Trump campaign statement on access to Michigan's vote-counting process.

- November 4, 2020 -

Trump campaign statement on Michigan lawsuit

"As votes in Michigan continue to be counted, the presidential race in the state remains extremely tight as we always knew it would be. President Trump's campaign has not been provided with meaningful access to numerous counting locations to observe the opening of ballots and the counting process, as guaranteed by Michigan law. We have filed suit today in the Michigan Court of Claims to halt counting until meaningful access has been granted. We also demand to review those ballots which were opened and counted while we did not have meaningful access. President Trump is committed to ensuring that all legal votes are counted in Michigan and everywhere else."

- Bill Stepien, Trump 2020 campaign manager

We have claimed, for Electoral Vote purposes, the Commonwealth of Pennsylvania (which won't allow legal observers) the State of Georgia, and the State of North Carolina, each one of which has a BIG Trump lead. Additionally, we hereby claim the State of Michigan if, in fact,.....

It's going to come down to a question of whether Pennsylvania can manufacture enough ballots to erase Trump's lead there.

We are winning Pennsylvania big, but the PA Secretary of State just announced that there are "Millions of ballots left to be counted."
