Customer reviews

54-years-old Sam Colson

I order this product recently and accept me all my family member are using this product, including my son and her wife. They all find it a beneficial product; it saves a lot of doctor's bill. I must say it is the best massager I ever have. I am having acupuncture and foot massager, but those are not electric and not work correctly. But the design of power leg massager is like I can use it for my lower back also.
