1) This is my [#Qanon](#) thread for June 28, 2018

Q posts can be found here: qanon.pub

My theme for this thread: "Power to the People."

https://pbs.twimg.com/media/Dg0j6mmVQAEyA_z.jpg

2) Donald Trump's presidency has returned power to the people. We finally have a man in the White House who hears us.

That Trump would dare to take power from the elites in the media, in academia, in Hollywood, and in DC and give to us must surely irritate them.

[#Qanon](#)

3) It must also irritate the elites to see an anonymous troll from 8chan like [#Qanon](#) (who makes no money from his efforts) named as one of the most influential figures in society.

ALREADY IN NOTABLES, Q!

House passes measure demanding DOJ documents

In a 226-183 vote, lawmakers approved the messaging measure, which calls on the DOJ to turn over all of the documents House Republicans have requested related to the FBI's handling of investigations during the 2016 presidential election.

The party-line vote, with one Republican voting present, puts the entire conference on the record in the escalating feud between the DOJ and House Republicans, who have been fighting for months for access to a trove of highly-sensitive documents.

39) #Qanon said that after the Trump-Putin summit has concluded, the truth about #UraniumOne can be publicly revealed. (To do so before the summit would cause negative optics.) Timing is everything.

The graphic has a dark background. On the left is a portrait of Hillary Clinton, and on the right is a portrait of Vladimir Putin. In the center, there is a blue box with white text that reads: "As the Russians gradually assumed control of Uranium One...a flow of cash made its way to the Clinton Foundation. Uranium One's chairman used his family foundation to make four donations totaling \$2.35 million. Those contributions were not publicly disclosed by the Clintons." Below this text is a small line: "- New York Times, Jo Becker and Mike McIntire, APRIL 23, 2015". Below the blue box are the logos for the Clinton Foundation and Uranium One. The Uranium One logo includes the text "uraniumone™" and "Investing in our energy". At the bottom, there is a large line of text: "The total donations from Uranium One shareholders to the Clinton Foundation exceeded \$145 million, in the run-up to Hillary Clinton's State Department approving the Rosatom deal, which gave Russia control over about 20 percent of U.S. uranium."

Here's a question.

There are offshoots, side groups, and unofficial appellate bodies tied to Freemasonry which was more in play when getting to 32nd degree was spread out instead of a weekend or a year like a lot of lodges do it now.

If you become 33rd° while you're still alive, there's a sizeable "donation" that's mandatory and if you can't afford it, someone will front it for you (cuz financial bondage).

The question here is:

What organizations require you to be a 33rd° Freemason to be considered for membership?

That's exactly what new members say.

<http://www.latimes.com/fashion/alltherage/la-ig-masons18-2008may18-story.html>

Other lodges followed suit, putting up their own sites and drawing a crowd. That's how prospective Mason Johnny Royal ended up at the door of Elysian Lodge No. 418 last month. Intrigued by the distinctive Masonic architecture that graces most halls, the 31-year-old publicist with sideburns to his chin and hair to his shoulders and a Renaissance lute player tattoo on his right forearm hit the Web.

What he read about the Masonic ideals -- wisdom, strength, beauty and the pursuit of knowledge -- made him decide to pursue membership. "My generation wants to be part of something beyond itself," Royal said. "I want to learn; I want to participate."

The Web generation

THE INTERNET hasn't only made it easier to learn about the Freemasons, Casalou says, it's changed the type of men coming forward. "There is so much information on the Internet that by the time someone comes to a lodge to seek membership, they already know a lot about Masonry," he said. "Which is a big departure from previous generations. And it means they are more likely to be active participants."

Zulu became curious about Freemasonry after tattooing Masonic symbology on several clients. He joined five years ago at age 39 and now serves as webmaster and senior warden of North Hollywood Lodge No. 542. He has also gone on to become both a Scottish Rite Mason and Shriner (Masonic membership is a prerequisite for both), and next year he will become the leader of his lodge. "I'll be the first black worshipful master in the lodge's history," he said, using the proper term of respect.

81) [#Qanon](#) reminded us of what happened yesterday when the House voted to force the DOJ to produce the documents they've kept from Congress for over a year.

The threatened consequence for non-compliance is the removal of Rod Rosenstein.

The DOJ has 6 days left to comply.

Who brings the votes (House floor)?
Who decides?
Why is this important?
What is coming?
Full weight of the House.
Some must remain clean (distance) from what is about to happen.
Q

What vote occurred today?

Full weight of the House.

Why is this relevant?

Provides supportable grounds for?

Deadline?

Q

82) Rosenstein has orders not to give Congress documents that will expose corruption at the highest levels.

If Paul Ryan has gone this far with the Freedom Caucus, my guess is he'll bring a vote to the floor to hold Rosenstein in contempt or possibly move to impeach him.

83) [#Qanon](#) said that the left is attempting to portray Trump and Q followers as violent extremists. 4chan moderators have been compromised.

The mainstream media is pushing a narrative which will grow stronger.
They want us to become violent in response to their tactics.

"Love is patient,
love is kind.
It does not envy,
it does not boast,
it is not proud.

It is not rude, it is not self-seeking,
it is not easily angered,
it keeps no record of wrongs.
Love does not delight in evil
but rejoices with the truth.
It always protects,
always trusts,
always hopes,
always perseveres.
Love never fails."
