Oweli Liver Detox is a dietary supplement that is marketed to support liver health and detoxification. The product contains a blend of ingredients that are thought to have beneficial effects on the liver, including:

- Milk thistle: Milk thistle is a herb that has been used for centuries to support liver health. It contains a compound called silymarin, which has been shown to protect the liver from damage and promote liver regeneration.
- Turmeric: Turmeric is a spice that contains a compound called curcumin. Curcumin has been shown to have anti-inflammatory and antioxidant properties, which can help to protect the liver from damage.
- Dandelion root: Dandelion root is a herb that has been used for centuries to support liver function. It is thought to work by increasing bile production and flow, which can help to remove toxins from the body.
- Other ingredients: Oweli Liver Detox also contains other ingredients that are thought to support liver health, such as artichoke extract, beet root extract, and alpha-lipoic acid.

Oweli Liver Detox is available for purchase on the product's official website. The website claims that the product is safe and effective, and that it is backed by a money-back guarantee.
