When I first booked onto the class I wasn't quite sure what to expect! I have to say it was **FANTASTIC**, there were lots of other people logged on as well, the host was very friendly and welcoming! I was told to sit back and enjoy the class and then to go back to the person who invited me to attend to discuss any interest. I **loved the fact it was very relaxed**, I got so much value from the class and decided I wanted to start using doTERRA oils! They really are very special, they have helped me so much, definately one of my better decisions in life!

What I love about doTERRA other than the oils... is the FREE EDUCATION they provide. I knew nothing about essential oils or how to use them safely and effectively, I do now! Attending the FREE online 'Intro to Essential Oils Class was a great decision, the oils are amazing and they have helped me to take control of my health naturally. I have never looked back! Thank You doTERRA

From the very moment I attended a class I knew this was a company with integrity, a company that was focused on putting people before profits. The class was educational, interesting and very reassuring. I have since fallen in love with doTERRA and their essential oils, I am so impressed with the quality and efficacy, they truly are a blessing in our lives. I must mention the wonderful humanitarian work they undertake around the world. It makes me so proud to be associated with such an amazing company. Thank You doTERRA
