

WEBINAR:

# It Takes a Village: Support on Your Family Building Journey

They say it takes a village to grow a family – but not everyone’s village will look the same and there are different ways they can provide support. Your village may include your colleagues, family, friends, Progyny Patient Care Advocate, or your clinical care team.

Join us as we discuss:

- How to build your village and the ways they can provide support
- Different ways to express what you might need and what to avoid
- Tips on keeping your village close

Whether you are just starting to think about building your family, or well on the way, this webinar is a great opportunity to learn more about how to find support. If you know someone who may find this webinar helpful, please share it. Progyny webinars are free and open to everyone.

Can't make it? You can still watch the on-demand recording. Register for the webinar, and we will send it following the event. If you have any questions, please email [education@progyny.com](mailto:education@progyny.com).
