FINE ART PORTRAITURE WITH ELAINE ZELKER

PRICES & PACKAGES

WHY FIT IN WHEN YOU WERE BORN TO STAND OUT

## THE SESSION

Your fine art photo session usually takes about 1-2 hours in my Easton, PA studio at the Simon Silk Mill. My goal is to photograph the true essence of your child, which brings out the very best in them. We will schedule a time to chat to go over the clothing and accessories you may need for the shoot ahead of time. These images will reflect a look that captures your child with a natural demeanor; not forced expressions.

These images will be pieces of art for your walls.

**SESSION FEE: \$150**

## WHAT DOES THE SESSION FEE INCLUDE?

- My time and expertise as your photographer (with my dedicated team)
- Pre-Consultation over the phone and/or email
- Professional editing of the best images from your session
- Photo “REVEAL” 1-2 weeks after the shoot in the Studio or On-line
- \$50 print credit
  
- Prints/Products/Digital Downloads are not included in the session fee.

WHAT HAPPENS NOW?

## THE SESSION - FROM START TO FINISH

Be prepared for an  
experience of a lifetime!

Contact us via email: [info@elainezelker.com](mailto:info@elainezelker.com) to set up a pre-consultation. We will set up a time to talk “live” and discuss the relevant information you will need for your shoot. This will include what to bring, clothing, accessories, etc. Once a date is set, the \$150 session fee is required to secure your date and time. This is non-refundable but is transferable, if we need to change the date. When you arrive, we will go over the outfits and accessories you brought, (and of course, we can play in my “wardrobe/accessory box” as well), and choose what I think works best for your child.

# **be yourself, no one else**

---

Parents can now sit back and enjoy the session and watch as your child comes to life in front of the camera. I promise to guide your child through the session and make them feel comfortable and at ease. I shoot until I get the shot. (Many shots, in fact.) Time will vary from 30mins to 2 hours.

Your images will be ready to be “revealed” to you about 2 weeks after your session. Before you see them, I will carefully go through all the photographs and choose the ones that are best for you to view. I will spend several hours editing them to ensure your images have that artistic feel we talked about. They will be cleaned up, color corrected, and cropped to perfection. I will edit them in color and black & white.

## The "Reveal"

You have 2 choices for your "reveal". You can either view your images on a special on-line, password-protected gallery **or** preferably by appointment back at my studio. **Viewing online:** Your images will only be available to view online for seven days (under some circumstances, I can reopen the album for additional time (\$50 reopening fee). I am more than happy to help you choose via email or phone if you need.

**At the Studio:** (The Best Choice)  
Viewing your images on my big screen at the studio means we will go over the selected, edited images together one-by-one. I can help you choose the most suitable products for your home (prints, canvas wraps, matted images, framed images, etc). All printed images come with the digital file as well, so you can share on your social media sites, (and your child's!).

# Prints & Products

I only use professional printers and framers for your final printed images.

**Digital Files only:** \$45 each\*

**Prints:**
