FIRST CONTACT

**Why is this PORTAL OF LIGHT activation on May 1st  
so important, not to say historic ?**

**Why should I participate ?**

- For the **FIRST TIME** in 26 000 years, the cosmic love energy will be able to make a **REAL BREAKTHROUGH on the PHYSICAL plane by reaching the surface of our planet**. For the **VERY FIRST TIME**, **our planet will be able to visibly be in contact with the true energy of the SOURCE** (via the COSMIC Central Sun first, then via the Central Sun of the M87 galaxy, then via the Central Sun of our galaxy).
- As COBRA says, « **this is the most powerful planetary activation of our lifetimes until now** », ahead of the Age of Aquarius activation in December 2020 and the AION Portal activation in November 2013. As a reminder, in the past the worldwide activations/meditations organized by COBRA whose energetic impulse originated from the COSMIC Central Sun have always been crucial and determining in the process of planetary liberation; the present PORTAL OF LIGHT activation is also part of this context and even WELL BEYOND, because on this activation will depend the continuation of the events concerning the future of this planet (as COBRA says, “this activation comes at the moment of the completion of a very powerful cycle”). For obvious reasons, nothing more can be said about this at this point.

- « **Pluto in Aquarius will signify a focused effort of positive extraterrestrial races towards the First Contact, and Pleiadians will have a very active role in this** ». Within the period between March 23 and June 11, we can therefore favorably expect **First Contact** (via the Contact Dish protocols) as well as **disclosures of an exopolitical nature**. The Pleiadian race will have a very active role in First Contact as they are the closest extraterrestrial-galactic race genetically and spiritually to humanity.
- For the very **FIRST TIME** in the history of COBRA's blog, the critical mass to be reached is not the determining criterion for the cosmic energy pulse to reach the surface of the planet; as COBRA says, whether the critical mass is reached or not, "the ultra powerful energies from the Galactic center will reach the surface of the planet anyway", which demonstrates the **AMPLE** cosmic energy of this activation we are about to perform. Nevertheless, **it is ESSENTIAL that we absolutely reach the necessary CRITICAL MASS of 144,000 people meditating on that day in order to ANCHOR the galactic center energy to the surface of the planet in a balanced way. The critical mass therefore determines HOW this energy can be ANCHORED to the surface of the planet (either in a balanced or disharmonious way) and we naturally WANT it to be in the most BALANCED way possible**, both for the operations of the Light Forces and for the safety and well-being of the surface population.

- That this anchoring of the energy of the galactic center takes place in a balanced way is our **MISSION** and our **RESPONSIBILITY**, that of the surface population and of all the Lightworkers and Lightwarriors presently incarnated on Earth.
- We have a **ROLE to PLAY** in these historic times, and this Light Portal activation is a **MAJOR**, if not **CAPITAL, TURNING POINT**. This activation is a spiritual experience **TO BE LIVED** and we were **BORN** on this Earth to **DO THIS NOW**. This moment is **COMING !**

The Light Forces that are the Galactic Confederation / ASHTAR Command and the Resistance Movement are **COUNTING ON US** to achieve this activation and reach the critical mass.

**We ARE the Light Forces ; LET'S DO IT !**

**Victory of the Light !!!**

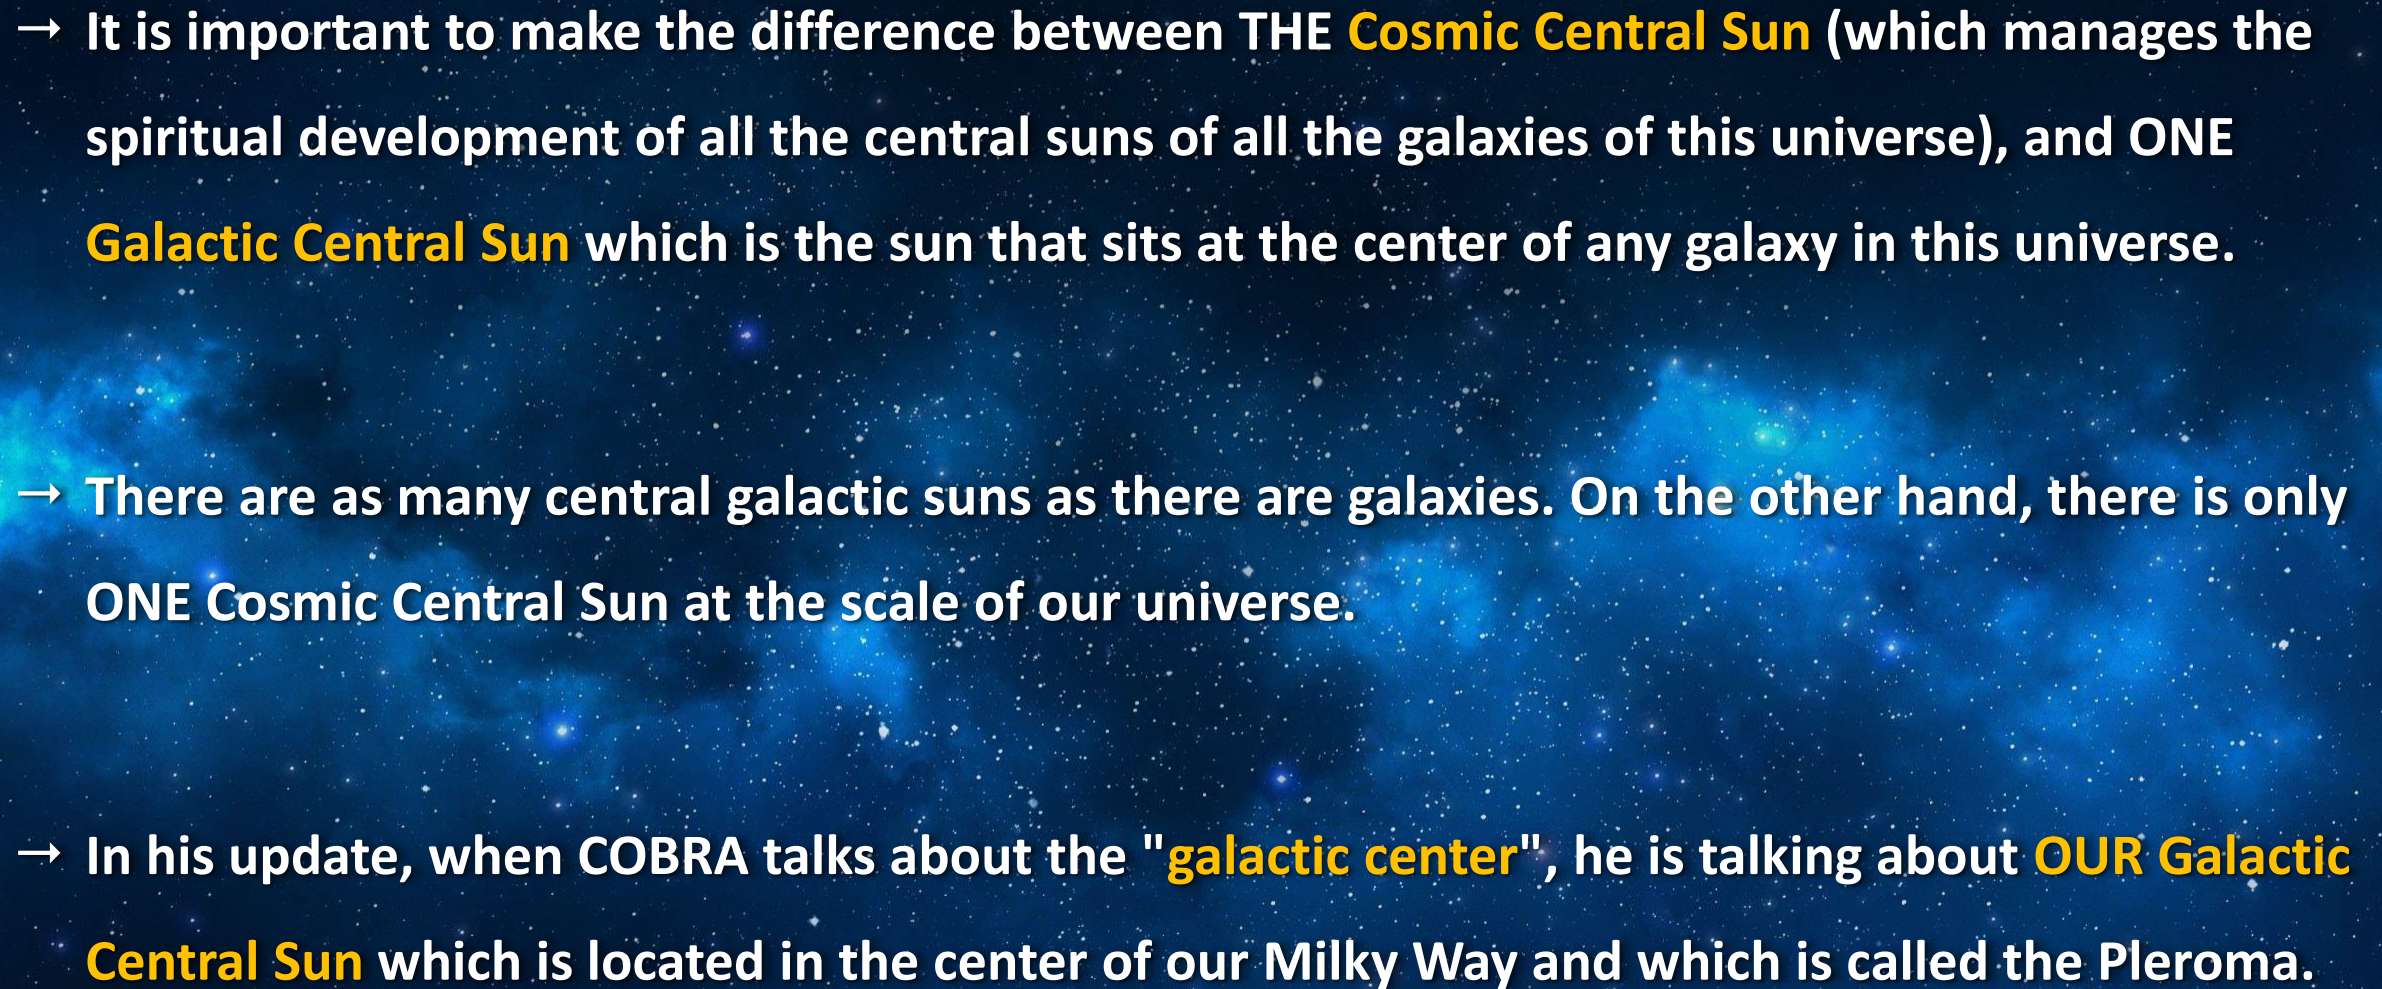

# Additional information

As a reminder and for a better visualization, we remind you the **precise itinerary of the flash of cosmic love energy** (pillar of white light to be visualized during the meditation) :

- This flash will come from the **COSMIC Central Sun** which is the Central Sun of our Universe and which is the strongest presence of the SOURCE-God on the scale of the Cosmos.
- Then it will go to the **Galactic Central Sun of the Galaxy M87** (Virgo Cluster) which is responsible for the spiritual development of our local galactic cluster (the Cosmic Central Sun directs its energy to the different galactic clusters or "sectors", and it is precisely the galaxy M87 which has the role of receiving this energy to make it enter and then distribute it inside our galactic sector and direct the flow to us.
- This energy enters then by the **Central Sun of OUR galaxy**, then entering our **Solar System** and going through all beings of Light inside our Solar System and then through all beings on **planet Earth** and also through your body to the **center of the Earth**.

- 
- It is important to make the difference between **THE Cosmic Central Sun** (which manages the spiritual development of all the central suns of all the galaxies of this universe), and **ONE Galactic Central Sun** which is the sun that sits at the center of any galaxy in this universe.
  - There are as many central galactic suns as there are galaxies. On the other hand, there is only **ONE Cosmic Central Sun** at the scale of our universe.
  - In his update, when COBRA talks about the "**galactic center**", he is talking about **OUR Galactic Central Sun** which is located in the center of our Milky Way and which is called the Pleroma.

- **Cintamani stone** owners are part of the **planetary grid** for the May 1st Breakthrough of Light. The Cintamani will serve as **transmitters of breakthrough energy** at the time of activation. **The galactic pulse will flow directly through the Cintamani stones which will be energy conduits transmitting the breakthrough energies into the planetary energy grid.**
- **IMPORTANT** : we strongly advise all **Cintamani stones** owners to wear them **before, during and after the Light Portal activation meditation**. Indeed, this activation being energetically very powerful, **specific indications/advice or guidance inherent to your mission could be given to you at that moment by the Light Forces.**
- To get a tachyonized Cintamani stone (see bottom of page): <https://tachyonis.org/Products.html>
