1) This is my Q thread for August 8, 2020.

My theme:

The Great Deceivers

2) A minor theme of Q's posts is how elites use symbolism to convey their support of certain ideologies.

The problem with pointing out suspected cases of symbolism is that it can be taken too far and incorrect assumptions can be made.

3) Many people have asked me why POTUS uses Illuminati hand gestures.

I had no idea what they were referring to so I looked it up.

4) Apparently, a pyramid shape is an Illuminati symbol.

The argument is then made that anyone who holds their hands this way must be a member of the Illuminati.

Of course, some people hold their hands a certain way, not knowing that it's supposed to have a secret meaning.

### DONALD TRUMP INVERTED PYRAMID

The Pyramid is one of the most important Illuminati symbols. The large base represent us, the little people at the bottom, while the capstone represent the 0.001% ruling from atop the capstone.

Presidential hopeful Donald Trump is seen here, yet again, making a popular Illuminati sign.

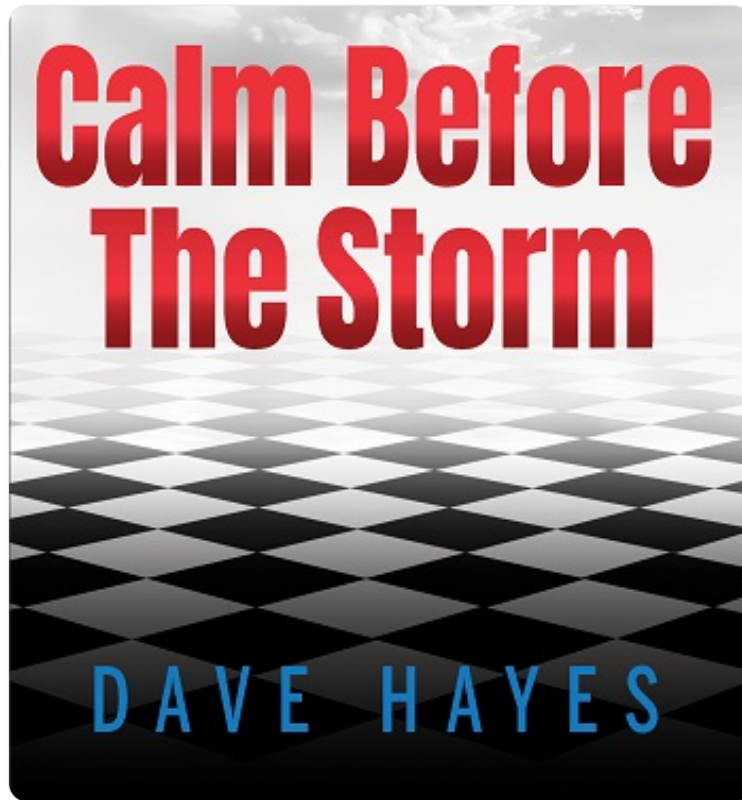

5) People have asked why we used an Illuminati symbol for the cover of our book "Calm Before the Storm."

I had no idea what this was in reference to, so I asked what specifically was associated with the Illuminati.

I was told that a checkerboard pattern is an Illuminati symbol.

6) I wasn't aware that people associated a checkerboard with the Illuminati.

We chose this pattern because much of Q's operation involves game theory which we explain in one chapter using the game of chess as an illustration.

7) Sometimes, people infer the use of symbolism where it is not intended.

8) However, sometimes the use of symbolism is intentional.

Owl and goat head (Y) symbols are often associated with the occult.

Their need for symbolism will be their downfall.

Follow the Owl & Y head around the world.

Identify and list.

They don't hide it.

They don't fear you.

You are sheep to them.

You are feeders.

9) The goat head (Baphomet) symbol is a trademarked insignia of the Church of Satan.

## Sigil of Baphomet

From Wikipedia, the free encyclopedia

The **Sigil of Baphomet** is the official insignia of the Church of Satan and is trademarked and copyrighted by the Church of Satan.<sup>[1][2][3][4]</sup> The Sigil of Baphomet first appeared on the cover of *The Satanic Mass LP* in 1968 and later on the cover of *The Satanic Bible* in 1969.<sup>[5]</sup> The sigil has been called a "material pentagram" representational of carnality and earthy principles.<sup>[6]</sup> The Church describes the symbol as the "...preeminent visual distillation of the iconoclastic philosophy of Satanism."

### History [[edit](#)]

In the literature and imagery predating LaVey, imagery used to represent the "Satanic" is denoted by inverted crosses and blasphemous parodies of Christian art. The familiar goat's head inside an inverted pentagram did not become the foremost symbol of Satanism until the founding of the Church of Satan in 1966.<sup>[7]</sup> The original goat pentagram containing the Hebrew letters at the five points of the pentagram spelling out Leviathan (לויט) first appeared in the book *La Clef de la Magie Noire* by French occultist Stanislas de Guaita, in 1897. This symbol was later used in Maurice Bessy's book *A Pictorial History of Magic and the Supernatural*<sup>[8]</sup>, with the words "Samael" and "Lilith" removed. During his years of research into the "black arts", LaVey had come across this book and added it to his collection. When he chose to turn his magic circle, the Order of the Trapezoid, into the Church of Satan, he decided that the symbol was the one which most fully embodied the principles which were the bedrock of the Satanic church. Contrary to claims made against the Church by detractors, LaVey never claimed to have created this particular symbol.<sup>[7]</sup> In its formative years, this particular

10) How did I not know the checkerboard is an Illuminati symbol?

As I've said many times I'm not a truther.

95% of the world's population are not truthers.

They don't know either.

11) The Democratic Convention used this as part of its campaign art.

12) Another view.

13) Images of merchandise.

Note: The blue trident is always pointing to the right.

14) The image posted by Q today has the Baphomet insignia in its usual orientation and the DNC art rotated 90 degrees clockwise.

Is this an intentional use of symbolism?

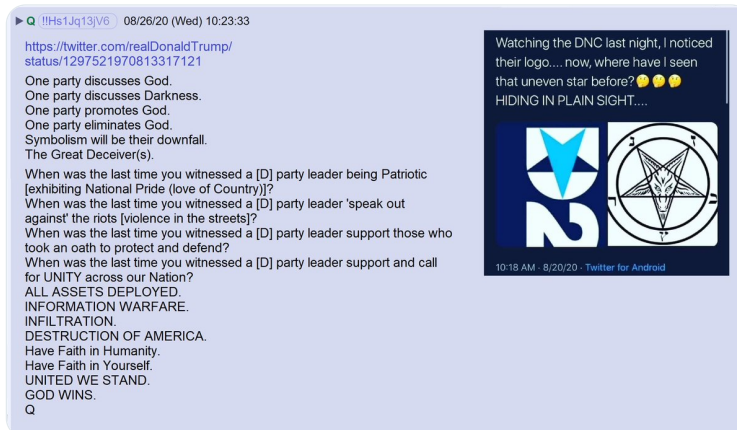

15) Irrespective of the iconography, the Democrat's focus on darkness has been noted even by the media.

Are they patriotic?

Do they condemn violence?

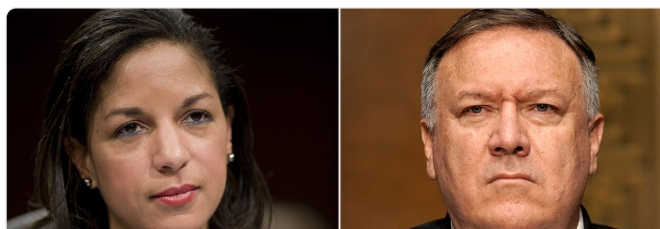

Do they call for unity?

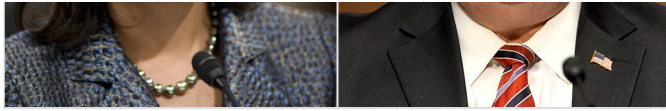

Or do they create division?

16) Do they disdain God and religion?

Ask yourself why.

Former United Nations Ambassador Susan Rice said that it is "problematic" that Secretary of State Mike Pompeo is "overtly religious."

17) Why would they remove the words "Under God" from the pledge of allegiance?

**Donald J. Trump**   
@realDonaldTrump 

Two Democrat Caucus Meetings removed "UNDER GOD" from the Pledge of Allegiance. It sounded not only strange, but terrible. That's where they're coming from!
