Below the search bar, the word "death blossom" is highlighted as the "TOP DEFINITION". The definition reads: "American military slang from the war in Iraq: the tendency of Iraqi security forces, in response to receiving a little fire from the enemy, to either run away or do the 'death blossom,' spraying fire indiscriminately in all directions. Reported on Globalsecurity.org". A sample sentence follows: "Those policemen heard one gunshot and opened up a death blossom on the whole street." At the bottom, there are several hashtags: #iraq #last starfighter #war in iraq #gunfire #overreaction. Social media sharing icons for Twitter, Facebook, and a generic share icon are visible in the top right.
