## My Theme: Rewriting History

2) The Democrat party in America is fighting for its life.

As the party's criminality is exposed by Bill Barr and the Justice Department, the party is trying to reform its public image.

3) Historically, the Democrat party has supported slavery and bigotry while the Republican party has opposed them.

The breakdown of party votes on civil rights amendments is one example of this fact.

4) Once they were freed from plantations, the Democrat party designed modern plantations that would keep blacks enslaved for future generations.

Modern plantations provide a minimum standard of living, create dependence on the state & guarantee the black vote every 4 years.

5) The Democrat party was hijacked by radicals. Its current issues are establishing a socialist superstate, reducing greenhouse gasses by eliminating internal combustion engines & bovine flatulence, eliminating plastic straws, and ensuring the correct use of gender pronouns.

6) By comparison, President Trump is offering every American (regardless of race) an opportunity to make their dreams come true.

He is demolishing the Democrat's urban plantations through the creation of inner-city opportunity zones.

**Trump's play for black voters has major implications in Mississippi**

For the last half century, Democrats nationally have featured a coalition of working class voters, union members, and racial and ethnic minorities. Democrats seek to portray themselves as the party ...

<https://yallpolitics.com/2020/02/10/trumps-play-for-black-voters-has-major-implications-...>

7) The Democrat party's response is not to develop a better economic plan than Trump.

They're trying to rewrite their party's history of racism and bigotry.

8) The Democrat's effort to rewrite their history requires the removal of cultural relics that remind the world of their views toward blacks.

That effort is being aided by groups such as Black Lives Matter.

9) The re-emergence of the group Black Lives Matter in 2020, was a predictable event.

Like Punxsutawney Phil, the groundhog who pops out of his hole every year on February 2nd, BLM becomes active before every presidential election.

10) According to people who would know, George Soros is using Black Lives Matter to accomplish his agenda—the creation of a global nation-state without international borders (and only one political party.)

**Rapper Lord Jamar: 'George Soros Using Black Lives Matter to Contro...**

Rap star Lord Jamar has slammed the Black Lives Matter movement and its ideology, saying he doesn't support them because it "isn't our movement... it was given to us by... George Soros" in order to contr...

11) If President Trump is re-elected in November, corrupt politicians go to prison and the hope of creating a totalitarian superstate dies.

There is no "next time."

This is their last shot at making their dream come true.

12) Normally, globalists would rig the election (electronically) to get their people in office.

No Such Agency foiled that plan by implementing new electronic election security measures after the 2018 election.

**As NSA expands election security task force, Director Paul Nakasone t...**

<https://www.cyberscoop.com/us-election-security-2020-nsa/>

13) If the election were going to be rigged it would have to do it through paper ballots.

It's harder to skew an election when voters are required to show up in person, but there is the vote-by-mail option.

14) Vote-by mail became the only viable option to get the desired outcome.

The coronavirus was hyped by the media as an existential threat.

Self-quarantine was pushed by celebrities as the responsible thing to do.

15) The perceived need to quarantine in the midst of an over-hyped pandemic became the justification for demanding nation-wide vote-by-mail.

(Votes cast by mail are much easier to manipulate.)

16) POTUS has not been silent on his view of vote-by-mail.

Any political analyst worth his salt knows Joe Biden is no match for Donald Trump.

If Dems hope to pull off a rigged election they must show polls that reflect their desired outcome (a Dem win) or risk having their scheme exposed.

Is this about the virus OR THE ELECTION?

Manipulated polls meant to 'legitimize' rigged election results?

"The election was not rigged - all the polls demonstrated Biden's clear lead across the Country." - Example

What happens if China successfully duplicates [clones] select ballots [battleground states]?

What happens if coordination exists with select states to deliver 'printing' and 'paper' ballot recipe(s)? [secrets] to select [F] adversaries?

“Every record has been destroyed or falsified, every book rewritten, every picture has been repainted, every statue and street building has been renamed, every date has been altered. And the process is continuing day by day and minute by minute.

History has stopped. Nothing exists except an endless present in which the Party is always right.”

**The objective of Power is Power**

“ Now I will tell you the answer to my question. It is this. The Party seeks power entirely for its own sake. We are not interested in the good of others; we are interested solely in power, pure power. What pure power means you will understand presently. We are different from the oligarchies of the past in that we know what we are doing. All the others, even those who resembled ourselves, were cowards and hypocrites. The German Nazis and the Russian Communists came very close to us in their methods, but they never had the courage to recognize their own motives. They pretended, perhaps they even believed, that they had seized power unwillingly and for a limited time, and that just around the corner there lay a paradise where human beings would be free and equal. We are not like that. We know that no one ever seizes power with the intention of relinquishing it. Power is not a means; it is an end. One does not establish a dictatorship in order to safeguard a revolution; one makes the revolution in order to establish the dictatorship. The object of persecution is persecution. The object of torture is torture. The object of power is power. Now you begin to understand me.”

-George Orwell, 1984

30) My take:

The crux of the issue regarding Governors that required nursing homes to accept covid positive patients is whether the facilities had the ability to care for the patient's condition.

31) Nursing homes routinely care for people who are discharged from hospitals with a variety of illnesses. The question is whether a receiving facility can adequately care for a particular patient's specific medical needs.

32) If a patient requires a ventilator to breathe and a receiving facility is not equipped to handle ventilators, it would be medically inappropriate to transfer them to that facility.

It would be appropriate to transfer them to a facility that handles ventilator patients.

33) Seema Verma's point was that Governors mandated medically inappropriate interfacility transfers that resulted in the unnecessary deaths of thousands of patients.

"Suppose one reads a story of filthy atrocities in the paper. Then suppose that something turns up suggesting that the story might not be quite true, or not quite so bad as it was made out. Is one's first feeling, "Thank God, even they aren't quite so bad as that," or is it a feeling of disappointment, and even a determination to cling to the first story for the sheer pleasure of thinking your enemies as bad as possible? If it is the second then it is, I am afraid, the first step in a process which, if followed to the end, will make us into devils. You see, one is beginning to wish that black was a little blacker.

If we give that wish its head, later on we shall wish to see grey as black, and then to see white itself as black. Finally, we shall insist on seeing everything—God and our friends and ourselves included—as bad, and not be able to stop doing it: we shall be fixed for ever in a universe of pure hatred."
