are **ecclesiastical**. Then you look at how lands are carved up into **parishes**!!! We now think the land-titles offices are controlled by the Satanic ecclesiastical church/religion as well.

To run an operation such as "The System" smoothly, there cannot be too many people with the full picture; most roles have information on a need-to-know basis, so it may be that the front figures, the ones the sheeple have been told are the "authorities" are actually Satanic priests/priestesses as well. Perhaps we need to be confronting them in these roles, but we need to comprehend the language of Satanism and the symbols to be able to confront them. If we address them as masons and Satanic priests, they will have to respond as such and, in these roles, they do actually have some power! And are morally obligated to speak the truth and perform accordingly - **their**religion (manifesto) says so.

Julia Gillard is almost certainly Eastern Order Star so, if we look into who is the head of the Eastern Order Star, we find out who is more powerful than Julia Gillard, who is in on the game. The lower orders, of course, have no idea. Same goes with the male orders too as well as in the Lions Club & Rotary, etc....

Behind The Smoke And Mirrors

We suggest that we stop looking at them as Roman Catholics, Protestants, Jesuits, Liberals, Labourites, Royal Aristocracy, Judges, Ministers, Governor Generals, State Governors, Ambassadors, Attorney Generals, Politicians, Chairmen, Stock Holders, CEOs, Directors, etc, etc, and start looking at them as cult members of Satanism with Freemasonic titles, and address them accordingly. They address each other that way, so should we to get their attention! Let's throw away the smoke and mirrors and realise that the bible is **their** bible and is the blueprint for "The System" **they** have manufactured and rent out as **their** product/s. Time to force them to recall all **their**faulty products, to stop buying/renting/using **their** services. We no longer need **their** services. Without **their** product being used in the marketplace they have nothing to service. Please read **The Creator's Standing** and **Awakening To Paradise**, links provided below. The latter clearly reveals that the Bible is a Satanic Instrument and explains the scam behind Duality, which has been used to CON the people since Ancient Egypt.

Satanists call Australia **their** "lucky country" and **their** "promised land". The new parliament house in Canberra with 4 pyramids on top of each other (see link below) tells us that Canberra is becoming or already has become the spiritual head office of the NWO and, that many of the NWO power players, the high-priests of black-magic, are moving here from overseas or have already relocated. Years ago, they looked at creating IS-RA-EL in Tasmania and then in the Northern Territory before finally settling on ACT land, many years later. The British Israelites are the Normans, the Vikings, the Aryan bloodlines of Canaan, one of the 13 black-magic sects/cults of Ancient Egypt. It seems that all tribes of Egypt were the same 13 lost tribes of Israel - they were all displaced after their ancestors burst the water canopy (the firmament now called atmosphere) enveloping Earth. This caused a 40 day & night deluge burying lands, valleys, mountains and civilisations and creating the oceans and seas (**see**) across Earth. It seems the lost Israelites are returning home to the original land of Ancient Egypt (pre pyramids, obelisks, temples, etc) where the tribe of their founding father once resided. Over the past 700 years or so, before they were decimated, many white skin, fair hair, blue/green /grey eyed tribes existed across this land. They were the Originies!

Love For Life

In the fiction, the Australian ambassador for the Roman Catholic Church & the Australian representative for the Archbishop of Canterbury & Church Of England have authority over earth & man while the Australian Governor General ,who is just an agent for "The Crown", has authority over commerce (intellectual proprietary knowledge copyrighted - right of copy - copyright). You must follow the path that leads back to **their** God. In the fiction, "The Crown" controls commerce while **their** God (The Grand Architect - Satan - **their** Founding Father) controls earth and all men, women & children (**their** God bible says so). If your land is divided up into parishes, you know who the correct authority is. Roman Canon Law / Ecclesiastical Law is **their** man-made law (power) over land & man. Ask the Amish why the Roman Catholic Church protects them. Thus far, as mentioned by someone who has done a lot of research into this subject, it seems there are three courts in all **their** courts. 1) civil, 2) admiralty, 3) Baal. Where "The Crown" is so is the Church, where the Church is so is "The Crown" across almost all lands of earth. The Church and "The Crown" operate under many guises; South America, Central America, North America, Europe, Africa, Asia, Asia Minor, Oceania.

Their English thesaurus provides many clues.....

Scrap Notes To Contemplate On

By Arthur & Fiona Cristian

Love For Life

Currentcy - Current-cy - Currency

The river (stream of current = currentcy = current-cy = currency of money - the cursed that is the dead sea that runs) is controlled by "The Crown" but the bank (river bank) is on higher ground than the river of sinners (the dead they sea/see) that flows on past them through hell. Everything to do with money is a curse and the curse of money pulls us into "ownership", whether of land, animals or material possessions, of our body, thoughts, beliefs or opinions, into the "me, me, me, me, I, I, I, mine, mine, mine".

Holy See

And then there is the Holy See/sea - the sanctuary for the sinners - the saviour of sinners (the cursed) - why sinners repent = con-fess to the holy see who sees their curses.

Many go to the Pope begging for Pardon from the curses (sins) they see/sea. etc etc etc -----

It is all about curses and the return of their curses is the only thing that terrifies them.

The Holy Sea (See) is the ocean of the dead see/sea, the dead of "The System".

The Holy See (Sea), the Pope, looks over the sea of the cursed to make sure that all the curses are directed at the cursed and not deflecting back to the curse makers. The Pope is the public chief administrator of the cursed.

Those behind "The System" have knowingly created a dead world through their curses and then they have to deal with the curses they have used to create the dead world. They don't see MAN because they do not want to deal with the curses. Magistrates, lawyers, etc, may not know about the curses but they are trained to deal with us in such a way that they don't see MAN. They will see us, however, when we no longer accept their curses and bounce them back!

Clergy

The judges go to the higher power to be blessed for the new law season (season as in see/sea --sea-son -- son as in their satanic son of god)

The Queen is crowned by the higher power, the church. The coro-nation (coronation)

The clergy is the higher power behind the satanic world that rules over man.

The Red Mass

The red mass - a bloody massacre. The massacre of MAN - The destruction of LIFE/MAN - Based on their recorded history, they have spent the past thousand years massacring MAN, all the tribes, villages & communities of MAN on land (EARTH/LIFE) - they murdered over a billion of MAN - they raped, pillaged and plundered almost all of the tribes of MAN, traumatising those who were left and then bringing in the curses of "The System" and teaching those who were left to accept and become enslaved to their curses, to their dead world. Across Earth and in the mega millions, they are still massacring MAN. The blood of massacred MAN is dripping into Earth constantly and lets not forget all the sexual abuse and ritual sacrifices of babies, children, teenagers, adults and flesh and blood creatures, going on

moment by moment. The Red Mass is Bloody. The Red Mass is the flow of blood from the death of LIFE symbolised by the Satanic crucifixion of their demon saviour Je-zues Christ, the son of God (Satan). The Crucifixion of MAN re-presents both the gluttony of gorging in the red mass of MAN's death and their reverence of the act of crucifixion and of their Je-zeus. So much for love. As if the creator of all love would accept and expect this!!!!

Perhaps we should print the document in blood red on birds egg blue paper, sealed with our blood?

Religion is all about dealing with the cursed, the sinners, because they have taken on all the curses through their claims of beliefs, faiths and associated opinions.

Limited Liability Insurance

This was a comment posted to a private mail group a few weeks ago..

The limited liability insurance has to be backed by the high-priests who are behind the Church Of England/"The Crown"/Roman Catholic Church, who control "The System". The research has to bind this fact up and then BINGO, we have got them by the balls. Then it will be either war as they try to force their standing over everyone or they just walk away into the night never to be seen again. It could be that the insurance service they have in place for their priesthoods is the same source of limited liability insurance provided for their judges, politicians, arseholes, etc..... There maybe many arms, each with different dead-corp names but they ALL come together under ONE international dead-corp fiction - Remember, THEY do not recognise borders, countries, etc.... this is the New World Order we are talking about - its commercial limited liability infrastructure has been in place since at least the early 1900's.

20th January 2011

Note: It seems limited liability indicates "protection from curses bouncing back at the cursers"!!!!!!!

The Land Titles Office & "The Crown"

"The Crown" doesn't see MAN on the LAND because it doesn't have anything to do with the bank. The Land Titles Office is all about surveys, maps and diagrams and the divisions of lots and plots but this is not the actual land. It is the intellectual property of boundaries that they are trying to superimpose over the land.

From Anonymous

I think this is the Corporation that insures the Government & it's agencies for liability & negligence... Maybe we need to lodge an Affidavit of Obligation against the offenders & list this Company as liable to cover their negligence etc...???

Holy

The word "holy" simply means "set apart for some purpose." The word ordo (order, in Latin) designated an established civil body or corporation with a hierarchy, and ordinatio meant legal incorporation into an ordo. In context, therefore, a Holy Order is simply a group with a hierarchy that is set apart for ministry in the Church.

[Link: wordiq.com/definition/Catholic_priest](http://wordiq.com/definition/Catholic_priest)

Episcopal concept of ordination

The episcopal (from the Greek episkopos, meaning "overseer" and from which we get the word "bishop") form of church government is followed by the Roman Catholic Church, the Orthodox Churches, and the Anglican Churches and centers around the hierarchy of bishops.

Meaning of priesthood

The word "priest" either derives ultimately from the Greek presbuteros meaning "elder" or the Latin praepositus meaning "superintendent." The Catholic church sees the priesthood as both a reflection of the ancient temple priesthood of the Jews and the person of Jesus. The liturgy of ordination recalls the Old Testament priesthood and the priesthood of Christ. In the words of St. Thomas Aquinas, "Christ is the source of all priesthood: the priest of the old law was a prefiguration of Christ, and the priest of the new law acts in the person of Christ" Summa Theologica III, 22, 4c (<http://www.newadvent.org/Summa/402204.htm>). See Presbyterorum Ordinis for the Second Vatican Council decree on the nature of the Catholic priesthood.

Process and sequence

The arrangement given above, "bishops, priests, and deacons" is in the reverse order of ordination. For Roman Catholics, it is typically in the last year of seminary training that a man will be ordained to the diaconate, called by Roman Catholics in recent times the "transitional diaconate" to distinguish men bound for priesthood from those who have entered the "permanent diaconate" and do not intend to seek further ordination. Deacons, whether transitional or permanent, are licensed to preach sermons, to perform baptisms, and to witness marriages, but to perform no other sacraments. They may assist at the Eucharist or the Mass, but are not the ministers of the Eucharist. Orthodox seminarians are typically tonsured as readers before entering seminary, and may later be made subdeacons or deacons; customs vary between seminaries and between Orthodox jurisdictions.

After six months or more as a transitional deacon a man will be ordained to the priesthood. Priests are able to preach, perform baptisms, witness marriages, hear confessions and give absolutions, anoint the sick, and celebrate the Eucharist or the Mass.

For Anglicans, a person is ordained a deacon once they have completed their training at a theological college. They then typically serve as a curate and are ordained as priest a year later. Deacons must be at least 23 years old, and priests 24. Anglican deacons can preach sermons, perform baptisms and conduct funerals, but, unlike priests, cannot conduct marriages or celebrate the Eucharist. In most branches of the Anglican church, women can be ordained as priests, but usually cannot be ordained a bishop. Anglican priests have to be at least 30 before they can be chosen to become a bishop.

Bishops are chosen from among the priests in churches that adhere to Roman Catholic usage. Among the Orthodox (Eastern and Oriental), they must be both priests and monks. In either case, they are usually leaders of territorial units called dioceses. Only bishops can validly administer the sacrament of holy orders. In Latin-rite Catholic churches and Anglican churches, only bishops (and priests with authorisation by the bishop) may lawfully administer the sacrament of confirmation, but if an ordinary priest administers that sacrament illegally, it is nonetheless considered valid, so that the person confirmed cannot be confirmed again, by a bishop or otherwise. In Eastern-rite Catholic churches, confirmation is done by parish priests via the rite of chrismation, and is usually administered to both neonates and adults immediately after their baptism.

Recognition of other churches' orders

Roman Catholics recognize the validity of holy orders administered in Eastern Orthodox and Oriental Orthodox churches because they believe those churches have maintained the apostolic succession of bishops, i.e., their bishops claim to be in a line of succession dating back to the Apostles, just as Catholic bishops do. Consequently, if a priest of one of those eastern churches converts to Catholicism, he is automatically a Catholic priest. Eastern Orthodox bishops can, and frequently do, grant recognition to the holy orders of converts who were earlier ordained in the Catholic church (though there is much debate in the Orthodox Church about this); that is part of the policy called church economy.

Anglican churches, unlike most Protestant churches, maintain the succession, their bishops being successors of English bishops who converted to Protestantism in the 16th century. A controversy in the Catholic church over the question of whether Anglican holy orders are valid was dogmatically settled by Pope Leo XIII in 1896, who wrote that Anglican orders lack validity because the rite by which priests are ordained is not correctly performed. Eastern Orthodox bishops have, on occasion, granted "economy" when Anglican priests convert to Orthodoxy. Catholics do not recognize ordination of ministers in Protestant churches that do not maintain the apostolic succession.

Anglicans accept the ordination of most mainline denominations, however only those denominations in full communion with the Anglican Communion such as some Lutheran denominations, may preside over services requiring a cleric.

Marriage and holy orders

The rules discussed in this section are not considered to be among the infallible dogmas of the Roman Catholic Church, but are mutable rules of discipline. See clerical celibacy for a more detailed discussion.

Married men may be ordained to the diaconate as Permanent Deacons, but in the Latin Rite of the Catholic Church may not be ordained to the priesthood. In the Eastern Rites of the Catholic Church and in the Eastern Orthodox Church married deacons may be ordained priests, but may not become bishops. Bishops in the Eastern Rites and the Eastern Orthodox churches are drawn only from among monks, who have taken a vow of celibacy.

There are cases of permanent deacons who, left widowed by the death of a wife, have been ordained to the priesthood. There have been some situations in which men previously married and ordained to the priesthood in the Anglican Church have been ordained to the Catholic priesthood and allowed to function much as an Eastern Rite priest but in a Latin Rite setting.

Chastity and celibacy

There is a difference between chastity and celibacy. Celibacy is the state of not being married, so a vow of celibacy is a promise not to enter into marriage but instead to consecrate one's life to service (in other words, "married to God"). Chastity, a virtue expected of all Christians, is the state of sexual purity; for a vowed celibate, or for the single person, chastity means the avoidance of sex. For the married person, chastity means the practice of sex only with the spouse, and can carry the expectation of intercourse with the spouse preferably solely for reproduction.

Other concepts of ordination

Several other varieties of ordination exist in the Protestant churches. Different churches and denominations specify more or less rigorous requirements for entering into office, and while the process of ordination is likewise given more or less ceremonial pomp depending on the group, it is certainly less magisterial than the sacramental versions used in the episcopalian churches. Many Protestants still communicate authority and ordain to office by having the existing overseers physically lay hands on the candidates for office and pray over them.

Methodist churches

The Methodist model is loosely based upon the Anglican model and was first devised under the leadership of Thomas Coke and Francis Asbury in the late 18th century. In this scheme, an elder is ordained to word (preaching and teaching), sacrament (administering baptism and the Lord's Supper), and order (ordaining others), and a deacon is someone who is ordained to word and service.

In the United Methodist Church, for instance, seminary graduates are interviewed and approved by the Conference Board of Ordained Ministry and then the Clergy Session, at which time they are accepted as "probationary members of the conference" and then commissioned by the resident Bishop to full time ministry. (At one time, the graduate was ordained as a deacon at this point, a provisional role which has since been done away with; the Diaconal order is now a separate and distinct office in the United Methodist Church.) After serving the probationary period consisting of a minimum of three years, the probationer is then interviewed again and either continued on probation, discontinued altogether, or approved. Upon final approval by the Clergy Session of the Conference, the probationer becomes a full member of the Conference and is then ordained as an elder or deacon by the resident Bishop.

Presbyterian churches

Presbyterian churches, following their Scottish forebears, reject the traditions surrounding overseers and instead identify the offices of bishop (episkopos in Greek) and elder (presbuteros in Greek, from which the term "presbyterian" comes) because the two terms seem to be used interchangeably in the Bible (compare Titus 1.5-9 (<http://www.biblegateway.com/passage/?search=Titus+1.5-9>) and I Tim. 3.2-7 (<http://www.biblegateway.com/passage/?search=1Tim+3.2-7>)). While there is an increasing authority with each level of gathering of elders (congregation to presbytery to synod to General Assembly), there is no hierarchy of elders, and each has a vote that counts the same as all the others at that level.

Similarly, presbyterians identify the men appointed by the laying on of hands to serve and to relieve the elders' burden in Acts 6.1-7 (<http://www.biblegateway.com/passage/?search=acts+6.1-7>) as deacons (diakonos in Greek, meaning "servant" or "table waiter"). They are to off-load the elders from important but relatively mundane tasks so that the elders can concentrate on their primary calling of "shepherding the flock." Consequently, they minister to those who are in need, to the friendless, and to any who may be in distress (widows, orphans, prisoners, the sick, etc.) and collect and distribute funds to that end, and they care for the property of the congregation. Deacons have no authority in administering baptism or the Lord's Supper, in teaching, or in church discipline (correcting doctrinal error

and holding members accountable to live in accordance with the Bible's teaching or face excommunication), and they are subordinate and responsible to the local board of elders.

Unlike the episcopalian schemes but similar to the United Methodist scheme described above, the two presbyterian offices are different in kind rather than in degree since one mustn't be a deacon before he becomes an elder (though in practice deacons do often become elders and though in the absence of deacons, the elders are responsible for their duties also). Since there is no hierarchy, the two offices do not make up an "order" in the technical sense, but the terminology of Holy Orders is nonetheless still in use.

Officers are usually elected by the congregation and approved by the session or presbytery. Some churches place limits on the terms that the officers serve, while others ordain for life.

Congregationalist churches

Congregationalist churches implement different schemes, but the officers usually have less authority than in the presbyterian or episcopalian forms. Some ordain only ministers and rotate members on an advisory board (sometimes called a board of elders or a board of deacons). Because the positions are by comparison less powerful, there is usually less rigor or fanfare in how officers are ordained.

Ordination of women

The Ordination of Women is something done by many denominations in Christendom, but not by all. Notable denominations who ordain women in the USA include Episcopalians, Presbyterians (PCUSA), Lutherans (ELCA), the United Church of Christ, and the United Methodist Church although there are others. Throughout the world many of the same denominations ordain women. For example the majority of the Anglican Communion, in theory, allows for the ordination of women.

In the listed denominations, ordination to priest/minister, bishop, elder, or deacon is allowed.

In other denominations, women can be ordained to be an elder or deacon. Some denominations allow for the ordination of women for certain religious orders.

Since the ordination of women, many denominations have divided or united around this issue, and often those denominations which are openly ordaining women, have broadened their ordinations to include homosexuals.

Ordination of homosexuals

Judaism

The ordination of homosexuals as Rabbis is an issue being dealt with in nearly all sects of Judaism. Often this issue is dealt with by Conservative Judaism and Reform Judaism, although not exclusively. The most noted openly homosexual rabbi is Rabbi Steven Greenberg. Trembling Before G-D (<http://www.tremblingbeforeg-d.com/>) is a documentary dealing with homosexuality and Orthodox Judaism.

Christianity

The United Church of Christ is the only denomination with an official stance on the allowing of homosexuals to be ordained. Other denominations such as The Episcopal Church have openly ordained homosexuals. Some denominations allow for these ordained to be in union with their partners. Other denominations require a vow of celibacy. Most of the mainline protestant denominations are openly discussing the issue such as the Presbyterian Church USA and the Evangelical Lutheran Church (ELCA).

Recently the ordination of Gene Robinson to the order of bishop in the Episcopal Diocese of New Hampshire, and the near ordination of Jeffrey John (was to be ordained Bishop of Reading) in the Church of England have caused a stir in the Anglican Communion, as not all provinces approve of such actions.

The ordination of homosexuals is not a new thing, but the open ordination has come to light. Often those who were homosexual did not admit their sexuality, and were ordained. Upon the ordination of Gene Robinson, Episcopal Bishop J. Neil Alexander of the Diocese of Atlanta said he voted for the ordination because Gene was open about his sexuality and honest, whereas in the past known gay clergy were ordained to the episcopate only because they lied about it.

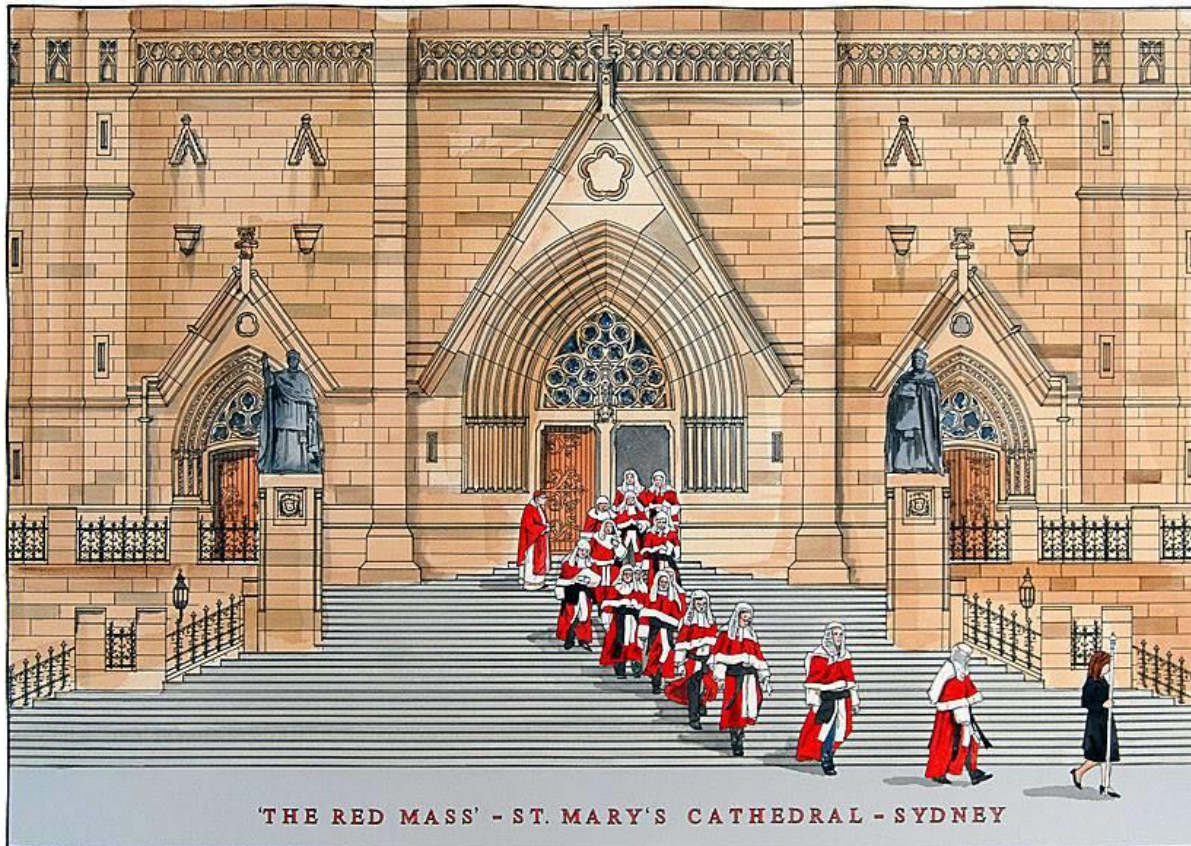

In many churches this is a very volatile issue, as is the ordination of women in many churches. It is not likely that a resolution will be swift.

To Eat As One Breathes Is To Be The Gift Of LIFE

By Arthur & Fiona Cristian
Love For Life

Taken From Arthur's Facebook Wall

12th February 2011

It's the Gift Of Life that becomes us as we create the gifts that accelerates the speed of thought. There are no SELF-centered anchors (me, me, me, i, i, i, mine, mine, mine, own, own, own, etc) to hold them back. It is our resistance to consciousness that slows down our speed of thought. The more pure and sincere our thoughts, feelings and actions become, the more we serve LIFE as Gifts of LIFE, the more we permit consciousness to become who we really are and have always been. Giving up the fictitious "self" appears to be the hardest thing to do but that we must do because while we still claim it as "mine" we are withdrawing from consciousness which is the speed of our thought slowing down.

And yes, when we eat just as we breathe, we have given up the self and are conscious, aware of what we are eating and why but without it being a pleasure seeking, self fulfillment exercise. No "my pleasure, my tastes, my indigestion". We still experience the taste, just as we experience the breath, but we don't own these sensations, instead releasing them as gifts for LIFE.

"Eat As One Breathes". Anastasia: Something to contemplate on:

This is our insightful interpretation of this comment....

It's the Gift Of Life that becomes us as we create the gifts that accelerates the speed of thought. There are no SELF-centered anchors (me, me, me, i, i, i, mine, mine, mine, own, own, own, etc) to hold them back. It is our resistance to consciousness that slows down our speed of thought. The more pure and sincere our thoughts, feelings and actions become, the more we serve LIFE as Gifts of LIFE, the more we permit consciousness to become who we really are and have always been.

Giving up the fictitious "self" appears to be the hardest thing to do but that we must do because while we still claim it as "mine" we are withdrawing from consciousness which is the speed of our thought slowing down.

And yes, when we eat just as we breathe, we have given up the self and are conscious, aware of what we are eating and why but without it being a pleasure seeking, self fulfillment exercise. No "my pleasure, my tastes, my indigestion". We still experience the taste, just as we experience the breath, but we don't own these sensations, instead releasing them as gifts for LIFE.

Instead of the rays of sunlight going outwards they turn back on the "SELF" of the sun and, with the sun only concerned about what is in it for the sun, we no longer see the light or feel the warmth of the sun. All that is left is a black hole of Anti-Life where the sun once radiated LIFE. This is what has become of many of us; instead of radiating our LIFE out for other LIFE forms of LIFE to bask under the radiance of our gift of LIFE, we are turning inwards and thinking only about our own needs, wants and desires.

The my, my, my, mine, mine, mine, i, i, i, own, own, own, is killing us; my pleasure, my God, my belief, my faith, my money, my taxes, my debts, my mortgages, my career, my security, my savings, my investments, my standing in the community, my drug highs, my orgasm, my sex, my football team, my political preferences, my fear, my trauma, my loneliness, my unhappiness, my suicide, etc, etc, etc, etc. We are relentless in destroying who we really are.

We don't have to jump ten feet across the room to grab our next breath and we don't have to focus on accelerating our speed of thought. This happens as we allow our lives to be consciousness, creating gifts for LIFE moment by moment. We already can do everything like Anastasia, run for miles without tiring, go without physical pain and discomfort, live in cold and heat, etc, we just have to let go of all the things (thoughts of darkness) that imprison us, the "SELF-centered" thoughts that are not gifts for LIFE that slow down our speed of thought. When we change the

way we think, we will change the world. The world can only go where we go. The LIFE we are is the LIFE all around us.

Is it possible for us to turn things around before it is too late????

Gifts of LIFE are what have the presence of LOVE present amongst us. The moment we stop co-creating Gifts of LIFE the presence of LOVE fades away until it is no longer present amongst us.

LOVE is LIFE.

Resistance to consciousness is the withdrawing of the presence of LOVE from LIFE, your LIFE, our LIFE, everyone and everything's LIFE, which is the slowing down of the speed of thought.

To eat as one breathes is to be the Gift of LIFE.

Unravelling The Lies

If you contemplate on the information we share in this Facebook discussion, see here: **Facebook Discussion: Turning Away From "The System" - Unravelling The Lies - 25th January to 2nd February 2011** <http://loveforlife.com.au/content/11/01/30/who-are-we-what-are-we-part-a...> - you see that it wipes out ALL belief, faith and opinion, showing them up as the false flags they are. This discussion started over the word "ecclesiastical" but also applies to all arguments based on belief, faith and opinion, including all religion, law, politics, new age, philosophy, etc.

There is not ONE construct of "The System" that can be backed up by those who worship it because ALL constructs of "The System" exist nowhere but as fantasy, illusion and delusion between the ears - they are ideas without LIFE that we must support and maintain, enslaving our lives in the process. They are FRAUDULENT and, if we are to escape "The System", we must be vigilant in routing out all the fraud. It is vital that we all scrutinise thoroughly ALL the information we come across rather than just accepting that which fits our belief system. We always go where the truth takes us and this is what we ALL have to do if we are pure and sincere in our intent to co-create a world of peace, freedom, abundance, joy and Do No Harm for all.

Note: We would like to stress that we are not "anti Jew" and do not blame the Jews for the problems of the world. As we have explained before, the Jews are often used as the "fall guys" for a lot

of Establishment operations and, indeed, as a front for the Establishment in general. The Establishment love to have many fingers pointing at the Jews because it only fuels animosity between them and other groups such as Muslims or Christians, adding to the tension and hatred that is leading us inevitably to even more chaos and mayhem until we accept the Establishment "remedy" to the chaos, their New World Order, with open arms. The Establishment, the shadowy world of Freemasonry, clergy, politicians and big business, uses us ALL as pawns in their evil game of world domination.

It is now obvious to anyone who does not have their ears stuffed with cotton wool and their heads buried in the fog of "The System" that 9/11 was not the work of fundamentalist Arabs. The research done on this is vast and below is a list of articles and videos that show clearly that it was a set up. For an excellent summary of what really happened check out this post: **9/11 Truth Is Out - WTC Was Destroyed By 3 Thermo-Nuclear Explosions - Dimitri Khalezov Interview + The Third Truth PDF:** <http://loveforlife.com.au/node/7808> and this one: **Videos: War By Deception (2011) - A Film By Ryan Dawson - The Shadow Government And Shadow Economy** <http://loveforlife.com.au/node/7898> - If anyone has any doubts as to why 9/11 took place only has to look at who has benefited. As usual, it is our friends in "The System" who have used the event to bring in even tighter controls over our so-called freedom.

However pleasing it may seem that people are waking up to the fact that 9/11 was not the work of Al Queda, it is important to remember that those behind "The System" control EVERYTHING of "The System". While there are some men and women who have produced independent videos and articles, some of the information on 9/11 will have been provided by lackeys of "The System".

Why?

Because 9/11 was never meant to be kept secret. With all the blunders and downright lies being peddled by the representatives of those behind "The System", it was only a matter of time before people started to put two and two together. The purpose of 9/11, besides the clampdown on our "freedom", is to open the gate to the "real" culprits of 9/11. As we have said before, the Jewish people and Israel and the Israelis are to be made scapegoat for much of the atrocities of "The System". Those behind "The System" have always hidden behind races, cultures and creeds and the Jews are again their current fall guys. Mossad already has a reputation as being the most brutal of all secret services and it won't be long before "clues" linking them to 9/11 will be "found". Yes, there will be Mossad Agents and Jews who have been involved but they do not realise that they are being used as part of a bigger picture agenda that has nothing to do with nationality, culture or creed. Amongst those working for Mossad, and other intelligence agencies, will be plants of "The System", seemingly working for the agencies but really working for those behind "The System". These plants are also in the government, the military and throughout "society".

The real culprits are the Canaanites, one of the 13 lost tribes (sects/cults) of Is(Isis)Ra(Ra)El(Satan/Saturn/Elohim)/Ancient Egypt who are the Normans, the Vikings, who invaded the land now known as Britain and caused mass genocide. In their recorded His-story, they have spent nearly 1000 years invading lands, murdering and decimating all the tribes, mixing them with others brought in from other lands and then forcing "The System" upon them. These Satanists/Aryan bloodlines worship their god of chaos (Baal, Molloch, Satan, Zeus, Horus, Ahriman, Jezeus, etc) through their Satanic religion and this religion, headed by Levite Priests (the High Priests of Ancients Egypt), is behind the highest levels of the freemasonic world and controls the Roman Cult, the Jesuits, the Roman Catholic Church, the Church of England and "The Crown" of Sion/Zion.

As the chaos continues and if we let them, we will see a clash in the Middle East, between Israel and one of the Arab countries and Russia could well be the start of the 3rd World War, the excuse for draconian "safety" measures (martial law) and the start of the mass culling. All these events are leading the duped people into the scam of the Satanic SELF-Fulfilling Prophecies of a one thousand year golden age reign better known as The New World Order (NWO).

The NWO is not the continuation of the current chaos, the forced vaccinations, the FEMA camps and the exposure of all the dirty laundry of "The System" that everyone is writing about. All these things are merely the means to bring down the current system in order to usher in the real NWO, a Christianised, feel good (feel GOD), cosmic, galactic, "Oneness" system, the glue to stick us all together under "The System" of the Golden Age. To read more, see here: <http://loveforlife.com.au/node/3385>

Yes, it is great that so many are waking up to 9/11 because they are waking up to the fact that they cannot trust their governments and their representatives, BUT the deception has only just begun. As with everything of "The System" the layers of lies are very thick and we must not think that we have uncovered the truth just because we have peeled off the first layer. As always, we must be prepared to examine EVERYTHING we think, feel, hear, see and read if we are to be successful in our search for truth.

When we step right back, it is all about keeping our energy and attention in "The System", keeping us trapped in the pull of the duality of "The System" that has us lost in the void as we are pulled this way and that by the good and the bad, the first and the last, the left and the right, the positive and the negative. Exhausted, we cannot rise above the fog of "The System" to see clearly what is really going on, who we really are, what we are really part of and our true purpose. For more on duality and the Satanic SELF-Fulfilling Prophecies of a one thousand year golden age reign better known as The New World Order see here: Awakening To Paradise - Part One To Part Seven by Arthur & Fiona Cristian - Love For Life - 16th to 22nd January 2011: <http://loveforlife.com.au/node/7805> - Other articles relating to this subject are located here: <http://loveforlife.com.au/node/3385>

The remedy? Remove our energy from "The System" and pour it into creating Do No Harm communities where we grow food and care for each other and LIFE. All else is of "The System" and keeps us trapped in "The System".

Videos: Key To Kindom Co-Creation Of Do No Harm Communities Causing A Mass Exodus From "The System" By Arthur & Fiona Cristian Love For Life

7th February 2011

24 Minutes 47 Seconds

WELCOME TO LOVE FOR LIFE. Love For Life is committed to the creation of Do No Harm, Kin Domain communities throughout the world. Kindoms, where we grow our own food and support one another away from the endless rules and obligations we currently struggle under, are the only way to achieve lives of peace, joy and abundance for all and take care of Earth so that Earth flourishes. Love For Life shines a light on the darkness of the world we live in so that we may all recognise that darkness and until there is nowhere left for it to hide. March 2005 - Arthur & Fiona Cristian

7th Feb 2011, 837pm, Sydney time. Please read "The Ten Steps Of Kindom" here: <http://loveforlife.com.au/node/5788> to see how we achieve the dream of Kindom. This email was written in 2007 as a rough, sketchy idea that we intentionally left alone while we continued our search for truth and the remedy to our problems. We have come a long way since then, particularly in the ways we now word things so we are shortly to update it into a full working model. We will also be posting more information on the topics covered, either in other videos or by adding to this one.

Once we all recognise fraud for what it really is in all its forms, to TRUTH we return. If we are all willing to go where truth takes us we will never walk the path of harm ever again. Comprehending the information we share will help you to see how and why we are exposing the fraud, routing out all the fraudsters, without getting caught up in the fraud and in the lives of the fraudsters. At least, worst case scenario, in gradual steps we are removing our lives out of the fraud. We didn't know we were in hell until we woke up in the middle of it. We all need to use our brains and go where the logic of truth takes us. The smartest, easiest path towards truth, one that is fail safe, is the path of Do No Harm. Then, its just about becoming more and more conscious each day of the harm we support and cause and learning how to withdraw our energy from such harm-doing. Put everything we think, feel and do to the test. Go where truth takes us by testing all beliefs, faiths and opinions. Scrutiny of all information is key to our true freedom. If we don't offer up everything we think, feel and do for scrutiny we will never know for sure if we are supporting, condoning and promoting fraud. What if you are living a lie and are lost to it or are in denial of it? What if the way you think, feel and do is a lie?

As a carpenter you need the tools of the trade, making sure they are in very good condition. If you want freedom, peace, abundance, joy and Do No Harm for all, first get the tools that will make this dream come true while learning how to use them. This all comes down to a change in thinking, a letting go of tools we acquired to perform in "The System" and acquiring new tools for the creation of a paradise we dream for. So if you want to be practical make sure you have acquired practical tools for the job. Almost all intentional communities self-destruct within 15 years, many within 5 years. Why? Because they brought the tools of "The System" with them to create paradise! Their thinking was generally distorted and the good intentions that started off the dream were quickly eroded by all the bad habits they brought with them from "The System".

Please read our articles to explore all the insights we have been unravelling and putting to the test to be sure we are on the path of Do No Harm: <http://loveforlife.com.au/node/3385>

Hi Everyone

We released another video. A long time coming. We plan to do more shortly.

Thank you to Justin & Bruno for coming out to Bowral one afternoon and making this spontaneous video with us. Children thoroughly enjoyed your company as we did.

You can see how much weight Arthur has put on since March 2010 after being followed, the three serious attempts on his life over the past 8 months or so, the last time with 3 year old Xanthe in the back-seat of the family car and the 12 serious death threats to the family over the past 18 months or so. Its effected him much more than he realised.

Even though he is a dedicated raw-food eater (no meat or dairy or cooked food)

he hasn't managed the change in his lifestyle as well as he could have.

He used to fast walk 2 hours per day at least 5 days per week.

He has probably had around 7 walks since March 2010,

He stays in doors for weeks on end working 16 to 18 hours per day for Love For Life.

He feels his life is of better use serving LIFE over the net, doing what he does, reaching out

to anyone he can help wake up than being locked up or dead and lost to the cause of true freedom.

Fiona looks beautiful as always.

All the best

Once Upon A Time

Fiona Cristian - 8 minutes 37 Seconds

by Arthur Cristian (videos)

A Grandmother and her grandchildren are walking through a forest when one of the grandchildren breaks a small branch off a tree. The Grandmother stops walking.

Grandmother - Did you break that branch to bring sunlight to the flowers beneath?

Tom - No, Grandmother, they are violets that like the shade.

Grandmother - Did you break it because you wanted to take blossoms to your mother?

Tom - No, Grandmother, there are no blossoms on this branch.

Grandmother - Then why did you break the branch, Grandson?

Tom - I guess I wasn't thinking, Grandmother. I have broken the tree for no reason.

Sam - But there are so many trees in the forest, Grandmother, why does it hurt that Tom broke just one?

Grandmother - Children, if there are many of you and I hurt just one of you, does it matter? Do you think it matters for Katie if I choose to hurt her rather than Judy? And if I hurt Katie, will I not also be harming the rest of you because you will now have doubt about how I might behave towards you. If I can hurt Katie, might I not one day hurt any of you?

Come children, this is a nice place to sit - I have a story to tell you.

THE FAIRYTALE

Once upon a time there was a world full of people who loved to be slaves. They so loved being slaves that, if anyone suggested that there might be a way not to be a slave, the slaves raised their eyebrows, gave an embarrassed laugh and turned away as quickly as they could.

The slaves lived in a beautiful world full of natural wonders; of waterfalls, lakes and powerful seas, of mountains, valleys and majestic forests and of everything they needed to live lives of joy, freedom and abundance.

Their beautiful world was what sustained them, giving them air to breathe, water to drink and food to eat. Without their beautiful world, the slaves could not survive but they had been slaves for so long that they no longer noticed that their enslavement was slowly killing the world that gave them life.

They had forgotten that they were part of their beautiful world and their beautiful world was part of them. They had forgotten who they really were.

The slaves spent most of their time giving their energy to an artificial world, a fairytale that had been superimposed over the natural, life giving one. As the fairytale had no life force energy of its own, it needed the constant input of the slaves to appear to function.

Like all slave masters, the fairytale was not kind. The slaves had to spend hours away from their families and homes "working", just in order to have a place to live and food on the table.

There were rules and regulations that the slaves were expected to conform to and those that transgressed were severely punished.

Of course, all the slaves had to do to be free was to get together and remove their energy from the fairytale because, without them, it could only collapse. But the fairytale had systems in place to teach the slaves that they were all individuals, isolated and alone, and that a life of slavery was the only one possible.

They learnt that only slaves belonging to their particular slave group could be trusted, that their slave group was superior to any other slave group and, in some cases, that they must be prepared to fight other slaves and even die for their slave group. The fear and trauma generated by the images of the fairytale kept them firmly in their places.

Thus it was impossible for the slaves to unite despite the fact that, deep down, every slave was aware that their addiction to slavery was killing the world that gave them life.

So why did the slaves keep working for the fairytale and giving up their freedom if they knew the consequences? It was partly because the hole seemed too deep and frightening to climb out of, partly because they had been taught to expect someone else to solve their problems for them and partly because they were too tired from working so hard for the fairytale to think about it. But the main reasons the slaves kept their heads down and tails up was that they were unwilling to give up the temptations of the fairytale.

Concoctions of chemicals disguised as food, with tantalising tastes that induced cravings, despite the damage done to the body. Drinks full of poison that sent you out of your mind for a while so you could forget your worries. Shops full of things to possess, bigger, better places to live, smarter, more powerful means of transport, more exotic and

exclusive places to travel to, countless coverings for the body, and an endless array of ways and means to fill the time not spent in the service of the slave master.

Upon all these things the slaves placed more value than their freedom. As long as they could have their fairytale addictions, they were willing to be slaves.

A few slaves tried to turn the tide. They tried to break free of their shackles but it was very hard. Often they were punished, ridiculed and starved back into submission, even though all they asked was to be able to take on the responsibility of caring for themselves, others and the natural world.

As time went on, the fairytale became an increasingly harsh master, demanding more and more energy from its slaves until even previously happy slaves began to feel that all was not right.

As the demands grew, so did the restrictions until the few avenues available for the slaves to take back their freedom dwindled away and the punishments for slaves attempting to do so became even more severe.

The fairytale spread over more and more of the natural world, raping, pillaging and plundering until the rivers were choked, the mountains gouged beyond recognition and the forests reduced to matchsticks teetering in dusty, barren soil.

As the air became too thick to breathe, the water too contaminated to drink and the food lost all its life forces, the slaves began dying too quickly and in numbers too large not to notice.

Too late, the slaves realised that the fairytale had nothing to offer them and that they had all but destroyed their only means of existence. Chaos all around them, the remaining slaves realised they had to change their ways before it was too late.

But where to start?

There were a few slaves who had seen the signs and hidden themselves away. They had stored clean water, kept some seeds and found the few trees left that could provide them with clean air.

As the relentless destruction trickled to a halt and Earth breathed a sigh of relief, these slaves came out of their hiding places and gathered together with the others, ready and willing to take on the job of repairing the damage done.

And perhaps, even as they looked around at the desolate remains of their once beautiful land, they smiled because they had remembered who they really were and at last they were free.

Katie – And did they do it, Grandmother? Did they save Earth?

Grandmother – Have a look around, children. Did we do it?

Judy – We? We, Grandmother? Were you one of those slaves?

Grandmother – I was.

Tom – And Grandfather?

Grandmother – Yes he was, children. Grandfather, Great Uncle Collin and Great Aunt Danielle and many of the other older men and women you know.

Sam – But how did you do it, Grandmother? How did you make Earth better? If it was all broken and dirty, how did you fix it?

Grandmother – The first thing we had to do was to look at everything we had been doing and see how we had hurt Earth. And then we had to work out how to live in ways that didn't hurt Earth.

We realised that the only way to help Earth become the beautiful paradise it had once been was to make sure that everything we did helped Earth and didn't hurt Earth.

Sometimes we do break branches or chop down a tree but we never do it if we don't have a good reason. That's why I asked Tom why he had broken the branch.

He was not thinking or feeling the tree when he broke the branch and so he was able to do harm to the tree. And you are right Sam – just one little branch doesn't make much difference in a beautiful forest like this one, but imagine if everybody began breaking branches, thinking that just one branch wouldn't make any difference. In time, the forest would be full of broken trees.

This is how we start to do harm children, and one seemingly small act of harm leads to complete destruction if it is repeated enough times. Now I have told you the story of how we nearly destroyed Earth before you were born, I hope that you will always be mindful of your actions so that you will never do harm to this beautiful Earth we are so lucky to live on.

Children – We will, Grandmother. Of course, Grandmother.

The End

THE HOUSE

Fiona Cristian - 8 Minutes
by Arthur Cristian (videos)

There was once an enormous house with hundreds of rooms. In these rooms lived many, many people, sleeping, waking up, eating, drinking and going about their daily business.

The house was not a very safe house; things were always going wrong and many unfortunate accidents were had by the people of the rooms.

For the most part, the people accepted this as part of life in the house. They thought that unfortunate accidents were to be expected because nothing is perfect and the builders of the house had surely done the best they could when building it.

Occasionally a few people got upset, especially when they were the ones affected by the unfortunate accidents, and complained to the builders who usually sent a representative round to fix the odd hole in the wall, patch up a few windows, assure the people that all was well and generally smooth things over.

The complainers were not always satisfied but, with no other recourse at hand and surrounded by others telling them that everything was ok and not to worry, they soon found it too difficult to swim against the tide and turned back to their distractions.

And distractions there were aplenty for the thoughtful builders had not only built a place for people to live, they had built a place where the people could have FUN! There was sport, entertainment, recreational activities, an endless array of courses to learn about an endless array of subjects, gardens for those who liked to grow flowers, any number of different spiritual centres and, on the more illicit side, there was easy sex, alcohol, drugs and gambling. There was something for everyone.

Of course a few of the diehard complainers said that the builders only provided the distractions so that people would spend all their time on them rather than focusing on all the accidents their shoddy building work was causing but they were written off as trouble makers or slapped on the back and told to come to a distraction centre and forget about it.

If they persisted in making a noise, House Security would come and have a word with them and, if necessary, look after them in a secure place for a little while so that they did not interfere with the enjoyment of the rest of the inhabitants of the house.

For the most part, the people of the house were too caught up debating and even fighting over whose distraction was the best and which distraction everybody ought to follow to spend time thinking about the builders and their failure to provide a safe house.

Given the problems with the house, most of the inhabitants were happy to leave it to the builders and had little time for anyone who suggested that there might be ways to improve the house or even do away with it altogether.

As well as distractions, the builders of the house provided learning centres for children where, from an early age, they were instructed on and taught to memorise how the house worked, the rules of the house, the infrastructure of the house and how to do their part in maintaining the house.

It was also explained to them that there wasn't really any other way to live apart from in the house and that, unfortunate though the accidents were, there wasn't really anything the inhabitants of the house could do and that the builders were doing their best to set things right and would be able to do so if they had the support of the inhabitants of the house.

As they grew up, the children of the house could either continue learning about the hows and whys of the house or they could start "working" for the house. This was another way the inhabitants of the house filled their time.

Most of them spent many of their waking hours working for the builders of the house in all areas of the house. Some added new rooms for new people, others worked maintaining the infrastructure of the house while still more worked in the area of distractions, running the sport, entertainment, etc. Others worked for the builders making "improvements" to the house which were always widely broadcast as "progress" but which somehow never seemed to solve the problems of the house.

There were those who learnt how to instruct children in the learning centres, those who joined House Security and also those who learned how to provide medication for those suffering from the ill effects of their distractions and life in the house in general.

These medications did not cure the sufferers but allowed them to get back to work and to their distractions as quickly as possible. Indeed, they did not expect to be cured because most people around them were not completely healthy so they accepted ill health as the norm. Of course, the builders of the house tried to help them with all sorts of initiatives but somehow disease and ill health persisted.

"Work" was considered very important because the type of work a man or woman did determined how they lived within the house. Those whose work was deemed very important were given bigger, smarter rooms and access to more supplies than others whose work was not thought to be so important, even though there was often little difference in time spent working.

Not surprisingly, those who received less for their effort felt resentful towards those who received more which led to the erection of barriers between different parts of the house.

Barriers were also erected between those who felt so strongly about their chosen distraction that they could not live near supporters of a different distraction without coming to blows.

A few inhabitants tried to bring everyone together to focus on how to deal with the problems of the house but habits were entrenched and common ground not to be found.

So the unfortunate accidents and problems with the infrastructure of the house continued.

There were problems with food and water supplies, overcrowding, roomlessness due to people not working hard enough to keep their rooms and a House Security that was over stretched dealing with inhabitants who refused to obey the rules of the house.

Suffering was growing to such an extent that even the usually most contented house inhabitants began to murmur about improvements being needed. Too many people were hurting, too many people were sick and too many people were struggling just to have food and a ceiling over their heads. Something had to be done.

Finally the builders of the house called a meeting. They had a solution. They had built a new house, an improved house for everyone to live in.

The new house had a much stronger and more powerful House Security whose job would be much easier because all the inhabitants of the new house would have a member marker in them so that they could be instantly identified.

This would make it less complicated for them to get supplies of food, water and whatever else they needed and easier for them to travel about.

Even better, no one would be allowed to live in the new house unless they received injections that would keep them safe from the many diseases of the old house and ensure that they were happy and willing to accept the rules of the new house.

The builders would be able to keep a much closer eye on everything to ensure that life ran smoothly and that any unfortunate accidents were kept to a minimum.

The builders ensured the people that they had looked at all the alternatives and were more than satisfied that a new house was the best solution available for everyone, especially as the new house was equipped with even more distraction centres than the old one.

There would be even more fun for all.

Most of the people were happy; they would be able to move to the new, improved house and get on with their lives of working for the house and enjoying the distractions of the house.

A few were not happy and voiced their discontent.

They did not see how the new house was an improvement to the old house, especially as it seemed to just be an updated version of the same.

They questioned how the problems of the old house would not begin to appear in the new house. They appealed to the builders to reconsider and even said they would like to build their own houses, without help from the builders.

The builders smiled and gently suggested that they had done the research and it was not possible for the people to take on such responsibility.

Without House Security in place, anything might happen, without the new injections, who knew what diseases might run rampant and without the learning centres, how would the children understand the importance of the house?

To be sure of food, water and a place to stay, the new house was the only option. The demolition team was booked for the old house and systems were already set up for the transition from the old house to the new one.

There really wasn't anywhere else to go.

THE ORIGINS OF THE HOUSE

**Fiona Cristian - 4 Minutes 57 Seconds
by Arthur Cristian (videos)**

Once upon a time there was no house. The people lived simply on the land in harmony with the rest of creation and with each other.

They did not see themselves as apart from creation but as part of creation. Like a ray of sunlight, a grain of sand on a beach or a drop of water in the ocean, they knew they were linked to every other living thing of creation and that every other living thing of creation was linked to them.

It was because of this that they were careful to live without doing harm to any other part of creation because they knew that if they harmed one part of creation they were also harming themselves and the rest of creation. They lived like this for many, many years.

Then, one day, the people of the land saw an enormous ship sailing towards the shores of the land they lived on. As it grew closer, they saw men covered from head to toe in strange garments carrying objects they had never seen before.

The ship stopped and some men climbed down into a smaller boat and headed for the shore. Wary but curious, the people of the land moved to meet them.

A man got out of the boat and walked towards them.

The people of the land greeted him courteously, stifling their amusement at the way he was dressed.

The man opened his mouth and spoke gobbledygook. Again muffling their giggles the people of the land used sign language to try and communicate. They offered food and water.

The man offered them some brightly coloured objects which seemed to have no use but which were accepted gracefully by the people of the land who did not want to seem ungrateful. The man went back to his ship.

Days passed and the men from the ship visited daily. The people of the land continued to be polite but they could not comprehend what the men wanted or why they persisted in giving them so many useless objects made from materials they had never seen before.

Most of the people of the land tried to get on with their usual way of life but one or two of them spent time with the strange men, learning their gobbledygook in an attempt to find out what they were doing there. Eventually, they called a gathering of the people of the land.

They explained that the men on the ship wanted to build a great house, which was a place for everyone to live. The men on the ship would teach the people of the land how to live in the house and new ways of living with each other. They would teach them their gobbledygook and show them how to cover themselves like the men on the ship. They would show them new ways to keep healthy, new ways to eat and new ways to raise their children. They would give the people of the land some of their strange things and teach them how to use them.

The people of the land talked for a long time. They did not see anything wrong with the way they already lived their lives in harmony with the rest of creation.

They had also seen the men from the ship behaving in ways they did not like; the men killed some of their animal friends with things called guns, made fires and sometimes drank something that made them behave very stupidly and even made them ill.

The food the men gave the people of the land made them feel unwell and some of them had also felt ill just from being in contact with the men. They could not see what benefit the house would bring them.

The people of the land politely refused the offer of the men on the ship and went about their business, expecting the ship to leave. To their surprise, the next morning, they found all the men from the ship lined up on the shore holding their guns. They said they had come to build the house for the people of the land.

The people of the land repeated their disinterest in the house and asked the men to leave. One of the men from the ship fired his gun into the air. The house was to be built.

So began a time of terror for the people of the land; anyone who refused to go along with the men from the ship was killed. Women were taken and children beaten.

Other people of the land arriving to help were killed or forced to help with the building of the house. More men arrived on ships with more guns and the mass murders began.

The people of the land resisted as they could until they were worn down by the endless murder and destruction.

For the sake of their children, the remaining people of the land subjected themselves to the will of the men from the ship.

They helped to build the house and took up residence in it. They learned the ways of the men on the ship, to work for the men on the ship and to send their children to the learning centres of the house.

They tried to teach their children the stories of their previous peaceful way of life but they were so traumatised they found it hard to talk about and the stories they did tell were usually contradicted by what their children were taught at the learning centres.

Many of the older people of the land died of broken hearts.

More men, women and children arrived on ships and also moved into the house. They were given the best rooms and the important work. The people of the land who had the energy to care were aggrieved by this and complained.

The builders of the house smoothed things over with a few promises but nothing much changed; the problems of the house had begun.

THE TEMPTATIONS OF CIVILISATION

Fiona Cristian - 47 Seconds

by Arthur Cristian (videos) [HQ]

How are you feeling today? No, really, I want to know
With the pressures of work and family, Are you feeling a little low?

You really are so selfless, perhaps it's not a good thing,
Do something for yourself, dear, something to make you zing.

Do you fancy a night out on the town?
A knee-up at the races?
Or perhaps a massage is more your style,
Put your therapist through her paces.

What's that? You want to serve others?
You want to do no harm?
Don't mention thoughts like that dear,
You'll be socially becalmed

Just try a little harder, dear,
If you need to, take a pill,
If you don't look after yourself dear,
Be assured that no one will.

BARRISTERS, LAWYERS, JUDGES, THE COURTS

Fiona Cristian - 48 Seconds [HQ]

by Arthur Cristian (videos)

Who do you think you are
Coming here unrepresented?
Surely you understand
That your presence will be resented.

We've studied long and hard
The constructs of civilisation
Don't think we want to hear
Your legal interpretation.

Statutes, acts and penalties
Make up our speciality
If you get your head around them,
You'll ruin our commerciality.

You may have found some loopholes,
Some things that don't add up –
Don't think that we'll acknowledge them
And see our careers go belly-up.

You don't understand the pressure
Of keeping you all in line
If we let one slip through the net
We'll end up doing time.

Don't mention God or Creation,
Or that MAN has equal rights,
If you don't mind your manners,
We'll use force to squeeze you tight.

The Environment

Fiona Cristian - 53 Seconds [HQ]

by Arthur Cristian (videos)

Do not be alarmed at reports of environmental damage: do not believe rabid environmentalists who tell you that the world will soon be completely destroyed if we keep polluting it at the current rate.

Experts are working on solutions to any problems that may be experienced. In the unlikely event that the air becomes too toxic to breathe, citizens will be issued with masks to filter the air.

There will be even more chemicals added to the water to make it fit for human consumption, along with extra fluoride to keep everyone happy.

Food experts are already developing synthetic fats, proteins and carbohydrates that will be able to replace real food should crops fail to grow. This will also free up a lot of land for more housing developments, as well as reducing water consumption.

Do not become stressed over the pollution you are causing – soon it won't matter!

Fiction

Fiona Cristian - 46 Seconds [HQ]

by Arthur Cristian (videos)

WARNING: Do not let your child spend too much time outside in the natural world.

Do not teach them to grow food – there might be viruses in the soil that they haven't been vaccinated against and it would be bad for the economy.

Also, children who spend too much time observing nature start to think for themselves which means that they no longer fit in well at school and can develop social problems.

Make sure your children spend plenty of time on the computer and in front of the television and that they get enough hidden sugars, salt, MSG, Aspartame, addictive wheat additives, colourings, flavourings and preservatives to keep them docile.

If they drink a lot of soft drink, make sure you sometimes give them water to ensure they get enough fluoride. If in doubt, give them fluoride tablets.

Vaccination/Medication

- Fiona Cristian - 42 Seconds [HQ]

by Arthur Cristian (videos)

Vaccinations are GOOD for your child. The mercury, formaldehyde, aspartame, viruses, MSG, mouse serum proteins and chick and guinea pig embryo cells will HELP your child, not to mention the human diploid cells from aborted foetal tissue.

Relying on the child's immune system to keep them strong and healthy is irresponsible, particularly if you have listened to our other messages regarding nutrition.

Likewise, expensive medications full of chemicals and pharmaceutical drugs are FAR MORE EFFECTIVE than age-old natural remedies that are gentle on the body, have no side effects and might even strengthen your child's immune system.

2 HOUR VIDEO INTERVIEW WITH ARTHUR & FIONA CRISTIAN:

Please listen to this 2 hour interview with us 29th April 2009: <http://www.greengardenearth.com/media/video/loveforlifeinterview.mp4> - The image quality is poor for fast streaming, but the sound is ok. We intentionally downsized it for the sake of speed and a small streaming downloadable file size. Once this video is professionally edited it will be posted in a much higher resolution to this YouTube Channel: <http://www.youtube.com/user/ArthurLoveForLife> and in the Love For Life.com.au website ASAP. We were interviewed by overseas freelance journalist with ties to both the London and New York Times and we will shortly be

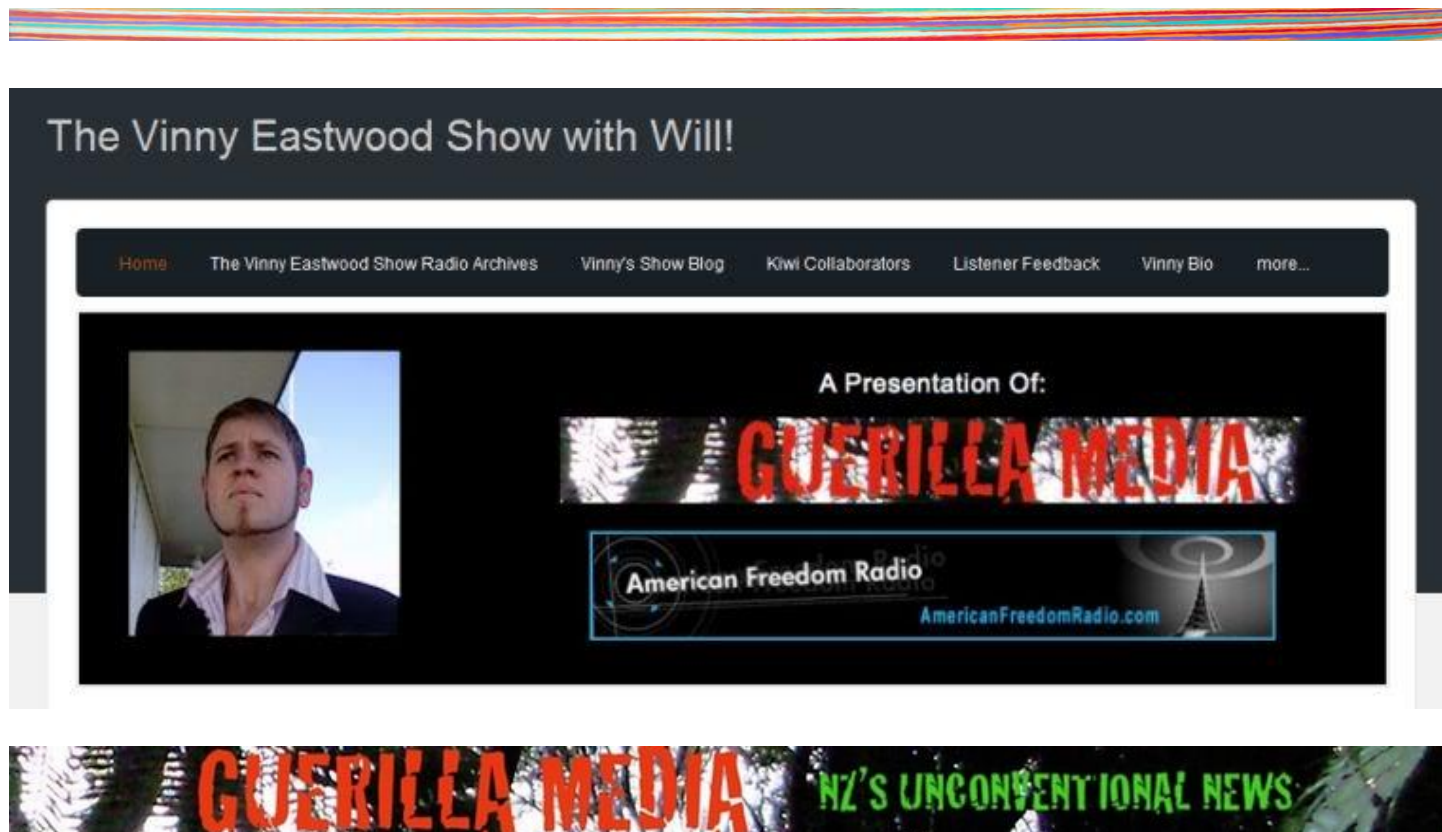

making more, short videos on the different aspects of our work, also to be posted. This video is not structured but covers the surface of many subjects that we will explore in more detail in other videos. It gives a good idea of the basis of our work for those new to it. For more detail, look at the documents at the links provided in this article. Those who want to fully comprehend the extent of the brainwashing we have all received need to spend sometime studying our work which will also help you fully-comprehend the remedy we offer of Kindom (Do No Harm Communities).

Updated 11th February 2011: In April 2009, an English journalist rang us, keen to record an impromptu chat with us sitting, relaxed, sharing Love For Life insights we were feeling at the time, which we did at a friend's house. This recording occurred not long after Fiona was physically harmed, abused & kidnapped by a police officer who dragged Fiona out of her horseless chariot with our youngest daughter, Xanthe, then 2, in the back seat, watching everything. Xanthe still remembers the event. Every now & then she asks questions about it. Arthur confronted this policy enFORCEer at the back of the Bowral police station & the officer completely lost it, going into a demonic state akin to a scene out of the movie, "The Exorcist". For more details, see: <http://loveforlife.com.au/node/6375> Since the kidnapping & up to this chat we were getting 3 to 4 hour sleeps most nights for weeks on end. We were both very tired. A few of our friends have prompted us to post this video on YouTube, February 2011, because it provides a tremendous reference point. Since then we have found more effective ways of explaining things, including changing some of the words we use, but we are still focused on the same path. All our latest articles, podcasts & videos are posted here: <http://loveforlife.com.au/node/3385> & check YouTube Channel: <http://www.youtube.com/user/ArthurLoveForLife>

The Vinny Eastwood Show

On American Freedom Radio

Vinny's Bio

Vincent Eastwood (AKA MR. NEWS) was born in the ominous year of 1984, the same year set out in Orwells masterpiece and the year of New Zealands neoliberal economic reforms. After working in the telecommunications industry he quit when he noticed that when he lied to the customer the companies profit margins went up. Unable to work or have an employer in the conventional sense Vincent went out with frustration at the mainstream media and began to make his own news by interviewing the activists about real issues that truly affect New Zealand and the world. The idea is to get the activists who live and breathe the issues and are not bound by corporate or political parties to be the pundits reporters and watch dogs on the multi-faceted agendas of the global elite right here at home. He hopes to one day be part of an alternative media revolution that will replace the mainstream media, for they are no longer

relevant.

The Vinny Eastwood Show on American Freedom Radio. 72 hours+ with about 4 hours sleep over those 3 to 4 days, Arthur got interviewed by Vinny from the Vinny Eastwood show on American Freedom Radio. Vinny is a Kiwi and the interview goes for 1 Hour 34 minutes. With a fried brain and the voip playing up, Vinny was still happy with the chat, the info shared and the outcome. Arthur learnt lots from listening to this podcast. Apparently there was around 300,000 listeners, and it seems news is spreading fast. Stuttering, repeating words or meanings and yet many liked it. We are glad it has worked out, the message got across. Arthur & Fiona Cristian - Love For Life

Love For Life

A Brief Introduction Into

Why We Scrutinise All Information

29th June 2011

The Love For Life.com.au website gets up to 12 million hits per month and its mailing list, via many network offshoots, reaches over half a million reader. We receive around 1000 email/comments per day and, since March 2005, we have done all this love for life work for free without a fee, no conditions or contracts attached. We are overloaded with needy people contacting us every day, particularly families in trouble with "The System". A brief story about us can be found here: <http://loveforlife.com.au/node/8182> Everything else you need to know about us can be found on the home page: <http://loveforlife.com.au>

Arthur pulled out of "The System" in 2006 which created even more challenges for us.

Since March 2005, supported by Fiona wherever possible, Arthur has been working on Love For Life mostly 16 to 18 hours per day, 7 days per week almost all this time. We estimate over 100 million people have visited the website which maybe the only uncompromised freedom-truth website to have broken into main-stream. We received a call late last year from an American ex-Military Industrial Complex software engineer (30 years) who told us that he did some checking and said that out of the 140 million websites on the net, the website was sitting around position 177,000 for browser traffic. This is well below the 1% mark, right up there with the big end of town boys biting their ankles.

This is what we do;

"Put everything we think, feel & do to the test. Go where truth takes us - test all beliefs, faiths & associated opinions. Scrutiny of all information is key to our true freedom. If we don't offer up everything we think, feel & do for scrutiny, we'll never know for sure if we are supporting, condoning & promoting fraud. What if we are living a lie & are lost to it or in denial of it? What if the way we think, feel & what we do is a lie? Accepting information that only suits our belief system while disregarding everything else makes us lost."

We have debated with the best of them in "The System" in all fields of endeavour, across Earth, with many hundreds of people being involved over the years. The insights we share stand up to the test over and over and over again. We are obliterating all beliefs, faiths and associated opinions. This upsets people deeply but it has to be done. We were all taught to "spell" to be under the "spell". All beliefs and faiths are Satanic/Freemasonic "spells". All truth does not require belief or faith. In the middle of the word belief is the word lie. With help from others we discovered that every letter of the English language (called the New World Language) has a meaning not taught to the people. Within one of the posts listed below, link provided, we explain briefly about this subject. What we have uncovered are the true methods being used to braindirty/brainwash the people into being slaves processing the priests curses.

The Levite priests are masters of remote control, remote viewing and remote projection. They place their thoughts into their victims brains and manipulate them into believing it is their own brain creating these thoughts. The outcomes of our lives are the thoughts we think. If they can get you to think and feel what they want you to think and get you to put your life-force-energy into these thoughts you will create that world - their world! Slaves willingly create a world in their masters image without realising. No MAN* was ever meant to be in the image/likeness of another MAN. We were all meant to create unique thoughts because we are all unique, not one the same as the next. No MAN is master of another MAN. All men are equal.

* MAN = sentient men, women and children whose flesh lives & blood flows

Anyway, our main focus since March 2005 has been on remedy, which is the co-creation of Do No Harm Communities (Kindoms). We are determined to cause a mass exodus out of "The System" of NON-SENSE (unconsciousness/harm-doing/fiction/fantasy/illusion/delusion) back to SENSE (Paradise/consciousness/nature/earth/life/reality/SENSE). The insights to step out of "The System" fell into place between 2006 & early 2007 but we felt that we needed to learn all

the tactics used by the Freemasonic/Satanic world, ruled by priests, before we could move forward. We have now completed this task and are revisiting an email we originally wrote back in 2006 called "The Ten Steps Of Kindom" to rewrite, expand and keep it very simple (idiot friendly).

Over the last 24 months or so our family has received 12 serious death threats and over the last 14 months there have been three attempts on Arthur's life, the last time with our youngest of 4 daughters, Xanthe, a 3 year old, sitting in the back seat of the family car. And with all the wire tapping, heavy surveillance, intimidation, harassment, home invasions, & Fiona being kidnapped, etc, Arthur decided to mainly stay in doors since March 2010 to continue doing the Love For Life work. This has effected his health but it was a sacrifice we had to make because we have stayed focused on the bigger picture of waking up enough people to what is really going on. Arthur felt he was of more use to the dream of Kindom working on the net than being locked up or dead.

There are obviously many not happy people out there, terrified of what we are doing. The veils of the real scam are being pulled down which is exposing the shadow world for all to see. Through love, we are determined to completely transmute the cancer that is the Freemasonic/Satanic shadow world, both from within and from without. We know how to do this and are showing others a simple method used long ago which will bring a final end to this ancient "Order" of Non-SENSE, an "Order" that put into practise the spiritual suicide of MAN. We and all our ancestors are responsible for the billions of people murdered and devastating earth. This is why we are here. We've done this before. Preparing the foundations for MANS everlasting freedom has been a very hard dirty job, dust, dirt and mud is all over us and we don't have much to "show" yet as in booklets, DVD's, videos, etc.

6 years later we are now in the early stages of creating music (over 100 inspired contemporary sons written), videos, documentaries, talks, booklets, etc, to be circulated to whoever, wherever & however for free. We see Life Is the Gift of Life - Love Is Life and Life is Love. We were never meant to "own" anything. The articles and debates go into these themes in great detail. Here is a link: <http://www.youtube.com/watch?v=6RaskY5xv6U> where you can watch an 8 minute short story video, loved by many, which we plan to turn into animation with music, etc. Here is a link to a 28 minute video that was made suddenly earlier this year: <http://loveforlife.com.au/node/7866> Other videos can be found here: <http://loveforlife.com.au/node/7275> and here: <http://www.youtube.com/user/ArthurLoveForLife>

Re-Presenting Is The Pull Of Duality Into False Consciousness

**Unravelling Lies And Liars
And The Remedy To The Lies
By Arthur & Fiona Cristian
Love For Life**

19th April 2011

This article is about what we feel is the kernel of the heartfelt-inspired insights we have been unravelling from outside-the-square over the past six years. We have spent thousands of hours sifting through the information we have come across, keeping that which we find to be truth and discarding that which is lies, until we have been able to simplify everything down to a remedy that does not require hours of reading law dictionaries and memorising Laws, Acts and Statutes. It does not require knowledge of how to prepare and file legal documents.

What we share in this article can be used to unravel all the lies we have been fed and to step out of "The System" to freedom. Once anyone can comprehend this information and is inspired, they can apply it in whatever area they are working with, whether religion, law or whatever, so long as they are unwavering in their determination to see their objective through. They will be able to prove that all men are equal and that no one has authority over another, and to make right what has been made wrong, particularly if they have a large, strong force of committed men and women beside them, to stand up to brute force tactics.

Applying this information successfully, we will be able to free innocent men and women from jail and release others from the grip of harm-doers seeking to rape, pillage and plunder their fruits of labour while exhausting their LIFE-force-energy. This approach will only work for those who are prepared to take full responsibility for LIFE and are not looking for something of "The System", i.e. financial gain, which will only keep them in "The System". This method will not work for those who have motives of greed and selfishness, power and control, self-centered glory and righteousness. It only works with love.

This information can be used to discern whether new information is truth or lies. The real purpose of this work is to enable men and women to pull out of "The System" altogether and not be sucked into another one. To keep this article as brief as possible we have provided links below to seven recent Facebook discussions/debates and links to articles which collectively expand on the themes we touch on in great detail. We also want to thank three friends, Tom, Glen & Raymond, who shared some key insights with us over the past six years. They provided missing pieces to a very large puzzle we finally completed late last year.

Re-Presenting Is The Pull Of Duality Into False Consciousness

Learning To Re-present

We are so accustomed to re-presenting, learning how to do it from an early age, that we do it automatically, without awareness or comprehension of what we are doing. From the stories we are read to the belief systems we are indoctrinated into, we learn to place what is not real over what is real and to give up our uniqueness for a fairytale character within "The System". Thus when little Mary is looking at pictures of Alice in Wonderland while mum reads the story over & over again, Mary is learning to re-present someone she is not. She starts playing the game. When little Peter plays Superman, he is re-presenting someone he is not. This may seem harmless enough - the children are using their imaginations and having fun BUT, while they are in fantasy, they are not experiencing the real world and, once we learn this behaviour, we continue our fantasy life into adulthood although the fantasy characters we portray change as our scenarios change as we grow. It is this behaviour that keeps us apart and in conflict with each other because we are in conflict with who we really are and the real world we are part of. When we learn to re-present a

Christian, a Muslim, a Frenchman, an Icelandic woman, a New Ager, a politician, a democrat, a lawyer, etc, we are being someone we are not and re-presenting a fictitious character in "The System".

The Baggage

So strongly do we identify with the characters that we are re-presenting, that we will hurt our brothers and sisters of LIFE before we will give them up. So the Jews fight the Arabs, the Americans fight the Iraqis, citizens fight the Bar and government, politicians of one party fight with the politicians of another party and fans of opposing football teams fight with each other. See how we are kept apart by this baggage? And baggage it is, baggage that we can let go of if we choose and baggage that we have to let go of if we are ever to get together and co-create a world of peace, joy, freedom, truth, abundance and do no harm for ALL. This baggage makes us greedy, selfish, suspicious, uncooperative, ignorant, arrogant, righteous and harmful. It blinkers us from ever seeing clearly what needs to be done to create the world of love we all dream of. Even amongst those of the freedom-truth movement who are supposed to be fighting for a just, free world, there is bickering, back-stabbing and enmity with feuds amongst different factions.

We Won't Let Go Of The Baggage

Let's have a look at what happens when we ask Mary and Peter to stop playing and get ready for bed; first they ignore us - they don't want to slip out of fantasy back to reality. Then, when we persist, they resist; "I don't want to stop playing!" "I don't want to go to bed!". They may get really upset, throwing a tantrum and hurling abuse, "I hate you, Mummy!", and even physically lashing out, so much do they want to continue in their fantasy world, being the fantasy figure of their choice in the fantasy story of their choice. The same thing happens when, as adults, we are asked to question our belief systems; "Give up my religion? No way!" "Let go of years of research into the legal system? No way!" "Give up booze and meat pies? No way!" "Give up slavery? No way!" "I want my Common Law!" "I want my Law Degree!" "I want my trial by jury!" "I want my constitution!" "I want my democracy!", etc, etc.

We cling on to what we have been taught to re-present even if there is clear evidence that the way we are living is causing destruction to LIFE that is who we are. We would literally rather die and cause the death of all LIFE forms of LIFE than give up our belief systems. Our addictions to baggage are so strong that we will resist truth and get angry, attacking those who show us truth and even maiming and killing our brothers and sisters of LIFE to defend our addictions. It is the baggage doing the attacking because their baggage is all they have to offer and the baggage is who they have become. Are we any different from Mary and Peter clinging to their fantasy characters? The baggage we have become includes our "self", whose needs and desires we are enslaved to and our system "person/strawman" whose responsibilities in "The System" we have to fulfil.

From early childhood, from Alice and Superman, we move onto pre-school and then school and perhaps university where we are given more and more stories to re-present, more fantasy to become addicted to and more and more information that is not of LIFE to place over LIFE in the name of politics, science, evolution, religion, spirituality, consciousness, the cosmos, etc, until we have forgotten how to connect with the reality of LIFE any more. Everything of the real world has been labelled in many different ways by the information of "The System" and our heads are so busy re-presenting this man-made out-of-thin-air information that we are unable to feel, hear, see, touch, taste or smell the natural, pure and sincere information of LIFE that each LIFE form is offering us unconditionally for free. Most of our waking life, most of the thoughts in our head are not thoughts of LIFE but are thoughts of "The System" and we form crowds, flocks and groups with others who like re-presenting the same "system" thoughts as we do and resist mixing with those who re-present other "system" thoughts. Thus we are divided and ruled, burdened by the growth of baggage that becomes us. "The System" is the baggage that has become all of us.

With every re-presentation that we enact, there is both the scenery and the character we are acting in that imagining that occurs only between our ears - nowhere else is this occurring, be it a story about relativity, darkness, time, money, the universe, other worlds or quantum physics. We are superimposing this fiction over LIFE just as Mary turns the family dining table into the setting for the Mad Hatters Tea Party. When we focus on 1, 2 or 3 or a, b, or c or that Mars is a planet, for example, we can't bring forward 1, 2 or 3 or a, b or c or Mars or compass, square, universe, law or magnetic north to back our claims that they exist. We are just re-presenting fiction that is the thoughts of other men & women that we echo as re-presenters. Our brains are like film projectors and the re-presentation information is what we are re-creating through the projection of these thoughts that we superimpose over LIFE just as little Mary re-presents wonderland over the real world.

Getting to grips with the way we re-present everything of "The System" of baggage is the key to our escape from the enslavement of "The System". Recognising that "The System" is a copy of LIFE, a shadow, that has been placed over LIFE and needs our LIFE-energy to appear to exist is how we discern what is truth and what is not. Is what we are feeling or experiencing of LIFE? Can we feel it, see it, smell it, touch it, hear it and taste it? Does it have purity and sincerity? Does it still have the presence of LIFE present? Is it LIFE sustainable, meaning, is it free, not needing our LIFE-energy, the fruits of our labour, to live? Or does it need us to interact with it, to start it, stop it, manufacture it,

mine it, process it, explain it, manage it, enforce it, build it, repair it and believe it. Everything that is not of LIFE and is not LIFE sustainable is fraud and it is this fraud, this re-presenting, that creates the duality that is the basis of all belief systems of "The System".

How We Accept The Lies Of Duality

Re-presenting the thought of God is lying. The God of the thought of God does not exist and therefore is not God. Living creator exists because its presence of LIFE is present amongst us, here and now. Mary re-presenting Alice in Wonderland does not make Alice or Wonderland real either. Only Mary is present with the presence of LIFE and she has to re-present Alice and Wonderland because they are not present to LIFE and are both without the presence of LIFE. This is duality. This is baggage. Mary has become a slave to Alice and Wonderland and has to re-present these thoughts to give them her LIFE so they can temporarily have the illusion of being real. But they will never have the presence of LIFE to be present amongst the living, amongst what is real. They are not LIFE-sustainable.

All forms of duality are satanic; Mary is real but Alice isn't. This is duality. Satanism is the practise of creating fairytales, the baggage, and then hijacking men, women and children to fall into those fairytales so that they give their power away to them so they can be ruled by the rulers in the fairytale. Satanism is getting men, women and children to shoulder burdens of baggage so that they limp through LIFE weighed down, enslaved and under the standing of the inventors and rulers of the baggage.

Satanism is the practise of duality, i.e. heaven and hell or we are tiny aspects of a universe at the effect of greater forces than us or we are all on a journey heading from somewhere to somewhere. These ideas are lies. They do not have the presence of LIFE present. Because the believers in heaven and hell have been brainwashed to accept and believe in the hierarchies of archangels down to cherubs in heaven and the authority of the devil in hell, they accept the hierarchies of "The System". They agree to be ruled over by the re-present-atives of hell. They accept judges, priests, Police Officers and other "authority figures" as having authority and standing over them here and now. Those who are "good", law abiding, compliant and peaceful citizens of their faith go to heaven while those who are "bad" and break the rules of their faith go to hell. In "The System", those who are "good", law abiding, compliant and peaceful citizens of "The System" are "allowed" to earn their money, buy their houses and live unmolested by the enforcers of "The System" while those who are "bad" feel the full force of the enforcers of "The System". They have been so familiarised with their chosen fairytale that they view their lives through their beliefs, just as little Mary turns her home, garden and family into scenery and props for her performance of the Alice in Wonderland fairytale.

As Above So Below Is The Duality Of Baggage

All Satanic thoughts are without the pure and sincere substance of LIFE. All substance is SENSE because it has LIFE, is LIFE-sustainable, and its presence of LIFE is always present amongst us. Alice and Wonderland are NON-SENSE while Mary isn't. Yes, she is presently lost in a fairytale but Mary has pure and sincere senses of LIFE; sight, sound, touch, taste, feel and smell - it is just that she is forgetting to use them all here and now. Mary is caught up in a world of thought without sense embodied. This satanic practise is often referred to as the "worship of the intellect" which is at the core of all Freemasonic teachings. Mary believes that Alice and Wonderland exist, even though she cannot experience them here and now with all her senses of LIFE. As Alice and Wonderland are without sense, Mary has to act on their behalf, use her sense, to re-present them. Mary's performance of Alice and Wonderland is based in non-sense. Mary will never be able to bring forward Alice or Wonderland to back her claim that Alice or Wonderland exists. All satanic thoughts are without the presence of LIFE to be present amongst us, the living.

Bible believers claim the bible is the living word of God but they are unable to bring forward their God to back their claims here and now. Just as little Mary's Alice always remains invisible so does the God of the bible believers. We say: "Hello God, can you please come forward to back John and Rachael's claims. We want to touch, taste, see, smell and feel you while we hear your tongue confirm John and Rachael's claims." Because John and Rachael are unable to bring forward their God to back their beliefs, their claims default back to them as fraudsters. They are both impersonating a God so they can, acting as impostors of a God, place their claims and their lives on to a higher standing than other men, women & children. This means they are both re-presenting a God of NON-SENSE. This non-sense is causing conflict and chaos between other men and women, of equal standing, caught in the crossfire of John and Rachael spreading their righteousness all-around. John and Rachael have been dumbed down by the baggage of a God that has become them. Due to non-sense, they are incapable of seeing the harm they are causing and spreading all around and they are unable to take full-responsibility for stopping the harm.

The same thing occurs in "The System" where the clergy, judges, politicians and law enforcement officers, etc, all believe that they have authority over those who do not have those titles. They are re-presenting NON-SENSE, especially when there is a maxim of law that states, "All men are equal before the law"! And those who go to the courts or accept Police, lawyers and barristers telling them what to do also believe in this imagined authority. It works both ways. We support the Wonderland structures that enslave us and even fight to keep them or strengthen them. But where is democracy? Where is Court? Where is Common Law? Who can bring them forward for us all to

experience with our senses and hear from them, first party to first party, the proof that they have authority over us? All they can bring forward is a man, woman or child to back their claim. Again, this is re-presenting non-sense for the purpose of power and control. This is all duality. This is a continuation of the baggage. All fairytales/non-sense is baggage.

The challenge is to become detached from duality so that we can see it for what it really is. The duality of non-sense only exists as part of belief systems and our belief in duality keeps us locked in our belief systems - without belief systems, there is no duality, there is no baggage, there is no re-presenting non-sense.

As someone wrote to us recently through Facebook after reading our articles and Facebook discussions/debates, "I am aware how duality comes in all its many forms only to keep us going back and forth almost like a dog chasing its own tail. Around and around we go and every time we go around the bend, we don't recognise that we've been down that road before. The same old thing, just a different dressing to make it new and improved, only to be had once more. But good news is I, like others, have caught on."

The Belief Systems Of Duality (baggage)

These belief systems of duality are the spells woven by the "We Will Lead Every Revolution Against Us" men and women of "The System". In order to keep us enslaved to "The System", they have to convince us that "The System" is changing and that we are responsible for making some of those changes. Those behind "The System" provide us with the chaos of "The System" and then offer us the remedy to the chaos. They have all bases covered and we fall for their spells, attaching our fiction "selves" to the remedies they offer, not realising that no remedy with or of "The System" will give us freedom. Hence the effect of the dog chasing its tail; the remedy we pour our energy into only continues our enslavement. We are the ones with the power of co-creation so the world we see around us is what we are responsible for creating. When those behind "The System" trick us into thinking the thoughts they want us to think, we oblige by creating the world in the image of those thoughts. Those behind "The System" even provide physical/material "evidence" to support those thoughts. They are black-magic masters of deception, remote projection, remote viewing and remote control and we, unwittingly, fall for their thoughts. Not conscious of our gift for co-creation, our true power, our brains, is being used against us.

It is hard to comprehend that the baggage of "The System" is in nearly every area of our lives. The moment we stop doing what is natural to LIFE and start re-presenting what we have been taught by "The System", we are weighing our lives down with more baggage. When we process/cook food and liquids, this is baggage. When we kill and eat flesh and blood creatures, this is baggage. When we worship false idols, this is baggage. When we cause pain and trauma in others, this is baggage that they then start re-presenting and carry as baggage. It is no wonder that there are so many unhappy, lonely, frightened, distrustful people around, carrying both the baggage they have been taught by "The System" and the baggage of others that has been pushed onto them. Even the read and write alphabet languages that we read and speak, all the mathematics, geometry and all university courses and careers add to the baggage. It is all stuff that we have to re-present, meaning that we don't have much LIFE any more. We are totally bogged down being slaves, almost totally disconnected from LIFE.

The Baggage Continues

So immersed are we by the baggage that some of us even work against our brothers and sisters of LIFE to maintain the baggage. Throughout the freedom, truth, consciousness, health, education, science, New Age, spiritual & all alternative movements are intelligence agents whose job is to make sure that we are not putting down our burdens of baggage. Some we think are friends and on our side. Some we've known for years and have worked together with. "We Will Lead Every Revolution Against Us" - they get to know our thoughts, who we are talking too, the groups that we are part of or the new groups/grass-root-movements we are creating with others and the true intentions behind them. They get to know what our plans and dreams are, what we eat and drink, when we sleep, where we socialise, what we like and dislike, how we feel and how we think. They get to know almost everything about us because we let them into our private lives and accept them when they set themselves up as trusted leaders/shepherds/influential guides of their flocks.

The tactics they use to get us to trust them are brilliant but very predictable once you become conscious of them. They may be thrown in jail and roughed up, picked on by Police, done over in court, etc. Things are not what they seem. "If they can get you to think what they want you to think and get you to put your LIFE-energy into these thoughts & feelings, you will create that world (their world). Slaves willingly create a world in their masters image without realising." The deception is far deeper than most realise.

Not only are these agents both the "good guys" and the "bad guys", they often also create scenes between them, getting their followers to "take sides" and thus be still more divided. See this link for an example: [Dr Len Horowitz Talking About Benjamin Fulford - web.mac.com/len15/Newsletter & Blog/Knighting Controversy.html](http://web.mac.com/len15/Newsletter_&Blog/Knighting_Controversy.html) - Knighting

Controversy - AFFIDAVIT AND TESTIMONY OF DR. LEONARD HOROWITZ REGARDING THE MURDER OF JOURNALIST EDWARD HARLE INVOLVING AGENT-PROVOCATUERS AND CO-CONSPIRATORS BENJAMIN FULFORD, GREG SZYMANSKI, AND OTHERS LINKED TO LIBEL AND A PLOT TO ASSASSINATE DR. LEONARD HOROWITZ

These intelligence agents then report all information back to their central intelligence networks which filter the information back to the Levite priests who control all sides of everything in "The System", their "system of systems", their enclosure of many enclosures, their mazes within many mazes, their matrix, their fairytales. As we said "We Will Lead Every Revolution Against Us". Whose thoughts are we thinking and most importantly, who benefits long-term through our compliance to these thoughts? By knowing our thoughts, they control the outcomes to suit their agenda.

Change Agents Of Baggage

Not only are the intelligence agents the leaders of their fields, they are also men and women who work across the internet in forums and social networks to discredit and bring down those who are pure and sincere in the inspiration to co-create freedom for ALL. These agents send abusive attacks and character assassinations. They try to emotionally manipulate their targets and those they are in contact with to break down bonds that are forming between them. Many of these agents are themselves controlled remotely by the Levite Priests and their lackeys through Black Magic. In "The System", this manipulation occurs in every area of life; there is nowhere the presence of this satanic agenda is not present. It is all pervasive. And those managing the network of the Satanic agenda are the higher Freemasonic orders, the henchmen of the Levite Priests that are above the "benevolent", lower levels of Freemasonry. This is all more baggage.

Having a man-made "system" with currency, laws, governments, etc, requires slavery. It is impossible to have a man-made "system" without having slavery. Currency, insurance, commerce, laws, governments, rulers, law enforcement, etc, do not exist and are of duality. There is the presence of MAN whose flesh lives and blood flows present amongst us and then there is currency, insurance, commerce, laws, governments, rulers, law enforcement, etc, which do not exist, requiring MAN to re-present them. There are billions of slaves presently amongst us.

A copy of LIFE is the shadow world that is the man-made darkness. The Freemasonic world rules over the shadow world. Re-presenting forms the shadows that disconnect us from who we really are and what we are really part of, from each other, all other LIFE forms of LIFE and our true purpose. Just as the Obelisk in Washington DC is erected over water so that it has a reflection, "The System" is just a poor reflection of LIFE. Why do you think the obelisk was placed there? They always show us the truth but they do not teach us how to recognise it. We are being ruled by the shadows of our own projections. Mary's Alice is a shadow.

How They Keep Us Apart

The freedom truth information is already showing up as not working. We are hearing of more and more cases of men and women using this information still being evicted from their homes and of many other cases where those of "The System" are ignoring their own laws just to ensure that we remain enslaved and that no precedents are set that could free us all. This situation is true to one of the tactics of the change agents of "The System" whereby they raise our hopes by seeming to have remedies, only to dash down those hopes when the remedies don't work. The mantra is always, "We can't beat "The System"".

All the supposed roads to freedom are whitewashed/white-anted. Men and women waking up become aware of their enslavement, look for the way out and are overjoyed when the "good guy" of "The System" comes along, seeming to have all the answers. Like a shepherd to his flock, he leads them along to what they think is freedom but is actually only another enclosure of "The System". The methods that should work don't work and, slowly, the men and women realise that they have not found freedom after all. They try again but each new enclosure is still in "The System" and they are still enslaved.

Those behind "The System" do have a remedy planned for the problems we are all experiencing and it will be one that most will jump at because it will sound wonderful, erasing all debt and other enticements of that nature. However, it will not be freedom but just a new version of the current system, a New World Order (NWO) system wrapped in shiny paper with sparkling ribbons but still backed by the same force only, this time, the force will be stronger and more pervasive and our "rights" will be fewer and we will be even more under control than we are now. We will jump at it because nothing seems to be working; all the remedies are failing, life in "The System" is getting harder and harder, we are working longer and longer hours and seeing our families less and less. Earth is becoming more and more polluted and we are becoming sicker and sicker. Why wouldn't we jump at a remedy that seems to offer relief from all this suffering? We will be on our knees and delighted when the Chosen One of "The System" comes along to wipe out all our worries.

The NWO is not the present chaos led by the "bad guys" with their police state, forced vaccinations, global warming, wars, terrorism, injustice, loss of rights and freedoms, etc, the NWO is the remedy to this chaos led out front by the "good guys". Both the "bad guys" and the "good guys" all come from one of the thirteen Ancient Egyptian Freemasonic "orders" (13 lost tribes of IS RA EL) spread out across Earth.

As we have written many, many times, the only remedy to our situation is to form do no harm communities where we take care of each other and nature. Those behind "The System" also know that this is the only way we will cause a mass exodus from "The System" and away from their clutches, so do you think they are going to let us set up communities without trying to have some sort of influence? Of course not. We have noticed that some of the leaders in the freedom truth movement are starting to talk about community as a remedy. If they are pure and sincere in their intent, this is great. However, some of them are there to set these communities up for failure down-the-line, to show us that we cannot get together and overcome our baggage. The baggage everyone brings to community destroys it and the change agents know this which is why they don't teach everyone how to let go of all the baggage. If necessary, they will also infiltrate communities to bring about their downfall by stirring up problems and creating divisions. This is easily dealt with if we are forming our communities with pure and sincere information driven by the intent for purity and sincerity in everything we think, feel and do but they will no doubt have some success with communities that are not prepared for this tactic of destruction. We do not want to be sucked into re-presenting the "as above, so below" duality that will have us be enslaved in the next version of "The System", the NWO.

Why Re-Presenting?

So why all the effort to teach us to re-present?

Those behind "The System" need our energy and our belief to keep "The System" intact and active. Without us, there is nothing. Without Mary there is no Alice or Wonderland to re-present. They need us to be slaves to "The System", re-presenting/performing the constructs of "The System" and giving our power away to the black-magic masters of "The System". We are already of LIFE which is a natural "system", a way of co-creating with LIFE through SENSE that is natural to us. In order for us to forget our connections to LIFE and to abandon and destroy LIFE so that it no longer has the presence of LIFE present, we have to be taught from early childhood to put our energy into something other than LIFE, into the fake, contrived, man-made system of civilisation which we are taught to place over LIFE. As none of the constructs of "The system" have LIFE, if we do not put our LIFE energy into them, they are nothing. For those behind "The System" to keep the status quo of everything for them and crumbs for the rest of us, we need to be persuaded to maintain that situation for them.

We have been conned into living in a world of man-made constructs and there is not ONE construct (CON-struct) of "The System" that can be backed up by those who worship it because ALL constructs of "The System" exist nowhere but as fantasy, illusion and delusion between the ears. They are fraudulent ideas without LIFE that we must support and maintain, enslaving our lives in the process. If we are to escape "The System", we must be vigilant in routing out all the fraud. It is vital that we all scrutinise thoroughly ALL the information we come across rather than just accepting that which fits our belief system, and that we all learn to go where truth takes us if we are pure and sincere in our intent to co-create a world of peace, freedom, abundance, joy and Do No Harm for all.

LIFE is love and love is LIFE and we are the ones with LIFE/love. "The System" has no love/LIFE and so is nothing without the LIFE/love we put into it. In a community, it is the LIFE/love that we put into that community that sustains it.

Thought Without LIFE Are Not Real

The thought of God is not God just as the thought of Jesus, consciousness, love, peace, freedom, joy, abundance and do no harm for all are not Jesus, consciousness, love, peace, freedom, joy, abundance and do no harm for all. All dreams have a creator. Imagine the dream of LIFE is a bubble (a metaphor); Living-creator thought out the dream of LIFE in great detail, held all the thoughts that make up the whole of LIFE in focus and then put its LIFE into those thoughts to give LIFE to the dream of LIFE. The presence of Living creator is always present to everything Living-Creator created. If Living-Creator removed its LIFE from the dream of LIFE, the bubble, the dream of LIFE would fade away and die. TRUTH always has the presence of LIFE present (here & now). Truth is LIFE-sustainable and does not require MAN to be a slave for its existence. TRUTH always has SENSE (sight, sound, touch, taste, feel, smell) while lies are always based on NON-SENSE.

LIFE is the LIFE of Living-Creator and is the living body of Living-Creator. All thoughts without the LIFE of Living-Creator present, are Satanic, and are fraud and lies. This is why we say the thought of God is not God, instead it is a dead God. It's when we give LIFE to thoughts that are LIFE-sustainable that they are real and LIFE-sustainable. LIFE is the Gift of LIFE. In paradise, every breath is a gift of LIFE, every drink of water is a gift of LIFE, every bite of raw-living food is a gift of LIFE, every step we make is a Gift of LIFE and is an act of co-creation with LIFE. Every thought

given LIFE is sacred. We were all meant to be taking full-responsibility for everything we think, feel & do; unfortunately most don't because they have fallen into fairytales that have them lost and re-presenting lies. Mary, as Alice, does not want to take responsibility for the things she has to do as Mary in the real world. Mary has left it to others to take care of her responsibilities in the real world. This is what we are all doing in "The System"; we have forsaken our responsibility for LIFE and allowed others to make the decisions for us, which means that we now have rulers who take care of things provided we DO WHAT THEY SAY, i.e. be their slaves. "The System" is Wonderland for adults. It is impossible to have any man-made system without rulers and slaves. Re-presenting a system, cashless or not, requires slaves and rulers.

Re-presenting is the basis of "The System" and learning not to re-present is the basis of freedom from "The System". Re-presenting is at the heart of all religions, all occults and esoterics, all university courses and careers, all science, mathematics and read and write alphabet languages. It is the basis of all false prophets.

Waiting For Salvation

All dreams come with full responsibility and it is our role to take full responsibility for LIFE. However, we have learnt to pass on that responsibility to false gods, prophets and laws and, in doing so, we have forsaken the dream of LIFE to the point where it is dying and we, as LIFE, are dying. Rather than face up to the mess we have created, we place all our hopes on someone, something, somehow, somewhere to solve everything for us. And there are plenty of false prophets willing to tell us that, if we just sit tight and hold on, everything will come out all right. See this example:

"Isa 25 ([Stones - Hebrew text & NKV](#))

Yahweh will eliminate death forever, And YAHWEH will wipe away tears from all faces;
He will remove the shame of His people and the shame of His nation Israel for ever;
For YAHWEH has spoken.

Then he said to me: "Son of man, these bones are the people of Israel. They say, 'Our bones are dried up and our hope is gone; we are cut off.' And many of those who sleep in the dust of the earth shall awake, Some to everlasting life, ([Some to shame and everlasting contempt. Those who are wise shall shine Like the brightness of the firmament, And those who turn many to righteousness Like the stars forever and ever.](#)) And it will be said on that day: "Behold, this is our God; We have waited for Him, and He will save us. This IS YAHWEH; We have waited for Him; We will be glad and rejoice in His salvation.""

This is **Re-Presenting The Pull Of Duality Into False Consciousness**

If 6 billion children were brought up in forests not exposed to "The System" or to anyone exposed to "The System", would they all know about Alice and Wonderland? Would they know about Yahweh? Would they all be re-presenting NON-SENSE or would they all be present to the presence of LIFE of Living-Creator and all equal team-players of LIFE, all taking full-responsibility for LIFE?

How many people are waiting for God, Jesus, Yahweh, the Prophet, the Galactic Federation, the White Brotherhood, the Asian Triad, Nesara, Maitreya, someone, anyone, to come along and make it all better with one whoosh of their magic wand? How many are waiting to be proven right; that their way was the right way and that they are among the chosen? This is all re-presenting NON-SENSE. Where is Yahweh? Why is Yahweh limited to time? Why is he invisible? If he is our father or whatever, why is he removed from us? Would parents erect barriers between them and their children? Can Yahweh appear before all of us so that we can all experience him with all our senses of LIFE? Can he move a mountain range 100 kilometres with us all watching? How will he stop us all thinking and feeling satanic thoughts and feelings? Are we puppets on a string? If we don't each have full-responsibility for LIFE then who and what are we? Where are his ancestors buried? Where do his children play? What is his address so we can visit to have a chat while having a bite to eat and a drink between us? Would we all suffer, if not fade away and die, if he did not exist? For more on this, see the Facebook discussions/debates referred to below.

Don't those waiting for their chosen prophet realise that freedom for one means freedom for all? That abundance for one is only possible when there is abundance for all? That do no harm for one is only possible when there is do no harm for all?

Even many of those who do not believe in a saviour still think of the "Universe" as something separate, greater and more powerful than them and that the "forces" of the Universe will sort things out and "right the balance" between light and dark, good and evil. This is still duality - light balanced by dark, good balanced by evil. Can they bring forward the universe to back their claim? Can they bring forward darkness? Is not what they call "universe" just part of the body of LIFE that we are? Is darkness not just the absence of light (LIFE/reality/sense)? LIFE is information, darkness is information and words like spirit and soul and light are information but does darkness have the presence of LIFE present amongst us? Or is darkness just another pretend shadow we made up just as Alice is a shadow of Mary's projection? SENSE is consciousness, is LIFE - NON-SENSE is unconsciousness, is death to LIFE - sense is

information - non-sense is information and we become in the image of the information we put our LIFE-energy into and project.

All men are equal - this means that no one has authority over another and that all of us are equally responsible for LIFE. This also means that there is no almighty father figure with more power than any of us. Until we learn how not to be slaves or rulers or deceivers we will always have the problems we are experiencing now.

The Matrix

Written by Andy Wachowski & Larry Wachowski

Morpheus: I imagine that right now you're feeling a bit like Alice. Tumbling down the rabbit hole?

Neo: You could say that.

Morpheus: I can see it in your eyes. You have the look of a man who accepts what he sees because he's expecting to wake up. Ironically, this is not far from the truth. Do you believe in fate, Neo?

Neo: No.

Morpheus: Why not?

Neo: 'Cause I don't like the idea that I'm not in control of my life.

Morpheus: I know exactly what you mean. Let me tell you why you're here. You're here because you know something. What you know, you can't explain. But you feel it. You felt it your entire life. That there's something wrong with the world. You don't know what it is, but it's there. Like a splinter in your mind -- driving you mad. It is this feeling that has brought you to me. Do you know what I'm talking about?

Neo: The Matrix?

Morpheus: Do you want to know what it is?

(Neo nods his head.)

Morpheus: The Matrix is everywhere, it is all around us. Even now, in this very room. You can see it when you look out your window, or when you turn on your television. You can feel it when you go to work, or when you go to church or when you pay your taxes. It is the world that has been pulled over your eyes to blind you from the truth.

Neo: What truth?

Morpheus: That you are a slave, Neo. Like everyone else, you were born into bondage, born inside a prison that you cannot smell, taste, or touch. A prison for your mind.

(long pause, sighs)

Unfortunately, no one can be told what the Matrix is. You have to see it for yourself. This is your last chance. After this, there is no turning back.

(In his left hand, Morpheus shows a blue pill.)

Morpheus: You take the blue pill and the story ends. You wake in your bed and believe whatever you want to believe.

(a red pill is shown in his other hand)

You take the red pill and you stay in Wonderland and I show you how deep the rabbit-hole goes.

(Long pause; Neo begins to reach for the red pill)

Remember -- all I am offering is the truth, nothing more.

(Neo takes the red pill and swallows it with a glass of water)

Why was this film made? Why were we "allowed" to see so much of the "truth"? Because, while they show us the rabbit-hole, they don't show us the full extent of the rabbit-hole and how deep it really goes. They don't show us about re-presenting and how the only way out of the rabbit-hole is through our love, our gifts for LIFE and our willingness to come together with our brothers and sisters of LIFE for the benefit of LIFE. "The Matrix" is the feel-good, quick fix, the confirmation that all is not right with the world, without a way out or any responsibility required.

Have We Got What It Takes?

When we wake up to the fact that everything of "The System" is Wonderland and, however much fear and pressure is forced upon you by the actors in Wonderland, it is still Wonderland, you realise that nothing of benefit to LIFE can be found in Wonderland. Just as Mary has to pack up her game and join her family in the real world, so we have to have the courage to let go of Wonderland. We need to pack up all the costumes, throw away all the titles and everything else we are re-presenting and return to the real world. Wonderland is not a remedy to Wonderland; behind all the trickery and treachery there is only force and force cannot co-create a world of peace, freedom, truth, joy, abundance and do no harm for all.

We need to stop using their books and their laws and just show them the fraud. They can never prove that any of the constructs of "The System" exist; all they can bring forward is another man and they will never admit that all men are not equal. Exposing the fraud is the remedy to dealing with the law and is the way to solving all our issues. But ONLY if we are brave enough to give up our baggage and stop re-presenting the lies that keep us enslaved. If we go into the courts, we go in as living co-creators of LIFE. We do not go in to use their laws, their books or to partake in their rituals. We go in to expose the fraud and show that they have no authority or jurisdiction because they cannot bring forward any proof to back their claims that they do, just as we, who have created our own Alice and Superman to act in "The System", cannot bring forward Alice or Superwoman, only the living man or woman whose flesh lives and blood flows, the living-creator/living-co-creator.

When we have peeled away all the re-presenting baggage all that remains is LOVE FOR LIFE and, from being selfish, self-centred, greedy, fearful individuals (in-divide-u-all-s), clinging on to our beliefs and our possessions, we become like the rays of the sun, shining our love for life outwards for the benefit of LIFE, secure in the information that, as we pour all our LIFE into taking care of LIFE, so LIFE will take care of us. The thoughts of Living Creator given LIFE of Living Creator are the gift that we have. We can be present to those thoughts, to the pure and sincere information of LIFE, anywhere, throughout all our waking LIFE, if we chose to and if we are prepared to let go of the baggage that keeps us from being present to those thoughts. When we stop re-presenting the fear, trauma, distrust and indifference of "The System", we connect with the real dream of LIFE and experience (remember) the true working of the dream of LIFE and our natural inheritance as co-creators of LIFE.

When we take full responsibility for our baggage, we start to forgive instead of blaming, harming and dumping. We can forgive the men and women we are and forgive all the baggage and devastation we have caused to us, each other and nature. We realise that it is not about first or last, rich or poor, have or have not, but about taking care of the dream of LIFE so that it doesn't fade away and we don't fade away with it.

Even the masterminds of "The System" and their henchmen need to be forgiven because they too have been brainwashed, they were all once innocent babies. All the impure and insincere thoughts they send out are curses that cannot escape LIFE because LIFE is all there is. This is also true of all the impure and insincere thoughts we send out; they cannot escape LIFE and, in the end, they return to the maker but not before causing harm to LIFE. We can learn to stop thinking impure and insincere thoughts and stop sending out curses but we cannot stop others doing so. What we can do is not accept the curses of others, instead, sending them back to their maker. Forgiving those behind and of "The System" does not mean that we do not stand up to them or accept their curses, only that we forgive them even as we stand our ground. We need to break the Freemasonic/Satanic spell over those bound by the oath of death and thus break the perpetuation of this NON-SENSE. Most, if not all, are in fear of each others reprisals and missing out on sitting by the side of their Lord in their after-LIFE.

Communities Without Baggage

We are currently re-writing the Ten Steps Of Kindom (Freedom) in which we set out the steps to take in order to co-create Do No Harm Communities, Communities Without Baggage and, when we have found a venue and the support necessary, we will start running workshops based on the Ten Steps Of Freedom where we can all learn how to start letting go of our baggage and taking responsibility for our thoughts, feelings and actions.

Nothing can escape our making. We are responsible for everything we are experiencing around us and for everything being experienced by our brothers and sisters of LIFE. It is our thoughts and the energy we give them that is the world we are all experiencing here and now. Our thoughts cannot escape LIFE and are what is used to create the world we all experience here and now. All the natural disasters are created by us as well. All we learn from "The System" is how to do harm and all this harm is curses that we send out in the image of our thoughts.

Do No Harm communities are for those who want to stop creating and supporting the curses that are destroying LIFE, as well as providing a sanctuary for those fleeing "The System".

We already are LIFE, we already are unique and we already have everything we need for lives of freedom, truth, joy, abundance and do no harm for all. All we have to do is help each other remember how to create those lives. Individualised and alone, we will achieve nothing. Together, strong in our commitment and through love, we can do anything we aspire to.

In this series of posts scroll down to view the latest goings on and the documents we created to deal with the representatives of "The System". So many of their documents, letters, etc, are designed to deceive, trick and intimidate; note how on the last letter back from the SDRO says that "no further correspondence of this nature will be considered" but then there is a reference number at the bottom of their letter for replies!!!! Start asking lots and lots of questions. Point out when they do not answer your questions. Think everything through very clearly to work out what they are really saying in legalese. All their documents are written in legalese, not English. Since 2007, they have

not wanted Arthur anywhere near their courts, so they use thugs/force to deal with us, providing no avenue for Arthur to enter their dread-world (fairytale) court (caught) system to confront their fraud. This may obviously change - lets wait and see.

7. For Documentation Of Harm Done By The Powers-That-Be And Their Representatives, Evidence Revealing How Victims Did Not Break The Peace, Caused No Crime or Harm, There Were No Injured Parties. Documenting Incontrovertible Evidence Demonstrating How The Powers That Be (PTB) And Their Lackeys Will Break All The Laws They Are Supposed To Uphold. They Will Kidnap, Intimidate, Terrorise, Rape, Pillage, Plunder And Lie And Take Responsibility For None Of It. All Part Of Their Tactics Of Using Fear And Trauma To Keep Us In Our Place. Relatives Of Those Under Their Radar Are Also Not Safe From Attack And Intimidation. All Starting From A \$25 Fine For Not Voting And A \$65 Fine For Not Changing A Dog Registration. Unravelling The Lies Re-Presenting Is The Pull Of Duality Into False Consciousness Facebook & Email Discussions/Debates

If we contemplate on the information shared in these Facebook discussions/debates about non-duality and re-presentation, and go where the logic of truth takes us, they wipe out ALL belief, faith and associated opinion, showing them up as the false flags they are. Debates are brilliant for testing truth because when we go where the logic of truth takes us instead of fighting for a belief system that keeps us enslaved we can see duality for what it really is, a belief system superimposed over LIFE/Reality. The ones listed below still with a Facebook link will be uploaded to the Love For Life website ASAP. Links will be found here: <http://loveforlife.com.au/node/3385> Some of these discussions were started by others and we joined in. The Main Insights Of The Love For Life Work Can Be Researched Amongst These Recent Posts

These posts will help you to comprehend where we are at and heading and why the REMEDY of KINDOM (Do No Harm Communities) Is the ONLY remedy that frees MAN from the slavery to man-made HELL.

We suggest reading & contemplating each post sequentially as listed below:

We were all sharing long before we were invaded and conquered by those who brought us an artificial system and we were sharing naturally through love without having to do harm to MAN, Earth, Nature. Does your child need to pay you before you will share your apple with him or do you share out of love? Now, we are still sharing with each other but we share with each other using an artificial system that is a third party between us and which does absolute harm to MAN, Earth, Nature! Instead of giving an apple to our neighbour, we sell the apple to the apple buyer, who sells it to the shopkeeper, who sells it to our neighbour. Wouldn't it be simpler to just pass the apple over the fence for your neighbour to enjoy, and enjoy the days when your neighbour passes an orange over the fence to you. And we're not even going into all the taxes and other tariffs placed onto the apple!

We give you a box of apples if we have more than we need and you give us a box of oranges because you have more than you need; you do not give us the box of oranges BECAUSE we have given you the box of apples. Both boxes of fruit are freely given with no conditions attached. The giving does not have to be done at the same time. The giver of the apples gives them because he/she has them to give when he/she has them to give, and the giver of the oranges gives them because he/she has them to give when he/she has them to give. It is an act of giving done freely without conditions or expectations.

Videos: Key To Kindom Co-Creation Of Do No Harm Communities Causing A Mass Exodus From "The System" By Arthur & Fiona Cristian Love For Life

7th February 2011

24 Minutes 47 Seconds

WELCOME TO LOVE FOR LIFE. Love For Life is committed to the creation of Do No Harm, Kin Domain communities throughout the world. Kindoms, where we grow our own food and support one another away from the endless rules and obligations we currently struggle under, are the only way to achieve lives of peace, joy and abundance for all and take care of Earth so that Earth flourishes. Love For Life shines a light on the darkness of the world we live in so that we may all recognise that darkness and until there is nowhere left for it to hide. March 2005 - Arthur & Fiona Cristian

7th Feb 2011, 837pm, Sydney time. Please read "The Ten Steps Of Kindom" here: <http://loveforlife.com.au/node/5788> to see how we achieve the dream of Kindom. This email was written in 2007 as a rough, sketchy idea that we intentionally left alone while we continued our search for truth and the remedy to our problems. We have come a long way since then, particularly in the ways we now word things so we are shortly to update it into a full working model. We will also be posting more information on the topics covered, either in other videos or by adding to this one.

Please read our articles to explore all the insights we have been unravelling and putting to the test to be sure we are on the path of Do No Harm: <http://loveforlife.com.au/node/3385>

Hi Everyone

We released another video. A long time coming. We plan to do more shortly.

Thank you to Justin & Bruno for coming out to Bowral one afternoon and making this spontaneous video with us. Children thoroughly enjoyed your company as we did.

You can see how much weight Arthur has put on since March 2010 after being followed, the three serious attempts on his life over the past 8 months or so, the last time with 3 year old Xanthe in the back-seat of the family car and the 12 serious death threats to the family over the past 18 months or so. Its effected him much more than he realised.

Even though he is a dedicated raw-food eater (no meat or dairy or cooked food) he hasn't managed the change in his lifestyle as well as he could have. He used to fast walk 2 hours per day at least 5 days per week. He has probably had around 7 walks since March 2010, He stays in doors for weeks on end working 16 to 18 hours per day for Love For Life. He feels his life is of better use serving LIFE over the net, doing what he does, reaching out to anyone he can help wake up than being locked up or dead and lost to the cause of true freedom. Fiona looks beautiful as always.

All the best

Once Upon A Time
Fiona Cristian - 8 minutes 37 Seconds
by Arthur Cristian (videos)

A Grandmother and her grandchildren are walking through a forest when one of the grandchildren breaks a small branch off a tree. The Grandmother stops walking.

Grandmother - Did you break that branch to bring sunlight to the flowers beneath?

Tom - No, Grandmother, they are violets that like the shade.

Grandmother - Did you break it because you wanted to take blossoms to your mother?

Tom - No, Grandmother, there are no blossoms on this branch.

Grandmother - Then why did you break the branch, Grandson?

Tom - I guess I wasn't thinking, Grandmother. I have broken the tree for no reason.

Sam - But there are so many trees in the forest, Grandmother, why does it hurt that Tom broke just one?

Grandmother - Children, if there are many of you and I hurt just one of you, does it matter? Do you think it matters for Katie if I choose to hurt her rather than Judy? And if I hurt Katie, will I not also be harming the rest of you because you will now have doubt about how I might behave towards you. If I can hurt Katie, might I not one day hurt any of you?

Come children, this is a nice place to sit - I have a story to tell you.

THE FAIRYTALE

Once upon a time there was a world full of people who loved to be slaves. They so loved being slaves that, if anyone suggested that there might be a way not to be a slave, the slaves raised their eyebrows, gave an embarrassed laugh and turned away as quickly as they could.

The slaves lived in a beautiful world full of natural wonders; of waterfalls, lakes and powerful seas, of mountains, valleys and majestic forests and of everything they needed to live lives of joy, freedom and abundance.

Their beautiful world was what sustained them, giving them air to breathe, water to drink and food to eat. Without their beautiful world, the slaves could not survive but they had been slaves for so long that they no longer noticed that their enslavement was slowly killing the world that gave them life.

They had forgotten that they were part of their beautiful world and their beautiful world was part of them. They had forgotten who they really were.

The slaves spent most of their time giving their energy to an artificial world, a fairytale that had been superimposed over the natural, life giving one. As the fairytale had no life force energy of its own, it needed the constant input of the slaves to appear to function.

Like all slave masters, the fairytale was not kind. The slaves had to spend hours away from their families and homes "working", just in order to have a place to live and food on the table.

There were rules and regulations that the slaves were expected to conform to and those that transgressed were severely punished.

Of course, all the slaves had to do to be free was to get together and remove their energy from the fairytale because, without them, it could only collapse. But the fairytale had systems in place to teach the slaves that they were all individuals, isolated and alone, and that a life of slavery was the only one possible.

They learnt that only slaves belonging to their particular slave group could be trusted, that their slave group was superior to any other slave group and, in some cases, that they must be prepared to fight other slaves and even die for their slave group. The fear and trauma generated by the images of the fairytale kept them firmly in their places.

Thus it was impossible for the slaves to unite despite the fact that, deep down, every slave was aware that their addiction to slavery was killing the world that gave them life.

So why did the slaves keep working for the fairytale and giving up their freedom if they knew the consequences? It was partly because the hole seemed too deep and frightening to climb out of, partly because they had been taught to expect someone else to solve their problems for them and partly because they were too tired from working so hard for the fairytale to think about it. But the main reasons the slaves kept their heads down and tails up was that they were unwilling to give up the temptations of the fairytale.

Concoctions of chemicals disguised as food, with tantalising tastes that induced cravings, despite the damage done to the body. Drinks full of poison that sent you out of your mind for a while so you could forget your worries. Shops full of things to possess, bigger, better places to live, smarter, more powerful means of transport, more exotic and exclusive places to travel to, countless coverings for the body, and an endless array of ways and means to fill the time not spent in the service of the slave master.

Upon all these things the slaves placed more value than their freedom. As long as they could have their fairytale addictions, they were willing to be slaves.

A few slaves tried to turn the tide. They tried to break free of their shackles but it was very hard. Often they were punished, ridiculed and starved back into submission, even though all they asked was to be able to take on the responsibility of caring for themselves, others and the natural world.

As time went on, the fairytale became an increasingly harsh master, demanding more and more energy from its slaves until even previously happy slaves began to feel that all was not right.

As the demands grew, so did the restrictions until the few avenues available for the slaves to take back their freedom dwindled away and the punishments for slaves attempting to do so became even more severe.

The fairytale spread over more and more of the natural world, raping, pillaging and plundering until the rivers were choked, the mountains gouged beyond recognition and the forests reduced to matchsticks teetering in dusty, barren soil.

As the air became too thick to breathe, the water too contaminated to drink and the food lost all its life forces, the slaves began dying too quickly and in numbers too large not to notice.

Too late, the slaves realised that the fairytale had nothing to offer them and that they had all but destroyed their only means of existence. Chaos all around them, the remaining slaves realised they had to change their ways before it was too late.

But where to start?

There were a few slaves who had seen the signs and hidden themselves away. They had stored clean water, kept some seeds and found the few trees left that could provide them with clean air.

As the relentless destruction trickled to a halt and Earth breathed a sigh of relief, these slaves came out of their hiding places and gathered together with the others, ready and willing to take on the job of repairing the damage done.

And perhaps, even as they looked around at the desolate remains of their once beautiful land, they smiled because they had remembered who they really were and at last they were free.

Katie – And did they do it, Grandmother? Did they save Earth?

Grandmother – Have a look around, children. Did we do it?

Judy – We? We, Grandmother? Were you one of those slaves?

Grandmother – I was.

Tom – And Grandfather?

Grandmother – Yes he was, children. Grandfather, Great Uncle Collin and Great Aunt Danielle and many of the other older men and women you know.

Sam – But how did you do it, Grandmother? How did you make Earth better? If it was all broken and dirty, how did you fix it?

Grandmother – The first thing we had to do was to look at everything we had been doing and see how we had hurt Earth. And then we had to work out how to live in ways that didn't hurt Earth.

We realised that the only way to help Earth become the beautiful paradise it had once been was to make sure that everything we did helped Earth and didn't hurt Earth.

Sometimes we do break branches or chop down a tree but we never do it if we don't have a good reason. That's why I asked Tom why he had broken the branch.

He was not thinking or feeling the tree when he broke the branch and so he was able to do harm to the tree. And you are right Sam – just one little branch doesn't make much difference in a beautiful forest like this one, but imagine if everybody began breaking branches, thinking that just one branch wouldn't make any difference. In time, the forest would be full of broken trees.

This is how we start to do harm children, and one seemingly small act of harm leads to complete destruction if it is repeated enough times. Now I have told you the story of how we nearly destroyed Earth before you were born, I hope that you will always be mindful of your actions so that you will never do harm to this beautiful Earth we are so lucky to live on.

Children – We will, Grandmother. Of course, Grandmother.

The End

THE HOUSE

Fiona Cristian - 8 Minutes
by Arthur Cristian (videos)

There was once an enormous house with hundreds of rooms. In these rooms lived many, many people, sleeping, waking up, eating, drinking and going about their daily business.

The house was not a very safe house; things were always going wrong and many unfortunate accidents were had by the people of the rooms.

For the most part, the people accepted this as part of life in the house. They thought that unfortunate accidents were to be expected because nothing is perfect and the builders of the house had surely done the best they could when building it.

Occasionally a few people got upset, especially when they were the ones affected by the unfortunate accidents, and complained to the builders who usually sent a representative round to fix the odd hole in the wall, patch up a few windows, assure the people that all was well and generally smooth things over.

The complainers were not always satisfied but, with no other recourse at hand and surrounded by others telling them that everything was ok and not to worry, they soon found it too difficult to swim against the tide and turned back to their distractions.

And distractions there were aplenty for the thoughtful builders had not only built a place for people to live, they had built a place where the people could have FUN! There was sport, entertainment, recreational activities, an endless array of courses to learn about an endless array of subjects, gardens for those who liked to grow flowers, any number of different spiritual centres and, on the more illicit side, there was easy sex, alcohol, drugs and gambling. There was something for everyone.

Of course a few of the diehard complainers said that the builders only provided the distractions so that people would spend all their time on them rather than focusing on all the accidents their shoddy building work was causing but they were written off as trouble makers or slapped on the back and told to come to a distraction centre and forget about it.

If they persisted in making a noise, House Security would come and have a word with them and, if necessary, look after them in a secure place for a little while so that they did not interfere with the enjoyment of the rest of the inhabitants of the house.

For the most part, the people of the house were too caught up debating and even fighting over whose distraction was the best and which distraction everybody ought to follow to spend time thinking about the builders and their failure to provide a safe house.

Given the problems with the house, most of the inhabitants were happy to leave it to the builders and had little time for anyone who suggested that there might be ways to improve the house or even do away with it altogether.

As well as distractions, the builders of the house provided learning centres for children where, from an early age, they were instructed on and taught to memorise how the house worked, the rules of the house, the infrastructure of the house and how to do their part in maintaining the house.

It was also explained to them that there wasn't really any other way to live apart from in the house and that, unfortunate though the accidents were, there wasn't really anything the inhabitants of the house could do and that the builders were doing their best to set things right and would be able to do so if they had the support of the inhabitants of the house.

As they grew up, the children of the house could either continue learning about the hows and whys of the house or they could start "working" for the house. This was another way the inhabitants of the house filled their time.

Most of them spent many of their waking hours working for the builders of the house in all areas of the house. Some added new rooms for new people, others worked maintaining the infrastructure of the house while still more worked in the area of distractions, running the sport, entertainment, etc. Others worked for the builders making "improvements" to the house which were always widely broadcast as "progress" but which somehow never seemed to solve the problems of the house.

There were those who learnt how to instruct children in the learning centres, those who joined House Security and also those who learned how to provide medication for those suffering from the ill effects of their distractions and life in the house in general.

These medications did not cure the sufferers but allowed them to get back to work and to their distractions as quickly as possible. Indeed, they did not expect to be cured because most people around them were not completely healthy so they accepted ill health as the norm. Of course, the builders of the house tried to help them with all sorts of initiatives but somehow disease and ill health persisted.

"Work" was considered very important because the type of work a man or woman did determined how they lived within the house. Those whose work was deemed very important were given bigger, smarter rooms and access to more supplies than others whose work was not thought to be so important, even though there was often little difference in time spent working.

Not surprisingly, those who received less for their effort felt resentful towards those who received more which led to the erection of barriers between different parts of the house.

Barriers were also erected between those who felt so strongly about their chosen distraction that they could not live near supporters of a different distraction without coming to blows.

A few inhabitants tried to bring everyone together to focus on how to deal with the problems of the house but habits were entrenched and common ground not to be found.

So the unfortunate accidents and problems with the infrastructure of the house continued.

There were problems with food and water supplies, overcrowding, roomlessness due to people not working hard enough to keep their rooms and a House Security that was over stretched dealing with inhabitants who refused to obey the rules of the house.

Suffering was growing to such an extent that even the usually most contented house inhabitants began to murmur about improvements being needed. Too many people were hurting, too many people were sick and too many people were struggling just to have food and a ceiling over their heads. Something had to be done.

Finally the builders of the house called a meeting. They had a solution. They had built a new house, an improved house for everyone to live in.

The new house had a much stronger and more powerful House Security whose job would be much easier because all the inhabitants of the new house would have a member marker in them so that they could be instantly identified.

This would make it less complicated for them to get supplies of food, water and whatever else they needed and easier for them to travel about.

Even better, no one would be allowed to live in the new house unless they received injections that would keep them safe from the many diseases of the old house and ensure that they were happy and willing to accept the rules of the new house.

The builders would be able to keep a much closer eye on everything to ensure that life ran smoothly and that any unfortunate accidents were kept to a minimum.

The builders ensured the people that they had looked at all the alternatives and were more than satisfied that a new house was the best solution available for everyone, especially as the new house was equipped with even more distraction centres than the old one.

There would be even more fun for all.

Most of the people were happy; they would be able to move to the new, improved house and get on with their lives of working for the house and enjoying the distractions of the house.

A few were not happy and voiced their discontent.

They did not see how the new house was an improvement to the old house, especially as it seemed to just be an updated version of the same.

They questioned how the problems of the old house would not begin to appear in the new house. They appealed to the builders to reconsider and even said they would like to build their own houses, without help from the builders.

The builders smiled and gently suggested that they had done the research and it was not possible for the people to take on such responsibility.

Without House Security in place, anything might happen, without the new injections, who knew what diseases might run rampant and without the learning centres, how would the children understand the importance of the house?

To be sure of food, water and a place to stay, the new house was the only option. The demolition team was booked for the old house and systems were already set up for the transition from the old house to the new one.

There really wasn't anywhere else to go.

THE ORIGINS OF THE HOUSE

Fiona Cristian - 4 Minutes 57 Seconds

by Arthur Cristian (videos)

Once upon a time there was no house. The people lived simply on the land in harmony with the rest of creation and with each other.

They did not see themselves as apart from creation but as part of creation. Like a ray of sunlight, a grain of sand on a beach or a drop of water in the ocean, they knew they were linked to every other living thing of creation and that every other living thing of creation was linked to them.

It was because of this that they were careful to live without doing harm to any other part of creation because they knew that if they harmed one part of creation they were also harming themselves and the rest of creation. They lived like this for many, many years.

Then, one day, the people of the land saw an enormous ship sailing towards the shores of the land they lived on. As it grew closer, they saw men covered from head to toe in strange garments carrying objects they had never seen before.

The ship stopped and some men climbed down into a smaller boat and headed for the shore. Wary but curious, the people of the land moved to meet them.

A man got out of the boat and walked towards them.

The people of the land greeted him courteously, stifling their amusement at the way he was dressed.

The man opened his mouth and spoke gobbledygook. Again muffling their giggles the people of the land used sign language to try and communicate. They offered food and water.

The man offered them some brightly coloured objects which seemed to have no use but which were accepted gracefully by the people of the land who did not want to seem ungrateful. The man went back to his ship.

Days passed and the men from the ship visited daily. The people of the land continued to be polite but they could not comprehend what the men wanted or why they persisted in giving them so many useless objects made from materials they had never seen before.

Most of the people of the land tried to get on with their usual way of life but one or two of them spent time with the strange men, learning their gobbledygook in an attempt to find out what they were doing there. Eventually, they called a gathering of the people of the land.

They explained that the men on the ship wanted to build a great house, which was a place for everyone to live. The men on the ship would teach the people of the land how to live in the house and new ways of living with each other. They would teach them their gobbledygook and show them how to cover themselves like the men on the ship. They would show them new ways to keep healthy, new ways to eat and new ways to raise their children. They would give the people of the land some of their strange things and teach them how to use them.

The people of the land talked for a long time. They did not see anything wrong with the way they already lived their lives in harmony with the rest of creation.

They had also seen the men from the ship behaving in ways they did not like; the men killed some of their animal friends with things called guns, made fires and sometimes drank something that made them behave very stupidly and even made them ill.

The food the men gave the people of the land made them feel unwell and some of them had also felt ill just from being in contact with the men. They could not see what benefit the house would bring them.

The people of the land politely refused the offer of the men on the ship and went about their business, expecting the ship to leave. To their surprise, the next morning, they found all the men from the ship lined up on the shore holding their guns. They said they had come to build the house for the people of the land.

The people of the land repeated their disinterest in the house and asked the men to leave. One of the men from the ship fired his gun into the air. The house was to be built.

So began a time of terror for the people of the land; anyone who refused to go along with the men from the ship was killed. Women were taken and children beaten.

Other people of the land arriving to help were killed or forced to help with the building of the house. More men arrived on ships with more guns and the mass murders began.

The people of the land resisted as they could until they were worn down by the endless murder and destruction.

For the sake of their children, the remaining people of the land subjected themselves to the will of the men from the ship.

They helped to build the house and took up residence in it. They learned the ways of the men on the ship, to work for the men on the ship and to send their children to the learning centres of the house.

They tried to teach their children the stories of their previous peaceful way of life but they were so traumatised they found it hard to talk about and the stories they did tell were usually contradicted by what their children were taught at the learning centres.

Many of the older people of the land died of broken hearts.

More men, women and children arrived on ships and also moved into the house. They were given the best rooms and the important work. The people of the land who had the energy to care were aggrieved by this and complained.

The builders of the house smoothed things over with a few promises but nothing much changed; the problems of the house had begun.

Love For Life

18th October 2010

In response To The One-Heaven Work of
Frank O'Collins

Link: <http://loveforlife.com.au/node/7500>

All the information provided below regarding the "**Ecclesiastical Deed Poll**" and all other information provided by Frank O'Collins (and others) and from Frank O'Collins websites One-Heaven.org and Ucadia.com has not been tested by us. Frank says that others have had great success with the Ecclesiastical Deed Poll but we have learnt from experience that what works for some does not always work for others, although this document does seem to be vastly superior to any others that we have seen. Like all legal/freeman, sovereign, health, etc, information on the Love For Life website, this information is there for those who are interested in studying it, not as tried, tested and guaranteed to work. Make sure you comprehend it before you use it; as Frank says, if you cannot explain what you are doing and the information you are using in at least three ways you do not comprehend it sufficiently to use it effectively, especially when it comes to challenging "officials" and being tested in court (caught).

We have been saying for years that all man-made laws are derived from [black magic](#) and Frank's work explains the devious Roman Cult technicalities of this black magic and all its spells and rituals. Canon Law is derived from this wizardry which has been around for a very long time, all civilisations coming out of it. Across all his recorded history, Canon Law is just one of the many "crafts" (abominations) invented by the [Grand Architect](#) and "practised" by his descendants and devotees.

As we have stated before, pieces of paper do not create consciousness and we see the Ucadia System (includes information from One-Heaven) and Positive Canon Law as being just another system, albeit a "good" system. The problem with systems of any kind, bar the system of nature/LIFE that we are part of, is that they are dead-corpses and need to be administered by 3rd parties and need some (3rd parties) to have higher standing than others. Any manufactured system allows some to let go of taking full-responsibility for how they live their lives and to rely on others to tell them how to think, feel and what to do..... to "PASS THE BUCK"!!!

What Love For Life is all about is men and women taking FULL-responsibility for how they think, feel and act and learning to live in ways that do no harm to LIFE through feelings, thoughts, words and deeds. We have found that many who are attracted to the Love For Life work are really enthusiastic until they realise that going down this path means a complete change in how they live their lives and the possible/probable alienation of at least some family

members and friends who don't wish to wake up to the fact that they are slaves from birth to death. When you have been used to others telling you how to think and feel and what to do all your life, it is sometimes a scary proposition to take complete responsibility for your LIFE. Therefore, we predict that Positive Canon Law and the Ucadia System will become enormously well known across earth over the next twenty four months and will be used successfully by many.

Herein lies the deception; we feel that Ucadia is part of the new, feel-good (feel god), New World Order (the prophesied one thousand year golden millennium - the new civilisation of commerce) that we have been warning everyone about for the past few years. Here is "good", "just" law, based on spirituality and conscience, law that sends the curses of "The System" back onto the cursers, freeing those who use it of their binds to "The System". BUT just ask your brains a few questions: where has all this information come from? Where does Canon Law come from? What history and knowledge is Canon Law based on? What System does it come out of? Is it part of the information of nature/LIFE or is it part of "The System"? If all men, women and children are equal, why is Ucadia full of hierarchies, both "spiritual" and "earthly"? This is no different from the current "System" that teaches those who are looking for spirituality that there are the heavenly hierarchies of Archangels down to cherubs. This acclimatises and persuades us to accept the hierarchies that govern us as "normal" and even "necessary" for the sake of order. Please read our recent article: We Are The Life Of The Dream Of Life: <http://loveforlife.com.au/node/7417> and listen to this recent one hour thirty four minute American Freedom radio interview with Arthur and Vinnie Eastwood: <http://loveforlife.com.au/node/7483> which explains CON-structs that are the basis of all "Systems" (All Civilisations Of Commerce Are Apocalyptic By Design) and all darkness and destruction. We are also writing further articles on the topics mentioned here so, if you are not registered to the Love For Life mailing list and would like to receive them, please register here: <http://loveforlife.com.au/content/09/05/14/campaign-mailing-list> - We feel that comprehending CON-structs and the difference between the information of LIFE and the information of "The System" is vital if we are to regain our true freedom.

Frank also talks about the connections between the spiritual side of his work and the Celtic culture of Ireland. We feel, however, that this Celtic culture goes back to the culture of Ancient Greece which goes back to Ancient Egypt. These civilisations and all those between are all civilisations of "The System", following the trail of the Aryan bloodlines of the Grand Architect and his descendants who have been the founding fathers of all the civilisations of "The System" and who are behind the creation of this new system now being imagined out of Ucadia, One Heaven and Positive Canon Law. Constructs, constructs and more constructs.

CON-structs are without connection to the information of LIFE and are the basis of all occults and esoterics, including Positive Canon Law and Ucadia. CON-structs include all read and write alphabet languages, mathematics and sacred geometry/geometry. None of the CON-Structs we think and feel have anything to do with reality/LIFE and have everything to do with distortion and destruction to LIFE. If you can't find the form of every thought and feeling you think and feel in the information of LIFE/nature, if your thoughts and feelings are not LIFE-sustainable, needing your LIFE to perform for them and maintain them, then you are thinking and feeling CON-structs and destruction to LIFE/nature. To return to being who we really are, we have to stop thinking and feeling CON-structs and start thinking and feeling the information of LIFE/nature. All CON-structs make slaves out of every man, woman and child who believe, serve and worship them. Please explore all our Facebook discussions posted here: <http://loveforlife.com.au/node/3385> some of which go into this subject in great detail.

To recognise a construct, look for the substance to back it; where is the natural substance of One Heaven and Ucadia? Ask,.... would we all suffer if not fade-away and die if they did not exist? What do they do for LIFE that aids LIFE in rolling along here and now? Where are their ancestors buried? Where do their children play? Where do they live so we can visit and have a chat with them? Does anything natural in LIFE depend on their existence, their LIFE, to exist? Do we have to rely on invisible, third party spiritual beings for information which is passed down to us through third party men and women to comprehend One Heaven and Ucadia?

Another topic discussed with Frank was the Song of LIFE; Frank talks about the need for all cultures to sing the song of earth and life to bring us all together. While we agree that there is a Song of LIFE, we are talking about the Song of LIFE that is the song of the living creator, made up of all the thoughts and feelings (not negative, destructive emotions) of the living creator that make up the dream of LIFE. This song is LIFE sustainable because it IS LIFE. It is the DNA of LIFE that is all LIFE and is made up of the sounds of LIFE that are not sounds found in any of the information of "The System", including sounds made by CONstructed musical instruments following mathematical scores. Beware the Song of LIFE that has words. The true Song of LIFE is the living word of LIFE, the true language of MANS tongue and the true image of the creator who embodied the dream of LIFE with the LIFE of the creator. The information of the Song of LIFE is something the Grand Architect was not able to work with because he was creating anti-LIFE rather than LIFE, which is why it is not to be found in his System. As for the substance of the Song of LIFE - we are the substance of the Song of LIFE (if we remember who we really are) because we are the embodiment of the dream of the living creator.

The breaking down of civilisation is getting the majority to stop thinking and feeling (believing in) the information that forms the old civilisation, so they can walk away from it and into the new system on offer from the powers that be, like sheep walking through open gates from one enclosure to the next. It's all about getting us to think and feel what the Powers that Be want us to think and feel, and manipulating us through seduction and temptation to get us to put our energy (power of LIFE) into these feelings and thoughts so we create a world (the new "System") in the image of the powers that be without ever realising that the new system does not have our, and the next 100 generations to come, best interests at heart.

The Powers that Be have to use the truth to get people to break away from the old system so that they learn to walk into the new system because most men and women, especially those searching for truth and freedom, recognise the truth when they see, hear and feel it. Those promoting the new system are not necessarily "baddies", just good people with good intentions who are being used to ensure that the new system is just the old system in shiny, new wrapping paper. Many who work for "The System" are controlled by remote projection from those at the very top and are totally unaware that their thoughts and ideas are not always their own. A lot of these people are targeted young for their intellectual brilliance and prepared for their roles in "The System" even if it takes those preparing them 30 to 40 years to do so. We have written about this and will be writing more - again see "We Are The Life Of The Dream Of Life": <http://loveforlife.com.au/node/7417>. We are not claiming that Frank O'Collins is a baddie, just that he is a product of years of "The Systems" brainwashing that teaches him (among others) to believe (put his energy/power of LIFE) in the CON-structs that are the basis of all demonology which are all the fairytales that we are performing in and giving LIFE to. We do, however, feel that he is sincere in his work.

So, by all means learn all you can about Canon Law and perhaps it will help some of you get "The System" off your back, especially if its goons are breathing down your necks, but don't say we didn't warn you when you realise it is just "The System" in another guise. We will certainly let everyone know what happens with the Ecclesiastical Deed Poll. Just REMEMBER, pieces of paper and CON-structs are dead and can do nothing without the LIFE force energy of living, breathing man and women. If Canon Law works, it is because the men and women of "The System" are ALLOWING it to work. "The System" is nothing without our energy and we have the power to put our LIFE force energy into "The System" or into LIFE and, if we choose LIFE, there is nothing those of "The System" can do to stop us.

Above the prescribed medication and sedatives that is the fog of paperwork, words and numbers, we are dealing with men and women whose ancestors murdered hundreds of millions and who will murder more millions to get what they want but ONLY if we accept what they tell us and fall into their game plan. They think they can take on LIFE and defeat LIFE, keeping just enough LIFE to maintain their System. What they don't realise is that no one can take on LIFE and win and, the more destruction they cause to LIFE, the more their curses will come back to them. A distortion cannot cure a distortion. With billions now thinking and feeling distorted images, we are creating LIFE in this image and there is nowhere for this distortion to go but LIFE because LIFE, which we are, is all there is.

Frank talks about how those behind "The System" deflect their curses into money but money is still a fiction that has no LIFE force. Eventually the curses will come back and the only way for LIFE to absorb them is by taking them into earth in the physical form of a FEVER, as in numerous, massive earthquakes, tidal waves, volcanoes, cyclones, tornadoes, floods and other "natural" disasters, just as our body has a FEVER when sick with distortion, with diarrhoea, other explosive bowl motions, vomit, sweating, mucus flow, shaking, disorientation, etc. Collectively, through pure and sincere feelings, thoughts, words and deeds which Do No Harm to LIFE, we can quickly heal the curses (the distortion), otherwise, shortly, the Earth's FEVER will come and go unexpectedly across Earth for weeks on end to heal the distortion. Earth FEVER mirrors the distortion of MANS negative destructive emotions, thoughts and deeds. We are already experiencing locust swarms and the disruption of nature with bees disappearing and fish dying off. There is nowhere the cursers can hide. The fever of their making will complete the cycle of curses, transmuting the cause. LIFE is tenacious and far tougher than "The System". Whatever happens, LIFE will be triumphant.

"The System" has to have its "Good Guys" and its "Bad Guys". Only the good guys can usher in the new system because if all the enclosures of "The System" were seen to be controlled by the bad guys from all sides, people would revolt against it. The people have to believe they are part of what is good and then they will do everything to protect their enslavement and the enclosures of "The System" that enslaves them.

The real system is the system of LIFE that is who we are and what we are part of. Our true purpose is to co-create LIFE with all other LIFE forms of LIFE, doing no harm to LIFE because, while we do harm to LIFE, we are destroying who we are and what we are really part of. We are the gift of LIFE and the information of LIFE that each of us is, is our unique gift for LIFE. However, if the information we share is distorted because of our brainwashing by "The System", all we can create is distortion. The great challenge for all of us is to learn to recognise which of our thoughts and feelings are "The Systems" distortions and which are the true, sincere thoughts and feelings of LIFE.

"A lot of efforts have been made to distort past reality. The possibility of distortion arises when Man abandons his own reasoning powers and forms constructs of the past based on somebody else's words and conclusions." Anastasia - Ringing Cedars of Russia series: <http://loveforlife.com.au/node/1125> and <http://loveforlife.com.au/node/3641> - LIFE is information. When we distort Nature and then eat, drink, absorb, think, feel, hear, see, touch, taste, smell and perform these distortions, stress over these distortions, work, live, dream and play with these distortions, the information of LIFE, your LIFE, our LIFE, our children's lives, everyone's LIFE, is distorted - Arthur Cristian.

So, we continue our call to Kindom, Do No Harm Communities of Conscious Men, Women and Children, Truly Free, No Beliefs, No Ownership, No Ones Sheep Nor Shepherd, Taking Full Responsibility for our Feelings, Thoughts and Actions.

We Stand For NO SYSTEM

Kindom (Do No Harm Communities) is the dream for freedom, but it is the dream for the freedom of those around us who also live the dream of freedom, because it is in living for the freedom of others that we get our freedom. When we live for the dreams of Kindom of those around us, we live life as a gift because we live for (dedicate our lives to) their dream of freedom, truth, peace, joy, abundance, etc, just as they live for our Kindom dreams too. This is true co-creation (cooperation) with no attack on the uniqueness of each of us. When we live this way, we have no need for any man-made system - everything/everyone has already been taken care of by our love for life.

Just as we do not have to jump 10 feet across the room to grab our next breath, neither do we have to worry about food, water and shelter because it has all been taken care of as we each co-create Kindoms/Kin-Domains for everyone. Now everybody and everything of the dream of life that is Kindom/Paradise is free (has been set free once again). The issue is greed and selfishness, power and control trips, arrogance, ignorance, being fed many many lies and being traumatised. The issue is not overpopulation - there is more than enough land available for every family to have a hectare (2.5 acres Kin-Domain) to care for. The land of Australia can provide a Kin-Domain for every family across Earth, each with a food forest, clean fresh drinking water and plenty of space for building natural do no harm habitats and with plenty of land left over.

Everyone must have the freedom to take full-responsibility for their lives, for the water they drink, the food they eat and for their shelter. Currently, "The System" forces everyone to give up taking full-responsibility so that we become grown up children accustomed to sucking on the nipples of "The System" corporations for everything, having to use money to get by and to follow the rules of money because we are not co-creating freedom, peace, truth, joy and abundance for each other. Money only leads to haves and have nots and all the abuse, manipulation and distractions that we are subjected to as slaves to money.

When we give up living for other's Kindom dreams, we start creating hell ("The System") all around us because we become self-centred - now it's all about "my freedom", "my money", "my land", "my belief", "my saviour", "mine", "mine", "mine", "i", "i", "i", "own", "own", "own", etc. To protect what we claim we own requires a man-made system with FORCE to protect those self-centred claims. This is ALL trauma based and all story-telling (brainwashing/braindirtying).

NO SYSTEM = KINDOM/DO NO HARM COMMUNITIES

Our true freedom comes when we set our thoughts of freedom into motion so that we live freedom rather than just talking and thinking about it while we still slave for "The System". Kindom will not happen while we meditate for hours in the bush or do yoga retreats or wait for Jesus or follow the processes of the OPPT (One People's Public Trust now called One People). This is not freedom because we are not living freedom because we are living the story-telling of Jesus or Zeitgeist or The Secret or Thrive or One Earth/Consciousness/People.

Living Kindom is very, very hard work as we set about repairing the damage to MAN/Earth/Nature that we are ALL responsible for but the burden becomes lighter the more of us put our life-energy into the dream of returning Earth to Paradise. Day-after-day, we all have to work our arses off until Kindom is all around us (MAN) once again. This is the price we pay to set each other free on a piece of land (Kin-Domain), so that no one is under the image-power (education/brainwashing/story-telling) of another MAN anymore and so that everyone can have their space of love to create and live their unique, do no harm dreams. This only happens once we have the Kindoms set up so that everyone is provided for.

Once we re-create the food forests, whether on land or in the suburbs, we can re-claim our freedom, breaking the strangle-hold of "The System" because we are no longer reliant on its services and benefits and no longer turning each other into slaves of "The System", cogs in the wheels of "The System" machine. If we don't put the effort in to set everyone and everything free all around us then we still live in HELL ("The System"). The key is to live for everyone else's freedom so that we can have it too.

A Collection Of Various Love For Life Posts Providing The Big Picture We See Sequential Order

We ask you to NOT believe anything we say/share and instead use scrutiny like an intense blow torch and go where the logic of truth/sense takes you. This is very, very important. Put everything you believe up to the test of scrutiny to see how it stacks up. If you are true to your heart/senses and go where the logic of truth/sense takes you will find that NO belief, etc, will stand up to the test of scrutiny. They just do not stack up because they are lies/fraud.

After you have watched and read all the material and any questions are left unanswered, send us your landline number and we will use the internet phone as a free unlimited call. We are on Sydney NSW Australia time. Best times for us to chat are between 11.00am and 6.00pm.

It is critical that you fully comprehend Image Power, "Spelling", Trauma, Reaction To Trauma, Curses, Processing Curses, Full-Responsibility/Liability, Limited Liability/Responsibility (passing-the-back), Slavery, Senses/Sense vs Non-Sense/Senses, Re-Presenting Intellectual Property such as but not limited to "Name", Storytelling/Storytellers, Duality, Black-Magic, Belief, Lies, "I", All Seeing "I" (eye), etc..... These themes and others are covered over and over and over again.

If you do not comprehend these insights and are unable to use your senses to sense your way through all the non-sense/non-sensory-images that enslave MAN under their image power (darkness = "The System" = Hell), men and women will remain deeply trapped under a terrible state of trauma. Our intention is to inspire you to remedy by showing you how to move away from reacting to trauma in all its nefarious and devious forms.

Peaceful Transition Through Sacrifice And Service

We feel there is an essential peaceful do no harm transition required to get all of MAN back to standing on MANS feet without reliance upon another MAN for water, food, shelter. As it stands everyone in "The System" are highly dependent and reliant on the "group mind-set" that forms "The System" of slaves providing services and benefits for the emotionally addicted slaves to "The System" (and you can put us in the same basket too). The transition is to get MAN back to relying ONLY on nature without 3rd party interlopers, intermeddlers, interceders getting in the way. The transition is a team effort with the foresight for setting all of MAN free down-the-line so that MAN is no longer dependent on slaves and masters providing services, benefits, privileges and exclusivity while being bound to contracts, rituals, procedures, conditions, rules & regulations which compromises MAN severely.

This transition is all about shifting from limited liability/responsibility to full liability/responsibility. This full responsibility is all about caring for our health, nature all around us, clean uncorrupted (pure) water and food, partner/co-creator, children, shelter, animal-friends in partnership, etc. In "The System", we are already together destroying each other - we have to come together to create peace together so that we can all have peace. We cannot live peacefully when we are islands, not taking full responsibility for the lives of those around us until EVERYONE can take full responsibility for their life, which means that EVERYONE is healed of system trauma. In "The System", we all come together to make slaves of each other - now is the moment to come together to set each other free, to live for each other's freedom, peace, joy and abundance. Once we have set each other free, we are free.

Once we fix these issues, we or our children or our descendants to come, can start focusing on the even bigger picture of getting back to where our ancestors were, as breatharian's, before they fell into non-sense images to be enslaved by them.

The Cristian Family Declaration

The Cristian family and The Love for Life Campaign are apolitical, non-religious, non-violent, anti weapons, anti drugs (both pharmaceutical and recreational) and anti any ideology that denies the existence of Do No Harm Communities (Kindoms) and suppresses the uniqueness and freedom of all men, women and children.

The Cristian family and our Love For Life work is unaligned to any big business corporation, intelligence agency, government body, "system" law, "system" think tanks, "system" green or environmental movements, religion, cult, sect, society (fraternity, brotherhood, sisterhood, order, club, etc,) secret or not, hidden agenda, law or sovereignty group, occult, esoteric, New Age or Old Age.

The Cristian family supports and promotes the remedy that brings an everlasting peace, freedom, truth, joy, abundance and do no harm for all of life without causing loss of uniqueness or the need for having slaves and rulers. We are not into following the one in front or being shepherds for sheeple. Most importantly, we take full-responsibility for everything we think, feel and do.

The Cristian family are not Christians.

THE CRISTIAN FAMILY PLEDGE

Being of clear brain, heart and intention, we each declare the following to be true:

- We have no intention of ending our own lives.
- We will not tolerate suppression of truth, ideas, freedom, or our work. We stand for freedom of speech.
- We stand together to support others in the expression of truths and freedom to speak out no matter how radical those ideas may seem.
- Standing for freedom takes courage; together we shall be strong in the face of all odds.

- If it is ever claimed that we have committed suicide, encountered an unfortunate accident, died of sickness/disease, disappeared, been institutionalized, or sold out financially or in any other way to self-interested factions, we declare those claims false and fabricated.
- We testify, assert and affirm without reservation, on behalf of all those who have dedicated their lives to the ending of secrecy and the promotion of freedom of thought, ideas and expression that we shall prevail.
- We Do Not Have Multiple Personality Disorders

Update Regarding The Love For Life Home Page And Quick User Guide

We are turning the Love for Life Quick User Guide <http://loveforlife.com.au/node/6608> into a blog of all the main insights of our work since March 2005, whether through articles, videos, podcasts or discussions/debates.

As we do not have the time to compile everything we have written into a book, as many have suggested we do, compiling all our most important work into one area of the website is a way of providing easy access to this work so those interested are able to fully comprehend the big picture.

Instead of having to find our different articles, videos, etc, in various parts of the website, it will all be accessible here: <http://loveforlife.com.au/node/6608> and here: <http://loveforlife.com.au/node/3385>.

Love For Life Videos

As amateurs and posted in the Quick User Guide below the Facebook links, we're currently creating and posting a series of videos called "The Dream Of Life" which covers the ground of all the Love For Life insights. We plan to have the videos completed by December 31st 2012. Once this is behind us, our intention is to create a 2 hour or so video covering the body of this work. All videos are embedded in the quick user guide <http://loveforlife.com.au/node/6608> and uploaded in Arthur's YouTube channel: <http://www.youtube.com/user/ArthurLoveForLife>.

Love For Life Music

We have started recording songs, with others, that express the themes of Love For Life. They are now being posted on Arthur's YouTube channel: <http://www.youtube.com/user/ArthurLoveForLife> and are embedded in the quick user guide <http://loveforlife.com.au/node/6608>. We have over 100 songs to record. A few rough demos have already been used as the soundtrack on the first "Dream of Life" video.

About Us - Love For Life & The Cristian Family

Also, everything we, the Cristian family, have gone through, from bank fraud and the theft of the family home to death threats and attempts on Arthur's life, is documented in the Quick User Guide too. If you, the reader, are prepared to put the effort in, you will comprehend the extent to which we have all been tricked into becoming slaves, giving up our uniqueness and our full-responsibility for life and destroying everything of life to the point where life is

in danger of dying out completely. You will also comprehend the remedy to all this chaos; a remedy that requires only love for life and the determination to do what needs to be done. Though our focus is very strongly on the remedy that creates a world of freedom, truth, peace, joy, abundance and Do No Harm for all of life without loss of uniqueness or the need for slaves and rulers, we realise that it is vital to comprehend how to get there and what stops us from getting there. This is why there is so much information on the hows and whys of everything going wrong in the world today. We are not into peddling conspiracy theories, we are into routing out all forms of organised crime.

THE CRISTIAN FAMILY SUPPORTS FREEDOM OF SPEECH - FREEDOM OF THOUGHT

**NSW Jewish Board Of Deputies
Has Threatened To Shut Down
The Love For Life Website**

**No Freedom Of Speech - No Freedom Of
Thought**

Love For Life does not support harm doing in any shape or form. However, we are supporters of free speech and post articles, documentaries, etc, that represent a wide cross section of ideas. See the Love For Life extensive research library where over 6000 documents, articles and videos are posted: <http://loveforlife.com.au/node/82>. We clearly see the evidence of the destruction to MAN and the earth that has been caused by ALL religions over the centuries and are therefore not supporters of religions, cults, sects or any group that demands conformity of thought, speech or action, or has rules, regulations or rituals that must be followed. Religions, nationalities and cultural "identities" are formed as a result of the brainwashing we receive from childhood. They are part of the tactics the Establishment uses to keep us all divided from one another and fighting one another.

All religions promote discrimination and division, leading to hatred and even violence and murder. None of them have yet to produce a remedy to all the suffering, poverty, unhappiness and discrimination in the world. If any religion truly had the remedy to all the suffering on earth, there would no longer be any suffering. What have Christianity, Islam, Buddhism, Hinduism, Judaism, atheism and the New Age done to end the suffering in the world?

Since December 2006, there have been many attempts to take down the Love For Life website. Any attempts have been thwarted by Love For Life supporters inundating the harm-doers with emails, etc, objecting to them taking down the website for a variety of reasons. The trouble makers usually back off when they realise that they can post all their views, arguments, beliefs, etc, in the Love For Life website without censorship or restriction imposed. They get to see that even the Queen, Pope, Prime Minister, President of America, etc, can post all their views without hindrance or sabotage and that we support freedom of speech/thought which means we support the right of all sides to express their views.

Of note, there is a vast amount of information posted in the Love For Life website which we do not agree with but we leave it all up because we refuse to be biased, opinionated or self-centered/self-serving. Of the many thousands of comments posted over the years we have only removed posts containing secret links to commercial advertisements, terrible foul language, threats of violence and death, etc, and attacks on other people's characters that avoid the subject/debate at hand. Besides links to advertisements, we have taken down less than six comments due to the

above. We usually leave everything up, all warts and all, even those posts threatening to do terrible things to Fiona, our children, our dogs, our friends, family & supporters, etc.

The Love For Life website has information from all sides on many subjects, whether about Islam, Judaism, Christianity, Law, health, psychology, mind control, vaccination, aspartame, MSG, Chemtrails etc. There are over 11,000 articles, documentaries etc on the website and they are so diverse that we are sure that everyone would be able to find something they loved and something they hated, if they took the time to search. If we removed all the articles hated by everyone, there would probably be nothing left! We are not anti anyone but freedom of speech is freedom of speech and no one should condemn the work of another without taking the time to research the subject themselves. Yes, there are articles by those who have a less-than-rosy-viewpoint of Judaism, but there are also articles on the dark side of Tibetan Buddhism (and it is very dark) for those who are interested in the truth: **Tibet - Buddhism - Dalai Lama**: <http://loveforlife.com.au/node/6271> Should the authors of these articles be abused and imprisoned for daring to challenge the widely conceived reputation of Buddhism as being the religion of peace and love and that of the Dalai Lama as a saint, or should those interested be allowed to study the work and come to their own conclusions? The same applies to all the articles, documentaries, etc, about Christianity, Islam, Freemasonry, New World Order, etc.

The Love for Life website also shows how the Rule of Law, the Bar, the Government, the Monarchy, the system of commerce, the local, national and multi/trans-national private corporations, all the courses and careers on offer from our universities, all the educators, scientists, academics and experts, the aristocrats and the Establishment bloodlines have also done NOTHING to end the suffering in the world. The website maps the insanity of a world where there is no help for those in need, just as there was no help available for us when we were victims of terrible bank fraud: **"NSW Supreme Court Case - Macquarie Bank/Perpetual Limited vs Fiona Cristian - Victims Of Bank Fraud Condoned By Judges"** <http://loveforlife.com.au/node/5> (orchestrated, condoned and protected by an international crime syndicate/terrorist organisation of judges, barristers, registrars, lawyers, politicians, banksters, big business representatives, media moguls and other lackeys who, all together, put up a wall of silence despite our trying many, many avenues. After the family home was stolen and business destroyed we were left close to poverty and destitution caring for 4 young daughters. Three years later not much has changed regardless of all our efforts. Where were all the followers of all the religions to help us? Or do we have to be members of those religions to receive help from others involved in them?

The New South Wales Jewish Board of Deputies accused us of being anti - Jewish, see: <http://loveforlife.com.au/node/6616> and <http://loveforlife.com.au/node/6665> because we had posted an excerpt from **James von Brun's book: Kill the Best Gentiles**: <http://loveforlife.com.au/node/6054> in which he blames Jews for the problems of the world. Obviously this is not our view because of what we have stated above. We do not hate anyone, whatever religion they follow. We are always open to talk to any religious leader or politician and meet with any judge, member of the Bar, experts, academics, educators etc to share the remedy we offer that heals all the divisions between MAN and MAN, and MAN and the EARTH.

Today, a representative of the New South Wales Jewish Board of Deputies is threatening to close the website down, because they have decided it is anti - Jewish and that we promote racism. What has the New South Wales Jewish Board of Deputies done to end the suffering in the world? Can they show that they are concerned with the suffering of ALL men, women and children AND ARE SEEN TO BE DOING SOMETHING ABOUT IT or are they only concerned with Jewish affairs? If so, they, along with all the other religions that only care for their own, are part of the problem, not part of the solution. The man who rang Arthur today was only concerned with Jewish affairs; he was not interested in our intentions or in anybody else, just as most Christians, Muslims, Sikhs, Catholics, etc, are only interested in their own. While we separate ourselves into groups, dividing ourselves from others with rules, regulations, rituals, procedures and conditions, we will never solve our problems.

No matter what we in the Western World Civilisation of Commerce have been promised by our politicians, religious leaders, scientists, educators, philosophers, etc, for the past two hundred years, all we have seen is ever-increasing destruction of men, women and children and the earth. None of the so-called experts and leaders we have been taught to rely on are coming up with a solution and none of them are taking full-responsibility for the fact that they can't handle the problem. All religious books talk about end times full of destruction and suffering but why do we have to follow this program when there is an alternative to hatred, mayhem and death? Why are our leaders following the program of destruction and death rather than exploring the alternatives? It seems that any mainstream politician, priest or academic are only interested in supporting the RULES OF THE DIVIDE, that maintain the haves and the have nots. For 200+ years, 99% of the world population have been so trained to pass on their responsibility for themselves, others and the earth, that the 1% of the population that make up the leaders of the rest of us are making all the decisions leading to the destruction of all of us and the earth. Let's not forget the education system that brainwashes the 99% of the population that we are free and have equal rights while, in fact, we are feathering the nests of those at the top.

At the root of all our problems is self-centredness, an unwillingness nurtured by the Establishment that keeps us concerned only with our own needs rather than the needs of others around us and the Earth. Instead of creating and releasing acts of love for those around us as gifts to benefit them and the earth, we take, take and take, until there is nothing left. The whole point of the Love for Life website is to show people the root of all our problems and to share the remedy. The extensive research library is there to attract browsers and to provide access to information not available through mainstream channels. If the New South Wales Jewish Board of Deputies can, after careful examination of our work, prove that anything we are saying is wrong, we will be happy to accept their proof. If they cannot, and they are still insistent on closing the website down, they will be showing themselves to be traitors to MAN because they are not interested in pursuing any avenue that can end the suffering in the world.

All religions, corporations and organisations that support and maintain the Western World Civilisation of Commerce are part of the problem because our civilisation is a world of haves and have nots, racism, violence, hatred, poverty, sickness, discrimination, abuse, starvation, homelessness, corruption, collusion, vindictiveness, social unrest, arrogance, ignorance, fear, war and chaos. While we support civilisation, we support death and destruction because ALL civilisations that have ever existed are apocalyptic by design.

If we truly want peace on earth and freedom for all, we have to let go of all that which keeps us divided, and come together as MAN, conscious living co-creators of creation. The Love For Life website offers a remedy to the problems we all face in the form of DO NO HARM COMMUNITIES: <http://loveforlife.com.au/node/3641> For more details see here: <http://loveforlife.com.au/node/6511> and here: <http://loveforlife.com.au/node/3385> - We also highly recommend that everyone read the brilliant Russian books called **The Ringing Cedars**: <http://loveforlife.com.au/node/1125> - The **Love For Life Website Homepage** also provides lots of inspiring remedy based information: <http://loveforlife.com.au> - If you want to be kept up to date with our work please register to the **Love For Life Mailing List** here: <http://loveforlife.com.au/content/09/05/14/mailling-list>. We usually send two postings per month. Presently (September 2011) there are over 7000 registrations reaching over 500,000 readers across Earth. The website now (September 2011) receives up to 12 million hits per month. Since December 2006, over 100 million people have visited the Love For Life website.

Clarification Regarding Our Intentions Behind The Use Of Donations

The Love For Life website is offered for free without a fee and without any conditions attached. If people are inspired to donate money, then we accept their gift and have provided an avenue for them to support the work we do through Fiona's Paypal or ANZ bank account <http://loveforlife.com.au/node/8515>. There is no obligation whatsoever to donate and all are equally welcome to our work and to our "time", whether they donate or not. Over the last 9 years, all the Love For Life work has been put out for free and it has often been donations from supporters that have enabled us to renew the domain name, etc, to keep the website going. While some complain that we have an avenue for donations, others complained when we didn't! Either use it or don't - the choice is yours.

Since Love For Life started March 2005 and website December 2006, Arthur has worked 16 hours a day, 7 days a week unpaid for much of this period, putting together the website and sharing insights to wake people up to what has been done to them, whether through the 11,500+ individual articles, videos, podcasts, debates, discussions, pdf's, research documents, etc, found amongst the 8,500+ posts, as well as helping many, many men and women over the phone, and through email, website correspondence, Facebook and YouTube, and creating the Love For Life food forest vege garden and Love For Life music recording studio. This is our life is a gift commitment to serve MAN/Nature/Earth but we are still severely compromised by "The System" and still have to give to Caesar what is claimed to belong to Caesar, which is where the donations help us.
