- 3) The MSM has pulled out all the stops in their attempt to kill the revolution. In response, I'm converting all my [#Qanon](#) videos from June forward to audio podcasts that will be available for free on iTunes.
- 4) Because the podcasts are audio only, there will be no images, but people with low-data plans who are unable to stream video and those don't use Twitter can stay informed about [#Qanon](#)
- 5) Over the next week, I'll be posting the [#Qanon](#) podcasts on multiple platforms.

Here's a link to my iTunes page.

The Washington Post
Democracy Dies in Darkness

So you can understand why an entire news cycle about QAnon — sparked by believers' visibility at a Tuesday Trump rally in Florida — is the best thing to ever happen to its believers. What was once circulated on hashtags, YouTube keywords and fringy message boards now has an audience of, potentially, the entire country.

As a search term, QAnon certainly became more prominent this week. Here's a Google Trends chart of the past eight months of search interest from December 2017 — around when it first started to gain any traction — and now. See that big spike at the end? That's this past week:

I responded, asking if he would be interested in speaking with me about his belief in QAnon. Much about the philosophy remains mysterious, even contradictory. But the central idea, which has no basis in observable reality, is that "Q" is the government insider, or cadre of insiders, leaving clues on digital message boards about a coup underway to vanquish deep-state saboteurs and their ring of elite allies, including Hillary Clinton and George Soros. (You can read more about the origins and meaning of QAnon [here](#) and [here](#).)

Less clear to me, given the anonymity that shrouds the threads on which the theory has spread, was the nature of the people who find it credible. How did they come across Q's "crumbs" of information? What made the tenets of QAnon **tinged with racism and anti-Semitism** convincing to them? What were their day jobs?

40) Some people noticed there weren't many #Qanon signs at the rally in Wilkes-Barre.

Secret Service took the threat against the president seriously and took signs from some of the attendees.
