Re-Presenting Is The Pull Of Duality Into False Consciousness Unravelling Lies And Liars And The Remedy To The Lies By Arthur & Fiona Cristian Love For Life

19th April 2011

This article is about what we feel is the kernel of the heartfelt-inspired insights we have been unravelling from outside-the-square over the past six years. We have spent thousands of hours sifting through the information we have come across, keeping that which we find to be truth and discarding that which is lies, until we have been able to simplify everything down to a remedy that does not require hours of reading law dictionaries and memorising Laws, Acts and Statutes. It does not require knowledge of how to prepare and file legal documents.

What we share in this article can be used to unravel all the lies we have been fed and to step out of "The System" to freedom. Once anyone can comprehend this information and is inspired, they can apply it in whatever area they are working with, whether religion, law or whatever, so long as they are unwavering in their determination to see their objective through. They will be able to prove that all men are equal and that no one has authority over another, and to make right what has been made wrong, particularly if they have a large, strong force of committed men and women beside them, to stand up to brute force tactics.

Applying this information successfully, we will be able to free innocent men and women from jail and release others from the grip of harm-doers seeking to rape, pillage and plunder their fruits of labour while exhausting their LIFE-force-energy. This approach will only work for those who are prepared to take full responsibility for LIFE and are not looking for something of "The System", i.e. financial gain, which will only keep them in "The System". This method will not work for those who have motives of greed and selfishness, power and control, self-centered glory and righteousness. It only works with love.

This information can be used to discern whether new information is truth or lies. The real purpose of this work is to enable men and women to pull out of "The System" altogether and not be sucked into another one. To keep this article as brief as possible we have provided links below to seven recent Facebook discussions/debates and links to articles which collectively expand on the themes we touch on in great detail. We also want to thank three friends, Tom, Glen & Raymond, who shared some key insights with us over the past six years. They provided missing pieces to a very large puzzle we finally completed late last year.

Re-Presenting Is The Pull Of Duality Into False Consciousness

Learning To Re-present

We are so accustomed to re-presenting, learning how to do it from an early age, that we do it automatically, without awareness or comprehension of what we are doing. From the stories we are read to the belief systems we are indoctrinated into, we learn to place what is not real over what is real and to give up our uniqueness for a fairytale character within "The System". Thus when little Mary is looking at pictures of Alice in Wonderland while mum reads the story over & over again, Mary is learning to re-present someone she is not. She starts playing the game. When little Peter plays Superman, he is re-presenting someone he is not. This may seem harmless enough - the children are using their imaginations and having fun BUT, while they are in fantasy, they are not experiencing the real world and, once we learn this behaviour, we continue our fantasy life into adulthood although the fantasy characters we portray change as our scenarios change as we grow. It is this behaviour that keeps us apart and in conflict with each other because we are in conflict with who we really are and the real world we are part of. When we learn to re-present a Christian, a Muslim, a Frenchman, an Icelandic woman, a New Ager, a politician, a democrat, a lawyer, etc, we are being someone we are not and re-presenting a fictitious character in "The System".

The Baggage

So strongly do we identify with the characters that we are re-presenting, that we will hurt our brothers and sisters of LIFE before we will give them up. So the Jews fight the Arabs, the Americans fight the Iraqis, citizens fight the Bar and government, politicians of one party fight with the politicians of another party and fans of opposing football teams fight with each other. See how we are kept apart by this baggage? And baggage it is, baggage that we can let go of if we choose and baggage that we have to let go of if we are ever to get together and co-create a world of peace, joy, freedom, truth, abundance and do no harm for ALL. This baggage makes us greedy, selfish, suspicious, uncooperative, ignorant, arrogant, righteous and harmful. It blinkers us from ever seeing clearly what needs to be done to create the world of love we all dream of. Even amongst those of the freedom-truth movement who are supposed to be fighting for a just, free world, there is bickering, back-stabbing and enmity with feuds amongst different factions.

We Won't Let Go Of The Baggage

Let's have a look at what happens when we ask Mary and Peter to stop playing and get ready for bed; first they ignore us - they don't want to slip out of fantasy back to reality. Then, when we persist, they resist; "I don't want to stop playing!" "I don't want to go to bed!". They may get really upset, throwing a tantrum and hurling abuse, "I hate you, Mummy!", and even physically lashing out, so much do they want to continue in their fantasy world, being the fantasy figure of their choice in the fantasy story of their choice. The same thing happens when, as adults, we are asked to question our belief systems; "Give up my religion? No way!" "Let go of years of research into the legal system? No way!" "Give up booze and meat pies? No way!" "Give up slavery? No way!" "I want my Common Law!" "I want my Law Degree!" "I want my trial by jury!" "I want my constitution!" "I want my democracy!", etc, etc.

We cling on to what we have been taught to re-present even if there is clear evidence that the way we are living is causing destruction to LIFE that is who we are. We would literally rather die and cause the death of all LIFE forms of LIFE than give up our belief systems. Our addictions to baggage are so strong that we will resist truth and get angry, attacking those who show us truth and even maiming and killing our brothers and sisters of LIFE to defend our addictions. It is the baggage doing the attacking because their baggage is all they have to offer and the baggage is who they have become. Are we any different from Mary and Peter clinging to their fantasy characters? The baggage we have become includes our "self", whose needs and desires we are enslaved to and our system "person/strawman" whose responsibilities in "The System" we have to fulfil.

From early childhood, from Alice and Superman, we move onto pre-school and then school and perhaps university where we are given more and more stories to re-present, more fantasy to become addicted to and more and more information that is not of LIFE to place over LIFE in the name of politics, science, evolution, religion, spirituality, consciousness, the cosmos, etc, until we have forgotten how to connect with the reality of LIFE any more. Everything of the real world has been labelled in many different ways by the information of "The System" and our heads are so busy re-presenting this man-made out-of-thin-air information that we are unable to feel, hear, see, touch, taste or smell the natural, pure and sincere information of LIFE that each LIFE form is offering us unconditionally for free. Most of our waking life, most of the thoughts in our head are not thoughts of LIFE but are thoughts of "The System" and we form crowds, flocks and groups with others who like re-presenting the same "system" thoughts as we do and resist mixing with those who re-present other "system" thoughts. Thus we are divided and ruled, burdened by the growth of baggage that becomes us. "The System" is the baggage that has become all of us.

With every re-presentation that we enact, there is both the scenery and the character we are acting in that imagining that occurs only between our ears - nowhere else is this occurring, be it a story about relativity, darkness, time, money, the universe, other worlds or quantum physics. We are superimposing this fiction over LIFE just as Mary turns the family dining table into the setting for the Mad Hatters Tea Party. When we focus on 1, 2 or 3 or a, b, or c or that Mars is a planet, for example, we can't bring forward 1, 2 or 3 or a, b or c or Mars or compass, square, universe, law or magnetic north to back our claims that they exist. We are just re-presenting fiction that is the thoughts of other

men & women that we echo as re-presenters. Our brains are like film projectors and the re-presentation information is what we are re-creating through the projection of these thoughts that we superimpose over LIFE just as little Mary re-presents wonderland over the real world.

Getting to grips with the way we re-present everything of "The System" of baggage is the key to our escape from the enslavement of "The System". Recognising that "The System" is a copy of LIFE, a shadow, that has been placed over LIFE and needs our LIFE-energy to appear to exist is how we discern what is truth and what is not. Is what we are feeling or experiencing of LIFE? Can we feel it, see it, smell it, touch it, hear it and taste it? Does it have purity and sincerity? Does it still have the presence of LIFE present? Is it LIFE sustainable, meaning, is it free, not needing our LIFE-energy, the fruits of our labour, to live? Or does it need us to interact with it, to start it, stop it, manufacture it, mine it, process it, explain it, manage it, enforce it, build it, repair it and believe it. Everything that is not of LIFE and is not LIFE sustainable is fraud and it is this fraud, this re-presenting, that creates the duality that is the basis of all belief systems of "The System".

How We Accept The Lies Of Duality

Re-presenting the thought of God is lying. The God of the thought of God does not exist and therefore is not God. Living creator exists because its presence of LIFE is present amongst us, here and now. Mary re-presenting Alice in Wonderland does not make Alice or Wonderland real either. Only Mary is present with the presence of LIFE and she has to re-present Alice and Wonderland because they are not present to LIFE and are both without the presence of LIFE. This is duality. This is baggage. Mary has become a slave to Alice and Wonderland and has to re-present these thoughts to give them her LIFE so they can temporarily have the illusion of being real. But they will never have the presence of LIFE to be present amongst the living, amongst what is real. They are not LIFE-sustainable.

All forms of duality are satanic; Mary is real but Alice isn't. This is duality. Satanism is the practise of creating fairytales, the baggage, and then hijacking men, women and children to fall into those fairytales so that they give their power away to them so they can be ruled by the rulers in the fairytale. Satanism is getting men, women and children to shoulder burdens of baggage so that they limp through LIFE weighed down, enslaved and under the standing of the inventors and rulers of the baggage.

Satanism is the practise of duality, i.e. heaven and hell or we are tiny aspects of a universe at the effect of greater forces than us or we are all on a journey heading from somewhere to somewhere. These ideas are lies. They do not have the presence of LIFE present. Because the believers in heaven and hell have been brainwashed to accept and believe in the hierarchies of archangels down to cherubs in heaven and the authority of the devil in hell, they accept the hierarchies of "The System". They agree to be ruled over by the re-present-atives of hell. They accept judges, priests, Police Officers and other "authority figures" as having authority and standing over them here and now. Those who are "good", law abiding, compliant and peaceful citizens of their faith go to heaven while those who are "bad" and break the rules of their faith go to hell. In "The System", those who are "good", law abiding, compliant and peaceful citizens of "The System" are "allowed" to earn their money, buy their houses and live unmolested by the enforcers of "The System" while those who are "bad" feel the full force of the enforcers of "The System". They have been so familiarised with their chosen fairytale that they view their lives through their beliefs, just as little Mary turns her home, garden and family into scenery and props for her performance of the Alice in Wonderland fairytale.

As Above So Below Is The Duality Of Baggage

All Satanic thoughts are without the pure and sincere substance of LIFE. All substance is SENSE because it has LIFE, is LIFE-sustainable, and its presence of LIFE is always present amongst us. Alice and Wonderland are NON-SENSE while Mary isn't. Yes, she is presently lost in a fairytale but Mary has pure and sincere senses of LIFE; sight, sound, touch, taste, feel and smell - it is just that she is forgetting to use them all here and now. Mary is caught up in a world of thought without sense embodied. This satanic practise is often referred to as the "worship of the intellect" which is at the core of all Freemasonic teachings. Mary believes that Alice and Wonderland exist, even though she cannot experience them here and now with all her senses of LIFE. As Alice and Wonderland are without sense, Mary has to act on their behalf, use her sense, to re-present them. Mary's performance of Alice and Wonderland is based in non-sense. Mary will never be able to bring forward Alice or Wonderland to back her claim that Alice or Wonderland exists. All satanic thoughts are without the presence of LIFE to be present amongst us, the living.

Bible believers claim the bible is the living word of God but they are unable to bring forward their God to back their claims here and now. Just as little Mary's Alice always remains invisible so does the God of the bible believers. We say: "Hello God, can you please come forward to back John and Rachael's claims. We want to touch, taste, see, smell and feel you while we hear your tongue confirm John and Rachael's claims." Because John and Rachael are unable to bring forward their God to back their beliefs, their claims default back to them as fraudsters. They are both impersonating a God so they can, acting as impostors of a God, place their claims and their lives on to a higher standing than other men, women & children. This means they are both re-presenting a God of NON-SENSE. This non-sense is causing conflict and chaos between other men and women, of equal standing, caught in the crossfire of John

and Rachael spreading their righteousness all-around. John and Rachael have been dumbed down by the baggage of a God that has become them. Due to non-sense, they are incapable of seeing the harm they are causing and spreading all around and they are unable to take full-responsibility for stopping the harm.

The same thing occurs in "The System" where the clergy, judges, politicians and law enforcement officers, etc, all believe that they have authority over those who do not have those titles. They are re-presenting NON-SENSE, especially when there is a maxim of law that states, "All men are equal before the law"! And those who go to the courts or accept Police, lawyers and barristers telling them what to do also believe in this imagined authority. It works both ways. We support the Wonderland structures that enslave us and even fight to keep them or strengthen them. But where is democracy? Where is Court? Where is Common Law? Who can bring them forward for us all to experience with our senses and hear from them, first party to first party, the proof that they have authority over us? All they can bring forward is a man, woman or child to back their claim. Again, this is re-presenting non-sense for the purpose of power and control. This is all duality. This is a continuation of the baggage. All fairytales/non-sense is baggage.

The challenge is to become detached from duality so that we can see it for what it really is. The duality of non-sense only exists as part of belief systems and our belief in duality keeps us locked in our belief systems - without belief systems, there is no duality, there is no baggage, there is no re-presenting non-sense.

As someone wrote to us recently through Facebook after reading our articles and Facebook discussions/debates, "I am aware how duality comes in all its many forms only to keep us going back and forth almost like a dog chasing its own tail. Around and around we go and every time we go around the bend, we don't recognise that we've been down that road before. The same old thing, just a different dressing to make it new and improved, only to be had once more. But good news is I, like others, have caught on."

The Belief Systems Of Duality (baggage)

These belief systems of duality are the spells woven by the "We Will Lead Every Revolution Against Us" men and women of "The System". In order to keep us enslaved to "The System", they have to convince us that "The System" is changing and that we are responsible for making some of those changes. Those behind "The System" provide us with the chaos of "The System" and then offer us the remedy to the chaos. They have all bases covered and we fall for their spells, attaching our fiction "selves" to the remedies they offer, not realising that no remedy with or of "The System" will give us freedom. Hence the effect of the dog chasing its tail; the remedy we pour our energy into only continues our enslavement. We are the ones with the power of co-creation so the world we see around us is what we are responsible for creating. When those behind "The System" trick us into thinking the thoughts they want us to think, we oblige by creating the world in the image of those thoughts. Those behind "The System" even provide physical/material "evidence" to support those thoughts. They are black-magic masters of deception, remote projection, remote viewing and remote control and we, unwittingly, fall for their thoughts. Not conscious of our gift for co-creation, our true power, our brains, is being used against us.

It is hard to comprehend that the baggage of "The System" is in nearly every area of our lives. The moment we stop doing what is natural to LIFE and start re-presenting what we have been taught by "The System", we are weighing our lives down with more baggage. When we process/cook food and liquids, this is baggage. When we kill and eat flesh and blood creatures, this is baggage. When we worship false idols, this is baggage. When we cause pain and trauma in others, this is baggage that they then start re-presenting and carry as baggage. It is no wonder that there are so many unhappy, lonely, frightened, distrustful people around, carrying both the baggage they have been taught by "The System" and the baggage of others that has been pushed onto them. Even the read and write alphabet languages that we read and speak, all the mathematics, geometry and all university courses and careers add to the baggage. It is all stuff that we have to re-present, meaning that we don't have much LIFE any more. We are totally bogged down being slaves, almost totally disconnected from LIFE.

The Baggage Continues

So immersed are we by the baggage that some of us even work against our brothers and sisters of LIFE to maintain the baggage. Throughout the freedom, truth, consciousness, health, education, science, New Age, spiritual & all alternative movements are intelligence agents whose job is to make sure that we are not putting down our burdens of baggage. Some we think are friends and on our side. Some we've known for years and have worked together with. "We Will Lead Every Revolution Against Us" - they get to know our thoughts, who we are talking too, the groups that we are part of or the new groups/grass-root-movements we are creating with others and the true intentions behind them. They get to know what our plans and dreams are, what we eat and drink, when we sleep, where we socialise, what we like and dislike, how we feel and how we think. They get to know almost everything about us because we let them into our private lives and accept them when they set themselves up as trusted leaders/shepherds/influential guides of their flocks.

The tactics they use to get us to trust them are brilliant but very predictable once you become conscious of them. They may be thrown in jail and roughed up, picked on by Police, done over in court, etc. Things are not what they seem. "If they can get you to think what they want you to think and get you to put your LIFE-energy into these thoughts & feelings, you will create that world (their world). Slaves willingly create a world in their masters image without realising." The deception is far deeper than most realise.

Not only are these agents both the "good guys" and the "bad guys", they often also create scenes between them, getting their followers to "take sides" and thus be still more divided. See this link for an example: [Dr Len Horowitz Talking About Benjamin Fulford - web.mac.com/len15/Newsletter & Blog/Knighting Controversy.html](http://web.mac.com/len15/Newsletter_%20%26%20Blog/Knighting_Controversy.html) - [Knighting Controversy - AFFIDAVIT AND TESTIMONY OF DR. LEONARD HOROWITZ REGARDING THE MURDER OF JOURNALIST EDWARD HARLE INVOLVING AGENT-PROVOCATUERS AND CO-CONSPIRATORS BENJAMIN FULFORD, GREG SZYMANSKI, AND OTHERS LINKED TO LIBEL AND A PLOT TO ASSASSINATE DR. LEONARD HOROWITZ](#)

These intelligence agents then report all information back to their central intelligence networks which filter the information back to the Levite priests who control all sides of everything in "The System", their "system of systems", their enclosure of many enclosures, their mazes within many mazes, their matrix, their fairytales. As we said "We Will Lead Every Revolution Against Us". Whose thoughts are we thinking and most importantly, who benefits long-term through our compliance to these thoughts? By knowing our thoughts, they control the outcomes to suit their agenda.

Change Agents Of Baggage

Not only are the intelligence agents the leaders of their fields, they are also men and women who work across the internet in forums and social networks to discredit and bring down those who are pure and sincere in the inspiration to co-create freedom for ALL. These agents send abusive attacks and character assassinations. They try to emotionally manipulate their targets and those they are in contact with to break down bonds that are forming between them. Many of these agents are themselves controlled remotely by the Levite Priests and their lackeys through Black Magic. In "The System", this manipulation occurs in every area of life; there is nowhere the presence of this satanic agenda is not present. It is all pervasive. And those managing the network of the Satanic agenda are the higher Freemasonic orders, the henchmen of the Levite Priests that are above the "benevolent", lower levels of Freemasonry. This is all more baggage.

Having a man-made "system" with currentcy, laws, governments, etc, requires slavery. It is impossible to have a man-made "system" without having slavery. Currentcy, insurance, commerce, laws, governments, rulers, law enforcement, etc, do not exist and are of duality. There is the presence of MAN whose flesh lives and blood flows present amongst us and then there is currentcy, insurance, commerce, laws, governments, rulers, law enforcement, etc, which do not exist, requiring MAN to re-present them. There are billions of slaves presently amongst us.

A copy of LIFE is the shadow world that is the man-made darkness. The Freemasonic world rules over the shadow world. Re-presenting forms the shadows that disconnect us from who we really are and what we are really part of, from each other, all other LIFE forms of LIFE and our true purpose. Just as the Obelisk in Washington DC is erected over water so that it has a reflection, "The System" is just a poor reflection of LIFE. Why do you think the obelisk was placed there? They always show us the truth but they do not teach us how to recognise it. We are being ruled by the shadows of our own projections. Mary's Alice is a shadow.

How They Keep Us Apart

The freedom truth information is already showing up as not working. We are hearing of more and more cases of men and women using this information still being evicted from their homes and of many other cases where those of "The System" are ignoring their own laws just to ensure that we remain enslaved and that no precedents are set that could free us all. This situation is true to one of the tactics of the change agents of "The System" whereby they raise our hopes by seeming to have remedies, only to dash down those hopes when the remedies don't work. The mantra is always, "We can't beat "The System"".

All the supposed roads to freedom are whitewashed/white-anted. Men and women waking up become aware of their enslavement, look for the way out and are overjoyed when the "good guy" of "The System" comes along, seeming to have all the answers. Like a shepherd to his flock, he leads them along to what they think is freedom but is actually only another enclosure of "The System". The methods that should work don't work and, slowly, the men and women realise that they have not found freedom after all. They try again but each new enclosure is still in "The System" and they are still enslaved.

Those behind "The System" do have a remedy planned for the problems we are all experiencing and it will be one that most will jump at because it will sound wonderful, erasing all debt and other enticements of that nature. However, it will not be freedom but just a new version of the current system, a New World Order (NWO) system wrapped in shiny

paper with sparkling ribbons but still backed by the same force only, this time, the force will be stronger and more pervasive and our "rights" will be fewer and we will be even more under control than we are now. We will jump at it because nothing seems to be working; all the remedies are failing, life in "The System" is getting harder and harder, we are working longer and longer hours and seeing our families less and less. Earth is becoming more and more polluted and we are becoming sicker and sicker. Why wouldn't we jump at a remedy that seems to offer relief from all this suffering? We will be on our knees and delighted when the Chosen One of "The System" comes along to wipe out all our worries.

The NWO is not the present chaos led by the "bad guys" with their police state, forced vaccinations, global warming, wars, terrorism, injustice, loss of rights and freedoms, etc, the NWO is the remedy to this chaos led out front by the "good guys". Both the "bad guys" and the "good guys" all come from one of the thirteen Ancient Egyptian Freemasonic "orders" (13 lost tribes of IS RA EL) spread out across Earth.

As we have written many, many times, the only remedy to our situation is to form do no harm communities where we take care of each other and nature. Those behind "The System" also know that this is the only way we will cause a mass exodus from "The System" and away from their clutches, so do you think they are going to let us set up communities without trying to have some sort of influence? Of course not. We have noticed that some of the leaders in the freedom truth movement are starting to talk about community as a remedy. If they are pure and sincere in their intent, this is great. However, some of them are there to set these communities up for failure down-the-line, to show us that we cannot get together and overcome our baggage. The baggage everyone brings to community destroys it and the change agents know this which is why they don't teach everyone how to let go of all the baggage. If necessary, they will also infiltrate communities to bring about their downfall by stirring up problems and creating divisions. This is easily dealt with if we are forming our communities with pure and sincere information driven by the intent for purity and sincerity in everything we think, feel and do but they will no doubt have some success with communities that are not prepared for this tactic of destruction. We do not want to be sucked into re-presenting the "as above, so below" duality that will have us be enslaved in the next version of "The System", the NWO.

Why Re-Presenting?

So why all the effort to teach us to re-present?

Those behind "The System" need our energy and our belief to keep "The System" intact and active. Without us, there is nothing. Without Mary there is no Alice or Wonderland to re-present. They need us to be slaves to "The System", re-presenting/performing the constructs of "The System" and giving our power away to the black-magic masters of "The System". We are already of LIFE which is a natural "system", a way of co-creating with LIFE through SENSE that is natural to us. In order for us to forget our connections to LIFE and to abandon and destroy LIFE so that it no longer has the presence of LIFE present, we have to be taught from early childhood to put our energy into something other than LIFE, into the fake, contrived, man-made system of civilisation which we are taught to place over LIFE. As none of the constructs of "The system" have LIFE, if we do not put our LIFE energy into them, they are nothing. For those behind "The System" to keep the status quo of everything for them and crumbs for the rest of us, we need to be persuaded to maintain that situation for them.

We have been conned into living in a world of man-made constructs and there is not ONE construct (CON-struct) of "The System" that can be backed up by those who worship it because ALL constructs of "The System" exist nowhere but as fantasy, illusion and delusion between the ears. They are fraudulent ideas without LIFE that we must support and maintain, enslaving our lives in the process. If we are to escape "The System", we must be vigilant in routing out all the fraud. It is vital that we all scrutinise thoroughly ALL the information we come across rather than just accepting that which fits our belief system, and that we all learn to go where truth takes us if we are pure and sincere in our intent to co-create a world of peace, freedom, abundance, joy and Do No Harm for all.

LIFE is love and love is LIFE and we are the ones with LIFE/love. "The System" has no love/LIFE and so is nothing without the LIFE/love we put into it. In a community, it is the LIFE/love that we put into that community that sustains it.

Thought Without LIFE Are Not Real

The thought of God is not God just as the thought of Jesus, consciousness, love, peace, freedom, joy, abundance and do no harm for all are not Jesus, consciousness, love, peace, freedom, joy, abundance and do no harm for all. All dreams have a creator. Imagine the dream of LIFE is a bubble (a metaphor); Living-creator thought out the dream of LIFE in great detail, held all the thoughts that make up the whole of LIFE in focus and then put its LIFE into those thoughts to give LIFE to the dream of LIFE. The presence of Living creator is always present to everything Living-Creator created. If Living-Creator removed its LIFE from the dream of LIFE, the bubble, the dream of LIFE would fade away and die. TRUTH always has the presence of LIFE present (here & now). Truth is LIFE-sustainable and does not

require MAN to be a slave for its existence. TRUTH always has SENSE (sight, sound, touch, taste, feel, smell) while lies are always based on NON-SENSE.

LIFE is the LIFE of Living-Creator and is the living body of Living-Creator. All thoughts without the LIFE of Living-Creator present, are Satanic, and are fraud and lies. This is why we say the thought of God is not God, instead it is a dead God. It's when we give LIFE to thoughts that are LIFE-sustainable that they are real and LIFE-sustainable. LIFE is the Gift of LIFE. In paradise, every breath is a gift of LIFE, every drink of water is a gift of LIFE, every bite of raw-living food is a gift of LIFE, every step we make is a Gift of LIFE and is an act of co-creation with LIFE. Every thought given LIFE is sacred. We were all meant to be taking full-responsibility for everything we think, feel & do; unfortunately most don't because they have fallen into fairytales that have them lost and re-presenting lies. Mary, as Alice, does not want to take responsibility for the things she has to do as Mary in the real world. Mary has left it to others to take care of her responsibilities in the real world. This is what we are all doing in "The System"; we have forsaken our responsibility for LIFE and allowed others to make the decisions for us, which means that we now have rulers who take care of things provided we DO WHAT THEY SAY, i.e. be their slaves. "The System" is Wonderland for adults. It is impossible to have any man-made system without rulers and slaves. Re-presenting a system, cashless or not, requires slaves and rulers.

Re-presenting is the basis of "The System" and learning not to re-present is the basis of freedom from "The System". Re-presenting is at the heart of all religions, all occults and esoterics, all university courses and careers, all science, mathematics and read and write alphabet languages. It is the basis of all false prophets.

Waiting For Salvation

All dreams come with full responsibility and it is our role to take full responsibility for LIFE. However, we have leant to pass on that responsibility to false gods, prophets and laws and, in doing so, we have forsaken the dream of LIFE to the point where it is dying and we, as LIFE, are dying. Rather than face up to the mess we have created, we place all our hopes on someone, something, somehow, somewhere to solve everything for us. And there are plenty of false prophets willing to tell us that, if we just sit tight and hold on, everything will come out all right. See this example:

"Isa 25 (Stones - Hebrew text & NKV)

Yahweh will eliminate death forever, And YAHWEH will wipe away tears from all faces;
He will remove the shame of His people and the shame of His nation Israel for ever;
For YAHWEH has spoken.

Then he said to me: "Son of man, these bones are the people of Israel. They say, 'Our bones are dried up and our hope is gone; we are cut off.' And many of those who sleep in the dust of the earth shall awake, Some to everlasting life, (Some to shame and everlasting contempt. Those who are wise shall shine Like the brightness of the firmament, And those who turn many to righteousness Like the stars forever and ever.) And it will be said on that day: "Behold, this is our God; We have waited for Him, and He will save us. This IS YAHWEH; We have waited for Him; We will be glad and rejoice in His salvation.""

This is **Re-Presenting The Pull Of Duality Into False Consciousness**

If 6 billion children were brought up in forests not exposed to "The System" or to anyone exposed to "The System", would they all know about Alice and Wonderland? Would they know about Yahweh? Would they all be re-presenting NON-SENSE or would they all be present to the presence of LIFE of Living-Creator and all equal team-players of LIFE, all taking full-responsibility for LIFE?

How many people are waiting for God, Jesus, Yahweh, the Prophet, the Galactic Federation, the White Brotherhood, the Asian Triad, Nesara, Maitreya, someone, anyone, to come along and make it all better with one whoosh of their magic wand? How many are waiting to be proven right; that their way was the right way and that they are among the chosen? This is all re-presenting NON-SENSE. Where is Yahweh? Why is Yahweh limited to time? Why is he invisible? If he is our father or whatever, why is he removed from us? Would parents erect barriers between them and their children? Can Yahweh appear before all of us so that we can all experience him with all our senses of LIFE? Can he move a mountain range 100 kilometres with us all watching? How will he stop us all thinking and feeling satanic thoughts and feelings? Are we puppets on a string? If we don't each have full-responsibility for LIFE then who and what are we? Where are his ancestors buried? Where do his children play? What is his address so we can visit to have a chat while having a bite to eat and a drink between us? Would we all suffer, if not fade away and die, if he did not exist? For more on this, see the Facebook discussions/debates referred to below.

Don't those waiting for their chosen prophet realise that freedom for one means freedom for all? That abundance for one is only possible when there is abundance for all? That do no harm for one is only possible when there is do no harm for all?

Even many of those who do not believe in a saviour still think of the "Universe" as something separate, greater and more powerful than them and that the "forces" of the Universe will sort things out and "right the balance" between light and dark, good and evil. This is still duality - light balanced by dark, good balanced by evil. Can they bring forward the universe to back their claim? Can they bring forward darkness? Is not what they call "universe" just part of the body of LIFE that we are? Is darkness not just the absence of light (LIFE/reality/sense)? LIFE is information, darkness is information and words like spirit and soul and light are information but does darkness have the presence of LIFE present amongst us? Or is darkness just another pretend shadow we made up just as Alice is a shadow of Mary's projection? SENSE is consciousness, is LIFE - NON-SENSE is unconsciousness, is death to LIFE - sense is information - non-sense is information and we become in the image of the information we put our LIFE-energy into and project.

All men are equal - this means that no one has authority over another and that all of us are equally responsible for LIFE. This also means that there is no almighty father figure with more power than any of us. Until we learn how not to be slaves or rulers or deceivers we will always have the problems we are experiencing now.

The Matrix

Written by Andy Wachowski & Larry Wachowski

Morpheus: I imagine that right now you're feeling a bit like Alice. Tumbling down the rabbit hole?

Neo: You could say that.

Morpheus: I can see it in your eyes. You have the look of a man who accepts what he sees because he's expecting to wake up. Ironically, this is not far from the truth. Do you believe in fate, Neo?

Neo: No.

Morpheus: Why not?

Neo: 'Cause I don't like the idea that I'm not in control of my life.

Morpheus: I know exactly what you mean. Let me tell you why you're here. You're here because you know something. What you know, you can't explain. But you feel it. You felt it your entire life. That there's something wrong with the world. You don't know what it is, but it's there. Like a splinter in your mind -- driving you mad. It is this feeling that has brought you to me. Do you know what I'm talking about?

Neo: The Matrix?

Morpheus: Do you want to know what it is?

(Neo nods his head.)

Morpheus: The Matrix is everywhere, it is all around us. Even now, in this very room. You can see it when you look out your window, or when you turn on your television. You can feel it when you go to work, or when you go to church or when you pay your taxes. It is the world that has been pulled over your eyes to blind you from the truth.

Neo: What truth?

Morpheus: That you are a slave, Neo. Like everyone else, you were born into bondage, born inside a prison that you cannot smell, taste, or touch. A prison for your mind.

(long pause, sighs)

Unfortunately, no one can be told what the Matrix is. You have to see it for yourself. This is your last chance. After this, there is no turning back.

(In his left hand, Morpheus shows a blue pill.)

Morpheus: You take the blue pill and the story ends. You wake in your bed and believe whatever you want to believe.

(a red pill is shown in his other hand)

You take the red pill and you stay in Wonderland and I show you how deep the rabbit-hole goes.

(Long pause; Neo begins to reach for the red pill)

Remember -- all I am offering is the truth, nothing more.

(Neo takes the red pill and swallows it with a glass of water)

Why was this film made? Why were we "allowed" to see so much of the "truth"? Because, while they show us the rabbit-hole, they don't show us the full extent of the rabbit-hole and how deep it really goes. They don't show us about re-presenting and how the only way out of the rabbit-hole is through our love, our gifts for LIFE and our willingness to come together with our brothers and sisters of LIFE for the benefit of LIFE. "The Matrix" is the feel-good, quick fix, the confirmation that all is not right with the world, without a way out or any responsibility required.

Have We Got What It Takes?

When we wake up to the fact that everything of "The System" is Wonderland and, however much fear and pressure is forced upon you by the actors in Wonderland, it is still Wonderland, you realise that nothing of benefit to LIFE can be found in Wonderland. Just as Mary has to pack up her game and join her family in the real world, so we have to have the courage to let go of Wonderland. We need to pack up all the costumes, throw away all the titles and everything else we are re-presenting and return to the real world. Wonderland is not a remedy to Wonderland; behind all the trickery and treachery there is only force and force cannot co-create a world of peace, freedom, truth, joy, abundance and do no harm for all.

We need to stop using their books and their laws and just show them the fraud. They can never prove that any of the constructs of "The System" exist; all they can bring forward is another man and they will never admit that all men are not equal. Exposing the fraud is the remedy to dealing with the law and is the way to solving all our issues. But ONLY if we are brave enough to give up our baggage and stop re-presenting the lies that keep us enslaved. If we go into the courts, we go in as living co-creators of LIFE. We do not go in to use their laws, their books or to partake in their rituals. We go in to expose the fraud and show that they have no authority or jurisdiction because they cannot bring forward any proof to back their claims that they do, just as we, who have created our own Alice and Superman to act in "The System", cannot bring forward Alice or Superwoman, only the living man or woman whose flesh lives and blood flows, the living-creator/living-co-creator.

When we have peeled away all the re-presenting baggage all that remains is LOVE FOR LIFE and, from being selfish, self-centred, greedy, fearful individuals (in-divide-u-all-s), clinging on to our beliefs and our possessions, we become like the rays of the sun, shining our love for life outwards for the benefit of LIFE, secure in the information that, as we pour all our LIFE into taking care of LIFE, so LIFE will take care of us. The thoughts of Living Creator given LIFE of Living Creator are the gift that we have. We can be present to those thoughts, to the pure and sincere information of LIFE, anywhere, throughout all our waking LIFE, if we chose to and if we are prepared to let go of the baggage that keeps us from being present to those thoughts. When we stop re-presenting the fear, trauma, distrust and indifference of "The System", we connect with the real dream of LIFE and experience (remember) the true working of the dream of LIFE and our natural inheritance as co-creators of LIFE.

When we take full responsibility for our baggage, we start to forgive instead of blaming, harming and dumping. We can forgive the men and women we are and forgive all the baggage and devastation we have caused to us, each other and nature. We realise that it is not about first or last, rich or poor, have or have not, but about taking care of the dream of LIFE so that it doesn't fade away and we don't fade away with it.

Even the masterminds of "The System" and their henchmen need to be forgiven because they too have been brainwashed, they were all once innocent babies. All the impure and insincere thoughts they send out are curses that cannot escape LIFE because LIFE is all there is. This is also true of all the impure and insincere thoughts we send out; they cannot escape LIFE and, in the end, they return to the maker but not before causing harm to LIFE. We can learn to stop thinking impure and insincere thoughts and stop sending out curses but we cannot stop others doing so. What we can do is not accept the curses of others, instead, sending them back to their maker. Forgiving those behind and of "The System" does not mean that we do not stand up to them or accept their curses, only that we forgive them

even as we stand our ground. We need to break the Freemasonic/Satanic spell over those bound by the oath of death and thus break the perpetuation of this NON-SENSE. Most, if not all, are in fear of each others reprisals and missing out on sitting by the side of their Lord in their after-LIFE.

Communities Without Baggage

We are currently re-writing the Ten Steps Of Kindom (Freedom) in which we set out the steps to take in order to co-create Do No Harm Communities, Communities Without Baggage and, when we have found a venue and the support necessary, we will start running workshops based on the Ten Steps Of Freedom where we can all learn how to start letting go of our baggage and taking responsibility for our thoughts, feelings and actions.

Nothing can escape our making. We are responsible for everything we are experiencing around us and for everything being experienced by our brothers and sisters of LIFE. It is our thoughts and the energy we give them that is the world we are all experiencing here and now. Our thoughts cannot escape LIFE and are what is used to create the world we all experience here and now. All the natural disasters are created by us as well. All we learn from "The System" is how to do harm and all this harm is curses that we send out in the image of our thoughts.

Do No Harm communities are for those who want to stop creating and supporting the curses that are destroying LIFE, as well as providing a sanctuary for those fleeing "The System".

We already are LIFE, we already are unique and we already have everything we need for lives of freedom, truth, joy, abundance and do no harm for all. All we have to do is help each other remember how to create those lives. Individualised and alone, we will achieve nothing. Together, strong in our commitment and through love, we can do anything we aspire to.

Sequential Order

Posted 13th October 2014

We ask you to NOT believe anything we say/share and instead use scrutiny like an intense blow torch and go where the logic of truth/sense takes you. This is very, very important. Put everything you believe up to the test of scrutiny to see how it stacks up. If you are true to your heart/senses and go where the logic of truth/sense takes you will find that NO belief, etc, will stand up to the test of scrutiny. They just do not stack up because they are lies/fraud.

After you have watched and read all the material and any questions are left unanswered, send us your landline number and we will use the internet phone as a free unlimited call. We are on Sydney NSW Australia time. Best times for us to chat are between 11.00am and 6.00pm.

It is critical that you fully comprehend Image Power, "Name", Contract To "Name", "The System" Of "Names", "Spelling", Trauma, Reaction To Trauma, Curses, Processing Curses, Full-Responsibility/Liability, Limited Liability/Responsibility (passing-the-back), Slavery, Senses/Sense vs Non-Sense/Senses, 1st Party vs 3rd Party, Re-

Presenting Intellectual Property such as but not limited to "Name", Storytelling/Storytellers, Duality, Black-Magic, Belief, Lies, "I", All Seeing "I" (eye), etc..... These themes and others are covered over and over and over again.

If you do not comprehend these insights and are unable to use your senses to sense your way through all the non-sense/non-sensory-images that enslave MAN under their image power (darkness = "The System" = Hell), men and women will remain deeply trapped under a terrible state of trauma. Our intention is to inspire you to remedy by showing you how to move away from reacting to trauma in all its nefarious and devious forms.

The Work Of Frank O'Collins - From 13th October 2010

In this series of posts scroll down to view the latest goings on and the documents we created to deal with the representatives of "The System". So many of their documents, letters, etc, are designed to deceive, trick and intimidate; note how on the last letter back from the SDRO says that "no further correspondence of this nature will be considered" but then there is a reference number at the bottom of their letter for replies!!!! Start asking lots and lots of questions. Point out when they do not answer your questions. Think everything through very clearly to work out what they are really saying in legalese. All their documents are written in legalese, not English. Since 2007, they have not wanted Arthur anywhere near their courts, so they use thugs/force to deal with us, providing no avenue for Arthur to enter their dread-world (fairytale) court (caught) system to confront their fraud. This may obviously change - lets wait and see.

7. For Documentation Of Harm Done By The Powers-That-Be And Their Representatives, Evidence Revealing How Victims Did Not Break The Peace, Caused No Crime or Harm, There Were No Injured Parties. Documenting Incontrovertible Evidence Demonstrating How The Powers That Be (PTB) And Their Lackeys Will Break All The Laws They Are Supposed To Uphold. They Will Kidnap, Intimidate, Terrorise, Rape, Pillage, Plunder And Lie And Take Responsibility For None Of It. All Part Of Their Tactics Of Using Fear And Trauma To Keep Us In Our Place. Relatives Of Those Under Their Radar Are Also Not Safe From Attack And Intimidation. All Starting From A \$25 Fine For Not Voting And A \$65 Fine For Not Changing A Dog Registration. We Do Not Have Freedom And Can Only Appear To Have Freedom If We Comply. Regardless How Small The Matter The PTB Throw Hundreds Of Thousands Of Dollars Away To Enforce Their Will....

The End

Unravelling The Lies Re-Presenting Is The Pull Of Duality Into False Consciousness Facebook & Email Discussions/Debates

If we contemplate on the information shared in these Facebook discussions/debates about non-duality and re-presentation, and go where the logic of truth takes us, they wipe out ALL belief, faith and associated opinion, showing them up as the false flags they are. Debates are brilliant for testing truth because when we go where the logic of truth takes us instead of fighting for a belief system that keeps us enslaved we can see duality for what it really is, a belief system superimposed over LIFE/Reality. The ones listed below still with a Facebook link will be uploaded to the Love For Life website ASAP. Links will be found here: <http://loveforlife.com.au/node/3385> Some of these discussions were started by others and we joined in. The Main Insights Of The Love For Life Work Can Be Researched Amongst These Recent Posts

These posts will help you to comprehend where we are at and heading and why the REMEDY of KINDOM (Do No Harm Communities)

Is the ONLY remedy that frees MAN from the slavery to man-made HELL.

We suggest reading & contemplating each post sequentially as listed below:

We were all sharing long before we were invaded and conquered by those who brought us an artificial system and we were sharing naturally through love without having to do harm to MAN, Earth, Nature. Does your child need to pay you before you will share your apple with him or do you share out of love? Now, we are still sharing with each other but we share with each other using an artificial system that is a third party between us and which does absolute harm to MAN, Earth, Nature! Instead of giving an apple to our neighbour, we sell the apple to the apple buyer, who sells it to the shopkeeper, who sells it to our neighbour. Wouldn't it be simpler to just pass the apple over the fence for your neighbour to enjoy, and enjoy the days when your neighbour passes an orange over the fence to you. And we're not even going into all the taxes and other tariffs placed onto the apple!

We give you a box of apples if we have more than we need and you give us a box of oranges because you have more than you need; you do not give us the box of oranges BECAUSE we have given you the box of apples. Both boxes of fruit are freely given with no conditions attached. The giving does not have to be done at the same time. The giver of the apples gives them because he/she has them to give when he/she has them to give, and the giver of the oranges gives them because he/she has them to give when he/she has them to give. It is an act of giving done freely without conditions or expectations.

Videos: Key To Kindom Co-Creation Of Do No Harm Communities Causing A Mass Exodus From "The System" By Arthur & Fiona Cristian Love For Life

7th February 2011

24 Minutes 47 Seconds

WELCOME TO LOVE FOR LIFE. Love For Life is committed to the creation of Do No Harm, Kin Domain communities throughout the world. Kindoms, where we grow our own food and support one another away from the endless rules and obligations we currently struggle under, are the only way to achieve lives of peace, joy and abundance for all and take care of Earth so that Earth flourishes. Love For Life shines a light on the darkness of the world we live in so that we may all recognise that darkness and until there is nowhere left for it to hide. March 2005 - Arthur & Fiona Cristian

7th Feb 2011, 837pm, Sydney time. Please read "The Ten Steps Of Kindom" here: <http://loveforlife.com.au/node/5788> to see how we achieve the dream of Kindom. This email was written in 2007 as a rough, sketchy idea that we intentionally left alone while we continued our search for truth and the remedy to our problems. We have come a long way since then, particularly in the ways we now word things so we are shortly to update it into a full working model. We will also be posting more information on the topics covered, either in other videos or by adding to this one.

Please read our articles to explore all the insights we have been unravelling and putting to the test to be sure we are on the path of Do No Harm: <http://loveforlife.com.au/node/3385>

Hi Everyone

We released another video. A long time coming. We plan to do more shortly.

Thank you to Justin & Bruno for coming out to Bowral one afternoon and making this spontaneous video with us. Children thoroughly enjoyed your company as we did.

You can see how much weight Arthur has put on since March 2010 after being followed, the three serious attempts on his life over the past 8 months or so, the last time with 3 year old Xanthe in the back-seat of the family car and the 12 serious death threats to the family over the past 18 months or so. Its effected him much more than he realised.

Even though he is a dedicated raw-food eater (no meat or dairy or cooked food) he hasn't managed the change in his lifestyle as well as he could have.

He used to fast walk 2 hours per day at least 5 days per week.

He has probably had around 7 walks since March 2010,

He stays in doors for weeks on end working 16 to 18 hours per day for Love For Life.

He feels his life is of better use serving LIFE over the net, doing what he does, reaching out to anyone he can help wake up than being locked up or dead and lost to the cause of true freedom. Fiona looks beautiful as always.

All the best

Once Upon A Time

Fiona Cristian - 8 minutes 37 Seconds

by Arthur Cristian (videos)

A Grandmother and her grandchildren are walking through a forest when one of the grandchildren breaks a small branch off a tree. The Grandmother stops walking.

Grandmother - Did you break that branch to bring sunlight to the flowers beneath?

Tom - No, Grandmother, they are violets that like the shade.

Grandmother - Did you break it because you wanted to take blossoms to your mother?

Tom - No, Grandmother, there are no blossoms on this branch.

Grandmother - Then why did you break the branch, Grandson?

Tom - I guess I wasn't thinking, Grandmother. I have broken the tree for no reason.

Sam - But there are so many trees in the forest, Grandmother, why does it hurt that Tom broke just one?

Grandmother - Children, if there are many of you and I hurt just one of you, does it matter? Do you think it matters for Katie if I choose to hurt her rather than Judy? And if I hurt Katie, will I not also be harming the rest of you because you will now have doubt about how I might behave towards you. If I can hurt Katie, might I not one day hurt any of you?

Come children, this is a nice place to sit - I have a story to tell you.

THE FAIRYTALE

Once upon a time there was a world full of people who loved to be slaves. They so loved being slaves that, if anyone suggested that there might be a way not to be a slave, the slaves raised their eyebrows, gave an embarrassed laugh and turned away as quickly as they could.

The slaves lived in a beautiful world full of natural wonders; of waterfalls, lakes and powerful seas, of mountains, valleys and majestic forests and of everything they needed to live lives of joy, freedom and abundance.

Their beautiful world was what sustained them, giving them air to breathe, water to drink and food to eat. Without their beautiful world, the slaves could not survive but they had been slaves for so long that they no longer noticed that their enslavement was slowly killing the world that gave them life.

They had forgotten that they were part of their beautiful world and their beautiful world was part of them. They had forgotten who they really were.

The slaves spent most of their time giving their energy to an artificial world, a fairytale that had been superimposed over the natural, life giving one. As the fairytale had no life force energy of its own, it needed the constant input of the slaves to appear to function.

Like all slave masters, the fairytale was not kind. The slaves had to spend hours away from their families and homes "working", just in order to have a place to live and food on the table.

There were rules and regulations that the slaves were expected to conform to and those that transgressed were severely punished.

Of course, all the slaves had to do to be free was to get together and remove their energy from the fairytale because, without them, it could only collapse. But the fairytale had systems in place to teach the slaves that they were all individuals, isolated and alone, and that a life of slavery was the only one possible.

They learnt that only slaves belonging to their particular slave group could be trusted, that their slave group was superior to any other slave group and, in some cases, that they must be prepared to fight other slaves and even die for their slave group. The fear and trauma generated by the images of the fairytale kept them firmly in their places.

Thus it was impossible for the slaves to unite despite the fact that, deep down, every slave was aware that their addiction to slavery was killing the world that gave them life.

So why did the slaves keep working for the fairytale and giving up their freedom if they knew the consequences? It was partly because the hole seemed too deep and frightening to climb out of, partly because they had been taught to expect someone else to solve their problems for them and partly because they were too tired from working so hard for the fairytale to think about it. But the main reasons the slaves kept their heads down and tails up was that they were unwilling to give up the temptations of the fairytale.

Concoctions of chemicals disguised as food, with tantalising tastes that induced cravings, despite the damage done to the body. Drinks full of poison that sent you out of your mind for a while so you could forget your worries. Shops full of things to possess, bigger, better places to live, smarter, more powerful means of transport, more exotic and exclusive places to travel to, countless coverings for the body, and an endless array of ways and means to fill the time not spent in the service of the slave master.

Upon all these things the slaves placed more value than their freedom. As long as they could have their fairytale addictions, they were willing to be slaves.

A few slaves tried to turn the tide. They tried to break free of their shackles but it was very hard. Often they were punished, ridiculed and starved back into submission, even though all they asked was to be able to take on the responsibility of caring for themselves, others and the natural world.

As time went on, the fairytale became an increasingly harsh master, demanding more and more energy from its slaves until even previously happy slaves began to feel that all was not right.

As the demands grew, so did the restrictions until the few avenues available for the slaves to take back their freedom dwindled away and the punishments for slaves attempting to do so became even more severe.

The fairytale spread over more and more of the natural world, raping, pillaging and plundering until the rivers were choked, the mountains gouged beyond recognition and the forests reduced to matchsticks teetering in dusty, barren soil.

As the air became too thick to breathe, the water too contaminated to drink and the food lost all its life forces, the slaves began dying too quickly and in numbers too large not to notice.

Too late, the slaves realised that the fairytale had nothing to offer them and that they had all but destroyed their only means of existence. Chaos all around them, the remaining slaves realised they had to change their ways before it was too late.

But where to start?

There were a few slaves who had seen the signs and hidden themselves away. They had stored clean water, kept some seeds and found the few trees left that could provide them with clean air.

As the relentless destruction trickled to a halt and Earth breathed a sigh of relief, these slaves came out of their hiding places and gathered together with the others, ready and willing to take on the job of repairing the damage done.

And perhaps, even as they looked around at the desolate remains of their once beautiful land, they smiled because they had remembered who they really were and at last they were free.

Katie – And did they do it, Grandmother? Did they save Earth?

Grandmother – Have a look around, children. Did we do it?

Judy – We? We, Grandmother? Were you one of those slaves?

Grandmother – I was.

Tom – And Grandfather?

Grandmother – Yes he was, children. Grandfather, Great Uncle Collin and Great Aunt Danielle and many of the other older men and women you know.

Sam – But how did you do it, Grandmother? How did you make Earth better? If it was all broken and dirty, how did you fix it?

Grandmother – The first thing we had to do was to look at everything we had been doing and see how we had hurt Earth. And then we had to work out how to live in ways that didn't hurt Earth.

We realised that the only way to help Earth become the beautiful paradise it had once been was to make sure that everything we did helped Earth and didn't hurt Earth.

Sometimes we do break branches or chop down a tree but we never do it if we don't have a good reason. That's why I asked Tom why he had broken the branch.

He was not thinking or feeling the tree when he broke the branch and so he was able to do harm to the tree. And you are right Sam – just one little branch doesn't make much difference in a beautiful forest like this one, but imagine if everybody began breaking branches, thinking that just one branch wouldn't make any difference. In time, the forest would be full of broken trees.

This is how we start to do harm children, and one seemingly small act of harm leads to complete destruction if it is repeated enough times. Now I have told you the story of how we nearly destroyed Earth before you were born, I hope that you will always be mindful of your actions so that you will never do harm to this beautiful Earth we are so lucky to live on.

Children – We will, Grandmother. Of course, Grandmother.

The End

THE HOUSE

Fiona Cristian - 8 Minutes
by Arthur Cristian (videos)

There was once an enormous house with hundreds of rooms. In these rooms lived many, many people, sleeping, waking up, eating, drinking and going about their daily business.

The house was not a very safe house; things were always going wrong and many unfortunate accidents were had by the people of the rooms.

For the most part, the people accepted this as part of life in the house. They thought that unfortunate accidents were to be expected because nothing is perfect and the builders of the house had surely done the best they could when building it.

Occasionally a few people got upset, especially when they were the ones affected by the unfortunate accidents, and complained to the builders who usually sent a representative round to fix the odd hole in the wall, patch up a few windows, assure the people that all was well and generally smooth things over.

The complainers were not always satisfied but, with no other recourse at hand and surrounded by others telling them that everything was ok and not to worry, they soon found it too difficult to swim against the tide and turned back to their distractions.

And distractions there were aplenty for the thoughtful builders had not only built a place for people to live, they had built a place where the people could have FUN! There was sport, entertainment, recreational activities, an endless array of courses to learn about an endless array of subjects, gardens for those who liked to grow flowers, any number of different spiritual centres and, on the more illicit side, there was easy sex, alcohol, drugs and gambling. There was something for everyone.

Of course a few of the diehard complainers said that the builders only provided the distractions so that people would spend all their time on them rather than focusing on all the accidents their shoddy building work was causing but they were written off as trouble makers or slapped on the back and told to come to a distraction centre and forget about it.

If they persisted in making a noise, House Security would come and have a word with them and, if necessary, look after them in a secure place for a little while so that they did not interfere with the enjoyment of the rest of the inhabitants of the house.

For the most part, the people of the house were too caught up debating and even fighting over whose distraction was the best and which distraction everybody ought to follow to spend time thinking about the builders and their failure to provide a safe house.

Given the problems with the house, most of the inhabitants were happy to leave it to the builders and had little time for anyone who suggested that there might be ways to improve the house or even do away with it altogether.

As well as distractions, the builders of the house provided learning centres for children where, from an early age, they were instructed on and taught to memorise how the house worked, the rules of the house, the infrastructure of the house and how to do their part in maintaining the house.

It was also explained to them that there wasn't really any other way to live apart from in the house and that, unfortunate though the accidents were, there wasn't really anything the inhabitants of the house could do and that the builders were doing their best to set things right and would be able to do so if they had the support of the inhabitants of the house.

As they grew up, the children of the house could either continue learning about the hows and whys of the house or they could start "working" for the house. This was another way the inhabitants of the house filled their time.

Most of them spent many of their waking hours working for the builders of the house in all areas of the house. Some added new rooms for new people, others worked maintaining the infrastructure of the house while still more worked in the area of distractions, running the sport, entertainment, etc. Others worked for the builders making "improvements"

to the house which were always widely broadcast as “progress” but which somehow never seemed to solve the problems of the house.

There were those who learnt how to instruct children in the learning centres, those who joined House Security and also those who learned how to provide medication for those suffering from the ill effects of their distractions and life in the house in general.

These medications did not cure the sufferers but allowed them to get back to work and to their distractions as quickly as possible. Indeed, they did not expect to be cured because most people around them were not completely healthy so they accepted ill health as the norm. Of course, the builders of the house tried to help them with all sorts of initiatives but somehow disease and ill health persisted.

“Work” was considered very important because the type of work a man or woman did determined how they lived within the house. Those whose work was deemed very important were given bigger, smarter rooms and access to more supplies than others whose work was not thought to be so important, even though there was often little difference in time spent working.

Not surprisingly, those who received less for their effort felt resentful towards those who received more which led to the erection of barriers between different parts of the house.

Barriers were also erected between those who felt so strongly about their chosen distraction that they could not live near supporters of a different distraction without coming to blows.

A few inhabitants tried to bring everyone together to focus on how to deal with the problems of the house but habits were entrenched and common ground not to be found.

So the unfortunate accidents and problems with the infrastructure of the house continued.

There were problems with food and water supplies, overcrowding, roomlessness due to people not working hard enough to keep their rooms and a House Security that was over stretched dealing with inhabitants who refused to obey the rules of the house.

Suffering was growing to such an extent that even the usually most contented house inhabitants began to murmur about improvements being needed. Too many people were hurting, too many people were sick and too many people were struggling just to have food and a ceiling over their heads. Something had to be done.

Finally the builders of the house called a meeting. They had a solution. They had built a new house, an improved house for everyone to live in.

The new house had a much stronger and more powerful House Security whose job would be much easier because all the inhabitants of the new house would have a member marker in them so that they could be instantly identified.

This would make it less complicated for them to get supplies of food, water and whatever else they needed and easier for them to travel about.

Even better, no one would be allowed to live in the new house unless they received injections that would keep them safe from the many diseases of the old house and ensure that they were happy and willing to accept the rules of the new house.

The builders would be able to keep a much closer eye on everything to ensure that life ran smoothly and that any unfortunate accidents were kept to a minimum.

The builders ensured the people that they had looked at all the alternatives and were more than satisfied that a new house was the best solution available for everyone, especially as the new house was equipped with even more distraction centres than the old one.

There would be even more fun for all.

Most of the people were happy; they would be able to move to the new, improved house and get on with their lives of working for the house and enjoying the distractions of the house.

A few were not happy and voiced their discontent.

They did not see how the new house was an improvement to the old house, especially as it seemed to just be an updated version of the same.

They questioned how the problems of the old house would not begin to appear in the new house. They appealed to the builders to reconsider and even said they would like to build their own houses, without help from the builders.

The builders smiled and gently suggested that they had done the research and it was not possible for the people to take on such responsibility.

Without House Security in place, anything might happen, without the new injections, who knew what diseases might run rampant and without the learning centres, how would the children understand the importance of the house?

To be sure of food, water and a place to stay, the new house was the only option. The demolition team was booked for the old house and systems were already set up for the transition from the old house to the new one.

There really wasn't anywhere else to go.

THE ORIGINS OF THE HOUSE

Fiona Cristian - 4 Minutes 57 Seconds
by Arthur Cristian (videos)

Once upon a time there was no house. The people lived simply on the land in harmony with the rest of creation and with each other.

They did not see themselves as apart from creation but as part of creation. Like a ray of sunlight, a grain of sand on a beach or a drop of water in the ocean, they knew they were linked to every other living thing of creation and that every other living thing of creation was linked to them.

It was because of this that they were careful to live without doing harm to any other part of creation because they knew that if they harmed one part of creation they were also harming themselves and the rest of creation. They lived like this for many, many years.

Then, one day, the people of the land saw an enormous ship sailing towards the shores of the land they lived on. As it grew closer, they saw men covered from head to toe in strange garments carrying objects they had never seen before.

The ship stopped and some men climbed down into a smaller boat and headed for the shore. Wary but curious, the people of the land moved to meet them.

A man got out of the boat and walked towards them.

The people of the land greeted him courteously, stifling their amusement at the way he was dressed.

The man opened his mouth and spoke gobbledygook. Again muffling their giggles the people of the land used sign language to try and communicate. They offered food and water.

The man offered them some brightly coloured objects which seemed to have no use but which were accepted gracefully by the people of the land who did not want to seem ungrateful. The man went back to his ship.

Days passed and the men from the ship visited daily. The people of the land continued to be polite but they could not comprehend what the men wanted or why they persisted in giving them so many useless objects made from materials they had never seen before.

Most of the people of the land tried to get on with their usual way of life but one or two of them spent time with the strange men, learning their gobbledygook in an attempt to find out what they were doing there. Eventually, they called a gathering of the people of the land.

They explained that the men on the ship wanted to build a great house, which was a place for everyone to live. The men on the ship would teach the people of the land how to live in the house and new ways of living with each other. They would teach them their gobbledygook and show them how to cover themselves like the men on the ship. They would show them new ways to keep healthy, new ways to eat and new ways to raise their children. They would give the people of the land some of their strange things and teach them how to use them.

The people of the land talked for a long time. They did not see anything wrong with the way they already lived their lives in harmony with the rest of creation.

They had also seen the men from the ship behaving in ways they did not like; the men killed some of their animal friends with things called guns, made fires and sometimes drank something that made them behave very stupidly and even made them ill.

The food the men gave the people of the land made them feel unwell and some of them had also felt ill just from being in contact with the men. They could not see what benefit the house would bring them.

The people of the land politely refused the offer of the men on the ship and went about their business, expecting the ship to leave. To their surprise, the next morning, they found all the men from the ship lined up on the shore holding their guns. They said they had come to build the house for the people of the land.

The people of the land repeated their disinterest in the house and asked the men to leave. One of the men from the ship fired his gun into the air. The house was to be built.

So began a time of terror for the people of the land; anyone who refused to go along with the men from the ship was killed. Women were taken and children beaten.

Other people of the land arriving to help were killed or forced to help with the building of the house. More men arrived on ships with more guns and the mass murders began.

The people of the land resisted as they could until they were worn down by the endless murder and destruction.

For the sake of their children, the remaining people of the land subjected themselves to the will of the men from the ship.

They helped to build the house and took up residence in it. They learned the ways of the men on the ship, to work for the men on the ship and to send their children to the learning centres of the house.

They tried to teach their children the stories of their previous peaceful way of life but they were so traumatised they found it hard to talk about and the stories they did tell were usually contradicted by what their children were taught at the learning centres.

Many of the older people of the land died of broken hearts.

More men, women and children arrived on ships and also moved into the house. They were given the best rooms and the important work. The people of the land who had the energy to care were aggrieved by this and complained.

The builders of the house smoothed things over with a few promises but nothing much changed; the problems of the house had begun.

In response To The One-Heaven Work of
Frank O'Collins

Link: <http://loveforlife.com.au/node/7500>

All the information provided below regarding the "**Ecclesiastical Deed Poll**" and all other information provided by Frank O'Collins (and others) and from Frank O'Collins websites One-Heaven.org and Ucadia.com has not been tested by us. Frank says that others have had great success with the Ecclesiastical Deed Poll but we have learnt from experience that what works for some does not always work for others, although this document does seem to be vastly superior to any others that we have seen. Like all legal/freeman, sovereign, health, etc, information on the Love For Life website, this information is there for those who are interested in studying it, not as tried, tested and guaranteed to work. Make sure you comprehend it before you use it; as Frank says, if you cannot explain what you are doing and the information you are using in at least three ways you do not comprehend it sufficiently to use it effectively, especially when it comes to challenging "officials" and being tested in court (caught).

We have been saying for years that all man-made laws are derived from [black magic](#) and Frank's work explains the devious Roman Cult technicalities of this black magic and all its spells and rituals. Canon Law is derived from this wizardry which has been around for a very long time, all civilisations coming out of it. Across all his recorded history, Canon Law is just one of the many "crafts" (abominations) invented by the [Grand Architect](#) and "practised" by his descendants and devotees.

As we have stated before, pieces of paper do not create consciousness and we see the Ucadia System (includes information from One-Heaven) and Positive Canon Law as being just another system, albeit a "good" system. The problem with systems of any kind, bar the system of nature/LIFE that we are part of, is that they are dead-corpses and need to be administered by 3rd parties and need some (3rd parties) to have higher standing than others. Any manufactured system allows some to let go of taking full-responsibility for how they live their lives and to rely on others to tell them how to think, feel and what to do..... to "PASS THE BUCK"!!!

What Love For Life is all about is men and women taking FULL-responsibility for how they think, feel and act and learning to live in ways that do no harm to LIFE through feelings, thoughts, words and deeds. We have found that many who are attracted to the Love For Life work are really enthusiastic until they realise that going down this path means a complete change in how they live their lives and the possible/probable alienation of at least some family members and friends who don't wish to wake up to the fact that they are slaves from birth to death. When you have been used to others telling you how to think and feel and what to do all your life, it is sometimes a scary proposition to take complete responsibility for your LIFE. Therefore, we predict that Positive Canon Law and the Ucadia System will become enormously well known across earth over the next twenty four months and will be used successfully by many.

Herein lies the deception; we feel that Ucadia is part of the new, feel-good (feel god), New World Order (the prophesied one thousand year golden millennium - the new civilisation of commerce) that we have been warning everyone about for the past few years. Here is "good", "just" law, based on spirituality and conscience, law that sends the curses of "The System" back onto the cursers, freeing those who use it of their binds to "The System". BUT just ask your brains a few questions: where has all this information come from? Where does Canon Law come from? What history and knowledge is Canon Law based on? What System does it come out of? Is it part of the information of nature/LIFE or is it part of "The System"? If all men, women and children are equal, why is Ucadia full of hierarchies, both "spiritual" and "earthly"? This is no different from the current "System" that teaches those who are looking for spirituality that there are the heavenly hierarchies of Archangels down to cherubs. This acclimatises and persuades us to accept the hierarchies that govern us as "normal" and even "necessary" for the sake of order. Please read our recent article: We Are The Life Of The Dream Of Life: <http://loveforlife.com.au/node/7417> and listen to this recent one hour thirty four minute American Freedom radio interview with Arthur and Vinnie Eastwood: <http://loveforlife.com.au/node/7483> which explains CON-structs that are the basis of all "Systems" (All Civilisations Of Commerce Are Apocalyptic By Design) and all darkness and destruction. We are also writing further articles on the topics mentioned here so, if you are not registered to the Love For Life mailing list and would like to receive them, please register here: <http://loveforlife.com.au/content/09/05/14/campaign-mailing-list> - We feel that

comprehending CON-structs and the difference between the information of LIFE and the information of "The System" is vital if we are to regain our true freedom.

Frank also talks about the connections between the spiritual side of his work and the Celtic culture of Ireland. We feel, however, that this Celtic culture goes back to the culture of Ancient Greece which goes back to Ancient Egypt. These civilisations and all those between are all civilisations of "The System", following the trail of the Aryan bloodlines of the Grand Architect and his descendants who have been the founding fathers of all the civilisations of "The System" and who are behind the creation of this new system now being imagined out of Ucadia, One Heaven and Positive Canon Law. Constructs, constructs and more constructs.

CON-structs are without connection to the information of LIFE and are the basis of all occults and esoterics, including Positive Canon Law and Ucadia. CON-structs include all read and write alphabet languages, mathematics and sacred geometry/geometry. None of the CON-Structs we think and feel have anything to do with reality/LIFE and have everything to do with distortion and destruction to LIFE. If you can't find the form of every thought and feeling you think and feel in the information of LIFE/nature, if your thoughts and feelings are not LIFE-sustainable, needing your LIFE to perform for them and maintain them, then you are thinking and feeling CON-structs and destruction to LIFE/nature. To return to being who we really are, we have to stop thinking and feeling CON-structs and start thinking and feeling the information of LIFE/nature. All CON-structs make slaves out of every man, woman and child who believe, serve and worship them. Please explore all our Facebook discussions posted here: <http://loveforlife.com.au/node/3385> some of which go into this subject in great detail.

To recognise a construct, look for the substance to back it; where is the natural substance of One Heaven and Ucadia? Ask,... would we all suffer if not fade-away and die if they did not exist? What do they do for LIFE that aids LIFE in rolling along here and now? Where are their ancestors buried? Where do their children play? Where do they live so we can visit and have a chat with them? Does anything natural in LIFE depend on their existence, their LIFE, to exist? Do we have to rely on invisible, third party spiritual beings for information which is passed down to us through third party men and women to comprehend One Heaven and Ucadia?

Another topic discussed with Frank was the Song of LIFE; Frank talks about the need for all cultures to sing the song of earth and life to bring us all together. While we agree that there is a Song of LIFE, we are talking about the Song of LIFE that is the song of the living creator, made up of all the thoughts and feelings (not negative, destructive emotions) of the living creator that make up the dream of LIFE. This song is LIFE sustainable because it IS LIFE. It is the DNA of LIFE that is all LIFE and is made up of the sounds of LIFE that are not sounds found in any of the information of "The System", including sounds made by CONstructed musical instruments following mathematical scores. Beware the Song of LIFE that has words. The true Song of LIFE is the living word of LIFE, the true language of MANS tongue and the true image of the creator who embodied the dream of LIFE with the LIFE of the creator. The information of the Song of LIFE is something the Grand Architect was not able to work with because he was creating anti-LIFE rather than LIFE, which is why it is not to be found in his System. As for the substance of the Song of LIFE - we are the substance of the Song of LIFE (if we remember who we really are) because we are the embodiment of the dream of the living creator.

The breaking down of civilisation is getting the majority to stop thinking and feeling (believing in) the information that forms the old civilisation, so they can walk away from it and into the new system on offer from the powers that be, like sheep walking through open gates from one enclosure to the next. It's all about getting us to think and feel what the Powers that Be want us to think and feel, and manipulating us through seduction and temptation to get us to put our energy (power of LIFE) into these feelings and thoughts so we create a world (the new "System") in the image of the powers that be without ever realising that the new system does not have our, and the next 100 generations to come, best interests at heart.

The Powers that Be have to use the truth to get people to break away from the old system so that they learn to walk into the new system because most men and women, especially those searching for truth and freedom, recognise the truth when they see, hear and feel it. Those promoting the new system are not necessarily "baddies", just good people with good intentions who are being used to ensure that the new system is just the old system in shiny, new wrapping paper. Many who work for "The System" are controlled by remote projection from those at the very top and are totally unaware that their thoughts and ideas are not always their own. A lot of these people are targeted young for their intellectual brilliance and prepared for their roles in "The System" even if it takes those preparing them 30 to 40 years to do so. We have written about this and will be writing more - again see "We Are The Life Of The Dream Of Life": <http://loveforlife.com.au/node/7417>. We are not claiming that Frank O'Collins is a baddie, just that he is a product of years of "The Systems" brainwashing that teaches him (among others) to believe (put his energy/power of LIFE) in the CON-structs that are the basis of all demonology which are all the fairytales that we are performing in and giving LIFE to. We do, however, feel that he is sincere in his work.

So, by all means learn all you can about Canon Law and perhaps it will help some of you get "The System" off your back, especially if its goons are breathing down your necks, but don't say we didn't warn you when you realise it is just "The System" in another guise. We will certainly let everyone know what happens with the Ecclesiastical Deed Poll. Just REMEMBER, pieces of paper and CON-structs are dead and can do nothing without the LIFE force energy of living, breathing man and women. If Canon Law works, it is because the men and women of "The System" are ALLOWING it to work. "The System" is nothing without our energy and we have the power to put our LIFE force energy into "The System" or into LIFE and, if we choose LIFE, there is nothing those of "The System" can do to stop us.

Above the prescribed medication and sedatives that is the fog of paperwork, words and numbers, we are dealing with men and women whose ancestors murdered hundreds of millions and who will murder more millions to get what they want but ONLY if we accept what they tell us and fall into their game plan. They think they can take on LIFE and defeat LIFE, keeping just enough LIFE to maintain their System. What they don't realise is that no one can take on LIFE and win and, the more destruction they cause to LIFE, the more their curses will come back to them. A distortion cannot cure a distortion. With billions now thinking and feeling distorted images, we are creating LIFE in this image and there is nowhere for this distortion to go but LIFE because LIFE, which we are, is all there is.

Frank talks about how those behind "The System" deflect their curses into money but money is still a fiction that has no LIFE force. Eventually the curses will come back and the only way for LIFE to absorb them is by taking them into earth in the physical form of a FEVER, as in numerous, massive earthquakes, tidal waves, volcanoes, cyclones, tornadoes, floods and other "natural" disasters, just as our body has a FEVER when sick with distortion, with diarrhoea, other explosive bowel motions, vomit, sweating, mucus flow, shaking, disorientation, etc. Collectively, through pure and sincere feelings, thoughts, words and deeds which Do No Harm to LIFE, we can quickly heal the curses (the distortion), otherwise, shortly, the Earth's FEVER will come and go unexpectedly across Earth for weeks on end to heal the distortion. Earth FEVER mirrors the distortion of MANS negative destructive emotions, thoughts and deeds. We are already experiencing locust swarms and the disruption of nature with bees disappearing and fish dying off. There is nowhere the cursers can hide. The fever of their making will complete the cycle of curses, transmuting the cause. LIFE is tenacious and far tougher than "The System". Whatever happens, LIFE will be triumphant.

"The System" has to have its "Good Guys" and its "Bad Guys". Only the good guys can usher in the new system because if all the enclosures of "The System" were seen to be controlled by the bad guys from all sides, people would revolt against it. The people have to believe they are part of what is good and then they will do everything to protect their enslavement and the enclosures of "The System" that enslaves them.

The real system is the system of LIFE that is who we are and what we are part of. Our true purpose is to co-create LIFE with all other LIFE forms of LIFE, doing no harm to LIFE because, while we do harm to LIFE, we are destroying who we are and what we are really part of. We are the gift of LIFE and the information of LIFE that each of us is, is our unique gift for LIFE. However, if the information we share is distorted because of our brainwashing by "The System", all we can create is distortion. The great challenge for all of us is to learn to recognise which of our thoughts and feelings are "The Systems" distortions and which are the true, sincere thoughts and feelings of LIFE.

"A lot of efforts have been made to distort past reality. The possibility of distortion arises when Man abandons his own reasoning powers and forms constructs of the past based on somebody else's words and conclusions." Anastasia - Ringing Cedars of Russia series: <http://loveforlife.com.au/node/1125> and <http://loveforlife.com.au/node/3641> - LIFE is information. When we distort Nature and then eat, drink, absorb, think, feel, hear, see, touch, taste, smell and perform these distortions, stress over these distortions, work, live, dream and play with these distortions, the information of LIFE, your LIFE, our LIFE, our children's lives, everyone's LIFE, is distorted - Arthur Cristian.

So, we continue our call to Kindom, Do No Harm Communities of Conscious Men, Women and Children, Truly Free, No Beliefs, No Ownership, No Ones Sheep Nor Shepherd, Taking Full Responsibility for our Feelings, Thoughts and Actions.

Arthur & Fiona,
In this "spell breaking" spiritual offering, You've done a magnificent job of reducing the INFINITE into the understandable terms of the finite of the Satanically controlled conditioned consciousness which rules the world of the "Living Dead", and you've done so merely by exposing the conditioned thought which imprisons damn near all men and women on this planet. You NAILED IT!

I have taken the opportunity to post this on my website, and hope that others shall do the same. This is the ticket out of Hell that civilized man has constructed through his conditioned ignorance.

If all forms of symbolism are satanic, as re-presenting information in any form is an abstraction and thus binds us in duality, what then is the purpose of having a mind as this is its basic function?

Also, the article states, "Imagine the dream of LIFE is a bubble (a metaphor); Living-creator thought out the dream of LIFE in great detail, held all the thoughts that make up the whole of LIFE in focus and then put its LIFE into those thoughts to give LIFE to the dream of LIFE." So, by extension, wouldn't metaphors also be duality binding devices and satanic too?

Further, how can such statements be made when the "living-creator" is no more tangible than Alice and her wonderland. Bring forth this living creator so that I can experience it and hear its tongue speak of its design and presence.

Tuesday at 21:28

Arthur Cristian

Once we peel away all forms of duality we are Living-Creator and Nature is the true song of LIFE that we all really are.

Nature is living-creators body of LIFE.

Everything we see is our body.

Children brought up by nature learn the true language of MANS tongue and live as truth, are truth.

There is no "mind" just as there is no "ego" or "self" or "person" or "strawman" or "agent-in-commerce" or "individual" (in-divide-u-all), etc. They are imagined/pretended to exist out of thin air and are of duality. In reality, the "mind" has no natural basic function just as Alice has no natural basic function. Cut the body open and look for the "mind", see if you can find it, and hold it, and smell it, and feel it, and hear it. "Hello Mind, or "Ego", etc, where are you? Where are your ancestors buried? Where do your children play? etc...

Through black-magic we have all been tricked/CONNED to imagine a fiction ("ego", "self", "person", "strawman", "agent-in-commerce", "individual", etc) out of thin air and re-present it, perform for it, believing it is who we really are. They are no different to a child who takes care of her Barbie doll, believing in fantasy that the doll is part of her real world, when it ain't!

They ("ego", "self", "person", "strawman", "agent-in-commerce", "individual", etc) are just the echoes of other men and womens thoughts we continually re-present.

We don't need a memory to remember the information of LIFE/TRUTH, etc, because all information of LIFE/TRUTH is sustained, is LIFE-sustainable and is maintained and expanded by all LIFE-forms of LIFE, inanimate or not. Each LIFE-form takes full-responsibility for the information of LIFE they are. They ALL embody the information of TRUTH/LIFE in their form (thought-form/image) which means we don't have to own that information, hold on to it and never let it go.

What happens if you hold on to your last breath or drink or meal and never let it go? You die, fall from LIFE, fade away from SENSE (reality) What do you think happens to us when we "own" information and never let it go? That's right, we fall from LIFE, we die, we fall into a "state" of NON-SENSE.

What do you think memory is?

What was the intention behind creating a memory?

Ownership!

Without us each creating and owning a shadow of who we really are, the Freemasonic/Satanic World does not have a cast of characters they can own and control. There would be no "System", no "Hell", no "Wonderland". They need us all performing for our shadows so we can create Wonderland and be ruled over by Satanists. This is the ONLY reason for creating a memory that does not exist in the living body of LIFE.

Memory is shadow.

In the real world we don't have to jump 10 feet across a room to grab our next breath. Everything of LIFE is already taken care of here and now by the responsibility for LIFE that comes naturally with all LIFE-forms of LIFE. All LIFE-forms take care of the information of LIFE they embody so that the information of LIFE does not fade away from us, fade away from SENSE. We don't have to remember the information of LIFE because all LIFE-forms are present to the presence of LIFE here and now. It all goes wrong when we corrupt and destroy the pure and sincere information of

LIFE-forms. Once LIFE-forms become extinct part of us forgets who we really are, are part of and our true purpose. Once we destroy most of LIFE, we, the dream of LIFE, are close to extinction too

LIFE is Information is Consciousness.

We were all meant to be free in the moment, to contemplate on the magnificence of LIFE and expand the dream of LIFE. All LIFE-forms are our mates, they all serve the dream of LIFE. They all exist to co-create LIFE with us but since who we really are has been hijacked we have forgotten who we really are, what we are really part of AND what is our true purpose for LIFE. We are too busy re-presenting shadows in the shadow of Wonderland.

It is MAN that comes forth as living creator so that you/we can experience Living-Creator amongst us, to hear Living-Creators tongue speak of its design and presence.

Living-Creator is not just the body of MAN, it is the body of all of MAN, but it just doesn't stop there, the trees, the air, the creatures, the celestial bodies, the water, the soil, the mountains, etc, is the body of Living-Creator too. When we wake up from all the lies that are "spells" cast over billions of us we no longer see separation between each of us... you are truly my brother of LIFE just as everyone is my true living sisters/brothers (we really are androgynous just as earth/nature is) of LIFE.

We are not separated from each other. Only shadows have us believe this. The consciousness/information of LIFE that is embodied in all of LIFE is our consciousness, is your consciousness, is my consciousness, is the squirrels consciousness, is the dogs consciousness, is the rocks consciousness, is the rivers consciousness, etc.

The bubble was used ONLY as a metaphor to help others comprehend the information (the images) we share with brothers of LIFE like you, to help avoid mis-comprehensions. Yes, the bubble is a fiction - It's all in the intention, if you feel the intention of the writer you will comprehend the truth of what he/she is sharing with you without adding your own assumptions on top which blocks out the writers intentions. If you smear your mud over our writing it is your mud that you are reading. We will not be present to you. We will not be on your radar. It will be as if we don't exist. This is what the shadows of duality are doing to us. And yes, we don't live for a bubble, we live for the dream of LIFE that we all really are.

Danny, you need to read and contemplate on the information we have shared in all the articles, discussions/debates, videos and podcasts we have provided links too. They will fill you in on all the missing pieces. Maybe get back in 30 sunrises or so (yes time is fiction) allowing sufficient waking-LIFE to read, contemplate and comprehend the information we share.

LIFE/LOVE is the gift of LIFE/LOVE.

First, thank you for a fascinating response. Please know that it is not my intention to smear mud on your writings but simply to question and investigate your claims. I have read much of your site and the sheer volume and originality of the information available inspires me to investigate further.

Your post seems to suggest that all the information I requested would become available to me from Nature, Life and my brothers and sisters were I able to assume the non-dual perspective. This is also catch 22, as I have to take your word that this information is available from nature in the non-dual experience and that you indeed have access to this position. Though I am quite convinced that your intentions are good, it still doesn't change the fact that your testimony, to me, is hearsay and no different in substance to that of a priest.

Also, while I agree that man must realign with nature, I am dubious that anthropomorphizing nature as some kind of loving and benevolent presence is beneficial. Nature and human nature are evidently very different. The wasp that lays its eggs within the caterpillar, ants that enslave rival colonies using pheromones, viruses that kill millions, there is no grace and mercy in the law of the jungle.

Finally, you suggest that if a child was to be given the opportunity to be raised purely by nature then they would have access to the living creator. These children were and sadly didn't get much out of it.

Danny, we have no problem with you questioning what we say - this is what we all need to do if we are to come to truth. Scrutinise, scrutinise, scrutinise!!!! And go where the logic of truth takes us, meaning stop being sucked into the shadows of re-presentation where lies become us.

In the real world we are no ones sheep nor shepherd. The FULL-responsibility for LIFE sits with each of us. To take full-responsibility for every thought, feeling and action we think, feel and act on is to be determined not to DO HARM to LIFE, to the living. This can ONLY happen through thinking pure and sincere thoughts we put our LIFE-energy, our feelings of consciousness, into. All pure and sincere thoughts we give LIFE to, through action, are any of the many virtues of LOVE that Do No Harm to LIFE.

It all comes back to intention, do we intend to Do Harm or do we intend to Do No Harm. When we are not trapped in the Wonderland vortex of re-presentation it is very easy to detect another's intention, be it in the words they write or the sounds they make or the way their body moves or be it in the feelings that surround them which we sense through touch, taste or smell. To us, anyone who carries Wonderland baggage is so very easy to detect. The ones with the smartest, most brilliant intellects are the easiest to detect. They stand out from the pack no different to Ayers Rock standing out in contrast to the horizon. Their intentions to Do Harm are no longer hidden away amongst their cleverly "crafted" and "practised" intellects.

The brilliant intellects that make up "The System" baggage worship thoughts not embodied with virtues of LOVE. Their intention is to ignore, reject, abuse, ridicule, assassinate, demonise, undermine, sabotage and destroy men and women who have taken full-responsibility to be virtues of Love in everything they do throughout LIFE. They string letters, words, phrases, sentences, punch lines, paragraphs, chapters, etc, into a body of NON-SENSE. They re-present garbage, information based on a performance of a fiction like a Casper The Ghost who they will never be able to bring forward to back their claims exist.

The difference between us and a priest is that we share information to set people free, for them to co-create with LIFE in whatever unique way inspires them while a priest tries to mould people into a sameness, all set in a mould of rules, regulations and rituals that must be followed in order to stay in the religion of the priest.

Since 2005, thousands of these deceivers, change agents and those who worship their baggage have come into our lives via emails, website comments, Facebook discussions/debates or face-to-face introducing their "system" baggage (refer to second sentence in the above paragraph). We then ask them to share the remedy they have that brings an everlasting truth, freedom, peace, abundance, joy and Do No Harm for ALL of LIFE, without the need for rulers and slaves. They have nothing to offer, they all quickly disappear never to be heard from again unless they come under another alias, which they often do. All they have on offer is their baggage. Their intention is not to create such a

world. Regardless of how "The System" changes, they want things to remain as they are; a few on top, the rest below. Very few people live for peace, etc. Most are living for their baggage.

When we have beliefs, we have to make claims regarding those beliefs because they cannot be backed up. You say that we are making claims and that what we say is, for you, hearsay. Well, look around you. Everything we say can be backed up with what is all around us. You can directly experience the truth we are talking about first hand without you having to re-present our thoughts. We are just pointing out what is there, what is logic, what is fact, what is truth.

When it comes to LIFE we don't need to make claims because the truth of nature is available for all to experience. Do we have to believe in a tree for the LIFE that is the tree to exist? Does a child have to first believe in a tree before the LIFE that is the tree can be experienced by the child's senses (touch, taste, feel, smell, hear, see) of LIFE? Of course not, the tree already exists whether we notice it or not. We don't have to explain the tree to you because you can see it, feel it, touch it, smell it, hear it, taste it without our help. You can experience that it is LIFE just as you are LIFE and the tree experiences you as LIFE. This is true of all of LIFE/nature. And if you want to because you have taken full-responsibility to do so, have the natural ability to recognise Harm in all its forms and stop it.

Truth does not require a claim to back it. If our thoughts are pure and sincere, meaning they are not corrupted by "The System" baggage which requires us to re-present NON-SENSE, then our writings, posts, articles contain no claims. All beliefs are claims and all require re-presentation. We do not agree with your comment that we have made "claims" for you to investigate further. This is your claim. Truth does not require Sherlock Holmes but lies do.

Living creator is not some separate, far off figure as in religions nor are we at the effect of a big-bang theory-God called evolution who rules us by random uncertainty. Living creator is LIFE, is you, is the tree, the waves, wind, etc. The LIFE of living creator is there to be experienced by all those who choose to experience living creator.

We do not have to re-present nature to children because they can interact with nature first party to first party and use their brains to attune with LIFE forms of LIFE in their own way. This is what forms their uniqueness and is how we do not invalidate and compromise them. Because nature is the living song (SENSE) of LIFE, the consciousness of all their ancestors that have been laid in Earth is part of that song and they can attune to the feelings (SENSE) and thoughts (SENSE) of their ancestors to expand consciousness further, and their children and grandchildren attune to their feelings and thoughts of consciousness and so on. There is not your consciousness and my consciousness, there is just consciousness that we each feel (SENSE) and express uniquely, consciousness that is the water, the wind, the air, the Earth, trees, creatures, insects, etc.

The true essence of water is consciousness, is information, because water (information) is in everything of LIFE, including the scientists labelled carbon that makes up so much of our DNA. Our DNA, as scientists have labelled it, is the pure and sincere thoughts and feelings of living creator as given LIFE to form the intricate, interconnecting, interwoven, fabric/web of LIFE. There is nowhere in LIFE that consciousness of Living-Creator is not. There is nowhere the web of LIFE is not the "bubble", the dream of LIFE.

The presence of Living-Creator is present throughout the whole dream of LIFE. Every pure and sincere Living-Creator thought is sustained in the "bubble". LIFE is information and MAN is able to access all the information of LIFE without restriction, including rules, regulations, rituals, procedures, conditions and contracts. Through pure and sincere thought, MAN has the gift to be present anywhere in the dream of LIFE and have the presence of LIFE present to all pure and sincere thoughts. Remember, we are talking about a Living-Creator and not a dead God or a CON-struct/Fiction. Water is LIFE - Living-Creator is LIFE - MAN is LIFE. You experience Living-Creator sunrise to sunset to sunrise to sunset because you are the essence of Living-Creator.

In the dead world of Wonderland, say we live 80 years - think how much water has passed through all of us. Now imagine that the water was pure, sincere and uncorrupted rather than polluted and dying, meaning all environments are pure and sincere = paradise. We are water (information of LIFE) and we cannot be separated from water without dying (forgetting who we really are, what we are really part of and our true purpose). We drink water, breathe water, absorb water, feel water, smell water, taste water, hear water and eat water. Water sustains the fabric of LIFE. Everything of Nature has the essence of water, including the air we breathe.

We have the gift to think and feel all the thoughts and feelings of LIFE that is all of MAN that ever was, is and ever will be that is Living-Creator. Without Living-Creator, us, to think and feel the information of LIFE, LIFE would fade away and be no more. Every thought is a thought of MAN and needs MAN to give MAN's LIFE to those thoughts. This is how we sustain the dream of LIFE. Without MAN to think and feel and respond to those thoughts and feelings, who would there be to think and feel LIFE, to experience LIFE, to co-create LIFE, to expand LIFE? All answers come from MAN. All questions come from MAN. Imagine there was no MAN to hear a question - there would be no MAN to answer back.

All thoughts and feelings of the past or the future require MAN to exist/be present here and now, to think and feel them. Without the presence of MAN present no thought or feeling of the past or the future can be thought or felt. Without MAN, the presence of Living-Creator will no longer be present in the dream (the "bubble") of LIFE. By destroying the presence of pure and sincere water, which we do through the 1001 ways of harm-doing to Nature, including "atmosphere", and MAN, we are removing the presence of our ancestors and of our lives from the dream of LIFE. We are actually committing spiritual suicide. Because of our collective worship of NON-SENSE we are destroying SENSE.

Your catch 22 is of your making. If you go to nature with your head full of system thoughts in a system intellect that you are placing/superimposing over nature, preventing you from feeling the true information of LIFE, you will never be able to feel (SENSE) the information each LIFE form of LIFE is offering you. The challenge for all of us is to free our brains from the clutches of system thoughts, the "worship of the intellect", so that we can feel the information of LIFE. How you do this is unique to you. We cannot tell you how you should go about it. That would be telling you to re-present how we think and feel you should go about it. Only you can take responsibility for how you use your brain.

The National Geographic video is presented through system information (NON-SENSE). It is all about re-presenting NON-SENSE. Were you there, 1st part to 1st party? They, 3rd parties, are telling you how to think and feel about something that you did not have direct experience of and they use 3rd party visual imagery to trick you by getting the visual imagery to support what they are telling you to think and feel. This is what "system" education brainwashing is all about. And let's not forget that all involved in the production were already got at by "The System" brainwashing they chronically re-present before commencing production. And if they weren't got at then this doco-video would not have been made, their conscience would stop them from lying/re-presenting non-sense. "The blind are leading the blind". This video, assumes/claims that the way we live in "The System" is better than the way the feral children live and that because they cannot express their thoughts and feelings in read and write alphabet languages, etc, they are suffering!

How can something dead tell us about what is living? How can a telescope or a microscope, both of which are the remnants of destroyed LIFE, tell us about LIFE? All they can give us is a small glimpse at one aspect of LIFE, it's physical appearance. The information of both the telescope and the science that explains what we see through the telescope are re-presenting baggage information of "The System". They have no LIFE or thoughts or feelings to share with us. This is no different from Mary playing Alice in Wonderland, or a child using a stick for a wand and a broom for a horse.

It is so important that we do not invalidate our children by getting in between them and nature and interfering with their interactions with nature. When we do, we are interfering with their development of their uniqueness and their passion. We suggest you read The Ringing Cedars of Russia series of books <http://loveforlife.com.au/node/1125> that talks about the way people used to live with nature and how some still are. National Geographic is a freemasonic controlled instrument as is anything of "The System" that influences men and women. The system is theirs and they control everything of their system. Everything of "The System" is designed to protect the status quo of "The System". This is why communities are always failures and any other way of life not about "The System" is a failure. We have to be kept apart and individualised so that we need their system glue to provide order to our self-centered chaos.

You talk about the harshness in nature. All LIFE forms of LIFE take responsibility for maintaining the perfection of LIFE so that the dream of LIFE that is nature does not fade away and so that LIFE forms of LIFE do not become sick, diseased, unfit, etc, like brainwashed people in "The System" do.

LIFE is a team effort and all LIFE forms of LIFE do their job. Flies lay their eggs in rotting meat and the maggots clean away the mess and smell of the meat. Vultures also clean up what would become stinking, putrid carcasses. This is why "predator" animals take the weak, old and sick. There are many videos of wild cats peacefully sharing waterholes with animals that could be their prey. The prey animal is also peacefully drinking. Both feel the other; the cat that this is not the animal to eat and the prey animal that the cat will not harm them. Animals work through SENSE; they do not think or reason.

Nature's natural SENSE is perfection - any distortion to perfection is SENSED by nature which transmutes the imperfection to maintain the perfection, the wholeness, of LIFE. If you take a broken down car to the mechanic, he fixes it. All of nature are the service centre, the mechanics of LIFE. They do what needs to be done to keep LIFE rolling smoothly along.

Creatures that attack, kill and even eat MAN are being instructed, unconsciously, by distorted men, women and children to eat them, to remove the imperfection, which includes impure and insincere thoughts and feelings. Unfortunately, the brainwashed lot in "The System" don't see this. We also train animals to attack and kill us and other animals. Our hostility to nature has made nature hostile to us. We have interfered with nature and have created an enormous mess in a 1001 ways. The intention for the dream of LIFE has been forgotten.

In its pure and sincere form, Nature is Paradise. Nature works perfectly if we let it, leaving us free to contemplate on the dream of LIFE, be inspired through SENSE of joy, elation, etc, and with intent, expand consciousness, expand the information of the dream of LIFE. In "The System" we already do this with our partners, together we think about our family dream and then work on expanding it; children, home, location, community, etc, etc. Our job now is to do all we can to help nature return to perfection, return Earth to the LIFE-sustainable food forest it was intended to be.

And what is death? Death is educated into us as were our parents, extended family, friends, peers, associates, community, etc. All around have been brainwashed by the re-presenting stigma of death. The "fear of death" is really the death of "self", the death of Alice causing Mary to react with negative-destructive emotions. Julia's older brother Brutus steals and hides the doll Barbie causing Julia to scream and cry and fight with her brother to get precious Barbie back. Julia is experiencing the emotions of death that is the non-sense of loss.

There is no death in LIFE because the tree that falls transmutes into humus that provides a fertile bed for young seeds to grow. And does not the tree live on in the many trees that came from it's seeds? We are still of the dream of LIFE because the consciousness remains intact and will be expanded on ---- if we remember who we really are, what we are really part of and our true purpose.

Of course, when we look at the "natural world" through eyes fed by system information, nature seems harsh because we have been trained to lose almost all connection to consciousness so we are terrified of "death". We have become so dependant on the "comforts" of "The System", all of which do harm to LIFE, that we have forgotten how to live comfortably as LIFE among LIFE. When you look through eyes of consciousness, you don't see survival of the fittest, death, dog-eats-dog, harm, etc, because none of this information exists in LIFE.

Why does the wasp lay its eggs within the caterpillar? We don't know. If you want to know, you could observe and watch and feel what is happening until you are able to feel the information the wasp and the caterpillar are offering you. The interconnectedness of all of LIFE requires heads not distracted with the re-presentation of "system" baggage. Then we can SENSE information streaming through all the DNA pathways that interconnect our LIFE with everything of LIFE we're focusing on. This is how our children and adults receive uploads after uploads of information to expand consciousness with.

We write for people to feel what we are saying, to sense our intention, the truth we share. We are compromised using a Satanic language to communicate with each other because presently we can't do it any other way but we do not write to create "spells", which is what the information of "The System" is. We write to break down the "spells" so that men and women can learn to use their brains again rather than just re-presenting system information. Many are looking for truth but are still using their brains the way they have been taught by "The System" and relying on information of "The System". This will only keep us in "The System". This is why it is so important that we clean our bodies and stop eating cooked/processed food and dead animals, and abusing our bodies with alcohol, drugs (recreational or pharmaceutical), chemicals, etc, and being conscious of putting our LIFE-energy ONLY into thoughts that are pure and sincere . As we clean out our bodies, so we begin to open our brains.

All nature lives by sense and LIFE forms of LIFE respond to our intention which they sense. When we change our relationship with nature to one of sense rather than non-sense, all of nature will respond to us in kind.

We have written lots about the purity and sincerity of nature, how to naturally attune/sense the information of Living-Creator through nature. How to co-create Kindoms with nature. As requested in the previous post, you need to read and contemplate on the information we have shared in many of our articles, debates/discussions, videos & podcasts. Allow at least 30 sunrises so you have had sufficient waking LIFE to contemplate and process all the information you have absorbed.

Please do not believe anything we say. Start using your brain and figure things out in your unique way. The one thing that is absolutely clear is that the path of truth and consciousness is the path of do no harm. If we want to co-create a world of peace, freedom, truth, joy, abundance and do no harm for all, all we have to do is look at all the ways we do harm and work out how to live without doing harm. The answers to all our questions will come along the way. Do we have the courage and conviction to do this?

We are so very very busy, we get up to 1000 emails/comments a day and with running a busy website that gets up to 12 million hits per month, helping the many people who ring, write or visit us each week, running a family home with 4 young daughters, dogs and rabbit, and doing all this Love For Life work for free without a fee (in 2006, Arthur pulled out of "The System" so we lost our income earner), our lives are severely compromised and immensely challenged on many fronts.

We have already produced many fruits from our labour <http://loveforlife.com.au/node/3385> and we do not intend to be a slave having to re-create all the information in this discussion, information already found throughout all the articles, videos, podcasts, discussions/debates with links provided <http://loveforlife.com.au/node/3385>. Danny, please do not look at us to be your quick fix and have us be slaves recreating what we have already created. Keeping in context to this discussion and the article "Re-Presenting Is The Pull Of Duality Into False Consciousness" all the answers to all your questions will be found amongst the body of the Love For Life work (articles, videos, podcasts, etc) we have co-created between us and with others <http://loveforlife.com.au/node/3385>. Explore the many facebook discussions we have had over the past few years.

The British Commonwealth Of Nations Has No Written Constitution

The British Commonwealth of Nations

INTRODUCTION

AREA AND POPULATION.—The total area of the British Commonwealth is estimated to be about 14 million square miles. Details of the areas and populations of the member states and dependencies appear in the following pages and are also tabulated pp. 195-9. The total population of the British Commonwealth was estimated in 1960 at 1,000,000,000.

GOVERNMENT.—The Commonwealth is a free association of sovereign independent states, the United Kingdom, Canada, Australia, New Zealand, India, the Federation of Malaya, the Federation of Nigeria, Sierra Leone* and the Republics of Pakistan, Ghana and Cyprus, together with their dependencies.

The Commonwealth has no written constitution but its members are bound together by a commonality of ideals and interest which springs from a common historical background and a common

as "autonomous communities within the Empire, equal in status, in no way subordinate to another, but united by a common allegiance to the Crown and freely associated as members of the British Commonwealth of Nations." (See for modifications as regards Republics Federation of Malaya). Other parts of the Commonwealth, such as Colonies, while they may be described as "Commonwealth countries" are not members of the Commonwealth.

PAKISTAN.—In October, 1958, the constitution of Pakistan was abrogated and presidential elections introduced. Elections under a new Constitution were planned for 1962.

SOUTH AFRICA.—On May 31, 1961, the Republic of South Africa became a Republic and a member of the Commonwealth. (See main article under COUNTRIES). Until May 31, 1962, United Kingdom law has the same effect in South Africa as it has in the other member states.

on the Commonwealth was estimated in 1966 at 719,000,000.

GOVERNMENT.—The Commonwealth is a free association of sovereign independent states, the United Kingdom, Canada, Australia, New Zealand, Ceylon, the Federation of Malaya, the Federation of Nigeria, Sierra Leone* and the Republics of India, Pakistan, Ghana and Cyprus, together with their dependencies.

The Commonwealth has no written constitution but its members are bound together by a community of ideals and interest which springs from a common historical background and a common political heritage which in spite of diversities of race and tradition has given rise to a broadly common pattern of institutions, legislative, executive and judicial. Most members of the Commonwealth have certain constitutional features in common. They are parliamentary democracies, their laws being made with the consent of a freely elected parliament after discussion in that parliament, the

between the Republic of Ireland and Commonwealth countries, her relations with the United Kingdom are conducted through the Commonwealth Relations Office and not through the Foreign Office.

THE JUDICATURE.—The Supreme Judicial Authority of the Colonial Empire is the Judicial Committee of the Privy Council, before which appeals may be brought (in the form of a petition to the Crown) from Consular Courts and Courts of Vice-Admiralty, and also from the Courts of certain members of the Commonwealth (Australia, New Zealand, Ceylon, the Federation of Nigeria and Sierra Leone). Arrangements have been made under which appeals to the Head of the Federation of Malaya may be entertained by the Committee. The Committee consists of such members of the Privy Council as have held or are holding high judicial office, provision being made for the inclusion of representatives of other Commonwealth countries. The members of the Commonwealth have each a broadly similar judicial system, judges (except in the four Republics, where they

If we don't have a written constitution, then what the fuck have we been following all these years then? Crap scribbled down on bloody shit paper that's been recycled from the thunderbox!

10 March at 22:06

Homoliber Flano

Yep Duane that's about it, its all smoke and mirrors, follow the yellow brick road, follow the yellow brick road!

11 March at 14:40

Michael Byers

These pictures do not illustrate that Australia has no constitution. Australia, DOES have a written Constitution. The validity of the constitution is another matter, but, nonetheless the Constitution as a written document exists.

11 March at 15:18

Homoliber Flano

Ok ill change the heading.

However you made me think about something else, if what this link <http://www.facebook.com/album.php?id=100001371503225&aid=72809> states is true as for Australian citizens being considered British citizens residing in Australia, and that Australia is considered still a COLONY OF THE UK the constitution may well ,up to 1986 be valid, as for the constitution is a writ of laws for governance of a BRITISH COLONY and if so the Australian citizens are by DECENT or REGISTRATION of BIRTH British citizens of the U.K through being a citizen of the COMMONWEALTH OF NATIONS, and as the constitution is a writ of laws for governance of BRITISH SUBJECTS residing in Australia by commonwealth CITIZENSHIP, the CONStitution may up to 1986 be valid, because of the Australia act 1986 there was no referendum and the constitution since then is invalid because of section 128 (thanks bob you have given us a back door).

So its easy, renounce your citizenSHIP and you are not a British citizen anymore, and since that section 44 of the constitution states that no one in parliament can be under the power of a foreign power, and hill-vs-sue 1999 ruled the UK is a foreign country, any CITIZEN of a foreign country CAN NOT RUN FOR OFFICE they are all citizens of a foreign country according to the above link, so renounce you CITIZENSHIP and run for office let them take you to court and go for a ruling that the hole lot of them are unlawfully sitting in office because they are citizens of another country, and you then are the only eligible candidate!

11 March at 16:11

Joanna Ele Baigent

Lol thanks Flano for that wonderful info! I wish the practice was as easy as the theory.:)) Maybe it can be worked on a good group of people with millions to back them up!?

11 March at 19:55

Joanna Ele Baigent

A while back 3 friends crossed NO to 'are you an Australian citizen for tax paying purposes?' Anyhow they have not heard from the ATO yet. Perhaps it is a matter to first renounce citizenSHIP?

11 March at 20:11

Joanna Ele Baigent

What would be the consequences of renouncing citizenSHIP? Would they differ from being a Freeman?

11 March at 20:12

Joanna Ele Baigent

Perhaps we can create our own micro-nation or be a citizen of a Principality.

11 March at 20:36

Homoliber Flano

Treaty would be the final touch, if you renounced your citizenSHIP and treaty with the Originees then you would be free of the system, at least this way you can still use the fictional world for your necessities in life and be only applicable to the laws of original jurisdiction not commonwealth citizen laws determined by a foreign power, they cant deport you and you can find work that you don't need to be a citizen to work, or create you own work just make sure you get paid in cash and your right.

A minister/priest in the extended family told me to stay away from the devil and his principality's, and I'm staying with that (i opened his eyes up:-))

What we need is an area of land that has been traded with the descendants of the originees from that area in the traditional way, name the area (a name with ties to the traditional land owners) and get a foreign GPO number for the new free state, we can write our own constitution and treaty of trade with local areas for items of need, we create a living free citizen ledger and build a community with lor of the original jurisdiction, we get other tribal lands (Maori, African American and Canadian Indian, etc.) to treaty with and acknowledge that the state is a foreign jurisdiction to the commonwealth, and if the commonwealth invades the free state or infringe on trade, take them the the world court , sounds easy!!

12 March at 08:12

Rob Crombie

We could just write them a nice letter and politely ask them to leave us alone Flano. I'm sure they'd listen

17 April at 12:27

Homoliber Flano

Ha LOL there not listening now, why would a fictional letter change there mind, they don't give us lawful remedy as it is when we state there laws so don't believe much will change, with just letters, renouncing your British/Australian citizenSHIP suppose would still need to be in writing, but once you have succeeded in doing that you have a lawful instrument to stick up them signed by them and cant be rebutted by them, and according to there business laws you don't have to be a citizen to run a business in Victoria and with the business registration form you can get a bank account as a business not a citizen, so you can use the fictional world to survive and hold your fictional i.o.u's in to pay your fictional bills, doesn't sound too hard.

17 April at 14:44

Mark McMurtrie

'Australia' DOES not have a CONStitution - what SOME people improperly refer to as the CONStitution of the CONNINGwealth of 'Australia' is in fact Section 9 of a UK parliamentary statute entitle 63 & 64 Victoria Chapter 12 An Act to CONStitute the Commonwealth of Australia Act 1900.THE IS NO 'AUSTRALIAN' CONSTITUTION - there isn't even an agreement between 'Australia' and the UK which can legalise the USE of that UK statute AS the CONStitution and all of the posturing, soothsaying and manipulation CANNOT change that FACT.

18 April at 10:32

Mark McMurtrie

Joanna, how can YOU or anyone else - including the UK, establish a micro-nation or principality on the Sovereign lands of the Tribes without their knowledge or consent ??? wouldn't that be EXACTLY what the British tried to do and failed ??? Why not go to your local Tribe and deal respectfully with them as the owners of the lands that they are ????? seems the British attitude just can't be dropped.

Just one MAN having the thought that he/she can make a claim over something or someone is enough to start chaos; it just needs others to replicate that thought and begin to act accordingly and soon there is rape, pillage and plunder and unfortunately this will escalate to chaos, desolation, death and genocide.

As grown ups we create the path we venture on through life and that journey comes with full-responsibility. If it is love then it is love we have created and every step we make through life rests on the firm footing of love. If it is crap then the path through life is in the image of the crap (lies) we have created and every step we make through life sinks

into the bog-holes of our crap. Through intent it is very easy to recognise which path is being ventured. Either way the journey comes with full-responsibility.

When someone claims ownership that someone is owned as well. They are owned by their desires of ownership which is what happens with belief, faith & opinion. The word sovereignty (exclusivity/privileges) is the very s--word that kills them/brings them undone.

No one can claim original ownership to Earth because they won't be able to bring forward the first party creator to back their claims. We all have to get past all the distortion to arrive at paradise already present in our hearts and from there we can co-create paradise with each other and expand it. We and all our descendants have all been displaced somewhere along the way and the attitude of "me first" only creates more discord and harm doing.

We ALL came from MAN and all men, women and children are equal - as soon as some start claiming exclusivity or privilege as in sovereignty or ownership they are saying that they are "more equal", have more "rights", have a higher standing than others. More division, more conflict, more hatred, more suffering = social unrest, civil war or worse.

Thursday at 23:37

Arthur Cristian

Only LOVE can fix this problem and those fixated on ownership and sovereignty are not on the path of LOVE. We must not let civil war happen because it will be used to get rid of those who want peace, freedom, joy and abundance for ALL, rather than just their chosen few.

In Roman Latin, citizen means servant, the 1st citizens of Rome were servants to Rome and Caesar, they had rights and duties, where as slaves had no rights, and there duties were to be slaves and be killed of at a whim of there masters whilst they work etc, if you look at old gladiators tombstone's you will notice there names where in ALL CAPS, as for they where battle slaves for Caesar and the citizens, but since that the gladiator was regarded as a favoured slave, he was lucky enough to get a proper burial and a head stone where other common slaves didn't.

The fact you continue to post YOUR comments around the planet Christian is not a basis for them to be considered fact, you continue to spew hatred and vitriol in my direction and try to equate that to love...YOUR comprehension is your comprehension and it stems from your understanding of the god of the bible, a wonderful work of fiction at BEST, you have twisted everything that was said to you in previous discourse - so let me get it right this time, I do not subscribe to your lunatic ideologies. I do not wish to be involved in ANY correspondence to which you are a party and would appreciate YOU not interfering in mine, it is a simple matter of respect - something I have requested from you on numerous occasions - but again - something you fail to comprehend apparently.

If one man is without land - ONE MAN IS WITHOUT LAND - not all....your maths is appalling, and war will only ensue from people such as yourself who believe you have a right to force your corrupt communications down the throats of those who did not ask for your interference in their conversation as usual And exactly WHEN did YOU 'create' the 'Dream of life' ????

I claim ownership with my Tribe of OUR Tribal lands - to the exclusion of everyone else - whoever they are - others may however, with consent of the Tribe come onto OUR lands and enjoy them on OUR terms so that We can protect them from Hut jobs like you having any improper interference over them. After all they are OURS - not YOURS....is YOUR family not YOUR family - I can quote your own posts where you speak of what happened to 'your' family at the hands of your police. Do you have any form of ownership over YOUR lands ? to the exclusion of others ? (despite the fact you occupy the lands of a Tribe I'll wager you haven't even communicated with) - Typical Anglo-Saxon hypocritical attitude.

The comments were posted on Arthur's wall and we replied in kind. Mark McMurtrie is still making up outrageous claims about us, NONE that he can back up. All he can dig up is the baggage that he keeps using to dump on heaps of people. We posted these comments because we do not agree with what Mark is claiming and the link provided clearly provides most of the information why. Do we all stand for freedom of speech? And is there any information that no one should be allowed to scrutinise and debate? And are we all free to debate without making things personal and without attacking others?

We suggest everyone study this post because the information obliterates everything about "The System" and nullifies all claims showing clearly how we can bring peace, freedom, joy, abundance and do no harm for all of LIFE, no matter whether animate, inanimate, black, white, yellow, pink, red, green, blue, brown, spotted, striped, fat, short, tall, skinny, old, young, etc,: <http://loveforlife.com.au/node/8129>

@ Arthur the topic at hand is the fraud and evil portrayed on us all by the British past and present, not personal issues that have been started somewhere else, i think that most of us agree that the future depends on packing them back up in there ships and sending them back where they came from, until this evil is rid of the land we cant have peace, freedom, joy and abundance, they wont let us remember they are the evil ones. Arthur you brought controversy to the topic not mark with a baiting tactic, i admit mark may sound harsh in his posts, but with my own study i believe his correct, just needs to remember many are still learning, and there are may different versions of the truth and they may not be looking in the right direction doesn't mean there harts are not in the right place, not all of the contributors to my topic's are out of the rabbit hole just yet, no offence mark :-)..and even when we do get rid of the system there will be need in some type of lore to keep the peace, do you want a western style law back,, i don't, for what i know of the original jurisdiction of this land, which is not as much as i like to, seems to me to be a fair and just system, closer to the lore of the creator so what's your problem,, we get rid of the government by any lawful means possible and with a little re-brainwashing on there old brainwashing box the tv once all understand peace will come for all, and there will be no need for borders anymore and you can run around and preach your views to anyone that will listen I'm sure there will be many.

Constitution, etc, is a red herring to keep us busy and totally distracted from the one and only remedy that breaks their back, metaphorically speaking. It is a waste of waking-Life energy because those black-magic Levite Priests (warlocks & witches) in power oversee the Satanic Freemasonic shadow world for whom the Bible is the constitution and the blueprint of their agenda and their religion following their God and LORD. They tell us the truth about who they are and what they are doing but they do not teach us how to comprehend true Satanic symbology, images and

languages. Most of what people parrot off today about Satanic symbology, etc, is a red herring. Between 2005 and 2006, we were fortunate enough to have our real eyes opened up to the hidden codes of each letter of the English language. These people want things kept private and we promised to keep it that way until we were given permission to do so. Back then we were told that a book would have been released by now about all the secret codes but obviously it hasn't been. We don't know why.

Friday at 21:01

Arthur Cristian

Flano, we posted the link to previous discussions with Mark because he has yet not been able to back his claims about the traditional elders claims over the land they "own". Traditional Elders who we have spoken with or been visited by have said that no one can own land and that all men, women and children are equal and seek to share the land peacefully. Not surprisingly, many elders are very cautious and private, and no longer know who to trust. There is a lot of disinformation out there, information that does not communicate or represent the hearts of many traditional elders. We have also heard about and from elders keen to share the lands they see themselves as caretakers of, not owners.

We have also been told by traditional elders, archaeologists, researchers and from elderly men and women who were brought up on huge cattle stations and spent much of their youth with originees that the originies told them that there were white skinned originies on this land well before the black fellas came here, most of whom came here on large ships from the 1200's onwards. Whose large ships would they be? This has also been uncovered by many other archaeologists, etc, some of whom have had death threats as a result of their work. These white skin fellas taught the black fellas about the boomerangs etc.

Who wiped out these white skinned originees?

A tiny few remain on land now known as Western Australia but we have no idea where.

This is not about white being better than black or black better than white. Frankly, we don't care what colour someone's skin is. It is about the fact that we have all been lied to in so many, many ways that arguing over which lie is right or wrong, as well as arguing who owns land, will never bring us peace and freedom.

Friday at 21:07

Arthur Cristian

Flano, isn't claiming that we "preach" creating a controversy? We are not preaching, only sharing information that others can do as they please with. "Preaching" belongs to religions with rules, regulations and rituals, none of which we are interested in. Because our information and the way we write is so different, we are hard to put in a box with anyone else and we get both a lot of support and a lot of criticism because of this.

We are willing to scrutinise and debate ANY information, INCLUDING our work, whereas many people don't like having debates about their beliefs because they do not want to examine their beliefs or have them threatened. Until we are all prepared to examine EVERYTHING we have been taught and go where the logic of truth takes us, we will never get truth or freedom. We are not preaching, only scrutinising and sharing the fruits of that scrutiny. We are passionate about setting people free so that no one has to be enslaved any more. If everyone around us is free then we are too. This is why we do what we do. This is what drives us.

Those who make the most vicious comments are often intelligence agents sent in to stir things up and cause controversy by making slanderous comments they cannot back. The freedom truth movement is riddled with agents whose job it is to de-rail those of us who want freedom. They try to create emotional issues between us so that we never come together to stand up to "The System". We have written a bit about this in the article that I gave you the link for, and we are just finishing another article that goes into the subject in great detail.

We are no ones sheep no shepherd, no one's leader or follower. All men, women and children are equal and have a natural inheritance to Earth. So how can anyone claim exclusivity and privilege over Earth?

Friday at 21:19

Homoliber Flano

Ok 1st, post is back on track thanks for sharing your thoughts on the CONstitution, this was my point.

2nd post, i do agree that the land can not be owned per se, it can only be cared for, for future generations but it would be dis-respectable not to follow the traditional customs and lore's of the one's that where already established.... 1200 what BC or AD? there's some older stuff than that, the fabled mahogany ship, which is said to be between port land, and Warrnambool in Victoria, was from a large Chinese armada back approx 2000 year's ago, it was said that one of the ships pulled in to the area stated above, for repairs after a large storm, once they found they couldn't repair the ship, most of the crew aboard got on other ships and left, but a few remained because it was said that the ones that stayed couldn't stand it any longer at sea and decided to stay and live in the area, no guessing why the government doesn't want to pay archaeologist's to find that ship, the descendants of the local tribes said that there ancestors considered them very tasty. this to is hearsay,,, for my understanding the originees have been here for up to 50,000 years, not 900 or 21,000 years ago, but i do agree that a lot of the truth has been destroyed in time some purposely, however this is still not related to topic!

3rd post share all the information you like, that's why we are hear, but please when posting on my topic's at least, pick you information for the topic at hand, just because you have an issue with someone from other days, please don't derail my topic's with your problems, with my experience agent's pick there targets and STALK them around the internet disclaiming anything they say, at the moment your actions reflect just that, I'm NOT stating that you Arthur are an agent, however it is said if its quacking its usually a duck - I now refer you to my original offer a few post's above, with love!.

All discussions over the past six years, whether through email, facebook, website or whatever, are posted on the Love For Life website. You will find no evidence of stalking there but you will find lots of routing out lies and massive amounts of scrutiny through debate/discussion. There must be billions of ducks out there! And, yes, let's return to topic. With love also.

Correction Arthur, i did not post this on your wall, however if you have a friends link with me which you do, it will show up on your NEWS FEED, which everyone that is linked to your friends list sees when you post anything, this photo was put in my photos by myself and would of showed up on your news feed when i uploaded it, you came into this topic of your own accord, if this was put on your wall you would of had to of shared it yourself, i didn't tag you or anyone else in my posts that not the way i do things. you can call me a duck all you like, i was just making a point that in a ducks action's of quacking, it was yourself that enjoined this topic and came on baiting attacking mark, this could be construed to be the actions of a stalker, when give consideration that your issue with mark was from somewhere else and because that you saw his posts hear(and not on any of other posts i have put on),it could be determined via your actions and posts, you enjoined yourself to discredit and upset the topic, i was just pointing that out, this is all i want to say on the issue now i don't wish to dishonour my self anymore than i have, it was just a stop and correct mission to keep the peace.

Flano, we don't see this as honour or dishonour, to us it's about the intent to either not do harm or to do harm. We don't practise black-magic acting as an impostor of someone else's life, re-presenting how they think and feel to become the basis of "claims". Our intention for posting was not to do harm to anyone. We have already explained in earlier posts above the intention behind what brought us here.

YOU don't have the right to stick your nose in - let alone keep commenting after being told to leave the conversation. it is that sort of belligerent arrogant attitude that makes people ignore you and your diatribe, so, lets see if you get it this time.

We do not dislike you Mark. To us, it's a waste of waking LIFE energy to pour this into disliking you or anyone or to hate anyone or to pour it into any other negative-destructive thought and emotion. Because we do not agree with some of your "claims" and other points of view does not mean that we are anti Mark McMurtrie. If we are not free to scrutinise all information and free to debate without receiving "attacks" then we all are not free and live under a "thought control dictatorship". This is why we leave all communication with tens of thousands of people up on the Love For Life website. We only take down excessive foul language, attacks on people lives, shooting only the messenger and not the message and links to secret adds hidden in posts. Bar secret adds, out of the many thousands of comments posted since December 2006 there will be less than twenty posts taken down from the website.

Flano & Mark, do we, every man, woman and child, not all have a natural inheritance to a piece of land to grow food, build shelter and have access to clean water, a piece of land that is unencumbered and that we can freely pass down to our children, without any rulers, rules and regulations dictating how we use the land?

Anything other than this is exclusivity and privilege, is some having higher standing than others.

Until we get back to this, we will always have war and claims of ownership over land and we will never have true peace and freedom.

We have to get past the idea of even Originies owning the land because, just like constitution and fee simple and any other means of people claiming ownership of land, this is about haves and have nots. There are many who are not great with maths, commerce, etc, and are not good at enterprise and making money. This is just the way they are, their uniqueness - their skills are in other areas.

Constitution is all about people competing commercially, de-mock-race-y, and, if you're not good at commerce, you are a "failure" and you are penalised by having a "lesser" standard of living, less opportunities, etc, and no land. You have no choice but to be enslaved all your life.

Our families have all been displaced at one time or another. If we try to give back the lands to the traditional "owners" (all across Earth), there will be far more than a few million who have nowhere to go because they are told they cannot remain where they are now but there is no place for them in the country of their ancestors either! Should they start a colony on Mars? We are being displaced my multi-culturalism, citizenships, passports, nationality, colour, creed, race, fraud, democracy, constitution, etc.

The truth is, there is more than enough land across earth for everyone + another 30 billion, to live sustainably and peacefully, and that is before we start re-greening the deserts and re-energising land and forests that have been destroyed by agriculture, contamination, etc.

We just need to let go of our greed and selfishness and walk away from all forms of power and control AND take full-responsibility to Do No Harm to LIFE.

To us, the key to peace, freedom, truth, joy, abundance, health and do no harm for ALL of LIFE is for every family to have piece of land they take full-responsibility for that has no connection to commerce - they cannot sell it or profit from it or have it be stolen from them. They can live off its fruits and share the excess fruits with others in their community or wider afield if necessary due to over abundance..

Currently, there are people fighting for trial by jury, for constitution, for the gold standard, for the 1001 frauds, for a new political system, etc, tens of thousands of court cases listed every year but none of this solves the problem of everyone being displaced from land. Each one is a small fire and together they create a raging fire that has removed land from billions of lives and this fact is what keeps us apart and fighting and still displaced from land.

All we need is communities where each family has a hectare of land, enough to grow a living food forest and where those of the community support each other. Prime position land is land for all to enjoy. Instead of putting our energy into the fires, we should all be coming together to sort out the problem of displacement from land and helping each other recreate tribes/villages/communities of MAN co-creating LIFE peacefully with each other without the need for any man-made "system" to rule over all of us. No MAN is the master of another MAN.

We Stand For NO SYSTEM

Kindom (Do No Harm Communities) is the dream for freedom, but it is the dream for the freedom of those around us who also live the dream of freedom, because it is in living for the freedom of others that we get our freedom. When we live for the dreams of Kindom of those around us, we live life as a gift because we live for (dedicate our lives to) their dream of freedom, truth, peace, joy, abundance, etc, just as they live for our Kindom dreams too. This is true co-creation (cooperation) with no attack on the uniqueness of each of us. When we live this way, we have no need for any man-made system - everything/everyone has already been taken care of by our love for life.

Just as we do not have to jump 10 feet across the room to grab our next breath, neither do we have to worry about food, water and shelter because it has all been taken care of as we each co-create Kindoms/Kin-Domains for everyone. Now everybody and everything of the dream of life that is Kindom/Paradise is free (has been set free once again). The issue is greed and selfishness, power and control trips, arrogance, ignorance, being fed many many lies and being traumatised. The issue is not overpopulation - there is more than enough land available for every family to have a hectare (2.5 acres Kin-Domain) to care for. The land of Australia can provide a Kin-Domain for every family across Earth, each with a food forest, clean fresh drinking water and plenty of space for building natural do no harm habitats and with plenty of land left over.

Everyone must have the freedom to take full-responsibility for their lives, for the water they drink, the food they eat and for their shelter. Currently, "The System" forces everyone to give up taking full-responsibility so that we become grown up children accustomed to sucking on the nipples of "The System" corporations for everything, having to use money to get by and to follow the rules of money because we are not co-creating freedom, peace, truth, joy and abundance for each other. Money only leads to haves and have nots and all the abuse, manipulation and distractions that we are subjected to as slaves to money.

When we give up living for other's Kindom dreams, we start creating hell ("The System") all around us because we become self-centred - now it's all about "my freedom", "my money", "my land", "my belief", "my saviour", "mine", "mine", "mine", "i", "i", "i", "own", "own", "own", etc. To protect what we claim we own requires a man-made system with FORCE to protect those self-centred claims. This is ALL trauma based and all story-telling (brainwashing/braindirtying).

NO SYSTEM = KINDOM/DO NO HARM COMMUNITIES

Our true freedom comes when we set our thoughts of freedom into motion so that we live freedom rather than just talking and thinking about it while we still slave for "The System". Kindom will not happen while we meditate for hours in the bush or do yoga retreats or wait for Jesus or follow the processes of the OPPT (One People's Public Trust now called One People). This is not freedom because we are not living freedom because we are living the story-telling of Jesus or Zeitgeist or The Secret or Thrive or One Earth/Consciousness/People.

Living Kindom is very, very hard work as we set about repairing the damage to MAN/Earth/Nature that we are ALL responsible for but the burden becomes lighter the more of us put our life-energy into the dream of returning Earth to Paradise. Day-after-day, we all have to work our arses off until Kindom is all around us (MAN) once again. This is the price we pay to set each other free on a piece of land (Kin-Domain), so that no one is under the image-power (education/brainwashing/story-telling) of another MAN anymore and so that everyone can have their space of love to create and live their unique, do no harm dreams. This only happens once we have the Kindoms set up so that everyone is provided for.

Once we re-create the food forests, whether on land or in the suburbs, we can re-claim our freedom, breaking the strangle-hold of "The System" because we are no longer reliant on its services and benefits and no longer turning each other into slaves of "The System", cogs in the wheels of "The System" machine. If we don't put the effort in to

set everyone and everything free all around us then we still live in HELL ("The System"). The key is to live for everyone else's freedom so that we can have it too.

Coming Shortly

We live for NO SYSTEM. We do not lose anything by not having a man-made system and, in fact, we gain. We gain our freedom and we gain abundance. Let go of the fear.

A Collection Of Various Love For Life Posts Providing The Big Picture We See Sequential Order

We ask you to NOT believe anything we say/share and instead use scrutiny like an intense blow torch and go where the logic of truth/sense takes you. This is very, very important. Put everything you believe up to the test of scrutiny to see how it stacks up. If you are true to your heart/senses and go where the logic of truth/sense takes you will find that NO belief, etc, will stand up to the test of scrutiny. They just do not stack up because they are lies/fraud.

After you have watched and read all the material and any questions are left unanswered, send us your landline number and we will use the internet phone as a free unlimited call. We are on Sydney NSW Australia time. Best times for us to chat are between 11.00am and 6.00pm.

It is critical that you fully comprehend Image Power, "Spelling", Trauma, Reaction To Trauma, Curses, Processing Curses, Full-Responsibility/Liability, Limited Liability/Responsibility (passing-the-back), Slavery, Senses/Sense vs Non-Sense/Senses, Re-Presenting Intellectual Property such as but not limited to "Name", Storytelling/Storytellers, Duality, Black-Magic, Belief, Lies, "i", All Seeing "i" (eye), etc..... These themes and others are covered over and over and over again.

If you do not comprehend these insights and are unable to use your senses to sense your way through all the non-sense/non-sensory-images that enslave MAN under their image power (darkness = "The System" = Hell), men and women will remain deeply trapped under a terrible state of trauma. Our intention is to inspire you to remedy by showing you how to move away from reacting to trauma in all its nefarious and devious forms.

Peaceful Transition Through Sacrifice And Service

We feel there is an essential peaceful do no harm transition required to get all of MAN back to standing on MANS feet without reliance upon another MAN for water, food, shelter. As it stands everyone in "The System" are highly dependent and reliant on the "group mind-set" that forms "The System" of slaves providing services and benefits for the emotionally addicted slaves to "The System" (and you can put us in the same basket too). The transition is to get MAN back to relying ONLY on nature without 3rd party interlopers, intermeddlers, interceders getting in the way. The transition is a team effort with the foresight for setting all of MAN free down-the-line so that MAN is no longer dependent on slaves and masters providing services, benefits, privileges and exclusivity while being bound to contracts, rituals, procedures, conditions, rules & regulations which compromises MAN severely.

This transition is all about shifting from limited liability/responsibility to full liability/responsibility. This full responsibility is all about caring for our health, nature all around us, clean uncorrupted (pure) water and food, partner/co-creator, children, shelter, animal-friends in partnership, etc. In "The System", we are already together destroying each other - we have to come together to create peace together so that we can all have peace. We cannot live peacefully when we are islands, not taking full responsibility for the lives of those around us until EVERYONE can take full responsibility for their life, which means that EVERYONE is healed of system trauma. In "The System", we all come together to make slaves of each other - now is the moment to come together to set each other free, to live for each other's freedom, peace, joy and abundance. Once we have set each other free, we are free.

Once we fix these issues, we or our children or our descendants to come, can start focusing on the even bigger picture of getting back to where our ancestors were, as breatharian's, before they fell into non-sense images to be enslaved by them.

The Cristian Family Declaration

The Cristian family and The Love for Life Campaign are apolitical, non-religious, non-violent, anti weapons, anti drugs (both pharmaceutical and recreational) and anti any ideology that denies the existence of Do No Harm Communities (Kindoms) and suppresses the uniqueness and freedom of all men, women and children.

The Cristian family and our Love For Life work is unaligned to any big business corporation, intelligence agency, government body, "system" law, "system" think tanks, "system" green or environmental movements, religion, cult, sect, society (fraternity, brotherhood, sisterhood, order, club, etc,) secret or not, hidden agenda, law or sovereignty group, occult, esoteric, New Age or Old Age.

The Cristian family supports and promotes the remedy that brings an everlasting peace, freedom, truth, joy, abundance and do no harm for all of life without causing loss of uniqueness or the need for having slaves and rulers. We are not into following the one in front or being shepherds for sheeple. Most importantly, we take full-responsibility for everything we think, feel and do.

The Cristian family are not Christians.

THE CRISTIAN FAMILY PLEDGE

Being of clear brain, heart and intention, we each declare the following to be true:

- We have no intention of ending our own lives.
- We will not tolerate suppression of truth, ideas, freedom, or our work. We stand for freedom of speech.
- We stand together to support others in the expression of truths and freedom to speak out no matter how radical those ideas may seem.
- Standing for freedom takes courage; together we shall be strong in the face of all odds.
- If it is ever claimed that we have committed suicide, encountered an unfortunate accident, died of sickness/disease, disappeared, been institutionalized, or sold out financially or in any other way to self-interested factions, we declare those claims false and fabricated.
- We testify, assert and affirm without reservation, on behalf of all those who have dedicated their lives to the ending of secrecy and the promotion of freedom of thought, ideas and expression that we shall prevail.
- We Do Not Have Multiple Personality Disorders

Update Regarding The Love For Life Home Page And Quick User Guide

We are turning the Love for Life Quick User Guide <http://loveforlife.com.au/node/6608> into a blog of all the main insights of our work since March 2005, whether through articles, videos, podcasts or discussions/debates.

As we do not have the time to compile everything we have written into a book, as many have suggested we do, compiling all our most important work into one area of the website is a way of providing easy access to this work so those interested are able to fully comprehend the big picture.

Instead of having to find our different articles, videos, etc, in various parts of the website, it will all be accessible here: <http://loveforlife.com.au/node/6608> and here: <http://loveforlife.com.au/node/3385>.

Love For Life Videos

As amateurs and posted in the Quick User Guide below the Facebook links, we're currently creating and posting a series of videos called "The Dream Of Life" which covers the ground of all the Love For Life insights. We plan to have the videos completed by December 31st 2012. Once this is behind us, our intention is to create a 2 hour or so video covering the body of this work. All videos are embedded in the quick user guide <http://loveforlife.com.au/node/6608> and uploaded in Arthur's YouTube channel: <http://www.youtube.com/user/ArthurLoveForLife>.

Love For Life Music

We have started recording songs, with others, that express the themes of Love For Life. They are now being posted on Arthur's YouTube channel: <http://www.youtube.com/user/ArthurLoveForLife> and are embedded in the quick user guide <http://loveforlife.com.au/node/6608>. We have over 100 songs to record. A few rough demos have already been used as the soundtrack on the first "Dream of Life" video.

About Us - Love For Life & The Cristian Family

Also, everything we, the Cristian family, have gone through, from bank fraud and the theft of the family home to death threats and attempts on Arthur's life, is documented in the Quick User Guide too. If you, the reader, are prepared to put the effort in, you will comprehend the extent to which we have all been tricked into becoming slaves, giving up our uniqueness and our full-responsibility for life and destroying everything of life to the point where life is in danger of dying out completely. You will also comprehend the remedy to all this chaos; a remedy that requires only love for life and the determination to do what needs to be done. Though our focus is very strongly on the remedy that creates a world of freedom, truth, peace, joy, abundance and Do No Harm for all of life without loss of uniqueness or the need for slaves and rulers, we realise that it is vital to comprehend how to get there and what stops us from getting there. This is why there is so much information on the hows and whys of everything going wrong in the world today. We are not into peddling conspiracy theories, we are into routing out all forms of organised crime.

FREEDOM OF SPEECH - FREEDOM OF THOUGHT**

NSW Jewish Board Of Deputies Has Threatened To Shut Down The Love For Life Website

No Freedom Of Speech - No Freedom Of Thought

Love For Life does not support harm doing in any shape or form. However, we are supporters of free speech and post articles, documentaries, etc, that represent a wide cross section of ideas. See the Love For Life extensive research library where over 6000 documents, articles and videos are posted: <http://loveforlife.com.au/node/82>. We clearly see the evidence of the destruction to MAN and the earth that has been caused by ALL religions over the centuries and are therefore not supporters of religions, cults, sects or any group that demands conformity of thought, speech or action, or has rules, regulations or rituals that must be followed. Religions, nationalities and cultural "identities" are formed as a result of the brainwashing we receive from childhood. They are part of the tactics the Establishment uses to keep us all divided from one another and fighting one another.

All religions promote discrimination and division, leading to hatred and even violence and murder. None of them have yet to produce a remedy to all the suffering, poverty, unhappiness and discrimination in the world. If any religion truly had the remedy to all the suffering on earth, there would no longer be any suffering. What have Christianity, Islam, Buddhism, Hinduism, Judaism, atheism and the New Age done to end the suffering in the world?

Since December 2006, there have been many attempts to take down the Love For Life website. Any attempts have been thwarted by Love For Life supporters inundating the harm-doers with emails, etc, objecting to them taking down the website for a variety of reasons. The trouble makers usually back off when they realise that they can post all their views, arguments, beliefs, etc, in the Love For Life website without censorship or restriction imposed. They get to see that even the Queen, Pope, Prime Minister, President of America, etc, can post all their views without hindrance or sabotage and that we support freedom of speech/thought which means we support the right of all sides to express their views.

Of note, there is a vast amount of information posted in the Love For Life website which we do not agree with but we leave it all up because we refuse to be biased, opinionated or self-centered/self-serving. Of the many thousands of comments posted over the years we have only removed posts containing secret links to commercial advertisements, terrible foul language, threats of violence and death, etc, and attacks on other people's characters that avoid the subject/debate at hand. Besides links to advertisements, we have taken down less than six comments due to the above. We usually leave everything up, all warts and all, even those posts threatening to do terrible things to Fiona, our children, our dogs, our friends, family & supporters, etc.

The Love For Life website has information from all sides on many subjects, whether about Islam, Judaism, Christianity, Law, health, psychology, mind control, vaccination, aspartame, MSG, Chemtrails etc. There are over 11,000 articles, documentaries etc on the website and they are so diverse that we are sure that everyone would be able to find something they loved and something they hated, if they took the time to search. If we removed all the articles hated by everyone, there would probably be nothing left! We are not anti anyone but freedom of speech is freedom of speech and no one should condemn the work of another without taking the time to research the subject themselves. Yes, there are articles by those who have a less-than-rosy-viewpoint of Judaism, but there are also articles on the dark side of Tibetan Buddhism (and it is very dark) for those who are interested in the truth: **Tibet - Buddhism - Dalai Lama:** <http://loveforlife.com.au/node/6271> Should the authors of these articles be abused and imprisoned for daring to challenge the widely conceived reputation of Buddhism as being the religion of peace and love and that of the Dalai Lama as a saint, or should those interested be allowed to study the work and come to their own conclusions? The same applies to all the articles, documentaries, etc, about Christianity, Islam, Freemasonry, New World Order, etc.

The Love for Life website also shows how the Rule of Law, the Bar, the Government, the Monarchy, the system of commerce, the local, national and multi/trans-national private corporations, all the courses and careers on offer from

our universities, all the educators, scientists, academics and experts, the aristocrats and the Establishment bloodlines have also done NOTHING to end the suffering in the world. The website maps the insanity of a world where there is no help for those in need, just as there was no help available for us when we were victims of terrible bank fraud: "**NSW Supreme Court Case - Macquarie Bank/Perpetual Limited vs Fiona Cristian - Victims Of Bank Fraud Condoned By Judges**" <http://loveforlife.com.au/node/5> (orchestrated, condoned and protected by an international crime syndicate/terrorist organisation of judges, barristers, registrars, lawyers, politicians, banksters, big business representatives, media moguls and other lackeys who, all together, put up a wall of silence despite our trying many, many avenues. After the family home was stolen and business destroyed we were left close to poverty and destitution caring for 4 young daughters. Three years later not much has changed regardless of all our efforts. Where were all the followers of all the religions to help us? Or do we have to be members of those religions to receive help from others involved in them?

The New South Wales Jewish Board of Deputies accused us of being anti - Jewish, see: <http://loveforlife.com.au/node/6616> and <http://loveforlife.com.au/node/6665> because we had posted an excerpt from **James von Brun's book: Kill the Best Gentiles**: <http://loveforlife.com.au/node/6054> in which he blames Jews for the problems of the world. Obviously this is not our view because of what we have stated above. We do not hate anyone, whatever religion they follow. We are always open to talk to any religious leader or politician and meet with any judge, member of the Bar, experts, academics, educators etc to share the remedy we offer that heals all the divisions between MAN and MAN, and MAN and the EARTH.

Today, a representative of the New South Wales Jewish Board of Deputies is threatening to close the website down, because they have decided it is anti - Jewish and that we promote racism. What has the New South Wales Jewish Board of Deputies done to end the suffering in the world? Can they show that they are concerned with the suffering of ALL men, women and children AND ARE SEEN TO BE DOING SOMETHING ABOUT IT or are they only concerned with Jewish affairs? If so, they, along with all the other religions that only care for their own, are part of the problem, not part of the solution. The man who rang Arthur today was only concerned with Jewish affairs; he was not interested in our intentions or in anybody else, just as most Christians, Muslims, Sikhs, Catholics, etc, are only interested in their own. While we separate ourselves into groups, dividing ourselves from others with rules, regulations, rituals, procedures and conditions, we will never solve our problems.

No matter what we in the Western World Civilisation of Commerce have been promised by our politicians, religious leaders, scientists, educators, philosophers, etc, for the past two hundred years, all we have seen is ever-increasing destruction of men, women and children and the earth. None of the so-called experts and leaders we have been taught to rely on are coming up with a solution and none of them are taking full-responsibility for the fact that they can't handle the problem. All religious books talk about end times full of destruction and suffering but why do we have to follow this program when there is an alternative to hatred, mayhem and death? Why are our leaders following the program of destruction and death rather than exploring the alternatives? It seems that any mainstream politician, priest or academic are only interested in supporting the RULES OF THE DIVIDE, that maintain the haves and the have nots. For 200+ years, 99% of the world population have been so trained to pass on their responsibility for themselves, others and the earth, that the 1% of the population that make up the leaders of the rest of us are making all the decisions leading to the destruction of all of us and the earth. Let's not forget the education system that brainwashes the 99% of the population that we are free and have equal rights while, in fact, we are feathering the nests of those at the top.

At the root of all our problems is self-centredness, an unwillingness nurtured by the Establishment that keeps us concerned only with our own needs rather than the needs of others around us and the Earth. Instead of creating and releasing acts of love for those around us as gifts to benefit them and the earth, we take, take and take, until there is nothing left. The whole point of the Love for Life website is to show people the root of all our problems and to share the remedy. The extensive research library is there to attract browsers and to provide access to information not available through mainstream channels. If the New South Wales Jewish Board of Deputies can, after careful examination of our work, prove that anything we are saying is wrong, we will be happy to accept their proof. If they cannot, and they are still insistent on closing the website down, they will be showing themselves to be traitors to MAN because they are not interested in pursuing any avenue that can end the suffering in the world.

All religions, corporations and organisations that support and maintain the Western World Civilisation of Commerce are part of the problem because our civilisation is a world of haves and have nots, racism, violence, hatred, poverty, sickness, discrimination, abuse, starvation, homelessness, corruption, collusion, vindictiveness, social unrest, arrogance, ignorance, fear, war and chaos. While we support civilisation, we support death and destruction because ALL civilisations that have ever existed are apocalyptic by design.

If we truly want peace on earth and freedom for all, we have to let go of all that which keeps us divided, and come together as MAN, conscious living co-creators of creation. The Love For Life website offers a remedy to the problems we all face in the form of DO NO HARM COMMUNITIES: <http://loveforlife.com.au/node/3641> For more details see

here: <http://loveforlife.com.au/node/6511> and here: <http://loveforlife.com.au/node/3385> - We also highly recommend that everyone read the brilliant Russian books called **The Ringing Cedars**: <http://loveforlife.com.au/node/1125> - The **Love For Life Website Homepage** also provides lots of inspiring remedy based information: <http://loveforlife.com.au> - If you want to be kept up to date with our work please register to the **Love For Life Mailing List** here: <http://loveforlife.com.au/content/09/05/14/mailling-list>. We usually send two postings per month. Presently (September 2011) there are over 7000 registrations reaching over 500,000 readers across Earth. The website now (September 2011) receives up to 12 million hits per month. Since December 2006, over 100 million people have visited the Love For Life website.

Clarification Regarding Our Intentions Behind The Use Of Donations

The Love For Life website is offered for free without a fee and without any conditions attached. If people are inspired to donate money, then we accept their gift and have provided an avenue for them to support the work we do through Fiona's Paypal or ANZ bank account <http://loveforlife.com.au/node/8515>. There is no obligation whatsoever to donate and all are equally welcome to our work and to our "time", whether they donate or not. Over the last 9 years, all the Love For Life work has been put out for free and it has often been donations from supporters that have enabled us to renew the domain name, etc, to keep the website going. While some complain that we have an avenue for donations, others complained when we didn't! Either use it or don't - the choice is yours.

Since Love For Life started March 2005 and website December 2006, Arthur has worked 16 hours a day, 7 days a week unpaid for much of this period, putting together the website and sharing insights to wake people up to what has been done to them, whether through the 11,500+ individual articles, videos, podcasts, debates, discussions, pdf's, research documents, etc, found amongst the 8,500+ posts, as well as helping many, many men and women over the phone, and through email, website correspondence, Facebook and YouTube, and creating the Love For Life food forest vege garden and Love For Life music recording studio. This is our life is a gift commitment to serve MAN/Nature/Earth but we are still severely compromised by "The System" and still have to give to Caesar what is claimed to belong to Caesar, which is where the donations help us.
