This article shows how duality is a fantastic piece of Satanic/Freemasonic Psyop Programming and how "Name" is used to turn you into Godzilla the robot.

Note: Refer to the sequential order listing a series of Love For Life videos, articles, debates that together provide the big-picture we see/sense. All the articles, etc, are different windows on the big-picture to help people learn to be able to zoom in on something and recognise the spells so that they don't fall for them. We don't write to cast spells; our writing is about freeing our lives from the spells. We are not spellers and we are not about creating cults or followers because, while we follow, we are still fallen MAN, still slaves looking for someone else to tell us how to think, feel and act. For us to co-create Paradise together, we all need to stand on our own two feet, coming together out of strength rather than weakness.

We cover a lot of the same ground from different angles because what we write is not to be found in any books or writings of "The System". Much of what we say sounds extreme if you are not familiar with the big-picture of what is going on across Earth to keep us enslaved and thinking we are powerless, which is why we suggest going through our work in the order provided so you comprehend fully what we are saying.

We refer to many themes in this post that we cover in greater detail in previous posts so, if you come across something that is not clear, you can most likely find further explanation in other posts, particularly those written this year. What we cover really clearly here is the "name" and how the "name" is used to keep us spell-bound and oblivious to what is being done to us. Those behind "The System" are very clever in the way they weave their spells to keep you hooked, even if you think you are on the way to freedom. They are masters of distraction and disguise and masters of reaction to trauma.

If you think that there is too much reading and watching, just think of all the hours and hours and hours you have spent being brainwashed. Just about every hour that you were not asleep. If you want freedom, you are going to have to put in a bit of effort to counteract that brainwashing and learn to recognise the brainwashing tactics that have been used against you for so long, otherwise you will keep being brainwashed! What price freedom?

The Love For Life work is the result of many years of contemplating, discussing, researching, debating, arguing, putting all beliefs to the test and using logic and scrutiny to work things out. In doing this, we have unravelled the secrets that they do not tell you in books that only offer you red-herrings. We have not come across anyone who has been able to debunk this work and prove to us that what we are saying is wrong. People may not agree with us, or may have beliefs that make them unable to accept what we are saying, but no one has been able to show us logically and clearly that we are on the wrong track.

If you are not on the Love For Life Website reading this, go to the Godzilla Through The Looking Glass Destroyed By "Name" article on the website here: <http://loveforlife.com.au/node/8514> and just scroll down. Arthur & Fiona Cristian - Love For Life

Prelude

So why do we keep putting the effort into putting stuff on the internet and discussing and debating instead of putting our energy into becoming more physically free of "The System"? Because, even if we find a lovely piece of land and work towards getting self sufficient as a family, we are still at risk from all the system lackeys who will no doubt be sent around to round up evil doers like us who attempt to live without "The System" as the overt control methods come to the fore, which is very likely to happen sometime within the next 5 years, more than likely, less than two years. Until we get together to break away from "The System" in large numbers so that we can withstand the force of "The System" should it arrive, we do not have peace, freedom and security.

This is why we do what we do; to stop the man-made darkness that is the spell-binding destruction created by Godzilla Drones swarming over all the lands to kill everyone doing trying to break away according to the program they operate from. To them, those who reject them and their services are domestic terrorists, just like the Bundy family in Nevada?

They already have the "22nd century" technology in place to find anyone, anywhere quickly and easily and they are just polishing their technology, honing the fine details of their NWO plans and all the preparations for their invasions in place, all the while keeping billions distracted through their tens of thousands of INTEL shepherds, so that they are ready to go to war against us under the guise of whatever excuse they put out, whether invasion by China, aliens, civil/social war, economic collapse, environmental disasters, etc, etc.

Bar forcing them to process the curses of their "own" making, there is nowhere any of us can escape from their technology. They have laser beams, Reagan Star Wars Laser Satellites, Drones, High-Energy Pulses Directed Digitally, HAARP, highly-toxic/radioactive Enriched Uranium amongst many many other nasties, released in the wind, water, etc, One million Chinese Army under their complete control..... to mention just a few amongst the many other forms of highly destructive technology and man-power at their disposal.

We live to break down the reincarnation of Rome/Babylon/Egypt/Greece/etc "The System" and put a final end to this madness so that we can all live freely on the land knowing that there is no one to bring in the bulldozers and the guns. We've clearly explained everything about this and the tactics we apply. If we don't succeed, no one out there living on the land (truly out of "The System", not system shepherds claiming to be showing the way) will be around to enjoy the fruits of their hard labour down-the-line.

Our victory (their war against us, not ours) comes from inspiring white and blue collar workers to flee "The System" in massive droves as the consciousness of "community immunity" which is at the very heart of "The Steps Of Kindom" spreads and spreads. What inspires them to flee? Waking up to the tactics being used against them that turn them into slaves and robots and there are no winners in any of this. These are the tactics that we reveal.

The awakening needs to be amongst the congregations of people living in cities and large suburban satellite centers/towns all around-us. This is why, since 2005, we have persisted sharing the many many Love For Life insights we work with to evoke a real major shift in consciousness (not the premeditated/engineered Intel version of one), otherwise we are all stuffed. There is much more to all this and its all clearly written out in the remedy section of our work.

Reflections And Shadows

Can the reflection of you in the mirror talk freely with you of its own free will? Of course not, it's ONLY a reflection of an image bouncing to and fro like an echo between your ears (so to speak). In most instances, the mirror has been created by someone else, so the images bouncing back to you through the mirror are the IMAGE POWER of the inventor of the mirror entering inside your brain with the intention to cause you to mess with your "own" head, with your "own" real-life.

This happens because you have been trained to re-present (act/perform on behalf of) the character/characters/images ("names") being reflected inside your brain causing you to talk ONLY to your "self" because no one else in "name" is there in this performance bar YOU. All the other characters/images of "name" and all the information they contain DO NOT EXIST, ARE NOT REAL, ARE FAKE.

Your shadow is NOT YOU, but you were trained to believe that it is you.

Can your shadow talk to you of its own free-will?

Does your shadow have free-will to be able to set its "own" image/life into motion?

NO, and it never will.

The images of your shadow were implanted in your brain to trap you into performing for it.

This is the true "state" of MADNESS.

Does the "name" on your drivers licence, car registration, birth certificate, passport, credit card, bank account, telephone-internet-gas-power bill, lease/mortgage, tax file number, etc, etc, have free-will? Is it able to set its own life, tongue, legs, arms, hands, head, etc, into motion without you having to act on behalf of it?

Can we talk to your drivers licence "name" and experience your drivers license "name" talking freely to us of its "own" free-will without you ever having to perform on behalf of this "name", your drivers licence?

Of course not! It can't because it, the "name", does not exist, it is all make-believe - you are just pretending that "name" is real.

(Watch the video "Under The Spell Of Intellectual Property" <http://www.youtube.com/watch?v=IMK7CkU1ih8>)

The "name" on your drivers licence is your shadow, your reflection; it is not who you really are. You were just educated to believe that it is you. This is a massive LIE. The Original Maker of this deception conned you, through the clever "craft" and "practise" of IMAGE POWER, into inviting his demonic presence into your life, into your brain, to be the chit-chat echoes of "name" bouncing to and fro between your ears so that he can program you through "name", entertain you through "name", hijack you through "name", kidnap you through "name", possess you through "name", control you through "name" and have complete power over you through "name" and thus turn you into his slave/drone/robot forevermore, unless you wake up to what "name" really is before it is too late.

(Read and watch the video and article on "IMAGE POWER" <http://loveforlife.com.au/node/8496> and <http://youtu.be/qFnuuw3kLog>)

We Don't Need A "Name"

When we are conscious, we do not need names because we already know who we are and who each other is; we can sense each other instantly, grasping the essence of each other and the intentions of each other. Our senses are not shadows (fiction) because they are present with the presence of our life, which is why we can sense with them in present-sense. But we cannot sense with the reflections in the mirror. The "name" is a reflection, our senses are not a shadow. Who we really are can be touched, tasted, seen, heard, smelt and felt in present-sense but we can't do this with the reflection of "name".

Nothing in nature needs a "name" because it already is what it is in present-sense and can be sensed by sensory-life all-around. Every dog learns the smell of another dog - they do not need to talk in read and write alphabet languages to comprehend each other. We think dogs are dumber than us when the fact is that they can gain a massive amount of information about us with one sniff while we are just thinking, "Brown dog." Who is the smart one here?

"Name" On "Birth Certificate"

By accepting the "name" on your birth certificate, you have permitted who you really are to be possessed by a powerful demon, the "name".

(Read "Slave To A Name": <http://loveforlife.com.au/node/8505> for more on this)

But it gets far far far far far far far far far worse than this; all the images, stories, dramas, entertainments, interests and habits bouncing to and fro between your ears, the chit-chat, belongs to the shadow of the "name" you believe you "own" too, that is your reflection in the mirror.

They have nothing to do with YOU, the living MAN.

This is how the Original Maker, your master, your false-idol-God, has invaded you between your ears to dominate you through "name" so that you manufacture a make-believe world for him, in his image, in his "name" of many, many "names". As his non-sensory images of "names" form the reflections you cast (bounce between your ears), they become the physical performance of an external world of many, many "names" where you act as the programmed slave ("NAME") carrying out all the informative tasks of your master's make-believe existence of many, many "names, IN HIS "NAME".

This world you work for is "The System" and its "name", of many, many "names", is HELL, a man-made hell. The intention being that your master, the maker of your "name", wants to keep you forever lost in the performance of his wondrous storytelling images (shadows/reflections) of "name" forevermore.

AND what is important to remember is this..... never does he or anything he invented as "name" exist between your ears or exist all around you in Nature/Earth. The ONLY one who exists that is real is YOU, and you are just lost in the fake-performance of a "name" you believe you are that is enjoined to a make-believe world of "names" that are just storytelling images forming a make-believe fantasy-play. And in performing "name" since you and everyone else started acting on behalf of "name", we have been continually giving him IMMENSE POWER to rule us and everyone else trapped by his clever "names" of deceptions.

Bombarded By "Names"

EVERYTHING coming at you through the "names" of TV, Internet, Newspapers, Hollywood, Advertising, Churches, Synagogues, Temples, Mosques, Governments, Court Rooms/Houses, Banks, Institutions, etc, etc, are "names" designed by the Original Maker of "The System" to distract you from the sensory-reality that you are really part of that is Earth/Nature, so that you forget who you really are as MAN. Stupidly, we've been trained to stop using our senses, to no longer make sense through our senses (touch, taste, feel, smell, hear, see). Generation after generation, since this "name" madness began, Servants/Worshippers of the Original Maker of "The System" have been throwing everything of "name" at you, using the "names" of education, politics, economics, commerce, government, aristocracy, monarchy, science, big-business, law, etc, etc, with all the dramas unfolding out of these "names", to keep your brain completely distracted and therefore lost in a 'state' of amnesia, and there you remain lost and rotting while you continue setting into motion the IMAGE POWER of these storytelling shadows of "names", implanted in your head.

This is a blatant sign of you being hijacked from who you really are. You are now a prisoner to the images of "names" you perform between your ears - NO ONE ELSE IS THERE BAR YOU.

HELL-LOW, anyone home ("names") - anyone there ("names")?

This is how LIES / beLIEf systems ("names") are constructed.

This is fantasy, illusion and a "state of "delusion".

This is Psyops Programming at its best.

They teach us to disconnect from our senses and just rely upon the echoes of thoughts implanted between our ears and to follow these reflections for our whole-life-time. This is now Dorothy down the Yellow Brick Road under the power of the Wizard of Oz, this is now Alice in Wonderland Through the Looking Glass under the power of the maker of the mirror (the fantasy), because you are now worshipping the intellect, the images of the men and women you have allowed to take power and control over you. None of this is real. You are lost in fantasy, in play. While we continue to do this, we are destroying everything that is sensory, including who we really are because we have lost connection with our senses.

We are now Godzilla.

The echoes of thoughts bouncing to and fro between our ears are all Reactions To Trauma = The Pull Of E-Motion = Ecclesiastical Motion/Instruction/Program.

(Read this post "The Pull Of E-Motion" <http://loveforlife.com.au/node/8499>)

A Zombie World

Can anything you read or watch on TV, Hollywood, etc ("names"), interact with you freely of its "own" free-will? NO, while you read and watch only you can act on behalf of whatever characters/images (shadows/reflections) of "names" are forming in the imagination of your fantasy-PLAY going on between your ears, and, while you continue to remember these reflections of "names," they continue being recalled to bounce to and fro between your ears until your physical body is dead.

NOTHING ELSE IS GOING ON.

This is the cream of Psyops Programming!

This is all the chit-chat of "names" going on in the back of your head acting like a constant white-noise to block out who you really are from ever having a direct experience with who you really are and what you are really part of.

Without "name", "The System" of "names" cannot be.

This shadow world (reflections of "name") is where EVERYONE is being trapped.

These reflections are the image power (thoughts, ideas, e-motions, etc) crafted by other men and women to con all of us to fall into and act in their wonderland as the "name" of Alice through their looking glass (reflections of many, many "names" that form "The System").

Can the "names" of Democracy, Constitution, Rule Of Law, The White House, Government, Democrat, Republican, Labour Liberal, Church, Christian, Jew, Synagogue, Muslim, Mosque, Buddhist, Temple, Bank, Federal Reserve, Money, Commerce, Insurance, Stock Market, Alien, UFO, Higher Being/Power, Astrology, Numerology, Alphabet, Mathematics, Geometry, etc, etc (basically everything of "The System"), exist without MAN lost to "names" to perform in "name", for "name"?

NO.

The Making Of Godzilla

Through very clever brainwashing techniques called education, you were trained to "spell" "name" out of the many "names" of alphabet letters and numbers so that you can fall under the "spells" of many, many, many "names" that are these non-sensory images/characters bouncing to and fro between your ears. These spells are the reflections, the shadows that turn you into Alice, Dorothy and Godzilla because they train you to act in fantasy using your imagination.

Duality is a fantastic Psyop Program invented by con-artists. Duality is you, and the reflection of you, but the Psyop Programme uses the "name", the reflection, as you. They tell you that the reflection is you until you accept that the reflection is you and start living for your reflection in "The System". If you show a baby his mother's drivers licence, does the baby think that the licence is his mother? Of course not! The licence doesn't look, smell, sound, taste or feel anything like his mother!

This shows you just how much psychological programming has to be done on you for you to think that the reflection is you. They place images in your head to get you to perform on behalf of these shadows ("names") so that you will fall into these images of "name" to be the robot-drone they intended for you to be.

If we weren't told anything about the shadow, we wouldn't even think it had anything to do with us, or was us. We would not be "reflecting" on it! This is the "All Seeing Eye" which we have written so much about.

Re-Legion

It is their Easter Sunday as we write, their celebration of death to MAN, of the take over of the reflections. The crucifixion and the resurrection. We have a MAN strung up on a cross, nails through his feet and hands, slowly asphyxiating as he can no longer support his weight, a crown of thorns upon his head, blood pouring down his face

and a severely tortured body. And they tell us that his father, the Almighty God of love, wants and accepts this act of horror? What all loving God would dream for MAN to be crucified in his "name"?

What are they really telling us?

Is it the symbol of the MAN we all are being crucified so that the reflection of "name" (the holy breath) can take over? In the name of Christ and the Holy Church (The Freemasonic/Satanic Bloodline Families), church lackeys conducted hundreds and hundreds and hundreds of horrific terror campaigns against tribes of MAN all over Earth, including invasion, rape, pillage, plunder, humiliation, ritual torture and sacrifice, abuse, ridicule and slavery. Hundreds of millions of Tribal MAN died under Freemasonic/Satanic instructions.

The crucifixion is a symbol of duality and the alpha and the omega, the yin and the yang. The up and down of the cross is duality; as above (as in heaven) - so below (as on Earth). Under the "spells", MAN is transfixed (nailed) to duality. The heaven is the IMAGE POWER of the Freemasonic/Satanic world and Earth is the Freemasonic/Satanic worlds IMAGE POWER ruling MAN on Earth.

The left and right in the cross, the alpha and the omega, the yin and the yang, is the self-fulfilling-prophecy/"time-code" projected plan, the intention of their founding father's dream to capture and control the whole of the dream of life that is Earth, Nature and all celestial bodies/space with his IMAGE POWER. There is nowhere the Freemasonic/Satanic world's IMAGE POWER is not and this is the goal that is the New World Order. That is their plan and why they are attempting to conquer the whole of Earth.

(For more on this read "His-Story/Her-Story" and the other posts found in this webpage: <http://loveforlife.com.au/node/8513>)

"The Crown" of Thorns around the MANS head is re-presenting the almighty IMAGE POWER of the Freemasonic/Satanic world (both "The Crown" in Britain/London and the highest Priesthoods behind "The Church"- read "His-Story/Her-Story") controlling the head (life) of MAN. This represents all the demonic "intellectual property" (holy ghosts) they force upon you through brainwashing-education.

The head bowed down is both MAN falling from grace (forgetting who MAN really is and what MAN is really part of) and MAN under-the-standing of the almighty power of the Freemasonic/Satanic world. MAN has fallen from reality, has died. MAN is dead (living-dead) and MAN has lost freedom becoming a slave, robot, drone, replaced by "name", the egos and the "self" that are all the demons (holy ghosts) we invite into us the moment we accept "name"/"names".

We are taught that this MAN nailed to the cross has come to save us, that he died for our sins*, but this symbol clearly tells us that he has come to destroy all of us (MAN) through their priests, their image power and their all encompassing New World Order that is the next version of "The System".

In Plain Sight

Let's have a look at some of the rituals of the Roman Catholic Church and the Anglican Church.

Communion

What is the Communion? A mass of people coming together to commune with their God, in this case, "The System", the almighty power-base of the Freemasonic/Satanic world under the name of a re-legion. A legion of soldiers for Christ who will have conflicts with other re-legions because they are all under the image-power of "name", an occultic force. Just as the Democrats and Republicans are re-legions under force of "name", as are Americans and Australians.

In the ritual of communion, you accept the body of Christ into your body, accepting the integration of the Holy Ghost (demon) with you and the power of the Holy Breath (demon) over you, thus accepting the demons through the water of our breath. Baptism is the same; you are baptised in the water of your breath because all water comes from our

breath and all water is created by MAN with our thoughts, feelings and intentions encoded/embodied in every breath. This is what they use against us. Living-Creator in present-sense breathed water into the dream of life to give life to everything. In their baptism, their demons (holy ghosts) are breathed into us.

(Watch videos "Dream Of Life Part One" <http://www.youtube.com/watch?v=F5O-S6wFgts> and Water Is The Life Of MANS Consciousness (Breath)" http://youtu.be/4ze66_33wxM)

Rapture

The Rapture symbolises the remodelling of the Holy Breath into the NWO. It has nothing to do with Heaven and leaving all our "sins" behind. All this happens ONLY in "The System", here on Earth. You will not find any of this stuff going on anywhere else because there is nowhere else. The true creator is (in) the wind, and the rain and the rocks, in everything living of the dream of life. The worst thing that has been done to us is to teach us to stop focusing on the information of Living-Creator found all through nature/creation and instead to focus on system information (system thought) through their education - this is how they get to us and this is why they invaded all the lands everywhere to defeat our ancestors and bring in their books and education of image-power to enslave the descendants of their captives. None of it existed before then.

Resurrection

The Resurrection is the resurrection of "name" (the saved/the new-born) in the "name" of Jesus, the Almighty. They crucify you through their education, just as they decimated the tribes and "resurrected" the children of the tribes in the "name" of their Holy Ghost (demon), their Holy Breath (setting demons into motion that posses you) and their religions, all in the "name" of the Almighty. But the Almighty is a man-made construct, a reflection, a duality concept. We are "saved" under the "name" of a reflection. We have been conned. All "name", "name", "name", showing you clearly their blueprint. Those "saved" are still under "The System", under the almighty power of the Freemasonic/Satanic world; there is no resurrection or rapture that includes people leaving "The System" to NO SYSTEM (a mass exodus) forevermore, to return to co-creation with nature and freedom.

When they conquered the lands, they divided the land into Parish Lands and put a church in every parish and a priest in every church to deal with the sinners, soldiers to their outposts, carrying the re-legion flag, the re-legion of their Almighty Image Power. In Sydney, at the start of the commercial year (of business - of processing curses), before the opening of the Supreme Court, the Judges go to St Mary's Cathedral to be blessed by the priests. Doesn't this show us who is really in power and whose rule of law it is? This is the ancient black magic practices of Egypt and nothing has changed; they have just adapted and adapted their systems of duality to keep us enchanted and trapped.

All that can happen to relieve us of our sins is for us to learn from each other about how we are "sinning", to help each other deal with our system trauma and to let go of our system habits and addictions. No one can wipe the slate clean for us. We have free will and that cannot be invalidated. No MAN is supposed to be in/under the image (power) of another MAN. When you surrender to their Almighty God, you become the host to the demon of that God while you sacrifice the living-MAN that you really are to be under their Almighty Image Power.

Behind The Masks

Who are these people, these men and women using image power to control you through duality constructs that trap you in their shadows and reflections? How clever are they to keep adding to the constructs on offer so when we get tired of one, there are plenty more for us to choose from? If you break away from religion, they give you punk, New Ager, stockholder, political activist, footy fan, housewife, trivia expert, environmentalist..... there is no end to the list of choices to keep us focused on and trapped in "The System", no end of images for us to fall for.

Even though they appear to have all the power, the Priests are slaves too. They were once babies, innocent and loving, who were brainwashed and trained for the roles they play today. They have to work overtime to maintain the spells of the Freemasonic/Satanic world they have given oaths to, having to keep inventing new spells and stamping out any outbreaks of truth. As the lie of Religion/The Church wears thin, they have to invent another lie. They are slaves, all restless.

When we are MAN, we are at peace because we are home. We know who we really are. All demons are restless because they have no natural home, no natural purpose for the dream of life, only the hosts that we are while we are possessed by them, and we are restless because of our possesSION/possesZION. The Priests are also the hosts of these demons and are also in fear of each other, as they turn against each other and sacrifice each other's public standing and even lives for the bigger picture of the New World Order.

They have to create conflict between MAN and MAN and the conflict they create becomes the relationships between them too. Everyone has been got at; Arthur's father and mother were got at by the Priests of the Greek Church, and the Priests were got at by their superiors. No one is free in "The System"; we are all slaves hosting demons, including the Black Magic Warlocks and Witches. Like us, they have no sanctuary and no peace.

They are behind every religion and everything of "name" in "The System". They and all their Brethren (The Invocators Of Demons/Holy Breath) have created everything throughout their read and write his-story/her-story and everything that they have created is for the purposes of gaining power and control over MAN.

Two or so years ago Arthur caught one of them, a living-sensory MAN in business clothing outside an office, trying to get into his thoughts through the water of our breath as in remote viewing, remote projection, remote control. He feels that this Almighty-High-Priest was checking to see how the "spells" were working and what hold they still had on him, as well as seeking more information about who Arthur is, what his intentions/dreams/passion are. They don't want anyone to wake up from underneath their Image-Power because the word-of-mouth of insightful, direct-experience, of truth spreads and breaks the hold over everyone else, just as people are starting to really wake up all across Earth.

An Age Old Curse

In reference to this post, Terry Allen said on Facebook "today": "Interesting some of the Gnostics taught we are in Hell and that we are all dead. The reason they were persecuted and extinguished by Rome, was because they taught that in order to end the suffering we had to stop procreating. When I was younger, before having ever read the Gnostics I used to wonder if we are really all dead and is this hell."

This shows how long this problem has been known about and how long MAN has been trying to break away from the "holy-breath-spells" and also how long the Priests have been creating "spells" for us to fall into. Notice how they have hijacked the MAN who lived long ago and who talked about love, humility, and no system has been turned into system image power through the creation of the "name", Jesus, and how they have twisted the story of a simple MAN to get us lost in the story telling that keeps us trapped through the generations, creating their almighty power and control religions, far removed from the message of the great man who chided us for our greed and selfishness and apathy.

The Gnostics were simple people living amongst nature, not under the image power of another MAN. They knew that every MAN is sacred and that nature is sacred, created in the true image of Living-Creator. The level of brainwashing was less intensive then, with more overt power still in place. The Gnostics were tribal people, not educated under the "name" but, of course, their true-story has been hijacked too. They were warning people not to get sucked in and trying to protect all the children. We can't trust books because all books are written in the "name". The Gnostics were just men and women who saw the bullshit and tried to explain it, just as so many of us are doing today.

By the way the Go-Spell (gospel) is the Ghost Spell, the ghost being the demon that possesses those under its spell as intended by its maker. Go = setting into motion - we go to the spell to be ghosted (hooded/shrouded) by it as we set it into motion. The Ecclesiastical priests/servants of Satan call it the/their "Holy-Ghost". They revere their Holy Ghost because that is where they derive ALL their power from; the Holy Ghost is the multi millions of demons they craft out of black-magic, the demons being the hoods that cloak us. HOODS = BrotherHOOD, sisterHOOD, liveliHOOD, childHOOD, etc, etc. The HOOD is the demon, the "name".

When the "name" is "Christian", while the demon/holy-ghost maintains a power-grip over its victim, the drone acting under the demon/demonic "spell" of "Christian", carries out all the rituals/performance/slave-labour of the "name" Christian IN "THE SYSTEM" (not in nature which is part of no system). You don't go to Church or believe in the bible unless you are possessed by the "name" of "Christian". Possessed as in possesSION/possesZION. There are many, many, many "names" out there. The Holy Ghost works in many many wondrous and mysterious ways, so they say, but don't they mean the Holy Ghost goes under many, many wondrous and mysterious "names"? Almighty "names" such as JeZeus and Odin, etc, etc..... All are at the center of "The System", Freemasonic/Satanic crafted civilisations as recorded across their his-story rooted in "time-codes".

There is no stairway to heaven where some have more exclusivity and privilege than others because of the "spell" they believe in. There are no special prizes for those who excel at learning intellectual property. Children already have it all; they don't need education, they need us to let nature bring them up.

Spelling The Spells

It's great to see the info we've been posting since 2005 (thanks to the wonderful help of a few men) is spreading far and wide and is being added to as it goes around and around..... Example of this 2005/2007 Love For Life work being expanded on..... (copied from FB wall).

"The first thing you learn when you go to school is how to spell. Words are spelled to create a sentence of terms. Think of a jail sentence or a prison term. The Wyrd sisters in Greek mythology were Fates or witches who controlled the fates of man. In our language we use curse words and cursive writing. We cuss and dis-cuss. Words have meaning and (are) mean things especially cross words. They can be used to make a point. We use a "con" verse to converse in order to keep us off course in our dis-course as a phrase frays. We use catch words. A story is a spiel or a spell. It is all part of the gospel of the Godspell or God's spell."

E-MAN

Name (in reverse) = e-man

E = ecclesiastical

E-man = Ecclesiastical man - a hue-man - a fallen man - their type of man = slave, drone, robot, commoner, serf, goi/goy, strawman, person, etc....

Hue = a shade or colour or type of MAN but is NOT MAN.

We are NOT a HUEman - we are MAN.

Deconstructing The Jesus Spell

- from a recent Facebook Posting

Let's say Jesus comes to Earth re-presenting the "Son Of God", the God of unconditional Love that is ALL the virtues of Love set into motion in present-sense. The virtues of love are compassion, empathy, trust, gentleness, kindness, sincerity, purity in intention, nurturing, do-no-harm, peace, freedom, truth, joy, abundance, no loss of uniqueness/originality, team-playing, equality, fairness, justice (not just-us), no slaves and rulers, no hijacking of free-will, unconditional support, certainty, etc, etc, etc, and FULL-responsibility/liability (that is what the word "God" means to us) for everything we think, feel and do.

How will this Jesus, this FULL-embodiment of God, show up to be in every day practical-sense without sabotaging or undermining ANY of the virtues of unconditional love that re-present God's almighty glory? Unconditional love is true freedom, is the embodiment of free will. There is no free will when love and life is conditional. This is not free will.

How can a Jesus/JeZeus come and wave a magic wand to right all our sins without completely invalidating our freewill?

If this is what we hope for and accept, we are saying that our almighty, all loving God is conditional, is less than love and wants us to be less than God, less powerful, less conscious, less loving than God, preferring to keep us as puppets on a string, slaves to God, sucking on the nipples of God like weaklings, incapable of standing on our two feet, in-valids. This means that we have all been invalidated from the moment of our creation.

What kind of God is this?

And just how pleased is Jesus going to be when he realises that he died in vain because we are causing even more havoc to Earth that God created from unconditional love than before, and that we are so greedy and selfish we would rather destroy everything, including our bodies and who we really are than do something about the destruction we are causing? Is this not sinning?

We would rather eat chocolate and Maccas, smoke, drink and take drugs, build filthy factories that spew out poison and indulge in shadow, reflection thoughts than clean up our harm doing, lying thoughts, feelings, actions and Earth.

All the parents we've met over the years ALL dream for their children to do better than them. This is a natural sign of the Almighty virtues of unconditional, unselfish love at play here! What about the Almighty God ----- do you think that the Almighty God of unconditional love would dream for "his" children to be always less than him, never to be as great as "God", or do you think a God of unconditional love would dream for his children to be greater than even God? Again, all the signs of the virtues of love at play.

Isn't it obvious that the full-responsibility for setting all the virtues of unconditional love into motion rests with each of us equally and that where we go with our use or abuse of our free-will will determine the outcome of our lives and that GOD and his family WILL NEVER interfere in the affairs of MAN because GOD gave MAN free-will?

Isn't it obvious that no MAN coming from the Almighty God would die for your sins because, in doing so, he would be wiping out all your free will? Any priest who invites you to be saved by Jesus is actually inviting you to be possessed by the Holy Ghost, meaning to put your life under the power of the Freemasonic/Satanic black magic that has been messing with your head. Where in nature can you learn all this?

When people pray in the name of Jesus, they are praying for all these overlords to take control of your life. Wasn't it all the Knight's Templars that started the "benevolent" charities to "help" the poor and afflicted? Isn't it the lower, show-pony levels of the Freemasonic Orders that are the Rotary Clubs and The Lions Clubs that do so much benevolent work in "The System", just to keep you conned into thinking that there is something good there, keeping you under the power of the Holy Ghost and in communion with the Holy Ghost, which is what this is all about?

Now let us ask you the question.

How is Jesus going to show up for you?

Is this Jesus Christ of yours going to interfere in our affairs?

Is he going to encourage you to live in the shadows of system thought that we have clearly explained to you, or do you think it is possible that this Jesus will come as a simple man, just like the rest of us to show the way, through walk-the-talk remedy, out of this mess without invalidating any of the virtues of love, of unconditional love?

Wouldn't this Jesus come as a team player, never claiming higher ground? In which case, are we not all Jesus because we are simple men and women who can get together to help each other how to change our lives so that we no longer have to keep living our mistakes?

Falling For The Illusions

Do the characters in Harry Potter, Lord Of The Rings, Star Wars, Star Trek, The Godfather, Avatar, Wizard Of Oz, The Bible, The Torah, The Talmud, The Bhagavad Gitas, The Hunger Games, and all other religious and fictional books and movies exist?

NO.

They are not in the room, park, theatre, cinema, beach, forest, bedroom, sitting room, back-yard, balcony, verandah or office where you are presently sitting, reading or watching. They are NOT there. The presence of their lives is not present to you in present-sense - you cannot sense them because there is nothing living to sense!

They are not what is relevant to you in your real life and they are not your original dreams for your life. They are the dreams of others that have been forced upon you for you to give up who you really are to live in these Wonderlands. You did not create them. MAN is created to be a unique/original MAN but we have been forced to give that up, thanks to the holy-breath. When they get us lost in these Wonderlands, we become Democrat, Republican, Anarchist, Christian, German, etc, but this is all in the "name".

Because they want us to stay lost wandering through their Wonderlands, they give us lots of scandal to keep us enthralled and appalled; the Great Barrier Reef is being deliberately poisoned, Dick Cheney is a paedophile and mind-control programmer, Miley Cyrus is practically having sex on stage, thousands of hectares upon hectares of rainforest are being destroyed just so that we can feed our meat addiction, air pollution in Mexico City is so bad that they have smog ratings and warnings on the TV, Politicians are getting up to all sorts of mischief, several world leaders are actually shape-shifting reptilians, thousands of children going missing every year are being used for Satanic ritual sacrifices and sexual abuse.

All these stories and many, many, many, many more get us angry, outraged, e-motional, and up in arms but, all the while we are protesting about and trying to do something about these horrors, we are actually focusing on and giving our life-force energy to "The System" where all this is happening, instead of walking away to co-create lives where non of these outrages happen. Even researching what is happening in "The System" so that we can work out what has gone wrong is giving power to the "names" and to the conflict. We want to rescue everyone but, all the time we are doing it, we are the problem.

(read "Educated Slaves" <http://loveforlife.com.au/node/8506> - "The Only Path To Freedom - Beware The False Steps" <http://loveforlife.com.au/node/8508> - "Free-Dumb For All" <http://loveforlife.com.au/node/8510> - "Revoking The Ego" <http://loveforlife.com.au/node/8511>)

Facebook, Twitter, the internet and all forms of media are keeping us embroiled, day after day, week after week, giving our power away to the "names" of all the suffering and corruption in the system. Do you really think that Facebook and other social media were created for our benefit? Remember that EVERYTHING of "The System" is about keeping us in "The System" of the Almighty.

What if we stop getting caught up in all the dramas, despite the real injustices, the suffering and abuse that is going on? What if we gave up listening to their story-telling, gave up using their banks, sending our children to their schools, using their goods and services, worshipping their re-legions (ligions), feeling their fear and acting out their divisions?

We have known the truth of this for years and the INTEL networks are doing everything possible to destroy us, kill us off, intimidate us and ridicule us in ways that do not bring attention to the fact that they are doing it. They try to steal our work (no respect/honour/credit where the insights came from), and twist it to fit into their NWO movements but that will not change what we have put out because we encourage people to work things out for themselves, not just to accept what we say so there are many men and women who have thought things through and come to similar conclusions to us. They can bump us off, but there are other men and women who will keep setting the dream of freedom into motion.

There is a lot of disinformation out there about us but they don't know how to hijack us and our work because too many people know about it. However, we are not resting on our laurels because we, and others, still have to inspire enough of us to pull out of this madness to create Do No Harm Communities/Kindoms where we live without "The System", weaning our lives off our addictions to "The System" and learning to use our senses again.

Lost In Wonderland

We are all lost in the "names" of mortgage, titles and deeds, surviving the story of the name to the mortgage, to the bank account, the electoral role, the Medicare card, the tax file number, surviving all this stuff that does not exist. We are crucified to the mortgage as they turn us into a type of MAN, a hue-man for their NWO.

Many of us have good hearts but do not have a dream to stop this crucifying process; we keep going to work, keep performing "The System", keep being the cogs in the wheels, too full of fear to stop this and do something else. We are crucifying each other, deeply traumatised as we slave to make sure we can go shopping, go to the footy, take our families on holiday, fit in with the mates and family and live "the system" dream.

Millions of us want to break away but we don't know how because we are too lost to their images, their Image Power to stop what we are doing. Are these images not just the shadows/reflections of "names" bouncing to and fro between your ears?

Do you fully comprehend what is happening to you?

Do the "names" and all the dramas of "names" associated with 9/11, Pearl Harbour, London Bombings 7/7, Waco, Jonestown Massacre, etc, etc, exist in your life? Are they relevant to your life?

Or are these "named" events programmed to mess with your head, through your "name", carried out through the Psyops Programming used via the "name" mediums of Internet, TV, Hollywood, Newspapers, Current Affairs, Advertising, Books, Magazines, Facebook and Emails to have you enjoined to this kaleidoscopic array of "names" as reactions to trauma?

In business, the workings/labour of commerce in "The System", do all the "names" that make up your every-day involvement in commerce exist?

NO.

The living-sensory men and women and children around you in present-sense are real BUT they are all lost to the representation of shadows/reflections, lost to the story-telling of the fantasies of "names" they perform in their jobs in "The System". The living are NOT there - the living DO NOT SEE/SENSE the living because they are all under the "spells" of rules, regulations, rituals, procedures, conditions, contracts, etc, that govern the performance of their lives

under the current fantasy-play they act in as..... Christians at Church/Congregation, Muslims at Mosques, Jews at Synagogues, Buddhists at Temples, Workers at Citibank, FBI, CIA, White-House, Republican/Democratic Party Conventions, McDonalds, KFC, K-Mart, Walmart, Hight Court, Supreme Court, Water Board, Local, State and Federal Government Departments, News Limited, Fox News, Warner Bros, Manchester United, LA Rams, Boston Red Socks, Wimbledon, Olympic Games, World Cup, U2 Rock Concerts, Occupy, Ubuntu, OPPT, Zeitgeist, Thrive, Venus Project, etc, etc, and at ALL other Pagan Institutions that form the storytelling of "names", of "titles" of "name", of "costumes" of "name", of "standings" of "name" in "The System" (Wonderland) where everyone is lost as Alice ("NAME") Through The Looking Glass of many, many, many, "names" that make up the fraud/lies of "system life", "system thoughts/reflections/shadows" bouncing to and fro between your ears!

How ironic is this and how insane we all are!

Ego Conflict

"Name" is also the ego that possesses us and causes conflict because we are torn between MAN and the MAN we really are and the fake reflection of the ego. This conflict is carried out in our relationships with each other because we are worshipping the ego and that ego will sabotage any coming together to work on projects with each other because the ego always wants to be in control. The key is in letting go of the ego so that we can come together without conflict. All our opinions are of the ego, relying on thoughts that come from occults and esoterics to trap us. Only the ego lives in The System, not the MAN.

Man is a gift of creation who doesn't own life or own anything. MAN is a servant (custodian/caretaker/steward) to the dream of life. MAN doesn't have to worry about anything because everything is provided and there are no concerns about love and loss because there is no trauma. We can get so lost in our opinions that they can become the conflict between us. We have met many great people who want to change the way things are, but many of them have a stronger alliance to alcohol, drugs, politics, money, etc, than to their brothers and sisters. They value their Holy Communion with the alcohol, the anger and the rage of their trauma more than they value getting together with their brothers and sisters of life to co-create lives without all the suffering of The System". This is what keeps us isolated and separated from each other and what keeps us from coming together willingly, with certainty. We are too scared because of our alliance to the "name", the trauma and the ego, re-inFORCEDed by all the fear pumped out on all the information networks of "The System".

We are already together, we just have to let go of the egos that are getting in the way. More on this coming in another article shortly.

The "Name" Keeps Us Lost

Being lost to the duality con-structs of "name" leads you into carrying out ALL the programs (instructions/reflection/shadows of "name") which are at the heart of every man, woman and child under the "spell" of these images in "The System" of "names", and thus into being the slaves to "name" performing the physical labour of "names", day-after-day-after-day-after-day-after-day.

This is what everyone is caught up doing throughout most of their lives, if not all of it. Lost to politics, to the dramas and entertainment of politics, lost to religions and to the dramas and entertainment of religions, lost to money and to the dramas and entertainment of money, etc, etc, etc.....

WE ARE ALL LOST!

All this goes on between your/our ears AND NO WHERE ELSE.

We have accepted the presence of a Satanic overlord to enter our brains to control us through his IMAGE POWER for all of our "natural" lives..... unless we wake up to what is really going on.

These black-magically engineered and programmed "names" form the make-believe physical-material constructs we call Democracy, Constitution, Rule Of Law, The White House, Government, Democrats, Republicans, Labour Liberal, Politics, Church, Christians, Jews, Synagogues, Muslims, Mosques, Buddhists, Temples, Banks, Federal Reserve, Money, Commerce, Insurance, Stock Market, Economies, Aliens, UFOS, Higher Beings/Powers, Astrology, Numerology, Alphabets, Mathematics, Geometry, etc, etc, basically everything else of "The System" of many, many, many, "names".

And here we all are, billions of us, acting out his program that has us be the drones building "The System" out of the many, many "names" that form the dead-world building blocks and Meccano sets for our living-dead lives of "names"

to perform within. And here we all are, billions of Godzillas running amok consuming and destroying nature left, right and centre just to survive the fake-life of "name" in "The System" of the almighty.

Does the "name" Christian or Jew or Muslim or Greek or American or French or Italian or Australian or Democrat or Republican or Citibank or Jesus or God or Galactic Federation or Universe or Solar System, etc, etc ,etc (millions and millions of "names") exist?????

NO.

So why do billions believe these "names" to be true??????

And what is the intent behind such Psyops Programming???

Conflict between who we really are as MAN and ego, conflict between MAN and MAN, and conflict between MAN and Earth/Nature. Out of this organised chaos comes the Freemasonic/Satanic order of their divide and rule; "The System" for all the Godzillas.

Re-Inventing The Holy Ghost

Now ask the question; what clever program have they put into your brain to get you to create, on behalf of "name", the New World Order (NWO) that is "The System" of many, many "names" under another guise? And then ask how millions of MAN are being currently programmed under "name" to become the latest production line of robots coming out of Factory Planet Earth, via the "names" of the internet, facebook, etc, etc, programmed to create the NWO? And what are the tools being used to con everyone into creating the "name" of the NWO for their masters?

Do you really believe everything going on in Facebook and the internet and elsewhere is there for you to just have a social life with all the interests that come with this or is it there for thousands and thousands of INTEL operatives to mess with your head?

We know the answer and we know who most of these INTEL operatives are. It is very easy to tell. We have given you all the clues in this post and in our other Love For Life posts. And we know the remedy that brings an everlasting end to this man-made madness of "name".

Sending The Message

Through the generosity of many, we have an expensive professional audio recording studio, created to make music that will get the message out to as many people as possible so we can all walk away together, including away from the recording and the internet, and back to nature. We are now building a video/film production suite. It is almost impossible to do it all on our own so we need help from anyone with the ability and the enthusiasm to bring our engineering up to standard. If anyone can find the space amongst their system obligations to come and help to get things moving, we would love to hear from you.

While we are still stuck in "The System", we can use "The System" to create world class music, documentaries, YouTube clips, etc, to counteract the Image Power constantly being peddled by the music and entertainment industry, getting Love For Life into mainstream so that we make it clear what we have to do to get out, instead of being lead, oblivious, by their almighty-priests into the New World Order.

Wake Up - Wake Up - Wake Up Everyone..... Here is another example of total and utter madness where we give up our whole lives to be slaves to and under the Image Power of Freemasonic/Satanic crafted apparitions to rule us over with..... When do we put an end to this "state" of insanity???

OMG, I don't even know who he is until I met "V", a pioneer Research & Info journalist from the New Straits Times, doing his service for the temple. I was asking permission to walk up the platform where Shiva and Parvati were and the moment I walked up there, all the hairs on my arms stood. The energy there was so strong. "V" then asked where I was from and I sat down to have a chat with him... there was chat of a plot of land for farming even, how strange is that.

Too much info I will not share but maybe (sanitised), (sanitised) and (sanitised) might hear of it soon but listen to this....I ended my night last night in prayer and I saw a vision of a man wearing orange robes with long hair. Of course, I had no idea who he is. I just dismissed it and went to bed after I silenced my mind. When "V" showed me the picture above, too much emotions came to me, I started tearing. It was the man I saw in my vision yesterday....

I couldn't believe my eyes!! I was overwhelmed, my body was shaking.... "V" told me we would definitely meet again, I gave him my contact details and told me not to worry about a thing since his Murugan had brought me all the way here, then I could be sure that it would be fate to meet him again. He didn't give me his contact details, he told me that I could always look for him there but I know better if he doesn't contact me, I will get Vijay to hunt for him....

And reading more of the story below, it was (sanitised) who had shared this video: <http://www.youtube.com/watch?v=qbSx9zU9b58&index=63&list=PLBF5A33D74AF23...>. It slapped me into memory.... this Lalitha Sahasranama mantra had been played to me by one of my Twin souls years ago and I was listening to (sanitised) video for the first time when I was crying in tears, telling (sanitised) last December that this Twin Flame path is far too painful for me to carry, that I had wished for it all to end if I can't see where it was going. I'm sure I hurt him greatly too but he was too crying for me....my poor baby When will this balancing stop.... sigh, another clearing session... I don't know where I am headed but I just keep walking, picking up the breadcrumbs....

Sri Agasthiyar

Sri Agasthiyar (also transliterated as Agathiar, Agasthiar, Agastyar, Agasti, Agastiar) is a legendary Vedic Rishi (sage). It is believed that sage Agasthiyar was instrumental in spreading the Vedic religion in southern India. Agastya is also recognized as one of Seven Great Sages (Saptarishis). Sage Agasthiyar has also contributed immensely to the four Vedas. These mantras were revealed to Sage Agasthiyar by the Brahman (Supreme Being) itself.

Agasthiyar is also the leader of all Siddhas. He is also called Kurumuni, meaning short (kuru) saint (muni). His contributions are mainly in the fields of Medicine (Siddha) and Astrology - especially Nadi Jodhidam (Jos(i)yam or Jothisyam). He is said to have lived for over 5000 years, and that one of his medicinal preparations, Boopathi Kuligai, is so powerful that it can even bring the dead back to life. Two of his students and disciples were Therayar and Tholkappiar. He is also considered to be the guru of many other Siddhars.

The Lalitha sahasranama, which describes the 1000 names of the mother Goddess (Known commonly as Gowri, Parvati or Durga), was first revealed to the world when Hayagriva, an Avatar of Vishnu, taught the same to Agasthiyar. Agasthiyar is said to have composed the Aditya Hridayam, a hymn on Sun God (Surya), and taught the same to Rama just before the war between Rama and Ravana.

Humbling the Vindhya mountains.

Legend says that the Vindhya mountains that separate north and south India from each other once showed a tendency to grow so high as to obstruct the usual trajectory of the sun. This was accompanied by increasing vanity on the part of that mountain range, which demanded that Surya, the sun-God, should circum-ambulate the Vindhyas in the same way as he does Mount Meru (identified by some as being the north pole). The need arose to subdue, by guile, the Vindhyas, and Agasthiyar was chosen to do that. Agasthiyar journeyed from north to south, and on the way encountered the now impassable Vindhya mountains. He asked the mountain range to facilitate his passage across to the south. In reverence for so eminent a sage as Agasthiyar, the Vindhya mountains bent low enough to enable the sage and his family to cross over and enter south India. The Vindhya range also promised not to increase in height until Agasthiyar and his family returned to the north. Agasthiyar settled permanently in the south, and the Vindhya range, true to its word, never grew further. Thus, Agastya accomplished by guile something that would have been impossible to accomplish by force.

Agasthiyar and Lopamudra

As with all other Hindus, it was necessary for Agastya to marry and sire a son, in order to fulfill his duties to the Manus. Once he resolved upon doing this, Agasthiyar pursued an unusual course of action: by his yogic powers, he created a female infant who possessed all the special qualities of character and personality that would be appropriate in the wife of a renunciate. At this time, the noble and virtuous king of Vidarbha (an area in south-central India, just south of the Vindhya mountains), was childless and was undergoing penances and prayers for the gift of a child. Agastya arranged for the child he had created to be born the daughter of that noble king of Vidarbha. The child was named "Lopamudra" by her parents. Upon her coming of age, Agastya approached the king and sought the hand of his daughter. The king was initially chagrined to hear such a suggestion from a renunciate, but found that his daughter, who had early exhibited extraordinary standards of mind and character, was insistent that he should accept the proposal. She was utterly intent upon exchanging the palace of her father the king for the forest-hermitage of Agasthiyar. Lopamudra and Agasthiyar were duly married and lived a life of extraordinary felicity. Legends say that you could find them in the deep forests of Podhigai Hills even today.

Other Legends about Agasthiyar

One story about Agasthiyar goes that once the demons had taken refuge in the ocean and it was difficult for the gods to vanquish them, so they went to Sage Agasthiyar for help. Then, after hearing the gods, the sage drank the entire ocean water and held it within him until the demons were destroyed.

Agasthiyar is said to have "dedicated" all the forest animals to the deity Rudra (later called as Shiva), hence making them fit for eating if killed while hunting. Another story has it that two demon brothers, Ilvala and Vatapi, decided to kill Agasthiyar. One of them was good at changing form and the other knew the Sanjivani mantra which, when invoked can bring back a dead person to life. They hatched a plan that the one who could change form would turn into a goat and be killed and fed to Agasthiyar. After Agasthiyar had eaten the goat, the other would invoke the Sanjivani mantra to bring back his brother to life, who in turn would rend Agasthiyar's stomach and come out thereby killing him. By the plan, one changed into a goat and the other disguised himself as a Brahmachari who invited Agasthiyar for a meal. Agastya knew beforehand about the plan due to his immense Vedic powers, but he resolved to teach both a lesson. After the meal, Agastya simply rubbed his stomach saying "Jeernam Jeernam Vathaapi Jeernam", literally meaning "digested, digested vathaapi is digested" to digest the meal, while the other demon tried to bring his brother to life in vain. Agasthiyar plainly informed the demon that his brother has been digested. Agasthiyar, realising that his liking for meat had nearly gotten him killed (had it not been for his vedic powers), forbade the consumption of meat for all people.

At a Saivite temple named Kutralam, formerly a Vishnu temple, in Tamil Nadu, Agasthiyar, in one legend, was refused entry. He then appeared as a Vaishnavite devotee and is said to have miraculously converted the image to a Shiva linga. A symbolic meaning of this conversion, in one interpretation, is to show that Vishnu and Shiva are different aspects of the one and same God.

Agasthiyar was a great devotee of Lord Shiva. After Agasthiyar reached the south, in answer to his prayer for revelation on the classical language of South India, Lord Shiva himself taught the classical Tamil language to Agasthiyar. Agasthiyar is said to have attended Tamil Sangam (convention) and staged his work the Agattiyam or Agastyam, reputedly one of the earliest treatise on Tamil grammar. In the 2500-year old Tamil Sangam, Agastyakoodam contains the history of being home to Siddha medicine and it is said to be the home of Agastya.

We replied.....

All these goings on here are set to the backdrop of "The System" of those "times" and in these "times".

The Freemasonic/Satanic world have "crafted", through their many "practices" of black-magic, many many demonic but "powerful" entities (apparitions) which are used through "time-codes" to create the illusions which can ONLY show up as "The Pull Of E-Motion" that are the many many deep-seated traumas being performed by victims as reactions to trauma.

All these archetypes, etc, "named" Lords, Gods, Jesus, Virgin Mary, Sri..... whatever, Higher Beings, Shiva, Vishnu, Satan, Lucifer, Isis, Odin, Zeus, etc, etc, (hundreds and hundreds of higher-power "names") are apparitions, phantoms, demons, ghosts, etc, given FULL-power by MANS life-force-energy through the water of MANS breath, directed into the IMAGE POWER of these apparitions through belief, faith & associated opinion, all of them being set to the "time-codes" of "The System" of those "times" and these "times".

When you see higher and lower duality con-structs (structures of the con), past and future duality constructs, etc, etc, and you witness men and women deeply traumatised emotionally reacting and worshipping and accepting a lord, an archetype, etc, this clearly shows you that they are victims at the hands/effects of black-magic priests/priestesses.

They are still worshipping the High Priests/Priestesses of "The System".

This is no different to serfs and commoners going to their landlords and barons begging and begging and begging for something, be it land or food or protection, because they are powerless.

Myths have long been used to keep us simple folk in check, it is just that now we see through many of these religious myths so now we have the myths of Prime Minister, President, etc.

All these myths happen ONLY in "The System" so going to these "higher" beings to ask for guidance, charity, etc, is still not taking full responsibility for your life and still looking for someone, something else, in "The System" to give you a remedy to cure the deep pull of e-motional trauma/s they are experiencing in "The System" in present-sense.

Why else are they going to these archetypes?????????

Talk about madness and insanity.

And if you want to say that there was so much kindness, etc, just remember that the Freemasonic/Satanic orders have their benevolent show pony levels where they, the superior higher beings hiding behind constructs of Lord, Land-Baron, Priest, Judge, God, Jesus, Senator, Bankster, Rotary and Lions Clubs, etc, etc, reach down and perform acts of kindness, grace and charity for the simple folk.

Of course, those acts of kindness, grace and charity never include setting us free from our system obligations, from being under the IMAGE POWER of kings, queens, lords, barons, high-priests/priestesses, judges, lawyers, barristers, politicians, big-business, directors, share/stock-holders, banksters, etc, etc!

Again, notice that ALL these goings on occur ONLY in "The System".

WHAT A COINCIDENCE!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

The deeply e-motional victims under "states" of trauma, reacting to trauma, are in "The System"!!!!

The Lords, Messiahs, Saviours, Kings, Gods, Sri's....., Politicians, Judges, Presidents, Prime Ministers, etc, are in "The System"!!!!

All the storytelling going on that traps deeply e-motional victims into carrying out the prayers, worships, etc, they do to higher-beings/powers greater than MAN (serfs, commoners, the dispossessed/deprived from whatever) occurs ONLY in "The System".

The Priests/Priestesses have developed many many ways to capture MANS life-force-energy and use it against MAN to convince them that Jesus, Virgin Mary, Sri, Lord, God, etc, are real, that the Virgin Mary can cry, stones can bleed, etc.

The rush of e-motion we feel when we experience these things is the life force energy of all the people who have put their life force energy into these myths, this story-telling. We are creators - when we put our life-force-energy into something, we give it life, energy!

If enough people believe that stones can bleed, then the stones will surely bleed. And then we give ALL our power away by surrendering our whole-lives-away to becoming roll-playing slaves under the power of these images because we are not fully-conscious of the real-power we have, which means that all this life force energy is harvested by the priests/priestesses behind "The System" who use it to create these apparitions and demons that trick us into accepting them as our manly authority, lords and masters, etc.

How stupid are we!!!!!!

What we are experiencing is the power of our creation bouncing back at us but we don't realise that we are the ones creating it all! We have not been given full disclosure by the priests/priestesses whose carefully crafted education system is there to keep us from remembering the real-power we have and who we really are.

Because we are all connected through the water of our breath, the priests can send these images to anyone, including innocent children, and making it seem as though it comes from some higher beings/power coming from other make-believe dimensions and heavenly-realities so that we fall under the "spell" of these powerful images of man-made story-telling.

This is all that is happening and we are fools if we think that more is going on.

The black-magic priests/priestesses/warlocks/witches can use our life force energy to make the stones bleed too, to make the apparitions perform. We don't see past the veils of deception.

This is the same as going to the bank for money thinking that the bank has created it when in fact it is your signature that you created using your life force energy that creates the intellectual property on paper and electronic-digital data you now rent by setting into motion (performing) the make-believe storytelling that is money!

Behind everything we are talking about, there is still the black magic freemasonic/Satanic world casting its spells to harvest our LIFE force energy, our lives as slaves exhausting our life-force-energy through the hourly, daily, weekly, monthly, yearly contributions to them.

LOLLLLLLLLL

As we often say, bring forward an experience without MAN being party to that experience.

This clearly shows you the truth of what is really going on.

Good-hearted used and abused victims often come in beautiful stories too. Refer to Cinderella, Snow White, Hansel and Gretel, etc, etc, as examples of such Freemasonic/Satanic Psyop programming at play.....

Sanitised replied.....

I think maybe there is much more deeper truths to this that we all have not understood yet. Yes, we are to live on Earth as the rightful inhabitants of the planet, free as can be. I don't deny the deep Freemasonic/Satanic programming there is but I just want to understand why we are colliding because soul pods DO travel together and I feel like I am sure of what I am here to do because of the instructions they've been dropping as breadcrumbs for a tree, long time. Souls never venture into a planetary existence on their own.

According to my understanding, light orbs do travel back down to denser realities such as Earth for a special time like this when Mother Earth has been raped of her resources, all children are lost in this big maze of a deceptive illusion. How do you explain past life memories? How do you explain the new generation of gifted children who connect directly with all these so called 'Gods'? How do you explain their descent into the world with their 'third eye open'. I

am definitely curious because I was offered as an infant to a temple by my old man very early on because he was panic stricken for my well being. I am the only vegetarian in the family, the only one that has all these 'see-er' gifts.

To me, I can't understand how Uthayakumar was programmed with messages from Kali to "save her daughter as she is lost" as a message to pass to me when we were first in some temple together, how (sanitised), Cosmic Twin Flame Gatekeeper has been programmed by the sheer power of a youtube video to push me deeper into my awakening which had to be something of a deeper programming by one of my exes few years ago (I consider him to be one of my near twins, twin souls, not my true Twin Flame) or how my wonderful (sanitised), (sanitised), or my immediate soul mates know when I'm having a bad moment and pick up over it etherically and this is doubly strong for my Twin Flame partner (sanitised).

I've shared some of my personal signs and visions from childhood with you, Arthur and some of them could or could not be tempered I am not denying that possibly (I am still looking upon all as detached as I could possibly be to introspect and come to conclusions) but if it was meant for me to be dumbed down, how can so many others be used as chess piece pawns to remind me time and time again, giving me pieces to the big puzzle?

Suppose there is no such Twin Flame theory, who the hell am I to deserve such grand attention that I have to be taken care of with so many different 'ascended masters and angels' that come to manifest themselves to me over and over again? This baffles me greatly..... and it is very disturbing to hear you speak like that Arthur because I have studied your work and I respect it greatly and I also know we don't collide without any good reason so I'm dying here trying to understand why.....

We replied.....

How can you go deeper into something that does not exist, is make-believe and just apparitions?

If they were real then ALL of MAN that ever was and ever will be, will be able to have a constant direct experience with them no different to the constant permanent direct experience we all have with air, water, sunlight, soil, mountains, stars, etc, etc, and everything of nature/earth/creation that is real and always in present sense.

Why is it that these demonic images appear ONLY in "The System"?????

How many multi-millions of children grew up believing the Tooth Fairy, Santa Clause and the Easter Bunny were real and true, innocent children not provided with full-disclosure, totally besotted and mesmerised by demonic lies of image-power causing children to intensely and passionately perform a wide-range of rituals and practices in worship of these "archetypes" that have never existed and will never exist??????

How many multi-millions of children and adults come away from Lord Of The Rings, Harry Potter, Star Wars and The Hunger Games movies passionately and deeply in conversation about all the characters, scenes and props that are all make-believe???????

What about all the multi-millions of innocent children deeply and passionately sucked into the images of Bob The Builder, Superman, Spiderman and Alice In Wonderland who want to dress up and perform as these fictitious characters, on "staged" fantasy settings, believing they are real and true, all grow up with the same terrible habits of accepting men and women under costume and titles of senator, judge, police officer, priest, etc, etc, and actually believe their power and force of authority is real and true???????

And then enters someone like you, an innocent child who has yet to see through all the deep-seated trauma that continues having you perform the "same" make-believe non-sense as an adult which this thread so very clearly demonstrates?????

As we have said often, "Where can millions of innocent children not exposed to "The System" or to anyone exposed to "The System" (with all its brainwashing images of image power) go anywhere in nature to learn about Sri Lord this or that from 5000 years ago (were you there? - do you know anyone else who was there?) or Angels, aliens, higher beings, other worlds and dimensions, reptilian shape shifters, virgins from Andromeda, God, Jesus, cherubs, archangels, etc, etc, etc, etc, without anyone (already got at) having to explain it (educate) to them?????

What of nature needs them to exist so they may exist?

Where are their children playing?

Where are their ancestors buried?

What do they do that aids nature in rolling along here and now?

Would we all suffer and perish if they did not exist?

What is their address so we can visit them, to have a bite to eat and drink while sharing many a laugh sitting together under a tree???

Watch out for BLACK-MAGIC.

Truth is SENSORY (touch, taste, feel, smell, hear, see)

Truth is NOT invisible, never has been and never will be.

We are talking about a LIVING-CREATOR, a LIVING-CREATION here and now where it has always been. We've written lots about this subject."

Where are these living characters, this Sri? Why can't we all experience Uthayakumar as easily and naturally as we experience the trees and the birds? Why does she only appear to "certain" people? "Special" people? Who is more special than the next man or woman? Why is one man or woman more deserving of "visitations" than the next? Or is it more vulnerable?

So many of us in "The System" feel lost, powerless, hopeless, inconfident, alone, etc, and it is easy to attach ourselves to anything that makes us feel "special", wanted, unique (which, of course, we truly are but "The System" doesn't recognise it), guided. As children, on the one hand we are butchered as our true recollections of who we really are are pushed out of us and, on the other hand, our heads are filled with fantasies that we pour all our loneliness, search for purpose, need for recognition and longing for truth into.

We are so invalidated when young, that we spend the whole of our lives trying to fill the void left by the invalidation. We are invalids. Most of us fill up the void with ego, our constant reactions to trauma. Fill the void, fill the void, fill the void, fill the void, filling the void is our addiction to anything and everything of "The System", whether it be smoking, waiting for the Galactic Federation to whisk us away (no responsibility here) and raise us up from the void that is the reaction to trauma that we are going through, true love with twin flames, mystical reasons for our existence and our place in it, women setting themselves up as "Goddesses" (what's wrong with being a woman?), collection of material possessions, anger, rage, aggression.

All the information about "soul pods" travelling together, orbs of light "travelling back down to denser realities", twin souls, and that "Souls never venture into a planetary existence on their own", etc; where did it all come from? Where did you learn all this? What other realities than earth have you experienced? Do you remember being an orb of light? When was that? Where was that? There is so much story-telling going on here, so much longing, so much filling of the void. What's wrong with being a woman who is passionate about doing something to stop the constant destruction of Earth and MAN that we are all party to? Why does it have to be anything else. Are you not good enough without the orbs of light, soul pods, Uthayakumar, etc?

Like children kicking and screaming because they don't want to give up the game they are playing and go to bed, you are clinging onto the fantasies to avoid facing the void of your trauma, which we ALL have and ALL need to face if we are to co-create the lives we dream of. Why is the illusion more powerful than the truth?

You say, "How do you explain past life memories? How do you explain the new generation of gifted children who connect directly with all these so called 'Gods'?"

"Past" lives can be accessed through the water of our consciousness (breath) because everything of life is water and is in present sense but how do you know that your "memories" are "past" lives? How do you know that they are not apparitions (story-telling implants) projected into your brain through remote projection? How can you tell the difference? Look at the examples we have provided in the Godzilla article and the ones before that. Notice how the story-telling pulls on your e-motions and how much you want something and need something from it.

When you are peaceful, you don't "want" and "need" and there is no e-motional pull because you are centred and you know who you are and there is no conflict between have not and have. This clearly shows you the energies you are working with. When you are coming from your true consciousness, there is no conflict, no power struggle. This is what we are having to learn to do. You are not alone. You will see all the symptoms of your struggles with your shadows in this thread.

As for all these "gifted" children, how many parents who are filling their void with belief in Gods, spirituality, occults, esoterics, etc, are creating children while lost in these fantasy plays? Of course the children are going to come along filled with their parents ideals and dreams and the ideals and dreams of others around them, because they are all images in the water of our breath. This is what they are created out of. This doesn't mean that the parents are not sincere in their wishes for their children, it is just that they haven't worked out how to tell truth from fantasy yet. Being brought up in fantasy can mean that they are more vulnerable to other demonic images aligned to that fantasy that are around, or are sent to them.

By the way, this "third eye". Have you seen it? Through our senses, can we have a direct experience of it? A "third eye" has nothing to do with being able to access the information of consciousness in present sense. Here is another example where we are trained to worship the construct rather than being free to be the direct experience of our intuition, gut instinct, perception, etc, in motion, in present sense, without having to worship the construct, which makes us self-centred. My third eye, my child's third eye. Who are we focusing on here? Another form of conflict has come about because you have claimed ownership over your third eye, which means that you will fight for it if your belief in this demon is that strong. The "third eye" is just a shadow/reflection as discussed in the Godzilla article.

It is also possible that some souls choose families that they don't have any soul connection with but because they want the experience of growing up in those lives. Just as you might choose a certain spice because you know what it will add to the dish you are preparing, the outcome, so a soul might choose a family for what the qualities in the life experience will add to the outcome of the consciousness of that soul. Certain attributes will become stronger because that is what the soul was looking for in growing up as the child in that family.

Arthur feels no connection with his family, even though they are not "bad" people or "wrong" people. He just feels very little soul connection with them. This is how we feel it works but we may be wrong and we don't live our lives out of it, it is not a crutch for us to lean on. It is not important; what is important is how we live our lives in present sense, moment by moment, being really present to every thought and feeling we are thinking and feeling and the impact it has if we choose to set them into motion. This is very different from most of us who are lost in trauma, totally unconscious of the effects of what we are thinking and feeling and setting into motion.

Your old man offered you to a temple because he was panic stricken for your well being!!!! How much trauma were you immersed in before, during and after? The temple is a fiction, is not a sensory-life-form with a natural purpose for the dream of life and therefore does not exist and the archetypes behind the temple don't exist either. Do you see how deep the depths of this Satanic void of this trauma that has been placed on you goes? He is offering you to strangers who have no place in the dreaming that created you. Were these priests in your dreams?

How could a sensitive child not be traumatised picking up all those intentions; your father to offer you to strangers in a strange place, abandoning you (even if not physically) from the family, the priests to use your life force energy to continue the myth of their roles and status. And what about everybody else around you who was party to the trauma that your dad was going through? Were they not traumatised too? And did this trauma not effect you too?

When children do not feel safe and they have been invalidated, they will come up with all sorts of fantasies to try to fill the void and make them feel safe. Many people maintain these fantasies into adult life because they have become the crutch that gets them through. This compensation is all ego and becomes the blind spots that mess with our heads because we cannot sense clearly what is going on.

If you can see that multi-millions of Christians are programmed in their various forms of Jesus fantasy, can you not see that there are multi-millions of other programs going on that work to keep others enslaved to the demonic archetypes that they worship? What makes you exempt from it? You seem to be demonstrating all the symptoms of someone deeply traumatised and in a "state" of denial. Again, this is no different from children being dragged away from their games. Their relationship to their program is more important than resting their bodies. The program is very addictive.

The program is the lid on the void that keeps the demons at bay which is why people fight so hard to hang onto their program. They don't want to face the demons that possess and rule them, and a whole life unfolds in this process, exactly as intended by the priests/priestesses who crafted this image power.

As for intermediate souls, twin souls, nearly twin souls, etc, we all have the ability to pick up on each other through our senses, the water of our breath, and the clearer we become in our thinking, in our sensing, the better we get at it. Can't you walk into a house and sense the atmosphere, whether it be happy and joyful or sad and depressing? Can you not sense things about a stranger you meet, if you listen to your intuition? Just because a friend picks up on how you are feeling means nothing more than that she cares about you and senses you. Isn't this enough? Why do you need to add all the story-telling about intermediate souls, twin souls, nearly twin souls, Cosmic Twin Flame Gatekeeper, Uthayakumar, Kali, etc. Can you see all the characters that you have acting out your fantasy?

Just because these images come into your story-telling of your life at certain moments, doesn't mean that all the make believe characters spinning around your head while you are experiencing the effects of these e-motions, are true. A child going down the aisles of a supermarket lost in a fantasy story inside his/her head with fantasy characters, at the same time seeing real men and women walking up and down the aisles, may conclude that the make believe characters are also true. Especially when encouraged by adults to believe that the fantasies are real.

This is what we see you doing. You have real people in your life but, because you are lost in the story-telling of cosmic twin souls, etc, you are adding all the story-telling meanings to the real men and women in your life and the goings on with these men and women. This is you filtering everything through your trauma because that is all you have, interpreting it through your story-telling that has been provided for you by others and which is dominating your life. The make believe characters spinning around in your head are meddling with the real relationships with the people around you and messing with your life.

So much of your life is driven by this, and you argue for it, fight for it, but the whole thing is a fraud. How can the people around you be real in your life when they have to be filtered through your fantasies? Remember, you are the one giving power to these fantasies and they are bouncing back to you exactly in the image of your projections, your creations, your fantasies and there you are, using these reflections, the shadows of your making, as your evidence to justify that the belief system of your re-legend is true. This is self-fulfilling.

This is your image power and imagine the consequences when you try to force that onto those around you who are not party to it, especially innocent children and gullible adults, men and women who are just not strong enough to withstand your persuasive powers. And if those around you give their power to these images too, then you all have yourselves a re-legend, a cult, a sect, an organisation.... This is no different to the government, politics, etc. Welcome to the craft and practise of black magic. Then comes the question; who practised this black magic on you for you to repeat it?

One of the primary points we are making here is that belief is not proof of fact - you need solid incontrovertible evidence of twin souls, orbs of light, soul pods, Uthayakumar, etc, for all of MAN to have a direct experience with all-the-time in present-sense and that they are not just shadows bouncing to and fro between your ears like an echo, this being the only place that you can present them.

Just because you are in the act/performance of story-telling forced upon you by other men and women does not make it true and real, regardless of how convincing the apparitions appear to be and the effect they have on you and your outcomes.

The ONLY first party to the experience is YOU.

The ONLY first party to the effects coming from these experiences is YOU.

You are the ONLY one creating both the performance of the story-telling with all these make-believe characters and you are the ONLY one experiencing the effects that come upon you while you are lost in the story-telling of this performance.

How many multi-millions of children are told by parents to stop playing NOW, over and over and over again, to take off their make-believe costumes of Superman, etc, and get ready for bed ONLY to end up having to be dragged screaming and kicking from their fantasy play because they refuse to give up the ACT.

Your dream for a living-partner to co-create the dream of life with has absolutely nothing to do with all the storytelling make-believe fantasies you attach to this dream which make an absolute mess of this dream starting with your "own" real life.

It's in plain sight that YOU can come forward as a first party to the experience to back your claims about Sri/Lord this and that BUT what about Sri/Lord this and that, can they come forward as a first party to back your claims that they are real and true, that they are NOT apparitions, figments of your imagination gone AMOK?

Can everyone have a direct experience first party to first party without you or any other MAN coming forward as a 3rd party re-presentative acting/performing on behalf of these demons?

NO

And until you can, you are in a very deep "state" of denial and are seriously deluded to believe otherwise.

Why do we write all this stuff to you, when many might think it cruel and callous? Because we love you and are here to support you in your true healing. But you can throw it all in the bin if you wish, including us, and we won't hold it against you.

Good for you for wanting to remain vigilant and discerning, scrutinising everything coming through your head to work out what is real and what is not. This is not an attack on you, the living woman that you are. You are no better or worse than any of us and we all have our addictions to story-telling in one form or another. And thank you for allowing us to be so straight with you without running away or making things personal, etc. This kind of communication is very powerful because it helps so many people to learn about their "own" trauma. You wonder why you have connected with us - perhaps to help others unravel the story-telling inside their heads by identifying with you and us? And all done for free - what a great gift for those who are drawn to read this!

You say, "but if it was meant for me to be dumbed down, how can so many others be used as chess piece pawns to remind me time and time again, giving me pieces to the big puzzle?" This is exactly what we have just explained above.

Is it "Grand Attention" that you have received? Does it make you any more special than anyone else? You are just as amazing as everyone else, no better no worse, no "special". The question is, why have you been adding all this meaning to the experiences that you have had? Why do they have to mean that you are somebody "special" with a "special" purpose. Watch out for self-esteem issues being protected by your ego. Refer to what we said about the third eye. You are turning you into a cult figure.

Why can't you just be you experiencing what you experience and being vigilant and discerning to work out what is truth and what is power. Let it all go, let it all go, let it all go. If you can't figure out what your experiences mean, put them up on the figurative bookshelf for a while until other things that happen in your life shed some more light on the matter. Don't obsess over them, and live your life out of them or you become lost in the shadows of your "own" "self" making. Better put them aside and get on with whatever practical steps you can make to do something about the "state" we are all in.

Can you plant some trees? Can you grow some food? Can you start a community garden. Getting out and about and getting your hands dirty, whether literally or figuratively, is a great way of getting over the story-telling about you that you carry in your head. Focusing on others and what you can do for them rather than on what your "special" purpose is will be your greatest healing.

Stop reflecting on (WORSHIPPING) your own shadow.

If you have read and comprehended the Godzilla article, look at the "name" attached to you and the "name" attached to all the archetypes, and notice the similarities, how we are lost in the reflections that is the trauma.

Notice that we are not having a conflict with you, we are just addressing the conflict within you. Again, you can throw it all in the bin if you like and no hard feelings. :)

Great comment from Brett Anderson here: "Your posts are really ripping in lately, I'm really joying them. In regards to this post (<https://www.facebook.com/arthurcristian/posts/10203448666805418> - **How To Detect Intel Operatives Working For The New World Order Agenda** by Arthur & Fiona Cristian - Love For Life - 10th April 2014 <http://loveforlife.com.au/node/8512>) I have to agree totally just how deep the manipulation goes. All the current truth movements and truth activists, researchers or whatever title you want to give them are just another level of distraction and illusion. If you notice, its all just telling you how bad it is over and over again and sure, there's plenty of information there but it leads no where. Just as Icke now has his 'People's Voice' tv station to tell you all about how bad it is and laughingly he wants us all to keep working in the system earning those fiat dollars to finance it! What a joke that is on everyone yet none of his followers can see that, they are so hopelessly fixated on the cult of personality and how that massages their trauma as Arthur and Fiona have so eloquently pointed out. So its a pretty deep whole when the slave master tells us all the so called truths about our enslavement only to use that information to enslave us more. Everyone right now has to forget following someone's intellectual property as a guide to 'freedom'. There's no freedom in following the leader, there's only more deception and slavery."

Grant Robinson

There's no ego like a new age ego. Its so frustrating speaking to people who, from their personal literary and experiential ouevres, should GET IT, fire up when you try and show them that it IS ALL a hoax. Who cares what Meister f..... Eckhart tells you, I don't give a tinkers cuss for Rammed Ass memes and Greg Braden bearded bollox, if anyone is still quoting them, they haven't gotten the point.

No System really does mean No System, not just a tweaked political system, not venus type projects, not RBEs, something else entirely an entirely new way of being human.

Scares the shit out of most people but the species needs to hold hands, trust in each other, take a deep breath and just jump into the potential filled unknown.

Arthur Cristian

Exactly mate..... well said.....

Harald Sandø

I agree, but it strikes me that this rant, also, is not focussing on any solution or alternatives. Focussing on the chains doesn't set us free....

Arthur Cristian

Hi Harald, Brett is fully aware of the Steps Of Kindom Remedy , in fact he has been a contributor to the clarity of insights shared freely all-around to inspire MAN (all of us) to again take FULL-responsibility for everything we think, feel and do leading to freedom, truth, peace, joy, abundance, do no harm, no loss of uniqueness/originality, no slaves and rulers for everyone and everything of nature. Once others wake up to the real tactics being waged against all of us then comes the next phase of making the essential smart steps to shift away from these "spell"-binding patterns being repeated again. We have to be patient. Waking up and getting out of bed, though connected, are two different stages to our return to paradise.

Grant Robinson

The solution is personal revolution, i am lucky enough to be in a position where that wee rant is an anthropological commentary, this person got out of the system as far as is practicably possible some fifteen years ago and certainly is not a keyboard slacktivist.

When one has lived in a tent for years, hand built a bespoke house, gathers water, food and energy for themselves as an act of devotion to nature and what it is that real humans should do then its really an objective motivational riff.

I'm not being defensive brother but you just gotta do it and navigate the evil, in the world as best you can, no, one is going to do it for you, no one.

Peaceout.

Arthur Cristian

Agreed, Grant, we have just got to do it and what you are doing is inspiring BUT, while we do it alone, we are still at risk from all the system lackeys who will no doubt be sent around to round up evil doers like you who attempt to live without "The System" as the overt control methods come to the fore, which is very likely to happen sometime within the next 5 years, more than likely, less than two years. Until we get together to do what you are doing in large numbers so that we can withstand the force of "The System" should it arrive, we do not have peace, freedom and security.

This is why we do what we do; to stop the man-made darkness that is the spell-binding destruction created by Godzilla Drones swarming over all the lands to kill everyone doing what you are doing, according to the program they operate from. Do you realise that, to them, you are a domestic terrorist, just like the Bundy family in Nevada?

They already have the "22nd century" technology in place to find anyone, anywhere quickly and easily and they are just polishing their technology, honing the fine details of their NWO plans and all the preparations for their invasions in place, all the while keeping billions distracted through their tens of thousands of INTEL shepherds, so that they are ready to go to war against us under the guise of whatever excuse they put out, whether invasion by China, aliens, civil/social war, economic collapse, environmental disasters, etc, etc.

Bar forcing them to process the curses of their "own" making, there is nowhere any of us can escape from their technology. They have laser beams, Reagan Star Wars Laser Satellites, Drones, High-Energy Pulses Directed Digitally, HAARP, highly-toxic/radioactive Enriched Uranium, amongst many many other nasties, released in the wind, water, etc, a one million Chinese Army under their complete control..... to mention just a few amongst the many other forms of highly destructive technology and man-power at their disposal.

We live to break down the reincarnation of Rome/Babylon/Egypt/Greece/etc "The System" and put a final end to this madness so that we can all do what you are doing knowing that there is no one to bring in the bulldozers and the guns. We've clearly explained everything about this and the tactics we apply. If we don't succeed you and your family will not be around to enjoy the fruits of your hard labour down-the-line.

Our victory (their war not ours) comes from inspiring white and blue collar workers to flee "The System" in massive droves while spreading out and out the consciousness of "community immunity" which is at the very heart of "The Steps Of Kindom".

The awakening needs to be amongst the congregations of people living in cities and large suburban satellite centers/towns all around-us. This is why, since 2005, we persist with the sharing of the many many Love For Life insights we work with to evoke a real major shift in consciousness (not the premeditated/engineered Intel version of one), otherwise we are all stuffed. There is much more to all this and its all clearly written out in the remedy section of our work Grant.

Grant Robinson

Indeed.

Laughing in the face of the storm.

The numbers aren't very promising unfortunately when what is required is, as you say, complete societies doing what needs to be done. Discouraging indeed when in many decades i have only personally met a handful of people and another handful on the net that truly SEE.

Although an eternal optimist, objectively i think we're f....., not extinct but some horrible fossil fuelled transhumanist, nature becoming a myth, dystopic nastiness.

But Excelsior!! nonetheless.

Arthur Cristian

The power of our dreams are most powerful Grant - everything going on is at the effect of our dreams = how we think, feel and act. We are the ONLY co-creators who can impact the WHOLE of the dream of life. Where we go with our dreaming so goes the whole of the dream of life. Where we are thinking and feeling is where our life-energy (power) flows. It's all in the intention and with that the dedication to carry out what we dream to the utmost potential of our abilities with no back doors, no cop outs, no excuses, no victim mentalities, no defeatist attitudes, etc.....

We truly love you mate

You are not alone - we are in this together.

And this is why we MUST get a working Kindom off the ground in the region where we live to be a living example of how MAN can live happily, peacefully, abundantly, healthily, powerfully, etc, and be truly free from being under each others shadows without the need for "The System" and everything of it.

This is critical.

We need hundreds of us to come together to make this happen because then all those lost to the shadows/darkness of system life with all its trauma can come for a day or more and have a direct experience of Kindom Life out of which comes the inspiration to go back to where they come from and start making massive changes in their lives which leads to inspiring others all-around-them too. This is how we break the back of the black-magic cartel.

AND, how many of us are prepared to sacrifice EVERYTHING of their lives to gift their WHOLE lives to a Kindom project, including ALL their fictional assets, etc, to make this happen without wanting anything in return = no ego-trips.

If we do not create the light there will be no light for those lost to the darkness to return too.

Kindom is a gift of life - who wants to give up everything trauma based (self-centeredness) to be this gift of life???????

Get a precedence off the ground and watch the dominoes fall everywhere that is "The System"/"System Thought" fading away from MANS consciousness to be completely forgotten about by millions everywhere, forevermore.

Is this not what you dream for???????

There is well over 4 million people within a 2 hours drive to reach the Southern Highlands where we live - a vast majority can reach a Kindom within 60 to 80 minutes. Creating a living example of "community Immunity" accessible to millions is what causes all the damage to the Freemasonic/Satanic world. With a 3 hour drive we are reaching out to 6 million people.

All this is explained in our Love For Life work and in The Steps Of Kindom.

How else are we going to make such massive change at a grass roots level that is certain to provide freedom, truth, peace, joy, abundance, do no harm, no loss of uniqueness/originality, no slaves and rulers for everyone and everything?????????

YES, to them it's an act of war BUT SO WHAT - we don't give a stuff living in fear, being under trauma anymore. We would rather be dead than continue supporting "The System" of lies and harm and deception and slavery.

We refuse to leave our children a legacy of brainwashing and slavery.

So we gave up being self-centred and started focusing on what we can do to help others. To us, it's clear that by making sure that everyone everything around us has freedom, truth, peace, joy, abundance, do no harm, no loss of uniqueness/originality (no brainwashing) and no slaves and rulers means we've got it too.

HOW ELSE ARE WE GOING TO CREATE PARADISE?????

As far as we are concerned, they will have to kill us to stop us and this is why we have been going out of our way for years exposing Intel liars like David Icke, Alex Jones, Max Igan, Santos Bonacci, Kevin Annett, Project Camelot/Avalon, Robert Arthur Menard, Mary Croft, Venus Project, OPPT, Ubuntu, Thrive, Zeitgeist, etc, etc, etc, etc, etc, etc, etc, etc,.....while subtly working our way through the many webs of Intel operations with their Intel operatives on Facebook and elsewhere to cause them to expose themselves, left, right and center.

Oh i agree but one has to assume that a vast majority of people aren't completely brain-dead. The world is cognitively dissonant. The world I dream about and bring about through optimistic action is never reflected back by culture and if what you predict may happen in the next few years happens well better dead i should think. But until that moment hope shines eternal.

What's that old saying. " Tweaking the devils beard" or sumsuch,,hehe.

Arthur Cristian

It's smart to be vigilant, discerning, informed, attuned, conscious,, clear-headed, etc, so you can sense/see shit coming from a great distance while also aligned to not being caught up with reacting to trauma in any of its multifarious forms allowing us the freedom to navigate our way out of this man-made mess without getting caught up in it.

Through sensations coming from direct experience it's amazing what the senses (touch, taste, feel, smell, hear, see) can do to awaken people from deep-spelling sleeps. We've witnessed this over and over and over again since we started Love For Life March 2005.

We are confident in saying that more than 100 thousand of us all across Earth have really woken up now. The real awakening is spreading fast. We're not claiming exclusivity over this but we have had a massive role to play in the true awakening.

We still get around 1000 emails per day. (with lots of spam) - we rely on auto replies cause it's impossible for the two of us to reply to everyone intimately. We get multi hundreds of emails every month thanking us for helping them wake up to what is really going on. These type of responses have been swelling since 2007.

FB heavily blocks us in many many ways, click counters on YouTube are heavily tampered with, our website is consistently being attacked by very clever software technology, heaps of rumours about us circulating, started up by Intel and others, is massively on the increase, all of it bullshit, but we ignore it all, don't get emotionally caught up in it, we are almost completely ignored by almost all internet radio, tv, etc, shows, etc, but we don't care cause their energy, including the rumours, ONLY feeds our living-dream - we created it like that back in 2005. Everything they do only expands the dream of life Kindom we live for.

Harald Sandø

Hehe...just had to poke you a little bit.

Grant Robinson

Remaining emotionally detached is key. When one is empathic this can be quite difficult, a loving chap tends to want to care, care about the planet, other humans, all species of things.

I rejoice at the dancing and twitterings of the dayglo pink breasted wrens here but have to remain aloof as well because some of them have tumours on their legs, tumours that weren't there before the gas arrived in this area, otherwise all consuming outrage would be the daily default.

I tend to find myself pissing myself laughing at atrociously obscene chemskies, laughing at the utter absurdity of it, that the brainwashing has worked so well that asleeple just don't see at all, I mean its ridiculous, its the sky, its in two thirds of a persons vision whenever they are outside and for 2 years now it has been obviously mangled on a regular basis; that intrinsic link to nature seems to have been severed in the mass conscious.

But I'm with you all the way man, champing at the challenge, a hundred thousand down, seven odd billion to go. Bring it on!!!!LOL.

Arthur Cristian

Grant, the key is to actually create a Kindom here and now in present-sense because this action goes right against the grain of "system thought" which is the dominant influence over almost everyone today.

Believers in "system thought" (education/brainwashing/intel programming) are thinking "system thought" will lead them out of all their current problems/issues, etc..... LOLLLLLLLL

How deluded we all are!

The Pied Pipers have done a great job thus far leading the rats away from pure sensory logic (everyday-practical-sense).

Our latest post "Godzilla Through The Looking Glass Destroyed By "Name" <http://loveforlife.com.au/node/8514> explains this deception clearly.

There is no point waiting around for others to wake up to aid in resolving our concerns when we should be the walk-the-talk action of such waking up in present-sense to inspire others to Kindom.

Are you prepared to join with other families to take a stand and say enough is enough???

If so then you and everyone else involved (committed with no back-door) needs to sell up land/homes/etc and pool all fictional \$\$\$\$ together into buying a Kindom land up here in the Southern Highlands and dedicate the rest of your/our lives as servants to the Kindom dream.

In this way, we are paving the way forward for our children and the generations to come to have true freedom, peace, joy, abundance, do no harm, etc,..... always in their lives, always present to them..... and this happened because we sacrificed everything for them to have it all

and

we did this because we gave up everything we presently got that keeps us apart from each other, keeps us as in-divide-u-alls, keeps us self-centered., keeps us greedy, selfish, etc, keeps us deeply traumatised and under the power of our masters of induced trauma, keeps us broken up and glued together by a band-aid fraud called "The System".

How else is it going to happen Grant?????

Do you think a saviour is coming to solve all this for us?????

Meaning interfere with our free-will????

Refer to the "Godzilla" post for more on this.

You see, unless enough of us sacrifice everything of our ties to "system thought"/"system lives" NOTHING WILL HAPPEN.

Unless we give up everything to serve each other as gifts of life (we no longer own anything and we don't want anything in return) to co-create a Kindom, WE ARE ALL STUFFED.

Meaning all the hard-work you have done thus far in your life/lives and all the children you/we've created will be as NOTHING. We will all be dead/killed off. THIS IS FACT.

Why, because we did not get rid of "The System" which means we did not get rid of the cartel of Freemasonic/Satanic black-magic warlocks and witches who crafted "The System" to give them all power and control over everyone and which keeps them in power.

The point is..... we must overcome all the heavily induced trauma, programmed into all of us, to co-create a Kindom so that we can break away from trauma in all its nefarious forms.

While we don't take Kindom action we are still succumbing to the immense power that our masters of induced trauma have got over us and which places us under = "system thought/habits/lifestyles/etc", leading to squabbling over land, squabbling over nature, water, etc, squabbling over whose belief system is the "right one", etc, etc, meaning NOTHING HAS CHANGED AND WE ARE ALL STUFFED!!!!!!!!!!

And they are still in power.....

Unless we set our lives free from trauma we will be unable to create the legacy of a living Kindom dream for our children and the generations to come.....

Co-Creating a Kindom out of destroyed nature thanks to agriculture, animal farming and other terrible "System Thought" practices, means we all get to have the very best of everything - it is a win-win situation for everyone. Do we have to jump ten feet across a room to grab our next breath???? Of course not, we've already got it all. Same with freedom, peace, etc..... why are we fighting for freedom when we've already got it???? Isn't it smarter to start using our freedom to co-create Paradise with each other in present-sense, which is all about using our FREEDOM-WILL (not Free-Dumb will) to turn our backs on "System Thought" programming forevermore???

All the good primary vantage spots/locations, coastlines, etc is for everyone to enjoy.... We turn all the shit we were responsible for causing as consumers/materialists of "The System" back into Paradise.

What we are all dreaming for will come from immense sacrifice and incredibly hard work, working very long hours to construct a Kindom demonstrating how hundreds of families can live peacefully, happily, etc, without "The System" and have this spread out and out and out and out.to inspire everyone everywhere....

Grant Robertson

Yes again but i have already done it and come out the other side, you have named it kindom then that is what we shall reference it as.

My cynicism stems from this, i have offered free land to soooooo many people over the years, nothing but a pure gift so that others can be as free as possible living on the land etc etc etc and its all talk no walk. Always an excuse to stay embedded in the system, always. Even the group of people we originally planned to set up with piqued and we have done everything by ourselves my lovely partner and I.

There so much talk of oneness and sustainability and earth friendliness but nobody wants to put in what I know from experience is ball busting work. Sure many would come straight out here if there was a cabin to move straight into and established gardens to enjoy but the massive pile of tyres i have collected to build earthship structures for a community just isn't good enough, better to bitch on the internet and sign petitions than sweat and bleed and starve for what they believe in.

Do you, as we, marvel at your own strength of character in the face of a massively daunting and evil world?

Totally valid question. What does one do?

To wake up seven million? No idea but an event of some kind that is un-manipulable by the media, undeniable in its veracity and experienced by everyone on the planet would be nice. Foregoing such a thing, change as many minds as one can through word and action, cancel whatever evil insists on oneself with the opposing force easily attainable to people who are "awake". There is probably a thousand names and words for this force but no evil intent here shall pass (probably evil intent with M16s and anti personnel mines when the final dice is rolled),,,,,,l o l....

Fraught times my man, both exciting and terrifying.

Arthur Cristian

Grant, we're talking about setting up a Kindom close to Sydney and not too much further from Canberra (2 hrs max) and roughly 3hrs from Newcastle, 2.5 from Central Coast, 50 minutes or so from Wollongong. We feel/sense strongly that outside of peak-hour traffic, a Kindom around 60/70 minutes drive-time from a majority of Sydney homes is ideal.

The further and further we get out the harder and harder it becomes for people to make an effort of coming for a day trip to experience what we are doing.

Kindom is a marketing PR campaign too - it requires a working model positioned correctly in the market-place so that it can deliver a service (remedy) to a market place most consumers dream for but have been led through discombobulated system thought to think that Kindom is Utopia, something that is out of arms reach = unrealistic.

We have to break this presumption - break the shackles trauma has over paradise.

As you say, if men and women can come and experience people living this way it will have a huge effect on them.

Spreading "Community Immunity" through the hearts of men, women and children is what brings down "The System", is what stops FORCE coming right out into the open to kill thousands of us because harm done to one is harm done to all. We come together to stand up for each other. This is the most critical gulf of trauma we have to (MUST) heal if we are to succeed in getting rid of reactions to trauma. When it is ALL out in the open for ALL to see, they are all SEEN as the nasty evil-doers they really are.

As we often say in our Love For Life work, "Remove MAN from land and you turn men and women & children into slaves under-the-standing of others telling them how to think, feel and act". What are we without land? We are slaves. With full-responsibility/liability, all men, women and children have the creator's "natural rights" to care for land, to care for water, shelter, food, etc.

FULL responsibility is key here, FULL responsibility for everything we are creating in our lives and the lives of those around us, meaning that we don't do harm and we don't deprive anyone of any of the virtues of love. We have been taught to live under limited liability in "The System" as suits our slave status but living this way only begets more of "The System" which comes with the trauma and all the negative, destructive, anti-love e-motions . A hectare of land is enough for each family to care for and be free to pass on the inheritance of that land to their children and all descendants without ever selling or buying land.

For more on this read: **Capturing Another MANS Uniqueness** <http://loveforlife.com.au/node/8414> - **The Spell Is Broken Taking The Land To Create Kindom:** <http://loveforlife.com.au/node/8365> - **The Divine Spark:** <http://loveforlife.com.au/node/8483> - **The Steps Of Kindom:** <http://loveforlife.com.au/node/8304> - **Control The Land And You Control MAN On The Land Displace MAN From Land And You Turn MAN Into Slaves:** <http://loveforlife.com.au/node/8237> - **From Bare Dirt To Abundance A Year In The Life Of The Love For Life Food Forest:** <http://www.youtube.com/watch?v=1sJCCvZ97A>

This gulf of trauma is what stops us getting together. It is all our reasons and excuses as to why we can't move, get together with people who are not family or close friends, can't afford to do anything, have too many other commitments, etc, etc. If you look at "The Steps of Kindom", you will see that the first steps are all about learning to

let go of our trauma because that is our biggest obstacle, an obstacle designed and engineered by those behind "The System" as their greatest tool against us.

The reason for doing internet work, music, documentaries, etc, rather than just get on a piece of land and start putting the hard work in, is so that people learn to recognise that they are traumatised and to recognise the ways in which those behind "The System" try to force trauma upon us day in day out, so that they stop falling for the manipulation.

You say you have offered land to many people and yet no one has come. Doubtless they have their reasons - all trauma based. In the same way, we have spoken to many, many, many people who are extremely inspired by what we talk about, and yet so far, we have only one woman with us permanently and some who have come and gone for a few months here and there. We also have supporters in the region and further away who help in ways that they can but no one is here with us putting it into action. Why? Trauma, trauma, trauma....ego, ego, ego. (Trauma is ego)

Also, it is as you say - people might be more inclined to come if you had the cabin ready built for them. In the same way, many people come to visit us looking for their ready made paradise but, of course, it doesn't work that way. They like many of the things we are doing but..... it is not perfect so they keep moving....and moving....and moving. For them to live in Paradise, they have to be part of the co-creation of Paradise.

At some point, we have to stop and say, "Ok, let's do it, here and now with whoever is around and willing." With that intention, we are well on the way to co-creating Paradise. Life under "The System" trains us to expect things to be done for us - all the benefits of slavery! We give our times freely to those who call or write, but most of the time they are contacting us because they need/want help, not because they want to offer something to what we are doing. Those that do want to offer something stand out a mile for their generosity.

We are all so compromised - we are not having a go at people because we comprehend how compromised everyone is because we are compromised too, but if we don't start doing something about the rift between us, nothing will happen.

Our greatest attack on them is to do what they have been working so hard for generations to stop us from doing all this time; getting together in large numbers, putting the egos to one side and getting on with it. The priests have had this planned for a long, long, long time and it is working right now. Look how they have eroded our relationships with families, communities, etc. There are so many people sitting on the fence waiting for something to show them that there is a way of living that is not system based.

We feel that, once we have a living, breathing example of men and women coming together and making it work, it will spread like wild fire across Earth.

Let's think, what is better? Living as a tribe, all taking care of each other, building each others homes, growing massive food forests, allowing our children to interact with nature and animals, living cleanly, recovering our health..... or getting up, going to work, shoving the kids into school, rushing round with after school activities, sighing over the bills, sitting in traffic jams, visiting the doctor for a top up on the anti-depressants and feeling lucky when we manage a bit of R and R and a few beers to forget our stress and worries. It's a hard choice isn't it?

So why are we all still choosing the second option?

Michael E. V. Knight

Arthur in the kingdom while the current system still exists, won't we still need to use money for things like property taxes?

Arthur Cristian

NO. Either it's gifted by someone or paid for buy supporters outright as a gift or if we grow as a focused committed trauma-free group, clear/clean from processing curses of our "own" making, then we'll just find and take land right out in the open for all to see without harming/injuring anyone, as a gift of life to serve the dream of life/nature/earth/MAN.

Regardless of how it comes about we force all the priests, their loved ones, families, beneficiaries, etc, etc, to process the curses of their "own" making, in fact Arthur is already doing this to them for more than a year now. Refer to articles and a video on this subject found in the sequential order.

Once land is taken we notify all the priests that the land has been removed from under their parish standings (no more land-title-deeds = sinners processing curses) and we make it very clear to them that if they still want to claim administrative rights over the land, the curses (lies) of their "own" making instantly intensify moment by moment faster than the speed of thought forcing all their families, loved ones, networks, beneficiaries, etc, etc, including themselves, to experience a raging occult-fever-fire that burns and burns and burns inside their bodies (it is all their demons burning) until they drop-dead or have completely let go of all the lies and are fully-supporting a do no harm way of life, which means they have to make WHOLE with everyone they sought to harm or caused harm throughout their lives.

Again, this is all clearly explained in the articles and in the Name Is The Mark Of The Beast Video....."

Arthur knows of at least 20 families in law all now "dead" by curses they were forced to process of their "own" making. Nothing to gloat about or discuss as these matters are between Arthur and these families, going back over these past two years. This is an intensely passionate and committed outcome/matter. There is no beating around the bush (so to speak). The articles and video touch on this too.

This will ONLY work if you are trauma free and your intentions are pure and sincere, and you are dreaming this process in present-sense, completely focused, certain and unyielding without doubt.

Arthur does not create curses - Arthur forces curse-makers to process (fully-experience) the makings of their "own" curses in present-sense (no "time-cods" used as sanctuary for them).

Arthur honours and respects their free-will to dream whatever BUT Arthur makes sure they cannot deflect or hide or avoid taking full-responsibility for all the intentions behind all their creations = thoughts, e-motions, actions, set into motion in present-sense), thus forcing them to fully-experience the outcomes of their "own" makings, schemes, etc, in present-sense, in their physical bodies.

Money is the current----cy (see/sea) of the curse being processed by the cursed (the sinners) within a Satanically engineered "time-code". Since this madness began, the high-priest-hoods/priestesses perform many types of rituals and "practices" to avoid curses coming back on them and their loved ones, etc..... This has all changed now - none of them anywhere across Earth can escape the dream Arthur has created for them and their families, etc, etc, to fully-experience in present-sense.

No taxes to be paid, no obligations to local, "state" and federal govt dept, agencies, institutions, corporations, etc, etc, ALL GONE. Read "The Steps Of Kindom", particularly the "Mud Room".

Grant Robinson

Good luck to us all.

Arthur Cristian

From this thread: <https://www.facebook.com/arthurcristian/posts/10203437889295987>

Toviyah William posted this on another FB thread on Arthur's FB wall.

To us, the comment is SPOT ON.....

"The first man who, having enclosed a piece of ground, bethought himself of saying 'This is mine,' and found people simple enough to believe him, was the real founder of civil society. From how many crimes, wars, and murders, from how many horrors and misfortunes might not any one have saved mankind, by pulling up the stakes, or filling up the

ditch, and crying to his fellows: Beware of listening to this impostor; you are undone if you once forget that the fruits of the earth belong to us all, and the earth itself to nobody.' -Jean Jacques Rousseau

Accepting their production of life as truth, using their (intellectual) stuff, and agreeing to be who they say you are, may be some things to try and not do. And stop volunteering to go to their prisons."

Arthur Cristian

From this same thread: <https://www.facebook.com/arthurcristian/posts/10203437889295987> - we replied to Parast:- Parast, we do not claim to be perfect and can only write as we can write. Could we write more clearly, more concisely, more eloquently, etc, etc, etc? No doubt, were we better at writing! We write as best we can - we cannot do better.

We have come up with another section that we will put in Godzilla that will explain things further. While we cling onto ownership of land, we remain in the hole of trauma that is the Go-spell. Most of us are in deep denial about our trauma but the trauma can be seen in the way we are still looking for others to get us out of the mess. It is the addiction(reactions) to the trauma that they don't want to give up. It is like people who smoke saying they want to give up but still buying a packet of cigarettes.

As Rousseau say, the moment we pull up the stakes and give up ownership (reactions to trauma) there is NOTHING left to believe in to fight for. There is nothing to do with ownership that can effect us anymore. This is the challenge sanitise has to confront and heal. Sanitise is still clinging to the reactions to trauma that sanitise undergoes because sanitise is still addicted (reactions to trauma) to "The System" rules and regulations as can be seen by the fact that he is focusing on them.

Reaction to trauma = IMAGE POWER, being under-the-standing of another MANS image power, being at the effect, the pull of -emotion, of that trauma of that deceptive lie.

Image Power = storytelling. or re-presenting the "intellectual property" of that storytelling under the image power (pull of e-motion) of that trauma.

Arthur Cristian

Earlier reply to Parast.... Greetings Parast OO. To us, the waking up is your full-responsibility. anything less than this is just passing-the-buck = reactions to trauma. It is your LIFE as it is "santised" Life and is why we respect your free-wills. We don't place emotional blackmail scams on others just because we have something we want back from them as in obligations/contracts/etc, meaning we are NOT manipulators. We refuse to con others into exhausting their life-force energies for our "own" gain, be it with or without full-disclosure.

We refuse to create controversies where there isn't one and we refuse to kidnap another's character so that we can impersonate their intentions, thoughts, feelings, etc, making out that what we "claim" is coming from the hijacked victim's character/life. If we did this, it's obvious that we would be lying because it's clear for all to see that we made it all up out of thin air = caught red-handed. .

The Love For Life work we've created is there for those who wish to take drinks from this pond without conditions attached. We are not your or anyone's saviour or rescuer - we're not saying that you imply/intend this, we're just saying it anyway to make things clear.

There are other ponds out there to drink from, the best one being the use of your "own" brain through scrutiny, and going where the logic of truth/sense (do no harm) takes you. You are unique and original, why would we want to force you or anyone under our image power????

Also, we will continue to create Love For Life work to share the inspirations of the insights we connect with. We are not interested in conflict which happens when people place expectations and e-motional ties upon others and that's because they don't want to take full-responsibility for their WHOLE life, for everything they think, feel and do.

Out of the thousands of emails & FB, YouTube & Love For Life comments, we receive every "month", there is always the possibility of someone over the years slipping through the cracks - however your "Parast OO" and pastvelon/past velon does not ring a bell with us on Facebook or elsewhere.

There is also the mobile phone to ring if you really needed to make contact with us. We do have many chats each week over the phone and you are most welcome to give us a call 0418 203204 (0011 61 418 203204) during the day, after 11.00am and before 5.00pm Sydney Australia time

You can also write and ask questions here on Facebook. However if you use the Oxford dictionary meanings to words you will find that posts like the one we created and posted in this thread, in English are very very clear, as clear as a cloudless sunny "day". Over the years what we find with people having difficulty with our intentional writing style (we don't create "spells" too force others under our image power as we are not "spellers"), is they are filtering everything they are reading through a belief system.

When situations like these arise and it happens regularly we say it is best to stop trying to survive/protect a belief system by disregarding/blocking-out every image/thought that does not fit into it and instead do the opposite by putting the belief system to the test of scrutiny using "new" information to see how it stacks up. Since we started Love For Life March 2005, we've not yet found a belief system that stacks up because they all get exposed for the lies they contain which obliterates the whole belief system.

Thanks for writing to us and we wish you and your family all the best.

Arthur & Fiona Cristian

Arthur Cristian

Grant, there is NO luck in anything we do. We create exactly what we dream for - there is no luck in this because luck implies less than full-responsibility = chance, uncertainty, powerlessness, emptiness, lack of full-responsibility/liability, etc, etc. To us, luck really is a cop out as it is rooted in reactions to trauma. Living the dream is being (in) the dream - there is no luck here - it just is a choice derived of our free-will. There is no luck in going to Kindom. Going to kindom is all about making it happen in present-sense with no cop outs including waiting for others to come along to make it happen = saviours, messiahs, rescuers, etc.....

Grant Robinson

We all go where truth takes us so that we all learn together what it is going to take to raise the bar of our attitudes, habits, etc, with the intention of meeting truth head on in the way we live and stand for truth which can only benefit everyone and everything around us in present-sense.

We have to all keep facing the reality of just how deep our trauma based shit goes so that we can all help inspire each other to clean it all up so that no residue of "system thought/life" appears in our thinking to give it power with our lives = expanding and expanding and expanding our consciousness = moving further and further and further away from "The System" = moving closer and closer and closer to Paradise until all is Paradise all-around us and all because we changed the way we used to think, feel and act which held us back from living and experiencing paradise in present-sense.

We're not having a go at you the MAN Grant - just putting the challenge out there to co-create Paradise (Kindom) here and now. We truly love you mate

We received this email today from Irene:

Moon Research: <http://www.groundzeromedia.org/tetrad-a-blood-moon-in-the-grand-cardinal...>

We replied:

Hi Irene, to us, everything of nature is the reflection of MANS intentional dreaming. The moon and all other celestial bodies are the same. Apart from our free-will, we (MAN) are not at the effect of these "celestial bodies", instead it is our free-will that instructs celestial bodies to show up the reflection of our thoughts, feelings, e-motions, actions, intentions we've collectively set into motion through our ancestors, us and our descendants and be at the effect of. We are all at the effect of MANS consciousness. We are all fully-responsible for everything happening to us.

There is no one else to blame for being at the effect of whatever is going on "out-there" because out-there is just the "in-there" of our collective dreaming that are the intentions of our thoughts, feelings, e-motions set into motion by us.

Unless we want to continue passing-the-buck/coping-out for what we've co-created together, we can't blame anything or anyone for our situations no matter what. We are all fully-responsible for everything going on, known or unknown, conscious or not, so there is no point passing the buck to Astrology, Numerology, Aliens, Gods, Messiahs, Saviours, Prophets, Higher Power Interventions, etc, etc, because they are all MAN-made and come in the form of MAN'S making, be they UFO's, Reptilian Shapeshifters, Virgins From Andromeda, Guru's, Scientists, Politicians, Judges, Barristers, Lawyers, Educators, Academics, Professors, Experts, Astrotheology, "Oneness", Channelling Higher Beings/Forces/Powers From Other Realms Invisible To Our Senses, and all the stages, props and MAN-actors in costume and title that come with every one of these man-made stories etc....

We are all at the effect of each other, nothing else is going on. Those who know the truth about this deviously go about manipulating their brothers/sisters so they can continue setting themselves up as the authority with power and control over the rest of us. To us, it's all man-made bullshit.

Until we wake up to the fact that we have to make the changes to the way we think, feel and act if we are to change the situation around us, we will be stuck in this man-made hell until it ALL completely implodes of our "own" making.

Giving up our lives while we look into politics, law, etc, is only useful when it shows us how we have been trapped and will continue to be trapped until we use our lives to walk away from this nightmare. Once we recognise the how we have been conned, recognise the psyop tactics being used to keep us giving our power away, which happens only in "The System", it is "time" to turn our backs on "The System" and learn to live without it. This is the ONLY path to freedom.

We received this email today..... (sanitised) asked: "Can you answer a question for me please Arthur, as it was images and 'creatures' I discovered in photos and firsthand using infrared lighting and cameras, of which started me off on my journey of discovery three years ago, do you believe in spirits/demons/entities ?? Either multidimensional or otherwise? As I know the Freemason doctrine is a lucifarian/satanic cult, do you consider the Satan/Lucifer aspect an ideology or a supernatural entity (s)??? As I have my own theories based on my own experiences/accounts with what I've studied via the Sumerian tablets, occult teachings, religions etc...any view you have on this subject would be warmly welcomed, as I've waded through an ocean of bullshit to find a feasible explanation that fits with my own accounts, and encountered a great deal of storytellers and agents."

We replied.....

(sanitised), to us the one thing we are very clear about is everything going on is MAN-made FULL-STOP... EVERYTHING. Through the water of our breath MAN has the power to set any image into motion and there it lingers to effect other men, women, children, depending on the intentions (craftwork) of its maker/makers.

We always ask, what does such and such image do for the dream of life that aids life in rolling along here and now?

What of nature needs them to exist so they may exist?

Where are their ancestors buried?

Where do their children play?

What is their physical address so we can visit them, have a bite to eat and drink while sitting around a tree having many a laugh????

Can they set their own image into motion as in do they they have free-will?

Do you comprehend?

You see, if they do not have a natural purpose for the dream of life then it's just MAN-made craftwork, the intention behind the dreaming up of such non-sensory images is to mess with your head as in Psyops programming.

Be sincere when you contemplate on such questions while observing these images..... spirits/demons/entities, creatures, etc, etc, Sumerian Tablets, supernatural entities, etc, etc...

Do they make you feel very happy, content, peaceful, centered, clear, focused, not-drained of your life-force-energy, etc, etc?????

Do they inspire you in celebration of nature, the joys and wonderments of a seed bursting forth the stem of a bud that blossoms into a magnificent flower full of wonderful aromatic scents, colours, texture, etc.... The beauty of a new-born puppy or foal or lamb or tiger, etc, the exquisite beauty of their ears, their eyes, the perfection of the dream that they are that makes your heart sing....????

Do these images make you feel trauma free?

Do they make you laugh?

Can you interact with them?

Or is it just that your brain is the only thing giving any energy to the situation and there is no energy coming back from it to you? Only fantasy, illusion and delusion as you fall into self-obsession, conned by the images into giving up the virtues of love for your brothers and sisters of life and of living-nature all-around-you.

Yes, thought forms, apparitions, etc, can be dreamed up and appear to exist, though never for long. Many people who have been victims of Satanic ritual abuse have reported seeing huge heads rising up from the floor and similar, but these are all man-made apparitions, dreamed up by those who depend upon us being scared and enslaved, confused and distracted.

We also say: "Bring Forward An Experience Without Any MAN Being A Party To That Experience"? NO ONE CAN and we've challenged tens of thousands of men and women to back their claims that something else other than MAN exists behind whatever they claim is alien, reptilian other-worldly, UFO'S, Crop Circles, Santa Clause, Easter Bunny, Tooth Fairy, etc, etc, etc..... This clearly shows us that everything is MAN-made. We are the ONLY ones to the experience (direct-experience), and therefore we are all being manipulated, tricked, conned, etc, by our brothers/sisters not providing full-disclosure as to their image-power craftwork and the true intentions behind their creations.

We also ask..... where can children not exposed to "The System" or exposed to anyone who was exposed to "The System" (with all its brainwashing) go anywhere in nature to experience and learn about such information, including all the sensations of that experience, without anyone having to explain it to them? Would you have learnt anything about these images had you not been exposed to "The System"?

To us, we can sense clearly what is really going on and move on. We refuse to entertain such non-sense - we do not want to give non-sensory images our life-force-energy to charge them with our real lives to give them power through the water of our breath and thus effect others out there vulnerable to the seduction and distractions of such Image-Power that is of such non-importance to what the dream-of-life is really all about. The garden/nature is far far far far far far far far far more appealing to us in every way imaginable.

Russell Williams

I suppose the Hermetic principals of Natural Law is all lies too is it??

Edward Tan

I agree 100%, but could never possibly hope to be so eloquent. Thank you, Arthur.

Arthur Cristian

Russel, please bring forward the sensory-living first party "Hermetic Principals' to back your claims and we're not talking about some (sanitised) dumbd drone idiot acting as a 3rd party on behalf of "Hermetic Principals" who so far can't act of its own free-will as a first party cause it does not exist to have free will to do so.

Prove otherwise or please shove "Hermetic Principals" right up your (sanitised) as far as you can shove it cause that is where it belongs with all the other esoteric occultist bullshit you continue dredging up and throwing our way.

As far as we are concerned you have seriously LOST the plot Russell.

The demonic world possesses you extremely well.

Do enjoy your tour and long-term stay in HELL, it's obviously what you want and lust for.

We say this not to harm you the MAN, we're just talking as a straight shooter - we have no interest in you liking us or having others like us because of bonds with common "beliefs". When we see shit ("Hermetic Principals") IT'S SHIT.

Russell Williams

The energy you've just displayed sums it as well as I thought you might. I do wish you the best, cause I know you mean well, but when you think you're the only one who has it summed up and everyone else is disinformation, is a red flag in itself. And by the way, I've chosen not go to hell, why should I? All the best. Jesus bless you..

Arthur Cristian

If you can't bring forward the 1st party "Hermetic Principals" then its clear it is a lie and that believers re-presenting "Hermetic Principals" are lying. Lies and liars will only keep us trapped in lies. "Hermetic Principals" is a lie and this alone is sufficient proof of fact.

Note: belief is not proof of fact. Re-presenting intellectual property (belief) is not proof fact.

If you don't like the energy (the real living light) of truth being shared here then we suggest you (sanitised) off and enjoy mixing with all those other liars who provide the illumined light (the fake/lying light) of your likeness.....

Arthur Cristian

Do you really think a little lie here is acceptable and a little lie there is acceptable?

A little bit of poison (lie) in a lolly child won't hurt you and little bit of poison in that soft drink is ok and little bit of poison in the corn flakes won't matter and in a little bit of poison in the town water is alright and little bit of poison in this and that and this and that and this that and this that IS OK RUSSELL,?

When does "COMMUNITY IMMUNITY" kick in to stop lies and liars from spreading more and more harm all-around?????

Please answer the question and please don't run away from it.

This is where we are coming from but obviously you don't give a (sanitised).

DO YOU?

We stand up as "community immunity" - What about you Russell??????

Russell Williams

Well I think this might be better as it's an easy read with hermetical principle spread throughout. Charles Haanel's "The Master Key". <http://www.mensenrechten.org/masterkey.pdf>I'm up to chapter 22 of 24 weeks of study and I'd go as far as to say, it's definitely a part of missing equation of that which robs our species and much of what you convey in your messages. Hope you take the time to peruse and further research as you see fit. Definitely a gift to humanity IMHO.

www.mensenrechten.org

Arthur Cristian

There is NO first party here Russell, we just have storytellers (liars) peddling lies. Arthur read massive amounts of Hermetic philosophies back in the very early 1970's when he used to go to the Theosophical Society for many many years.

It's obvious that the penny has not drooped for you.

One little flower popping up on the side of Sydney's most busy highly toxic road will provide MORE truth than all the combined literature found in the "assumed make believe existence" of all the libraries and book shelves found across Earth.

How about that Russell.

Why is this so Russell???

We let you in on something here..... It's called DIRECT EXPERIENCE with a sensory-living life-form that has a natural purpose for the dream of life, something that all books that pretend to exist cannot offer or are able to provide life for the living and never will.

Russell Williams

This link. <http://www.smashwords.com/books/download/129317/1/latest/0/0/the-master-...>

Russell Williams

Arthur, I'm not your enemy at all. Just agree to disagree with your views as yours of mine. I want the world to be a better place too. I don't even know if we'll survive much longer..seriously.

Arthur Cristian

Russell, we have to help each other withdraw from all forms of lies (anti-life/anti-truth) until all that exists is truth (light/life) all-around. We are addressing a living creation in present-sense and NOT a story of a living creation that will never exist in present-sense and will never have the presence of life to be present amongst the living.

Books and whatever is scribbled on them does not provide life/light/truth for the living.

The shadow of Russell is NOT Russell.

The reflection of Russell in the mirror is NOT Russell either.

There is a MASSIVE difference here.

Do you not want to comprehend this in its entirety???

Representing the thoughts and ideas of others (the shadows/reflections) is what hijacks us, is what causes us to give up who we really are (ORIGINAL UNIQUE MAN) in present-sense.

When we fall for such story-telling we are now under the IMAGE-POWER of other men and women who act to impersonate us, to perform as impostors of who we really are.

THIS IS FACT!!!!!!

What we are describing here is demonic possession/possession in practice, the "practiced" "craft-work" of black-magic (sorcery).

Eating an organic banana from a banana tree untouched by "System Life/Thought" is very different to eating a banana that was severely interfered with by other men and women whose intentions (dreams) were to force their image-power over those who eat these bananas from the trees they "claim" to possess as theirs and with the justification to do whatever they want to do with them..... meaning they do not give a (sanitised) about you, or your children or anyone else.

Is this not the reality of the "world" that is "The System" all-around you here and now which has you say " I don't even know if we'll survive much longer..seriously."????????????????

Russell Williams

Personally, I found Haanel's writing to be the most beautiful, clearly descriptive, sane, loving and intelligent on the perceived Laws of the Natural Universe I think I'll ever read. I never felt slightest deceived or subtly threatened by its content. If anything the only threat was what I chose between my ears. The rules of these immutable laws by which the he succinctly describes will have a profound effect on me eternally because it fits all the missing parts of the separated person I was. But that's me man. I don't have a problem with it at all. If anything else I have great peace about it. No regrets. None! Peace out!

Arthur Cristian

Russell, where can children go anywhere in nature to learn all about this without anyone having to explain it to them?????? Refer to the post for more on this.

Arthur Cristian

Please refresh this webpage as we have edited and included more info in the comments above as well as a quick grammar clean up..... yukkkk.

Arthur Cristian

Russell, the "ILLUMINED LIGHT" (shadows/reflections) is NOT the LIGHT of TRUTH.

There is NO direct experience going on here!

The illumined light is man-made information not created uniquely by you and thus you have forsaken the creation and expansion of the original MAN that you really are for a fake.

All of MAN was dreamt to be unique and original.

You are being seriously and severely misguided - bathing in the illumined light causes you to completely disconnect from sensory life-forms all around you.

"The System" is con-structed ONLY out of conned men and women (MAN) acting as fakes/pretenders of MAN.

Russell Williams

The children only have their parents and others, who are aware enough to know and understand what the laws of the natural universe are and how it functions with everything.. Given the current situation the collective species finds itself, it's highly unlikely it will survive its immediate future unless it chooses to change where it wants to go, by removing itself from this deceptive control system. Because of this, you'd agree 85% of the populace is on the brink of insurmountable implosion. Very sad indeed.

Rod Frape

Hi Arthur. How would you explain what some of my Christian friends would say is 'demonic possession' of someone?

Arthur Cristian

NO, all parents in "The System" were too (sanitised) up to realise the truth that NATURE and ONLY nature is to bring/raise up our children. We were never meant to educate our children about anything. Yes, we can ask them questions but we do not instruct them, brainwash them, provide them with answers, etc, etc.

All children were dreamt to be unique and original - how can they be unique and original when their (sanitised) parents (this includes us) and all others around them in "The System" got into their heads and filled them up with all the "storytelling bullshit" (re-presenting "intellectual property") we were all fed with and which our parents were fed with the same bullshit hand ("SAMENESS") we call "The System" education.

Arthur Cristian

Rod, please read the posts provided in the "Sequential Order", particularly those written over the past few "months". It's all explained very clearly.

Rod Frape

O.k, thanks, will do.

Arthur Cristian

Rod, the one on "Revoking The Ego" explains some of it as does "Slave To A Name" and "Image Power" and all the others to do with curses/processing curses.

Russell Williams

The Trivium and Quadrivium, the real educational tools deprived from people. Heard of it Arthur?

Arthur Cristian

Rod..... "How The Psyop Program & Intel Networks Are Messing With Your Head " and "Psyop Programming At Play" and "Storytelling In-To Wonderland Through The Looking Glass As Alice "NAME" and "How To Detect Intel Operatives Working For The New World Order Agenda" and "Free-Dumb For All " and "Educated Slaves" and "The Only Path To Freedom Beware The False Steps" and "How MAN Commits Spiritual Suicide" and "How The System Is Really Constructed Bouncing Back Curses Upon Curse Makers To Stop Harm Forevermore" and "Processing Curses - A Lie Is A Curse - Liars Process Curses" and "The Pull Of E-Motion".....

Arthur Cristian

The trees and the birds and the clouds and the rain and the crickets and the owls and the ducks, and the grass, and the wind and the sunlight and the dogs.....

HAVE YOU HEARD OF THEM RUSSELL??????

Nature is what has been REALLY deprived from the "people"!!!!!!

Russell Williams

Haha. Now you got it.. The Laws of Nature. Now we're back on the same page. Hallelujah!!

Arthur Cristian

But do you comprehend the massive difference between DIRECT EXPERIENCE and a 3rd party Re-PRESENTING the "storytelling of a "direct experience". One is REAL while the other is just a shadow of what is real..... = FAKE!!!!!!

Ricardo Almeida

Excuse me from jumping in here Arthur and the rest, but my take on it to this point is that simply how can we really believe anything in a book? A book written by somebody else. Doesn't matter who they are or were. Their status. Nothing. ITS A BOOK. I have watched and read many things across the board and a lot of stuff, when I look back now, I can see its all "intel".

I have come to find that for everyone within the system there is a "program" if you like or a good guy so to speak who will talk about one thing, be it aliens, numbers, symbols, religion, etc, etc, goes on..... they've got it covered.

Now they all talk until they're blue in the face and I can think about all of it until I'm blue in the face, but none of it I take as truth, and I don't because while we might come across new things that make sense and we get all excited, I found it all makes sense because these "good guys" are just pointing out to us whats there in their dead world anyway, it's like the show, magicians greatest secretes revealed.

"All Illusions".

I also seem to find that all the shit they talk about is just shit as it hasn't helped me be truly free, might help me notice a bit more than normal whats going on BUT, I am not at peace, or in peace, I see the world around us being destroyed, and I'm helping in being part of the destruction, I see how we are all just going through the motions like a robot.

The system and everything in the system is the problem.

WE are the problem.

WE are what keeps it going. I've sat and watched nature for the last few weeks, and its perfect. Every living being/animal/plant, everything has a natural equilibrium with its surroundings. Nothing goes to waste, no destruction, no distortion, no bullshit. It's all there to teach us if we would just actually look.

We all might have our eyes open but we don't see whats really there. We only see what we want to see and what we are "taught" to see. I ain't going to wait for any government, any system to help me, no saviours, no aliens, no magic, nothing is coming to help us.

We need to do it ourselves.

The best thing that has ever happened to me was to meet Arthur and spend time with the family. The small stay I had was enough to show me, and flick the switch, light bulb moment.

Arthur Cristian

All Intel act as imposters of what is REAL!!!!!! = FAKE - The greatest lie and liar is the one closest to the truth - they cause the greatest damage of all.

REPEAT The greatest lie and liar is the one closest to the truth (the shadows/reflections they cast as truth) - they (their storytelling = the shadows/reflections of what they "claim"/"believe" is truth) cause the greatest damage of all.

Rod Frape

Thanks Arthur, i will have a read of the posts you have mentioned, but may i ask, are you able to briefly sum up what 'demonic possession' is according to your viewpoint? Is a 'demon' a separate 'entity' or is it man made? I hope i understand what you say about bringing forward the third party (and i don't know of any 'demons' that have yet been brought forward by my friends, although they tell me they know of people that have suffered due to new age practices) but this would be hard to do if indeed they or it are non physical 'beings'....

Arthur Cristian

Rod, a Demon is man-made. "Slave To A Name" gets into this. Please be patient as you go through these many recent posts as we are doing the very best we can to describe the big picture we see/sense it to be, allowing others the ability, in their unique original ways, to make sense of the brilliant Freemasonic/Satanic deception at play, their "practiced" "craft", which has had multi-millions of us deceived into accepting demon-possession so that the demons rule us. Each post is like a different window looking into the same bullshit Freemasonic/Satanic agenda.

Russell Williams

Ok Arthur, let's change the angle somewhat. Who is and what is the real significance of who Jesus Christ supposedly is or isn't?

Jaba WS

Jesus is just a cult figure, so people can dispute who he was!

Arthur Cristian

Exactly Jaba

Rod Frape

So, if a 'Demon' is man made, what is 'it' that causes the alleged 'possession' of someone to 'appear' to be under the influence of something else?

Jaba WS

Traumas! Every lie is a demon in our head! When physical abuse or shock is the trauma ... we can create all kinds of creatures! Where the attention goes, the energy flows!

Rod Frape

There are people who would say they have been saved from Demons/Satan by turning to Jesus. How would that be explained?

Ricardo Almeida

Demon/Satan/Jesus whats the difference....?

Jaba WS

From cage to cage ... church is worshiping Lucifer! People can "feel" comfort in a illusion! they say they got saved but are scared from hell and demons!

Rod Frape

! think they might say they use the 'spiritual armour' they have gained to ward off these things and would know not to follow any practices that might open them up to these things. This is what i have been told in conversation, and not by my own experience.

Arthur Cristian

Russell - So this almighty Jesus comes to Earth re-presenting the "Son Of God", the God of unconditional Love that are ALL the virtues of Love set into motion in present-sense = compassion, empathy, generosity, trust, commitment, honour, respect, gentleness, kindness, sincerity, purity in intention, nurturing, do-no-harm, peace, freedom, truth, joy, abundance, no loss of uniqueness/originality, team-player, equality, fairness, justice (not just-us), no slaves and rulers, no hijacking of free-will, unconditional support, certainty, etc, etc, etc, etc, and full-responsibility/liability (that is what the word "God" means to us) for everything we/God think/thinks, feel/feels and do/does.

How will this Jesus show up to be in every-day practical-sense, this FULL-embodiment of God without sabotaging, undermining, etc, ANY of the virtues of unconditional love that re-present God's almighty glory?

Unconditional love is true freedom, is the embodiment of free will. There is no free will when love and life is conditional. This is not free will.

How can a Jesus/JeZeus come and wave a magic wand to right all our sins without completely invalidating our freewill?

If this is what we hope for and accept, we are saying that our almighty, all loving God is conditional, is less than love and wants us to be less than God, less powerful, less conscious, less loving than God, preferring to keep us as puppets on a string = slaves to God, sucking on the nipples of God like weaklings, incapable of standing on our two feet, in-valids. This means that we have all been invalidated from the moment of our creation - what kind of God is this???????????????

And just how pleased is Jesus going to be when he realizes that he died in vain, that we are causing even more havoc to Earth than God created from unconditional love than before, and that we are so greedy and selfish we would rather destroy everything, including our bodies and who we really are than do something about the destruction we are causing??????

We would rather eat chocolate and Maccas, smoke, drink and take drugs, build filthy factories that spew out poison and indulge in shadow thoughts than clean up our harm doing, lying thoughts, feelings, actions and Earth.

All the parents we've met over the years ALL dream for their children to do greater than them. This is a natural sign of the Almighty's virtues of unconditional, unselfish love at play here!!!!

What about the Almighty God ----- do you think that the Almighty God of unconditional love would dream for "his" children to be always less than him, never to be as great as "God", or do you think a God of unconditional love would dream for his children to be greater than even God????? Again, all the signs of the virtues of love at play.

Isn't it obvious that the full-responsibility for setting all the virtues of unconditional love into motion rests with each of us equally and that where we go with our use or abuse of our free-will will determine the outcome of our lives and that GOD and his family WILL NEVER interfere in the affairs of MAN because GOD gave MAN free-will?????

Does this not answer the question for you?

Now let us ask you the question.

How is Jesus going to show up for you?

Is this Jesus Christ of yours going to interfere in our affairs?

Is he going to encourage you to live in the shadows of system thought that we have clearly explained to you, or do you think it is possible that this Jesus will come as a simple man, just like the rest of us to show the way, through walk-the-talk remedy, out of this mess without invalidating any of the virtues of love, of unconditional love?

Wouldn't this Jesus come as a team player, never claiming higher ground? In which case, are we not all Jesus because we are simple men and women who can show each other how to change our lives so that we no longer have to keep living our mistakes?

Fizz Gig

Rod , these people are simply sacrificing their life force energy into setting non-sense images into motion that fit within the dualistic storytelling they beLIEve in. To them what they beLIEve they experienced seems real but was only a fantasy, an apparition usually re-enforced by a skilled storyteller/priest and other duped beLIEvers. Man has the power of creation to set any image into motion. Mostly knowledge of this has been hidden, so as to have our creative abilities hijacked by steering our attention into setting the images of the system/Hell into motion. As Jaba said where our attention goes our energy flows.

Arthur Cristian

Rod said "There are people who would say they have been saved from Demons/Satan by turning to Jesus. How would that be explained?"

Rod, everything Christians do is SELF-FULFILLING - amongst the posts (videos/articles/debates) we explain this fact and process (Satanic/Freemasonic craft-work in practice) in great detail too. Things are most definitely NOT what they seem.

Arthur Cristian

Rod, the Christian belief in "Spiritual Armour" is actually demonic because it is the illusion of spiritual armour, the church story telling of spiritual armour. Notice that all Christians are trapped in "The System" happily ever after. Says it all as to what is really going on. When we remember who we really are as MAN, we don't need spiritual armour because Demons/Satan, etc, are constructs of "The System" and exist only in MAN'S thinking as a reminder not to fall into anything resembling "The System" again.

Angela Marie Webster

Well, all that I can say is...If you are Gay...do not let a Christian know...Because they will condemn you to an eternal hell where you will burn relentlessly.... Now that is God Love..

And i believe in Ghosts...The end!! Cheers!!!!

Fadi Zeitoune

Arthur, one question re the disembodied spirits that we create, as Anastasia says when Man & Woman come together and don't create a child. Could this be how the 'Jinn' or the Archons are actually created?

Arthur Cristian

Yep, the orgasm/orgasms out of the intention/desire for having sex (all the thoughts, e-motions/information/etc) due to horniness, self-indulgence/gratification, drunkenness, rape, loneliness, boredom, emptiness, self-esteem issues, etc, etc, is what goes into the terribly distorted/impure/insincere dream of that intention, forming the image-power of bodiless demons (Jinns/Archons/Demons/etc) who then get used by Satanists/Freemasons for all the reasons we've explained thus far in so many of our recent posts going back since early Jan this year (and beyond for those who want go deeper and deeper into the body of the Love For Life work).

The ONLY reason we should be having sex is for the co-creation of a living-child, then all the life-force-energy is directed into the intended dream the partners have been dreaming for (co-creating)

Creating the dream for a child and filling this dream clearly/consciously with all the happy bright thoughts, feelings, intentions etc, for the full-glory of the child, in the image of the almighty in all its glory, is critical before we come together to set the living-sensory dream of the child into motion, injected/embodied/empowered/infused with the full power of our life-force-energy.

In fact the dream we empower with our life-force-energy is what causes the magic of those incredible "timeless" moments of intercourse (not sex). We don't come together because we want to have sex. Outside of time, space, desire, lust, etc, it happens as a calling of our making when we are completely swept up (overtaken) and drawn into the heart of our love-for-life dream for our child dream. We are drawn into the dream of the child until the child is who we are, in the image of our intention. There is nowhere in this dream that we are not empowering the dream with our life energy. The presence of our life is present to the dream as the child is being created in present sense. This is as powerful as it gets, and hardly any of us remember how to do this.

This is how conscious we are and anything less than this is how we create bodiless spirits or children who do not know who they are, traumatised from conception because they do not have their parents dream for their creation because their parents were not present to the dream which means that they are not present to the dream of creating a child. Something else was being created. When our presence of life is not present to the dream, we cannot create a true embodiment of who we really are as MAN.

This is how we create a real conscious-living-MAN and we're talking about being completely in and around nature long before and during and after the conception of the child, with no system life/thoughts going on whatsoever which includes drugs, alcohol, cooked/processed food, eating dead animals/dairy products, or being exposed to unnatural harmful sounds like lawn mowers, whipper snippers, chain saws, motor bikes, cars, trucks, trains, aeroplanes, jack hammers, televisions, radios, ghetto blasters, etc, etc....

Storytelling In-To Wonderland Through The Looking Glass As Alice "NAME"

Arthur Cristian
Love For Life

11th April 2014

<http://loveforlife.com.au/node/8513>

After watching and reading some of our videos, articles and debates listed in the Sequential Order copied below (sanitised) wrote to us saying: "So basically are you saying that all the commentators of the 'human condition' are still stuck in the dream world of the dead? The 'name'? And if one identifies with the birth certificate name, or corporate name, then we hand our power over to the dead fiction world, where everything is legal and under their jurisdiction. Am I correct in thinking that by not using the dead fiction legal name and claiming my 'living' status under common law/god's law of Do No Harm that I cannot have a joinder with the legal world.....does that make sense. Which would mean they can't deal with me because I won't pretend to be dead."

We replied.....

YES, as long as your intention and actions are to NOT contract with "The System" using "NAME" for/on ANYTHING ANYWHERE NO MATTER WHAT otherwise you are stuffed. You are not answerable to anyone unless you invite them into your life which you do when you participate/enjoinder in commerce using "name" for any service, benefit, privilege, etc, provided in "The System".

She replied.....

Yes. I concur about being stuffed if you use your name. I had a confrontation with the water company over paying for medicated water and that I know water is free and that no-one owns it (only god/source/creator can claim that)....but because I communicated with them using my "name" they ruled supreme over me and cut my water off. There is no point in communicating with these corporations. They have no soul. They are dead. Now I don't communicate with any of them. I figure I'm alive, they are dead, and if I say I'm my name then I'm committing fraud because they 'own' the dead fiction entity...not me. This is a terrible situation for the people on earth. No wonder we are going to hell in a hand basket rather quickly! What do you think about getting a "live birth record" from Births deaths and marriages office. Apparently this is the first document they use to create the birth certificate. Is it worth getting do you think?

We replied.....

It's still a piece of paper = fiction - the living live birth was/is the one looking for the live birth certificate at the births deaths marriage office. LOLLLLL

She replied.....

Yes. I think you maybe right. One needs three documents to create a birth certificate and I guess they are all piece of paper at the end of the day. The live birth is the one at the counter. So really, when the police ask for ID all one has to say is "You're looking at it". It's that simple.

We replied.....

Who is your master? Who are you answerable to? The living-MAN in present-sense is already more than enough evidence. When you need more than that then you have to ask the question..... who is it or what is it that "i" have to prove who "i" really am? Are not all men equal? that no MAN is master of another MAN? If you agree then what do we have to prove?

NOTHING

Duality is a fantastic piece of Satanic Psyop programming. We've written heaps about this and made videos on this scam as well.

She replied.....

Absolutely. This is so true and yet so simple.....how did this happen to us?

We replied.....

Duality.....

Can the reflection of you in the mirror talk freely with you of its own free will????

She replied.....

Well, no not really. It's only a reflection....yeah?

We replied.....

NO, because it does not exist but that reflection is the WHOLE of "System Thought" brainwashing/education we were all conned into re-presenting/performing/acting on behalf of as in "NAME' given birth on the "birth certificate", drivers license, etc.....

This shadow world (reflections) is where EVERYONE is being trapped.

These reflections are the image power (thoughts, ideas, e-motions, etc) crafted by other men and women to con all of us to fall into and act in their wonderland as Alice through their looking glass (reflections).

She replied.....

Jesus!!!! You're spot on!!! What a freaky Friday start to my day!!!

We replied.....

She replied.....

Oh, BTW, just re-watching The Dream of Life part 6....and David Icke was there! Right at the beginning. I just missed him. I'm reading his latest book at the moment....very interesting. The humongousness of "the spell" is rather breathtaking...literally!

We replied.....

This is how they trap you. David Icke, Alan Watts, Santos Bonacci, Max Igan, Jordan Maxwell, Robert Arthur Menard, Mary Croft, Mark Passio, Alex Jones, Jeff Rense, Benjamin Fulford, Some Behind Thrive, OPPT, Ubuntu, Zeitgeist, One World/Earth/Consciousness Movements, Project Camelot/Avalon, Occupy, Mike Adams (Health Ranger), David Wilcox,

David Woolf, George Green, and a cast of thousands are all master "Spellers" casting Spells" that are the tempting reflections (Adam, Eve, Apple, Snake) they offer to suck you in-to and through their looking glass so you fall into their Wonderland that is "The System" and UNDER their (the Freemasonic/Satanic World/Network) story-telling AUTHORITY. They are all brilliant story-tellers. The NWO that is "The System" under another guise is crafted into a make-believe reality through storytelling. They did this with "name" (birth-certificate) and they will continue pulling off this scam until enough of us wake up to stop this madness forevermore. Our Love For Life work is all about this.

She replied.....

OMG!!! I just got it.....David Icke hasn't been murdered because he is doing what they want...keeping the spell alive! And Bill Cooper got murdered because he was going to rip the spell apart. Eugene Mallove as well...he wouldn't join the spellmasters.

I've wondered for a long time why some get murdered and some don't. Now I think I know why.

We replied.....

Yep, but they are all under an oath of death and destruction to them, their families, their loved ones, their assets, their credibility, their standing, etc..... They ALL sold out long ago. As we say over and over again..... "The Greatest Lie and Liar Is The One Closest To The Truth - They Cause The Greatest Damage Of All". This is all explained in our work in great detail.

She replied.....

Yes. You know that old human proverb: Keep your friends close but keep your enemies the closest!

His-Story/Her-Story

Arthur Cristian
Love For Life
11th April 2014

Much of his-story/her-story, ancient or not, has been twisted and unless you can rout out all the lies/liars you will be thinking everything you are reading is true and therefore be brainwashed - nothing to learn from brainwashing.

Were you there?

Do you know any 1st party you can bring forward who was there? And we're not talking about a brainwashed drone coming forward acting under costume and title, or not, as a 3rd party re-presentative of whatever his-story/her-story they claim to be true.

Up to roughly 1780AD, 99.99% of the total population of MAN all across Earth could not read and write any alphabet language and never did. Even up to 1930AD still more than 90% of the population of MAN all across earth were illiterate to alphabet languages. Today's supposed 6.7 to 7 billion population of MAN, all their ancestors going back through all recorded his-story/her-story had NOTHING to do with recording it because they could not read and write an alphabet language - they ONLY had their tribal/village tongue/talk/songs/arts/etc.....

The ONLY ones who could read and write to record his-story/her-story were the owners of the castles, the land-lords, land-barons, the royal families, aristocrats, the high-priest-hoods and all their scribes and lackeys and they roughly re-presented 20 per one million of the population of MAN going back through ALL recorded his-story/her-story.

The victors wrote ALL the his-story/her-story and it's biased to suit their short and long-term objectives/agendas. It was ONLY these privileged "chosen-ones" who recorded ALL his-story/her-story so no matter what version of alphabet-language history you dive into it was recorded by them. This is FACT. It took the better part of 20 years to master the "craft" and "practice" of an alphabet language and this included mastering mathematics and

geometry/sacred geometry - all read and write alphabet languages are crafted out of mathematics and geometry/sacred geometry and all are abominations, all are make-believe, none are real/true - they are not our true tongue.

We are all the descendants of tribes of MAN all across Earth who were invaded, raped, pillaged, plundered, humiliated, ridiculed, abused, decimated, destroyed, and vast genocide was issued all-around. What remained, mainly deeply traumatised children were brainwashed into their conquerors version of their ancestors his-story/her-story so that through the generations they would completely lose connection with their ancestral tongues and word-of-mouth truths.

These invaders first came as missionaries, scientists, botanists, surveyors, geologists, historians, etc, etc, and they came and went for up to 200 years recording/documenting the tongues, customs, ways-of-life, the natural environment, etc, etc, and when they finished recording all their his-story/her-story they then sent in their warships and armies to decimate the tribes. This happened all-across-Earth, all over Europe, Americas, Asia-Pacific regions, etc, etc... All the Royal families of Europa are all the "SAME" bloodlines and all are under the power and control of the Freemasonic/Satanic world led by high-priests/priestesses who created ALL religions, philosophies, civilisations, cults, sects, races, occults, esoterics, "system science", etc, known throughout all recorded his-story/her-story.

The British Empire, not the slaves/drones/commoners/serfs, etc, under Britain, is the head, "The Crown" of "The System" of the Western World who conquered almost all of Earth, if not ALL, and are still in power today. They control America (war over America's Independence was orchestrated by Freemasons on all sides - all working together behind the scenes) , Russia (Bolshevik revolution), China (took them 300 years through the East India company and the opium wars to conquer China - and are still in power all over Asia), Canada, NZ, Australia, Japan (thanks to 2nd world war), Brazil, Argentina, Africa, India, etc, etc..... all of it.

When they conquered lands such as Australia the high-priests.priestesses carved up all the lands into parish lands and put a church in every parish and a priest in every church to deal with the sinners (processors of curses). It does not matter if the church is Protestant, Catholic, etc, they are ALL 100% controlled by the Freemasonic/Satanic world and you want to trust their history, particularly after all the effort they went into brainwashing men, women and children everywhere leading to all the invasions and wars that murdered over 100 billion men, women, children - this includes all the poisons, toxins, chemicals, eugenics, plagues, pestilence, vaccinations, weapons of mass destruction, agriculture, eating animals, dairy products, processed wheat, etc, (highly dangerous to our bodies), etc, etc, etc, they brought with them throughout all their sojourns across Earth under the guise of Ancient Egypt, Greece, Rome, Babylon, Persia, Assyria, China, Aztec, Maya, Inca, Sanskrit, etc, etc.

All these civilisations had read and write alphabet languages, mathematics and geometry/sacred-geometry and they all had royal families divinely appointed by God, high-priest-hoods divinely appointed by God and the rule of law of God divinely appointed by God. WHAT A COINCIDENCE. Nothing natural about any of this - all require extensive brainwashing-education to understand the make-believe con-structs they all are. You can change the name royal families, high-priest-hoods, God, etc to EU, NATO, WTO, WHO, UN, NWO, America, President, Prime Minister, Director, CEO, Senator, Treasurer, Professor, Academic, Bankster, Emperor, Dictator, Caesar, etc, etc, etc,..... its all the same non-sense rubbish used under different guises throughout all their systems of civilisations. "All are of "The System", their systems designed to maintain power and control over their captive slaves, generation after generation after generation"..... this says it all. If you want to learn more about this please read and watch our articles, videos, etc, some are copied below.....

How To Detect Intel Operatives Working For The New World Order Agenda

Arthur & Fiona Cristian
Love For Life

10th April 2014

(Sanitised) wrote to us via Facebook PM yesterday asking us: "So tell me why you think Max Igan and Mary Elizabeth Croft and Santos Bonacci and Robert Menard are "intell"... do you have evidence or experience to share? Even though many of those you mentioned do seem to be strangely misdirecting people, I have learnt something from all of them, that has broadened my perception, and for all that I am grateful. I also am aware that they are all individuals with ego's like us so I of course have to view them from a place of caution, and observe my own energies in their presence."

We replied: Hi (sanitised), many of the articles, videos we've been posting over the past few "years" covers this ground in great detail. The tactics used are kept secret and will not be found in ANY books or videos in existence or from any tongue.

While these people appear to offer truths, none of them actually show a practical way to move away from "The System". They give bits of truth, mantras with all the right buzz words but nothing concrete. If what they had to share was really powerful, surely we would be on the way to creating the paradise of NO SYSTEM for all as we speak, as in moving away from "The System" of slave labour, that is the real usury of hell, and coming together as brothers and sisters of life to support each other in an everyday practical sense. But we are not.

Why is that?

We are still not conscious of the images/thoughts/e-motions we are creating and setting into motion that we co-create hell with. If we were, we could rout out all the images/thoughts/e-motions that we create hell with and replace them with thoughts and images that co-create the do no harm paradise lives we dream of. The absurdity of our situation is such that we don't take FULL-responsibility for what we are doing and we are so deeply traumatised that we are desensitised to the harm that we cause daily, continuing the grind of doing harm from "year to year to year".

Why is that?

What has happened to us to make us act like this?

It just takes one lie/liar to cause all the damage.

The greatest lie/liar is the one closest to the truth, they cause the greatest damage of all, and the pied pipers of "The System" are leading us nowhere but to the next version of "The System", otherwise known as the New World Order (NWO). For years we've been warning everyone we can reach that while the "Bad Guys" continue orchestrating all the chaos, harm, destruction, injustice, cruelty, etc, spreading all across Earth, it is the "Good Guys", who come from the same Freemasonic/Satanic orders, cults, sects, fraternities, societies, brotherhoods, sisterhoods,.... as the "Bad Guys", who will usher in the NWO. The present chaos escalating everywhere is not the NWO. It is the remedy to the chaos brought in by the "Good Guys" that is the NWO.

Who do you think are the "Good Guys"/Pied Pipers?

Freemasons/Satanists are very clever in hiding lies amongst a lot of morally correct do no harm truths. Example... Do unto others as you wish them to do unto you BUT you are born in original sin. While all real truths will never do no harm it is the lies/liars that cause all the damage, and we do damage by setting the information of the lies/liars into motion.

MAN (us) is the only one that can set thoughts into motion. All thoughts are images/pictures.

If we do not learn to recognise the lie/liar and rout it/them/he/she out we will "believe" that the lie/liar is truth-based too and thus unconsciously, set all the information we are thinking/believing into motion to get us all enslaved to the NWO. Through absolute stupidity, naivety, laziness, blindness, etc, we have caused immense harm to each other, our children and the many generations to come.

What we have done, through the body of the Love For Life work we've created, is to show all the sleight of hand psychological tactics that are being used to take us into the next version of "The System", and because we were never given full disclosure and we are all so distracted by the buzz words, fashions, entertainment-distractions, etc, that we don't notice these brilliant "illuminated" tactics being used against us. They get lost in the morass of system thought, system lives and habits. They don't stand out. In our work, we concentrate on exposing these nefarious tactics so that we no longer fall for them.

The only way for us to be conned into accepting "The System" is for them to capture us through their alphabet language, trauma based education, habits, interests, lifestyles, values, beliefs, etc, etc, so that we can be brainwashed using system thought into thinking that we need "The System" of system thoughts to live and get along, as we adapt from one version of "The System" to another.

And thus, we have been brilliantly trained to fight for our "own" prison state.

From very young, we are put on a conveyor belt in Factory Planet Earth, as were our parents and our ancestors from many generations back when they were enslaved and forced into system thought control.

Through the NEW WORLD English language ORDER that our parents lovingly teach us, we are put onto the conveyor belt where we are manufactured, categorised, numbered, marked, named, labelled and packaged to be spit out the other end as fully programmed system drones who live for system life controlled ONLY by system thought.

If the factory, "The System", is no longer working so well and the "products" are coming out "faulty", they don't decide to scrap Factory Planet Earth altogether, they just remodel it and rename it and promote it as the answer to all the problems being experienced in the old version.

The David Icke's, Santos Bonacci's, etc, are the promoters of the updated system thoughts that become the version of reality that people think and dream that makes them ultra susceptible to the system thoughts that will form the pieces of the puzzle of the new Factory Planet Earth as it comes together, brought about by a cast of thousands working to bring it about, all the while seeming as though they are not connected.

How else can they pull it off?

If it was all out in the open for all to see from the beginning (OVERT), we would all say, "No Thanks." They have to use COVERT means and they do this through the clever marketing of their latest system thought control model. If the system thought enclosure was surrounded by "Bad Guys" the captives will eventually do whatever to revolt and break away BUT if the enclosure was surrounded by "Good Guys", or at worst was not detectable (COVERT), the brain-controlled prisoners will generally be happy and content to live out their natural lives as slaves.

The seeds of the new system thoughts required are planted generations before the take over of the new version of "The System". For example, the New Age movement began in the 1800s through system thought mediums such as the Theosophical society until, gradually, esoterics and occults become widely known again. With it came the spread of Gurus, Hinduism, Buddhism, etc, into the Western World, along with Tibetan ancient rites that are highly rooted in Satanism, all of it coming out of ancient Egypt long ago.

This is all part of preparing us to accept aliens, cosmic galactic beings and forces, higher powers, astrology, numerology and all the pagan occults and esoterics. Notice too how the main stream Western World religions are becoming more aligned with New Age rhetoric to meet all the other philosophies and merge into the system thought of "Oneness" consciousness that prepares the sheeple to enter into their New World Order enclosure, completely oblivious to what has been done to them.

This "Golden Age" has been planned from long ago which is why we now have this smorgasbord of charismatic, charming, mesmerising shepherds of many different types, all working from the system thought palette that has been carefully set up through the generations. The master story tellers paint their pictures, keeping us spell bound as we search for someone to get us out of the mess. There is a shepherd for everyone, whether we love New Age cosmic connection, intellectual legal puzzles, scientific quantum physics, Eastern "ways", etc.

And all of them provide rabbit warrens and distractions that keep you busy so that you never wake up to what is really going on, meaning that you are not able to use your brain to make sense of everything going on, instead you keep being confused by non-sense images ("intellectual property" = system thought) which keeps you trapped and vulnerable to whoever appeals to your trauma.

All the shepherds promote "intellectual property", non-sense images, to keep you under the spell of belief so that you are that rabbit digging down the rabbit warren until all your options are exhausted and you are left with no choice than to walk into the New World Order remedy that they will produce with a flourish as the solution to all our problems.

There are many examples of this being exposed in our work. Look at the Crop Circle Debate, "Crop Circles Are A Massive Hoax": <http://loveforlife.com.au/node/8470> and the one about Max Igan's video about the hypnotic tactics he uses. We called this post "A Spell Master At Work": <http://loveforlife.com.au/node/8401>

If you go to this post <http://www.loveforlife.com.au/node/3385> and scroll down, you will come across many many articles and some videos on these type of subjects.

The work of the shepherds is to expose all the problems with the old Factory Planet Earth to get us to welcome the new one with open arms, which is what many people are doing. What they never do, is move away from system thought, system ideas, system images and system con-structs because they need to use these illusory con-structs to manoeuvre everyone into the latest model of Factory Planet Earth.

As they all promote different pieces of the puzzle, people don't realise that it is a joint effort from all these people to get us headed in the right direction. Instead, we think we are working it out for ourselves! We become addicted to whatever piece of the puzzle that appeals to us, whether astrotheology or astrology or sovereignty, and become emotionally attached to it, thinking that we have come across this information on our "journey" and that it is "right for us". Little do we know that we are just reaching for the carrot dangling on the string of whichever shepherd we follow.

They are all using the "intellectual property" of "The System, system thought, and they never expose the "intellectual property" for what it is or how it controls us. Any "remedy" they offer is always within "The System".

All the shepherds are masters at the art of weaving system thought, the thoughts that we have been conditioned to be addicted to through the belief in them which is deeply rooted in our reaction to trauma. It is our reaction to trauma, the pull of our e-motions that pulls us into the NWO, set to the backdrop of the chaos, horror, cruelty and unspeakable destruction we see around us everyday. We WANT them to give us a remedy, which is why there is such fervour around the OPPT and Ubuntu.

What to look for to spot a shepherd: they only promote "intellectual property" of "The System" = system thought. They do not have clear, practical remedies that can be implemented into everyday life that gets everyone out of "The System" and back to NO SYSTEM forevermore.

They speak in spells.

They get plenty of publicity through system channels. They are allowed to continue their work without harassment from "The System: lackeys. David Icke can put on shows for huge numbers but there is never a bodyguard in sight, or security (so we were told by someone who went to see him). If he is such a danger to "The System", why is he allowed to broadcast his message loud and clear?

Since we started the Love For Life website, we've had 12 death threats and 4 assassination attempts on Arthur's life, Fiona was kidnapped, elderly supporters in the 70's were hooded, hog-tied, bullet put through his hip and both tortured for hours. There have been many attempts to close the Love For Life website down AND we are generally blocked by ALL the shepherds, mostly through completely ignoring us and all the work we do. For more about what we have experienced, see a brief here: <http://loveforlife.com.au/node/8459>

David Icke refers to us as a "wonderful couple from Australia" but he refuses to have a recorded open discussion with us for all to see and here and we are yet to be invited to talk with him on his new TV channel? And this is someone who stayed in our home for 1 week back in 1996 and looked after him very well during his stay.

Why did David Icke have nothing to say back in 2005 when we asked him how it was that he knew all the "secret" codes of all letters in the Freemasonic/Satanic "English" alphabet language and were ALL being used throughout his book "And The Truth Shall Set You Free"? We know that it takes the better part of 20 years to master these crafts

which includes mathematics and geometry and that you have to be invited in and initiated into a Freemasonic/Satanic order/fraternity before you could learn such very well kept "secrets".

It was an elderly layman who spent roughly 40 years reading and researching 1700AD/1800AD biographies written by archbishops, etc, as well as very old dictionaries and thesauruses, unravelling the "secret" codes of English letters (every letter has a meaning/code/story associated with it) not educated to the people. It was through the 2005-2007 court case involving an organised crime syndicate committed to stealing the family home that had this MAN come to our assistance. While assisting us in creating court documents he shared his 40+ layman years of research with us. These documents filed in the NSW Supreme Court had all the judges flee the court room.

Now we know why..... curses - processing curses - not wanting to process curses!

Asking the tough questions, we've had correspondence with most of the big name players over the years. They all keep their distance as far as possible. Could it be because we are not fellow shepherds of the NWO but two people who genuinely want to co-create freedom, truth, peace, joy, abundance, etc,..... with their brothers and sisters of life WITHOUT "The System"?

We have even had a shepherd from Queensland promoting an "ONE Earth ONE Tribe - AN EXCITING NEW GLOBAL MODEL" community write and tell us that we were not wanted when we put our hands up! So why didn't Brian Schaefer say in the first place that it was only for people he approved of?! :) There are many conversations we have had with shepherds. They always expose themselves in the end. Here is another shepherd/intel operative: <http://loveforlife.com.au/node/8178> and another: <http://loveforlife.com.au/node/8260>

In "The System", we are all discriminated against because those behind "The System" know that most men and women do not have the intellectual capacity to deal with commerce, mathematics, politics, etc, because it is not natural to us. It has nothing to do with the consciousness of who we really are. This is why we end up allowing others to take control of these areas of "The System". On top of all our other system obligations, we cannot cope with all this as well.

We've done the work to explain as many of these scenarios as possible and it is up to you, in your unique original way, to use your senses/brain to rout out all the lies you presently "believe" are true. Most people are too lazy, apathetic, etc, to do this.

Most people want everything provided/done for them on a golden platter. This approach will not work because the "dangerous cargo" that is causing all harm/destruction/chaos/etc across Earth is embodied into every man, woman and child raised in "The System".

The quirks of uniqueness/originality are such that there is no one shoe fits all policy/method/view/belief that exists to heal all victims, at the hands of harm-doers, in one massive swish of a fairy god-mothers wand and bingo we are all back in paradise to live happily ever after.

The issue here is inspiring each of us to come to the table of taking full responsibility for everything we think, feel and do because then there is no back door, no one to blame, no victim-hood, no passing the buck, no cop outs, no justifications to hide behind to perpetuate harm-doing attitudes, etc, etc. As it stands everyone is severely compromised in "The System", performing under limited liability/responsibility for everything we think, feel, and do.

The do no harm remedy that sets paradise into motion starts with each of us willingly coming to the table of full-responsibility/liability to break bread with each other (so to speak - not to eat processed wheat as it's terrible for our health) and we do this to stop destroying/harming each other in so many different ways that the depth of our methods of doing harm to each other is beyond most peoples present comprehension.

You cannot build the truth out of lies - the lies always crumble. One of the things that we encourage people to do is to use scrutiny, to examine EVERYTHING they think and feel and EVERYTHING they have been taught and come across. When you set aside beliefs and look at things from logic untainted with attachment to e-motion, the lies pop up and wave. If there is no everyday practical sense of do no harm being offered, you are dealing with a construct and a construct is a Satanic tool invented out of thin air to mess with your head. You will never create freedom with a construct.

Do we make ourselves popular with what we do, always pointing the finger where we see the lies and liars? No, it is a dirty job but, from our perspective, it needs to be done, not with hatred or wishes for vengeance, but with the pure and sincere intention to rout out the lies and liars that are deliberately trying to lead us away from freedom in

Paradise to the New World Order which will almost certainly result in the vast majority of us being killed off and total power and control over those who remain.

All the best

In response to our most recent posts we received this email today from a tribal elder. We have sanitised name and country, etc. He says: Dearest Arthur & Fiona Cristian, Love For Life. You say, " Don't rely on Santos Bonacci, Jordan Maxwell, David Icke, Michael Tellinger, Michael Tsarion, Benjamin Fulford, Alex Jones, Robert Arthur Menard, Mary Croft, Dean Clifford, George Green, etc, etc, etc...". I have met David Icke and Mary Croft in (sanitised country), and try to learn from most of these people you mention above (as well as many others) as I'm trying to find out how to Revoke my Power of Attorney(POA) to 'The Crown In Right.' I had also read a lot of your stuff in the past. I am cautious with Dean Clifford because he says one thing in his Youtube Videos, then in later Videos he informs that his previous information he had got it wrong.

When we go to their Court, Dean Clifford tried to explain what Roles we each played and how they switch roles. He did not show what the baby's role e.g. "John Smith" Stillborn birthed 06 June 1966 and all the players in the first Cestui Que Vie Trust, Source Document. He did not show what the baby's role and all the players in the Printout Cestui Que Vie Trust "JOHN SMITH" birthed 06 June 1966, and then the roles in the Birth Certificate DOB 06 June 1966 "JOHN DEEP-SLEEP SMITH". So when you go to Court, a different Constructive Trust on the Charge Sheet against JOHN DEEP-SLEEP SMITH – corporation, what role is this entity in the Court, and what role is the Living Sentient Being "ME" in the Court, the Judge, the Prosecutor, the Clerk to the (1) Birth Certificate Name, and the (2) Constructive Trust Charge Name? Dean did not explain fully.

The problem going down these Rabbit Holes where presenters such as all those above, do not show one single process of the step by step process of how to Revoke one's POA (and show us their templates of how to write the documents, because if they are not written 100% correct, then it fails) etc etc to get out of the Matrix System. They show only a few pieces of the jigsaw puzzle then leave you high and dry up in the air; and different presenters have different opinions adding more to the confusion and frustrations.

I am trying to follow the TRIBAL SOVEREIGN NATIONS OF THE EARTH template process, but because some of their templates they have erased numbers, then one cannot follow how they obtained their CHRISTIAN number etc... If they would have given an example and handwritten any "number" on say the Source Document, then show which Source Document number appears on the Printout, and show any "Registration number or other numbers" of this Printout that cross-references to the Birth Certificate then we can follow it, in how they got their CHRISTIAN number for their STAMP. Their template example is difficult to follow because they use a female whose maiden name changes to their partner's Family name (it appears this woman had a second marriage and her child has a different surname to her, so cant follow it), but they do not show a template of a baby boy, where the Family name stays the same with the father irrespective. I emailed them, but no answers from them...so very frustrating...

Arthur, I am of (santised) Native descent, Attorney-General for the Confederation Of Chiefs (sanitised) Of The United Tribes Of (sanitised) and I have emailed you in the past. All these British and Vatican Trust Law stuff of these fictitious paper processes are alien to our people, and the Originees of this land of Australia. Yet those presenters out there do not consider that all these presumptions of DECEIT & FRAUD where the system had used threats to force parents to register their child, to us its criminal. Its obtaining by way of deception causing loss by deception...and it makes us

angry that the European people expect the Non-European people to comprehend how to process these things, such as UCC-1 Financing etc is so complicated and is unfair on we Non-European people who have been colonized by this European invasion. We the Non-European expect our brothers who are of the nation who colonized us to help and assist us. That fact that none do, shows their intentions of selfishness.

I have never accepted colonization so therefore all I want to know is how to get out of their system, that they conned myself to be in since a baby. Our people only want to know the process of how to get out, we do not want to read 1,000s of pages, and watch 100s of videos.

What simple process of templates, step by step process can you show us?

Thank you

John Deep-Sleep Smith

We replied.....

Hi John,

Yes, we remember you fondly and it is good to hear from you again.

From our experience, there is NO process or paperwork or procedures of "The System" that get you and your people out of "The System". While you are engaged in "The System", using the paperwork, procedures and processes of "The System", all you are doing is supporting and maintaining "The System" because all your life force energy is still going into "The System". It is the people going to court that keep the judges, barristers, sheriffs, etc, in their jobs! This is explained in all our posts, links provided below. Are you reading these insights and getting your head around them?

There are two steps as we see it.

1. Spend as much of your waking life as possible getting together with those around you to co-create food forests somewhere where there is clean water and where you can build each other shelter. Learn to live without the prosthetics of "The System", without electricity, gas, etc. Form the bonds between you so that they are strong enough to withstand system attacks. Harm done to one is harm done to all and you stand together to protect each other. Once you have formed this community, you can start turning your backs on "The System" by simply not using their privileges, benefits and services. Encourage other communities to form around you so that you can all support each other.

2. Force them to process the curse/curses of their "own" making" with clear focused intention. STOP processing their curses, which you do by holding their dream and giving it your LIFE. When we accept their lies into our lives and process them as in accepting responsibility for the "person" on your driving licence, etc, you are admitting to them that you are a sinner in their world, thereby accepting their curses. Refer: "**Slave To A Name**", "**The Only Path To Freedom**" & "**Free-Dumb For All**" (links provided below).

Those behind "The System" have free will and have the right to behave as they wish, even if this means they do harm. BUT we can refuse to accept that harm and let them FULLY-experience the outcomes/consequences of their own making/dreaming. Also read "Processing Curses", "**How The System Is Really Constructed**" & "**Educated Slaves**".

It's all in your dreaming, your people's dreaming. Be very clear in your dreaming - make sure you are very clear and focused on your intentions, on the outcomes you dream for. Your real power is in your dreaming but you have been persuaded to dream someone else's dream, part of that being the English (New World Language), mathematics, commerce, law, etc and everything that you are diving into in your search for remedy.

You, the MAN, are real, but the dream that you are dreaming is not real but you are still giving it your LIFE energy to try to make it real because you are looking for something real in it to give you the power to set you and your people free from these people. But there is no life in any of this, and the insanity is, that you, the living MAN with the life, are directing all your LIFE energy into something with no life, into the fiction, that will never give you life. In doing this, you have given up your true power, your LIFE.

You have already been gifted with the full power of the creator, LIFE, you have everything you need to create the life of peace, truth, etc, that you dream for in present sense, where life exists, is real, but you have been trained to be an invalid, to cling onto the lies of "The System" prosthetics in the hope that they will set you free. You are still forsaking

who you really are, rejecting all the gifts that LIVING-CREATOR (LIFE) has already given you. Can you not comprehend why you are unable to set you and your people free? If you can't comprehend this, there is nothing we can do to help you, and you and your people are beyond help.

Instead of putting all your LIFE force energy into their pieces of paper, focus all that LIFE energy into making them process the curses in present sense, into reflecting their anti-life dreams back upon them.

And contemplate on these dreams each sunrise/sunset so the living dream you've set into motion is clear on it's intention/purpose and continues creating the outcome exactly in the image, as originally dreamt/intended, by its maker (the-LIFE-giver), you and your people. Be absolute and hold the dream. Give it LIFE in present sense, give it the power that you have in present sense, here and now. Make it as clear as the forest that you see every morning (or whatever you see/sense) so that there is no doubt, no uncertainty, that it is inevitable.

You make that dream present with the presence of your life because the presence of your life is what makes that dream present (experienced). The clearer and more focused you are on it, the more these people get to experience what they have created, and the faster you can accelerate the process. If you are not present, because you are distracted, or worried, or have doubts, then the dream is not present and nothing happens. You have weakened to it.

This does not mean that you have to be thinking about it every moment, or that you become e-motionally attached to it - trust that your clear intention will allow you to unfold its power as you live (need) it to be. Just contemplate on it a few times a day, just making sure that you are certain in your thinking/dreaming while you do whatever else you need to do.

Make sure all your dreams are not INTENDED by you/others to Do Harm To Others. Do not dream the outcome - the curses will unfold as they unfold, according to the making of their "owners" intention. The curse is theirs not yours, so you do not wish any harm upon them. There is no vengeance or hatred in this. They were all babies once and have all been got at and brainwashed just as the rest of us have; forgive them and, if they ever come to you seeking sanctuary, help them all you can. Do you want to behave like them? Do not create any avenues for the curses to come back on you and your people.

If you hear news of a curse being fulfilled, do not rejoice, or be arrogant, no "I told you so". They are your brothers and sisters and you are a MAN of love and peace. Don't be like them. There is no celebration in any of this. Our hearts pour out to all of them because they are just brothers and sisters lost to the dark side of man's making.

THAT'S IT

NO TEMPLATES ARE REQUIRED!!!!!!!!!!!!!!

No hundreds of articles to read and no hundreds of videos to watch.

There is nothing else to do but get on with your Do No Harm - Life Is A Gift lives.

BUT, here we go again providing more background information. "The System" brainwashing (reaction to trauma) is so comprehensive, a very simple remedy that is the most peaceful, non-violent cure in existence, that does no harm to those who dream/live for it, requires a lot of explanation to help make things be clear, simple and logical. Brains trained to complicate simple information will be reacting to trauma. Such brilliant programming is designed to complicate and sabotage a simple remedy into an impossibility, turning idiot-friendly information into gobbledygook that goes right over their heads.... "it's non-sense". The fact is it's the other way around, the brainwashing tools they use to process simple information is already non-sense which makes it very hard for them to make sense of the most simplest ideas.

The remedy can ONLY be found outside "The System", it will never be found within it. You should trust your experiences with paperwork; that they are complicated, slippery and do not work and that those promoting them never give you the full picture and are always unavailable just when you need their support most. Paperwork takes men and women away from their families, their communities and gardens. How can paperwork be a remedy?

Was it pieces of paper that invaded the land now called Australia and decimated the tribes living on the land? No, of course not, it was men who invaded the lands with their swords and eventually guns and their brutality and raped, murdered, tortured and tore the tribes apart, and it is men and women behind "The System" ordering their troops of lackey-drones that come after anyone who steps too far out of line. Pieces of paper have no power - they need men and women to set them into motion.

Are these people going to be scared of all the paperwork that you are filing into the Talmud, that is the UCC? Paperwork and everything written on the paper is all black magic, smoke and mirrors, illusion and delusion and can never give you anything of substance, anything real and sensory. Basically, you are looking for the answers in the hell of our making.

These Satanic/Freemasonic high-priests/priestesses do not do paperwork, they do not handle money and they do not "own" anything. They do not handle numbers. Why? Because it is all about curses and they know the effect of these curses and they try anything to avoid processing them, instead getting us to willingly process the curses for them. Being caught up in all this stuff is just worshipping false idols in the hope that they will give you what you really are, if only you remember.

NOTHING of their world is real and sensory. It is all intellectual property that seems to have life only because WE are giving our slave labour, our life force energy, to those constructs and concepts. We are creating their world for them - without us it doesn't exist. We create their world for them to take our power. This is covert dictatorship, not overt, even though things are breaking around the seams now as they prepare us for the shift into the next version of "The System", the New World Order. They need this version to collapse so that they can bring in the next as their "remedy".

Please read and watch all the posts we put up this year. We explain all this curse stuff in great detail. All these posts provide the big picture which help you to fully comprehend how to depart from "The System" that is a man-made HELL.

AND

this cure/remedy we are sharing with you and your people is all very very very very very simple to do, to perform, to set into motion.

No paper work, filing, titles, standings, studies, researching, money, courses, courts, offices, etc, required.

NO TEMPLATES ARE REQUIRED.....

The fact is, John, that life under "The System" puts us all in a state of reaction to trauma. Please read the posts we have suggested and contemplate on them.

We ALL have trauma that shows up as blind spots where we don't recognise what we are really doing and how we are really thinking, feeling and acting and how it affects others AND supports "The System". The programming that is the trauma is not created uniquely by us, they are not our unique dreams and the information of those dreams is not unique to us either but is superimposed onto us by others through our education/brainwashing. This is the trauma, the blind spots.

You become the "host" of this information as a demonic personality coming into someone with multiple personality disorder. As you indicate, this paperwork, procedures, etc, is all alien to your people. It is alien to us too, alien to everyone everywhere. It is just that some are brainwashed to the extent that it seems to be real and true to them! And yet we become possessed by this information and think that somewhere we will find the golden egg that will get us out, not realising that we, the MAN, are the golden egg when we remember who we really are and stop reacting to all the trauma that forms the ego.

The name, the self, the person is the ego. That ego is the demonic energy that possesses us and hoods us. It comes with a language that is alien to us, with mathematics that is alien to us and with con-structs such as commerce, law, politics, religion, system entertainment that are alien to us. They are all of that ego and nothing to do with who we really are and what we are really part of. All these performances are our blind spots because we can no longer sense who we really are anymore.

Our true power to solve everything comes when we are no longer reacting to the trauma as the ego in control, even though we may still be in their world. The ego is of their world, but who we really are isn't. The ego is demonic possession, a demonic thought form/entity that they crafted as the "name", and when you claim the "name", you claim the demon to possess you, thus giving all power to the makers of the demon. Now you are their puppet on a string, the ego/"name" being the puppet.

This is at the heart of the whole of the Satanic/Freemasonic world, ever since this all began in Egypt, long ago. The ego is the gateway to their system. Without it there is no system. Why do you think they want you to create a birth

certificate so early in a child's life? They need the "name", the conduit of that child's LIFE force energy into their dead world, "The System". This is also what the death certificate is all about. We become drained because of the draining of our LIFE force energy into the ego through to "The System". This is what all Satanic/Freemasonic ritual sacrifice is about and, this is what you want to continue with your paperwork. Are you aware of this?

If we create a living dream, our creation that adds to and expands the dream of life, there is nowhere for an ego to exist in it. All our LIFE force energy goes into that dream but, because the dream is living, we do not get drained by it, only inspired and revitalised. It has our life in it and life revitalises life.

We re-present the trauma, this possesSION/possesZION of an ego, and its outcomes which are not what we are dreaming for our real lives, but what someone else has dreamt for us that we perform under the power of someone else's image/dreaming. The reverberation of this trauma includes all the paperwork that you have been doing for years, influenced by all those who come along and give you more and more information about paperwork, etc.

The reverberation doesn't end there - it is also everything of system life, the courts, the governments, the law, etc, etc, etc EVERYTHING of system life, AND it includes every man, woman and child acting under "name" in costume and title of that "name". The reverberation is the blind spots that cause you to forget who you really are as you seek a remedy that is not unique to you, that is not yours, not yours to have. Why would the people who have you as their slave want to set you free?

All these system illusions only appear to exist while we give our power (LIFE) to them. The moment we turn away, they cease to have any power because you have withdrawn your LIFE force energy from it. This is why they cleverly crafted trauma so that everybody acting under trauma feels weak and vulnerable because they have given up their real power and are easily influenced by illusion. The trauma becomes an addiction and all our power goes into the trauma, through the illusions and back to the black magic warlocks and witches who harvest it for their own schemes. If we all remembered who we really are, "The System" would be gone in an instant.

We have been given a false world to live in and the ego is the connection to "The System", that false world. We have become disconnected from the real world, where we sense our power which is why we have no strength in the false world. Under trauma, we have no confidence, we are confused, uncertain about our own power, full of doubt, in fear of ridicule, criticism and failure, convinced that we have no other option than to be the trauma based drones that we are.

The ego shapes our fictional identity, character, personality, e-motions, thoughts, opinions, values, views, habits, diets, interests, life-styles, relationships, careers, etc, etc, in "The System" (HELL).

We turn against each other, divided and ruled because we no longer have any trust in our ability to be fully responsible for the men and women we really are and we have forgotten that everything we need has been provided for us and we don't have to fight for anything. Why do you think they go to so much trouble to traumatise everybody? Divide and conquer.

Doing paperwork is turning against each other. Going to church is turning against each other. All the rituals of "The System" are about turning against each other. This includes sport, fashion, class, rich and poor, and all the million and one other distractions in "The System". Why do we want to continue turning against each other?

All this reaction to trauma causes all MANS problems and unless we learn to stop giving trauma our LIFE energy, we remain with too many blind spots, under the control of our egos, and we continue being brilliantly controlled and manipulated by Satanists/Freemasons without ever realising we are being used and abused, controlled and manipulated remotely while they laugh at all of us.

The ego is the veil, the curtain master puppeteers hide behind while they are pulling at the strings of belief of their marionettes, that being the multi-millions of male and female victims oblivious to the power and control their Satanic/Freemasonic black-magic warlocks/witches have over them. Why do they promote TV and give us Hollywood, newspapers, advertising, the music industry, etc, if not to remotely feed and programme the ego? Why do they give us so many opportunities to claim the "name"? Why do they educate us?

The system entertainment causes the blind spots that give power to the ego. While you are watching TV, you are giving power to your ego, which gives all power to those hiding behind the veils of the blind spots. The blind spots are not who we really are, they are the dreams of others, which is why we find it so hard to realise what is really going on. The blind spots desensitise us from who we really are because we are so distracted, so entranced that we can no longer sense who we really are. This is why we talk about sense and non-sense. All these blind spots are non-sense, not of sensory life (truth).

Why do you think that they have lied to us about aliens, UFOs, reptilian shape shifters, cosmic galactic saviours, higher being interventions, etc, etc, along with all their bullshit His-Story/Her-Story? Is it not to throw us off the trail of what we have been sharing with you?

Victims of illusion through the conduit of the ego include almost everyone caught up in the freeman, sovereignty, conspiracy, alternative, OPPT, UCC, Occupy, Zeitgeist, Thrive, Ubuntu, Oneness-consciousness, one-earth, one-planet, etc, etc, etc, etc, movements. None of it will ever set them free.

All of it is ego-driven, which makes people under the control of their egos go and participate in these events. Why else would a MAN want to pick up pen and paper and spend years exploring paperwork and filing remedies, especially when there is no evidence that this will do anything to help them.

The "state" of denial is far beyond most peoples present comprehension.

To get past this trauma, we have to be prepared to examine everything we think, feel and do, and to engage with others to process it. We often put discussions up where we, or others are exposed (we sanitise their details) because they are real and truthful and we can all learn from them.

The more real, open and free the engagement of discussion is, the more powerful the learning experience is for readers going through the e-motions that come up for them as their trigger points. Through open sharing, as they connect with the pull of their e-motions, they have the opportunity to sense and connect with some of their many blind-spots which helps them to become more and more conscious of who they really are, enabling them to withdraw from reacting to trauma.

While we are not willing to express the struggle we are going through and so we act as if everything is alright, mate, I've got everything under control, we cannot help each other to heal. The fact is, just about everyone in "The System" is suffering and we need to help each other heal this suffering so that we can move on with building our real lives as MAN.

Once we learn to recognise the ego as the fake that is is, we can wean our lives away from the influence of that ego, withdrawing our power from it and instead putting our power into the lives we truly dream of creating. When we are pure and sincere in our intention to go where the truth takes us, there will come a point where the ego stands out as the fraud that it is and we can begin to disconnect from it, filling the void where the ego once was with the real MAN that we are. We are bringing true light (consciousness/sense) where darkness (unconsciousness/non-sense) once was.

They want us to have the battle over the ego but we do not need to fight. We do not need to have the struggle between the ego and who we really are and between the ego that everyone else has and who they really are and between all the egos grabbing and grasping for what they think they need, want and desire. It is only the ego that has a MAN believe he is a Christian or Jew or Muslim and fight accordingly. It is only the egos that fight - the living MAN is just being a victim host to the battle.

If you want to give up giving your power to the black magic warlocks and witches operating behind the veils of the blind spots, you have to give up the ego and, in doing so, you sever the umbilical cord between you and the ego so they can no longer use the ego as a conduit to you.

If you comprehend this, then you can see what David Icke, etc, are doing to you. They are masters of manipulation of the ego because they know that only the ego goes on flights of fantasy and only the ego leads fallen-MAN into the New World Order.

With us, we have everything about us out in the open for all to see in the Love For Life website, YouTube, Facebook, etc, nothing is hidden about us and it actually protects us from slander, lies, fraud, etc, down-the-line. It's been like this since we started Love For Life March 2005. This was intentionally done from the outset.

To us, the safest place to be is right out in the open for all to see. The need for "privacy" in "The System" is just more reaction to trauma. The ego cannot operate out in the open. It doesn't like the real light, only the fake lights of fame and glory, of self gratification and self centredness.

This reading/watching of our insights/work is to help you/your-people DE-PROGRAM from all the bullshit you have been exposed to that continues bringing the lies into your dreams/dreamings to sabotage them all. The truth is, even

though we are all deeply/severely compromised, it is we/you/us/your-people who are the problem here, we are the common denominator.

One of the most important keys is to stop reacting to trauma in all its nefarious forms. The remedy is to make them process the curse of their "own" making while you get on with living your REAL-LIFE without ego, as described above and in many of our other posts (links provided), growing food and supporting each other. Eating clean living food, not cooked and processed, supports the real MAN, living healthily supports the real MAN. Only MAN possessed by ego eats flesh and blood creatures and processed garbage because this empowers the ego.

A MAN is so fully conscious that he/she would never want to harm another flesh and blood creature killing it to eat. A MAN gets more power by eating raw greens straight from nature than by eating the animal that ate the greens. We have already been provided with all the food we need from the plants and the trees to live healthily and productively.

The remedy you are searching for is in the MAN that you really are. It is through giving up the ego and the trauma of the ego that you revoke your system titles and "name". You do not have to inform them, ask them or demand your freedom from them. A free MAN knows that he is answerable to no one and therefore does not have to announce his freedom to anyone. He lives his freedom and it is plain to all who come across him.

David Icke, etc, are all liars and scammers, operating like pied pipers leading the rats under the intellectualised spells of their "staged" words designed to put you under a spell. They are brilliant spellers and everything they do is for the ego. They do not offer any remedy for the living MAN. They are "staged" actors and everything about them is set to a stage to make them seem as though they are one of us, living for the living when they are living for their system masters and their illusory world of ego-control. Your email suggests that you are sensing this too, as are many thousands of others judging by the emails, comments, phone calls, etc, we get weekly. People are really waking up everywhere.

If you are still vague after doing all the reading, watching, contemplating, etc, send us a land-line number or a skype address and we will chat and chat and chat to support you and your people in whatever way possible so that you can fully comprehend and see/sense the big-picture we see/sense.

We do not write to put people under our spell - we are not spellers. Our writing style is intentional. We write to convey our pure and sincere intentions as best we can while having to communicate through this demonic English language. We write to the MAN, not the ego because the ego wants everything constructed in the way it has been accustomed to by "The System" = non-sense. Egos do not like our work or our writing style because they do not want to sense the MAN. The ego is only accustomed to the intellect because there is no consciousness of MAN, the living in the intellect. A MAN strong enough to withstand the power of the ego will sense our intentions and where we are really coming from. Our hearts are with you and your people and we stand together with you to make them process the curses of their own making so that we return to co-creating our true lives in present sense.

All the best

Sequential Order

We ask you to NOT believe anything we say/share and instead use scrutiny like an intense blow torch and go where the logic of truth/sense takes you. This is very, very important. Put everything you believe up to the test of scrutiny to see how it stacks up. If you are true to your heart/senses and go where the logic of truth/sense takes you will find that NO belief, etc, will stand up to the test of scrutiny. They just do not stack up because they are lies/fraud.

After you have watched and read all the material and any questions are left unanswered, send us your landline number and we will use the internet phone as a free unlimited call. We are on Sydney NSW Australia time. Best times for us to chat are between 11.00am and 6.00pm.

It is critical that you fully comprehend Image Power, "Name", Contract To "Name", "The System" Of "Names", "Spelling", Trauma, Reaction To Trauma, Curses, Processing Curses, Full-Responsibility/Liability, Limited Liability/Responsibility (passing-the-back), Slavery, Senses/Sense vs Non-Sense/Senses, 1st Party vs 3rd Party, Re-Presenting Intellectual Property such as but not limited to "Name", Storytelling/Storytellers, Duality, Black-Magic, Belief, Lies, "i", All Seeing "i" (eye), etc..... These themes and others are covered over and over and over again.

If you do not comprehend these insights and are unable to use your senses to sense your way through all the non-sense/non-sensory-images that enslave MAN under their image power (darkness = "The System" = Hell), men and women will remain deeply trapped under a terrible state of trauma. Our intention is to inspire you to remedy by showing you how to move away from reacting to trauma in all its nefarious and devious forms.

To explore these themes in greater detail go here where you can find links to all our Love For Life comments, articles, debates, discussions, videos, podcasts, etc: <http://loveforlife.com.au/node/3385>

most of which were written and recorded between January 2014 and April 2014.

We have called this latest post:

"Free-Dumb For All"

5th April 2014
<http://loveforlife.com.au/node/8510>

We have not had "time" to put all of the information coming from these posts into one booklet or article so, if you want to learn where we are coming from, you will have to put the effort in to read the articles and watch the videos, which are all pieces of a jigsaw puzzle providing a bigger picture that we see/sense. We also suggest you go through the list of other articles, etc, that we have provided in sequential order in "**The Only Path To Freedom**" post. If you do not learn how you are being duped, day in, day out, you will continue to be duped and all the efforts you are making for your freedom and security are nothing; you will have nothing and, if you have any children, they will inherit nothing.

No, we don't know anyone who can help you with your foundation as we are not involved in this sort of stuff. Maybe you could try some freedom/truth websites where people are involved.

For your interest we are not religious practicing Christians and our family is recognised as Cristian, pronounced Kristen - has a silent a in it.

Foundations are not a remedy - they do not give you security in any way because it is all "intellectual property" controlled by "The Crown", which is controlled by the High Priesthoods/Priestesses of the Freemasonic/Satanic world. You are still putting your real life underneath them, still admitting that you are their educated slave and that they are your educated masters. In whose world are you entering to set up your foundation?

All lands underneath the "Commonwealth Of Australia" corporation are divided up into parish lands and in each parish the high priests of Masonry/Satanism installed a church and in each church they placed a priest to deal with the sinners, that being all the men and women conned into making claims over 'intellectual property' as in "owning"/"buying" land in that parish.

This is all reflected in the land titles office, which has nothing to do with land; all it is about is the "intellectual property" of lots and plots superimposed over the land, which sinners repent as in rent = processing the curse of their making = the slave labour for being sinners = paying their dues to the administrators for looking after them while they are not well (explained below).

To pull off this scam they had to con every man, woman and child into having a "name" (a "self") which they re-present as the act of their Alice in "The System" Wonderland, so that they can be born into original sin by committing fraud when they claim that the Alice (the "name" they re-present) on their birth certificate, driver's licence, bank account, credit card, mortgage, foundation, etc, is who they really are.

The REALITY is, they have sacrificed who they really are, MAN, at the alters of "The System", so that these Satanic rituals can give them a make-believe existence in "The System" and receive all the privileges and benefits of "The System", the crumbs off the tables of the High Priests/Priestesses of "The System" who administer EVERYTHING of "The System" without owning it (claiming it). They don't own anything. It is all a lie and you will never find security in this lie.

By continuing to use (rent) the "name", you are continuing to be a sinner in their eyes, which means that you are now putting your real life under them because you are asking them to administer this lie, to allow you to keep processing the curse that is the "name" that you believe you are and have it enjoined to all the other names that are fraud in "The System", as in a bank account, credit card, a foundation with a bank account, etc, etc. All the while they benefit from your slave labour and avoid processing the curses of their own making (so they believe).

Nothing has changed. There is no Golden Egg to be found in "The System" as in a foundation, just a vast choice of fantasies to put your life force energy into.

What you are doing is reacting to trauma (no insult to you here - just about everyone is). You are looking for protection of what you think you "own" but the people you want to find protection from are the people you have to go to to set up your private foundation! This is actually the reality! You are deluded and in a "state" of fantasy - this is how much power you have given away for them to have power over you, over most of us, if we let them.

All the fictions (the "name", "The System", a foundation, etc) make up the Wonderland that is "The System" and you, the living MAN (men or women), are going in acting as Alice, hoping that Alice in Wonderland is going to give you reality, protection and security, but it will give you nothing because the whole thing is a fake. And on top of that, you need a world of slaves acting out their character roles so that you can lead your Alice life comfortably.

A foundation has to have a "name". It needs the living, a brainwashed drone, to give it a "name". It is impossible for a living MAN to be enjoined with a fiction (intellectual property), in this case a foundation, unless the MAN is deeply traumatised and reacting to trauma and not using their brain/senses to think things out clearly. They are deluded/lost in fantasy, trapped into believing that illusions are real and have power, including pieces of paper with scribbles/stamps/marks on them. They really think that fictions will provide the living with a remedy that sets them free from all the harm of being lost under the power of fictions.

By giving your foundation a "name", you are making a "claim" over the foundation that you think you "own", meaning that you are now giving the fiction power with your life. This is no different than a child who believes in Alice in Wonderland giving power to the storytelling (the fiction) by acting out the role of Alice in her game of Alice in Wonderland. How else can Alice be given power if not by the child, the living MAN? Alice is a fiction, an illusion, and always will be, Alice does not exist and never will and cannot set her own fictional "life" into motion. Only the living can do this.

To have a foundation you have to have a "name" to give it a name, but the foundation is a fiction and cannot set itself into motion so you have to give it your acting "name" to set it into motion, to bring the living into the fiction as the brainwashed drone who comes to enjoiner with the fiction.

The name of the drone is a fiction and the name of the foundation is a fiction and it takes the living to enjoiner them. The living can't enjoiner with a fiction but the living can be under the delusion that they can. This is psychotic behaviour because it is all make-believe which is the fabric of what makes up "The System" of men and women lost to fantasy.

You want a foundation but who do you think is going to benefit from the LIFE energy (YOUR LIFE) that you put into that foundation? The High Priests/Priestesses. And you think that you, the living MAN, are going to get freedom from all this fantasy while you continue to be enjoined to it? Of course you are getting your freedom, but it is Free-dumb.

You think you are going to get freedom through this foundation when all you are is deeply traumatised and brainwashed. We cannot "own" anything. By "claiming" it, you think you are giving that foundation power to free you, but all you are really doing is giving your LIFE-energy to the system of commerce that you must perform for because commerce and everything of commerce does not exist either. This performance has you be the slave acting on behalf of commerce.

You cannot even "own" the foundation that you "claim" with your "name" because you hand it over to the priests to administer. It is of their world and of their makers making. The foundation, and everything of the foundation, is part of their wonderland, it is not part of who you really are and what you are really part of, that being MAN, Earth, Nature.

They also administer anything you put in that foundation, including everything of your life - your children, pets, land, etc. A foundation is a contract and an agreement to give over your life because you are a sinner. You are a fallen MAN.

A contract needs an administrator to administer the sinner who has given up who they really are to be ruled by the administrators. By signing a contract, even by your intention without signature, with the administrators of "The System", you are telling them that you are not well, that you are not capable of managing your life and that you need to be governed. You gave your life/power/rights away.

When you give over land, money, etc, to the foundation, the administrators, you have given it up because you are a ward of the "state" (The State of Queensland - The State of New South Wales, etc, where the land-title has been claimed, where the foundation is based under governance) and of their "state" (responsibilities, duties, etc) and of your present "state" (psychological).

The priests benefit from all the labour you put into that foundation, that being your performance acting as the "name", the foundation with "name" and the commerce for the "name", set into motion through the make-believe of your fantasy, illusion and delusion. Welcome to slavery Rena. Have a nice stay

Through your labour, you continue processing the curse of your "original sin" and, you are willingly giving away most of the fruits of your labour, if not all of it, to the trustees/administrators of your trust/foundation. This is what happens to ALL wards of the "state". The System" is a mental asylum, a prison, where all rights and responsibilities are given up upon entering.

When you set up a foundation or a trust, even a company that you register with ASIC, you are giving over everything to them. This is what you want to do right now, and what also happens with the UCC, OPPT, etc, and when you go into their courts. The trustees of your "names" trusts and foundations are your prison and psycho wardens.

If you have a look at what is really going on here, the paper, the ink, the marks, the currency, etc, nothing is actually happening (set into motion of their own free-will) in the real world. It is not like the sun shining and the winds blowing and the cow mooing.

All there are, are brainwashed men and women acting out the fantasies, pushing the papers, signing with their marks. The piece of paper cannot move from desk to desk and the pens cannot scribble and sign. This is the evidence of this insanity, of this original sin.

It is an ecclesiastical state, the e-state, as in "real" e-state, which is your insanity, the real present "state" of your brain. They are laughing at you as you, in your insanity, play games with the paper and the marks, believing that they are real and have meaning. You can see why they need to administer drugs to their "patients". These drugs and poisons come in a 1001 ways.

Are you still taking your medication Rena?

When you keep using the "intellectual property" that they administer, the affairs of the psychotic state that you are under, and committing to their world (the psychiatric centre = "The System"), you are admitting that you are deluded and that you are not well. You are in a psychological "state" in the e-state they administer (add a minister - as in a priest dealing with sinners).

This is what has already happened with the birth certificate, drivers licence, mortgage, etc - you have given away your "rights" to be governed by others, as in the rules, regulations, rituals, procedures, conditions, contracts, laws,

statutes, etc. For example, while you are driving in your car, journeying on the roads of "The System", you are acting out your life according to the governance of those roads administered by the re-presentatives of those "roads".

This exact scenario is what is going to con, and is already conning, multi-millions of people into moving from the current version of "The System" to the next version, the New World Order. You are going to journey according to their governance along one of the various Pied Piper roads on offer to their next ecclesiastical state of governance.

Out of the frying pan into the fire.

Because the lackeys of "The System" offer so many choices of roads, you don't realise you are being led. You think you have chosen your own road but, in fact, there are a limited amount of roads and no other option but those choices. You have been dumbed down and all that is on offer to the dumbed down is free-dumb = the New World Order version of freedom = no freedom at all.

NOTHING in "The System" will give you real freedom.

Going into their courts to fight the fictions is free-dumb. Using their laws and paperwork is free-dumb. Creating movements and political parties such as Ubuntu, OPPT and Thrive is free-dumb. Fighting "The System" is free-dumb = the dumbed down drones version of freedom = the New World Order.

All the Freemasonic/Satanic shepherds, the storytellers, spin you stories, fictional illusions and delusions to trap you into falling for their stories and giving your life energy to their system through their storytelling, which is not freedom. While we don't have real freedom, we are dumb if we think we have it, or can get it whilst still a slave.

The power of the Freemasonic/Satanic world only exists while we are not creating true freedom because they need us to need them. Without us they are nothing. They need the dumbed down and stupid to give their power away so that they can continue being dumbed down and stupid and continue being controlled and ruled.

When we cheer from the side lines as "heroes", the dragon slayers, such as Kevin Annett fighting the dragon hydra beast = "The System", in this case the Church, we are cheering for everyone's free-dumb because real freedom isn't being created in present sense.

Anything that stops MAN from taking full responsibility for their freedom in present sense is evidence of storytelling and evidence that the storytellers are doing their best to keep us dumbed down and stupid in present sense, here and now.

Whatever you are thinking right now, whatever your interest and preoccupations are, if it is not creating your true freedom in present sense, and everyone else's true freedom in present sense, you are either deceived or in on the scam as a deceiver.

Those who keep pushing the law, or fighting in courts, or any system based so-called "remedies" are either system shepherds/storytellers or deluded and on massive ego trips. Either way, they work against everybody who wants true freedom.

Every step of this is processing a curse and for the foundation to have a bank account, you have to bring forth your "name", and to have a "name" you have to be totally tied to and under the thumb of "The System". The foundation has no life force energy and needs a living man or woman to set it into motion.

You cannot have freedom, security, etc, if those around you do not have freedom and security. This is why all the freeman/sovereignty stuff is not a remedy. It is self-centred, all about my security, my freedom, my abundance, my money, my land, my beliefs, etc, etc. And then you have to build a fortress around you to prevent those who don't have land, freedom, money, etc, trying to take what is "yours". Enter the foundation or the trust or a shelter. This is not freedom, it is Free-Dumb.

This kind of attitude does nothing to help people like us who had almost everything stolen from them - there is no one around offering community immunity when harm done to one is harm done to all and we all stand together against harm being done to any of us. THIS is freedom. Have a read of what we went through <http://loveforlife.com.au/node/8459> and then see if you think your foundation will help you withstand attacks such as these.

Your foundation is in commerce, just as the whole of "The System" is in commerce and it is not your commerce. Commerce is the processing of a curse and you are processing the curse. You are just a renter in "The System" - you cannot "own" anything in "The System" because it does not exist to be owned and even if it existed you commit spiritual suicide in trying to "own" it. The point is, either way you do not win and neither does anyone around you, family or not.

Falling for system images is ritual sacrifice of the worst kind because a MAN has been conned into sacrificing who he/she really is, to give up all the power of that MAN's real life for the fiction. Because the fiction cannot contain the life force energy of the MAN, it goes back to the administrators of the fiction, the High Priests/Priestesses, who get all your power because they are the living and can use it against you.

When you allow your energy to be harvested by the administrators/priests/priestesses, you are proving to them that you are indeed a sinner because you are not only committing fraud by claiming to be a "name" that you are not, you are also giving up who you are as "MAN", taking full responsibility/liability for your life, and allowing them to be "God" above you because you are giving them the FULL-responsibility for your life, which is why they can use it as they wish, for their anti-life purposes.

You put energy into the foundation because you think that someone, somewhere is going to give it power for you. A foundation is just one example of 1001 ways that we are conned into giving up who we really are as living MAN into becoming slaves for those we accept as our masters who are just dangling the carrots that will lead us to the New World Order.

A truly Free MAN, who takes FULL responsibility for his/her life, will never enter the New World order because a truly free MAN knows that no MAN has higher standing than another MAN and that, in real life, there are no slaves and rulers. Refer to "**Slave To A Name**": <http://loveforlife.com.au/node/8505> where we talk about how we commit sin by claiming a "name", and "**The Only Path To Freedom**": <http://loveforlife.com.au/node/8508> where we talk more about how we are born into original sin.

So what we have is a re-presentative of a "name", you, enjoining to a fiction that is now enjoined to everything of "The System" including banking, politics, law, etc, EVERY aspect of "The System". You have given up who you really are for this fiction so that all your life force energy is benefiting the Priests.

While you are in this state, you are easy prey for the David Ickes, the Santos Bonnaccis, the Michael Tellingers, etc, who give you more storytelling fictions to keep you trapped as a sinner. They give you fictions such as universes, millions of years, archetype, electrical energy, astrology, astrotheology, numerology, time and space constructs, duality with two different levels of life/reality, one visible & holographic the other behind the veils of our senses particularly sight, life as a universe (uni-verse), that life is an illusion, a hologram..... thousands of them that you choose from to form your beliefs, maintaining your state of sin because it is your "name" re-presenting "self" (see The Only Path To Freedom) which is you enjoined to the "name" that keeps you in "The System" where all these stories exist.

All these people re-presenting the system are keeping you enjoined and trapped because you keep buying into "The Systems" that they are peddling. They give you all the information so that you will buy into their constructs but it all stops you creating the MAN you really are with your unique and original thoughts and keeps you a slave in "The System" under the "name". FB and YouTube and the internet is FULL of people lying to you, either because they are INTEL or they are ego trippers, peddling self-centredness, oneness, harm and destruction.

We are creation; the consciousness of who we are is the consciousness of everything. We are not electricity or anything related to "time" and "space" constructs because this is all fiction. We are not part of a universe, or an archetype, we are not "one". None of these thoughts are unique to you. You are spinning in the storytelling of all these stories but none of it is you. This is where you give your power away. Watch out, you are being deceived.

These people are trying to destroy you, who you really are. They are not really interested in you remembering who you are as MAN because, if they were, they would not be trying to educate you. They would be working towards giving you your freedom as you give them theirs so that, together, you can co-create with nature using your unique inspirations coming out of direct experience with natural sensory life-forms.

The enchantment continues on; falling into ancient worlds and languages, becoming bewitched by history, diving into the law or politics. None of this creates the unique original MAN that you are. It does exactly the same thing as being trapped in a foundation. You are still a sinner who has given up creating the real MAN that you are because you can't be the MAN when you have given your power away to the images of another MAN.

You are still processing the curse, spinning the web of their storytelling into "The System" of your "own" entrapment, that being the false life of a man or woman you've created into a make-believe existence while living in a man-made system directed by the pull of e-motions during the "occupation" of this "alien" (not natural or uniquely created by you) invasion (storytelling) that has conquered you and forced you under their "spells" of many "spells".

Notice that all this occurs ONLY within "The System" - nowhere in nature does this occur.

Freedom is the creation of the unique, original MAN that you are that you give up when you fall for the storytelling that puts you under the image power of another MAN.

The storytelling that allows you to accept the construct of foundation is no different than the storytelling of anything else in "The System". Anyone who tempts you into system thought is conning you into continuing your sin because you are accepting another MAN's thought as your authority, as your dreaming. This includes us, which is why we are not an organisation and why there are no leaders and followers in Love For life. We realise how sacred MAN is. To educate another MAN is to create a massive sin. This is image power.

The habit of an educated slave is to find the thoughts of another man or woman and fall under the influence of them. The key to our real future is for nature to bring up MAN, not another MAN. We can ask our children questions to get them thinking, but we do not supply them with "answers" including explanations.

Only educated slaves will dive into the storytelling of quantum physics, system science, all recorded ancient his-story, symbols and everything else that is man-made that is a fiction rather than a sensory life form that has its unique life force energy and expands and benefits the dream of life in present sense without doing harm.

Everyone out there peddling education is a fraudster and this is why we tread very carefully when we write. We do not want people to fall under our image power; we dream to inspire men and women to co-create with nature and to bring the children of their dreaming up in nature so that they remember who they really are and no longer fall under "spells".

How can we create a MAN when our lives are pulled by the nose through the alphabets, mathematics and constructs of "The System" that keep our brains dancing under the spells of other men?

How can we create a MAN when we are forced to go to work in jobs that cause immense harm to other men and nature, just so that we can keep a roof over our heads and keep food on the table, maintaining fantasy security for our children, all the while constantly in trauma due to the fear of not being able to pay the mortgage or the rent, and all the other bills?

How can we create a MAN when we never have a moment for contemplation and for true relaxation? They keep messing with us in every way possible so that we are constantly distracted and worried, however much we learn to shut it out with entertainments and distraction.

Like Pied Pipers to the rats, they carry on the same tactics that their Brotherhoods and Sisterhoods have been using for generations since this madness began. It is only because you have not yet created the true MAN that you are that you write to us, asking us for help with your remedies, asking us to be your pied pipers and to lead you to other pied pipers so they can continue your education as their rat in "Their System".

The "name" being enjoined to the foundation is no different to the "name" being enjoined to every other system distraction and red herring. It is all about capturing your life force energy and channelling it back to the Priests/Priestesses. This is what they mean by "We Will Lead Every Revolution Against Us". This is what they practice, day in, day out.

The common denominator is that it all happens only in "The System" and while we are caught up in it all, we remain trapped in "The System".

The remedy to all our problems is to walk away from "The System" and learn to live together in do no harm communities, growing our food and restoring Earth to the Paradise it was dreamt to be. NOTHING of "The System" will free you from "The System".

This is all covered in great detail in our work, links already provided.

All the best to you and your family

The Only Path To Freedom Beware The False Steps

Arthur & Fiona Cristian
Love For Life

2nd April 2014

We are often asked for our opinion on various things happening, such as Ubuntu, and also asked for help with paperwork and about legal matters. We also get people having a go at us for pointing out the intel agents when we see them, without being able to supply any evidence that we are wrong. Some examples are as follows.

This one is from South Africa. Phitey says: Hiya, In case you weren't aware, there is a huge movement in South Africa promoting the same things that you promote. In fact, in order to be able to be heard, they have started a political party (Elections soon in May 2014). I thought that you might be interested assuming you are not already aware. Keep up the fantastic work."

Here is another example from Singapore, Flora says: "Make the system obsolete and join the #WaveOfAction this Friday. via OccupyWallSt.org by: Occupy Wall St."

And then we get comments like this one: Rob said: "Research a little bit further into the people who who discredit, unless you are a wolf-in-sheeps-clothing disinfo agent to begin with... in that case, you're doing a great job."

Darc said: "Hi Fiona and Arthur, Great website - thank you. I want to bullet proof myself as much as it is possible from the flack coming out of the system. I have done a fair amount of reading and have come to the conclusion that filing a UCC1 is the go. Also Winston Shroul said somewhere in one of his videos that there is a way to file or register things with the world courts or something that they will do for a fee. Didn't quite get what it was - do you guys know about this process?? Thanks again Darc."

We have covered all the subjects touched on here in great detail in our Love For Life work (links provided below) so here we are just going over some of the main points. For those interested, we have provided a sequential list of articles, videos, etc, below, for you to dive into. Even if you do not like what we say, it is worth taking the time to dig more deeply because the information we have been sharing since 2005 is not found anywhere else. We also provide a link at the end of the list for those who want to research further, especially when it comes to information about INTEL people and PSYOP operations.

This is our response.....

There is NO remedy to get MAN completely out of "The System" forevermore... NOTHING, they don't have one, no different to OPPT, Thrive, Ubuntu, UCC, David Icke, Alex Jones, Max Igan, etc, etc, etc, etc, etc, etc,ALL are Intel scams.

Ask any of these "leaders/front-liners for a copy of the remedy they have on offer that provides

FREEDOM

TRUTH

PEACE

JOY

ABUNDANCE

DO NO HARM

NO LOSS OF UNIQUENESS/ORIGINALITY

NO SLAVES AND RULERS

for everyone and everything of nature/earth/MAN,
without ever compromising any of these "standings",
values that EVERYONE wants/dreams for.

Note: no one in positions of power, authority or has an influence over public thinking will come out in the open for all to see/hear and testify that they do not stand for this criteria or for any particular aspect of it!!!!!!

These virtues of love set into motion are the ESSENTIAL NON-NEGOTIABLE criteria for Kindom/Do No Harm Communities = Paradise.

The criteria must NOT BE compromised, no matter what, otherwise we end up with another version of "The System" again, which is what all the intel liars want and live-for.

No matter how many times they are asked you won't find such a remedy coming forth from them because they don't have one which clearly shows you they are INTEL.

It is clear that their plans are to con everyone unprepared/inexperienced with Kindom to enter the "Golden Age" of their engineered/self-fulfilling New World Order (NWO), all the while thinking they are getting freedom, peace, etc.

We often receive emails from people telling us about new movements, such as Ubuntu, and saying that they seem to be talking about what we have been saying for years but, if you look carefully they turn into Political parties, or organisations in and of "The System" with no long term plans to be completely out of "The System" with every MAN in his/her unique image, not answerable to another MAN but taking full responsibility for his/her life.

The purpose of any movement should be to set every MAN free from living under the image power of another MAN, whether through an authority or a government or Federation, etc. This is what true freedom is all about. But if you look carefully, these things creep in, often brought about as a result of organised chaos, sabotage, disruption, collapse, manipulation, deceit, organised crime, etc, caused by system lackey thugs.

This includes the rape, pillage, plunder and murder plastered across the media to make us think we are not safe. But if you look around you, there are very few people who really want to harm others or take advantage of them. We have to rise above the fear and see clearly what is happening. There are usually only a very few people who are involved in violence, etc. This should not be a reason to stop living for freedom, no matter what they throw at you. If they take down one of your people, continue on. They cannot control a free MAN, only kill him/her. This is how serious we have to be because, if we are not, we will be intimidated and pulled back into slavery.

These "We Will Lead Every Revolution Against Us" tactics are there to make sure that any genuine peace/freedom movements do not succeed. They infiltrate them, build them up and then, just as people think that they are getting somewhere and that their message is resonating through the media and causing an uprising of people, they bring them down from within, smashing all hopes and dreams in the faces of all believers/followers saying that it can't be done, it is too hard, too late, people can never get together, "The System" can't be beaten, etc, etc, until our hopes and dreams are ruined and all that is left is their NWO, the next version of "The System".

Goodbye freedom.

For more on this refer to this video "**The Dream Of Life Part 5D - Images Of Deception - The Intelligence Agents Amongst Us - "We Will Lead Every Revolution Against Us"**": <http://youtu.be/KgEwY38JQWU> which references this article on Laurel Canyon: **Inside The LC - The Strange But Mostly True Story Of Laurel Canyon**

& The Birth Of The Hippie Generation by Dave McGowan 8th May

2008: <http://loveforlife.com.au/node/8076> where free sex, drugs and violence was introduced into the serious freedom, truth, peace movement in America that started in the 50's and exploding in the 60's to derail it and have it dismissed by the majority who now associated the freedom, truth, peace message with free sex, orgies, drugs, the hippy flower power movement, etc.

Don't get caught in their nets with all these mantras. "The System" lackeys are very good at controlled opposition with the intention to whiteant, whitewash your dreams and aspirations down the line so that all you have got left is their NWO, rosy or not. The thought of peace, truth, freedom, etc, are NOT peace, truth, freedom, etc. The thought of peace, truth, freedom, etc, is the trap that keeps us needing them, keeps us enslaved, all the while our freedom seems just beyond our reach. If we were living it, we would not be protesting about the thought of it.

They want our reactions, they want us to grab the bait and struggle on the hook, giving all our LIFE energy to the fishermen and their world because we are not living freedom, we are still passing the buck. When you started protesting (even before that), you gave it all up because you admitted that you are nothing without them (you have no power) and, when the dust settles, they have their people there to keep you busy and life goes on, sucking on the nipples of the private corporations of "The System". Where is your freedom in all of this?

The same goes for doing paperwork. It wasn't pieces of paper that invaded all the lands and decimated the tribes and it won't be pieces of paper that will set you free. It was force that invaded the lands and it is force that you are up against to get your freedom. Pieces of paper will not contain our life force energy and therefore have no power and yet in flights of fantasy, we fill them in and file them in the hope that someone, somewhere, out-there (outside of our power, the power we gave away/up) will take notice and hand us our freedom on a golden platter.

Freedom is in the way we live with each other and Earth - it cannot be handed out by "authority" figures. Asking the "authorities" for freedom is just reaction to trauma, admitting that you are a slave and that there is someone out there with power over you. A free MAN would not do this. You have given your power to them because you have given up full responsibility for your life and you rely on them and their administrative services for the privileges, services and benefits that you receive from them. See our posts from February and March, 2014 for more on reaction to trauma and Image Power, Curses and Processing Curses.

On Facebook yesterday, Connie posted this 25 minute video, "**All One Self Governing Beings**": <https://www.youtube.com/watch?v=kE7wuFi63Q8> but then took it down.

In the video Elissa is reading out the work of Nicolas Jennings' remedy to our problems. To us, it is easy to see that the future she is describing is the NWO. Why? Because there is going to be an economy in that future, and everyone is going to have their "skill" that they provide to the community (what happens if they don't want to?) and then they will be supported by the community.

Again, this is all system stuff; real freedom is when we are set free from each other, not because we do not want strong bonds and relationships with our brothers and sisters of life but because we don't NEED each other. We give and receive because we love to give and receive. We share our homes and abundance because we want to, not because we need to or have to.

Big difference.

While a community is dependent on each member to do his/her "skill" we are tied to each other and need each other. While we recognise that there will be a transition period where we all need to help each other clean up the mess and grow the food and build the shelter, this is not the end of the tunnel.

Any form of economy ends up needing administration.... who is going to keep track of the exchange of goods and services, of the accounting? And if there are disputes, who is going to have the power over others to resolve them? Isn't this starting to sound more and more like "The System" with administration and authority figures?

NO economy is the only good economy.

If we get conned into accepting these "new" economies, we get trapped because we have to accept the administration and the authority.

You are in the web and the Black Widow is running to wrap you up so she can suck out your life force energy.

This is starting to sound even more like "The System".

Life is a gift and do no harm are the only guidelines we need so that all the virtues of love, the Kindom criteria, can be set into motion.

When we don't "own" anything and we give freely, we do not need a system, an economy, money, cashless society, name, self, person. When we don't own anything, we don't need a "name", a "self" because there is nothing to claim, to cling to. We already have everything we need and more - why do we need to claim anything?

Do we have to jump ten feet across the room to grab our next breath? Of course not, we have already got it, so why would you want to own (not let go of) your last breath or drink or meal? Obviously you would die, meaning you have given up all your power, YOUR LIFE.

In the NWO you need a name, a self, because that is how they are going to mark you. It doesn't matter if it is numeric or alpha or a mixture. If you don't own anything and do not have anything to claim, they cannot mark you because you have already got everything and you don't need them.

There is a big difference between a name that describes the character, such as Running Water or Crooked Nose, which others use to refer to you, a name that you don't have to make up, and a name that you claim as your own and that possesses you because you use it to claim things with, making you self-centred, as in Birth Certificate, Drivers Licence, Mortgage, Credit Card, Bank Account, Passport, etc, etc.

This is how and where you get trapped.

Born In Original Sin

When your parents put your name on the birth certificate, you are "born in original sin" because from that point on, you are committing fraud (a sin) because you are claiming that the name on the pieces of paper and documents that tie you to "The System" are who you really are, when you are actually the living flesh and blood man or woman, not the scribbles on the paper/card. This is how they get you processing the curse. They are your administrators, the administrators of the name in "The System" that has you live a lie, process a curse.

The sin is a curse, a lie is a curse. This is how they make you a slave - while you are processing the curse you are their slave under their administration. For more on this, see the article "Slave To a Name": <http://loveforlife.com.au/node/8505> and watch this video: **The "Name" Is The Mark Of The Beast The Strawman Identifying Your Slave Status In "The System"**: <http://www.youtube.com/watch?v=DdOag66v7uo>

When you live in Kindom, everyone knows who you really are anyway - they can sense you, smell you, feel you, touch you, taste you, hear you and you are unique. You are not going to get forgotten about or ignored. It is clear who you really are.

Kindom is not a political party or an organisation or a movement. It is not something you join or become a member of. Kindom is how you live. Political parties will not take you to paradise, neither will money, banks, man-made laws, courts, religions, etc, or thoughts of freedom, truth, peace, joy, abundance, kindom, paradise,..... etc. To be in paradise you have to set paradise into motion so that you are already living in paradise in present-sense.

Listen to the video and how often the word "self" keeps coming up.

Either Nicholas Jennings has no idea what he is talking about or he is INTEL.

Give it all up.

When we let go of our last breath, we are free to take another breath, making us perpetually free to breath moment by moment. This is how we go to Kindom and remain forever in the Paradise of our co-creation.

When we are conscious, we are MAN on the land, taking full responsibility for our lives and the land we are caretakers of and we are conscious of everyone else needing that too. We are not greedy for more land than we need, and we do not try to hog the "best" bits because we know that ALL of Earth is Paradise once we have repaired the damage done by ALL of us.

It is all about becoming trauma free so that you are free on land and everyone else around you is free on land.

Going to Occupy or performing UCC procedures will not set you free from trauma, instead you will be further embroiled in it.

There seems to be no remedy to our self-centredness - in the video "self" keeps coming up, which is all based on ownership, which is reaction to trauma. In Kindom, there is no ownership. In Kindom there is no need for a name or a self because we already are.

Why are we claiming for what we already are?

This is the duality trap, the reflection in the mirror, the shadow that covets us, the heart of the Satanic deception.

This applies to freedom - why do we need to claim our freedom when we already are free?

How can a community come together and stay together peacefully and freely when everyone is self centred?

It is impossible.

If we don't become free from self-centredness, we will never be free of the trauma and this is what Freemasons/Satanist WANT, because while we are reacting to trauma (chaos), we need them to keep us in order (under their order), providing for us under their "oneness glue".

Watch out - you are being tricked, conned, deceived, misled, duped. Like Hansel and Gretel, we are lured into the witches house by the sweet-tasting lollies, in this case, by the feel-good language and cosy re-writing of "The System" mechanics. They want you to be tempted by all the sweet smelling roses so that you won't notice the lie twisting throughout.

The conflicts in our "self-governing being communities" will be no different to those we experience in "The System" today, where we are all forced to claim the "name" which claims the labour, the land and the goods and services, the "values of name". This is all self-centredness again. It's mine, it's mine, it's mine..... now we need the "higher-authority" to sort it out.

The "name" is the "self" and this is where the problem is.... we are falling for the same smoke and mirrors, thinking they are remedies. We discuss all this in great detail in our posts in February and March 2014, links provided below.

Notice how there are no elections. Is this because we are free or because we are under the one permanent power, the Federation, of Oneness that rules everyone and never changes so that your whole life is lived under it, as are the lives of your children.

Isn't a permanent Federation a dream come true for those with a lust for absolute power and control over everyone and everything?

Why don't you see what other lies you can rout out and post them in the comments section below?

To recoup: "All One Self Governing Beings" = NWO, a moneyless abundant "Economy" = NWO, self = NWO, self-centredness = NWO, "name"= NWO, "Oneness" = NWO, cashless economy = NWO, the world = NWO (the world is "The System, the world is not Earth/nature. When they say it is the end of the world, they are saying the end of "The System" to make way for their new version of "The System", like the phoenix rising out of the ashes).

Everyone agrees that we don't want "The System" so we go into an "experimental stage" to see how the "world" will take shape, etc, but then, lo and behold, the problems of self-centredness (reactions to trauma) will be brought in as the rosy glow of having got rid of "The System" fades away and we will be looking around for someone to give us answers enter their remedy, their Federation of oneness, of Star Trek.

Goodbye freedom!

Don't forget that we are dealing with people who have been using psychologists and specialists in brainwashing for hundreds of years. Enter the Tavistock Institute, etc, with its armoury of covert control methods. They know EXACTLY how to point us in the direction they want us to go, all the while thinking that we came up with all the ideas!

When the Federation kicks in, the power and control will move from covert to overt but then it will be too late. Your power is to withstand the pressure of all this and go to Kindom and don't accept ANYTHING other than taking full responsibility for our lives, for creating do no harm communities of free men, women and children.

*Note: we do not know Elissa, so this is not an attack on her, we are just scrutinising the work she is reading.

We cannot co-create Kindom while we are reacting to trauma because there is no freedom in reacting to trauma.

Kindom is created when we let go of our trauma, including our greed and selfishness (self-centeredness).

The men and women behind "The System" and those working for them, do not show you the remedy to "The System" because they NEED you to NEED them, to react to trauma, to be fearful and doubting of your absolute power.

They do not teach you about Image Power or Reaction To Trauma or "Self" or "Name" or "Self-Centredness" or "Re-Presenting Intellectual Property" or Duality, etc (refer to links below for more on this), they only show you the fantasy of the "name" on a journey to freedom through the wonderlands of Ubuntu, OPPT, UCC, sovereignty, freeman, oneness, etc, etc.

This is how you are trapped, by the "name" you own ("claim") and associate with the fantasy, none of it being who you really are and what you are really part of, all of it lies and fraud.

When we let go of our trauma and ego, and self, we will be in Kindom because we will no longer be greedy and selfish and we will know how to live by the virtues of love.

The NWO will not be populated by simple people who are ready to serve others; it will be populated by egos, full of greed and selfishness but covered up with the "right" mantras, looks, clothing, buzz words and beliefs.

Unless we inspire people to take FULL-RESPONSIBILITY for everything they think, feel and do and start living a Kindom way of life in present-sense that meets the above criteria in everyday practical sense, as an ongoing walk-the-talk demonstration of Kindom that never ends, we are all going to end up either going bush or killed or forced into the NWO, the next "feel good", "feel god", "cosmic, galactic, spiritual, oneness consciousness" version of "The System".

Rallying as in "Occupy" is NOT a remedy because in doing so no one is living Kindom in present-sense. The men and women behind "The System" are not your masters so why are you asking them for freedom? A free MAN doesn't have to ask anyone for freedom. He/she already is free.

In Occupy, all we have are men and women (and innocent children) reacting to trauma, clearly demonstrating that they have leaders/masters and are slaves asking their slave-masters to take responsibility to improve their slavery conditions without them ever opting out of being a slave. If they did, they would be taking FULL-RESPONSIBILITY to walk-the-talk of Kindom in everyday-practical-sense. They would be withdrawing as much of their energy (lives) as possible from "The System", including withdrawing from protests, occupiers, revolutions, political/social/environmental demonstrations, and directing their LIFE-energy into growing organic food forest & vege gardens around Do No Harm Communities/Kindoms.

We need skills to grow organic food and build each other's houses and the only way to get those skills is to practice them, day after day after day after day..... If you want to grow a garden, start growing a garden because that is how you will learn. In the same way, we learn to live free, to live peace, to live truth, to live joy, to live abundance, to live do no harm, to live no loss of uniqueness/originality, to live no slaves and rulers, becoming skilled through every day practice,..... BUT with Occupy this ain't the case.

While we Occupy the cities, we are not learning how to live without "The System" so that we can be free; all we are doing is learning how to Occupy and practicing living as an Occupy member, still completely reliant on "The System" for food, power, water, sewerage, etc. Almost everyone doing Occupy, Thrive, Ubuntu, Zeitgeist, OPPT, Oneness, etc, etc, if not all of them, is still completely plugged into (contracted to) "The System" for electricity, gas, petrol, oil, telephone, internet, car registration, drivers license, rent, lease, mortgage payments, passport, food from supermarkets, etc, water from local council/private corporations, bank accounts and credit cards and is paying taxes, rates, interest payments, fees, etc, etc.....

All the occupiers are demonstrating is that THEY ARE ALL SLAVES and that's it, that is the reality.

Time to take the rose coloured glasses off.

While they are reacting to trauma by doing Occupy, Thrive, Ubuntu, OPPT, etc, etc..... they are feeding "The System" (the beast) with all their life-force-energy because that is where it is all going. None of their LIFE-energy is directed away from "The System", into creating freedom for those around you. No one is learning how to be free, how to live peacefully with other men, women and children, how to create joy and abundance for all.

Their life-force-energy is most definitely not going to Kindom/Do No Harm Communities because if it was, there would be no one turning up at Occupy, Thrive, OPPT, Ubuntu, etc etc..... as they would be too busy growing organic food-forest vege gardens, co-creating shelter for each other on land with clean running water for all of their community so that they can have it too in present-sense, here and now.

And they would be free from outside interference, from Councils enforcing regulations that put holes in the dream of Kindom, leaching the life force energy back into the corporations of "The System". While we are still connected to "The System", most of what we create is pulled back into "The System", leaving us with the crumbs, just as we almost all are now, including those who go to Occupy and who are reading this post.

When ALL people stop buying Nestle products, Nestle will crash and be no more. It is the same with "The System". Best we turn our backs on "The System" and start focusing all our life-force-energy on co-creating Kindoms in present-sense.

Freedom, truth, peace, joy, abundance..... etc, comes with FULL-RESPONSIBILITY - the criteria for Kindom will never happen and will always be at arms length when we operate under LIMITED-RESPONSIBILITY/LIABILITY because when we do so, we are passing-the-buck of Kindom and going to Occupy & Ubuntu rallies, OPPT meetings, Thrive talks, etc, etc, all the while still practicing being slaves.

Only slaves think about freedom - freemen and women do not have to think about freedom because they live it, they are it. They are not the horses looking over the fence thinking that the grass is greener over there.

What do you think happens to all the men and women at Occupy when the day/s for performing Occupy, etc.....is/are over?????????

Everyone goes back to their jobs, internet, homes, etc, to continue acting as slaves in "The System"; they have not gone home to their Kindoms because they do not exist !!!!!

Does Kindom sound too hard? Too difficult to achieve? Do you think you can't do it? We can do anything when we set our brains to it and when we have the intention to make it happen no matter what BUT, we have to stop being self-centred and get together in all our spare hours day-after-day-after-day-after-day to grow food together, get water tanks, work out ways to unplug from the grid, set up our own sewerage compost systems and work on the bonds between us, no matter our backgrounds and beliefs.

Unless we are committed to seeing life as a gift and out of that building each others gardens and homes and helping each other so that we are strong together, nothing will happen. We will always be reliant on "The System", whatever its guise, because we will still be separated and divided, still looking after number 1, still chasing our in-divide-u-all dreams and still self-centred.

Everyday that goes past and you are coming home to "The System" rather than to Kindom, you have nothing because everything of "The System" is fantasy, illusion and delusion and you are deluded if you think that anything real and living can come out of system thought.

You can do all the paperwork you like, do all the legal work you want, do Occupy as much as you want, drop out as much as you want, but if you are not putting your LIFE-energy into creating Kindom for those around you so that you can enjoy it too, you have nothing and you are still just a slave, a cog in "The System".

You were "born" into "The System" (Original Sin) and you will "die" in "The System" and Earth will still be dying and "The System" will still be in control, disguising your days of slavery with meaningless entertainment to keep you blind and distracted.

If you are not creating remedy, you are waiting for others to create that dream for you. You are not taking full responsibility and you are on an ego trip, pursuing your selfish desires, rather than letting go of your pride and your rebellion and your reactions to trauma and mucking in with everyone to co-create Kindom.

While you focus on my freedom, my truth, etc, you are not changing "The System" because "The System" is all about self-centredness. You are not bringing your dream of Kindom into everyday practical sense - you are still under limited liability because you are going to others and asking them to do it for you, to provide almost everything for you (if not everything). You go to occupy because you don't want to take the FULL-responsibility to live it yourself so you go to others to ask for freedom.

If you are not working on how to get out of "The System", not co-creating those gardens with others in all your spare time, you are still an island, an in-divide-u-all, still on an ego trip, locked into "The System" because the ego can only exist in "The System".

If you think that it doesn't matter what happens here because you are going to heaven in the "after-life", do you really think that your God is going to let you into heaven after you have trashed the paradise he gave to you? Do you not think God wants to see you taking full responsibility for where you are living now before God lets you into the other world, so God can be sure that you will take full responsibility for your behaviour in Heaven?

Can your God trust you? Do you think that the creator who gave you free will is going to take it all away by wiping out all your sins, showing that you are nothing but a puppet on a string? Would God take away your full responsibility for your life when God means full responsibility? If we are created in God's likeness then we should be taking full responsibility, just as God does.

Would God want men and women who have wrecked Earth, poisoned their bodies, killed and harmed their brothers and sisters, caused constant cruelty to all the creatures on Earth, thought up countless inventions that do immense harm to life, sat back and watched as children are abused, been judgemental, critical, dishonest and lazy? If this is who is let into heaven, what is going to become of heaven? Is it not going to become exactly like "The System"? If our children make a huge mess in the house, don't we expect them to clean it up before they go and visit their friends?

Freedom is not sitting in a chair in front of a keyboard tapping away, as we are doing now. When you wake up and go to make breakfast in the kitchen, you are still plugged into the contracts of "The System". There is no freedom in that. You cannot be free one moment and not the next. In "The System", choice is often mistaken for freedom but they are not the same.

In Australia, with limitations according to your finances, you can choose where to live, what job to do, what entertainment to like, what clothes to wear, what car to drive, etc, but all your choices are being provided for you by other slaves and not one of them is unique and original to you. And it is your slaving that provides choices for other slaves, even if you are on government handouts because you are still spending the money, the currency of the curse, in the service stations and the supermarkets and the pub, keeping slaves slaving to provide for your choices.

When we give up who we are to live under limited liability, we are accepting the curse of living that way, of being slaves in a system of curses. This is the dream we believe in and live for because, if we lived for the dream of freedom, peace, truth, etc, for ALL, we would no longer live as slaves in a system of slavery. We would already be living as free men and women, taking full responsibility for our lives.

When we are clear in our intention and fully conscious of the dream of Kindom that we are creating, as if the dream were a bubble in our hand and all our energy is focused on that dream, we are realising the dream in present sense. And then if we realise that the dream is not a bubble but is all around us, living and conscious in present sense here and now, then we are living do no harm lives, giving freely of our life force energy to the dream because we know that life is a gift.

If you want your freedom you have to get outside the walls of your ego and start forming real bonds and relationships with people who are prepared to work together with you to build do-no-harm Kindoms, instead of sitting behind the computer screen or going to Occupy before catching the train back home to System life.

Our real power comes through Community Immunity where harm done to one is harm done to all and we stand together against whatever harm anyone wants to throw at us. When we truly live like this, we are unbeatable. It is "The System" that has taught us not to trust each other and to remain divided and aloof from each other. This is the brainwashing we have to undo. When we work together, we become the wind under each others wings, taking us all to freedom.

You, the reader, if this lives for you, the responsibility lies with you to spread it around. Don't rely on those on internet radio, on the leaders of the freedom truth movement, on politicians or priests, etc. None of them live for this because they all live for the continuation of "The System".

We have been sharing this Steps of Kindom remedy since 2006/75: <http://loveforlife.com.au/node/8304>, with a few improvements here and there. Why are we never invited to discuss it by the big names who push Thrive, Ubuntu, the OPPT, etc? In our present circumstances, isn't anything worth having a look at? Especially a remedy that gives practical, everyday steps to getting out of "The System", to living freedom, peace, joy, etc, forevermore?

Those out front may be talking about freedom for all, but you don't see them living for it, fighting for it no matter what. Don't rely on Santos Bonacci, Jordan Maxwell, David Icke, Michael Tellinger, Michael Tsarion, Benjamin Fulford, Alex Jones, Robert Arthur Menard, Mary Croft, Dean Clifford, George Green, etc, etc, etc, etc, to pass this message on. If it lives for you, start taking full responsibility for making it happen and getting it out there.

We Stand For NO SYSTEM

Kindom (Do No Harm Communities) is the dream for freedom, but it is the dream for the freedom of those around us who also live the dream of freedom, because it is in living for the freedom of others that we get our freedom. When we live for the dreams of Kindom of those around us, we live life as a gift because we live for (dedicate our lives to) their dream of freedom, truth, peace, joy, abundance, etc, just as they live for our Kindom dreams too. This is true co-creation (cooperation) with no attack on the uniqueness of each of us. When we live this way, we have no need for any man-made system - everything/everyone has already been taken care of by our love for life.

Just as we do not have to jump 10 feet across the room to grab our next breath, neither do we have to worry about food, water and shelter because it has all been taken care of as we each co-create Kindoms/Kin-Domains for everyone. Now everybody and everything of the dream of life that is Kindom/Paradise is free (has been set free once again). The issue is greed and selfishness, power and control trips, arrogance, ignorance, being fed many many lies and being traumatised. The issue is not overpopulation - there is more than enough land available for every family to have a hectare (2.5 acres Kin-Domain) to care for. The land of Australia can provide a Kin-Domain for every family across Earth, each with a food forest, clean fresh drinking water and plenty of space for building natural do no harm habitats and with plenty of land left over.

Everyone must have the freedom to take full-responsibility for their lives, for the water they drink, the food they eat and for their shelter. Currently, "The System" forces everyone to give up taking full-responsibility so that we become

grown up children accustomed to sucking on the nipples of "The System" corporations for everything, having to use money to get by and to follow the rules of money because we are not co-creating freedom, peace, truth, joy and abundance for each other. Money only leads to haves and have nots and all the abuse, manipulation and distractions that we are subjected to as slaves to money.

When we give up living for other's Kindom dreams, we start creating hell ("The System") all around us because we become self-centred - now it's all about "my freedom", "my money", "my land", "my belief", "my saviour", "mine", "mine", "mine", "i", "i", "i", "own", "own", "own", etc. To protect what we claim we own requires a man-made system with FORCE to protect those self-centred claims. This is ALL trauma based and all story-telling (brainwashing/braindirtying).

NO SYSTEM = KINDOM/DO NO HARM COMMUNITIES

Our true freedom comes when we set our thoughts of freedom into motion so that we live freedom rather than just talking and thinking about it while we still slave for "The System". Kindom will not happen while we meditate for hours in the bush or do yoga retreats or wait for Jesus or follow the processes of the OPPT (One People's Public Trust now called One People). This is not freedom because we are not living freedom because we are living the story-telling of Jesus or Zeitgeist or The Secret or Thrive or One Earth/Consciousness/People.

Living Kindom is very, very hard work as we set about repairing the damage to MAN/Earth/Nature that we are ALL responsible for but the burden becomes lighter the more of us put our life-energy into the dream of returning Earth to Paradise. Day-after-day, we all have to work our arses off until Kindom is all around us (MAN) once again. This is the price we pay to set each other free on a piece of land (Kin-Domain), so that no one is under the image-power (education/brainwashing/story-telling) of another MAN anymore and so that everyone can have their space of love to create and live their unique, do no harm dreams. This only happens once we have the Kindoms set up so that everyone is provided for.

Once we re-create the food forests, whether on land or in the suburbs, we can re-claim our freedom, breaking the strangle-hold of "The System" because we are no longer reliant on its services and benefits and no longer turning each other into slaves of "The System", cogs in the wheels of "The System" machine. If we don't put the effort in to set everyone and everything free all around us then we still live in HELL ("The System"). The key is to live for everyone else's freedom so that we can have it too.

From Bare Dirt To Abundance Part Two B

Coming Shortly

We live for NO SYSTEM. We do not lose anything by not having a man-made system and, in fact, we gain. We gain our freedom and we gain abundance. Let go of the fear.

**A Collection Of Various Love For Life Posts
Providing The Big Picture We See
Sequential Order**

We ask you to NOT believe anything we say/share and instead use scrutiny like an intense blow torch and go where the logic of truth/sense takes you. This is very, very important. Put everything you believe up to the test of scrutiny to see how it stacks up. If you are true to your heart/senses and go where the logic of truth/sense takes you will find that NO belief, etc, will stand up to the test of scrutiny. They just do not stack up because they are lies/fraud.

After you have watched and read all the material and any questions are left unanswered, send us your landline number and we will use the internet phone as a free unlimited call. We are on Sydney NSW Australia time. Best times for us to chat are between 11.00am and 6.00pm.

It is critical that you fully comprehend Image Power, "Spelling", Trauma, Reaction To Trauma, Curses, Processing Curses, Full-Responsibility/Liability, Limited Liability/Responsibility (passing-the-back), Slavery, Senses/Sense vs Non-Sense/Senses, Re-Presenting Intellectual Property such as but not limited to "Name", Storytelling/Storytellers, Duality, Black-Magic, Belief, Lies, "i", All Seeing "i" (eye), etc..... These themes and others are covered over and over and over again.

If you do not comprehend these insights and are unable to use your senses to sense your way through all the non-sense/non-sensory-images that enslave MAN under their image power (darkness = "The System" = Hell), men and women will remain deeply trapped under a terrible state of trauma. Our intention is to inspire you to remedy by showing you how to move away from reacting to trauma in all its nefarious and devious forms.

Peaceful Transition Through Sacrifice And Service

We feel there is an essential peaceful do no harm transition required to get all of MAN back to standing on MANS feet without reliance upon another MAN for water, food, shelter. As it stands everyone in "The System" are highly dependent and reliant on the "group mind-set" that forms "The System" of slaves providing services and benefits for the emotionally addicted slaves to "The System" (and you can put us in the same basket too). The transition is to get MAN back to relying ONLY on nature without 3rd party interlopers, intermeddlers, interceders getting in the way. The transition is a team effort with the foresight for setting all of MAN free down-the-line so that MAN is no longer dependent on slaves and masters providing services, benefits, privileges and exclusivity while being bound to contracts, rituals, procedures, conditions, rules & regulations which compromises MAN severely.

This transition is all about shifting from limited liability/responsibility to full liability/responsibility. This full responsibility is all about caring for our health, nature all around us, clean uncorrupted (pure) water and food, partner/co-creator, children, shelter, animal-friends in partnership, etc. In "The System", we are already together destroying each other - we have to come together to create peace together so that we can all have peace. We cannot live peacefully when we are islands, not taking full responsibility for the lives of those around us until EVERYONE can take full responsibility for their life, which means that EVERYONE is healed of system trauma. In "The System", we all come together to make slaves of each other - now is the moment to come together to set each other free, to live for each other's freedom, peace, joy and abundance. Once we have set each other free, we are free.

Once we fix these issues, we or our children or our descendants to come, can start focusing on the even bigger picture of getting back to where our ancestors were, as breatharyan's, before they fell into non-sense images to be enslaved by them.

The Cristian Family Declaration

The Cristian family and The Love for Life Campaign are apolitical, non-religious, non-violent, anti weapons, anti drugs (both pharmaceutical and recreational) and anti any ideology that denies the existence of Do No Harm Communities (Kindoms) and suppresses the uniqueness and freedom of all men, women and children.

The Cristian family and our Love For Life work is unaligned to any big business corporation, intelligence agency, government body, "system" law, "system" think tanks, "system" green or environmental movements, religion, cult, sect, society (fraternity, brotherhood, sisterhood, order, club, etc,) secret or not, hidden agenda, law or sovereignty group, occult, esoteric, New Age or Old Age.

The Cristian family supports and promotes the remedy that brings an everlasting peace, freedom, truth, joy, abundance and do no harm for all of life without causing loss of uniqueness or the need for having slaves and rulers. We are not into following the one in front or being shepherds for sheeple. Most importantly, we take full-responsibility for everything we think, feel and do.

The Cristian family are not Christians.

THE CRISTIAN FAMILY PLEDGE

Being of clear brain, heart and intention, we each declare the following to be true:

- We have no intention of ending our own lives.
- We will not tolerate suppression of truth, ideas, freedom, or our work. We stand for freedom of speech.
- We stand together to support others in the expression of truths and freedom to speak out no matter how radical those ideas may seem.
- Standing for freedom takes courage; together we shall be strong in the face of all odds.
- If it is ever claimed that we have committed suicide, encountered an unfortunate accident, died of sickness/disease, disappeared, been institutionalized, or sold out financially or in any other way to self-interested factions, we declare those claims false and fabricated.
- We testify, assert and affirm without reservation, on behalf of all those who have dedicated their lives to the ending of secrecy and the promotion of freedom of thought, ideas and expression that we shall prevail.
- We Do Not Have Multiple Personality Disorders

Update Regarding The Love For Life Home Page And Quick User Guide

We are turning the Love for Life Quick User Guide <http://loveforlife.com.au/node/6608> into a blog of all the main insights of our work since March 2005, whether through articles, videos, podcasts or discussions/debates.

As we do not have the time to compile everything we have written into a book, as many have suggested we do, compiling all our most important work into one area of the website is a way of providing easy access to this work so those interested are able to fully comprehend the big picture.

Instead of having to find our different articles, videos, etc, in various parts of the website, it will all be accessible here: <http://loveforlife.com.au/node/6608> and here: <http://loveforlife.com.au/node/3385>.

Love For Life Videos

As amateurs and posted in the Quick User Guide below the Facebook links, we're currently creating and posting a series of videos called "The Dream Of Life" which covers the ground of all the Love For Life insights. We plan to have the videos completed by December 31st 2012. Once this is behind us, our intention is to create a 2 hour or so video covering the body of this work. All videos are embedded in the quick user guide <http://loveforlife.com.au/node/6608> and uploaded in Arthur's YouTube channel: <http://www.youtube.com/user/ArthurLoveForLife>.

Love For Life Music

We have started recording songs, with others, that express the themes of Love For Life. They are now being posted on Arthur's YouTube channel: <http://www.youtube.com/user/ArthurLoveForLife> and are embedded in the quick user guide <http://loveforlife.com.au/node/6608>. We have over 100 songs to record. A few rough demos have already been used as the soundtrack on the first "Dream of Life" video.

About Us - Love For Life & The Cristian Family

Also, everything we, the Cristian family, have gone through, from bank fraud and the theft of the family home to death threats and attempts on Arthur's life, is documented in the Quick User Guide too. If you, the reader, are prepared to put the effort in, you will comprehend the extent to which we have all been tricked into becoming slaves, giving up our uniqueness and our full-responsibility for life and destroying everything of life to the point where life is in danger of dying out completely. You will also comprehend the remedy to all this chaos; a remedy that requires only love for life and the determination to do what needs to be done. Though our focus is very strongly on the remedy that creates a world of freedom, truth, peace, joy, abundance and Do No Harm for all of life without loss of uniqueness or the need for slaves and rulers, we realise that it is vital to comprehend how to get there and what stops us from getting there. This is why there is so much information on the hows and whys of everything going wrong in the world today. We are not into peddling conspiracy theories, we are into routing out all forms of organised crime.

**THE CRISTIAN FAMILY SUPPORTS
FREEDOM OF SPEECH - FREEDOM OF THOUGHT**

Posted Wednesday 17th June 2009

Updated September 2011

NSW Jewish Board Of Deputies Has Threatened To Shut Down The Love For Life Website

No Freedom Of Speech - No Freedom Of Thought

Love For Life does not support harm doing in any shape or form. However, we are supporters of free speech and post articles, documentaries, etc, that represent a wide cross section of ideas. See the Love For Life extensive research library where over 6000 documents, articles and videos are posted: <http://loveforlife.com.au/node/82>. We clearly see the evidence of the destruction to MAN and the earth that has been caused by ALL religions over the centuries and are therefore not supporters of religions, cults, sects or any group that demands conformity of thought, speech or action, or has rules, regulations or rituals that must be followed. Religions, nationalities and cultural "identities" are formed as a result of the brainwashing we receive from childhood. They are part of the tactics the Establishment uses to keep us all divided from one another and fighting one another.

All religions promote discrimination and division, leading to hatred and even violence and murder. None of them have yet to produce a remedy to all the suffering, poverty, unhappiness and discrimination in the world. If any religion truly had the remedy to all the suffering on earth, there would no longer be any suffering. What have Christianity, Islam, Buddhism, Hinduism, Judaism, atheism and the New Age done to end the suffering in the world?

Since December 2006, there have been many attempts to take down the Love For Life website. Any attempts have been thwarted by Love For Life supporters inundating the harm-doers with emails, etc, objecting to them taking down the website for a variety of reasons. The trouble makers usually back off when they realise that they can post all their views, arguments, beliefs, etc, in the Love For Life website without censorship or restriction imposed. They get to see that even the Queen, Pope, Prime Minister, President of America, etc, can post all their views without hindrance or sabotage and that we support freedom of speech/thought which means we support the right of all sides to express their views.

Of note, there is a vast amount of information posted in the Love For Life website which we do not agree with but we leave it all up because we refuse to be biased, opinionated or self-centered/self-serving. Of the many thousands of comments posted over the years we have only removed posts containing secret links to commercial advertisements, terrible foul language, threats of violence and death, etc, and attacks on other people's characters that avoid the subject/debate at hand. Besides links to advertisements, we have taken down less than six comments due to the above. We usually leave everything up, all warts and all, even those posts threatening to do terrible things to Fiona, our children, our dogs, our friends, family & supporters, etc.

The Love For Life website has information from all sides on many subjects, whether about Islam, Judaism, Christianity, Law, health, psychology, mind control, vaccination, aspartame, MSG, Chemtrails etc. There are over 11,000 articles, documentaries etc on the website and they are so diverse that we are sure that everyone would be able to find something they loved and something they hated, if they took the time to search. If we removed all the articles hated by everyone, there would probably be nothing left! We are not anti anyone but freedom of speech is freedom of speech and no one should condemn the work of another without taking the time to research the subject themselves. Yes, there are articles by those who have a less-than-rosy-viewpoint of Judaism, but there are also articles on the dark side of Tibetan Buddhism (and it is very dark) for those who are interested in the truth: **Tibet - Buddhism - Dalai Lama**: <http://loveforlife.com.au/node/6271> Should the authors of these articles be abused and imprisoned for daring to challenge the widely conceived reputation of Buddhism as being the religion of peace and love and that of the Dalai Lama as a saint, or should those interested be allowed to study the work and come to their own conclusions? The same applies to all the articles, documentaries, etc, about Christianity, Islam, Freemasonry, New World Order, etc.

The Love for Life website also shows how the Rule of Law, the Bar, the Government, the Monarchy, the system of commerce, the local, national and multi/trans-national private corporations, all the courses and careers on offer from

our universities, all the educators, scientists, academics and experts, the aristocrats and the Establishment bloodlines have also done NOTHING to end the suffering in the world. The website maps the insanity of a world where there is no help for those in need, just as there was no help available for us when we were victims of terrible bank fraud: "**NSW Supreme Court Case - Macquarie Bank/Perpetual Limited vs Fiona Cristian - Victims Of Bank Fraud Condoned By Judges**" <http://loveforlife.com.au/node/5> (orchestrated, condoned and protected by an international crime syndicate/terrorist organisation of judges, barristers, registrars, lawyers, politicians, banksters, big business representatives, media moguls and other lackeys who, all together, put up a wall of silence despite our trying many, many avenues. After the family home was stolen and business destroyed we were left close to poverty and destitution caring for 4 young daughters. Three years later not much has changed regardless of all our efforts. Where were all the followers of all the religions to help us? Or do we have to be members of those religions to receive help from others involved in them?

The New South Wales Jewish Board of Deputies accused us of being anti - Jewish, see: <http://loveforlife.com.au/node/6616> and <http://loveforlife.com.au/node/6665> because we had posted an excerpt from **James von Brun's book: Kill the Best Gentiles:** <http://loveforlife.com.au/node/6054> in which he blames Jews for the problems of the world. Obviously this is not our view because of what we have stated above. We do not hate anyone, whatever religion they follow. We are always open to talk to any religious leader or politician and meet with any judge, member of the Bar, experts, academics, educators etc to share the remedy we offer that heals all the divisions between MAN and MAN, and MAN and the EARTH.

Today, a representative of the New South Wales Jewish Board of Deputies is threatening to close the website down, because they have decided it is anti - Jewish and that we promote racism. What has the New South Wales Jewish Board of Deputies done to end the suffering in the world? Can they show that they are concerned with the suffering of ALL men, women and children AND ARE SEEN TO BE DOING SOMETHING ABOUT IT or are they only concerned with Jewish affairs? If so, they, along with all the other religions that only care for their own, are part of the problem, not part of the solution. The man who rang Arthur today was only concerned with Jewish affairs; he was not interested in our intentions or in anybody else, just as most Christians, Muslims, Sikhs, Catholics, etc, are only interested in their own. While we separate ourselves into groups, dividing ourselves from others with rules, regulations, rituals, procedures and conditions, we will never solve our problems.

No matter what we in the Western World Civilisation of Commerce have been promised by our politicians, religious leaders, scientists, educators, philosophers, etc, for the past two hundred years, all we have seen is ever-increasing destruction of men, women and children and the earth. None of the so-called experts and leaders we have been taught to rely on are coming up with a solution and none of them are taking full-responsibility for the fact that they can't handle the problem. All religious books talk about end times full of destruction and suffering but why do we have to follow this program when there is an alternative to hatred, mayhem and death? Why are our leaders following the program of destruction and death rather than exploring the alternatives? It seems that any mainstream politician, priest or academic are only interested in supporting the RULES OF THE DIVIDE, that maintain the haves and the have nots. For 200+ years, 99% of the world population have been so trained to pass on their responsibility for themselves, others and the earth, that the 1% of the population that make up the leaders of the rest of us are making all the decisions leading to the destruction of all of us and the earth. Let's not forget the education system that brainwashes the 99% of the population that we are free and have equal rights while, in fact, we are feathering the nests of those at the top.

At the root of all our problems is self-centredness, an unwillingness nurtured by the Establishment that keeps us concerned only with our own needs rather than the needs of others around us and the Earth. Instead of creating and releasing acts of love for those around us as gifts to benefit them and the earth, we take, take and take, until there is nothing left. The whole point of the Love for Life website is to show people the root of all our problems and to share the remedy. The extensive research library is there to attract browsers and to provide access to information not available through mainstream channels. If the New South Wales Jewish Board of Deputies can, after careful examination of our work, prove that anything we are saying is wrong, we will be happy to accept their proof. If they cannot, and they are still insistent on closing the website down, they will be showing themselves to be traitors to MAN because they are not interested in pursuing any avenue that can end the suffering in the world.

All religions, corporations and organisations that support and maintain the Western World Civilisation of Commerce are part of the problem because our civilisation is a world of haves and have nots, racism, violence, hatred, poverty, sickness, discrimination, abuse, starvation, homelessness, corruption, collusion, vindictiveness, social unrest, arrogance, ignorance, fear, war and chaos. While we support civilisation, we support death and destruction because ALL civilisations that have ever existed are apocalyptic by design.

If we truly want peace on earth and freedom for all, we have to let go of all that which keeps us divided, and come together as MAN, conscious living co-creators of creation. The Love For Life website offers a remedy to the problems we all face in the form of DO NO HARM COMMUNITIES: <http://loveforlife.com.au/node/3641> For more details see

Clarification Regarding Our Intentions Behind The Use Of Donations

The Love For Life website is offered for free without a fee and without any conditions attached. If people are inspired to donate money, then we accept their gift and have provided an avenue for them to support the work we do through Fiona's Paypal or ANZ bank account <http://loveforlife.com.au/node/8515>. There is no obligation whatsoever to donate and all are equally welcome to our work and to our "time", whether they donate or not. Over the last 9 years, all the Love For Life work has been put out for free and it has often been donations from supporters that have enabled us to renew the domain name, etc, to keep the website going. While some complain that we have an avenue for donations, others complained when we didn't! Either use it or don't - the choice is yours.

Since Love For Life started March 2005 and website December 2006, Arthur has worked 16 hours a day, 7 days a week unpaid for much of this period, putting together the website and sharing insights to wake people up to what has been done to them, whether through the 11,500+ individual articles, videos, podcasts, debates, discussions, pdf's, research documents, etc, found amongst the 8,500+ posts, as well as helping many, many men and women over the phone, and through email, website correspondence, Facebook and YouTube, and creating the Love For Life food forest vege garden and Love For Life music recording studio. This is our life is a gift commitment to serve MAN/Nature/Earth but we are still severely compromised by "The System" and still have to give to Caesar what is claimed to belong to Caesar, which is where the donations help us.
