Truth Social is not just my political / news / @q drop home. It is my new social media home, and I am leaving Fakebook and Twerper. I want this to be home. SO! Here is a pic of my wife @RebeccaD and our now three month old. She was on a vent for 4 weeks while pregnant because of the crappy incorrect care that hospitals were giving Covid patients. Jokes on you devil, they made it!!! Satan wanted them to be a news clip "unvaccinated pregnant women dies". NO WAY SATAN!! God is GOOD!!

Note that Joseph implied that Truth Social would be the new home for Q drops.

Friday Question?

When you leave the other social media tyrants for the last time. What would your final post be?

Please keep it clean. I know what most of you want to say. 🤔

The series of messages is relevant for two reasons:
It appears that justice is about to catch up to Hunter Biden and his family, which seems to be what Nunes may be hinting at.

When we look at post #113 (the time of the tweet above), we find a message by Q about the control of social media and broadcast companies.

In 2017, the Saudi royal family (including Alwaleed bin Talal) owned controlling shares of many social media and broadcast companies. The day before this post by Q (November 4th, 2017), corrupt members of Saudi royal family were arrested and their assets were seized. Truth Social was created to break the stranglehold the global elites have on information.

According to Q, the long-term plan involves the arrest of corrupt political figures around the world.

What happened in SA will happen here, Asia, and EU.
Keep digging and keep organizing the info into graphics (critical).
