The backstory on the Punisher.

[#Qanon \(en.wikipedia.org/wiki/Punisher\)](#)

Punisher

From Wikipedia, the free encyclopedia

This article is about the Marvel Comics character. For other uses, see [Punisher \(disambiguation\)](#).

"Frank Castle" redirects here. For the English athlete and rugby player, see [Frank Castle \(rugby league\)](#).

The **Punisher** (**Francis "Frank" Castle**, born **Castiglione**) is a fictional character appearing in American comic books published by **Marvel Comics**. The character was created by writer **Gerry Conway** and artists **John Romita Sr.** and **Ross Andru**, with publisher **Stan Lee** green-lighting the name. The Punisher made his first appearance in *The Amazing Spider-Man* #129 (cover-dated Feb. 1974).

The character is an Italian-American^{[5][6]} vigilante who employs murder, kidnapping, extortion, coercion, threats of violence, and torture in his campaign against crime. Driven by the deaths of his wife and two children who were killed by the mob for witnessing a killing in New York City's Central Park, the Punisher wages a one-man war on the mob and all criminals and employs the use of various firearms.^[7] His family's killers were the first to be slain by the Punisher.^[8] A war veteran and a United States Marine Corps Scout Sniper, Castle is skilled in hand-to-hand combat, guerrilla warfare, and marksmanship.^{[5][6]}

The Punisher's brutal nature and willingness to kill made him a novel character in mainstream American comic books when he debuted in 1974. By the late 1980s, the Punisher was part of a wave of psychologically-troubled antiheroes. At the height of his popularity, the character was featured in four monthly publications, including *The Punisher*, *The Punisher War Journal*, *The Punisher War Zone*, and *The Punisher Armory*. Despite his violent actions and dark nature, the Punisher has enjoyed some mainstream

While TWTR stock's recent meteoric rise has been nothing short of stunning, I don't like to chase momentum. I especially don't like to chase investments that are not fundamentally sound.

Say what you want about the nearer-term trading opportunities for TWTR; its organizational structure is pure chaos. As my *InvestorPlace* colleague Dana Blankenhorn explained, COO Anthony Noto left the company to seek greener pastures. We all know that head executive Jack Dorsey is a part-timer. Blankenhorn writes that "Twitter has lost its adult supervision." I do not disagree.

A breaking *Reuters* story, though, offers a contrasting take. TWTR is [gaining both subscribers and ad revenues](#) in Japan. The implication is that Twitter can duplicate the Japanese success in other markets.

If I am understanding properly, this is suggesting that Snowden had a form of backdoor access to Twitter and FB.

Hidden messages being left in deleted or altered tweets? I occasionally do something similar on boards where admins can see deletions and alterations. Write something, then delete/alter. Only visible if you happen to be paying attention and archive within the time it takes to alter.

Another anon (not [#Qanon](#)) observed that [@Snowden](#) doesn't seem like he's got the skills to pull off what Q has been telling us.

Being in the industry, I don't get the Snowden as uber hacker talent. Doesn't seem to match his background and unless someone is a super exceptional talent in a field with exception talent doesn't wash. It takes a small group to really pull off a big engineering feat. Snowden as the developer who did x to hold the world in the balance just doesn't make sense.

True, but then why Snowden? Doesn't make sense. If they gave him the tool, Snowden isn't of value to the NSA other than a trophy. The tech lives outside of him and Q claims that they own CIA at this point (making assumptions). This is unfolding as if Snowden has something that no one else has access to. Snowden has fame for taking files and exposing, not of someone that developed technology that no one else has. Something not adding up.

This was the 4th post by [#Qanon](#) when he began dropping crumbs in October of 2017. He touched on many subjects including the fact that

as people are indicted, they'll still be in the public eye and that [#Trump](#) will remain [more or less] neutral for public optics.

Some of us come here to drop crumbs, just crumbs.

POTUS is 100% insulated - any discussion suggesting he's even a target is false.

Follow Huma tomorrow.

POTUS will not be addressing nation on any of these issues as people begin to be indicted and must remain neutral for pure optical reasons. To suggest this is the plan is false and should be common sense.

Focus on Military Intelligence/ State Secrets and why might that be used vs any three letter agency

What SC decision opened the door for a sitting President to activate - what must be showed?

Why is POTUS surrounded by generals ^^

Again, there are a lot more good people than bad so have faith. This was a hostile takeover from an evil corrupt network of players (not just Democrats).

Don't fool yourself into thinking Obama, Soros, Roth's, Clinton's etc have more power present day than POTUS.

Follow the money, it's the key.

What is Pelosi's net worth by way of one example. Why coincidentally is her memory apparently going?

Cover for possible future indictment to plead what?

What if John M never had surgery and that was a cover for a future out if needed against prosecution?

Why did Soros transfer his bulk public funds to a NP? Note this doesn't include massive slush funds that are pulled by several high ups.

Why did Soros' son have several meetings with Canadian PM and how is that related to Clinton's?

Why is MS13 a priority?

Could people pay such gangs to kill opponents and why / how to insulate against exposure?

The truth is mind blowing and cannot fully be exposed. These people are evil.

Operation Mockingbird.

This post by [#Qanon](#) from November gives more information on indictments, including that fact that some will be sealed and that [#Trump](#) is expediting judicial appointments for a reason.

The term "Conspiracy Theory" was popularized by the CIA in the 1960s to prevent average people from questioning official government and mainstream media explanations.

[#Qanon](#)

For the record: Unlike many of you, I'm not inclined to question official explanations. I don't investigate conspiracies, the occult or paranormal activities. They don't interest me. I research [#QAnon](#) because God asked me to and I try to confine my research to Q posts. Full disclosure:

I have been investigating the Clinton Foundation for a couple of years after finding their link to pedophilia. But again, that was only after a series of dreams where God asked me to research that subject.

[#Qanon](#)

Generally speaking, conspiracies don't interest me. So if you tag me in links to articles or videos or send them by private message, I probably won't read or listen to them. (Please don't take it personally.)
