## My Theme: Will General Flynn be Exonerated?

2) On December 4th, 2017, after anons expressed concern about the fate of General Flynn, Q assured them he was safe.

3) To "know where the bodies are buried" is an idiom.

General Flynn doesn't literally know the location of buried bodies.

As a former Director of the Defense Intelligence Agency, he knows about the crimes of corrupt people.

To **know where the bodies are buried** means to **know** the closely guarded secrets of someone or an organization. These secrets may be criminal, immoral, or simply embarrassing, confidential or proprietary. The idiom **know where the bodies are buried** is often used in business.

4) General Flynn was attacked because he had evidence that could be used against corrupt people. Therefore, they needed to neutralize him.

The patriots working with President Trump anticipated Flynn would be attacked and developed a role for him outside the White House.

6) Q has said for years that FISA is the start of the publicly visible aspect of the DOJ's removal of corruption. Illegal FISA surveillance of Trump's campaign will objectively and factually prove that Obama's intelligence agencies attempted to overthrow an election.

7) On December 16, Q said evidence that would exonerate General Flynn was being used to indict those who illegally spied on him.

Q listed 3 counts that will be found in an indictment against them and listed 6 more counts that are yet to be revealed.

8) I believe (though I am not certain) that the 9 counts listed above will be found in the first unsealed indictment.

(This was posted on December 17th—one day after the message in the previous tweet.)

10) According to Sidney Powell, the transcripts of General Flynn's phone calls to former Ambassador Kislyak were leaked by a Pentagon source.

That makes me wonder if a military (non-civilian) commission will be the venue for the first indictment.

11) Last Thursday, [@seanhannity](#) said two big stories were about to break. There is a hint in his words that the media may be implicated in one or both stories.

12) Friday morning, the New York Times explained that John Durham's investigation is looking into leaks to the media, including the leaked transcripts of Gen Flynn's phone calls to former Russian Ambassador Kislyak.

Durham Inquiry Includes Scrutiny of a Media Leak

The attorney general has suggested that the Justice Department review of the Russia investigation has uncovered "troubling" findings without going into details.

13) A few hours later, it was announced that the DOJ filed sealed evidence in General Flynn's case that is exculpatory.

#### New Court Documents Include Exculpatory Evidence For Michael Flynn

New documents filed under seal in federal court include exculpatory information about former White House National Security Adviser Michael Flynn.

14) Exculpatory evidence supports a defendant's innocence.

That's **exculpatory** evidence: anything that clears someone or something of guilt or blame is **exculpatory**. **Exculpatory** comes from the Latin word *exculpat*, meaning "freed from blame." The verb **exculpate** means to free from guilt or blame.
