6) Many people are worried that Barack Obama will not be held accountable for his crimes—particularly after recent statements made by AG Barr.

Q assured us that those in positions of power who committed crimes will be held accountable. It's only a matter of time.

Nobody escapes this. NOBODY.

7) The takedown of corrupt people requires the use of strategies and tactics similar to those employed in chess.

Chess players don't attempt to take an opponent's king at the beginning of a match. They remove other pieces first.

Chess strategy: what do you need to know about strategy and tactics?

 Yuri Markushin

Category: [Middle Game](#)

Tags: [chess strategy](#), [strategy](#), [positional chess](#).

Everyone wants to learn about chess strategy. Players believe that if they learn more about this magic thing called "strategy" they'll win every single game. But what chess strategy really is? Is it attack or defense, style of playing or evaluation of positions, set of rules or tactics? No, my friend I'm not trying to confuse you, just to show that chess strategy covers all of the above to some extent.

Wikipedia defines *chess strategy* as *evaluation of chess positions and setting up goals and long-term tactics for future play*.

Strategy must also involve tactics, because if there is no tactics behind the chess strategy it becomes pointless. It's like planning to walk a dog this morning if you don't have one.

Chess player usually starts out the game with opening, as white or via transposition as black, taking into account future strategy of play. For example, if the player aims for minority attack he plays Queen's Gambit Declined, for opposite side castles and pawn attacks – Sicilian Dragon, for play in the center – Petroff or Spanish.

To develop strategy players must evaluate the position on the chessboard. When evaluating, the player must take into account the following:

- Material on the board
- Pawn structure
- King safety (own and the opponent's)
- Position of pieces (analyze where own and opponent's pieces are located in respect to the king, other weaknesses)
- Control of center and key squares (You may want to check out my previous discussion over the [Central Squares](#))
- Control of open files, long diagonals

8) Higher-ranking people in the criminal cabal are protected by and they control the moves of lower-ranking people.

Therefore, removing lower-ranking people first weakens the position of higher-ranking people like Barack Obama.

!Hs1Jq13jV6 05/19/20 (Tue) 09:22:56

How about a nice game of chess.

<https://thechessworld.com/articles/middle-game/chess-strategy-what-do-you-need-to-know-about-strategy-and-tactics/>

Objective [end]: checkmate king
Do you attack the king at the beginning of the game?
Do you attack and remove pawns first?
Do you attack and remove bishops, rooks, knights next?
Do you attack and remove queen mid-to-end?
Is the game being played public or private?
Do emotions affect critical thinking?
Add: important king control pieces [elim rogue elements]?
Add: how do you set the stage [board] re: public opinion [optics]?
"At this time."
Q

9) Because Obama is revered by so many people, if we hope to avoid civil unrest, their minds must be changed (the stage must be set) before he can be arrested.

The arrest of lower-ranking people will prove that Obama's administration was corrupt and pave the way for his arrest.

10) AG Barr said based on the information he has "at this time" Barack Obama & Joe Biden won't be criminally investigated.

The DOJ couldn't deal with the negative optics created by an announcement that Obama & Biden were under criminal investigation in an election year.

11) After the November election and after lower-ranking people have been indicted, the stage will be set to announce the prosecution of Biden and Obama.

12) Despite the fact that POTUS is taking hydroxychloroquine, despite the abundant scientific evidence of its efficacy, despite the fact that it has become the standard of care for covid-19 in many countries, the media and Democrats still oppose its use.

Why?

NEW YORK -- The [World Health Organization](#) (WHO), [UNICEF](#), the [National Institute of Allergy and Infectious Diseases](#) (NIAID) and the Bill & Melinda Gates Foundation have announced a collaboration to increase coordination across the international vaccine community and create a Global Vaccine Action Plan. This plan will build on the successes of current work to achieve key milestones in the discovery, development and delivery of lifesaving vaccines to the most vulnerable populations in the poorest countries over the next decade.

The collaboration follows the January 2010 call by Bill and Melinda Gates for the next ten years to be the Decade of Vaccines. The Global Vaccine Action Plan will enable greater coordination across all stakeholder groups – national governments, multilateral organizations, civil society, the private sector and philanthropic organizations -- and will identify critical policy, resource, and other gaps that must be addressed to realize the life-saving potential of vaccines.

THE LORI KLAUSUTIS SCANDAL THE SHOCKING TRUE STORY YOU WILL NOT SEE ON **MSNBC**

Where was Joe Scarborough at the time of death?

"A SHOCKING DISCOVERY. Juanita and Andreas Bergmann had an appointment at 8:00 AM, July 20th, at the Fort Walton Beach office of Congressman Joe Scarborough (R-FL). The appointment had been arranged by the Congressman's young aide, Lori Klausutis, and Mr. and Mrs. Bergmann thought they were going to meet with the Congressman to finalize Mr. Bergmann's application for a green card. Instead, they found the body of Lori Klausutis."

FROM SPECIAL REPORT: "NEVER HEARD BY THE TRUTH" BY CHRIS GEORGE AND DENIS WRIGHT

THE OBVIOUS QUESTIONS THAT NEED TO BE ANSWERED:

- Where was Joe Scarborough when Lori Klausutis suffered her fatal injuries?
- If he was in Washington DC as has been suggested, why would Lori Klausutis have scheduled an 8:00 AM appointment for him in Fort Walton Beach, Florida?
- If he was in Florida and had no prior knowledge of Lori Klausutis's death, why didn't he show up for his 8:00 AM appointment with the Bergmanns?

Police investigators gather evidence from the Fort Walton Beach office of Congressman Joe Scarborough (R-FL) where 28-year-old intern Lori Klausutis was found dead July 20, 2001.

United States Senate
WASHINGTON, DC 20510

May 19, 2020

VIA ELECTRONIC TRANSMISSION

Ambassador Richard Grenell
Acting Director
Office of the Director of National Intelligence

Dear Ambassador Grenell:

On May 13, 2020, you provided us with declassified information related to the "unmasking" of Lt. General Michael Flynn, and we very much appreciate your continued commitment to transparency.¹ We write now both to reiterate our request for the declassification of additional information related to the unmasking of Americans around the time of the 2016 election, but also to expand the scope of our request to include information as early as January 2016. Based on our investigation and recent press reports, we are increasingly concerned that the surveillance of U.S. persons affiliated with the Trump campaign began earlier than the opening of the FBI's Crossfire Hurricane investigation in late July 2016.²

As we explained in our May 12, 2020, letter to you, one of the most significant unanswered questions about what occurred during the 2016 election is how many Americans were "unmasked,"³ at whose request, and for what purpose.⁴ It has become evident that the FBI, and possibly members of the U.S. Intelligence Community, were focused on U.S. persons affiliated with the Trump campaign in early 2016, if not even earlier.⁵ One example is that, in April 2016, FBI headquarters directed its New York Field Office to open a counterintelligence investigation of Carter Page, which on August 10, 2016, became part of the Crossfire Hurricane investigation.⁶

¹ Letter from Richard A. Grenell, Acting Director, Office of the Director of National Intelligence, to Chairman Charles E. Grassley and Chairman Ron Johnson, May 13, 2020, <https://www.grassley.senate.gov/sites/default/files/documents/2020-05-13%20ODNI%20to%20RHJ%20CEG%20Unmasking%20.pdf>.

² See, e.g., Andrew McCarthy, "Unmasking: The Real Story is What Flynn Was Not Masked in the First Place, NATI Review," May 16, 2020, <https://www.nationalreview.com/2020/05/michael-flynn-unmasking-real-story-is-when-he-was-not-masked-in-the-first-place/>.

³ Ron Johnson, "He need answers to questions mainstream media won't ask about Democrats," The Hill, Oct. 10, 2019, <https://thehill.com/news/congress/politics/462411-he-need-answers-to-questions-mainstream-media-wont-ask-about>; Letter from Chairman Grassley, Ranking Member Fontana, Senator Graham, Senator Whitehouse to Director Coats (May 27, 2017), <https://www.grassley.senate.gov/record/2017/05/27/letter-to-director-coats>.

⁴ McCarthy, *supra* note 1 (alleging that "several strands of the Trump-Russia probe ... trace back to 2015").

⁵ U.S. Dep't of Justice, Office of Inspector Gen., Review of FBI FISA Applications and Other Aspects of the FBI's Crossfire Hurricane Investigation 62-63 (Dec. 2019), <https://www.oig.justice.gov/storage/attachments/examination.pdf>.

Again, the best way to resolve these issues is to determine the truth, and to make clear to the American people what did and did not occur. For these reasons, we respectfully request that you make available to us, as soon as possible, all information regarding the "unmasking" of U.S. persons affiliated with the Trump campaign requested by members of President Obama's administration from January 2016 through January 2017. If this request needs to be responded to in tranches, we would appreciate receiving unmasking information relating to the period of April through June 2016 first.

Should you have any questions, please contact Joseph Folio of Chairman Johnson's staff at (202) 224-4751 and Joshua Flynn-Brown of Chairman Grassley's staff at (202) 224-4515. Thank you for your attention to this matter.

 Q

50) Some intelligence gathering techniques target specific individuals while incidentally collecting information on others. In the U.S., the name of a U.S. person collected incidentally (the person is not a target) is masked when it appears in a report.

51) If an intelligence report contains a masked name of a U.S. person, in some cases, it is permissible to ask that the name be unmasked. When a name is unmasked, strict rules must be followed.

52) Surveillance done by the FBI is governed by a couple of sets of laws called "Title III" and FISA."

Title III generally applies if the target is a U.S. citizen.

FISA generally applies if the target is a foreign citizen.

53) FISA Section 702 permits the government to target for surveillance foreign persons

located outside the United States for the purpose of acquiring foreign intelligence information.

54) The FBI generally operates under the rules that govern FISA surveillance. Their domain is primarily domestic surveillance.

55) The CIA is not governed by FISA. Their domain is primarily overseas. They may receive information from foreign intelligence agencies (such as Five Eyes nations like the UK) without generating a report in official U.S. intelligence channels.

(a) The CIA to engage in electronic surveillance within the United States except for the purpose of training, testing, or conducting countermeasures to hostile electronic surveillance;

(b) Unconsented physical searches in the United States by agencies other than the FBI, except for:

(1) Searches by counterintelligence elements of the military services directed against military personnel within the United States or abroad for intelligence purposes, when authorized by a military commander empowered to approve physical searches for law enforcement purposes, based upon a finding of probable cause to believe that such persons are acting as agents of foreign powers; and

(2) Searches by CIA of personal property of non-United States persons lawfully in its possession.

(c) Physical surveillance of a United States person in the United States by agencies other than the FBI, except for:

(1) Physical surveillance of present or former employees, present or former intelligence agency contractors or their present or former employees, or applicants for any such employment or contracting; and

(2) Physical surveillance of a military person employed by a nonintelligence element of a military service.

(d) Physical surveillance of a United States person abroad to collect foreign intelligence, except to obtain significant information that cannot reasonably be acquired by other means.

56) A U.S. person would not ordinarily be a valid target for CIA surveillance, but they may become one if they travel overseas.

Did General Flynn travel overseas in 2016?

57) Because the CIA does not create the kind of paper trail the FBI does, it would be the logical choice to run (quarterback) the surveillance operation against the Trump campaign.

CIA'S USE OF JOURNALISTS AND CLERGY IN INTELLIGENCE OPERATIONS

WEDNESDAY, JULY 17, 1996

U.S. SENATE,
SELECT COMMITTEE ON INTELLIGENCE,
Washington, DC.

The Select Committee met, pursuant to notice, at 10:09 a.m., in room SH-216, Hart Senate Office Building, the Honorable Arlen Specter, (Chairman of the committee), presiding.

Present: Senators Specter, Kerrey of Nebraska, Glenn, Kerry of Massachusetts, and Robb.

Also present: Charles Battaglia, Staff Director; Chris Straub, Minority Staff Director; Suzanne Spaulding, Chief Counsel; and Kathleen McGhee, Chief Clerk.

Chairman SPECTER. The Senate Select Intelligence Committee hearing will proceed.

We regret the necessity to reschedule from 9:30 to 10 a.m. and we're just a few minutes after 10 a.m. now. That was required because Senator Kerrey, Senator Glenn, and I and others had been in a meeting with Director Deutch, as a matter of fact, at the Pentagon on the issues arising out of the bombing of Dhahran back on June 25.

We'll now proceed with the hearing on what public policy ought to be with respect to the issue of the use of journalists or clergy or Peace Corps representatives by the CIA. This matter came into prominence earlier this year on a collateral discussion in one of the

It is among the safest drugs on the market and is one of the most commonly prescribed medications.

73) Death from the flu is relatively rare. More often, patients with the flu will develop pneumonia and then respiratory failure which leads to death.

In these cases, pneumonia (or respiratory failure) is the true cause of death but these deaths are called "flu-associated."

74) The CDC conflates the terms "death from the flu" and "flu-associated death."

They include pneumonia in the term "flu-associated death" to create the appearance that the flu kills more people than it actually does.

How do you convince people a vaccine is necessary [critical]?
<https://aspe.hhs.gov/cdc—influenza-deaths-request-correction-rfc>
"US data on influenza deaths are false and misleading. The Centers for Disease Control and Prevention (CDC) acknowledges a difference between flu death and flu associated death yet uses the terms interchangeably. Additionally, there are significant statistical incompatibilities between official estimates and national vital statistics data. Compounding these problems is a marketing of fear—a CDC communications strategy in which medical experts "predict dire outcomes" during flu seasons."
APPLY TO COVID-19 DATA REPORTS.
Q

74) As an example: In 2001, the combined category "influenza and pneumonia" claimed 62,034 lives, but nearly all deaths—61,777— were attributed to pneumonia while only 257 were attributed to the flu.

(In only 18 cases was the flu virus positively identified.)

Meanwhile, according to the CDC's National Center for Health Statistics (NCHS), "influenza and pneumonia" took 62 034 lives in 2001—61 777 of which were attributed to pneumonia and 257 to flu, and in only 18 cases was flu virus positively identified. Between 1979 and 2002, NCHS data show an average 1348 flu deaths per year (range 257 to 3006). The NCHS data would be compatible with CDC mortality estimates if about half of the deaths classed by the NCHS as pneumonia were actually flu initiated secondary pneumonias. But the NCHS criteria indicate otherwise: "Cause-of-death statistics are based solely on the underlying cause of death... defined by WHO as 'the disease or injury which initiated the train of events leading directly to death.'" In a written statement, CDC media relations responded to the diverse statistics: "Typically, influenza causes death when the infection leads to severe medical complications." And as most such cases "are never tested for virus infection... CDC considers these [NCHS] figures to be a very substantial undercounting

75) It is widely reported that the flu kills around 50,000-60,000 people per year, but data during the 23-year period between 1979 and 2002 showed an average of 1348 flu deaths per year with a low of 257 and a high of 3006.

THE SHADOW PRESIDENCY.

Q

107) 4 months after his inauguration, Donald Trump made his first visit to Europe.

Curiously, Barack Obama was there at the same time.

<https://www.theguardian.com/us-news/2017/may/24/trump-international-trip-barack-ob...>

Donald Trump makes his European debut as US president this week just as his predecessor, **Barack Obama**, returns to the continent for his first visit since relinquishing the White House in January.

While apparently unintentional, the coinciding visits serve to highlight Europe's radically different view of the two men. **A Pew Research Center survey** last June found 77% of Europeans had confidence in Obama - and 9% in the man who has now succeeded him.

The contrast will come into sharp focus on Thursday, when the current and former presidents have parallel public engagements in **Europe**, providing a split-screen comparison between their extreme differences.

Trump, **on his inaugural foreign tour, which has also taken in stops in Saudi Arabia and Israel**, has a lunch date with the newly elected French president, Emmanuel Macron, in Brussels. He's also got meetings and a dinner with EU and Nato leaders.

Former US President **Barack Obama** is planning on meeting with Chinese President **Xi Jinping** and Indian Prime Minister **Narendra Modi** during an upcoming visit to the two countries where he is scheduled to speak at various summits.

Mr Obama is scheduled to first make a stop in China, and then India, before flying to Paris, a spokesperson for the former president told **The Hill**.

The overseas trip was first reported by the Times of India last week, which noted that Mr Obama will be attending an Obama Foundation event in December.

The forty-fourth president's trip to India will come on the heels of first daughter **Ivanka Trump's** visit to the same country. President **Donald Trump** recently finished a five-nation tour of Asia, when he met both Mr Xi and Mr Modi. Ms Trump, who is also a White House adviser, recently met with Mr Modi during her trip at the eight Global Entrepreneurship Summit in Hyderabad.

110) Unlike prior presidents, Obama has publicly criticized his successor including Trump's policies on immigration and healthcare, and the decisions to pull out of the Paris Climate Accord and the Iran deal.

"It was an honour to meet with you & Prime Minister Modi. Thank you for co-hosting the 8th annual Global Entrepreneurship Summit!" Ms Trump wrote on Twitter after the summit, where she had spoken about women entrepreneurs.

Since leaving the White House earlier this year, Mr Obama has broken from recent tradition for outgoing presidents to wade into political debates facing the nation.

That has included making a public statement about immigration after Mr Trump announced that he would suspend the Deferred Action for Childhood Arrivals program. Mr Obama's administration developed that programme, which gave temporary deportation relief for young undocumented immigrants who came to the United States when they were young.

Mr Obama has also blasted Republicans since leaving office after they unveiled proposals to repeal his signature healthcare law, the Affordable Care Act, and has critiqued Mr Trump for pulling the United States out of the Paris Climate Change Accord.
