07:45

What do you do?

Should I tell you what I do?

Arthur Cristian

09:25

Destroying "The System" and replacing it with Kindom, basically exposing definitions for what they really are.

Example...

Steel be with you wrote 4 hours ago "If The United States of America was behind 9/11, why would they kill thousands of their own people?"

Arthur Cristian

Freemasons (they come from all races, cultures, creeds, titles, status, standings, etc) initiated above the show pony, benevolent levels of Rotary, Lions Club, etc, are now under oaths of death and destruction (careers, status, titles, family, etc), where they have placed their allegiance to their brotherhoods, sisterhoods, sororities, fraternities, etc, etc, well above their service/love/duty/devotion to their families, careers, position, businesses they work for, loved ones, etc, and inside this International Cabal that ties into Jesuits, Roman Catholic Church, Church Of England, Royal Families Of Europa, the aristocracy of a one bloodline family (who all go back to Charlemagne/Charles III

and from there to Alexander The Great, etc - check out the Peers Peerage Genealogical Society in London, it's all laid out there officially) all ties into big business, institutions, etc, who collectively carry the ancient dream of the round table and the holy grail (symbolism) for their creation of a earth wide Grand Plan End Time fulfillment of this/their self-fulfilling-prophecy, a One World Government, a ONE WORLD PRIVATISED Order Of "Good Guy" Freemasons brought forth from this one bloodline family now sitting at this round table led by Prince William ARTHUR.....Duke of Wank) overseeing a cashless economy based on quota.

Basically it's the reincarnation of Manorialism with serfs and commoners under Landlords, Land Barons, etc, but all marketed/pitched today with updated "Feel Good", "Feel Right" guises of "Oneness", "All Is One", "One Earth", "One Consciousness", "Green", "Sustainability", etc, etc.

It will look like the Federation behind Star Trek.

These "Good Guys" defeated the "Bad Guys" who all came from the same sororities, fraternities, etc, as the "Good Guys".

It's all ONE huge scam.

These "good will" Freemasons came as missionaries, scientists, botanists, surveyors, military, linguists, historians, educators, etc, etc, visiting all the generally friendly undefined tribes of MAN on land and mapped out (documented) EVERYTHING about everything and when they finished doing this (up to 100 years or so), they then sent their armies and warships in to destroy the tribes. What remained after these invasions were then brainwashed into Defined versions of reality, "The System" of race, culture, creed, titles, status, standings, nations, colour, type, political stance, etc, etc, and Freemasons integrated amongst them all to influence each "sect" they crafted out of their inculcation of definitions forming the fantasies of their perceived realities. And then when required, set them at war against each other, Freemason against Freemason (WE WILL LEAD EVERY REVOLUTION AGAINST US) until today, through politics, commerce, religion, etc, etc, (The Freemasons behind the Roman Catholic Church and the Jesuits created the Koran, as one example of thousands) all to bring about the fulfillment of their One World Holy Grail.

All the wars have always been waged against all of us - we all come from the invaded ancestors of these tribes/villages of MAN on land from all across earth.

It really is a Judeo-Judaic Agenda, all of it rooted in the occults of black-magic.

Example.....

What you see/sense of the celestial bodies is true but everything explained to you about what you see/sense is not true. Definitions form the fantasies of perceived realities. Using definitions to argue for preconceptions is already the predetermination of a fake robotic life set amongst these notions that form the entertainment of "The System" (CULTS/SECTS) where these fantasies are played out in games of life and death.

Tad Living in a world of spin

keeping us" safe" is a common spin of comfort to follow Smart psychopaths.

Sir Col - THE MAGIC MUSHROOM"

American Military tactics is accepting 25% collateral damage as an acceptable level.

Americans have killed more Americans in the name of freedom than any other country in the world.

In other countries they call it Genocide - but in America it is necessary for the Freedom of their country.

Tad Living in a world of spin

I don't think we understand the scope in the way we have been manipulated throughout history. This Doc makes the Point that from early Roman times Many incidents of killing your own people and blame it on someone else --create outrage and a desire for massive populace desire for revenge is a standard classic way to create wealth for Armament Moguls. Happened right in front of our eyes in this one --humans being humans will always follow the Pied Pipers who can spin a storyline to follow.

The Science and stories of reputable people from many diverse sectors from all over the world is compelling. Look at the cover up responses from Bush Blair etc very week. The inability of people to read Science presented is incomprehensible to me. Very worrying when people dismiss independent expert opinion so easily. I wonder what does it take to make people one day accept the world is Round.

We've been doing this Love For Life insight work intensely across the net and elsewhere since 2005, but its roots started in 1972.

Arthur is completely out of "The System" since 2006, no longer performs under "NAME" in commerce.

There are many videos to investigate here (a few more to come and that's it):

We are full on propogandists

Gary Gevisser

is this your real name?

Arthur Cristian

Doesn't exist

"NAME" is a huge lie.

For now you can sense the living MAN Arthur

Gary Gevisser

What is your education?

Are you self-taught?

Do you have any military training outside of reading? In other words have ever had direct communications with an organized military such as the British or Australian armies?

Do you eat meat?

Arthur Cristian

No, was sent to school 1962 to 1971, left it all when "15", "self taught" after that. and since 2005, have used ONLY the senses to make sense of everything going on which has nothing to do with alphabet thoughts/images/definitions...

We are 100% vegan, 80% raw, no meat, dairy, processed, etc.

The vessel was allowed to go back deep into the traumas of Satanic rituals through the clear connections with the intense sufferings of the vessel and through the water of our breath, and from there, with al the trauma running intensely through the vessel and through observation and using SENSES ONLY (touch, taste, feel, smell, hear, see), have produced the vast Love For Life insights we've been sharing for free without a fee since 2005. The vessel is currently obese by intention, This gifted work has come to an end.

Have to go soon, have much to do. ??

Gary Gevisser

The last part is the most positive of course.

Why don't you give your real name?

Why do say "this gifted work has come to an end", which I happen to agree on, but Im interested to hear your reasoning.

Also from your photos, you look fat; is that the case?

Arthur Cristian

Analogy, one foot in the light and one foot in the dark. This is where the vessel has been in the fiction of time since 2005. This is all coming to an end now with the soon to be released free e-book full of illustrations called "Defining Magnificence Into Mediocrity And Calling It Magnificence".

Gary Gevisser

Are you saying that you are obese on purpose?

Are you saying that you are too preoccupied to pay attention to your food intake?

Arthur Cristian

Talking about freedom, truth, consciousness, life, reality, etc, are DEFINITIONS FORMING THE FANTASIES OF PERCEIVED REALITIES, with most trained/raised in "The System" to mimic definitions, thus remaining completely lost, intentionally designed by Occultists/Freemasons, leaves them mimicking it, unless they've really woken up to their senses.

Living/being truth, walk-the-talk is where its all at now.

Once we were clear on what actually is "The System" and how it all really works down to the tiny nuts and bolts, 3,500+ intense debates with experts, professors, researchers, scientists, academics, theologians, etc, etc, since 2005, using scrutiny and going where the logic of truth/SENSE takes you had us arrive where we are at now.

Gary Gevisser

Okay, does that explain your choice of obesity and lack of self-constraint?

I thought walk the talk meant you had to be sensitive to the world around you which is difficult for obese people who are mostly into themselves?

Are there any FB friends of yours and mine like Beverly Mckinley who could help you out?

Can you bring Beverly into this conversation?

Arthur Cristian

The wholeness of life is undefined, no defined rituals required ever about food, diet, etc. The wholeness of undefined life is unnumbered souls of consciousness being the undefined soul of the vessel in this MAN, no need to doubt it.

Do you need to jump 10 feet across a room to grab your next breath?

Of course not.

The sun is still shining, nature is still producing abundance, in spite of how far fallen brothers and sisters have turned against undefined reality to destroy it through the defined images of fantasies they serve.

When you get past all forms of doubt and uncertainty, there is no death before us, no right or wrong, left or right, up or down, within or without, no greater and less than, etc, etc.... AND we're not missing out on anything ever as the eternal soul of undefined life is before us always, AND, we are not answerable to anyone, ever, and we don't let another's motive to control and confine us to the definitions they offer, with or without a good heart, because they can't sense the living undefined MAN before them. They just want to change the leopard's spots - control freaks.

When you really wake up, we are no longer on a journey heading anywhere from anywhere.

Gary Gevisser

Are we still FB friends, because I can't find you at this moment?

Arthur Cristian

Recent post on the FB wall.....

Throughout all the history of MAN'S existence until today, the greatest form of harm caused by MAN against another MAN occurs when a MAN is coveting another MAN. There is undefined MAN on land living in MAN'S undefined paradise with a MAN on the land over there and another MAN on the land over here, when one of them started

dreaming to covet the other MAN on the land, and everything transpiring in-between a MAN on the land and another MAN on the land ever since this intention to dominate another MAN on the land began, is "The System", and every action, movement, thought and e-motion of MAN raised and living in "The System", is this malevolent intent in practice to covet, and in doing so, to dominate another MAN on the land.

All of MAN is on the land of Paradise always, and the remedy is obvious, but most don't want to see it. They prefer this coveting of another MAN continues until nothing remains of the paradise of MAN on the land. In spite of everything they say and do, they are determined to completely destroy all of MAN'S undefined Paradise until nothing of paradise remains.

Just as a seed is the vessel carrying the opportunity for life if it connects with earth, so goes the promise of eternal life embodied in the vessel of every child if it is truly free to be raised by nature with no one inside their head defining reality for them. When we define reality to a child, we are ensuring that the seed of the child's soul falls on the barren ground that has been provided for the child by those who covet the child. This is murder and on a mass scale is genocide. If the child does not create a soul then its just a robot-slave until the batteries run out and there is nothing left of life to move on with life forevermore.

When anyone is raised in "The System", their vessel is left with only one shot to create an eternal soul, and this can only be done by creating a unique and original, undefined, living (live in) dream of life through the senses (touch, taste, feel, smell, hear, see) of your vessel. Once your vessel is deceased and if you haven't created a soul, then ITS ALL OVER and there is no turning back either.

Every alphabet thought in your head and all the e-motions defined by alphabets will NEVER help you create an eternal soul, instead they are the coveting pavers of another MAN'S predetermination to keep you walking down "The System" pathways where you remain as their soulless robot-slave until your batteries run out, and from there, end up on the many "system" junk piles of completely wasted lives, all for NOTHING, the result of unconscious misuse of free will they've always had since at least when they appeared in the womb.

Thoughts are dreams and dreams are thoughts and every MAN was meant to be creating and living (live in) the unique original dreams they hold which can ONLY happen when they are raised by undefined nature with no one inside their heads defining reality for them.

Instead they are kidnapped so they can be deeply inculcated into holding defined dreams they never created and from there, ONLY project and illuminate a copy of a dream-life they must mimic as robot-slaves to survive the fake existence designed by those occultists who invented "The System", and by those who now carry the baton of

their founding fathers, high level Freemasons, to continue administering their ENFORCING affairs upon the lives of everyone they've kidnapped, and they do this to maintain their coveting and domination over every child-MAN from the womb until the grave.

MAN was always meant to be UNDEFINED and never defined.

The undefined soul of MAN is just a dream of life, a unique, original dream of undefined life (undefined consciousness).

Hardly anyone raised in "The System" has an undefined dream of life, the soul.

The "NAME" of the "person" (e-go) they raised in "The System" with all its adornments IS FAKE. Imagining their "person" having a living dream of life was defined for them in the first instance BUT there is nothing REAL there, because its fake, a fantasy.

A copy will never be original.

Every leaf is unique and original, every grain of sand is unique and original, every particle of air, every drop of water and every instance/moment is unique and original, never to be repeated, EVER.

Where you see "samenes" you see deeply brainwashed robot-slaves lost inside the matrix of another MAN'S invention, and there they all are, completely lost and deeply confused.

Gender, race, culture, creed, personality, etc, are all bullshit, they are all defined.

MAN was never meant to be defined.

Parts 3, 4, 5, etc, of this final series of Love For Life insight videos being uploaded to the YouTube channel we use, are coming shortly. Until then, you can watch the Facebook version of part 3 (link provided below), that's currently being dissected, with

far more information included to become parts 3, 4, 5,....., being uploaded to YouTube here: <https://www.youtube.com/user/ArthurLoveForLife/videos>.

Part 3 Facebook Version

A native tree for example sings a song as part of a symphony of nature, so when you plant, for example, a silky oak, in a deforested paddock, wrecked further by agriculture and confined cattle grazing (erosion, balding earth, etc), the natural song of the tree sings to a vast variety of native birds who will come from wherever to sing their song of magnificence with the silky oak, all the while doing their droppings containing native plant seeds of so many types, and over "time", the symphony of native nature is arising, even through the blackberries, lantana and other "weeds" that protected the land from further erosion, and 30 years or so down the line, as long as MAN has not interfered, an abundant native forest returns with all the native creatures habitating where they were all meant to be.

Do you think your fat body which says it is ill could mean you have an ill mind?

Arthur Cristian

It's at the 5000 limit but it will drop, over 4000 FB friends and multi thousands of FB followers have been removed by Intel over the past 4 years or so, Ghosting happens, messing with click counters in YouTube too.

Gary Gevisser

What if it turns out that you are wrong, that your fat has interfered with your brain waves and that you are actually much dumber than you think?

Do you ever recall when your body was healthy and it made love to your wife or have you always been fat since making love to your wife?

Would you say that she is less or more a of a genius than you?

... since first making love...

Do you agree with my gorgeous F-C [Française-Canadienne] wife Marie, "Being a sperm donor or sperm recipient does not make you a good parent"?

Arthur Cristian

You have a very long way to go, so that you can truly SENSE another MAN'S intentions, undefined dreams for life. Body shape has nothing to do with a MAN'S undefined soul. Instead others get caught up in personality cults trying to force others into defined boxes that suit their defined versions of reality where the control freak mechanisms of right and wrongs are played out throughout "The System". Those who worship personality cults have become vultures living off the current of another MANS life force energy because they all have, on all sides, broken wills.

Gary Gevisser

Could you bring your 5000 FB friends into a live debate with me now, and lets help God expose all the hypocrites unless you think God knows exactly what she is doing?

You appearance is very important because you are responsible for your deformities assuming you are in fact obese which you don't deny.

You look like eating is your main preoccupation leaving you little time other than to listen to your fat diseased talkative cells.

Could we continue this conversation on HOT AIR CURRENT [HAC]

Arthur Cristian

You are offering pavers of definitions you want us to walk down, none of which are dreams created uniquely and originally by our undefined souls. Your God is a defined God and your arguments are of this defined God, all of it as NOTHING. Bring forward this God in first party, let's hear all these claims directly from the wagging tongue and wriggling fingers of this God (source of all your knowledge that executes authority and power over another MAN) and not from a MAN coming forward in 3rd party, with wriggling fingers and wagging tongue re-presenting this God ("You appearance is very important because you are responsible for your deformities assuming you are in fact obese which you don't deny. You look like eating is your main preoccupation leaving you little time other than to listen to your fat diseased talkative cells.") who can't come forward before the living and talk directly with the living from its tongue. Until them, everything you have on offer is fraud, is slander and are all lies. All you are doing here is attempting to kidnap another MAN'S vessel so that you can impersonate it through anthropomorphism, in your image, making out all the life of this undefined MAN you are NOW impersonating under the image power of your claimed authority. where all your claims are streaming out of., claiming they are coming from this MAN when in fact you made it all up.

Definitions form the fantasies of perceived realities. Using definitions to argue for preconceptions is already the predetermination of a fake robotic life set amongst these notions that form the entertainment of "The System" (CULTS/SECTS) where these fantasies are played out in games of right and wrong, health and not health, life and death., etc, etc.

Gary Gevisser

Do you like the acronym HAC?

BTW, what were the edits?

Arthur Cristian

Example of many, Bring forward "fatty cells", let's hear these claims directly from "fatty calles" and not from a 3rd party impostor.

Arthur Cristian

We're rushing (Arthur & Fiona here) as we have other work to do and we have given you some of our precious waking life but we must move on now. Can catch up later today or tomorrow. We are an extremely busy household,

Gary, you came blatantly with a motive that drives you, an energy you've mustered up of your will that brought you into this MAN'S "private" life, seeking to create controversies, chaos and conflict where there aren't any, and with a stranger, a MAN who you know nothing about, and yet you act as if you do.

All you have been able to offer up thus far is a fully loaded smart-ass, know it all, arrogant prick. An ignorant, righteous and an indifferent peacock strutting around the yard, all of which shows you up very quickly as being a low life prick, a piece of scum throwing around make-believe accusations that will be impossible for you to back up.

And you intentionally do this to a stranger who has never broken the peace with you, who has never injured you or committed a crime against you, etc, etc, and who you

have never had any long-term, intimate private dealings with, business or not, and who you have never even lived with this MAN and this MAN'S family, and yet you act as if you are an expert about this MAN'S real life.

Are you psychic as in do you practice black magic?

Are you currently practicing the craft of remote viewing?

Are you in the room with us observing everything going on in our "private" lives Gary?

Just how do you really know?

Coveting another MAN is the greatest sin of all, a sin that is a lie, that is a curse you are currently processing right now.

You are currently so far in over your head right now because you are being ruled by a malevolent inspired e-go believing it has a good heart, when in fact its just a MAN of war bearing a deeply broken will seeking to covet another MAN just to feed the empty space where once there was soul you gave up long ago.

Do you really enjoy getting a turn on fucking around with other people's lives, particularly strangers?

What you are doing here in this MAN'S life is nasty as.

Your motive/agenda relies on the weaknesses of others not strong enough to stand up against a piece of shit like you and tell you to fuck off.

You currently act (show up) as a vampire, a vulture who prey's on the carcasses of another MAN'S life so that you can sink your venomous teeth into their vessel and suck the blood of their life energy out, and these most nasty and despicable routines you run, can only be gotten away with by targeting others who still have a broken will, are vulnerable and are deeply confused and really don't know who they really are.

When I was younger and if you did what you did today, I would have belted the fuck out of you, piece of steel in hand or not.

Today, this MAN does not need to harm another MAN in defence of whatever malevolent intentions that have come this MAN'S way, because this MAN just let's the curse of another confused, delusional and deeply lost MAN'S dreaming and let them fully experience what they are dreaming for, conscious or not. Let them have/experience it all IN THIS LIFE.

Right now, every MAN (man, wombmán, child) you have targeted to run this dominating, fantorgasmic vampire routine upon, and who are still under your hypnotic control, adds instant by instant to the curse you are now processing and there is NOTHING you can do to break it, that's unless you completely clean up this act, heal all the damage done, repay every cent taken from them + more, and apologise profusely to all of them, and with sincerity and purity in intention, have completely changed your ways so that you never act as a most nasty vampire, taking advantage of the vulnerable.

Now fuck off.

Early Spring 2018 Love For Life Garden Below are links to a series of photo albums showing how a rental property in East Bowral with a land size of somewhere between 1/10 and 1/16th of an acre around the house was transformed into a flourishing native and food garden producing 1.5 ton of living organic food per year, soon to be 2 ton per year with all the excess given away for free (and there is plenty of it during harvest times). All of this has been done with very little money since 2011/2012. The land was mostly all clay with rock and bulldozed work-site garbage underneath, with a struggling lawn that could not get properly established ---> no humus or topsoil because they bulldozed it all away when they developed the suburb of East Bowral. ?? 1. Communication between the real estate agent and us transpired between the 6th November 2017 and the 10th December 2017. As it provides a big picture into our intentions and motives for starting Love For Life, we thought it was time to share it in full. We've sanitised the details of the real estate agent. And since our reply, sent 10th December 2017, we've only received dead silence until we notified the agents 28th July 2018 of our intention to take down the Leylandii Trees and that we had done so.

The vessel is currently obese by intention, This gifted work has come to an end.

Have to go soon, have much to do. ??

Gary:

The last part is the most positive of course.

Why don't you give your real name?

Why do say "this gifted work has come to an end", which I happen to agree on, but I'm interested to hear your reasoning.

Also from your photos, you look fat; is that the case?

AC:

Analogy, one foot in the light and one foot in the dark. This is where the vessel has been in the fiction of time since 2005. This is all coming to an end now with the soon to be released free e-book full of illustrations called "Defining Magnificence Into Mediocrity And Calling It Magnificence".

Gary:

Are you saying that you are obese on purpose?

Are you saying that you are too preoccupied to pay attention to your food intake?

AC:

Talking about freedom, truth, consciousness, life, reality, etc, are DEFINITIONS FORMING THE FANTASIES OF PERCEIVED REALITIES, with most trained/raised in "The System" to mimic definitions, thus remaining completely lost, intentionally designed by Occultists/Freemasons, leaves them mimicking it, unless they've really woken up to their senses.

Living/being truth, walk-the-talk is where it's all at now.

Once we were clear on what actually is "The System" and how it all really works down to the tiny nuts and bolts, 3,500+ intense debates with experts, professors, researchers, scientists, academics, theologians, etc, etc, since 2005, using scrutiny and going where the logic of truth/SENSE takes you had us arrive where we are at now.

Gary:

Okay, does that explain your choice of obesity and lack of self-constraint?
I thought walk the talk meant you had to be sensitive to the world around you which is difficult for obese people who are mostly into themselves?
Are there any FB friends of yours and mine like Beverly McKinley who could help you out?
Can you bring Beverly into this conversation?

AC:

The wholeness of life is undefined, no defined rituals required ever about food, diet, etc. The wholeness of undefined life is unnumbered souls of consciousness being the undefined soul of the vessel in this MAN, no need to doubt it.

Do you need to jump 10 feet across a room to grab your next breath?

Of course not.

The sun is still shining, nature is still producing abundance, in spite of how far fallen brothers and sisters have turned against undefined reality to destroy it through the defined images of fantasies they serve.

When you get past all forms of doubt and uncertainty, there is no death before us, no right or wrong, left or right, up or down, within or without, no greater and less than, etc, etc.... AND we're not missing out on anything ever as the eternal soul of undefined life is before us always, AND, we are not answerable to anyone, ever, and we don't let another's motive to control and confine us to the definitions they offer, with or without a good heart, because they can't sense the living undefined MAN before them. They just want to change the leopard's spots - control freaks.

When you really wake up, we are no longer on a journey heading anywhere from anywhere.

Gary

Are we still FB friends, because I can't find you at this moment?

AC:

Recent post on the FB wall.....

Throughout all the history of MAN'S existence until today, the greatest form of harm caused by MAN against another MAN occurs when a MAN is coveting another MAN. There is undefined MAN on land living in MAN'S undefined paradise with a MAN on the

land over there and another MAN on the land over here, when one of them started dreaming to covet the other MAN on the land, and everything transpiring in-between a MAN on the land and another MAN on the land ever since this intention to dominate another MAN on the land began, is "The System", and every action, movement, thought and e-motion of MAN raised and living in "The System", is this malevolent intent in practice to covet, and in doing so, to dominate another MAN on the land.

All of MAN is on the land of Paradise always, and the remedy is obvious, but most don't want to see it. They prefer this coveting of another MAN continues until nothing remains of the paradise of MAN on the land. In spite of everything they say and do, they are determined to completely destroy all of MAN'S undefined Paradise until nothing of paradise remains.

Just as a seed is the vessel carrying the opportunity for life if it connects with earth, so goes the promise of eternal life embodied in the vessel of every child if it is truly free to be raised by nature with no one inside their head defining reality for them. When we define reality to a child, we are ensuring that the seed of the child's soul falls on the barren ground that has been provided for the child by those who covet the child. This is murder and on a mass scale is genocide. If the child does not create a soul then its just a robot-slave until the batteries run out and there is nothing left of life to move on with life forevermore.

When anyone is raised in "The System", their vessel is left with only one shot to create an eternal soul, and this can only be done by creating a unique and original, undefined, living (live in) dream of life through the senses (touch, taste, feel, smell, hear, see) of your vessel. Once your vessel is deceased and if you haven't created a soul, then ITS ALL OVER and there is no turning back either.

Every alphabet thought in your head and all the e-motions defined by alphabets will NEVER help you create an eternal soul, instead they are the coveting pavers of another MAN'S predetermination to keep you walking down "The System" pathways where you remain as their soulless robot-slave until your batteries run out, and from there, end up on the many "system" junk piles of completely wasted lives, all for NOTHING, the result of unconscious misuse of free will they've always had since at least when they appeared in the womb.

Thoughts are dreams and dreams are thoughts and every MAN was meant to be creating and living (live in) the unique original dreams they hold which can ONLY happen when they are raised by undefined nature with no one inside their heads defining reality for them.

Instead they are kidnapped so they can be deeply inculcated into holding defined dreams they never created and from there, ONLY project and illuminate a copy of a dream-life they must mimic as robot-slaves to survive the fake existence designed by

those occultists who invented "The System", and by those who now carry the baton of their founding fathers, high level Freemasons, to continue administering their ENFORCING affairs upon the lives of everyone they've kidnapped, and they do this to maintain their coveting and domination over every child-MAN from the womb until the grave.

MAN was always meant to be UNDEFINED and never defined.

The undefined soul of MAN is just a dream of life, a unique, original dream of undefined life (undefined consciousness).

Hardly anyone raised in "The System" has an undefined dream of life, the soul.

The "NAME" of the "person" (e-go) they raised in "The System" with all its adornments IS FAKE. Imagining their "person" having a living dream of life was defined for them in the first instance BUT there is nothing REAL there, because its fake, a fantasy.

A copy will never be original.

Every leaf is unique and original, every grain of sand is unique and original, every particle of air, every drop of water and every instance/moment is unique and original, never to be repeated, EVER.

Where you see "samenes" you see deeply brainwashed robot-slaves lost inside the matrix of another MAN'S invention, and there they all are, completely lost and deeply confused.

Gender, race, culture, creed, personality, etc, are all bullshit, they are all defined.

MAN was never meant to be defined.

Parts 3, 4, 5, etc, of this final series of Love For Life insight videos being uploaded to the YouTube channel we use, are coming shortly. Until then, you can watch the Facebook version of part 3 (link provided below), that's currently being dissected, with

far more information included to become parts 3, 4, 5,....., being uploaded to YouTube here: <https://www.youtube.com/user/ArthurLoveForLife/videos>.

Part 3 Facebook Version

A native tree for example sings a song as part of a symphony of nature, so when you plant, for example, a silky oak, in a deforested paddock, wrecked further by agriculture and confined cattle grazing (erosion, balding earth, etc), the natural song of the tree sings to a vast variety of native birds who will come from wherever to sing their song of magnificence with the silky oak, all the while doing their droppings containing native plant seeds of so many types, and over "time", the symphony of native nature is arising, even through the blackberries, lantana and other "weeds" that protected the land from further erosion, and 30 years or so down the line, as long as MAN has not interfered, an abundant native forest returns with all the native creatures habitating where they were all meant to be.

Gary:

Do you think your fat body which says it is ill could mean you have an ill mind?

AC:

It's at the 5000 limit but it will drop, over 4000 FB friends and multi thousands of FB followers have been removed by Intel over the past 4 years or so, Ghosting happens, messing with click counters in YouTube too.

Gary:

What if it turns out that you are wrong, that your fat has interfered with your brain waves and that you are actually much dumber than you think?

Do you ever recall when your body was healthy and it made love to your wife or have you always been fat since first making love to your wife?

Would you say that she is less or more a of a genius than you?

Do you agree with my gorgeous F-C [Française-Canadienne] wife Marie, "Being a sperm donor or sperm recipient does not make you a good parent"?

AC:

You have a very long way to go, so that you can truly SENSE another MAN'S intentions, undefined dreams for life. Body shape has nothing to do with a MAN'S undefined soul. Instead others get caught up in personality cults trying to force others into defined boxes that suit their defined versions of reality where the control freak mechanisms of right and wrongs are played out throughout "The System". Those who worship personality cults have become vultures living off the current of another MANS life force energy because they all have, on all sides, broken wills.

Gary:

Could you bring your 5000 FB friends into a live debate with me now, and lets help God expose all the hypocrites unless you think God knows exactly what she is doing? You appearance is very important because you are responsible for your deformities assuming you are in fact obese which you don't deny.

You look like eating is your main preoccupation leaving you little time other than to listen to your fat diseased talkative cells.

AC:

You are offering pavers of definitions you want us to walk down, none of which are dreams created uniquely and originally by our undefined souls. Your God is a defined God and your arguments are of this defined God, all of it as NOTHING. Bring forward this God in first party, let's hear all these claims directly from the wagging tongue and

wriggling fingers of this God (source of all your knowledge that executes authority and power over another MAN) and not from a MAN coming forward in 3rd party, with wriggling fingers and wagging tongue re-presenting this God ("Your appearance is very important because you are responsible for your deformities assuming you are in fact obese which you don't deny. You look like eating is your main preoccupation leaving you little time other than to listen to your fat diseased talkative cells.") who can't come forward before the living and talk directly with the living from its tongue. Until then, everything you have on offer is fraud, is slander and are all lies. All you are doing here is attempting to kidnap another MAN'S vessel so that you can impersonate it through anthropomorphism, in your image, making out all the life of this undefined MAN you are NOW impersonating under the image power of your claimed authority. where all your claims are streaming out of.

Definitions form the fantasies of perceived realities. Using definitions to argue for preconceptions is already the predetermination of a fake robotic life set amongst these notions that form the entertainment of "The System" (CULTS/SECTS) where these fantasies are played out in games of right and wrong, health and not health, life and death., etc, etc.

Gary

Im calling this HAC [Hot Air Current].

Arthur Cristian

Suggest you copy over everything else missing for others to have full disclosure.

Gary

Arthur, please go ahead and do so.

I thought I was saving you embarrassment.

AC

12:53

Gary, you came blatantly with a motive that drives you, an energy you've mustered up of your will that brought you into this MAN'S "private" life, seeking to create controversies, chaos and conflict where there aren't any, and with a stranger, a MAN who you know nothing about, and yet you act as if you do.

All you have been able to offer up thus far is a fully loaded smart-ass, know it all, arrogant prick. An ignorant, righteous and an indifferent peacock strutting around the yard, all of which shows you up very quickly as being a low life prick, a piece of scum throwing around make-believe accusations that will be impossible for you to back up.

And you intentionally do this to a stranger who has never broken the peace with you, who has never injured you or committed a crime against you, etc, etc, and who you have never had any long-term, intimate private dealings with, business or not, and who you have never even lived with this MAN and this MAN'S family, and yet you act as if you are an expert about this MAN'S real life.

Are you psychic as in do you practice black magic?

Are you currently practicing the craft of remote viewing?

Are you in the room with us observing everything going on in our "private" lives Gary?

Just how do you really know?

Coveting another MAN is the greatest sin of all, a sin that is a lie, that is a curse you are currently processing right now.

You are currently so far in over your head right now because you are being ruled by a malevolent inspired e-go believing it has a good heart, when in fact its just a MAN of war bearing a deeply broken will seeking to covet another MAN just to feed the empty space where once there was soul you gave up long ago.

Do you really enjoy getting a turn on fucking around with other people's lives, particularly strangers?

What you are doing here in this MAN'S life is nasty as.

Your motive/agenda relies on the weaknesses of others not strong enough to stand up against a piece of shit like you and tell you to fuck off.

You currently act (show up) as a vampire, a vulture who prey's on the carcasses of another MAN'S life so that you can sink your venomous teeth into their vessel and suck the blood of their life energy out, and these most nasty and despicable routines you

run, can only be gotten away with by targeting others who still have a broken will, are vulnerable and are deeply confused and really don't know who they really are.

When I was younger and if you did what you did today, I would have belted the fuck out of you, piece of steel in hand or not.

Today, this MAN does not need to harm another MAN in defence of whatever malevolent intentions that have come this MAN'S way, because this MAN just let's the curse of another confused, delusional and deeply lost MAN'S dreaming and let them fully experience what they are dreaming for, conscious or not. Let them have/experience it all IN THIS LIFE.

Right now, every MAN (man, wombman, child) you have targeted to run this dominating, fantorgasmic vampire routine upon, and who are still under your hypnotic control, adds instant by instant to the curse you are now processing and there is NOTHING you can do to break it, that's unless you completely clean up this act, heal all the damage done, repay every cent taken from them + more, and apologise profusely to all of them, and with sincerity and purity in intention, have completely changed your ways so that you never act as a most nasty vampire, taking advantage of the vulnerable.

Now fuck off.
