Product Overview

Manna Liposomal Blood Sugar Balance is a dietary supplement that claims to support healthy blood sugar levels. It is made with a blend of ingredients that have been shown to have blood sugar-regulating properties, including:

- **Berberine:** Berberine is a compound found in several plants, including barberry and goldenseal. It has been shown to improve blood sugar control by increasing insulin sensitivity and reducing the production of glucose in the liver.
- **Chromium:** Chromium is a mineral that is essential for insulin action. It helps the body use insulin more effectively to transport glucose from the blood into the cells.
- **Cinnamon:** Cinnamon is a spice that has been shown to lower blood sugar levels by slowing the absorption of glucose into the bloodstream.
- **Gymnema sylvestre:** Gymnema sylvestre is a herb that has been traditionally used to support blood sugar control. It has been shown to increase insulin sensitivity and reduce blood sugar levels.
- **Alpha-lipoic acid:** Alpha-lipoic acid is an antioxidant that has been shown to improve blood sugar control by increasing insulin sensitivity and reducing oxidative stress.
