Professional Solar Lighting by Lumena Lights Ltd.

SOLAR LIGHTING RE-IMAGINED

2019/20 Catalogue - Edition 1

THE FUTURE IS NOW...

- ✓ As Bright as Mains Powered Lighting
- ✓ No Installation Cost & No Running Cost
- ✓ The Latest High Capacity Lithium Ion Batteries for up to 8 Yr Life
- ✓ Ultra Efficient Solar Panels and LEDs
- ✓ Charge & Illuminate 365 Days a Year

View the Full Range, plus 240v & 12v Ranges Now at:

www.lumenalights.com

THE SOLAR LIGHTING REVOLUTION IS HERE

Lumena present professional high output solar lights with a 3 year guarantee, designed to work 365 days a year & eradicate the idea of the low power, short lasting models of the past.

"Solar lights have so many environmental benefits, as well as low installation & running costs; install anywhere & illuminate! The time is right for durable, reliable, high output solar lights. Technology has advanced significantly, with LEDs now emitting over 100 lumens per watt, paired with high capacity Lithium Ion batteries as used in electric cars, and the latest, highly efficient solar panels. The Pro Solar range has outputs equivalent to mains powered lighting, and will illuminate and charge 365 days a year, including dull days.

We're so confident in their performance, we offer a 30 day no quibble satisfaction guarantee!"

Martin Bennett - M.D at Lumena Lights

Secursol & Securbol PIR Lights	p03
Freeway & Hiway High Output Wall Lights	p04 - 05
Litecharga, Panama & Guarda Bollard Lights	p06 - 07
Halopost Path Light	p08
Olympia Pedestal, Path & Wall Lights	p08 - 09
Lumelux Solar Floodlight	p10
Signalite Sign Lights	p11
Solar Eye - In Ground Light	p12
Solamon Pedestal Lights	p12

Be part of the Solar Revolution with the Pro Solar Range!

Secursol

Multi Purpose Triple Function PIR Light with Remote Control

Two Sizes: 7w = 700Lm / 15w = 1500Lm

See Website for Dimensions

Replaceable Lithium Ion Battery

PIR Detection Range 5-8m (120° Angle)

High Output Light Spread - 100° Beam Angle

Main Light = 6000K - Wall Wash = 3000K

70° Adjustable Polycrystalline Solar Panel

Securbol

7w Secursol Mounted on Quality Radiata Pine 1200mm

This smart solution to path lighting combines technology and timber. The 7w Secursol PIR light is mounted on to a solid sanded, treated Pine plank.

Secursol 7w specs. as above, also:

- 1) Constant Light PIR Mode
 - 2) Wall Wash PIR Mode
 - 3) Standard PIR Mode
 - 4) ON / OFF (previous memory)
- Full info. on website.

Remote control range = 7m approx.

Radiata Pine - Sanded & Pressure Treated

Mounts 400mm in-ground - 800mm above ground

Plank Dimensions: 1200mm x 220mm x 44mm

No Mains Power? No Problem!

Freeway 5

Highly Versatile Triple Function Motion Sensor PIR Light

This versatile LED PIR light provides safety and security at night, emitting a wide spread of light with a high 1000 lumens output and 3 functions including 50% light, to retain high charge levels.

Versatile Mounting onto Walls or Posts

- 16cm & 26cm Arms
- High Output 5w LEDs – 1000 Lumens
- Monocrystalline Panel
- Long Life Lithium Ion Battery (up to 8 Yrs)
- Up to 6 Hrs Illumination at Full Charge
- 1) Full Brightness (Constant on) 2) 50% brightness & PIR Mode 3) Standard PIR Mode

Experiment with Location...

Solar lights have the fantastic benefit, that unlike mains powered lights, their location can be experimented with for the best lighting effect. Avoiding shaded areas, simply place or hold the light without securing them in place. When lit you can then trial different positions to get the optimum location & output.

Hi-Way

Powerful 15w Auto Function High Output PIR Light

Suited to pathways and larger patio areas, this auto-function 15W motion sensor light has a very high 1600 lumens output. It's supplied with a wall bracket (arm) as well as a pole adaptor.

50mm Pole Adapter Included

- Very High Output LEDs – 1600 Lumens
- Replaceable Long Life Lithium Ion Battery
- Robust Surface Mount & Pole Mount Options
- Auto adjust Mode to Preserve Charge
- PIR – up to 8m Range
- Warm 3000K or Daylight 6000K
- Polycrystalline Panel

Wall Mounts

Ask about our robust wall brackets for the Hi-Way...

Suitable for corners & flat wall surfaces - Brick, Cladding Wood etc.

Solar Bollards & Path Lights

Forget low output in-ground solar spike lights that lasted one season, these durable solar path lights have a smart, mains 240v aesthetic and will charge and illuminate 365 days a year over a prolonged time period.

50,000Hr Life Epistar LEDs • Replaceable Lithium Ion Batteries • 1.8w / 210 Lumens

Monocrystalline Solar Panel - 25 Yr Life • 6-8Hrs Charge Time = 23Hrs Illumination

120° Beam Spread Angle • 6000K - Daylight White • Highly Weatherproof IP65

Litecharga: 800mm x 160mm • Panama: 800mm x 145mm Top: 255mm Base: 195mm

Guarda: 760mm x 190mm Top: 210mm Base: 258mm • Warm White Coming Soon!

Even in the dullest of weather, our solar lights will still charge although may not illuminate for the entire night cycle, which in many cases is not a necessity.
