Sky Gardens
Construction Update
October 2018

Sky Gardens

Crosby Road North, Liverpool, L22 0NY

Works Progressed

The latest construction update for Sky Gardens primarily deals with the removal of asbestos from what will be the resident entrance area. There is a complex removal strategy in place which is working effectively to clear the site of all harmful materials to allow the progress to the next stage of the construction process in this area.

Asbestos Removal Works

- Thorough sealing of the affected area.
- Large filter fans have been set up to exhaust asbestos particles from air.
- Removal of anything containing asbestos materials.
- Additional Works Progressed
- Massive progress has been seen on the front building.
- Stud walls and electrics have been installed to upper floors.
- Window frames and cladding fixtures are now going up on the outside of the building.

New window openings to the exterior and front building have been added.
