Unmatched Service, Comprehensive Solutions

Velocity Global's partners share a common goal: to provide our mutual customers with the highest level of service and a full suite of solutions for every global endeavor. When customers turn to our carefully selected network of experts from across the world, they get access to unparalleled expertise, technology, and support—each an essential element to their overall success.

Partner Solutions

Customers turn to our partner network for a full range of solutions, including:

- **Accounting and tax advisory.** Consultative service relating to corporate accounting, audit, tax structures, and permanent establishment.
- **Entity setup and support.** For customers that want to establish a foreign entity with ongoing support or global HR support, often used in tandem with an employer of record (EOR) solution.
- **Law firms.** Legal consultation regarding regulations, risk mitigation, intellectual property, M&A transactions, and general employment structures.
- **Global recruiting.** Talent sourcing services for complex international endeavors.
- **Domestic PEO.** U.S. payroll, benefits, compliance, and general HR needs.
- **M&A transactions.** International expansion projects, global talent acquisition, pre-deal diligence, fast market entry, new talent integration planning, and packaging assets prior to a sale or IPO.
