6) In my previous thread, we looked at the timeline of events surrounding the coronavirus and impeachment.

On January 14th, 2020, the World Health Organization denied there was evidence of human-to-human transmission of Covid-19.

**The Comprehensive Timeline of China's COVID-19 Lies | National Review**

A day-by-day, month-by-month breakdown of China's coronavirus coverup and the irreparable damage it has caused around the globe.

<https://www.nationalreview.com/the-morning-jolt/chinas-devastating-lies/>

**January 14:** Wuhan city health authorities release another statement declaring, "Among the close contacts, no related cases were found." Wuhan doctors have known this was false since early December, from the first victim and his wife, who did not visit the market.

The World Health Organization echoes China's assessment: "Preliminary investigations conducted by the Chinese authorities have found no clear evidence of human-to-human transmission of the novel coronavirus (2019-nCoV) identified in Wuhan, China."

This is five or six weeks after the first evidence of human-to-human transmission in Wuhan.

**January 15:** Japan reported its first case of coronavirus. Japan's Health Ministry said the patient had not visited any seafood markets in China, adding that "it is possible that the patient had close contact with an unknown patient with lung inflammation while in China."

The Wuhan Municipal Health Commission begins to change its statements, now declaring, "Existing survey results show that clear human-to-human evidence has not been found, and the possibility of limited human-to-human transmission cannot be ruled out, but the risk of continued human-to-human transmission is low." Recall Wuhan hospitals concluded human-to-human transmission was occurring three weeks earlier. A statement the next day backtracks on the possibility of human transmission, saying only, "Among the close contacts, no related cases were found."

**January 17:** The CDC and the Department of Homeland Security's Customs and Border Protection announce that travelers from Wuhan to the United States will undergo entry screening for symptoms associated with 2019-nCoV at three U.S. airports that receive most of the travelers from Wuhan, China: San Francisco, New York (JFK), and Los Angeles airports.

7) The next day, January 15th, the patient who would become the first confirmed U.S. case left Wuhan and arrived in the U.S. carrying the virus.

**AXIOS**

**Jan. 11-17:** Important prescheduled CCP meeting held in Wuhan. During that time, the Wuhan Health Commission insists there are no new cases.

**Jan. 13:** First coronavirus case reported in Thailand, the first known case outside China.

**Jan. 14:** WHO announces Chinese authorities have seen "no clear evidence of human-to-human transmission of the novel coronavirus."

**Jan. 15:** The patient who becomes the first confirmed U.S. case leaves Wuhan and arrives in the U.S., carrying the coronavirus.

**Jan. 18:**

- The Wuhan Health Commission announces four new cases.
- Annual Wuhan Lunar New Year banquet. Tens of thousands of people gathered for a potluck.

**Jan. 19:** Beijing sends epidemiologists to Wuhan.

8) Articles of impeachment against POTUS were delivered to the Senate on the same day, January 15th.

7) The U.S. China trade deal was also signed on January 15th.

This is a deal China would love to get out of.

If Joe Biden were elected, it would likely be canceled.

It would be the prosecution of FISA abuse.

20) FISA is the START of the publicly visible aspect of the removal of corruption.

Everything else will be built on the foundation of FISA.

Why is FISA the start?

Because FISA is the aspect of corruption that is easiest for the public to accept and understand.

Foundation.  
Bottom to top.

Layers

FISA = Foundation.

Start.

People are more aware of current events.

Establish link.

Think criminal/illegal act(s) to prevent/overtake Presidential election of POTUS.

Public awareness.

Evidence introduced.

MSM covert link.

Think Sessions open statement re: leak investigations.

How do you build a home?

Foundation to structure (layers).

Huber.

Layers (U1, Iran, Human Traffic, Haiti, Corruption, etc etc).

Logical thinking.

Q

21) Hollywood stars & politicians can't simply be thrown in prison.

If we don't want a civil war, the public must first be educated about the nature of corruption.

Q is an information campaign intended to bring about an awakening of the masses to the realities of corruption.

22) We don't need to guess about when the storm will hit.

We don't need to guess about the nature of the first indictments.

The storm will start when the first indictments related to FISA are unsealed and not a minute before then.

23) We don't know the date of the first indictment, but we don't need to know the date.

If we knew the date, so would the deep state.

Q wrote:

Do you provide the playbook to the enemy w: specific dates?

Logical thinking.

There is no escape for traitors.

24) If you need evidence that things are happening, look at the removal of people in the FBI, DOJ, CIA, ODNI, National Security Council, etc, the appointment of hundreds of new Federal judges, thousands of Federal sealed cases & the record number of CEO resignations.

25) In the above post, Q linked to the definition of the word "Start"

(I don't know if it's relevant, but the first definition contains the synonym "Spring")

**start** verb

Save Word

\ `stɑrt \

**started; starting; starts**

**Definition of start (Entry 1 of 3)**

*intransitive verb*

1 a : to move suddenly and violently : **SPRING** ←  
*// started angrily to his feet*

b : to react with a sudden brief involuntary movement  
*// started when a shot rang out*

2 a : to issue with sudden force  
*// blood starting from the wound*

b : to come into being, activity, or operation  
*// when does the movie start*  
*// the rain started up again*

3 : to protrude or seem to protrude  
*// eyes starting from their sockets*

4 : to become loosened or forced out of place  
*// one of the planks has started*

5 a : to begin a course or journey  
*// started toward the door*  
*// just starting out*

b : to range from a specified initial point  
*// the rates start at \$10*

6 : to begin an activity or undertaking  
*especially : to begin work*

26) Even with AG Barr predicting "an important watershed" would be reached "in late spring or early summer," I'm cautious about predicting dates.

The IG report on FISA abuse was made public almost a year later than promised.

27) Q often notes that the strategies employed by his team are standard principles found in the science of game theory.

Hurricane told us that they were unaware of Steele's connections to Russian Oligarch 1, who was the subject of a Crossfire Hurricane case, and that they would have wanted to know about them.<sup>349</sup> Priestap, for example, told us "I don't recall knowing that there was any connectivity between [Steele] and [Russian Oligarch 1]." Priestap told us that he believed it was "completely fair" to say that the FBI should have assessed Steele's relationship with Russian Oligarch 1.

(U) Stuart Evans, NSD's Deputy Assistant Attorney General who oversaw OI, stated that if OI had been aware of the information about Steele's connections to Russian Oligarch 1, it would have been evaluated by OI. He told us: "Counterintelligence investigations are complex, and often involve as I said, you know, double dealing, and people playing all sides.... I think that [the connection between Steele and Russian Oligarch 1] would have been yet another thing we would have wanted to dive into."<sup>350</sup>

**V. (U) The FBI's Efforts to Assess Steele's Election Reporting in 2016 and 2017**

(U) The FBI's assessment of the Steele election reporting began in mid-September 2016 and concluded approximately 1 year later, roughly 3 months after

<sup>349</sup> (U) The Supervisory Intel Analyst and SSA 2 told us that they did not recall reviewing information in Steele's Delta file documenting Steele's frequent contacts with representatives for multiple Russian oligarchs in 2015. The Supervisory Intel Analyst explained that he did not recall doing a "deep dive" on Steele's past history as a source and relied in part on Handling Agent 1 for information about Steele. The first access of Steele's Delta file by a Crossfire Hurricane team member (the Supervisory Intel Analyst) occurred on November 18, 2016, after Steele had been closed as a CHS and a month after submission of the first Page FISA application. As described in Chapter Five, the FISA application relied in part on Steele's reporting. In Chapter Four we noted that Steele's frequent contacts with Russian oligarchs in 2015 had raised concerns in the FBI Transnational Organized Crime Intelligence Unit. SSA 1 told us that he was unaware of these concerns, but said he would have found this information useful and would have wanted to know about it while supervising the Crossfire Hurricane investigation. Handling Agent 1 expressed surprise that the Crossfire Hurricane team did not access Steele's Delta file earlier. He said that the team should have "turned the file upside down" looking for information 2 months earlier and that he assumed that some members of the team had thoroughly reviewed the file.

<sup>350</sup> In addition to the information in Steele's Delta file documenting Steele's frequent contacts with representatives for multiple Russian oligarchs, we identified reporting the Crossfire Hurricane team received from [redacted] indicating the potential for Russian disinformation influencing Steele's election reporting. A [redacted] 2017 report relayed information from [redacted] putting an inaccuracy in a limited subset of Steele's reporting about the activities of Michael Cohen. The [redacted] stated that it did not have high confidence in this subset of Steele's reporting and assessed that the referenced subset was part of a Russian disinformation campaign to denigrate U.S. foreign relations. A second report from the same [redacted] five days later stated that a person named in the limited subset of Steele's reporting had denied representations in the reporting and the [redacted] assessed that the person's denials were truthful. A [redacted] report dated [redacted] 2017, contained information about an individual with reported connections to Trump and Russia who claimed that the public reporting about the details of Trump's [redacted] activities in Moscow during a trip in 2013 were false, and that they were the product of RIS "infiltrat[ing] a source into the network" of a [redacted] who compiled a dossier of information on Trump's activities. 34) The media & politicians are already calling AG Barr a political hack.

Expect house investigations into Durham & Barr.

DECLAS and foreign corroboration will establish the facts.

What happens when the media [KNOWINGLY] push false information?

The silent war continues..

35) The deep state media are doing their best to undermine public confidence in AG Barr.

(If you're concerned that Barr is sympathetic to the deep state, the deep state media's disdain for him is evidence of his true loyalty.)

The screenshot shows the top of a Newsweek article. At the top left, it says "61° Las Vegas, NV" and "Fri, Apr 10, 2020". The Newsweek logo is in the top right. Below the logo is a navigation bar with links for "U.S.", "World", "Business", "Tech & Science", "Culture", "Newsgeek", "Sports", "Health", and "The Debate". The article is in the "POLITICS" section. The main headline is "WILLIAM BARR WILL INTERFERE IN THE ELECTION TO BOOST TRUMP, SAYS MSNBC ANALYST: 'A RUTHLESS...POLITICAL HACK'". Below the headline is the byline "BY SHANE CROUCHER ON 12/11/19 AT 5:25 AM EST". There is a video player with a play button and a duration of "01:42". The video title is "What is The Foreign Intelligence Surveillance Act (FISA)?". The video image shows a security camera in the foreground and the U.S. Capitol building in the background.

37) Here is what awaits traitors in the media who [KNOWINGLY] pushed false information in an attempt to overthrow the government.

The screenshot shows a legal code page. At the top left is a red box with the letters "LII" in white. To the right of this is the text "18 U.S. Code § 2385 - Advocating overthrow of Gov..." and the URL "https://www.law.cornell.edu/uscode/text/18/2385". Below this is the title "18 U.S. Code § 2385. Advocating overthrow of Government". There are two tabs: "U.S. Code" (selected) and "Notes". Below the tabs are navigation links "prev" and "next". The main text of the code is as follows:  
Whoever knowingly or willfully advocates, abets, advises, or teaches the duty, necessity, desirability, or propriety of overthrowing or destroying the government of the United States or the government of any State, Territory, District or Possession thereof, or the government of any political subdivision therein, by force or violence, or by the assassination of any officer of any such government; or  
Whoever, with intent to cause the overthrow or destruction of any such government, prints, publishes, edits, issues, circulates, sells, distributes, or publicly displays any written or printed matter advocating, advising, or teaching the duty, necessity, desirability, or propriety of overthrowing or destroying any government in the United States by force or violence, or attempts to do so; or

41) A lot of intentional misspellings were found in the DOJ IG report on FISA abuse related to James Comey.

**Liberty**  
 @LizzyBelleFox

very curious stuff. Who could have altered Horowitz' report to make the m in Comey look like an m? Other instances of r & n have the natural gap, rn, very close to m, but completely different as the kerning, ONLY in the name Comey / Corney has the kerning reduced to look like m [twitter.com/IPOT1776/statu...](https://twitter.com/IPOT1776/status...)

And maybe if you're at a crossroads you could choose one way, and your name gets spelled correctly.

Choose another...

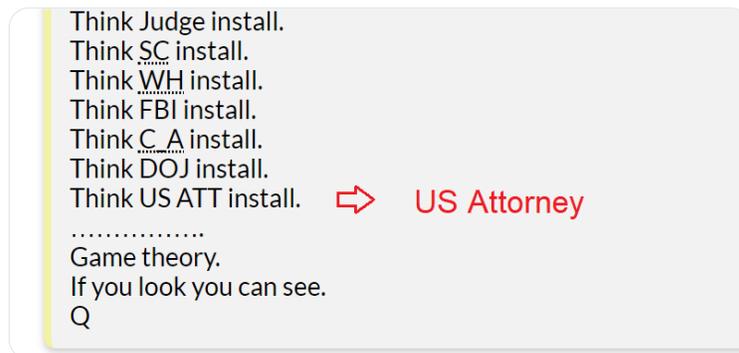

It just ends up sounding Corney.

42) Q hinted that the misspellings were relevant and related to US Attorney Durham.

43) Speaking of U.S. Attorneys... the abbreviation US ATT stands for U.S. Attorney.

44) John Solomon confirmed that subpoenas have been issued on behalf of U.S. Attorney John Durham.

45) Q posted a link to the above tweet by [@greggers4usa](https://twitter.com/greggers4usa)

The subpoenas would likely be in connection to Durham's investigation of FISA abuse against President Trump.

46) FYI

## Subpoena

A subpoena is a written order to compel an individual to give testimony on a particular subject, often before a court, but sometimes in other proceedings (such as a Congressional inquiry). Failure to comply with such an order to appear may be punishable as [contempt](#).

The rules controlling subpoenas in Federal matters are found in [Rule 17 of the Federal Rules of Criminal Procedure](#) and [Rule 45 of the Federal Rules of Civil Procedure](#).

A subpoena can be more formally referred to as a *subpoena ad testificandum*, a subpoena to testify.

48) Today, Q provided the first placeholder post on /projectDcomms/.

A placeholder is exactly what it sounds like. It's a marker that holds a place for a future event.

Placeholder posts by Q predict future events in the exposure and prosecution of corruption.

49) For those who are new:

Before 8chan was de-platformed, these were the placeholder posts on the board /patriotsfight/.

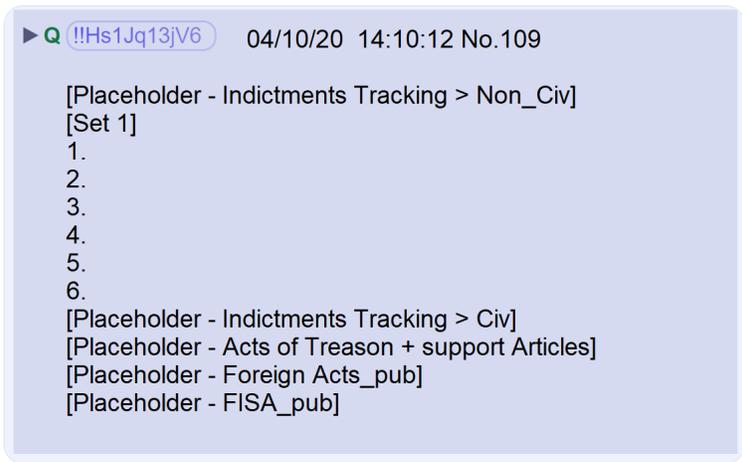

(Although these older placeholder posts may give some hint at events to come, they are not currently in play and should probably not be relied on.)

50) Corrupt officials will be prosecuted in either military trials or civilian courts.

This placeholder will track indictments in civilian & non-civilian (military) courts.

It will also track acts of treason and supporting articles, foreign acts, and matters related to FISA

51) As for the numbers 1 through 6, I believe (though I'm not certain) the names of defendants will be filled in as indictments are unsealed.

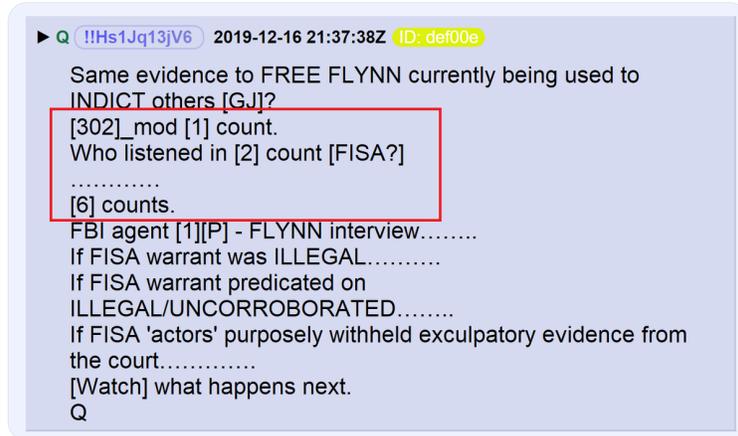

52) Another possibility is that 1-6 could be the charges listed in the first indictment that will be unsealed.

53) Q said there would be 9 counts in the indictment against the person(s) who spied on General Flynn.

1 count will be for illegally modifying the FBI 302 report.

2 counts will be for listening in on his conversation.

6 counts are yet to be revealed.

54) There are 6 empty places in this placeholder.

My guess is that they will be populated with counts from the indictment when it is unsealed.

Some have wondered why there is no "Q" signature for this post.

55) When Q posts on his private board, he doesn't need to sign his posts, since he is the only person who has access to the board.

None of these placeholders had signatures.

56) Since 1-6 are listed under the Non\_Civ category, I believe these 6 counts will fall under the jurisdiction of a military commission.

57) If my theory is correct, the placeholders might look something like this as indictments are unsealed.

(This is just speculation.)

58) Since the first placeholder category pertains to the military and it appears to be connected to the surveillance of General Flynn, I wonder the first indictment might be against Col. James Baker, Director of the Office of Net Assessment at the Pentagon.

59) Baker was accused in a court filing by [@SidneyPowell1](#) of leaking the transcripts of Flynn's December 2016 telephone calls to then-Russian Ambassador Sergey Kislyak to the press.

61) The first indictment may not be against Baker, but a military venue would point to someone in the Defense Department (unless the military plans to prosecute civilians involved

in spygate).
