

Q March 23, 2022

This broadcast is an update on messages posted by @q account on Truth Social. It's impossible to say with certainty if the account is the same entity or team that posted on 4chan, 8chan and 8kun, but evidence is growing suggesting that it is.

ATX Patriot asked why people believe that the @q account is the real Q. A couple of people responded. One of them was @q.

Question for the community. Why is everyone convinced that @q is THE Q and not just another account? Genuinely curious.

Because the account and person behind it has been validated by kash Patel when they were together at cpac. The account was made before trumps was. I question everything tho

As you should

Consistent with past statements by Q, @q said we should question everything.

Last night, @q reposted a request for patriots to donate to the GiveSendGo campaign of Mac Isaac, whose business was destroyed by cancel culture after turning over copies of Hunter Biden's laptop to various individuals and agencies.

If you have the ability, please help out a great patriot, Mr. Mac Isaac. He is the owner of the Mac repair store that turned over the Hunter Biden laptop to the FBI, Congress, and others. We wouldn't have as much evidence against the Biden Crime Family without Mr. Isaac. Show him some love and help him rebuild from the leftists' destructive cancel culture.

It was a great show tonight and @Kash had some of those great great sneaky lines. "Q music!"

Someone say @q

Kash: "Q the music."

Today, Old Gym Guy posted a 2-year-old video showing President Trump doing an air Q. @q responded.

This shall forever be the Friendly-Q sighting wave. Think you see a fellow Q'er - if you present the wave and they respond with the wave, they are a fellow patriot. Otherwise, 🙄
