## My Theme: BOOM Week Ahead

2) After the November 2018 election, Q said The President got what he needed from the election.

Investigations into FBI/DOJ abuse of power that began in the House under Republican leadership would continue in the Senate.

We got what we needed.  
Thank you, Patriots!  
Senate means everything.  
Think Judges (SC) & Cabinet.  
DECLAS overrides all potential House blockades.  
POTUS has ultimate authority.  
Shift to Senate Judiciary (oversight) from House to now occur  
(stronger position and held in reserve for this scenario).  
Lower chamber (House) used as 2-year starter.  
Upper chamber (Senate) will be used next 2-year closer.

House > Senate  
Q

3) After taking over as Chair of the Senate Judiciary Committee, Lindsey Graham notified Attorney General William Barr he intended to continue investigating allegations of abuse of power.

Dear Attorney General Barr:

Through the Foreign Intelligence Surveillance Act (FISA), Congress granted the Executive the ability to seek classified warrants to conduct surveillance on Americans from a special, secret court that meets behind closed doors. Given the nature of these warrants and the court that grants them, the public's confidence in the FISA process is based on assurances, such as those set forth in the 2001 Woods procedures, that FISA applications will undergo rigorous review before being submitted to the Foreign Intelligence Surveillance Court (FISC). Only through strict adherence to procedures like those set forth in the Woods memo and production by the government to the FISC of all material and relevant facts, can the public continue to have confidence in FISA.

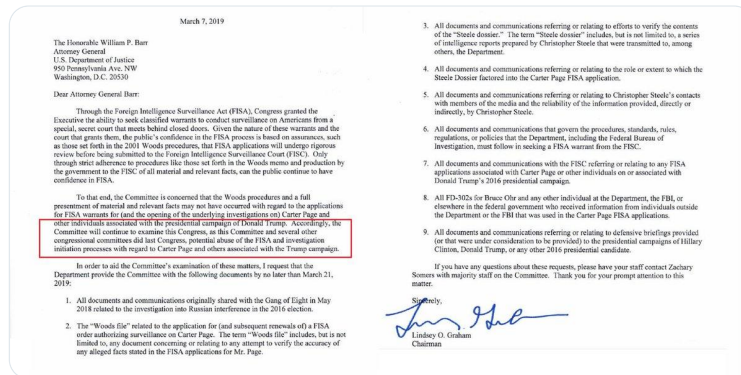

To that end, the Committee is concerned that the Woods procedures and a full presentation of material and relevant facts may not have occurred with regard to the applications for FISA warrants for (and the opening of the underlying investigations on) Carter Page and other individuals associated with the presidential campaign of Donald Trump. Accordingly, the Committee will continue to examine this Congress, as this Committee and several other congressional committees did last Congress, potential abuse of the FISA and investigation initiation processes with regard to Carter Page and others associated with the Trump campaign.

In order to aid the Committee's examination of these matters, I request that the

4) Note: the date on the above letter by Lindsey Graham was March 7, 2019.

The following day, on March 8th, Rep Doug Collins began releasing transcripts from investigations done in the previous session of Congress starting with the testimony of Bruce Ohr.

5) Collins said although Democratic leaders in the house were prepared to drop the investigations, he wanted the public to understand what had been learned about the abuse of power during those investigations.

6) There is a multi-pronged offensive taking place.

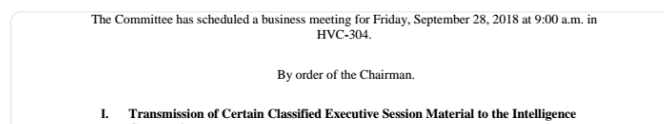

7) Members of the House are releasing information on Spygate conspirators. Members of the Senate continue to investigate. POTUS & AG William Barr are in charge of declassification of Spygate documents, IG Horowitz is finishing up his report on FISA abuse.

8) On May 8th, Doug Collins said he was going to give the President's enemies a week to let their hypocrisy shine but he would have at least one more transcript to release the week of the 13th.

9) There is some confusion about how many transcripts there are and whose they are. Transcripts for Bruce & Nellie Ohr, Peter Strzok & Lisa Page, Bill Priestap and James Baker have been released.

Here is a list of transcripts yet to be released.

Why are the interview transcripts of former CIA Director John Brennan, former FBI Director James Comey, and former NSA Director Mike Rogers, being withheld?
