1) This is my Q thread for August 20, 2020.

My Theme:

Why Is Everything 'Q' Being Censored, Banned, and Attacked?

2)

Q posts can be found at:

3) Facebook has removed or restricted hundreds of pages, accounts, and groups related to Qanon claiming, without evidence, that the accounts violate its policy regarding “dangerous individuals and organizations.”

4) This came on the heels of Twitter's decision to suspend Q related accounts after claiming, without evidence, that they engage in violence.

We've been clear that we will take strong enforcement

We've been clear since we will take strong enforcement action on behavior that has the potential to lead to offline harm. In line with this approach, this week we are taking further action on so-called 'QAnon' activity across the service.

5) Why are multi-billion dollar companies expending massive resources to shut down a so-called fringe conspiracy?

What threat does Q pose to them?

Ask yourself a very simple question -
Why is everything re: 'Q' being censored,
banned, and attacked?
When do you expend ammunition [resources]?
Q

6) The President's comments about Q yesterday didn't satisfy the press, so they questioned [@PressSec](#) Kayleigh McEnany again this morning.

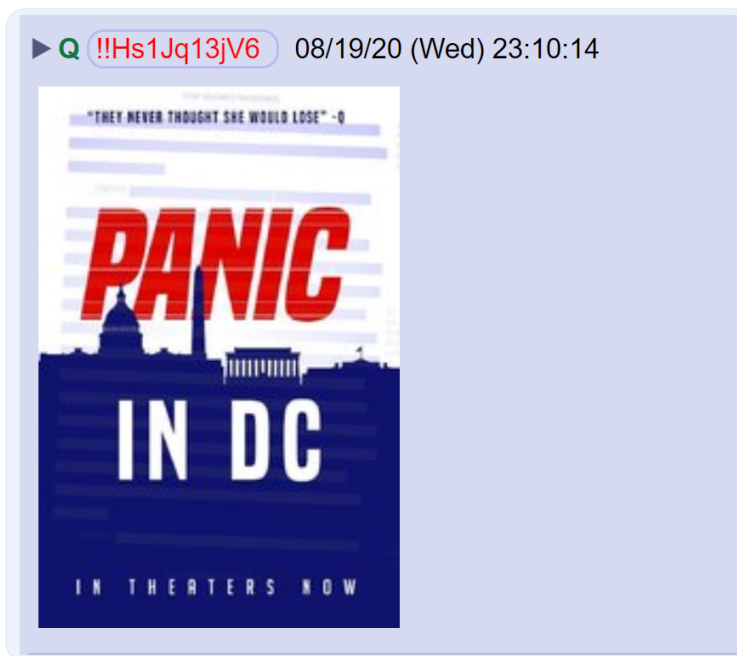

7) Kayleigh hit the nail on the head.

The media have an unhealthy obsession with Q.

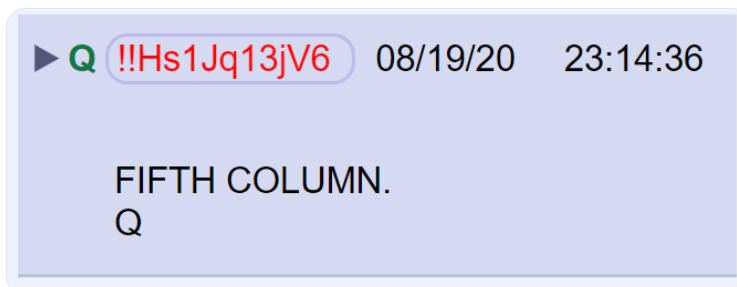

They can't stop thinking or talking about the irrelevant, fringe, kooky conspiracy.

8) The media's fatal attraction to Q is a symptom of Washington DC's fear of the movement.

9) The panic in DC includes members of the "Fifth Column."

10) A "Fifth Column" is a group of operatives or agents who secretly undermine national interests.

Fifth column

military tactic

Fifth column, clandestine group or faction of subversive agents who attempt to undermine a nation's solidarity by any means at their disposal. The term is conventionally credited to Emilio Mola Vidal, a Nationalist general during the [Spanish Civil War](#) (1936–39). As four of his army columns moved on Madrid, the general referred to his militant supporters within the capital as his “fifth column,” intent on undermining the loyalist government from within.

11) On January 21st, 2017, the day after his inauguration, POTUS visited the CIA's headquarters.

As he closed his address, he made a joking reference to the 5th column that had developed inside the agency.

12) The arrest of Ghislaine Maxwell brings into the light her unusual skill set and the connections she has to powerful people.

Epstein island.
Who owns the surrounding islands [close proximity]?
Unique skill sets of Maxwell?

Submarine pilot [unusual]?
Helicopter pilot?
What benefit might that serve?
Q

13) The first few minutes of this video explain Maxwell's experience as a helicopter pilot and submariner.

These skills would be handy for transferring people and cargo to and from Little St. James Island.

14) Q posted a link to a story about the transfer of a plot of land on a nearby island.

Q

15) Joe Biden's brother owned land on a nearby island. He divided it into 3 parcels & sold one to a lobbyist connected to Joe Biden for the price of the entire plot of land. The lobbyist then gave Biden's brother a mortgage loan on the entire property.

Lobbyist bought tropical land from Biden's brother

Scott Green, a lobbyist with close ties to Joe Biden, purchased Virgin Islands property from James Biden and then extended him a private mortgage.

<https://www.politico.com/news/2020/01/28/james-biden-lobbyist-virgin-islands-099318>

16) It's possible the land deal was a way of transferring money to the Biden family in exchange for political favors.

17) After asking POTUS about Q, the media asked VP Pence.

18) Next, the media asked House minority leader Kevin McCarthy, who said "There is no place for Qanon in the Republican Party."

GOP leader: 'There is no place for QAnon in the Republican Party'

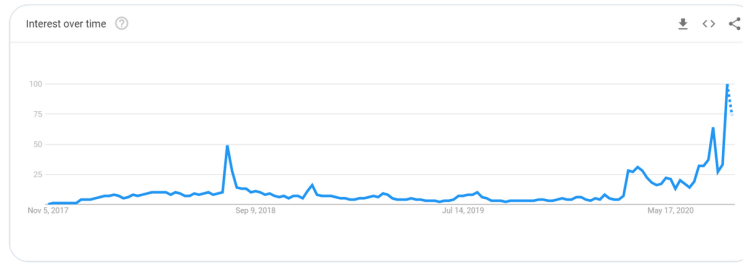

House Minority Leader Kevin McCarthy (R-Calif.) has denounced the QAnon conspiracy theory, becoming the highest-ranking congressional Republican to publicly condemn the theory.

19) The media have decided to take discussions of Q mainstream.

One result of that decision is a record number of searches for Q during the last week.

This graph shows Google searches for Qanon since October of 2017 when Q first posted.

20) The decision by the press to take Qanon mainstream seems to have a strategic goal in mind.

They're targeting conservative leaders and trying to force them to weigh in on Q.

21) The goal is to get conservative leaders to denounce Q publicly by shaming them.

Apparently, the media believe that rejection of Q by respected leaders will discourage people from learning about Q for themselves.

22) Even though many people in Washington DC follow Q, they understand the importance of optics.

Aspiring politicians understand the popularity of Q and many of them will publicly affirm Q, hoping to grow their base of support.

23) But Q is a double-edged sword.

Elected leaders need to be concerned about alienating Q skeptics. I would expect anyone running for re-election to deny any knowledge of Q, even if they secretly read Q's posts.

24) That's the conclusion this article came to.

"Few other elected Republicans have been willing to speak out publicly. Mostly, they avoid questions about it (Q), demonstrating the thin line some officials are trying to walk."

The Republican Embrace of QAnon Goes Far Beyond Trump

As the president all but endorses the internet-driven conspiracy theory, it is shifting from the fringes of the internet to become an offline political movement.

<https://www.nytimes.com/2020/08/20/us/politics/qanon-trump-republicans.html>

25) Due to the media's current strategy, it seems that public discussion of Q is only going to increase.

Each person will have to decide for themselves whether Q is worth following.
