MAIN + MOUNTAIN

A Four-Season Vermont Destination

WELCOME

What happens when a lively bar and a boutique motel hook up? This. Welcome to Main + Mountain, a new Southern Vermont four-season lodging destination right in the heart of the incredible Okemo Valley.

Key to enjoying the Main + Mountain experience is embracing one simple concept—we're a bar wrapped in a 13-room motel. Which means if you enjoy exploring Vermont as much as you do raising a glass with friends, if you respect a day on the mountain as much as you do a handmade craft cocktail and if you get up early for first chair and only go to bed after one last nightcap... look no further.

Our 13 guestrooms all feature modern décor, memory foam beds, flatscreen televisions, in-room gear closets plus enough amenities to ensure your stay is perfect. And our well-known bar features an indoor lounge and outdoor firepit, both serviced by one of Southern Vermont's most wildly creative mixologist teams. Handmade, craft cocktails and well-appointed beer and wine rosters form the liquid assets of a perfect night out.

Motel

Trust us. You've never stayed at a motel like this: 13 modern rooms boast memory foam beds, flatscreen televisions, in-room gear closets and more. All within walking distance of restaurants and shopping. On-site parking, wifi and coffee/tea service are included. Plus, our unique Invisible Service (see pg. 10) puts you in control of your M+M experience via staffless check-in/out, personalized thermostat control, 24-hour access to the coffee room—even the ability to pre-order chilled drinks or stock your room fridge with beer or wine. You'll love it here, from the moment you arrive to the second you depart.

Bar

Come raise a glass in Southern Vermont's most buzzed-about drinking establishment. Open nightly Thursday through Sunday, the Main + Mountain bar offers incredible craft cocktails, hard-to-find local Vermont beer and a full internationally sourced wine list. It's the perfect destination for a late-afternoon drink, a pre-dinner cocktail or a post-supper evening finisher. Enjoy your drinks around the custom industrial-style bar, kick back as a group in leather booths, hang at intimate highboy tables or go ahead and take it outside and relax around the year-round firepit. Food is available from a light-fare menu or at Homestyle Hostel, our sister property across the street.

The Perfect
LOCATION
in Vermont

Closer than Stowe, more breathtaking than Burlington and with access to many more four-season activities than places much further north, you will find no better location to stay in Vermont than the town of Ludlow, minutes from dozens of recreational activities, restaurants, shopping and, of course, Okemo Mountain Resort.

Enjoy all that the Okemo Valley has to offer locally or explore more of our beautiful state—Woodstock, Manchester, Londonderry, Weston, Quechee, Killington, Stowe, Burlington, Shelburne, Warren and Middlebury are all within easy driving range. There's no reason to spend extra hours in the car when so much is so close—when you stay with us.

Come hit the slopes of more than six ski mountains close enough for day trips—including local favorite Vail-owned Okemo, less than a mile away from Main + Mountain. Explore local hiking, biking, leaf-peeping, cheese farms, outlet shopping, lakes, watersports, Weston theater and Ludlow's world-class 18-hole golf course. We're located at the epicenter of Vermont activities, culture, arts and recreation. Get ready for the time of your life.

ROOMS

Totally renovated and impeccably decorated—with plush appointments and luxe refinements—we designed Main + Mountain's rooms with your needs in mind. Bright, airy rooms bring the essence of Vermont living to life, a modern mix of natural woods and gorgeous color palettes combine across all 13 warm and inviting accommodations. And of course with form also comes function: High-end memory foam beds, flatscreen televisions with DirecTV, private bathrooms and in-room gear closets are just a few of the reasons you'll enjoy your stay. And with our Invisible Service (see pg. 10), you'll skip the traditional front desk check-in and go right to your room after receiving a keyless entry code.

Main + Mountain's 13 wonderful rooms feature five distinct formats: Queen rooms house one queen bed (sleeps 2 people). King rooms boast one king bed (sleeps 2 people). Queen + Bunk has one queen bed and one twin bunk bed (sleeps 4 people). Queen + Queen/Bunk features one queen bed and one twin-over-queen bunk bed (sleeps 5). Two-Bedroom Suite features three rooms—with a queen bed in room 1, a twin-over-full bunk bed in room 2 and a separate TV room with a pull-out couch, desk and dining table (sleeps 7).

Invisible SERVICE

Who knows you better than you? Main + Mountain was opened with the belief that the more you control your stay, the more you'll *enjoy* your stay.

This is why all Main + Mountain accommodations come with our flagship offering called Invisible Service, which makes your stay more about you and less about us. Yes, we have a full staff managing Main + Mountain—but if we're doing our job, you'll never see them.

Forget trekking down to a front desk (we don't have even one) when you need something, waiting for coffee to be available in the morning and sitting in line when you're ready to check-out. At Main + Mountain, we've flipped the traditional motel service script: Use automated key codes for room access, enjoy staffless check-out, have access to our Invisible Service team 24/7... and more. Go where you want to go. Do what you need to do. Call us if you need anything—anytime.

Say Hello to
YOUR HOSTS

Main + Mountain is the innovation of Southern Vermont locals Eliza Greene and Justin Hyjek.

While traveling together internationally, Eliza and Justin were exposed to unique hospitality formats, unconventional lodging spots and atypical guest experiences.

The duo returned to the Green Mountain State in 2014 with a plan to bring the best of their experiences to life in the Okemo Valley. They opened Homestyle Hostel in December 2014 and a few years later doubled down on their vision with the transformation of a small downtown motel into Main + Mountain, a casual bar at the heart of a comfortable Vermont lodging destination. You can't miss Eliza and Justin—they're the voices you hear on the phone, the writers of the emails in your inbox and your thoughtful, caring hosts from the moment you arrive until the second you leave. For them, your Main + Mountain experience is personal. And they're focused on making sure it's remarkable... and memorable.
