

Q April 8, 2022

This update covers the messages posted by @q account on Truth Social. I can't say with certainty that this is the same person or group that posted on 4chan, 8chan and 8kun, but evidence is growing to suggest that it is.

Last Friday @q posted the message below.

Note the use of double fives. Q (and Q+) use 5:5 to convey a particular message.

Five by five

Five by five is the best of 25 possible subjective responses used to describe the quality of communications, specifically the signal-to-noise ratio. As receiving stations move away from an analog radio transmitting site, the signal strength decreases gradually, causing the relative noise level to increase. The signal becomes increasingly difficult to understand until it can no longer be heard as anything other than static.^[1]

In voice procedure (the techniques used to facilitate spoken communication over two-way radios) a transmitting station may request a report on the subjective quality of signal they are broadcasting. In the military of the North Atlantic Treaty Organization ([NATO](#)) countries, and other organizations, the signal quality is reported on two scales: the first is for signal strength, and the second for signal clarity or "readability."

^[citation needed] Both these scales range from one to five, where one is the worst and five is the best. The listening station reports these numbers separated with the word "by". "Five by five" therefore means a signal that has excellent strength and perfect clarity – the most understandable signal possible.

Here's an example of Q using 5:5.

The relevance of some posts can only be understood by observing the timestamps.

Last week, Representative Madison Cawthorn claimed that his colleagues in Congress invited him to orgies where cocaine is used. Q retruthed a meme video related to that issue.

How quickly did @q repost Devin Nunes?

Qagg.news aggregates posts from Truth Social and displays them with timestamps.

@q reposted Nunes 5 seconds after the original post, which is why Ursula1111 was suspicious that Nunes and @q might be together so they could coordinate their posts.

5 seconds between Devin Nunes original post and @q's repost.

I'm on Truth Social under the verified account @prayingmedic.
