CAXTON HALL CONSTRUCTION UPDATE

July 2019

CAXTON HALL

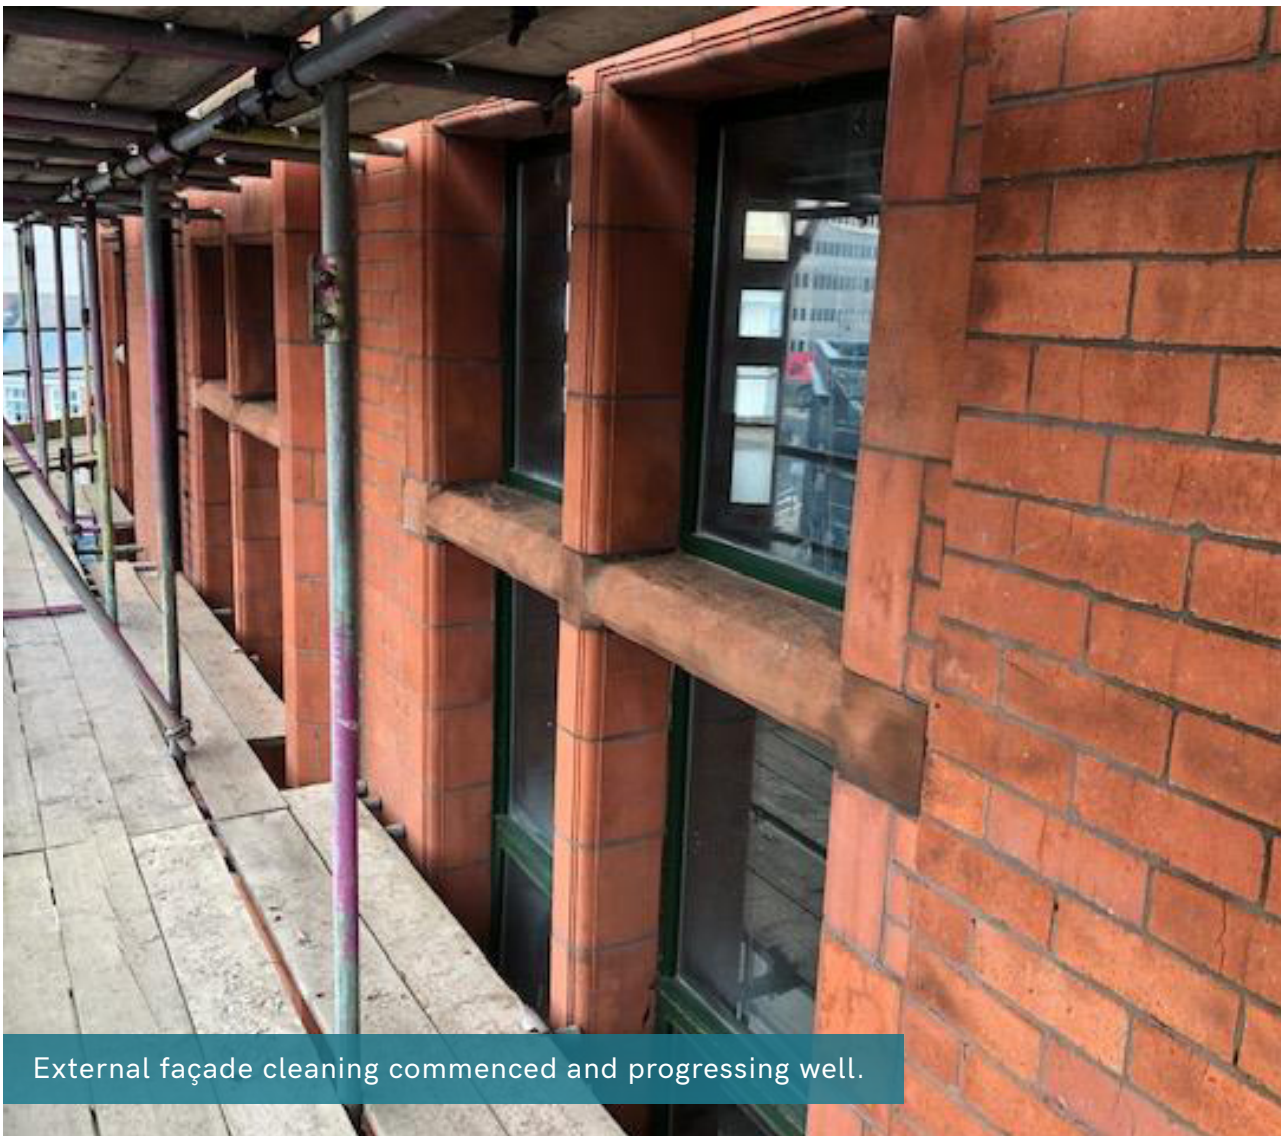

CONSTRUCTION UPDATE

July 2019

At Caxton Hall, water ingress repairs have now been completed. Window installations have taken place to rear units and external window refurbishments are now all 100% complete.

Roofing works have progressed 95% with the view to completing shortly, while all roof lights are fitted with spars adjusted ready for the extra floor conversion.

The external building clean has commenced and scaffold drop is planned by the end of July.

External façade cleaning commenced and progressing well.

Completed re-roofed areas to the east elevation.

Communal hallway plastering completed.
