## **THE WAY by Arthur & Fiona Cristian - Love For Life - 9th August 2008**

THE WAY

This article is for those who want to live lives of true freedom, joy and abundance. Over the last 10,000 years, despite innumerable ideas, theories, movements and organizations, no one (bar a few tribes here and there) has achieved this. After three years of researching, networking and debating with others, we can tell you why. The barriers that prevent us being free are as follows:

1. Being unable to distinguish between the knowledge of fiction "on offer" and the information of creation.
2. Our belief in knowledge "on offer" and our ownership of our beliefs "on offer".

All that exists is Creation, including MAN the creator. Creation is full of conscious living life forms that have substance, i.e., they exist without needing 3rd parties (external entities that maintain and explain something's existence) to maintain them. The trees, plants and animals of creation do not need MAN to make them move, eat, drink and reproduce. The rocks, minerals, mountains and rivers do not need us to believe they exist and they exist whether we look at them, think about them, or even believe in them. If a child brought up in a desert never saw a tree and was never told about trees, he/she would never give them a thought but there would still be trees.

Creation shares its information freely. A flower does not try to hide anything of its creation; it does not have any secrets. If we took the time to observe it, we could discover (feel) all the information of the consciousness of the flower. The trees of creation share all they have to offer; they clean the air we breath, provide a home for countless insects and small animals, humus for the soil from their leaves and twigs and, when they die, they rot into the earth, enriching the soil for the plants around them. There is no ownership, no possession and no greed in the world of creation. Tribes of conscious-living MAN buried the conscious-living bodies of their parents and families who had left their physical bodies to further expand their consciousness. These "sacred sites" were places their descendents could visit to expand their consciousness by experiencing the consciousness of their ancestors' lives.

Compare the substance offered by the world of creation to the fictional Western World "civilization" that most of us inhabit; would any of it exist if we weren't wasting our lives maintaining it? Would the government exist if we didn't think about it, talk about it and vote for it? Would the law exist if we didn't listen to the 3rd parties of the law telling us the rules and conning us into giving our power (labour) away? Would the banks exist if men and women didn't go into the buildings and enter electronic digits into their computers? Of course not.

All the systems of the fictional world we bow down to appear to exist only because we put our time and energy into maintaining them, not because they have any substance. Can a bank walk or talk? Would a courthouse remain standing if no one carried out repairs? Can a law book give us fruit to eat or water to drink? In the world of creation we can find food and water. In the world of fiction we find only dead, destroyed remnants of creation, mutilated and manipulated to make a physical manifestation of an idea that has been invented out of thin air.

### THE KNOWLEDGE OF THE FICTION "ON OFFER"

The knowledge of the fiction "on offer" is all the knowledge that we are taught from the day we are created, by our already brainwashed parents, extended families, peers, educators and "rulers". The knowledge of the fiction has no substance and only appears to exist because of the effort we put into maintaining it. The knowledge of the fiction "on offer" are the fairytales that we believe in, starting with the Cinderella stories we read with our parents that train us to

believe in the invisible, that which is undetectable by our senses. We trust our parents so we accept their belief in that which lacks substance, just as we accept their authority over us.

This sets us up nicely for when we go to school where complete strangers (3rd parties) assume authority over us and feed us more invisible knowledge "on offer", as do more 3rd party strangers at university to the point where, by the time we finish our "education" (headucation), we readily accept 3rd party authority figures, be they bosses, politicians, private corporation obligations and enforcements, lawyers, judges, rules of law, statutes or policemen, and the knowledge "on offer" they espouse that comes out of fairy tale books for adults, despite the fact that none of this knowledge "on offer" can be seen, heard, felt, smelled, touched or tasted.

The characters in every fairytale become the familiarised 3rd party strangers we accept (con-tract) into our lives, 3rd parties we permit to act on our behalf as interlopers and intermeddlers in our private affairs, just as we enter the life of Harry Potter, experiencing everything that happens in his fictitious life to him and the characters around him.

We are instructed, trained and guided into inventing (imagining) out-of-thin-air an artificial mind/intellect/ego/persona for ourselves that does not exist and we use this invisible strawman to enter the fairytale of the fiction-fantasyland no different to a child entering the world of The Wizard Of Oz in his/her imagination, becoming the character that is part of the story. Brainwashing complete, we are ready to spend our lives in service to the fiction, maintaining it through our very real acts of labour and receiving nothing but more fiction in return.

Being trained to serve fiction also means we have been trained to destroy creation (including who we really are), as everything of fiction causes destruction to creation. The substance of creation is destroyed when it is sucked into the vortex that is the nothingness (no substance) that is the fiction that is the fairy tale known as The Western-World-Civilisation.

Those behind the scenes of the world of fiction who gain all the benefits of our slave-labour do not want us to realize we are slaving for nothing so they provide adult fairytales to keep us distracted and amused in a thousand and one ways. Were we to list them all, we would need many metres of paper so here are just a few; mathematics (sacred geometry), all read and write alphabet languages, all history recorded in any read and write alphabet language, rule of law, government, all private corporations, money, credit, debt, banking, religion, all courses and careers "on offer" at university, colleges and schools, New Age, ufo's, aliens, conspiracy theories, Hollywood, sport, the pub, home improvement, environmental issues, global warming, fine wines, vaccination, the stockmarket, fashion, channelling, crystal healing, art, theatre, car racing, football, gambling, current affairs, Hollywood, TV, radio, play-stations, sex, cooking food including macrobiotic cooking, fitness, animal welfare, charities and the internet.

The purpose of all these distractions (fairy-tales), besides keeping us enslaved to the fiction, are to ensure that we never, ever remember that we are creators, capable of creating whatever life we choose.

## RENTING THE KNOWLEDGE

All the fairytales of fiction are under copy-right to the inventor of fiction because, by copying (believing in) the fairytales we ensure the survival of the fiction. When we pay the fee to rent (believe in – to copy) the knowledge of the fairytale "on offer", we have already con-tracted with the copy-right holder and put ourselves under-their-standing (understanding).

By understanding the knowledge "on offer" we have entered (believe in) the fairytale "on offer" by the characters (the authorities) we look up to which leads us to accept the fairytale authority of the policeman who pulls us over, the fairytale state debt recovery office that sends the offer (the con-tract) in the mail to pay a fine (\$ charge), the fairytale lawyer we con-tract to act on behalf of our \$ charge, the fairytale police prosecutor who defends the \$ charge and the fairytale magistrate who looks down on us and delivers his verdict (his \$ charges). Like Alice in Wonderland at the Mad Hatters Tea Party, our invisible strawman characters stare in bewilderment as they are surrounded by unknown fairytale authority figures speaking a fairytale language they barely comprehend as it is decided what is to become of us. To avoid the insanity of the Mad Hatters Tea Party almost everyone accepts the con-tract (believers in the knowledge "on offer") and pays the \$ charge.

We have forgotten that we are creators but we still are creators creating our lives. The problem is, we spend all our time focused on the fiction (fairy-tales for our strawman) so that is what we keep re-creating. We are like projectors, projecting, or creating, the film that passes before our lenses. If the film consists of fictional fairytales based on the knowledge of the fiction "on offer" that is what we project and create. What we create bounces back to us so, while we are focusing on and creating a world of sickness, poverty, violence, hardship and chaos, that is what we experience. It is staggering to realise how much of our time is spent maintaining and recreating the fiction instead of being in the world of creation, creating acts of love that help creation roll along.

When we are fully conscious men and women, we cannot exist in the world of fiction because we are fully aware, at each moment, of the harm we are causing to ourselves, each other and the earth, so we can only create acts of love that benefit creation all of the time. Whatever is true, is conscious and living, does no harm, has substance and aids in creation rolling along. As soon as we stop creating acts of love, we have jumped out of the river of creation and started doing harm, which is causing the destruction of the earth.

## BELIEF IN KNOWLEDGE, MONEY AND THE STRAWMAN

So why are we still living lives of destruction when most of us are aware, at least to some degree, that our lifestyles are unsustainable? Because we believe in the knowledge "on offer" that teaches us to live like this and because we own those beliefs. Notice that the words "believe" and "belief" have the word "lie" in the middle. Most of us are also unwilling to give up our lifestyles", which is why we continue destroying the earth, turning a blind eye to the destruction caused by those around us in return for them turning a blind eye to our harm doing. There is an enormous unspoken agreement to continue our destructive lifestyles, all the while pretending we really care about what is happening to the earth and what will be left for our children and grandchildren.

When we "believe" fairytales that have no substance, we become the lie (be-the-lie-ve) because we create it. When we believe we have to get up five days a week and go to work in a job we don't really like, along with millions of others, in order to pay taxes, the bills, the mortgage and the car payments, as well as put food on the table, that is what we create. When we believe in the knowledge "on offer" that tells us that money exists, we give all our power away to the few who control it and give hours of slave labour in return for something that has no substance and does nothing to help creation roll along.

The money in our "possession" is the intellectual, proprietary knowledge of its inventor, the establishment, and, because the establishment is the copy-right holder of the idea (the fairytale) that we call "money", we have to pay a fee to use it (rent it). The government, rule of law, contracts and mortgages and, in fact, all of the world of fiction are based on belief in knowledge "on offer". It is all intellectual proprietary knowledge (fairytales) "on offer" for us to rent (act within the fairytale) that has no substance, are invisible and have nothing to do with truth or creation.

Whatever is brought forward as evidence (substance) of the existence of money (coins, notes, bills, bonds, promissory notes, legal tender, credit cards, electronic digits, statements etc) is in fact destroyed conscious-living life-forms of creation, inanimate or not, as in dead mountains, valleys, soil, minerals, rocks, trees, plants, lakes, rivers, streams and oceans. The money you are holding in your hand is intellectual proprietary knowledge (fairytales) "on offer" by the copy-right holder who is charging you a fee for renting (copying) their idea, if you accept their offer.

That's what money really is and the establishment royal families, their rules of law, their governments, all establishment private corporations and all 3rd party representatives of the establishment are operating as administration offices and officers of the copy-right holder, administering the strawman affairs (the rental fiction-fantasy business) of the copy-right holder. They are the appointed collection agencies (acting agents) of our slave labour. This is the only reason why they seem to appear as if they exist. There is no other reason for their existence. They are in the business of renting, managing and upholding the interests (the invisible fairytales) of the copyright holder and this is why they intercede as 3rd parties into our personal affairs.

We invite them into our private lives because we are in a STATE of belief in their knowledge "on offer", that being our strawman which is the sum total of all our beliefs in their (the copy-right holders) knowledge. This is why we pay interest for renting (copying - believing in) the ideas of the copyright holder of fiction, our STRAWMAN. By accepting the invitation that is their knowledge "on offer" our beliefs have us enter their fiction-fantasy world as their strawman and we are charged for acting the roll of strawman (as slaves) in their fairytale.

It is our invisible strawman that becomes the judge, the lawyer, the barrister, the politician, the nurse, the pharmacist, the advertiser, the economist, the accountant, the tax collector, the public servant, the bureaucrat, the journalist, the teacher, the historian, the sportsman/sportswoman, the analyst, the banker, the construction worker, the psychic, the occultist, the priest, the Christian, the believer in Buddha, Jesus, Mohamed, the Bible, the Torah, the Talmud, the Koran, the Gitas or Sai Baaaaaa Baaaaaaa. It is our invisible strawman that becomes the analyst, the academic, the professor, the expert, the believer in recessions, depressions, booms, capitalism, consumerism, materialism, globalism, socialism, money, interest, debt, credit, global warming, terrorism, aliens, ufo's or the sheriff.

It is the invisible strawman that eats cooked food or provides cooked food to poison others, becomes obese, drinks alcohol, gambles, steals, lies, cheats, deceives, abuses others, instigates, supports and condones mind-control, has sex (including homosexual sex) without the inspiration for creation of a child. It is our invisible strawman that acts as a paedophile predator of little boys and girls, who is into pornography and indulges in ritual sacrifice of children, adolescents, adults and animals and drinks their blood. It is the invisible strawman that manipulates others, takes

drugs and sells them to others. It is our strawman that listens to the advice and guidance of channelled beings (demons) from supposed other worlds/dimensions/planes etc.

Note: when you are looking at the establishment politicians, judges, magistrates, registrars, barristers, lawyers, priests, experts, academics, professors and big business representatives in all fields of endeavour including the media and banking, don't be surprised that you are looking at a sexual deviate, paedophile and ritual abuser/sacrificer of children, adolescents, adults and animals, including drinking their blood. It takes this level of depravity to become the warmongers and haters of MAN who manipulate all the chaos arising from the divide and rules of their knowledge in belief "on offer".

Conscious living MAN would never do harm to him/herself, others or the earth, so we can only behave like this when we take on the fairytale characters of our belief in the knowledge of fiction "on offer". Our beliefs in knowledge "on offer" are demons that possess us, overriding the conscious living men and women that we really are and turning us into unconscious zombies wreaking havoc, chaos and destruction with every move.

The members of the establishment are the cackling long-nosed black-magic witches and warlocks (those trained/initiated in TRUE FREEMASONRY - Divide And Rule), stirring their vast jet-black bubbling cauldrons of potions as they mutter their incantations (numbers, letters, words) and spells (we learn to spell to create our strawman that places us under their spell) that conjure up more and more demons of knowledge for our strawmen to believe in and base (focus) their lives on. The spells that are their read and write alphabet languages are the spells that bind us to the fiction throughout our schooling, with university courses completing the brainwashing that prepares us for enslavement to fiction. By the time we are released into the workforce, we have perfected our strawman Rambo and are convinced that the world of fiction is all there is.

We accept the constructs that are all the negative emotions from our past that we cling to and project into our future that bounce back to us here and now to control us, the anger, hatred, anxiety, depression, trauma, hopelessness, loneliness, unhappiness, despair, suicidal tendencies, insecurity, delusion, illusion, jealousy, ridicule, abuse, condemnation, righteousness, greed, selfishness, power, control, arrogance, ignorance, fear amongst so many others. All these emotions are demons that we load into our projectors and use to view our lives through, thereby creating more anger, hatred, loneliness, etc.

So familiarised have we become to our strawman characters that it feels abnormal to be out of character and so we perpetually recreate our strawman addictions by focusing on them. Cause we are all doing it we are creating the world according to our addictions. This is why anger fear hatred etc and Doing Harm is considered normal. This Mad Hatters Tea Party that is the Western World Civilisation is being constantly recreated by all of us. The constructs the establishment create cannot walk, talk or stand on their own, and if they cannot be experienced through the senses, they are causing destruction. Something is either creating for creation or causing destruction to creation – there is no middle ground.

#### WHERE'S THE SUBSTANCE?

If you challenge any judge, barrister, lawyer, politician, bureaucrat, public servant, big business bankster, executive, director, chairman etc to incontrovertibly prove they have "on offer" substance as an equal exchange in value with you, you will find they have absolutely nothing "on offer", as substance, which provides an equal exchange in value with you. Instead, all they have "on offer" are their beliefs in knowledge, which are copy-righted "intellectual proprietary knowledge" of the copy-right holder. That's all they got! They have absolutely nothing else to offer you. They are offering THE LIE for you to BE-LIE-VE in the knowledge they have "on offer". They are under-contract with the copy-right holder in both copying the idea of the inventor and in con-tracting others (you and us) to con-tract with the copy-right holder.

Banks offer you absolutely nothing while you offer your real blood and sweat labour, land and assets. There is no equal exchange in value (substance) and the establishment's rules of law/law courts, their governments/statutes, their mainstream media and all those contracted to these institutions and private corporations operate as an internationalised crime syndicate/terrorist organisation stripping the wealth of the men and women who have created it with their labour. All they can offer you is "intellectual proprietary knowledge" and destroyed creation, which is dead but there is no substance in the dead.

What are Woolworths, Coles, Wal-Mart or abattoirs offering if not dead food and dead things? What is the man from the water board offering when he puts fluoride and chlorine in your water? What are the doctors offering with their vaccinations? Or Big-Pharma and pharmacists with their drugs, military industrial complexes with their weapons, media moguls with their CNN or ABC, Monsanto with its genetically modified seeds, petrochemical companies with their fuel, Hollywood, TV soap operas,

play-stations/video games, toy makers pumping out mountains of plastic? The Federal, State and Local governments, which are private corporations in cooperation with other private corporations, now claim to own all the land with the "homeowners" being tenants upon the land.

What are they offering? What are elections for political parties offering? Why are 9/11, Bali Bombings, Iraq War, Iran War, middle east conflicts with Arab, Jew and Christian, collapsing banks and economies absorbing much of our waking time? What are they offering as an equal exchange in value (substance)? They are offering dead fiction for our dead strawman, part of our dead Western World Civilisation. That's all they are offering! The Establishment are sitting back in their comfy armchairs in front of their roaring fires, laughing as they slurp the cream of our labour. Just as in "Animal Farm" some are more equal than others.

Because we own our beliefs, using them to justify what we do and how we live, we place value on them and feel responsible for maintaining them. If we believe in the government that tells us we have to pay taxes to support it, we feel responsible for doing so and take it upon ourselves to write the check. In the same way, when we believe the establishment lie that we can own land, we maintain that belief by putting up fences and gates and "protecting" our land from anyone that might want to take it from us. What we fail to realise, is that our possession possess us. While we "own", we cannot be free. The land is not ours to own, it is for us to look after but we try to divide it and hang onto it and possess it, becoming divided ourselves as we fight over lots and plots.

Being possessed by our possessions keeps us trapped in our strawman and we find our freedom when we no longer claim ownership to beliefs that forms our invisible unconscious-living strawman. The sun does not try to keep its energy for itself but radiates with all its strength. If we tried to hold onto our last breath, our last meal or our last drink we would die and holding onto that which we believe we own (our strawman) is death to our consciousness because, while we are caught up "owning", we are not creating acts of love as conscious-living MAN that aids creation in rolling along. Instead we are Rambo destroying creation.

The knowledge that we believe in teaches us the con-structs of time, space, past, future, dimension and realm that also keep us feeling separate from one another. Only the apparition that is our strawman keeps us separated from each other and creation. This is how the establishment maintains power; by keeping us divided and bickering, we are easily ruled and easily persuaded to maintain the fiction of our strawman by giving it our energy. In the world of creation there is only the here and now, moment-by-moment; if you weren't here, here and now, you wouldn't exist. We (MAN) are creation and creation is us, here and now.

## CONSCIOUSNESS, TRUTH AND SUBSTANCE

The consciousness of our ancestors is our consciousness and the consciousness of our descendants. It is who we are (conscious-living MAN) and it is the substance of the living God of creation, available for all of us all the time. Conscious living MAN is the focused image of the living God and, along with all of creation, can be experienced with the senses of creation at all times. The living God does not hide behind the curtains of invisibility any more than loving parents would hide from their children. How would a young child feel if they were permanently separated from their parents who are hiding behind a curtain of invisibility? How would any created life-form of the living God feel if the living God permanently hid behind a curtain of invisibility?

There is no separation between the living God and the living God's creation, between the living God and conscious living MAN, between the substance of the living God and the substance that are the creations of the living God.

We need to ask ourselves if God is a living God or a dead God? If God is a living God, then everything of the living God is living but if God is a dead God, then everything of the dead God is dead. While everything created by the living God is instilled with the substance of the living God, everything created by the dead God is instilled with death (no substance of the living God). If you stacked all the books, documents, scrolls, papyri, files, electronic data etc of knowledge that exist on earth into one huge pile, including all law, history and holy books, would this artificial mountain create anything living for MAN and creation here and now as in air to breathe, water to drink, food to eat? Would this combined knowledge cause the sun to shine, birds to fly, bees to make pollen and honey, clouds to rain and rivers to run or life-forms to create their offspring? MAN being part of the living requires living air, water and food here and now otherwise living MAN is a dead Man here and now.

The truth is where the living God is and where there is no substance there is no living God. Wherever there is no living God of creation here and now there is only the dead God of fiction, that being the inventor of the strawman and the billions of acting strawmans under copy-right control (contract) with the copy-right holder. The copy-right holder (inventor) of the fiction is acting as the dead God of fiction. As the dead God of fiction has no substance and is invisible, we cannot experience the dead God of fiction with our senses, relying on 3rd parties to act as intermediaries between us (our strawman) and the dead God, claiming to represent and have the authority of the invisible dead God.

As we cannot see, hear, feel, taste, touch or smell the invisible dead God, we have to make a leap of faith and believe in the knowledge "on offer" (under contract) that tells us that the invisible dead God exists.

We have lost count of the number of Christs, Messiahs, Prophets and Chosen Ones there are out there, all claiming to represent God, but when we ask them for the conscious-living proof (substance) of their claim that they have been given the authority of the conscious-living God of creation to act on its behalf as its conscious-living representative (The Christ, The Messiah, The Israelites, The Chosen Ones, The Prophet, etc), none of them have ever been able to do so. All they have is their belief in the knowledge "on offer", none of which they brought with them when they were created as children. They have no substance to offer as an equal exchange in value.

We all need to challenge everything that we have been taught to believe in to bring forth its proof of substance that it is part of creation (The Living God). If it cannot provide any substance it is not of creation but is part of the dead world of fiction (fairytales). Any man or woman that ignores your request for proof of substance has none to offer as an equal exchange of value with you otherwise they could easily produce it. Would the living God of creation deceive you or trick you or lie to you by not providing you with an equal exchange in value? Of course not but a dead God would.

What does money do to aid creation in rolling along here and now? What does the Gold Standard do? What do any of the values of fiction that we put on the minerals of creation do? What about mathematics, read and write alphabet languages, governments, rule of law, judges, politicians, sheriffs, religions, private corporations, BHP, McDonalds, KFC, Citibank, channellings from the Pleiades, ufo's, aliens, aeroplanes, steel, tar, concrete, the past, the future, time, space, dimensions, planes, realms, levels, science, engineering, NASA, spaceships, Jesus, the Israelites, the Jews, Arabs and Buddhists, Illuminati, Zionists, Freemasons, Jesuits, Club of 300, Democrats, Republicans, Labour, Liberal, Royal Family, Pope, Lama, fashion, alcohol, renovating, etc, etc?

Do any of them have any substance? Do any of them do anything to help creation in rolling along here and now?

All they are offering, the men and women hiding behind their 3rd party fictional titles, is belief in the knowledge "on offer" of whichever fairytale they represent (which possesses them as the Demons they also offer up for your possession), as they themselves are under-the-standing of their belief in that fairytale "on offer". They and what they represent are dead and are all destroying creation here and now.

If the sun were to charge interest for everything it has provided earth the earth would no longer exist because the debt would have taken everything. Conscious-living creation always gives an equal exchange in value (substance). There is no debt in creation. Only a dead God and those who worship and administer the affairs of the dead God create and support debts. When you look at or shake the hand of a politician, judge, barrister, lawyer, banker or big business/media representative you are looking at someone who has anything but your best interests at heart. They are liars, deceivers, tricksters and con-artists operating as an undisclosed enemy.

WHO ARE YOU?

When we fall for a fairytale and base our lives on the knowledge it offers, we become a character in that fairytale and surround ourselves with other characters from the same fairytale. For example, when we become a Christian, we mix with other Christians, another Mad Hatters Tea Party. The problem is that, having exchanged who we really are for a fairytale character, we find it hard to distinguish government plants that are also playing character roles in our present fairytale. The establishment are outside the fairytale enclosures, watching from above, as if they were Gods.

From their overall viewpoint acting as master puppeteers pulling at the strings of belief of those who have become marionettes, under-their-standing, they can easily manipulate the fairytales to suit their agenda, trapping innocent men and women who can't see past the roles the plants are playing. The way to detect them is through their lack of ability to offer any substance as an equal exchange in value. If they are unable to, they are liars and deceivers, whether innocent or not. There are many "We Will Lead Every Revolution Against Us" representatives of the establishment peddling fairytales to keep us focused on the fiction rather than on our true antagonists, "The Establishment". The freedom & truth movement is full of them as is everything else "on offer in fiction-fantasyland.

The establishment ensures we are fed a cocktail of truth and lies. The Bible, for example, contains truths that many of us recognise, leading us to assume that everything in the Bible is true. This is a fatal mistake as the lies intermingled with the truths are what cause the destruction of creation and what create the enclosures that trap us. We call this the James Bond Syndrome; you want James inside the targeted compound to do his job of destroying it but you got to get him past the high security gates, so you hide James in the boot of the car to get him inside. Once in, you release him to wreck the joint. That is what lies mixed in with truths will do to anyone believing in the establishment knowledge "on offer". Truth does no harm while "the lies" (James Bond) cause all the damage. Religions, New Age and all its

walking talking leaders like Deepak Chopra, all channellings (no matter what), cosmic phenomena, science, ufo's, aliens, personal success motivators like Anthony Robbins, movies like The Secret and Zeitgeist, the Dalai Lama, David Icke, most conspiracy theories, freedom and truth websites and periodicals are James Bond in action.

Our belief in the fairytales of our choice and the characters we play within them are what offer us some sense of security in the chaotic world of fiction-fantasyland, which is why we cling tightly to them (the fairytales), sometimes to the point of being ready to die for them. Our fear at losing this sense of security has us become very arrogant as we insist that our fairytale is the correct one, and ignorant as we refuse to listen to another fairytale because we are frightened of what will happen if we have to give up our fairytale. This arrogance, ignorance and fear is what has us arguing and fighting amongst each other, easily divided and ruled by our determination not to give up our points of view that are based on our fairytales. We will never find a remedy while we are clinging to our points of view. The remedy only comes when we live as creators, creating acts of love, moment by moment, that aid creation in rolling along.

Becoming conscious again means letting go of our beliefs in knowledge and going back to who we intended to be before we were brainwashed by the knowledge "on offer" in fiction-fantasyland. We already have everything we need when we are conscious; we don't need books or dead technology bringing destruction. When we use the information of consciousness to create acts of love, here and now, moment by moment, we recreate the Garden of Eden as it was before we (MAN) fell.

What we are doing in our fairy tale lives is killing each other. We may not be physically attacking each other with knives and guns but we might as well be because the end result is the same. Our fairy tale lives are ensuring the death of those around us, even though we do it ever so nicely. As we lovingly cook food and render it toxic, enjoy our new car that spews noxious fumes into the atmosphere, obediently vote to maintain the power of the establishment, marvel over the convenience of our appliances that have caused the destruction of mountains, poison ourselves with alcohol and cigarettes and support one another's destructive habits, we are killing each other and killing the earth here and now.

We are killing each other with niceness; the pretty wrappers around toxic sweets full of MSG, Aspartame and white sugar, the "Lean Cuisines" that promise weight loss while filling our bodies with poison, the smiling bank commercials offering financial enslavement, the politicians kissing babies as they pass laws that are to our detriment, the 80,000+ poisons and chemicals saturating the planet which find their way into our lives, no matter which way we turn.

Worst of all are our nice judges, barristers, lawyers and politicians allowing the existence of big business private corporations like Monsanto (a fiction) to genetically modify seeds, destroying the livelihoods of ancient tribes and farmers all over the world. It is "The Law" of the establishment that determines what does exist and what does not exist in their fiction-fantasyland.

All the pain, suffering and disease we experience in the real world here and now is a reflection of the harm we are causing or supporting here and now, overseen by the establishment rule of law that ensures all this chaos will occur. When we stop causing destruction to the earth, we will stop experiencing the pain and suffering because we will be creating acts of love instead of acts of destruction and we will experience the love bouncing back to us rather than the destruction and the pain and suffering.

## THE CONSEQUENCES OF OUR ACTIONS

We (MAN the creator) are destroying the earth and there has to be a consequence. Just as our bodies create a fever, vomiting and diarrhoea to rid ourselves of the sickness caused by our personal abuse, so those of us that love the earth are creating a massive fever to bring cleansing to the earth. All the destructive energy we create daily through our acts of destruction gathers together and, when the pull is strong enough, that energy comes back for us to experience.

Almost 3,600 years ago, Planet X, or Nibiru, a vortex of energy working like a vacuum cleaner, was created and drawn to the earth by our (MANS) destruction, bringing with it a series of up to 4000 foot tidal waves, earthquakes appearing all over the planet, many in unexpected places going deep down into the earth's molten core, new lands rising while others sink, 300+mph storms, hurricanes, cyclones and tornados coming and going for weeks on end and volcanos spewing lava and dust into the atmosphere, blocking sunlight for many months to rid the earth of its destroyers. Those that drew it in were left to start again. Unfortunately, some did not return to consciousness and the cycle of destruction (worship of fiction) began again.

The establishment know all about Nibiru, which is why they are building so many underground bases in the belief they will survive the apocalypse. What they do not realise is that their destructive energy will draw the effects of Nibiru to

them wherever they are. What they have created will bounce back to them however deep within the earth or how far out in space they hide, willed on by those of us who want to be rid of them and their evil deeds for once and for all. Those who survive Nibiru will be those who truly love the earth and are prepared to put aside their own self interest in order to create acts of love that benefit creation all the time. They will be drawn to where they need to be to be protected. Nibiru has already started its journey towards us and is expected sometime between 2010 and 2014, most probably in 2012.

We are all responsible for Nibiru and we all have the opportunity to lessen its effects by stopping our destruction of creation. Every time we accept a bill through the mail, or an invitation to court, or drive a car, or buy some dead creation, or cut down some more trees, or cause the extinction of another animal of creation, we are adding to the power of Nibiru. While you are sitting in front of the TV or having a few beers at the pub, you are increasing the height of the tidal waves. Look at the destruction you are causing in your life and multiply that by 6 billion. This gives you some idea of the force that Nibiru will contain.

If creation is a wave made up of acts of love, fiction is a fabric made of dead creation. All those pieces of paper we use, all the fossil fuel we consume, all the animals we kill, all the forests we cut down, all the houses we build and all the cars we manufacture out of dead mountains, all the food we destroy by cooking it, and all the time we spend engaging with the systems of the fiction, including fighting for "freedom" in the courts, are all adding to the fabric of fiction and increasing the power of Nibiru, drawing it closer to earth. As the world economic collapse approaches, the courts will be full of hundreds of thousands of court cases as men and women fight to keep what they believe they own. All they are doing while they are wrapped up in their self-interest over their houses and land, is adding to the fiction, pouring their energy into it and bouncing more destructive energy to Nibiru.

While we spend our time focused on the fiction, ignoring creation, we continue creating the fiction, which is just what the establishment want even though they are ensuring their own destruction too. The way to lessen the severity of the effects of Nibiru is to spend all our waking time focusing on creation and ignoring the fiction. Without our energy, it will soon fade away.

#### THE REMEDY

We, the Cristian Family, are committed showing up the fiction in all its forms so we can all learn to recognise it and turn away from it. Most of us are dead, addicted to the dead fiction and so used to giving our power away that we have lost the ability to think for ourselves and follow our hearts. By bringing the light into the dungeons that are the enclosures of the establishment, we are showing them up for the traps they really are. When we can compare the darkness of the fiction with the light of creation, it becomes easy to distinguish between the two and our choice is clear.

Just as the Ringing Cedar Books <http://loveforlife.com.au/node/1125> are causing a little more destruction through their publication, so we have to continue using the tools of fiction to wake people up. We look forward to the day when we can stop using computers, telephones and any other parts of fiction we are using to get the message across. Instead conscious-living MAN will telepathically communicate and psychotelepathically move our bodies, or teleport from one place to another. We all have these abilities but have forgotten them. Remember we are told that we only use 10% of our brains? What do you think we will be capable of when we access the other 90%?

Disengaging ourselves from the fiction is a gradual process, albeit one that has to happen as soon as possible. The most important step is to stop focusing on the fiction and start focusing on acts of creation. The more we focus on acts of creation, the more we will create them. When we act in loving ways, we draw love back to ourselves. There is no remedy to be found in the fiction, only more destruction, so we need to stop wasting our time on it. There is no point focusing on just one aspect of the fiction and trying to change or get rid of it. This is not a case of one rotten apple on an otherwise healthy tree. The whole tree is rotten and needs to be chopped down before anymore harm is done.

We need to stop supporting the fairy tales of the establishment and create Do No Harm Communities (Kindoms) where each family has 1 hectare to take care of. We build each other's houses, establish each other's gardens and create community schools that help our children tap into the information of creation rather than stuffing them with the knowledge of fairytale fiction. There is no ownership and therefore no trust issue arising from the fear of having our possessions taken away from us. The great MAN of long ago demonstrated that we do not even own our bodies when he allowed his to be nailed upon the Roman cross.

When we all take full responsibility for taking care of those around us, we are taken care of. When we share the food we grow and others share the food they grow, we all have plenty to eat. When we take care of the natural world, there is clean water and pure air for us to drink and breathe. There is no other way out of the fiction. Praying for

Jesus (fiction) with Bible (fiction) in hand won't offer any protection when the establishment's soldiers are marching down the streets maintaining order while forcing everyone to line up for microchips.

These fiction-fantasy character roles our strawmen undertake were originally planned by the establishment to minimise all resistance against them creating their New World Order (One World Government, Law, Language, Education, Economy, etc, with a Microchipped Population). We have to realise that they only have power while we allow them to have power. Giving our power away only ever happens while we believe in their knowledge "on offer". Ask them for proof (substance) of their claim that they act on behalf of the living God of creation with authority from the living God that permits them to own everything including the planet – they will not be able to produce any.

Let them keep their fiction. With none of us to support it, it will not last long. In the meantime, we can start our communities. While the ideal is to have enough land to grow food, there is nothing to stop us reclaiming our towns, our cities, our lands, our water, our rivers, our mountains, our forests, our skies, our soil, our minerals, our everything and turning the planet into a green oases again. Get together, form real communities and let's get rid of the impostors.

Creating and living in united Do No Harm Communities (Kindoms) will be the only way to force them out. While we remain isolated from one another, we are easy pickings, present a united front and they have lost. Those living in Do No Harm Communities will be living lives of substance, co creating with the living God of creation that is creation and is all of us. The darkness has no power over the light. Death has no power over the living.

While the aim is to step out of the fiction entirely, we will have to use the fiction until such time as we are able to let go of it completely. This means using money to buy land and build eco-sustainable houses and buy trees and plants to create beautiful gardens. Of course, those who are inspired and realise they can't own anything will give what they "own" to community so all of us can be provided with all we need to have lives of freedom, joy and abundance.

When we are conscious we do not need money because we give freely without conditions. So, if I give you some apples because I have plenty, and you give me some pears because you have plenty, we are not "trading" or "exchanging" because that implies conditions. I give you the apples whether you give me the pears or not, because I have plenty to share. You give me pears whether I give you apples or not because you have plenty to share. When we all give freely, we all have plenty. Take care of love and love takes care of everything else. There is no need for trade or commerce or money. They are all fictions.

Only the living can provide for the living.

Only the conscious can provide for the conscious.

Only the conscious living God can provide for the conscious living.

MAN is the conscious-living God created in the focused image of the conscious-living God.

Fiona and Arthur Cristian And The Love For Life Campaign and Website

As we have chosen not to work in the fiction for the past two years (after being victims of bank fraud conducted by the establishments internationalised crime syndicate/terrorist organisation stealing the family home, business and cash-flow leaving us almost penniless and destitute caring for 4 young daughters) in order to have the time needed to

work everything out, we have been very hard up financially. Its been incredibly challenging to care for 4 kids and ourselves. The establishment's system is not about supporting freedom or those who seek it, particularly those determined to show the way to freedom for all. We are determined to stay on this path and we welcome support of any kind, whether it be financial, material, help to publish the booklet, land to set up the first Do No Harm community in Australia, or whatever help anyone has to offer. The establishment is determined to see us wilt away, too weak to continue on this path of getting rid of them. This doesn't live for us.

For 12 months we never bothered to check Love For Life website traffic statistics until late July 2008. We were in for a shock. We thought the website was receiving an average of 10,000 strikes per month. How wrong we were. Traffic to the Love for Life website is growing at a huge rate; in June 2008, it received 971,201 hits, July almost 1.1 million hits! We were amazed when we discovered this and thrilled that our information is reaching many more than we thought.

Originally from 10,000 to almost 1.1 million hits a month

Daily average of about 30,000 hits  
About 6000 pages are looked at daily  
6.3 million hits since August 2007

### Planet X - Message From Brian 9th September 2008

9th September 2008

Brian sent a message using the contact form at <http://loveforlife.com.au/contact>.

Hi

I am just curious to know after reading your article (very interesting thanks for the read) why we have not seen any evidence of this so called planet x. 2012 is four years away and if this planet has been travelling for the last how ever long should in not be very close to us now.

Should we not be seeing its exsistance right now even the amature astronomers?

So Al Gore is a puppet like the rest?

## Re: Planet X - Reply From Arthur Cristian 10th September 2008

10th September 2008

Hello Brian

Thank you for contacting us about Planet X. I write quickly on behalf of Fiona and I. Its late, I am very busy, am rushed and need to get some sleep but I feel I need to share these heartfelt feelings (insights) with you here and now. Apologies if this rushed reply comes across as being cryptic for you.

There is a lot of conjecture about Planet X as to what it really is. We feel that it is a vortex of energy created by MAN sucking up MANS negative energy (destruction to conscious-living creation) like a vacuum cleaner. We don't feel Planet X is a planet, instead we feel it is more like a swirling black hole that shows up like a brown dwarf star. Planet X is the depository of all intended thoughts, emotions, words and deeds created by MAN that do not bear the substance of conscious-living creation (acts of love).

As all that exist is conscious-living creation nothing can escape outside or inside of creation, therefore negativity has nowhere to hide, thus all fictions, fantasies, illusions, delusions (including all negative destructive emotions, thoughts, words and deeds) conjured up by MAN are magnetically energised, becoming drawn to each other as these negative energies (negative anti-love acts of MAN) swirl around each other to form this organised sucking black-hole vortex, no different to watching the creation of a category 5 hurricane unfold from the beginning.

Its just like individual toxins all ganging up together into one particular diseased location (organ, gland etc) within an abused body and from there they start to spread. While the black toxins collectively maintain organisation that benefits the existence of each other, the black organisation can grow and grow and grow, spreading throughout the diseased body of life but if you severely damage the individual links that binds the black organisation together the black organisation will collapse and die.

Think of every individual who represents the establishment as a negatively charged black toxin, each judge, lawyer, barrister, politician, public servant, bureaucrat, banker, private corporation representative, expert, academic, professor, educator, priest, law enforcement officer etc swirling around the negative black energies (unloving acts) of each other (like attracts like) to maintain the wellbeing of their highly toxic black organisation. While each black toxin continues performing its negative destructive anti-love acts upon conscious-living creation, together the dark-side are expanding and swirling the black hole vortex that is the establishment, the black organisation they are part of. If they didn't continue serving the best interests of their highly toxic black organisation (working for each other) the black organisation would fall apart and die.

In the same way negatively charged black toxins are attracted to each other to maintain their existence by maintaining their black organisation, Planet X is the culmination of each and every negatively charged black thought, emotion, word and deed created by MAN. Each one swirling around each other functioning like a massive orgy of negatively charged energy (category 5 hurricane) until the orgy has expended itself and the only way to do this is by MAN creating acts of love (Do No Harm Through Feelings, Thoughts, Words and Deeds) while ignoring/forgetting acts of no love (Doing Harm Through Feelings, Thoughts, Words, Deeds).

We feel that MAN is the creator of everything that happens to MAN "What Man Focuses On MAN Creates" and we also feel that everything MAN creates comes bouncing back to MAN in the image (projections) of MANS creation. Why? because all that exists is creation here and now and without MAN (us) feeling and thinking (creation) here and now (being here and now) creation would not exist here and now. Thus everything of creation is of MANS creation here and now and everything MAN creates is unable to escape from the body of creation that is MANS feelings and thoughts (consciousness). The common denominator of creation is MAN existing here and now. Without MAN existing here and now who is there to feel and think creation here and now????????? Without the conscious-living DNA that is conscious-living MAN maintaining the conscious-living links of MANS DNA here and now, how can MAN exist here and now????????? We feel that all of conscious-living MAN that ever was and ever will be is the conscious-living DNA (consciousness) of conscious-living MAN here and now. The consciousness of MANS ancestors is our consciousness and is the consciousness of our descendants.

We also feel that the space we look into in the night sky is the conscious-living body of the conscious-living God of creation, which is the conscious-living body of MAN (MANS Consciousness), which is the conscious-living body of all life-forms of creation, inanimate or not. Both outside and inside of MAN is MANS conscious-living body of creation. All the stars, galaxies, planets, asteroids, comets and sun we see outside of us are part of MANS conscious-living body no different to the individual conscious-living cells that form the creation of our conscious-living physical bodies inside us. In truth both the outside and the inside do not exist apart from each other because the outside and the inside IS the

conscious-living body (consciousness) of MAN. The outside and the inside is not apart (separated) from each other. Consciousness that is the living-God of creation, that is conscious-living MAN, that is all conscious-living life-forms of creation, inanimate or not, is not bound to time or space, past or future, is un-divide-able (dimensions, planes, levels, etc) and is without beginning or end.

Everything is bouncing back to MAN in the image (projection) of MANS creation, meaning that the universe moves (acts) according to the will (intent) of MANS feelings, thoughts, words and deeds. We feel that the universe is the body of MAN (consciousness) and that MAN is the body of the universe (consciousness), that there is no divide and rule (separation) between the consciousness of all of MAN that ever was and ever will be because without the consciousness that is MAN existing here and now to consciously feel and think creation here and now, both conscious-living MAN and conscious-living Creation would not exist here and now. This means that the past and the future do not exist and that all that exists is creation here and now, in the image of MANS projections bouncing back to MAN here and now. This means that Planet X is not random or part of some cyclic cosmic, galactic, solar occurrence. This means that MAN is not at the effect of the universe. This means that the universe is at the effect of MAN. This means that Planet X is created by MAN (us).

As nothing created by MAN can escape creation (outside or inside of MAN), keeping in mind that creation is all that exists here and now, everything MAN projects (creates) comes bouncing back to MAN because the universe (without MAN and within MAN) is the conscious-living body of MAN, IS THE CONSCIOUS-LIVING GOD OF CREATION. As already mentioned "Who is There To Feel And Think Creation If Conscious-Living Man Does Not Exist Here And Now to feel and think Creation"????? As you can see without MAN existing here and now there would be no creation as we (MAN) presently feel and think it.

Planet X is the con-sequence (the sequence of the con) of MANS creation. If you want to look around inside a pitch-black cave using a torch that shines only a black light you will not see anything. Only those whose torch shines a brilliant white light can see clearly inside such a dark cave, meaning, only those who are conscious can see Planet X coming and apply the remedy that stops them and their loved ones being affected by Planet X. Unfortunately most of MAN is presently lost to the fiction (lost inside the dark cave of fantasy, illusion and delusion) unable to see Planet X coming there way until it is too late. They are unconscious of what they are creating for themselves here and now. They are creating unconsciousness which is bouncing back to them in the image of their unconscious projections (creations). Lost deep in the black cave they will not be able to quickly move out of the way of the sudden on-coming bullet train appearing out of nowhere. The light of Planet X will appear to the lost but by then it will be too late. If everyone was in the light of consciousness there would be no creation of Planet X but while almost everyone is lost in the unconsciousness that is darkness (fiction-fantasyland) they are unable to see Planet X coming from 4 years away or even 1 year away. All their waking time is pre-occupied with shining a black light into a black cave unable to recognise (consciously feel) the light of truth (consciousness).

Can we wake them up before it is too late????

We are doing everything we possibly can to wake up (inspire) as many as we possibly can.

## THE CONSEQUENCES OF OUR ACTIONS

We (MAN the creator) are destroying the earth and there has to be a consequence. Just as our bodies create a fever, vomiting and diarrhoea to rid ourselves of the sickness caused by our personal abuse, so those of us that love the earth are creating a massive fever to bring cleansing to the earth. All the destructive energy we create daily through our acts of destruction gathers together and, when the pull is strong enough, that energy comes back for us to experience.

Almost 3,600 years ago, Planet X, or Nibiru, a vortex of energy working like a vacuum cleaner, was created and drawn to the earth by our (MANS) destruction, bringing with it a series of up to 4000 foot tidal waves, earthquakes appearing all over the planet, many in unexpected places going deep down into the earth's molten core, new lands rising while others sink, 300+mph storms, hurricanes, cyclones and tornados coming and going for weeks on end and volcanos spewing lava and dust into the atmosphere, blocking sunlight for many months to rid the earth of its destroyers. Those that drew it in were left to start again. Unfortunately, some did not return to consciousness and the cycle of destruction (worship of fiction) began again.

The establishment know all about Nibiru, which is why they are building so many underground bases in the belief they will survive the apocalypse. What they do not realise is that their destructive energy will draw the effects of Nibiru to them wherever they are. What they have created will bounce back to them however deep within the earth or how far out in space they hide, willed on by those of us who want to be rid of them and their evil deeds for once and for all. Those who survive Nibiru will be those who truly love the earth and are prepared to put aside their own self interest in order to create acts of love that benefit creation all the time. They will be drawn to where they need to be to be protected. Nibiru has already started its journey towards us and is expected sometime between 2010 and 2014, most probably in 2012.

We are all responsible for Nibiru and we all have the opportunity to lessen its effects by stopping our destruction of creation. More information to share with you cut & pasted from recent email correspondence.....

Our Love For Life work was created as a result of us personally experiencing bank fraud involving a crime syndicate/terrorist organisation of judges, barristers, lawyers, politicians, media moguls, big business representatives, banksters etc who stole everything we owned, everything we worked so very hard to create from scratch, including the family home, businesses, (total \$1.5 million), cash flow etc leaving us almost penniless and destitute caring for 4 very young daughters. We went outside the square to find the remedies to deal with our circumstances, not realising that we were in fact expanding consciousness over the past 3 years or so. The Love For Life website [www.loveforlife.com.au](http://www.loveforlife.com.au) explains our story in detail.

The Love For Life Website now receives over 1.1 million strikes per month and over 7000 pages per day are being looked at - see last printout 22nd July

2008: <http://loveforlife.com.au/files/22nd%20July%202008%20Latest%20Website%20...>

If the traffic continues increasing at its current speed, the strikes will hit 2 million per month within a few months from now.

The living universe is the consciousness of the living God which is the consciousness of the living MAN, which is the consciousness of every man, woman and child, which is the consciousness of all living things, inanimate or not. Consciousness does not have a beginning or an end or a past or a future. Consciousness, is un-dividable, un-dissectable and is not bound to time or space or dimensions or planes or levels etc.

To gather all power unto himself, the idiot priest-man of Ancient Egypt, roughly 10,000 years ago, who we call SATAN, invented out of thin-air Sacred-Geometry/Mathematics (The Compass - The Square - The Ruler - The Angle - The Circle etc) as tools to Divide And Rule MAN.

To divide (separate) each man, woman and child from each other and creation (consciousness) by providing Intellectual Proprietary Knowledge "On Offer" (all invented out of thin-air - all are fairytales - all are unable to create the substance of life) for men, women and children To BELIEVE IN and, in doing so, cause separation from the consciousness of the living God.

To rule Man by providing the order (relief/remedies) out of the chaos caused by the divide.

MAN is the creator "We Create What We Focus On" - Just like putting petrol in a car to drive it, The Establishment fills us up with their Intellectual Proprietary Knowledge "On Offer" (petrol) and then trains us to BELIEVE IN their knowledge and, as we are the drivers (creators) of our cars (lives), WE CREATE WHAT WE FOCUS ON. We are talking about brilliant mind-control here. You can see why they want to get at all of us so very early in life, drag us all off to their education (headucation) for life-time divide and rule brainwashing.

Satan, the Ancient Egyptian founding father developed the secret PRACTICED CRAFT-work of FREEMASONRY (Divide & Rule). He trained his son, who trained his grandson and, ever since, Satan's children (The Establishment blood-line families) have carried on Satan's plan and they (The Establishment) have benefited from Satan's Legacy. This garbage has been going on for 10,000 years (using their con-structs of time and space).

Using his invention out of thin air Sacred Geometry/Mathematics, Satan forged a jet-black cauldron and filled it with bubbling numbers, letters and words (all invented out of thin air). This became the basis of all recorded history (his-story). Those initiated into true freemasonry become the long nosed cackling witches and warlocks casting spells (learning to spell to be under the spell). All read and write alphabet languages (including hieroglyphics) were crafted out of sacred geometry/mathematics. Both Sacred Geometry/Mathematics and All Read And Write Alphabet Languages/hieroglyphics are BLACK MAGIC. They are all con-structs invented out of thin air. They do not bear the substance of the conscious-living God of creation (consciousness) nor are they able to create the substance either. The bubbling cauldron is used to form an artificial fiction-fantasy 2nd level of creation, a carbon-copy image of creation, an unconscious non-living DEAD Shadow of creation, a Dead space without love. This is why The Establishment calls their artificial education UNIVERSITY. Going to University is studying one of the practiced craft works of Satan's Divide And Rule courses/careers that were invented in the jet-black Divide & Rule cauldron (The All Seeing Eye) of True Freemasonry.

Believing in Intellectual Proprietary Knowledge "On Offer" allows the con-structs of Divide and Rule to slip in undetected (SOPHISTRY). This is how the conscious-living tribes of MAN were gradually destroyed.

All read and write alphabet language recorded history exists ONLY to Divide And Rule Conscious-Living MAN.

What you stated here "As with anything in the physical universe, things have a Beginning, go through a period of Change (growth followed by decay) and come to an End. Early belief systems named their three main gods for these three phenomena." can only be in reference to the FICTION. ONLY THE FICTION (Fairy-Tales) can go through changes of decay and come to an end because fiction has no substance (consciousness) and was already dead before it even started.

Consciousness (creation-substance-the living God) does not go through a period of change (growth followed by decay - ORDER OUT OF THE CHAOS) because it is GOD.

Creation (consciousness) does not shrink and die; instead every life-form of creation offers freely the information of its creation (consciousness) to support the expansion of consciousness (substance) of all other life-forms of creation.

ITS A TEAM EFFORT CO-CREATING CREATION

MAN does not own consciousness and consciousness does not own MAN.

God does not own MAN and MAN does not own God.

There is no need for order out of the chaos (decay) with the conscious-living because there is nothing wrong (dead) that needs fixing... all of creation is living, is conscious and does no harm through feelings, thoughts, words or deeds. Only the fiction experiences chaos. But how would the dead consciously know they are in a dead-state of chaos (in a state of unconsciousness)???? They can't consciously know because they're in a dead-state. Hence, "There is no turning the clock back. What we have is headed towards self-destruction, non stop. As with anything in the physical universe, things have a Beginning, go through a period of Change (growth followed by decay) and come to an End. Early belief systems named their three main gods for these three phenomena."

So how much longer do you all intend living in fiction-fantasyland?

Is the Yellow Brick road made of substance offering substance for those who tread its path?????

Life requires the ongoing creation of the substance of life to have life. What has no substance of life has nothing to offer the substance of life. The living air has substance, as does living water, living food, living creatures, living land

etc. The substance of the living (MAN) benefits from the substance of the living water, air, food, land etc but what benefit is there for living MAN when he/she is offered NO SUBSTANCE (fairytales)???

Why do we want to spend our time debating over something like money, taxes, government, law etc that have no substance????

Can we eat, breathe or drink money???

Can we eat, breathe or drink taxes????

Can we eat, breathe or drink government???

Can we eat, drink or breathe courts of law/rules/of law???

Can we eat, drink or breathe a private corporation???

Is it not better to be using our waking time creating substance that benefits creation (living man & living earth) here and now???

Without substance we are nothing. Everything else is a waste of time. If we don't create substance we ain't got no substance to share with others who are part of the substance of life. Why do you think the world is the way it is today???? The living earth and the living MAN is dying because it is being deprived of the living substance of life. It is dying due to men and women wasting all their waking time on the fiction that has no substance. And so they have absolutely nothing to offer the substance of living MAN and living Earth because they are not creating any living substance.

Being lost in fairytales (intellectual proprietary knowledge "on offer" under-the-stranding of the copy-right holder/inventor of such knowledge) offers no substance for living MAN & living Earth and is the ONLY reason why MAN and Earth is being destroyed everywhere.

Who is creating the substance when almost everyone is lost to the fiction (fairytales)????

Creation (the substance of all life) is all about an equal exchange in value (substance). Without an equal exchange in substance (value) occurring there would be no creation here and now. What would happen to the earth if the sun decided to charge the earth interest (no substance) for what it has provided the Earth. The Earth would never be able to pay off the debt even after being totally consumed by the sun as part of the debt repayment.

Can you see how everything goes wrong when no equal exchange in substance (value) is occurring (being created here and now)????

An equal exchange in substance is about being TEAM-PLAYERS CO-CREATING THE SUBSTANCE OF LIFE HERE AND NOW, without beginning or end. Look into the clear night sky or under the sea or in a forest for incontrovertible evidence of team players providing an equal exchange in substance for the benefit of all of life. Yet most of living MAN has stopped creating the substance of life, too busy being distracted/preoccupied with fairytales that in themselves have no substance, offer no substance and therefore are the reason why conscious-living MAN and Earth is dying off very quickly.

The belief in Money (your belief in money or taxes) does not provide an equal exchange in substance with the substance of creation (living earth) which continues to provide you with its creation of substance of life to maintain the substance of your life. While you believe in money and taxes you support the destruction to the substance of the living earth (mountains, hills, plains, valleys, soil, rocks, minerals, plants, trees, creatures, streams, rivers, oceans etc) which provides you with the substance you need for your life to exist here and now.

Show me the incontrovertible evidence where your belief in money, banking, taxes, government etc (all fairytales) creates the substance of life providing an equal exchange in substance/value with the substance of all of living Man and the substance of living Earth here and now?????

If you can't then why are you determined to continue destroying both the substance of living MAN and the substance of the living earth????? Because that is exactly what you are all doing here and now.

Just whose side are you on????

Some of our recent documents posted to the love for life website regarding this subject are now receiving tens of thousands of unique strikes per day. Millions are thirsting for the truth and we provide water (truth) for free, without conditions attached, so they can drink as much as they need, whenever they need to. We are soon to post a new article "The Substance" to the love for life website. In the meantime learn how to wake up out of fiction-fantasyland here:

In expanding consciousness (truth) we have moved many miles past the lawful/legal information of freeman on the land including Admiralty Law. We explain the true nature of law, money, government, private corporations, fiction, health etc and we offer remedies to help everyone step out of the fiction that is presently destroying MAN, nature, earth and conscious-living creation.

As part of the remedy the community (tribe) being co-created with others is called Kindom...

**Re: The Way - What A Wonderful And Thoughtful Article**

What a wonderful and thoughtful article.

Thanks for forwarding this to me!

A truly enjoyable read for me as it contains ideas that I too have been looking into lately!

I shall re-read this again at a future time .... as it contains a lot of information about our role in Creation and how to fully live our Truth!

Blessings,

Good luck with it all.

Can't say that I fully understand your article.

It seems to be having a go at absolutely everyone including some of the teachers who have helped me be able to understand some of what you are saying!

Re: The Way - It seems to be having a go at absolutely everyone

Hello Danny

Thank you very much for your donation - it is very gratefully received.

Re. your comment -

We live in a world of extreme political correctness; a man touches a child and he is labelled a paedophile, a man looks at a woman crossing the street and he is a pervert, a woman is a sexual object, men are dumb sex-starved idiots and the elderly are interfering old fools who have nothing to offer, etc, etc.

People are paralysed with fear for saying or doing the wrong thing and yet this allows for an incredible amount of abuse to prosper as no one dares to stand up for what is right, for fear of being labelled and ostracized. This all creates the atmosphere of distrust and fear that exists between us all. The truth is clear for all to see that we live in a world of chaos all of our own doing, with most of us doing nothing to stop it.

We say this because this climate has made people very sensitive to what they perceive to be criticism. The criticism acts like venetian blinds closing the sun-light of truth and love from entering into ones life, thus we are in the darkness of the chaos of our own making that divides us from each other, that has us bicker with each other, that has us kill each other including ourselves, our loved ones and the earth.

When we say that teachers are brainwashing our children, it is true, but we are not meaning to imply that they are intentionally causing harm to our children - they have just been so brainwashed themselves that they do not know what they are setting our children up for.

Our two eldest children go to a public primary school. They both have very "nice" teachers, by which we mean, good people who do the best they can with what they know and have our children's best interests at heart. However, in the light of what we have uncovered, they are setting our children up to accept a stranger as an authority figure and do as he/she says.

If you think this through, it is very frightening. Our children are not being shown how to trust their instincts and work things out for themselves using the information of creation. They are being taught to accept the knowledge on offer and are rewarded if they do, penalised if they do not.

This is why we are determined to share the remedy to the problem. We do not want our children growing to continue this destructive pattern. If you have not already done so we highly recommend reading all the brilliant Russian books "The Ringing Cedars" <http://www.loveforlife.com.au/node/1125> and many of our posted edited/unedited documents here: <http://loveforlife.com.au/node/3385>

Arthur you would save yourself a lot of grief not to mention writers cramp, if you and your tribe took up 'Transcendental Meditation' as taught by 'Maharishi Mahesh Yogi'.

Could you please make your articles a little more succinct, I'de hate to think I missed something by dozing off between lines three to four hundred.

### Hello Simon: TM And The "Maharishi Mahesh Yogi" - The Way

Hello Simon

Thank you for contacting us.

Please bring forward incontrovertible proof/evidence/substance of your/his "Maharishi Mahesh Yogi" claim that "Maharishi Mahesh Yogi" has been provided with written (or otherwise) authority (substance) of the conscious-living God of creation to ACT on behalf of the conscious-living God of creation as its "official" EXCLUSIVE representative ?

Until this incontrovertible evidence (substance) is brought forward we are not interested in being anyones sheep nor shepherd, no one's teacher or pupil. Instead we follow the path of Doing No Harm through feelings, thoughts, words or deeds.

What has transcendental meditation done to resolve the problems facing us all as we spiral towards obliteration at an ever increasing pace? What has transcendental meditation done for you with your sarcasm, ridicule and passive aggressiveness?

As the motto of Kindom States...

Welcome To KINDOM

A Do No Harm Community Of Conscious Creators

Truly Free - No Beliefs - No Ownership

No Ones Sheep Nor Shepherd

We look forward to receiving the evidence (the substance) of the conscious-living God of creation that backs up your and "Maharishi Mahesh Yogi" claim that "Maharishi Mahesh Yogi" has been provided with "EXCLUSIVE RIGHTS" (authority) to the substance of the conscious-living God of creation allowing "Maharishi Mahesh Yogi" to ACT as the "official authorised representative" of the conscious-living God of creation.

We make the articles as brief as we can but there is a lot of information to share and, for many, the subjects we discuss are new. Therefore, we try to explain things as clearly as possible.

By the way, most of the articles we write are by both of us; why do you always ignore Fiona when you email us as you have done so on at least two other occasions?

**Re: TM And The "Maharishi Mahesh Yogi"**

Mate you ask me to provide you with incontrovertible proof on the validity of T.M. well that's not an unreasonable request, although I don't feel quite up to it right now. What I will do is forward to you any links I find or know of. I'm not a teacher of T.M. or a specialist in any aspect of their knowledge, I just know what works for me and has for the past thirty five years. What worries me greatly is that on this ship of fools we call a state, there are a considerable number of extreme egoists, who armed with a micro thin slice of knowledge on the reality of life. Reject anyone who offers them an enhanced perception of reality, and prefer to wallow in the superficiality of their own insights.

This may have been acceptable in another time if 'ever' today however the imperative is adapt or die, there is no longer any place to hide. Either extreme egoists exercising their territorial imperative on marginal land adapt, or most of them and us will die. Just for the record T.M. is what I would call 'Pure' knowledge, uncontaminated by shallow egoists seeking some non existent 'Utopia'. Arthur if you want the best of all possibilities for your beautiful children, then introduce them to the knowledge offered by the T.M. program. Courses are available for all ages from toddlers to teens and up. As I'm given to understand there are many individuals and families in the T.M. movement who would share your goal of an enlightened village or town. So acquiring the knowledge would put you in touch with many like minded individuals.

**Re: The Way**

You are apparently under the delusion that certain of the frauds being undertaken by the "christians" on this planet that their version of history is "gospel".

We, Origine peoples have lived lives of truth, freedom, joy, abundance and, most of all, INTEGRITY, PRIOR to the introduction of "christianity" and its' accompanying perverted self-worth, into Our Sovereign lands. this did not cease until the last two hundred years.

Prior to the coming into Our Sovereign lands of the Anglo-Saxon Christian thieves and thugs, we had no want, we had no poverty and we had no need for any "return to integrity" - as that was how we lived - despite the apparent void of "christ" being absent from "our lives".

It is well about time that "Christians realize they are but on group of devotees to a scam being pulled by the likes of the illuminati and other scum.

please save your preaching for the ignorant and unformed as you will not influence people such as myself who know the "true" truth.

Thanx A&F,  
This is just BRILLIANT STUFF!!!!

I have been familiar with the legal fiction info for years now, from Dave Butterfield and a few others, but you take it a step....NO many steps further!!!

IT IS TOO BAD most will defend their right to their fictions/addictions, and dis-funk-tional identities (or strawmen) to the DEATH!!!

Anyone who simply ignores, or harshly criticizes these revelations, is probably too far gone down the "Yellow Brick Road" in their fantasy-land belief systems.

I will be forwarding a donation in the next few weeks, as the value you have created, for me, in these words, is worth the same back to you. If we all do just a little to help, in the common goal, the job becomes easier for all of us!

STAY FOCUSED!!!!

Blessings.....nick

### Your 'Ministry'

You are the purveyors of evil. You say that one must have no belief nor faith. That is PERFECT! Satan wants that more than ANYTHING!

Because he can now gather his 'flock' as it is easy pickings, he is the master deceiver and I resent you people perpetuating the Hinduistic beliefs of your snake god. Praise the Lord for Jesus Christ is king!

### Reply To Gary, Re Your Ministry - From Arthur Cristian

Hi Gary

We empathise with you. We can feel why you have said what you have said. However, you are terribly mistaken as to where you presently think we are coming from/where we are at.

It appears you have not yet been studying (feeling) our work. If you do and have a conscience, you will feel remorse with what you have stated about us and will go about cleaning up your act real fast.

Please find the incontrovertible evidence to back up your claims and post here for all to see.... i.e, "Your Ministry", "Hinduistic beliefs of your snake god", "purveyors of evil", "easy pickings"... And remember there are many parts involved in the building of a house. Be sure you know the whole house before you start scrutinising our work.

Please spend some time studying our work and you will come to see that we are not saying what you think we are! Your "faith" as a Christian has made you have a knee-jerk reaction because of your associations with words such as "faith" and "belief".

Before you write us off, make sure you fully comprehend what we are saying.

Have a read of these recent postings listed further down..... particularly this brief unedited overview: All Read Write Alphabet Languages Are Crafted Out Of Black-Magic by Arthur Cristian: 13th December 2008: <http://www.loveforlife.com.au/node/6104#comment-902>

Arthur quickly mocked up some information (cut and pasted from many emails here and there) to explain briefly who we are, what happened to us and where we are now heading. Apologies if it is a bit messy and repetitive.

We have a website called Love For Life [www.loveforlife.com.au](http://www.loveforlife.com.au) which now receives 1.5 million strikes per month. Please scroll down the front page of the website to view statistical graphs.

Briefly About Love For Life

Our Love For Life work was created as a result of us personally experiencing bank fraud Nov 2005 involving a crime syndicate/terrorist organisation (The Establishment Of True Freemasonry) of judges, barristers, lawyers, politicians, media moguls, big business representatives, banksters etc who stole everything we owned, everything we worked so very hard to create from scratch, including the family home <http://www.3053.worldstays.com/photogallery.php> and two businesses (total \$1.5 million), leaving us with no cash flow, bank accounts, credit cards etc, leaving us almost penniless and destitute for 2 years caring for 4 very young daughters. At the time we were lambs to the slaughter. (Not Anymore).

After coming across many hundreds of other horrific bank-fraud court cases involving families with unloseable court cases who nevertheless lost, we dropped our lawyers, became self-litigants, set up the Love For Life Website Dec 2006 and went right outside the square to find the remedies to deal with our circumstances, not realising that we were in fact expanding consciousness. We are committed to going wherever the truth is. This determination changed our lives almost completely because we learnt not to argue over opinions and points of view.

Wherever the truth is where we want to be because the truth will never do harm to MAN, Earth or Nature.

With the website up and running, thousands of other Australian, American, Canadian, New Zealand, UK family stories started pouring in revealing the presence of an internationalised crime syndicate/terrorist organisation and how their dirty deeds were being protected (a wall of silence) from the public eye by main-stream media, politicians and big-business representatives, all tied to this despicable network. We made a life-time commitment to getting rid of this crime syndicate that seems hell-bent on stealing and trading the fruits of labour of all families and decimating them in the process.

Today, Love For Life maybe the first freedom/truth website that is not compromised or in collusion with this globalist crime syndicate (The "We Will Lead Every Revolution Against Us" lackeys), breaking through barriers into the main-stream, reaching millions of sheeple completely oblivious to what is really going on all around them due to the mind-control tactics used to keep them brainwashed and docile.

Today, the remedies found within the heartfelt information we share freely (see our documents listed below in this colour) heals all the damage done to MAN, Earth and Nature as well as dismantling this internationalised crime syndicate.

#### Advertisers

These days we are regularly asked by large companies to advertise their wares but in all occasions thus far we say no because we have a strong Do No Harm to MAN, Earth, Nature message. Those being advertised are provided for free without a fee (no contract or conditions). We support men and women who have a genuine commitment to Do No Harm, are driven by Love and true freedom for all. They are not driven by greed, selfishness, consumerism, capitalism, commercialism, religion, cults, sects or money for the sake of money.

#### Outside The Square

We have been outside the square gathering heartfelt information (insights) about fiction and creation for the past 3 years or so. All this research work is now coming to an end. We are soon to post our last article about fiction and creation to the Love For Life website and then focusing on completing a booklet within a few months time. We are now exploring all the options of creating videos, music, w/shops, DVD's etc to inspire as many as can be inspired to create Kindom (the remedy to our problems in fiction). Financially poor as we still are we are still contemplating on the idea of creating an a e-commerce shop in the website to distribute DVD's, products and services etc.

#### Remedy

The remedy to all our problems can only ever be found where MAN was before MAN fell from creation.

No remedy to resolve MANS woes can ever be found during MANS state of falling.

These heartfelt insights are the foundations of creating MANS Kindom. They clearly show how MAN can simply step out of the fiction back to creation. During our journey of rediscovery we learnt to never let arrogance, ignorance or fear get in the way because this axis of evil ways will always take us away from truth. As we are determined to be where truth is we willingly let go of everything that holds us back from rediscovering (being with) truth.

#### KINDOM

As part of a team effort with those fully awakened to what is really going on, back in January 2008: <http://www.loveforlife.com.au/node/3386> we were warning everyone that it was time to get out, sell everything and use the fictional fiat \$\$\$\$ to step out of the fiction (civilisation) by co-creating Kindoms with each other.

Co-creating Kindoms with each other is the remedy that allows us all to step out of the insanity of civilisation. We have written much on this subject. We have put some of these articles into a sequential order below for those who want to study the work that is our living dream. There is intentional repetition in this work to assist in the true awakening to consciousness of Kindom, The Love For Life Living Dream Of Do No Harm Community.

## Our Living Dream

As for land, we have finally created our dream (see: The Ten Steps (Not Commandments) Of Kindom by Arthur & Fiona Cristian - Love For Life 23rd October 2008: <http://loveforlife.com.au/node/5788> ) and are now networking with others to find those who have a similar dream to ours and in doing so, together, co-create the Kindom (includes finding the land) in the Southern Highlands. We have people come and stay with us from time to time and there are many others keen on creating Kindom who live in Sydney, in the Southern Highlands, around Australia and from many other parts of earth. If you are interested in our work including the creation of a Do No Harm Kindom (Community) in the Southern Highlands outside Sydney Australia, living/raw food diet, permaculture/no dig gardening, building eco-sustainable homes, etc, please visit the Love For Life Website: <http://www.loveforlife.com.au> or contact us.

## FIONA AND ARTHUR CRISTIAN, THE LOVE FOR LIFE WEBSITE AND MAILING LIST

### LOVE FOR LIFE MAILING LIST

There is also a Love For Life mailing list you can register, to keep you up to date with our latest news and postings, see: <http://lists.loveforlife.com.au/cgi-bin/mailman/listinfo/campaign> The mailing list now has 4250 registrations reaching over 150 thousand readers globally (some are mailing lists, websites, forums and other networks). An average of two postings per month to the mailing list occurs.

When emails are sent to love for life including cc's they automatically get registered to the mailing list. We do this as we are unable to reply to everyone. So we reply to everyone by sending a mass mailer twice a month. We now receive over 300 emails per day and there are almost 5000 registrations to the mailing list. Its best to not send emails to love for life using to or cc, but instead use bcc. Please tell others this as well. Almost everyone wants to include love for life in their circulating emails to get the info posted to the website. Nearly everyone wants to be kept up to date with our work (kindom). As stated we usually only send 2 emails per month.

### SUPPORTING THE LIVING DREAM OF KINDOM AND THE CRISTIAN FAMILY

We earn no money doing this work (Arthur has put in up to 16 hours per day almost every day for the past 2 years or so) because we are unwilling to charge for the acts of love we create for the benefit of others. We subsist on the fictional \$1200.00 per fortnight Fiona receives from her Strawman Government account (bond) disguised as Centerlink Parenting Payments. Without the acts of love (financial support) we receive from those who feel they have received a true benefit from our work and who feel inspired to provide an equal exchange in value with us we would not be able to continue creating this work. This support is as important as our next breath of air.

As we have chosen not to work in the fiction for the past two years in order to have the time needed to work everything out, we have been very hard up financially. Its been incredibly challenging to care for 4 kids and ourselves.

The establishment's system is not about supporting freedom or those who seek it, particularly those determined to show the way to freedom for all. We are determined to stay on this path and we welcome support of any kind, whether it be financial, material, help to publish the booklet, land to set up the first Do No Harm community in Australia, or whatever help anyone has to offer. The establishment is determined to see us wilt away, too weak to continue on this path of getting rid of them. This doesn't live for us.

Learning About Our Remedy

Our work is based on helping others to learn the distinction between the information that is creation (consciousness) and the knowledge that is fiction (unconsciousness) so they can become fully conscious of the harm they are doing to themselves, to others, to nature and to the earth. To stop harm from happening anymore means becoming conscious of all the harm we are presently causing while in a state of unconsciousness. For those who want to live in a world of doing no harm our work will greatly support them in achieving this.

#### The Intent Behind The Love For Life Website Is Part Of The Remedy

The Love For Life Website was designed to act as a huge garden with thousands of different types of flowers blooming all year round to attract first-time browsers (bees) browsing around from the distance. Via a Google, Yahoo or other search engine, the bee zooms in to one particular flower (document) posted in the Love For Life Website, and while there, notices that there are thousands of other different flowers to explore. (Resources). Love For Life regularly has a 1st page ranking with Google. This is due to a combination of things; partly how the website was designed (by a brilliant man), partly the diverse information of high calibre that we post, and partly because we have the advantage of being highly monitored which means that the stuff we post is picked up in minutes. The Establishment controls Google as part of the Echelon / Big Brother. For more about this read the first few sections of this posting "What Are We Waiting For? By Fiona And Arthur Cristian 25th July 2008: <http://www.loveforlife.com.au/node/5147> "

Some if not most of the first-time browsers start exploring this wondrous huge garden and keep coming back almost every day. Curiosity has gotten the better of them and while rummaging around they come across the personal documents we have posted and other information that is based on Remedy, which is our focus, our dream and our goal. If we did not do this, the website would only be getting a few hundred/few thousand strikes per month, if that, instead of the current 1.3 million strikes per month. We do not always agree with the information posted but we support freedom of thought, speech and information, provided it does not promote sex, drugs, violence, foul language, discrimination of any kind etc. This is how we are managing to break through to main-stream where the brainwashed sheeple reside.

How many pure and sincere freedom/truth websites have this sort of exposure (traffic)? All prominent freedom-truth websites with huge traffic like [rense.com](http://www.rense.com), [infowars.com](http://www.infowars.com), [davidicke.com](http://www.davidicke.com), [coasttocoastam.com](http://www.coasttocoastam.com) etc are the "We Will Lead Every Revolution Against Us" Establishment/True-Freemasonry websites to keep the sheeple trapped in one enclosure or another. Why? So they do not awaken to the Remedy that is found in all the brilliant Ringing Cedars Books and in our personal postings found in the Love For Life website.

#### About Kindom In The Southern Highlands

We currently represent a very loose network of Australians and other nationalities from around the globe, although we are not an official "organisation", committed to creating Do No Harm Communities (KINDOMS), all of us seeing community living as the answer to the difficulties most of us face in day to day life. We seek support for the creation of the first Do No Harm Community in the Western World which will serve as an example for other communities to follow in their own unique way. We already have around 200 people interested in being part of the first community which we call Kindom.

We have provided links below to documents we have posted to the Love For Life Website [www.loveforlife.com.au](http://www.loveforlife.com.au) which explain our insights, directions/focus and reason. We are not into religion or politics or cults nor are we involved in New Age or esoterics or occults etc, instead we are conscious creators creating Kindom (Do No Harm Communities).

Welcome To KINDOM  
A Do No Harm Community Of Conscious Creators  
Truly Free - No Beliefs - No Ownership  
No Ones Sheep Nor Shepherd

Some more information about what we are doing as Remedy.

#### Creation Of Kindom

1. What is the problem this project or idea would aim to solve?

This project will reduce people's reliance on the state, allowing them to become self sufficient and no longer needing financial support. This project will also improve peoples health, both physical and mental, as well as repairing much of the environmental damage on the earth.

## 2. What is the idea / opportunity to solve it?

Creating Kindoms (Do No Harm Communities), where we work together to build our homes, create gardens and community schools. We will grow all our own food and become self sufficient. All homes and community buildings will be sustainable and built without harming the earth. As we eat organically grown, freshly picked live food, our health and physical well-being will improve dramatically. In addition there will be a healing centre where people can come for free to be healed of diseases and receive information to keep them healthy. We will also provide information for people to learn to distinguish between the work of the harmful forces in the world and the loving, do no harm information provided by creation for us to lead healthy, happy lives. See articles listed below for more on this topic.

## 3. How will this idea positively impact the lives of poor or vulnerable people?

Once the first Kindom is up and running, the inspiration will spread and such communities will blossom in many places. In cities and towns, suburbs can work together to make their places "greener", reclaiming land to grow food and plant trees. As others leave the cities for the land, some buildings can be demolished to make more green spaces. The poor and vulnerable can learn how to feed themselves, improve their health and let go of harmful habits through their contact with nature and the satisfaction of being able to care for themselves and their families. By example, we demonstrate self-sufficiency and independence from the systems that presently enslave us so that others can do the same until the systems no longer have anyone supporting them. We are in the Southern Highlands of New South Wales, Australia, 1.5 hours south-west of Sydney, and have many others interested in Kindom.

## 4. Why now?

Because the current economic climate is making it harder and harder for people to exist. In view of the probable collapse of the US economy, followed by the rest of the world, sustainability and the ability to feed ourselves is vital. The earth has been polluted to the extent that it is dying and we all need to take full responsibility for this and start the clean up job. Many people are looking to community living as a way to reduce isolation and gain the strength that is to be had from being part of a united community.

## 5. What is the measurable impact that could be expected in 3-5 years?

In 3-5 years there will be Kindoms (Do No Harm Communities) in many parts of the world, all intent on caring for one another and restoring the earth to a pristine state. The impact on the world will be huge. Governments will no longer have to fork out money to keep people fed and sheltered, and the need for health care will be drastically reduced, if not made redundant.

Applying The Remedy Through Our Work

In expanding consciousness (truth) we have moved many miles past the lawful/legal information of freeman on the land including Admiralty Law. We explain the true nature of law, money, government, private corporations, fiction, health etc and we offer remedies to help everyone step out of the fiction that is presently destroying MAN, nature, earth and conscious-living creation.

The one true law is that which leads to freedom. There can be no other.

Kindoms are inevitable and are the ONLY remedy to heal all the chaos, ills and destruction caused by fallen man believing in Satan's Civilisations.

Presently, we have about 200 interested, of those about 10 are already committed/determined to create Kindom in the Southern Highlands outside Sydney and are presently co-creating with us.

## We Stand For NO SYSTEM

Kindom (Do No Harm Communities) is the dream for freedom, but it is the dream for the freedom of those around us who also live the dream of freedom, because it is in living for the freedom of others that we get our freedom. When we live for the dreams of Kindom of those around us, we live life as a gift because we live for (dedicate our lives to) their dream of freedom, truth, peace, joy, abundance, etc, just as they live for our Kindom dreams too. This is true co-creation (cooperation) with no attack on the uniqueness of each of us. When we live this way, we have no need for any man-made system - everything/everyone has already been taken care of by our love for life.

Just as we do not have to jump 10 feet across the room to grab our next breath, neither do we have to worry about food, water and shelter because it has all been taken care of as we each co-create Kindoms/Kin-Domains for everyone. Now everybody and everything of the dream of life that is Kindom/Paradise is free (has been set free once again). The issue is greed and selfishness, power and control trips, arrogance, ignorance, being fed many many lies and being traumatised. The issue is not overpopulation - there is more than enough land available for every family to have a hectare (2.5 acres Kin-Domain) to care for. The land of Australia can provide a Kin-Domain for every family across Earth, each with a food forest, clean fresh drinking water and plenty of space for building natural do no harm habitats and with plenty of land left over.

Everyone must have the freedom to take full-responsibility for their lives, for the water they drink, the food they eat and for their shelter. Currently, "The System" forces everyone to give up taking full-responsibility so that we become grown up children accustomed to sucking on the nipples of "The System" corporations for everything, having to use money to get by and to follow the rules of money because we are not co-creating freedom, peace, truth, joy and

abundance for each other. Money only leads to haves and have nots and all the abuse, manipulation and distractions that we are subjected to as slaves to money.

When we give up living for other's Kindom dreams, we start creating hell ("The System") all around us because we become self-centred - now it's all about "my freedom", "my money", "my land", "my belief", "my saviour", "mine", "mine", "mine", "i", "i", "i", "own", "own", "own", etc. To protect what we claim we own requires a man-made system with FORCE to protect those self-centred claims. This is ALL trauma based and all story-telling (brainwashing/braindirtying).

### **NO SYSTEM = KINDOM/DO NO HARM COMMUNITIES**

Our true freedom comes when we set our thoughts of freedom into motion so that we live freedom rather than just talking and thinking about it while we still slave for "The System". Kindom will not happen while we meditate for hours in the bush or do yoga retreats or wait for Jesus or follow the processes of the OPPT (One People's Public Trust now called One People). This is not freedom because we are not living freedom because we are living the story-telling of Jesus or Zeitgeist or The Secret or Thrive or One Earth/Consciousness/People.

Living Kindom is very, very hard work as we set about repairing the damage to MAN/Earth/Nature that we are ALL responsible for but the burden becomes lighter the more of us put our life-energy into the dream of returning Earth to Paradise. Day-after-day, we all have to work our arses off until Kindom is all around us (MAN) once again. This is the price we pay to set each other free on a piece of land (Kin-Domain), so that no one is under the image-power (education/brainwashing/story-telling) of another MAN anymore and so that everyone can have their space of love to create and live their unique, do no harm dreams. This only happens once we have the Kindoms set up so that everyone is provided for.

Once we re-create the food forests, whether on land or in the suburbs, we can re-claim our freedom, breaking the strangle-hold of "The System" because we are no longer reliant on its services and benefits and no longer turning each other into slaves of "The System", cogs in the wheels of "The System" machine. If we don't put the effort in to set everyone and everything free all around us then we still live in HELL ("The System"). The key is to live for everyone else's freedom so that we can have it too.

## **A Collection Of Various Love For Life Posts Providing The Big Picture We See Sequential Order**

We ask you to NOT believe anything we say/share and instead use scrutiny like an intense blow torch and go where the logic of truth/sense takes you. This is very, very important. Put everything you believe up to the test of scrutiny to see how it stacks up. If you are true to your heart/senses and go where the logic of truth/sense takes you will find that NO belief, etc, will stand up to the test of scrutiny. They just do not stack up because they are lies/fraud.

After you have watched and read all the material and any questions are left unanswered, send us your landline number and we will use the internet phone as a free unlimited call. We are on Sydney NSW Australia time. Best times for us to chat are between 11.00am and 6.00pm.

It is critical that you fully comprehend Image Power, "Spelling", Trauma, Reaction To Trauma, Curses, Processing Curses, Full-Responsibility/Liability, Limited Liability/Responsibility (passing-the-back), Slavery, Senses/Sense vs Non-Sense/Senses, Re-Presenting Intellectual Property such as but not limited to "Name", Storytelling/Storytellers, Duality, Black-Magic, Belief, Lies, "i", All Seeing "i" (eye), etc..... These themes and others are covered over and over and over again.

If you do not comprehend these insights and are unable to use your senses to sense your way through all the non-sense/non-sensory-images that enslave MAN under their image power (darkness = "The System" = Hell), men and women will remain deeply trapped under a terrible state of trauma. Our intention is to inspire you to remedy by showing you how to move away from reacting to trauma in all its nefarious and devious forms.

## Peaceful Transition Through Sacrifice And Service

We feel there is an essential peaceful do no harm transition required to get all of MAN back to standing on MANS feet without reliance upon another MAN for water, food, shelter. As it stands everyone in "The System" are highly dependent and reliant on the "group mind-set" that forms "The System" of slaves providing services and benefits for the emotionally addicted slaves to "The System" (and you can put us in the same basket too). The transition is to get MAN back to relying ONLY on nature without 3rd party interlopers, intermeddlers, interceders getting in the way. The transition is a team effort with the foresight for setting all of MAN free down-the-line so that MAN is no longer dependent on slaves and masters providing services, benefits, privileges and exclusivity while being bound to contracts, rituals, procedures, conditions, rules & regulations which compromises MAN severely.

This transition is all about shifting from limited liability/responsibility to full liability/responsibility. This full responsibility is all about caring for our health, nature all around us, clean uncorrupted (pure) water and food, partner/co-creator, children, shelter, animal-friends in partnership, etc. In "The System", we are already together destroying each other - we have to come together to create peace together so that we can all have peace. We cannot live peacefully when we are islands, not taking full responsibility for the lives of those around us until EVERYONE can take full responsibility for their life, which means that EVERYONE is healed of system trauma. In "The System", we all come together to make slaves of each other - now is the moment to come together to set each other free, to live for each other's freedom, peace, joy and abundance. Once we have set each other free, we are free.

Once we fix these issues, we or our children or our descendants to come, can start focusing on the even bigger picture of getting back to where our ancestors were, as breatharyan's, before they fell into non-sense images to be enslaved by them.

## The Cristian Family Declaration

The Cristian family and The Love for Life Campaign are apolitical, non-religious, non-violent, anti weapons, anti drugs (both pharmaceutical and recreational) and anti any ideology that denies the existence of Do No Harm Communities (Kindoms) and suppresses the uniqueness and freedom of all men, women and children.

The Cristian family and our Love For Life work is unaligned to any big business corporation, intelligence agency, government body, "system" law, "system" think tanks, "system" green or environmental movements, religion, cult, sect, society (fraternity, brotherhood, sisterhood, order, club, etc,) secret or not, hidden agenda, law or sovereignty group, occult, esoteric, New Age or Old Age.

The Cristian family supports and promotes the remedy that brings an everlasting peace, freedom, truth, joy, abundance and do no harm for all of life without causing loss of uniqueness or the need for having slaves and rulers. We are not into following the one in front or being shepherds for sheeple. Most importantly, we take full-responsibility for everything we think, feel and do.

The Cristian family are not Christians.

## THE CRISTIAN FAMILY PLEDGE

Being of clear brain, heart and intention, we each declare the following to be true:

- We have no intention of ending our own lives.
- We will not tolerate suppression of truth, ideas, freedom, or our work. We stand for freedom of speech.
- We stand together to support others in the expression of truths and freedom to speak out no matter how radical those ideas may seem.
- Standing for freedom takes courage; together we shall be strong in the face of all odds.
- If it is ever claimed that we have committed suicide, encountered an unfortunate accident, died of sickness/disease, disappeared, been institutionalized, or sold out financially or in any other way to self-interested factions, we declare those claims false and fabricated.
- We testify, assert and affirm without reservation, on behalf of all those who have dedicated their lives to the ending of secrecy and the promotion of freedom of thought, ideas and expression that we shall prevail.
- We Do Not Have Multiple Personality Disorders

## Update Regarding The Love For Life Home Page And Quick User Guide

We are turning the Love for Life Quick User Guide <http://loveforlife.com.au/node/6608> into a blog of all the main insights of our work since March 2005, whether through articles, videos, podcasts or discussions/debates.

As we do not have the time to compile everything we have written into a book, as many have suggested we do, compiling all our most important work into one area of the website is a way of providing easy access to this work so those interested are able to fully comprehend the big picture.

Instead of having to find our different articles, videos, etc, in various parts of the website, it will all be accessible here: <http://loveforlife.com.au/node/6608> and here: <http://loveforlife.com.au/node/3385>.

## Love For Life Videos

As amateurs and posted in the Quick User Guide below the Facebook links, we're currently creating and posting a series of videos called "The Dream Of Life" which covers the ground of all the Love For Life insights. We plan to have the videos completed by December 31st 2012. Once this is behind us, our intention is to create a 2 hour or so video covering the body of this work. All videos are embedded in the quick user guide <http://loveforlife.com.au/node/6608> and uploaded in Arthur's YouTube channel: <http://www.youtube.com/user/ArthurLoveForLife>.

## Love For Life Music

We have started recording songs, with others, that express the themes of Love For Life. They are now being posted on Arthur's YouTube channel: <http://www.youtube.com/user/ArthurLoveForLife> and are embedded in the quick user guide <http://loveforlife.com.au/node/6608>. We have over 100 songs to record. A few rough demos have already been used as the soundtrack on the first "Dream of Life" video.

## About Us - Love For Life & The Cristian Family

Also, everything we, the Cristian family, have gone through, from bank fraud and the theft of the family home to death threats and attempts on Arthur's life, is documented in the Quick User Guide too. If you, the reader, are prepared to put the effort in, you will comprehend the extent to which we have all been tricked into becoming slaves, giving up our uniqueness and our full-responsibility for life and destroying everything of life to the point where life is in danger of dying out completely. You will also comprehend the remedy to all this chaos; a remedy that requires only love for life and the determination to do what needs to be done. Though our focus is very strongly on the remedy that creates a world of freedom, truth, peace, joy, abundance and Do No Harm for all of life without loss of uniqueness or the need for slaves and rulers, we realise that it is vital to comprehend how to get there and what stops us from getting there. This is why there is so much information on the hows and whys of everything going wrong in the world today. We are not into peddling conspiracy theories, we are into routing out all forms of organised crime.

## ADDITIONAL DISCLAIMER

**THE CRISTIAN FAMILY SUPPORTS  
FREEDOM OF SPEECH - FREEDOM OF THOUGHT**

Posted Wednesday 17th June 2009

Updated September 2011

## NSW Jewish Board Of Deputies Has Threatened To Shut Down The Love For Life Website

### No Freedom Of Speech - No Freedom Of Thought

Love For Life does not support harm doing in any shape or form. However, we are supporters of free speech and post articles, documentaries, etc, that represent a wide cross section of ideas. See the Love For Life extensive research library where over 6000 documents, articles and videos are posted: <http://loveforlife.com.au/node/82>. We clearly see the evidence of the destruction to MAN and the earth that has been caused by ALL religions over the centuries and are therefore not supporters of religions, cults, sects or any group that demands conformity of thought, speech or action, or has rules, regulations or rituals that must be followed. Religions, nationalities and cultural "identities" are formed as a result of the brainwashing we receive from childhood. They are part of the tactics the Establishment uses to keep us all divided from one another and fighting one another.

All religions promote discrimination and division, leading to hatred and even violence and murder. None of them have yet to produce a remedy to all the suffering, poverty, unhappiness and discrimination in the world. If any religion truly had the remedy to all the suffering on earth, there would no longer be any suffering. What have Christianity, Islam, Buddhism, Hinduism, Judaism, atheism and the New Age done to end the suffering in the world?

Since December 2006, there have been many attempts to take down the Love For Life website. Any attempts have been thwarted by Love For Life supporters inundating the harm-doers with emails, etc, objecting to them taking down the website for a variety of reasons. The trouble makers usually back off when they realise that they can post all their views, arguments, beliefs, etc, in the Love For Life website without censorship or restriction imposed. They get to see that even the Queen, Pope, Prime Minister, President of America, etc, can post all their views without hindrance or sabotage and that we support freedom of speech/thought which means we support the right of all sides to express their views.

Of note, there is a vast amount of information posted in the Love For Life website which we do not agree with but we leave it all up because we refuse to be biased, opinionated or self-centered/self-serving. Of the many thousands of comments posted over the years we have only removed posts containing secret links to commercial advertisements, terrible foul language, threats of violence and death, etc, and attacks on other people's characters that avoid the subject/debate at hand. Besides links to advertisements, we have taken down less than six comments due to the above. We usually leave everything up, all warts and all, even those posts threatening to do terrible things to Fiona, our children, our dogs, our friends, family & supporters, etc.

The Love For Life website has information from all sides on many subjects, whether about Islam, Judaism, Christianity, Law, health, psychology, mind control, vaccination, aspartame, MSG, Chemtrails etc. There are over 11,000 articles, documentaries etc on the website and they are so diverse that we are sure that everyone would be able to find something they loved and something they hated, if they took the time to search. If we removed all the articles hated by everyone, there would probably be nothing left! We are not anti anyone but freedom of speech is freedom of speech and no one should condemn the work of another without taking the time to research the subject themselves. Yes, there are articles by those who have a less-than-rosy-viewpoint of Judaism, but there are also articles on the dark side of Tibetan Buddhism (and it is very dark) for those who are interested in the truth: **Tibet - Buddhism - Dalai Lama**: <http://loveforlife.com.au/node/6271> Should the authors of these articles be abused and imprisoned for daring to challenge the widely conceived reputation of Buddhism as being the religion of peace and love and that of the Dalai Lama as a saint, or should those interested be allowed to study the work and come to their own conclusions? The same applies to all the articles, documentaries, etc, about Christianity, Islam, Freemasonry, New World Order, etc.

The Love for Life website also shows how the Rule of Law, the Bar, the Government, the Monarchy, the system of commerce, the local, national and multi/trans-national private corporations, all the courses and careers on offer from

our universities, all the educators, scientists, academics and experts, the aristocrats and the Establishment bloodlines have also done NOTHING to end the suffering in the world. The website maps the insanity of a world where there is no help for those in need, just as there was no help available for us when we were victims of terrible bank fraud: "**NSW Supreme Court Case - Macquarie Bank/Perpetual Limited vs Fiona Cristian - Victims Of Bank Fraud Condoned By Judges**" <http://loveforlife.com.au/node/5> (orchestrated, condoned and protected by an international crime syndicate/terrorist organisation of judges, barristers, registrars, lawyers, politicians, banksters, big business representatives, media moguls and other lackeys who, all together, put up a wall of silence despite our trying many, many avenues. After the family home was stolen and business destroyed we were left close to poverty and destitution caring for 4 young daughters. Three years later not much has changed regardless of all our efforts. Where were all the followers of all the religions to help us? Or do we have to be members of those religions to receive help from others involved in them?

The New South Wales Jewish Board of Deputies accused us of being anti - Jewish, see: <http://loveforlife.com.au/node/6616> and <http://loveforlife.com.au/node/6665> because we had posted an excerpt from **James von Brun's book: Kill the Best Gentiles:** <http://loveforlife.com.au/node/6054> in which he blames Jews for the problems of the world. Obviously this is not our view because of what we have stated above. We do not hate anyone, whatever religion they follow. We are always open to talk to any religious leader or politician and meet with any judge, member of the Bar, experts, academics, educators etc to share the remedy we offer that heals all the divisions between MAN and MAN, and MAN and the EARTH.

Today, a representative of the New South Wales Jewish Board of Deputies is threatening to close the website down, because they have decided it is anti - Jewish and that we promote racism. What has the New South Wales Jewish Board of Deputies done to end the suffering in the world? Can they show that they are concerned with the suffering of ALL men, women and children AND ARE SEEN TO BE DOING SOMETHING ABOUT IT or are they only concerned with Jewish affairs? If so, they, along with all the other religions that only care for their own, are part of the problem, not part of the solution. The man who rang Arthur today was only concerned with Jewish affairs; he was not interested in our intentions or in anybody else, just as most Christians, Muslims, Sikhs, Catholics, etc, are only interested in their own. While we separate ourselves into groups, dividing ourselves from others with rules, regulations, rituals, procedures and conditions, we will never solve our problems.

No matter what we in the Western World Civilisation of Commerce have been promised by our politicians, religious leaders, scientists, educators, philosophers, etc, for the past two hundred years, all we have seen is ever-increasing destruction of men, women and children and the earth. None of the so-called experts and leaders we have been taught to rely on are coming up with a solution and none of them are taking full-responsibility for the fact that they can't handle the problem. All religious books talk about end times full of destruction and suffering but why do we have to follow this program when there is an alternative to hatred, mayhem and death? Why are our leaders following the program of destruction and death rather than exploring the alternatives? It seems that any mainstream politician, priest or academic are only interested in supporting the RULES OF THE DIVIDE, that maintain the haves and the have nots. For 200+ years, 99% of the world population have been so trained to pass on their responsibility for themselves, others and the earth, that the 1% of the population that make up the leaders of the rest of us are making all the decisions leading to the destruction of all of us and the earth. Let's not forget the education system that brainwashes the 99% of the population that we are free and have equal rights while, in fact, we are feathering the nests of those at the top.

At the root of all our problems is self-centredness, an unwillingness nurtured by the Establishment that keeps us concerned only with our own needs rather than the needs of others around us and the Earth. Instead of creating and releasing acts of love for those around us as gifts to benefit them and the earth, we take, take and take, until there is nothing left. The whole point of the Love for Life website is to show people the root of all our problems and to share the remedy. The extensive research library is there to attract browsers and to provide access to information not available through mainstream channels. If the New South Wales Jewish Board of Deputies can, after careful examination of our work, prove that anything we are saying is wrong, we will be happy to accept their proof. If they cannot, and they are still insistent on closing the website down, they will be showing themselves to be traitors to MAN because they are not interested in pursuing any avenue that can end the suffering in the world.

All religions, corporations and organisations that support and maintain the Western World Civilisation of Commerce are part of the problem because our civilisation is a world of haves and have nots, racism, violence, hatred, poverty, sickness, discrimination, abuse, starvation, homelessness, corruption, collusion, vindictiveness, social unrest, arrogance, ignorance, fear, war and chaos. While we support civilisation, we support death and destruction because ALL civilisations that have ever existed are apocalyptic by design.

If we truly want peace on earth and freedom for all, we have to let go of all that which keeps us divided, and come together as MAN, conscious living co-creators of creation. The Love For Life website offers a remedy to the problems we all face in the form of DO NO HARM COMMUNITIES: <http://loveforlife.com.au/node/3641> For more details see

here: <http://loveforlife.com.au/node/6511> and here: <http://loveforlife.com.au/node/3385> - We also highly recommend that everyone read the brilliant Russian books called **The Ringing Cedars**: <http://loveforlife.com.au/node/1125> - The **Love For Life Website Homepage** also provides lots of inspiring remedy based information: <http://loveforlife.com.au> - If you want to be kept up to date with our work please register to the **Love For Life Mailing List** here: <http://loveforlife.com.au/content/09/05/14/mailling-list>. We usually send two postings per month. Presently (September 2011) there are over 7000 registrations reaching over 500,000 readers across Earth. The website now (September 2011) receives up to 12 million hits per month. Since December 2006, over 100 million people have visited the Love For Life website.

## Clarification Regarding Our Intentions Behind The Use Of Donations

The Love For Life website is offered for free without a fee and without any conditions attached. If people are inspired to donate money, then we accept their gift and have provided an avenue for them to support the work we do through Fiona's Paypal or ANZ bank account <http://loveforlife.com.au/node/8515>. There is no obligation whatsoever to donate and all are equally welcome to our work and to our "time", whether they donate or not. Over the last 9 years, all the Love For Life work has been put out for free and it has often been donations from supporters that have enabled us to renew the domain name, etc, to keep the website going. While some complain that we have an avenue for donations, others complained when we didn't! Either use it or don't - the choice is yours.

Since Love For Life started March 2005 and website December 2006, Arthur has worked 16 hours a day, 7 days a week unpaid for much of this period, putting together the website and sharing insights to wake people up to what has been done to them, whether through the 11,500+ individual articles, videos, podcasts, debates, discussions, pdf's, research documents, etc, found amongst the 8,500+ posts, as well as helping many, many men and women over the phone, and through email, website correspondence, Facebook and YouTube, and creating the Love For Life food forest vege garden and Love For Life music recording studio. This is our life is a gift commitment to serve MAN/Nature/Earth but we are still severely compromised by "The System" and still have to give to Caesar what is claimed to belong to Caesar, which is where the donations help us.
