Creating Timeless Images

PORTRAITS THAT
CAPTURE YOUR BEAUTY
& CONFIDENCE

I have been photographing women for the past 8 years and my number one goal is to make you look and feel BEAUTIFUL! I don't just want to photograph you, I want to CAPTURE you! I want your true self to shine, and more importantly, I want you to feel like a million dollars. That's my promise!
Let me take photographs of you that will change your world...

WHAT DOES IT COST?

My portrait sessions are \$325, and that includes a consultation over the phone or in-person, full makeover (hair and make-up), access to my wardrobe, accessories & photo shoot. When you come back to view your images (the "reveal"), you will look at the images that I took and what you love, you can purchase. Prints (unmatted) start at \$65 each and go up from there. I also design and create custom packages.

Goal is to capture 3 different looks! Plan on being with us for up to 3 hours.

"Nothing makes a woman more beautiful than the belief that she is beautiful,"
~ Sophia Loren

PRINTED FINE ART COLLECTIONS

QUESTIONS & ANSWERS

HOW DO I GET READY?

At least a week before your portrait session treat yourself to a mani/pedi. Maybe get your hair touched up if needed about 1-2 weeks before. And if you wax, please do so 2-4 days before shoot.

WHAT SHOULD I WEAR?

This will depend on what type of portrait session you want and how you will be displaying or using your portraits. We will talk about what to bring during your consultation and all the outfits and accessories you'll want to bring to your portrait session.

Plan on being at studio for 3-4 hours.

INCLUDED:

A hair and make-up session with a professional stylist at the studio. A two hour portrait session, shooting 3 different looks. Some light bites and drinks will be served. I will coach you into poses that flatter you and make you feel beautiful and confident inside and out.

A private reveal session scheduled 1-2 weeks after your shoot to see your beautiful portraits either in person at the studio, or by a private proofing album.

Each printed image purchased also comes with the high resolution digital file.
