WASHINGTON—Federal officials accused Facebook Inc. Thursday of unlawful discrimination by allowing real-estate companies to target potential customers by race, religion and other factors, and signaled that other online advertising platforms are in its crosshairs.

The Department of Housing and Urban Development said the social-media giant violated the Fair Housing Act “by restricting who can view housing-related ads.”

HUD has sent letters to a number of technology companies, including Alphabet Inc. unit Google and Twitter Inc., asking for more information about their sophisticated advertising systems, an agency official said. Those inquiries are preliminary and don’t amount to formal investigations, but could lead to additional probes.

resignation.

"My colleagues may think it is OK the president's son was offered dirt as part of an effort to help Trump," Schiff said. "You might think it is OK. I don't."

Schiff's comments were in response to Rep. Mike Conaway (R-Texas), who said that the chairman had lost the confidence of the panel by putting out a "demonstrably false" narrative.

"The findings of the special counsel conclusively refute your past and present assertions and have exposed you as abused your position to knowingly promote false information," Conaway said.

Attorney General William Barr said in a summary of special counsel Robert Mueller's findings in the investigation into Russian interference in the 2016 presidential election that no evidence of coordination or conspiracy between the Trump campaign and Moscow was discovered.

Republicans have since seized on that statement, but Democrats have pointed to Mueller declining to say whether Trump obstructed the probe itself, according to the attorney general's summary.

Barr, however, said in the summary that he and Deputy Attorney General Rod Rosenstein came to the conclusion that the evidence was "not sufficient" to establish an obstruction of justice charge.

- 141) In light of increased attacks, a notice was posted on the 8chan board aimed at helping people discern the legitimate posts created by anons from the crap posted by shills, divisionfags, clown operatives and anti-Q "journalists" masquerading as anons.

 yes, agree.
 See the posts made here in the context of ALL Q
 DROPS made.
 This makes skills visible.
 (skills attacking this post are butthurt much, very
 effective post, anon!)

143) You can post anything you want on the board anonymously, screenshot it then write a story about a post you created and attribute it to the Q movement.

Less than 10 people can confirm Q's identity. Of those less than 10, only 3 are nonmilitary.

 Attacks increasing?
 Context of drops mislabeled and used?
 Select orgs/journalists dropping controversial info as attempt to label as
 whole, screenshooting, then writing articles on drops they themselves wrote?
 Highlight of corrupt PAC = deflect by PAC = point to former members as
 method to shield?
 We are being bombarded for a reason.
 Look for keywords to be repeated by many (controller & coordinated roll out).
 FAKE NEWS IN FULL PANIC.
 (less than 10).
 Q

144) Q highlighted a corrupt SuperPAC.

Rather than address the issue, the PAC deflected by holding up their former celebrity spokesperson as proof of their legitimacy.

(Note: Q did not attack the spokesperson, His complaint was against the organization that hired him.)

145) The anon thanked Q for the (you) and added that he's sick of posts by skills that attempt to discredit the movement.

 Thanks for the (you) Q, skill attacks have really increased
 much. Especially "muh jew" and "concern skills".
 Anons will stay the course!
 Nothing can stop what is coming.
 Godspeed.

146) As you peruse Twitter, Youtube ect, note whether people attacking Q followers take issue with the information being provided or whether they make personal attacks against a messenger.

When they can't attack the information
provided, they attack the messenger.
Define 'deflection'.
Logical thinking.
Shill count HIGH.
Q

147) If you personally attack people in the movement, I will quietly block you.

(Divisionfags, shills, trolls and those who accuse Q followers of being "patriots" or
"grifters" this is the only warning you'll get.)

150) After Q posted dozens of tweets by Q patriots at the rally in Grand Rapids, the MSM went a little crazy publishing anti-Q articles.

Define "bait"

They fall for it every single time. 🐟

Why did we highlight the rally last night by showcasing volume of support?
Define 'Bait'.
How many FAKE NEWS Twitter journalists are tweeting about 'Q' today re: rally attendance last night?
These people are stupid.
Q

151) Ben Collins had a particularly traumatic couple of days following the rally. He fears the massive growth of the Q movement but claims social media is to blame for it rather than the MSM.

(If you're blocked, you can view in an incognito window)

152) Is Q a cult that brainwashes its followers?

Are we violent as the MSM claims?

Or are we a collection of freethinkers determined to expose the corrupt narrative pushed by the establishment media?

Think your yourself.

Dividers (ALL) will fail.

Threat to Controlled Narrative.
Other than POTUS, can you name a group more attacked than 'Q' by the FAKE NEWS media.
Multiple tactics deployed including framing for crimes (think bridge, mob boss, etc etc).
