What Is Kerassentials?

Kerassentials is a natural oil-based supplement that is said to help with toenail fungus, dry skin, and brittle nails. It is made with a blend of essential oils and vitamins that are said to penetrate the skin and nails to kill the fungus and promote healthy growth.

Kerassentials is a relatively new product, so there is limited scientific evidence to support its claims. However, some of the ingredients in Kerassentials have been shown to have antifungal properties. For example, tea tree oil is a well-known antifungal agent that has been shown to be effective against a variety of fungi, including the fungus that causes toenail fungus.

Kerassentials Bonuses

Kerassentials comes with a few bonuses when you purchase it from the official website. **These bonuses include:**

1. **The Kerassentials Nail Care Kit:** This kit includes a variety of tools and products to help you care for your nails, including a nail file, a cuticle trimmer, and a nail polish remover.
2. **The Kerassentials Foot Care Kit:** This kit includes a variety of tools and products to help you care for your feet, including a pumice stone, a callus remover, and a foot cream.
3. **The Kerassentials E-Book:** This e-book provides you with more information about toenail fungus and how to treat it naturally.
4. **The Kerassentials 60-Day Money-Back Guarantee:** If you are not satisfied with Kerassentials, you can return it for a full refund within 60 days of purchase.

It is important to note that the bonuses may vary depending on the time of purchase and the promotion that is being offered. You can check the official website for more information about the current bonuses that are available.

What Ingredients Are In Kerassentials?

The ingredients in Kerassentials include:

- **Tea tree oil:** Tea tree oil is a well-known antifungal agent that has been shown to be effective against a variety of fungi, including the fungus that causes toenail fungus.
- **Lavender oil:** Lavender oil has anti-inflammatory and antibacterial properties that can help to reduce inflammation and infection.
- **Flaxseed oil:** Flaxseed oil is a good source of omega-3 fatty acids, which can help to keep the skin and nails healthy.
- **Manuka honey:** Manuka honey has antibacterial and antifungal properties that can help to kill the fungus and promote healing.
- **DL-alpha-tocopherol:** DL-alpha-tocopherol is a form of vitamin E that is essential for maintaining healthy skin and nails.
- **Isopropyl palmitate:** Isopropyl palmitate is a fatty acid that can help to moisturize the skin and nails.
- **Undecenoic acid:** Undecenoic acid is a fatty acid that has antifungal properties.
- **Chia seeds:** Chia seeds are a good source of protein and fiber, which can help to keep the skin and nails healthy.

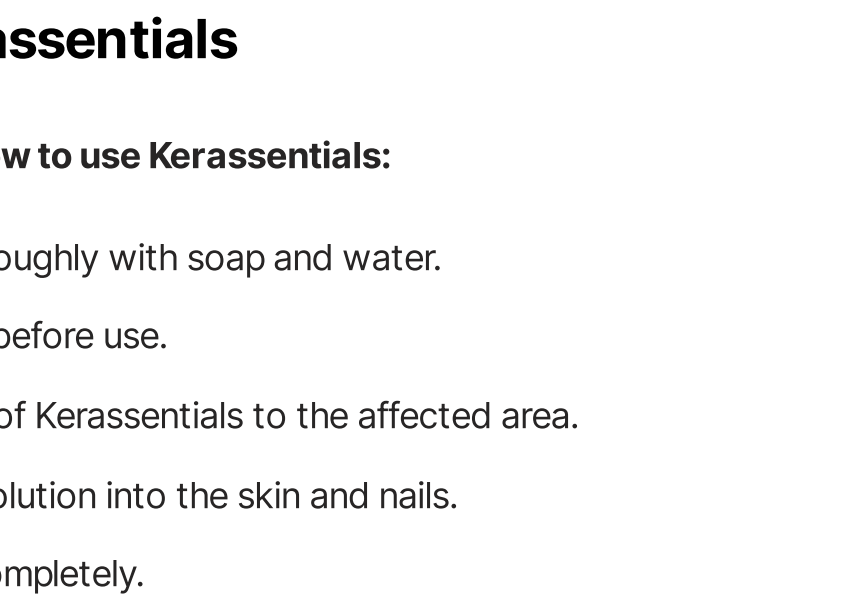

Other ingredients:

- **Caprylic/capric triglyceride:** This is a type of fatty acid that is found in coconut oil. It is a good moisturizer and can help to keep the skin and nails hydrated.
- **Tocopherol:** This is a form of vitamin E that is added to Kerassentials to help preserve the product.
- **Citral:** This is an essential oil that is derived from citrus fruits. It has a pleasant smell and can help to mask the smell of the other ingredients in Kerassentials.
- **Geraniol:** This is an essential oil that is derived from geranium flowers. It has a floral scent and can help to add to the overall aroma of Kerassentials.

How To Use Kerassentials

Here are the steps on how to use Kerassentials:

- Wash your hands thoroughly with soap and water.
- Shake the bottle well before use.
- Apply a small amount of Kerassentials to the affected area.
- Gently massage the solution into the skin and nails.
- Let the solution dry completely.
- Apply Kerassentials twice daily, once in the morning and once in the evening.

How Does Kerassentials Work?

The way Kerassentials works is by targeting the fungus that causes toenail fungus. The essential oils in Kerassentials, such as tea tree oil and lavender oil, have antifungal properties that can help to kill the fungus. The vitamins in Kerassentials, such as vitamin E and biotin, can help to promote healthy nail growth.

Here is a more detailed explanation of how Kerassentials works:

- **Tea tree oil:** Tea tree oil is a well-known antifungal agent that has been shown to be effective against a variety of fungi, including the fungus that causes toenail fungus. Tea tree oil works by disrupting the cell walls of the fungus, which eventually kills the fungus.
- **Lavender oil:** Lavender oil has anti-inflammatory and antibacterial properties that can help to reduce inflammation and infection. Lavender oil also works by stimulating the production of new skin cells, which can help to repair damaged skin and nails.
- **Flaxseed oil:** Flaxseed oil is a good source of omega-3 fatty acids, which can help to keep the skin and nails healthy. Omega-3 fatty acids have anti-inflammatory properties that can help to reduce inflammation and itching. They also help to keep the skin and nails hydrated, which can help to prevent dryness and brittleness.
- **Manuka honey:** Manuka honey has antibacterial and antifungal properties that can help to kill the fungus and promote healing. Manuka honey also works by stimulating the production of new skin cells, which can help to repair damaged skin and nails.
- **DL-alpha-tocopherol:** DL-alpha-tocopherol is a form of vitamin E that is essential for maintaining healthy skin and nails. Vitamin E has antioxidant properties that can help to protect the skin and nails from damage. It also helps to keep the skin and nails hydrated, which can help to prevent dryness and brittleness.
- **Isopropyl palmitate:** Isopropyl palmitate is a fatty acid that can help to moisturize the skin and nails. It also helps to keep the skin and nails protected from bacteria and fungi.
- **Undecenoic acid:** Undecenoic acid is a fatty acid that has antifungal properties. It works by disrupting the cell walls of the fungus, which eventually kills the fungus.
- **Chia seeds:** Chia seeds are a good source of protein and fiber, which can help to keep the skin and nails healthy. Chia seeds also contain omega-3 fatty acids, which have the same benefits as flaxseed oil.

Kerassentials Benefits

Here are some of the potential benefits of using Kerassentials:

- Kills the fungus that causes toenail fungus.
- Reduces inflammation and itching.
- Strengthens nails.
- Promotes healthy nail growth.
- Moisturizes the skin and nails.
