United States Senate
COMMITTEE ON THE JUDICIARY
WASHINGTON, DC 20510-4275

March 15, 2019

The Honorable William P. Barr
Attorney General
U.S. Department of Justice
950 Pennsylvania Ave. NW
Washington, D.C. 20530

Dear Attorney General Barr:

As you are undoubtedly aware, during a recent interview on 60 Minutes, former acting Director of the Federal Bureau of Investigation (FBI) Andrew McCabe explained how Deputy Attorney General Rod Rosenstein discussed with him and others within the Department of Justice (DOJ) the possibility of removing the President of the United States by invoking the 25th Amendment. In addition, Mr. McCabe described how the Deputy Attorney General, in a manner that was "absolutely serious," offered to wear a wire into the White House to record the President and gather evidence against him.

The Committee is deeply concerned with these discussions and whether they essentially indicate that two of the highest ranking law enforcement officials in the United States were discussing what amounts to a coup against the President. Accordingly, the Committee plans to conduct oversight into these discussions and related matters. To that end, the Committee requests that the DOJ provide the following documents by no later than March 29, 2019:

1. All documents and communications (commonly referred to as the "McCabe Memos") written by Mr. McCabe to memorialize discussions, meetings, or correspondence he had with senior government officials, including the President.
2. Documents and communications sufficient to show the names, titles, and business addresses of all personnel who participated in any meeting that included Deputy Attorney General Rosenstein and Mr. McCabe between May 9, 2017, and May 17, 2017, or any other meeting that included these two officials during which the 25th Amendment, recording conversations with the President, or opening an obstruction of justice investigation related to the removal of Director Comey was in anyway mentioned or discussed. In lieu of documents, you may provide a list of the requested information.
3. All documents and communications referring or relating to a meeting or meetings that included Mr. McCabe and Deputy Attorney General Rosenstein during which the 25th Amendment, tapping conversations with the President, or opening an obstruction of justice investigation related to the removal of Director Comey were discussed.

4. All documents and communications created on or after May 9, 2017, referring or relating to the 25th Amendment.
5. All documents and communications created on or after May 9, 2017, referring or relating to recording conversations with the President.
6. Any opinion prepared by the Office of Legal Counsel or any other entity within the Department referring or relating to the 25th Amendment.
7. All documents and communications relied upon by FBI's Office of Professional Responsibility in reaching its decision to recommend the dismissal of Mr. McCabe, including the Office of Professional Responsibility's report on Mr. McCabe.

If your staff has any questions regarding this request, please have them contact Zachary Somers with the majority staff on the Committee. Thank you for your prompt attention to this matter.

Sincerely,

Lindsey O. Graham
Chairman

Former Defense Intelligence Officer Pleads Guilty to Attempted Espionage

Ron Rockwell Hansen, 58, a resident of Syracuse, Utah, and a former Defense Intelligence Agency (DIA) officer, pleaded guilty today in the District of Utah in connection with his attempted transmission of national defense information to the People's Republic of China. Sentencing is set for Sept. 24, 2019.

Assistant Attorney General for National Security John C. Demers, U.S. Attorney John Huber for the District of Utah and Special Agent in Charge Paul Haertel of the FBI's Salt Lake City Field Office announced the charges.

Hansen retired from the U.S. Army as a Warrant Officer with a background in signals intelligence and human intelligence. He speaks fluent Mandarin-Chinese and Russian. DIA hired Hansen as a civilian intelligence case officer in 2006. Hansen held a Top Secret clearance for many years, and signed several non-disclosure agreements during his tenure at DIA and as a government contractor.

As Hansen admitted in the plea agreement, in early 2014, agents of a Chinese intelligence service targeted Hansen for recruitment and he began meeting with them regularly in China. During those meetings, the Chinese agents described to Hansen the type of information that would interest the Chinese intelligence service. During the course of his relationship with the agents of the Chinese intelligence service, Hansen received hundreds of thousands of dollars in compensation for information he provided them, including information he gathered at various industry conferences. Between May 24, 2016 and June 2, 2018, Hansen solicited from an intelligence case officer working for the DIA national defense information that Hansen knew the Chinese intelligence service would find valuable. Hansen agreed to act as a conduit to sell that information to the Chinese. Hansen advised the DIA case officer how to record and transmit classified information without detection, and explained how to hide and launder any funds received as payment for classified information. The DIA case officer reported Hansen's conduct to the DIA and subsequently acted as a confidential human source for the FBI.

As Hansen further admitted in the plea agreement, Hansen met with the DIA case officer on June 2, 2018, and received from that individual documents containing national defense information that Hansen previously solicited. The documents Hansen received were classified. The information in the documents related to the national defense of the United States in that it related to United States military readiness in a particular region and was closely held by the United States government. Hansen reviewed the documents, queried the DIA case officer about their contents, and took written notes about the materials relating to the national defense information. Hansen advised the DIA case officer that he would remember most of the details about the documents he received that day and would conceal some notes about the material in the text of an electronic document that Hansen would prepare at the airport before leaving for China. Hansen intended to provide the information he received to the agents of the Chinese intelligence service with whom he had been meeting, and Hansen knew that the information was to be used to the injury of the United States and to the advantage of a foreign nation.

Hansen pleaded guilty to one count of attempting to gather or deliver national defense information to aid a foreign government. The plea agreement calls for an agreed-upon sentence of 15 years.
