1) This is my [#Qanon](#) thread for April 19th
Q posts can be found here: qanon.pub

Today is the anniversary of the battles of Lexington and Concord.

My theme for this series: "War is Real."

2) An anon posted an article about the death of H.R. McMaster's father. (McMaster was Trump's National Security Adviser.) The death is being investigated as a possible case of neglect.

Sources: Officials Investigating Death Of Father Of Former Trump National Security Adviser
philadelphia.cbslocal.com/2018/04/18/h-r-mcmaster-father-death/

1. The health department confirms he died of blunt impact trauma to the head and the manner of death was determined to be an accident.
2. But sources tell CBS3 that Philadelphia police and the Pennsylvania Attorney General's Office are investigating the possibility of institutional neglect after he fell.

<https://pbs.twimg.com/media/DbLHdZvVMAh5B2.jpg>

3) #Qanon suggested the death was retaliation against McMaster for failing to hold his position. The implication is that he was useful to the deep state and now that John Bolton is in that position, they've lost their advantage.
