

Plantar Fasciitis Testimonial - EUREKA!!

At last...!! 😊👏 my wife Claire has suffered from plantar fasciitis for 1.5 years... the last 6 months it has gotten worse... she has been hobbling around!

We tried several different oils and they definitely helped but I said to Claire we haven't yet found the winning combination!! This is so important to realise... as our body chemistry can differ, so what works well for someone may not for you! So, experimentation was required as is often the case! It's how we learn...

I see so many people who suffer from this, who like Claire have not yet found the answer... Claire was so concerned she went to the doctor who referred her to a specialist.

I'm delighted to tell you that WE HAVE FOUND WHAT WORKS FOR CLAIRE, so much so she even cancelled the appt with the specialist as the pain has completely gone after 1.5yrs.

Here is her protocol; we hope it can help someone else 😊🌈

- 1- Deep blue RUB (not the oil) applied over the whole foot not just her heal! every evening 7pm after a bath.
- 2 - Deep blue complex - capsule taken twice per day - 1 with breakfast - 1 with evening meal.
- 3 -Bone Nutrient capsule again twice per day - 1 with breakfast 1 with evening meal.
