The size of Four Soccer Fields is the father of all crop circles till date!

The size of 3 largest Cricket Stadiums!

The size of a large railway station!

1740 X 1480 feet wide crop formation

This miracle with perfection occurred in Southern Holland (Netherlands) near a town called Goes on the August 7th 2009.

THE WORLD HAS NOT BEEN TOLD OF THE TRUTH.

A massive silencing campaign had been pursued against it as it made a lot of people extremely nervous!

The farmer who owns this land NEVER gave permission for anyone to make this CC on his land.

Star dreams - exploring the mystery of crop circles

23 August at 03:02

Grhys Man

i like how we can GPS lines but put mass circles and angles in the mix overnight and humans aint got a damn thing, and don't any dork talk of folk with rope and plank, there is some shit hot maths on every single one

23 August at 04:50

Simon Kaiwai

Ben McEvoy - care to explain these?

23 August at 05:26

Chris Watson

man is the butterfly good one, pretty easy to understand that one not too cryptic

23 August at 06:28

Ben McEvoy

Hahahahaha!! CROP CIRCLES??! Wow Simon, this beats even chem trails in the "gibbering credulity" stakes.

Nothing at all to say on this one, I'm afraid. If you really think "some people worked out a way to do it" is less likely than "aliens" as an explanation, then best of luck with that.

PS: You do know that the first crop circles were admitted as hoaxes, right? And that humans can and have created far larger and more complex structures than these?

23 August at 07:39

Ben McEvoy

Holy crap, Grhys, I hadn't thought of that - you're right! There's no way humans could do MATHS!! And ANGLES??!? Who ever heard of a human being able to understand ANGLES?!?

Like GPS, I get - that's just a system which uses triangulation (angles) to calculate (maths) a position on the earth by communicating with satellites which humans have built and launched into space.

But the idea that humans could use maths and angles to stamp down some wheat in a field???! OBVIOUSLY PREPOSTEROUS!!

And that only leaves one sensible conclusion: Aliens have travelled millions of light years across the universe to a rare inhabited planet, using technology beyond our imagination and then, having accomplished this amazing feat and with a chance to contact a new civilisation, they: draw some circles in a field.

23 August at 08:28

Chris Watson

it is artwork appreciate it

23 August at 08:32

Ben McEvoy

Haha - now Chris, that I can agree with. Quite impressive as a form of art

23 August at 08:33

Chris Watson

awe inspiring I think and the messages from the artists are like in most art left to your personal imagination, if it elevates your sense of well being great, if not, there may be thought processes in how you interpret your experience that could do with some fine tuning

23 August at 08:41

Ben McEvoy

Oh I agree, Chris - art can be very uplifting and the results of human endeavour to create something like this gets a huge mark of respect from me also. Let's just not get distracted by the tawdry business of crediting their hard work to aliens!

23 August at 08:44

Chris Watson

wouldn't matter to me if it were aliens or not hehehe I will acknowledge that possibility when they reveal themselves to me personally until then it is just incredible and very much personally appreciated art, the message in the art for me is that the artist is of a mind that man is evolving like the butterfly does.

23 August at 08:50

Jim Paddington

The US military industrial complex has some crazy technology that might be capable of such accuracy in such a short time. But what would be their motive for making such great art if it was an organisation such as them? lol, it's beautiful nonetheless

23 August at 10:42

Simon Kaiwai

Ben - if you actually watch the doco you would get some context into the Ben and Dave hoax and be able to compare what they did with the others. If you watched.....

24 August at 04:21

Ben McEvoy

No interest in this one, Simon. Just completely obviously man made. And I can only hope you are trolling again, rather than actually serious

24 August at 06:38

Jim Paddington

I like to entertain the thought, good doco

24 August at 08:19

Simon Kaiwai

If ever there was a demonstration of a closed mind look no further than Ben

24 August at 08:44

Arthur Cristian

We are with Ben on this one Simon - to us all crop circles are man-made, as are all ufo's, aliens, technology, etc.

Bring forward an experience without MAN party to the experience!

To us, everything experienced by MAN is created by MAN.

Without MAN, there is no experience of life.

Without MAN, there can be no creation/life.

All thoughts of the past or the future needs MAN to exist in present sense to think and feel them.

Without MAN existing in present-sense, no thoughts of the past or the future can be thought or felt (experienced).

Without MAN existing, nothing of the dream of life exists/can be experienced. Some say, "but the trees, birds, aliens, other life-forms, etc, will still exist". We reply, "but a MAN said that - imagine there is no MAN existing to experience/sense the question to answer it?"

It is MAN setting the experience of aliens, UFO's, Crop Circles, etc, into motion and it is MAN (others) at the effect of such experiences. The fact is, some of MAN have turned against all of MAN. What we don't know is being used against us.

So much for full-disclosure.

26 August at 22:47

Simon Kaiwai

Obviously I cannot bring forward an experience that is without Man as I am one. That is not to discount that things happen without Man. I do hear your point Arthur about all being a dream of Man but am not convinced of it at this time.

27 August at 03:57

Poppy Just-Poppy

Imagine - a world without duality, imagine all the people living for the day. You may say I am a dreamer but I'm not the only one.

27 August at 05:55

Simon Kaiwai

Whether they are man made or not is not really the question - we can learn from acts of Man just as acts of non-man. The beauty of many of these crop circles is astounding and the doco well worth a watch for those that wish to learn more about them

27 August at 07:48

Piripi Mihaka

The crop circle messages throughout America and Europe show astronomy celestial constellations, human dna mutated humans, transhumanistic dna, part animal and man of all sorts, these things are not normal whether they are human or non human made, beautiful pretty or with knowledge of stars not good, in the Bible they are know as

fallen stars with satan, in human history they call them ancient ancestor aliens through to today Aliens, Honestly I don't like their(crop circle) implications and feel whoever done them have no good intentions to humanity....

27 August at 08:35

Ben McEvoy

I keep an open mind, Simon. Just not so open than my brain falls out. Disappointing to see you reverting to form with ad hominem attacks, by the way. Is it not acceptable to you that I might have a different point of view? Why would you invite my views, then call me closed-minded for having them? Are only those who absolutely agree with you 'open minded'?

27 August at 16:01

Simon Kaiwai

Because you so quickly dis the entire worth of visible shapes in crops at the same time as stating you won't look into it other than googling for the first instance of man made shapes imitating such (poorly I might add)

27 August at 16:07

Arthur Cristian

Using sound, light, frequency, pressure exertion, etc, patents exist for such technologies and regardless of shape, size or mapping of celestial bodies and DNA (all this was known to ancient man-made civilisations), it's not hard for man-made mathematical configurations to be expressed via such technologies, including laser, to create such complexed crop circles. There is no natural purpose for them and nothing of nature (includes celestial bodies) needs them to exist so they may exist. To us, what exposes the hoax.... they're all crafted out of "intellectual property" and promote "intellectual property". Like demonic apparitions (thought forms) coming through a pentagram or not, they fade away quickly whence they came. There is no permanency about crop circles. And they appear during the "end-times" of the Freemasonic/Satanic self-fulfilling prophecies (NWO), how convenient. Crop circles are derived from black-magic rooted in mysticism/secretcy and alchemy (system science).

27 August at 23:06

Simon Kaiwai

How do you explain the crops yielding over 30% more in the crop circle area? How can crop circles represent intellectual property when no one claims ownership? They appear as a harmless part inside a natural cycle

28 August at 03:27

Poppy Just-Poppy

And isn't it wonderful to simply be in awe!

28 August at 08:14

Piripi Mihaka

Yes in short man has been influenced..... once again.... by a horrible deceptive force to develop technologies, esoteric/esoterrestrial knowledge (the ability to destroy and recreate) which has been hidden by a select few and only revealed now to fulfil Bible prophesy to deceive man perpetually bringing forth the NWO agenda of evil practices manifested as a false life living forever travelling the universe ha ha ha crazy, stupid and dumb....

28 August at 08:36

Arthur Cristian

There are "1001" instances where MAN has created vast amounts of natural abundance in small spaces just by the consistent focus of MANS pure and sincere intentions set into motion as labour, etc, bouncing back at us. Our labour is the life-force-energy we charge the images of our intention with. One plant can produce many thousands of seeds - MANS sensory-dream charged with MANS life-force-energy can expand the sensory-dream a thousand fold.

We (MAN) are so powerful - only MAN can set thoughts into motion - all thoughts are images - all dreams are images - we have the power of creation, the gift of life to set life into motion - life is an image and by focusing on an image we give life to expand the image we are dreaming/co-creating for/together.

At its heart/source, life is derived from our life. The life-force energy we set into motion is love, is the gift/power of life set into motion. It is MAN making blood flow from a wood carved crucified Jesus on a wooden cross or tears flowing from a rock carving of the Virgin Mary, etc. Get many of us focusing on the same image and we give (magnify) this collective image (with) immense power. We go to war like this - Facebook blossomed out of this - banks, governments, political parties, corporations, sport teams, etc, expand like this. All is man-made. We are creating everything going on including the sun shining. "The System" is constructed in this same way - everything of "The System" is constructed in this way. We expand "The System" by the many men and women who believe/worship, have faith, have associated opinions about/for "The System".

Nature also responds with our collective co-creation of a common dream, purpose, intention, love, etc. When we get past (see through / awaken-from) the Freemasonic/Satanic duality trap, everything of life starts making sense, "starts falling correctly into place" (so to speak).

1, 2, 3, a, b, c, compass, square and every nonsensical image derived from these man-made constructs are "intellectual property". You can ONLY look at a crop circle through the brainwashing of 1, 2, 3, a, b, c, compass, square, etc. We can ONLY communicate knowledge about crop circles through 1, 2, 3, a, b, c, compass, square, etc. Crop Circles are NOT sensory life-forms, they cannot, walk, talk, think, feel, poo, wee, negotiate, contract, create, set its own image (life) into motion. They can't communicate with you directly as their is no sensory-life-form there.

Alice In Wonderland needs your performance for these non-nonsensical images ("intellectual property") to be set into motion, they have no free-will, no life to do this - same with crop circles, it is the story-telling (brainwashing of 1, 2, 3, a, b, c, compass, square, etc) bouncing to and fro between your ears that is performing the story-telling of crop circles, same with Alice in Wonderland. The crop circle cannot set life into motion because there is no life there to set life into motion and is why no one can sense a crop circle. This clearly demonstrates that crop circles are a man-made Freemasonic/Satanic deception. We can ONLY RE-PRESENT the "Intellectual Property we were brainwashed/conditioned to perform/act.

You have to be under a spell (1, 2, 3, a, b, c, compass, square, etc) to be sucked in. We were all taught to spell to be under the (their) spell. Besides our ancestors invaded, decimated and enslaved, education is the most terrible thing ever done to all of us.

28 August at 18:35

Arthur Cristian

Please don't take this the wrong way Poppy, but ONLY the dumbed down and stupid could ever be in awe of something dead.

28 August at 18:38

Poppy Just-Poppy

I don't hold the same belief about where the crop circles come from Arthur so I can happily be in awe of it, like a beautiful sunrise, the sun glistening on the ocean, the light shining through new spring leaves, that kind of thing, not so dumb or stupid. It's simply appreciation and love for life.

28 August at 18:41

Poppy Just-Poppy

And maybe if MAN is the creator of everything around him/her we could be in awe of the whole thing when we take all judgement out of the way.

28 August at 18:43

Poppy Just-Poppy

Maybe we could embrace ourselves as divine consciousness, expressing ourselves in just the perfect place we need to grow and learn in

28 August at 18:43

Poppy Just-Poppy

Maybe we are all magnificent, and all beings are equal and have a purpose. How we respond to is up to us.

28 August at 18:44

Poppy Just-Poppy

All this on a perceivably good day of course, but then that is judgement creeping in again. How to hold all we know and live it out - that is a trick

28 August at 18:46

Arthur Cristian

Crop Circles can ONLY be constructed out of a, b, c, 1, 2, 3, compass, square - all sensory-life-forms, inanimate or not ARE NOT.

28 August at 18:51

Poppy Just-Poppy

Do you have a guru complex?

28 August at 18:53

Poppy Just-Poppy

Are you in awe of your sponsors?

28 August at 18:54

Arthur Cristian

The psychological tactics of crop circles used to con the innocent and gullible needs to be exposed otherwise the damage done to MAN will be far far worse than the combined psychological tactics used behind all religions and mythologies as recorded across all Freemasonic/Satanic ages. Think of politicians kissing babies too.

28 August at 18:55

Poppy Just-Poppy

How can MAN be without belief while he/she is in physical form Arthur. All you write comes from strong belief.

28 August at 18:56

Arthur Cristian

There is no belief here Poppy. What is shared here is factual - evidential - it stands.

28 August at 18:58

Poppy Just-Poppy

You believe crop circles are used to con the innocent and gullible, do you not?

28 August at 18:58

Poppy Just-Poppy

Belief is formed based on information, knowledge and interpretations of events. There is no escaping that in physical form.

28 August at 18:59

Arthur Cristian

This is not a belief poppy - is evidential - is fact.

28 August at 19:01

Poppy Just-Poppy

So you believe it is evidential?

28 August at 19:01

Arthur Cristian

Does a child have to first believe in a tree before the child can sense/experience the tree????

28 August at 19:02

Arthur Cristian

Does a child need education to know the tree?

28 August at 19:02

Poppy Just-Poppy

And what does that matter in the big scheme of things anyway? I constantly hear messages of you attempting to tell people how to think and believe and it is not resonating with me, only in part.

28 August at 19:02

Poppy Just-Poppy

A child only calls it a tree once they are told it is a tree and that is what they are to call it.

28 August at 19:03

Arthur Cristian

That is your story/belief Poppy - where have we said to you or anyone that we want you to believe in what we are saying???

28 August at 19:03

Poppy Just-Poppy

A child wouldn't give a toss whether it was a tree or not.

28 August at 19:04

Arthur Cristian

"A child only calls it a tree once they are told it is a tree and that is what they are to call it." This is FRAUD and is a LIE.

28 August at 19:04

Poppy Just-Poppy

Maybe it is a just a bad case of excessive posting

28 August at 19:04

The Dream Of Life Part 6

Under The Spell Of Intellectual Property

Arthur Cristian

28 August at 19:07

Poppy Just-Poppy

A child would probably happily play in a crop circle too

28 August at 19:07

Poppy Just-Poppy

No band width sorry

28 August at 19:07

Poppy Just-Poppy

I have looked in depth into your stuff. I have had a lot of respect for most of it.

28 August at 19:07

Poppy Just-Poppy

I don't understand the aggressive energy I feel from you though

28 August at 19:09

Arthur Cristian

In nature, a child would not recognise a crop circles man-made constructed existence unless it was taken up by an Eagle to see its dead-corpse image carved amongst the living sensory-life-forms. Same with everyone, without dead-corpse fictions ("intellectual property") like satellites, aeroplanes, etc, MAN would not be thinking about crop circles.

28 August at 19:10

Poppy Just-Poppy

I feel very drained with our communications. This is not a good sign.

28 August at 19:11

Arthur Cristian

There is NO aggressive energy coming from us Poppy - zilch - this is just more story-telling (reactions to trauma) coming from you Poppy. Are you in this room with us to be sure about this?

28 August at 19:12

Arthur Cristian

It seems you are fighting for a belief system Poppy that are just demons ("intellectual property") possessing (draining) you.

28 August at 19:13

Poppy Just-Poppy

Who is without trauma? We all have it, you too.

28 August at 19:13

Poppy Just-Poppy

I am happy to believe what I believe and if it causes me psychological stress, then I will evaluate it and do my mind/body practices to transform it. I will choose when i do this. I have been committed to these processes for many years. It is my own journey and I do best when working with my own guidance system, thus staying empowered and regaining aliveness.

28 August at 19:15

Arthur Cristian

We do not use you as an excuse for our lives Poppy. However, you seem to be using us as an excuse for your present-life-experience. We have never asked you or told you to perform in the way you are presently acting.

28 August at 19:16

Poppy Just-Poppy

I can reassure that you have little to do with my life experiences. That sounds like a guru complex to me.

28 August at 19:17

Arthur Cristian

You are making up claims that are not of our making Poppy.

28 August at 19:18

Arthur Cristian

Debating/discussing truth is not a guru complex unless you want to put everyone who scrutinises in the same basket-case!

28 August at 19:19

Poppy Just-Poppy

I am just gaining more information. I don't understand what you say, I just see so many threads that are being hijacked with you apparently pushing a cause that is really hard to understand. By calling people dumb and stupid is making up claims as far as I can make out.

28 August at 19:19

Poppy Just-Poppy

Anyway, thanks for the talk, gotta go now.

28 August at 19:20

Arthur Cristian

Filtering all information through a belief system to protect and survive it will have you write off everything and everyone that/who does not fit into it. We always put all belief systems to the test - we use the blow torch of scrutiny to see how belief-systems stack up - they all get incinerated - we always go where the sensory-logic of truth takes us.

28 August at 19:24

Arthur Cristian

Re-presenting "intellectual property" (beliefs) will have us show up as being dumb and stupid - this is nothing to be ashamed about - we've been waking up for years peeling away heaps of belief systems (spells) that had us show up as being dumb and stupid. We are not interested in "pride", etc, we clean up our act, apologise with whoever if we have harmed anyone, and move on with the jewels/insights. There was no intention coming from us to do harm to you Poppy - is why we said "please don't take this the wrong way".

28 August at 19:30

Simon Kaiwai

Have you watched the doco Arthur? If you had you would know that there is much more to be experienced in the crop circles than just needing a "plane or satellite" to see. I agree with Poppy Just-Poppy - you are taking evidential facts and putting an interpretation on them but calling your interpretation facts and others fraud and lies. A child is told a tree is a tree if they are spoken to in English. Or are you suggesting that we all know names of all things inherently and it is irrelevant what we are told as we don't learn anything from others?

Yesterday at 02:43

Arthur Cristian

Simon, can you prove what we are saying to be false? Can you please bring forward the first parties, "crop circles" and whoever is making them, to back your claims. We don't want men and women, 3rd parties, acting as representatives of crop circles coming forward as the crop circle "story-tellers", under costume and title or not, communicating with us, the first parties. Lets have a direct first party to first party experience.

If you or anyone else can't do/arrange this then this exposes the blatant fraud and lies peddled by Crop Circle "story-tellers".

Where can millions of innocent children, not exposed to "The System" or to anyone exposed to "The System", go anywhere in nature, including celestial bodies, to learn all about the story-telling knowledge of crop circles without you or any other man or woman (already exposed to "The System") having to explain it to them..... and regardless of how "The System" was/is used to indoctrinate/brainwash innocent children).

With senses there is NO need for mathematical based alphabet languages ("intellectual property") to give names to any sensory life-form, inanimate or not. Using our senses again (not non-sense images) already is the true communication of all sensory life-forms. Every grain of sand is original. Each grain of sand uniquely shares the originality of its purpose for the dream of life. This comes from direct experience but unfortunately for almost all of us, we've all endured/received extensive brainwashing (story-telling) by 3rd parties (that sensory-life-form is a daffodil and is yellow) that we are trapped in the re-presentation of non-sense images believing they are true, when the fact is they are not. White has become black and black white - lies becoming truth and truth becoming lies.

The whole of all sensory-life-forms, inanimate or not, of nature/earth don't use non-sense images ("intellectual property") to communicate their purpose, they have no need for alpha bullshit ("intellectual property"). No non-sense education is required.

Why do we need to talk/story-tell-the-spell the Freemasonic/Satanic invaders and conquerors of our ancestors alpha bullshit non-sensory languages ("intellectual property"), full of codes only those initiated into their secrets buried in cryptography, etymology & phonetics can/could "know"?

Unless there is a direct experience, first party to first party, we have no need to be distracted by bullshit ("intellectual property") which crop circle documentaries heavily peddle.

The point is..... all of us were not supposed to be under the image-power ("intellectual property") of other men and women telling us how to think, feel and act about anything because when that happens who we really are and what we are really part of is being gradually destroyed and here we all are waking up in the middle of this ("intellectual property") 3rd party brainwashing nightmare trying to regain/heal who we really are and what we are really part of. We were all supposed to have unique and original thoughts/dreams/lives - this can't happen under the image-power of other men and women telling us how to create our lives and how to see through their eyes to know what life is all about.

Living-creator is unique and original - everything of living-creator is unique and original too. MAN is living-creator but a dumbed down hue-MAN is no longer a unique/original MAN - a hue-MAN has a "name" rooted in "intellectual property" - in "The System" of Freemasonry/Satanism all sensory life-forms, inanimate or not are given "name".

Welcome to the Yellow Brick Road and Alice In Wonderland Through The Looking Glass ("intellectual property"). May you have a "nice" stay in hell - a price must be paid though!

Yesterday at 11:22

Simon Kaiwai

Arthur Cristian - Crop circles are self evident. I do not surround them with stories but am willing to entertain possibilities around meaning and source. If you wish to bring them forth I suggest you join the caravan of people that follow them around the world. You will then see them with your own eyes as any child could, feel how you feel, take what you take from it. Seems to be an individual thing so who knows what that will be for you... certainly not me. Seems you haven't watched the doco yet otherwise perhaps you wouldn't be claiming crop circles as owned by any party, with a fixed story and one size fits all meaning. My take is the opposite of that. Your desire to be met in the first 3 dimensions before anything is real cuts off a lot of possibility.

23 hours ago

Arthur Cristian

Simon, there is no such thing/s as 3, 4 or 5 dimensions, etc - this is just more "intellectual property" (story-telling) garbage.

All across the recorded ages of "The System" came story-telling "myths", "lores", "gods", "higher beings", "other worlds", "supernatural forces and entities", "cosmic phenomena", etc, used to cast hypnotic spells over duped men, women and children trained to go along with story lines (belief, faith, associated opinion, worship), all the while trapped and enslaved serving a tiny few hiding behind veils of man-made story-telling deception, illusion, fantasy, mysticism, magic, etc.

Crop Circles continues MANS enslavement to "The System". When you peel back all religions, churches, myths, lores, civilisations of all types, New Age, occults, esoterics, ancient philosophies, "oneness", "spirituality", etc, etc, what do you find as a common denominator threaded through all of them and which is being performed in every-day practical sense???? THE SYSTEM....!!!!

Statues of Zeus is "self-evident" man-made fiction, same with Crop Circles. They are both DEAD.

You can go along with the wonderment of crop circles as much as you like but they offer NO REMEDY to get MAN out of "The System" and all you have on offer no matter what you dredge up is man-made "story-telling" (belief, faith and associated opinion).

Like a tree is used to have us pretend/believe it is "money", that currency exists - crops are also used to have us believe crop-circles exist but all we see is wheat or whatever of nature was used to make unnatural shapes with them. No matter how much anyone believes money exists, the physical material form of money will always be brought forward as destroyed trees, mountains, earth-minerals, etc, - same with crop-circles, you can spin as much story-telling around crop-circles as you want but all we will really see, that can be brought forward, are agricultural crops planted by farmers, etc.

A MAN can act as a police officer as much as he wants but no matter how much a MAN will use his persuasive powers to convince someone else that his re-presentation of police officer exists and has authority and force, all he can bring forward is the MAN - the police officer can never be brought forward - same with little Mary performing Alice in Wonderland.

In the illustration it shows a man waiting on God Lack of faith and God has sent him all these signs ... from what I am sensing Arthur/Fiona say is that they are experiencing Nature/sky/earth/first hand thus Sense/Nature is the Co-Creator alive with no label for Sense/Spirit is life creating life with no third party this is Innocence where all our gifts

come forth and no need for third party experiences we are Sense/moment/love moving and creating to the fullness of Creation ...

Yep Lynne - spot on. Not sure if Allen is directing this comment at us "just because man has it all messed up , and is so miss lead don't put that on GOD" - we've never made such claims or have implied/intended such claims. If you want to have a debate with us Allen so we can together put these claims to the test then lets get on with it. We are happy to discuss this with you privately as well if you feel this is more suitable for you. You are also claiming God is a "He" - please bring forward this "God" so we can have a direct experience.

Arthur had direct first party to first party experiences with living-creator in "The System" "time" of January 2006 & 1979 - Living-creator revealed its face as androgynous - there was no separation between male/he or female/she - Living-Creator is/was WHOLE. We are not asking you to believe this - just sharing our direct experiences. Also Earth/Nature is androgynous as is MAN.

Allen, you are also claiming that Arthur is a "story-teller", can you please bring forward incontrovertible proof of your claim to back your claim. Throughout much of our Love For Life work we regularly say to everyone not to believe in anything we say - to use scrutiny (their brain/senses) and go where the logic of truth/sense takes them. "Story-telling" is rooted in "belief, faith and associated opinion" causing believers to claim these beliefs are truth.

We can back this claim: "Bring forward an experience without MAN party to the experience! To us, everything experienced by MAN is created by MAN. Without MAN, there is no experience of life. Without MAN, there can be no creation/life. All thoughts of the past or the future needs MAN to exist in present sense to think and feel them. Without MAN existing in present-sense, no thoughts of the past or the future can be thought or felt (experienced). Without MAN existing, nothing of the dream of life exists/can be experienced. Some say, "but the trees, birds, aliens, other life-forms, etc, will still exist". We reply, "but a MAN said that - imagine there is no MAN existing to experience/sense the question to answer it? It is MAN setting the experience of aliens, UFO's, Crop Circles, etc, into motion and it is MAN (others) at the effect of such experiences. The fact is, some of MAN have turned against all of MAN. What we don't know is being used against us. So much for full-disclosure."

We are saying that MAN is LIVING-CREATOR - we prefer not to use the duality concept of "God" as it implies exclusivity, privilege, separation, division and requires, belief, faith and associated opinion because it is a fiction.

Allen, can you bring forward a He God to back your claim.

Allen, when you say "i am" are you implying that you are "God"?

Simon, to us the pictures you have posted, back what we have been saying for years - that living creator is in everything of life and is everything of life, including MAN in present sense.

Living creator, LIFE, Life energy, is in the trees (is the trees), mountains (is the mountains), sun (is the sun), rivers (is the rivers), valleys (is the valleys), flowers (is the flowers), birds (is the birds), etc.

We cannot experience the "God" of religion or New Age or mysticism or philosophies (including the "divine", "higher beings" "ascended masters") because it is nowhere to be found in sensory life around us but we can sense/feel the life (life-force-energy) of living creator here and now, every moment, if we choose to be aware/conscious of it.

There is life energy in the crops that have been used to make the crop circles but no life in the crop circle - what is it doing for life?

The pictures you posted do nothing to prove the "mystery" of crop circles.

Posting pictures of crop circles as proof that aliens or whatever exist, is no different to posting pictures of Jesus Christ as a crucified MAN on a cross with thorns around his head as proof that "God" exists.

It is just that the story-telling that surrounds crop circles is more cosmic, galactic, "one", etc, in line with the new-look system otherwise known as the NWO.

It's like Woolworths calling themselves the "fresh food people" when probably 95% of their stock is processed, dead food.

Crop circles have no life.

Without the story telling of crop circles going on between the ears, crop circles are just flattened crops, albeit in interesting shapes!

It is so easy to make things sound much more interesting and intriguing than they really are by bringing in some "other worldly" stories that get everyone oohing and aahing.

As for MAN not being able to create crop circles, as many claim, look at what we create daily in our system lives, moment by moment we are creating all the suffering, destruction, chaos, exclusivity, division, hatred, suicide, depression, sickness, etc, as well as the "wonders" of technology, engineering, construction, etc, some of which blows crop circles out of the water.

This is not easy to do, particularly when it goes directly against our true purpose which is the co-CREATION of (setting into motion) the dream of life. This is what MAN exists for and yet, daily, we are co-creating the destruction of life!!!!

To us. promoting and "believing in" crop circles is promoting and "believing in" the next version of "The System" because a staged "alien invasion" is very likely, used to bring us to our knees in terror, screaming for someone to do something, whereupon the "Good Guys" (Knights Templars, etc) of "The System" rush forward with their "remedies", offering "hope" and "salvation" so that we can fall at their feet and follow them to the "safety" of the new version of "The System", still relying on others to feed us (instructing us to set into motion) the outcomes of our lives, still not taking full responsibility for our lives.

This is no different for the church "rescuing" people by telling them there is a higher power that is making the decisions for them so, phew, they don't have to worry about it.

The story telling around crop circles implies intervention by "higher powers"; could it be that these "higher powers" are sending us messages to help us get out of our plight? (refer to the three OPPT videos we posted on YouTube as they go more into such brilliant/clever Freemasonic/Satanic psychological attacks)

We have been so brainwashed into believing that we need someone/something "higher", "better", "purer", etc, than who we are, that this is what we give our LIFE-energy to (setting into motion) and keep creating (setting into motion) such outcomes.

How about setting into motion the thoughts and images of MAN being fully responsible for creating the outcome of our combined freedom, truth, joy, abundance.....

We are present to the story telling of "The System" so we create "The System". We (MAN) are the ONLY common-denominator.

When we are present to the storytelling of crop circles, we create a whole world of belief around crop circles. This is no different to creating lives around the story telling of the Roman Catholic Church, etc.

Just how vulnerable do you think those people following crop circles around the world will be to any staged event around crop circles - like lambs to the slaughter, they will fall for whatever images are beamed into crop circles because of their belief that crop circles represent more than just flattened crops.

To escape system brainwashing, we need to be very vigilant in scrutinising EVERYTHING because we have been sucking up system story telling since we were babies and are very, very vulnerable to it.

Arthur - I don't care to guess how others will may react to a purportedly planned fabricated alien invasion. I also don't care to guess who is making the crop circles only that they exist, are beautiful and worth looking into. I do try to set in motion thoughts and images of Man being empowered and taking responsibility. Where's the story in that?

16 hours ago

Arthur Cristian

Simon, we've not said (directed this at you) that you are or are not - we are just generalising Simon, leaving what we share open for those to scrutinise what we say and use logic/sense to go where logic/sense takes them. The Love For Life work we do is all about this attitude.

Many people visit the Sydney Opera House or the Eiffel Tower or go to the top of the Empire State Building or The Great Wall Of China or visit other ancient dead-world ruins like the Sphinx or Great Pyramid Of Egypt or are in amazement and wonder as they watch fireworks explode over the Sydney Harbour Bridge into a myriad of Kaleidoscopic shapes on New Years Eve, etc. No different with Crop Circles.

Big Deal.

You do not care to guess how others may react to things but we do care to because we are aware of the vast array of IMAGE POWER used to keep everyone sucked into "The System" so that we continue to be slaves and so that our children become slaves. This is why we put so much effort into scrutinising all the information that comes our way and exposing anything that we sense/feel has the smell of system brainwashing and image power wafting around it.

This is how we empower MAN to take full responsibility.

It is a practical step towards freedom.

Look at everything very, very carefully and watch out for the stories that make things more wonderful, magical, etc than they really are.

If crop circles are the sign of the intervention of a higher power, well if that is all they can do for us, we are not very impressed. How about they come on down and help us kick start repairing Earth? How about they roll their eight sleeves up and help us clean the water and grow food forests across Earth, free the land, build natural do no harm habitats/shelter, transmute the 100,000+ poisons, chemicals, toxins saturating almost all of Earth/Nature/MAN, etc.

Millions of people have been "looking into" Jesus Christ, Mohammed, Allah, Buddha and every other god, mystical phenomenon, etc, for many years and, guess what - in present-sense we are still in a mess, we are still distracted, still destroying/consuming almost everything that lives (has life) and we are still succumbing to image power! All our "looking into" and "being open minded" hasn't got us far. Same with "crop circles", nothing has changed. Let's put our Life-energy into the practical steps to stop the destruction and start the healing process.

All these people following crop circles across Earth, are they still going to Supermarkets, etc, to buy their food and water, etc, or are the crop circles feeding them and quenching their thirst????

Have the crop circles freed them from using passports, credit cards, bank accounts, etc???

Belief is not proof of fact/truth. Thus far in this thread, everyone pro crop circles coming from a higher power or whatever (not of MANS doing/making) have ONLY offered up their belief.. THAT'S ALL they have on offer to back their claims. They can't bring forward a first party "higher power" or whatever..... They have NOTHING.

Fantasy, delusion and illusion that are lies covered with pretty packaging can appear to exist to those who believe they exist but this does not mean they are real and have life to aid life in rolling along. They do not have life that we can sense and connect and communicate with and co-create with. Due to our trauma under "The System" and our reactions to trauma, we are very susceptible. Let's keep our wits and put away our pride - we have all fallen for the glib-speak of "The System" and will continue to do so unless we are prepared to really peel away the layers of lies.

Reality is of the living for the living. Truth is LIFE. There is NO LIFE in crop circles otherwise it would have ancestors buried, children playing, can be eaten, etc..... Just as a MAN is conned, tricked, used and abused to act in fiction as a police officer in costume and title the same applies with crop circles using natural crops to perform/act the fantasy of crop circles. There is no living 1st party here therefore there is no existence of crop circles. The ONLY common-denominator here is MAN - now it's about learning how some of our brothers/sisters are deceiving/tricking us. Aren't we all already learning about the tricks that have been used against us for "centuries"..... money, religions/church, wars, phonetics, etymology, cryptography used within the symbols of alphabet languages, architecture, etc,???

Simon Kaiwai

We must agree to disagree then Arthur. I see no evidence that proves:
- all crop circles are man made, claimed as owned by someone, dead entities (as they involve living crops), are designed to deceive Man

We also have differences in opinion as to whether there is anything beyond the 3 dimensions that the common man experiences and that greater phenomenon cannot in fact be sensed. To clarify: I do care that what I put out is accurate and note/retract when I've been proven wrong.

Also, bring forward the 3rd dimension or any other dimension based on alpha numerals to back your claims. If you can't this is just more incontrovertible evidence of story-telling at play here.

15 minutes ago

Arthur Cristian

Simon, all you have on "offer" is belief - in the middle of the word belief is the word lie and in the middle of the word lie is "i" and "i" is the greatest lie and liar of all. In the middle of the story-telling of crop-circles are many liars and lies. ONLY in "The System" do you find "i" with all its story-telling "gods", "higher beings", "dimensions", "aliens", "UFO'S", and everything else that makes up "The System" of lies and liars. You can disagree as much as you like but unless you can bring forward the living-sensory first party and while you continue peddling belief in crop-circles, intentional or not, innocent or not, you are showing up as a liar and a promoter/condoner of fraud.

Glenn, we are not claiming our views are "right" - we just refuse to "lie". So far we have been able to back all the views we've shared in this thread. We are not claiming that we are "know it all's". This is not our intention, behaviour, etc. This claimed attitude "know it all" does not come from us. As we have said before, we are not prepared to accept stories without sensory proof because, over the years we have uncovered lie upon lie upon lie being peddled by the System Masters so we have learnt to question everything if we are ever to unravel all the lies. We are not saying we know it all and have never said that but we will not just accept maybes and could bes and lots of story telling on top. Let's face it, all anyone knows about crop circles is that they are there. That's it! All the rest is story telling (NON-SENSE).

Arthur Cristian

Simon, in "The System", we are drowning in "niceness" but, under all the niceness are the lies. Nice marketed tasting lollies in pretty (nice) packaging with aspartame or sugar inside, "nice" supermarkets stocked with aisles upon isles of "nice" dead, processed food, "nice" cleaning products, "nice" toiletry items, etc, all making claims of health and safety but bringing only slow death, "nice" water full of chemicals advertised as "clean", and "nice" pharmaceutical drugs that claim to make us "better". "Nice" building products, "nice" paint, "nice" electricity, petrol, gas, vaccination, economy, education, Hollywood, media, alcohol, social/recreational drugs, wars, intervention, invasions, blockades, etc, etc.....

There is no full disclosure on the "nice" packets or in the "nice" advertising. The lies are intentionally buried under the "nice" glossy surface.

Then we have the "nice" politicians kissing babies and then making decisions that bring misery to the lives of many, the "nice" banker shaking hands with the young couple and then foreclosing their mortgage a few years later, the "nice" God, Saviour, Messiah, Prophet, Priest, Church, Religion, Channelled Ramtha, New Age Philosophies, Courts, Judges, Barristers, Lawyers, Parliaments/Governments, Insurance Companies/Policies, Armies, Navy's, Police Force, Sheriffs, Bailiffs, Wardens, Jails, etc, etc.

The "niceness" of "The System" and everything of "The System" goes on and on as we lie to each other with sugary smiles on our faces.

The only reason we all know about the lies of the "nice" food and "nice" water and "nice" bankers is because truth-determiners have spent their days researching and spreading the word. This is what we are doing with crop circles and all other "nice" belief systems of "The System". Everything about "The System" is "NICE". To us, "nice" means lies and liars.

Only MAN can set thoughts/images into motion, to give thoughts/ideas power. It only requires "one" lie buried in amongst many morally correct do no harm truths to cause all the damage. Setting morally correct do no harm truths into motion will do no harm to MAN/Earth/Nature BUT while we're not conscious of the lies ("nice"), we continue setting harm/destruction/chaos/etc into motion.

Sure, crop circles are very very "nice", they are pretty, they are "mystical" but that does not mean there are not lies in and around them, whether through their making, or through dis-information or through an intention to mould people's thinking. And surely we all know that those behind "The System" are masters at moulding our thinking.

The greatest lie/liar is the "one" closet to truth - they cause the greatest harm to MAN/Earth/Nature, It is critical we rout out all the "NICE" lies/liars.

In great detail in this thread we've explained more than enough reasons why belief in "NICE" Crop Circles will continue doing harm to MAN/Earth/Nature.

The "nice" evidence is incontrovertible - Freemasonic/Satanic recorded his-story/her-story (history) of "nice" harm is incontrovertible.

No strong belief required here Simon.

Truth is EVIDENT for all to see/sense, that's if senses are being used.

Belief puts victims under a spell of non-sense (story-telling) - they find it difficult to sense (use their senses) anymore.

29 minutes ago

Arthur Cristian

Simon, there is no belief required with views we shared in this thread - we are not pretending/claiming there is something else invisible/beyond-our-senses "out there" creating the crop-circles.

Refer to our "first" post in this thread: "Bring Forward An Experience Without MAN Party To The Experience".

There is no belief required here.

Our views have been consistent in this thread. The ONLY REAL first party to first party evidence we have to back our views is MAN. Until you can bring forward a "higher being", "higher power", "alien", "4th/5th/6th dimension", etc, other than MAN, as a first party to back your claims, all you have thus far (what you can bring forward) is MAN.

So far all the incontrovertible evidence brought forward is MAN story-telling a, b, c, 1, 2, 3, compass, square, MAN story-telling crop-circles, MAN story-telling "higher beings", MAN story-telling "belief", MAN co-creating/labouring large crops used to make shapes of crop circles, MAN creating and using electricity, internet, telecommunication, technology, computers, software, MAN advertising/story-telling/marketing videos, articles, research, podcasts, internet-radio, documentaries, etc, of/about crop circles. MAN inside man-made cars, trucks, vans, caravans, planes, trains, etc, to get to and from crop-circles, MAN talking to each other, debating, discussing, arguing and dreaming about crop circles, MAN, MAN, MAN, MAN, MAN, MAN, MAN.....

BUT WHERE IS THE HIGHER BEING, HIGHER POWER - THE ALIEN OUT THERE, etc?????????

And if a higher being was brought forward (thanks to MAN-made genetics) we will be asking this "higher being" to move a mountain range from there to over there without causing harm to any sensory life-form, inanimate or not. There are many more simpler tests we'll be using to challenge this "higher being", first party to first party. The Freemasonic/Satanic world is full of smoke and mirrors.

Truth stands, is evident. Senses do not lie - only an attached story-telling (brainwashing) used to re-present what we are sensing (sight or sound or touch or taste or hear or feel) of a sensory-life-form, or not, can have us show up as liars.

Truth requires no re-presentation - we do not have to capture/kidnap the MAN Simon Kawai so we can impersonate Simon Kawai, claiming that our thoughts, ideas, opinions, views, etc, about Simon Kawai's character, behaviour, intention, etc, are Simon's, of Simon's own making. Obviously we'd be committing fraud and lying if we were impersonating Simon Kawai - the evidence is clear that we made it all up. To avoid lying All that is required is for others to journey the path to the land where Simon Kawai stands on so that they can have a direct experience, first party to first party with Simon.

Can I add my 2 cents in for what it's worth..Just what came to my mind when I saw this. I have recently come across videos about a project in the American CIA called Monarch as in the butterfly. So the above picture is a hybrid both man and insect. The project is not limited to brain washing and torture of children to serve as illuminati slaves through out various spectrums of their goals. I might be way off track here and don't claim to know the least thing about crops circles. However I do believe that the "intelligence" that the government has is far more that we can even imagine..it is possible that these are man made illuminati symbology. I do not believe that aliens are what we think they are except that they are fallen angels. It is also possible that "they" have done this. With no investigation on my part I don't profess to have any other knowledge other than what I though of when I saw this...

Hi Franny, we've been discussing the significance of the "butterfly" with close friends over the past few days. We left this subject out of this debate so as not to distract from the core issue we are focused on. Based on other peoples research, the butterfly regularly shows up as a code for MKULTRA (Project Monarch) victims..... Britney Spears, etc.... What do we see in this picture... this is a quick look at it for now,

1. MAN as an altered hue-MAN.
2. Antennas for programming (brainwashing/"story-telling") hue-MANS reception.
3. Butterfly wings describing hue-MAN lost in the flight of (set into motion) fantasy, illusion, delusion, etc,....
4. 4 arms/hands - a hue-MAN controlled (hooded/over-lighted/possessed) by a Freemasonic/Satanic Warlock/Witch, etc, as in master puppeteer pulling the strings of belief of it's marionette/victim.
5. 76 Spheres/circles around the wings - there maybe many messages being conveyed here.....

a) Psalm 76 in the Bible, for example see:
Free Bible Commentary on Psalm 76 in simple English
[Sing a song of Zion. A free Bible Commentary on Psalm 76 in EasyEnglish](#)

b) can also be describing Freemasonic/Satanic centers of power & control,

c) $7 + 6 = 13$ - a strong masonic.satanic code..... See: Roman Numerals on back of neck of singer Selena Gomez:
[http://cdn2.gossipcenter.com/sites/default/files/imagecache/fullsize_image/images/g/gomez-tat-10112-%20\(1\).JPG](http://cdn2.gossipcenter.com/sites/default/files/imagecache/fullsize_image/images/g/gomez-tat-10112-%20(1).JPG)

d) stories within stories within stories of story-telling controlling dumbed down hue-MAN,

6. Sphere over the heart-chest - story-telling program/s shutting down MANS senses - now lost in non-sense under control.

Continuation of "story-telling" ("Intellectual Property") Simon. Just like crop circles, biblical & mayan end-time prophecies, etc, etc..... best not to give life-energy to these distractions and focus on what we can do and are doing (remedy) in present-sense.

Yesterday at 21:06

Simon Kaiwai

FYI Arthur Cristian - I made that video to share what I had sensed with my own ears.

Yesterday at 21:07

Arthur Cristian

Back in their recorded his-story of their ages, English was called the "New World Language". When you visit us we'll show you documents we filled in the Supreme Court 2006 that had judges flee it. The docs revealed the despicable tactics of the Judeo-Judaic/ Freemasonic/Satanic/Zionist (not Jews) agenda. The docs demonstrated the codes of the English letters (alpha-numeric) kept secret from the people. We've written lots about this Double/Triple Speak, phonetics, etymology, cryptography and the true sorcery of casting "spells" with these incantations. We've spent years covering the depth of this subject.

Yesterday at 21:15

Arthur Cristian

Simon, using your gut instinct, intuition, perception, etc, are using aspects of our senses and using scrutiny like a blow torch we go where the logic of truth/sense takes us. This is what we do with all the Love For Life work including this discussion/debate about Crop Circles. Good on you for routing out bullshit - together with others as a team-effort we rout out all the bullshit until TRUTH is left standing. a, b, c, 1, 2, 3, compass, square are ABOMINATIONS - they do not exist, yet most people continue falling for all the constructs constructed out of them.

Yesterday at 21:24

Simon Kaiwai

I am familiar with the deception of the English language yet the reverse speech is not limited to English. It occurs in native tongues too.

Yesterday at 21:23

Simon Kaiwai

The relevance to this discussion is your call for experience: evidence that can be sensed. I have provided just that which may also be viewed as evidence of other dimensions or quite simply "more going on" than meets the eye

Yesterday at 21:25

Arthur Cristian

Nature (SENSE) is our true tongue - it has no reverse speech in it. ONLY sounds /images rooted in IMAGE-POWER (includes alpha-numeric based codes) have reverse speech intended. All tribes that had kings, queens, leaders are fallen men and women - The agenda of the hierarchy is power and control, thus all forms of tricks unfolded, like reverse speech, to maintain their power and control.

Yesterday at 21:29

Simon Kaiwai

Are you proposing that reverse speech is a trick versus the natural phenomenon it is evidenced to be?

Yesterday at 21:35

Arthur Cristian

Reverse code is in plain sight, you just used scrutiny/logic to rout out MAN-made secrets kept from you and a vast majority of the people BUT it was known to those of MAN, our brothers/sisters, initiated into these secrets. Nothing unusual about this. Some of us just unraveled the scam of their trickery. Is why the Freemasonic/Satanic world went from overt to covert means to maintain power and control over their subjects. Too often the rising up of slaves turning the tables, too much decimation of their people thanks to backlashes, too many outcomes they lost control over or never dreamt for, etc, etc. So they created "The System" of covert power and control with a vast array of tricks built into it. If they had stayed overt, slavery and wars would have continued but Earth would be far far far less damaged than it is now. It is the survival of "The System" (covert power and control - survival of their power & control) that is destroying almost ALL of Earth/MAN/Nature.

Yesterday at 21:41

Simon Kaiwai

Sure - that is what the video evidences.

Yesterday at 21:42

Simon Kaiwai

One important point here though Arthur - since releasing this video there has been several instances where recordings of certain political puppets has been manipulated to hide the reverse speech. Whereas you think its a trick its actually a truth seeing tool, one the system very much dislikes

Yesterday at 21:45

Arthur Cristian

This is for you to experience Simon. BUT nothing of what you have raised here proves crop circles exist or that higher powers/beings/aliens exist either. All we have done is expose the lies and the fraud of crop circles, reverse speech, secret codes, etc..... ALL OF WHICH ARE MAN-MADE. BUT WHERE ARE THE HIGHER BEINGS/POWERS/ALIENS???????

Yesterday at 21:45

Simon Kaiwai

If you had watched the documentary on crop circles you would know that there is a popular opinion that we do not know the origin of these crop circles. It is your story that is seeking to identify who made them.

Yesterday at 21:47

It is a truth (A MAN MADE TRUTH) you have exposed Simon, we have not suggested that it was not. Good on you for exposing lies and liars. Arthur deception is pulling it's reigns in on Humanity as (nut) man is not moving speedily enough to put the dream of life into motion what is the Sense of this Whole Matter ? This Love For Life Do No Harm is a pure truth that not all will heed too. Arthur/Fiona is their a back up plan or do you or do you sense it is all over I sense also the light in prophesy as Anastasia confirmed in all her writings .. for in a li e the silver cord of truth will illuminate for Humanity even when it fails for CONFUSION/BABYLON has caused trauma/deficiency's that have gone way beyond the wounds. Perhaps we are sealed in Life and divinity and humanity will meet as Deception wars till the end and Translation/Life will be evident Events are coming in too quickly is there time for more video's? Love For Life like a true Fisherman struggles as he keeps reeling in the Fish but not quite setting them on the boat so to speak ... this reeling in will awaken the sense's and the sealing of life will be upon them as they become one mind with their sense's in a dyeing world that will not release them totally but the life within them is stronger than the death that still remains ... thus if Humanity fails at putting Life into Motion as dark events are closing in prophesy with all its twists and turns still illuminates a special kind of light in the only World/Babylon/confusion they know so Life is overlapping as it holds on to the dream of life .. Translation will be the reward for the lie/death cannot be totally annihilatedfrom: LynneviaMatt

Hi Lynne, we are just very busy and focused growing organic veges, fruit trees, etc, co-creating friendships/long-term-bonds with others who enjoy working hard (long hours every day) creating a food forest with us & us with them, creating abodes, stockpiling whatever, celebrating life as we go along (no social & big pharma drugs, alcohol, cigarettes, gambling, politics, man-made laws, no weapons, cults, sects, leaders, followers, religions, beliefs, etc). We don't get concerned or distracted about what they are doing or going to do "out there" - we concentrate on what we can do with others in present-sense and expand that (Kindom/Do No Harm Community) and share the joy of life through everything we do including making music, videos, etc, to share the Love For Life inspirations around. LIFE IS FOR THE LIVING. For us there is nothing else to live for.

Allen, instead of looking for justifications to perpetuate and protect your story-telling belief systems so that you can show up the re-presentation, acting, performance of your belief-system as being "right", thus you being "right", hence furthering on the non-sense that rules you and which keeps you showing up as presently being dumbed-down and stupid, how about using your senses to attune with our intentions so that you are clear about the intentions behind the English words (refer to an Oxford dictionary to make clear the meaning behind the words) we use, thus making it very clear about where we are coming from and where we are heading. In "The System" of "time", for many months now, you have been liking and re-posting much of the Love For Life work we do (posts, articles, videos, comments, etc) on Arthur's FB wall, so unless you have not been reading and contemplating on the info we share and thus remain "in the dark" of your own doing, you must already be fully aware of the big picture we work for and towards.

The fact is your present belief system regarding "higher powers/beings/aliens/whatever" behind crop circles, etc, has been severely threatened and completely blown right out of the water and so far you have NOTHING to bring forward as a living-sensory first party to back your claims. The double talk is with you because you are peddling lies (all be it innocently) which has you presently show up as being a liar all the while hiding behind the "intellectual property" costume and title "story-telling" of being the NICE guy who believes "crop circles", "aliens", "higher powers", "whatever", all the while throwing up barbs at us like "sounds like double talk". Please bring forward the incontrovertible evidence of this double talk you claim we are doing to back your claims????? So far we have clearly answered all your probes/questions/arguments backing them with incontrovertible evidence, how about you do likewise and back your claims posted in this thread now????

Copied from the other post on Arthur's FB wall where you also commented....

The "out there" is them (MAN - our brothers/sisters) hiding behind the technologies they use to give the impression of an "out there" which has had you so sucked in believing in Aliens, UFO'S, Higher Beings/Powers, whatever" "out there" thus far.

Hi Peter. Everything about "The System" is based on 3rd party re-presentation that is the story-telling of "intellectual property" - men and women telling us how to think, feel and act (respond) under-the-standing of (understand) their IMAGE-POWER. Belief in such image-power non-sense (no direct first party to first party experience) is caused by reactions to trauma which keeps the victim lost in fantasy, illusion, fiction and has them show up as being delusional. All of us educated by "The System" have suffered this terrible plight.

Withdrawing from this madness is our ONLY option, hence the co-creation of Do No Harm Communities that are Kindoms in present-sense.

There are thousands of Americans who report either being abducted by aliens or who come in close contact like military personnel. I believe them.

I've seen Jesus. There is no doubt that he still is alive in spirit. I have also seen the Cosmic Self. There is tons of stuff that exists but just because it is not part of everyday experience does not mean it does not exist. You are monumentally wrong and you have built up your own belief system that excludes millions of people's experience. You are guilty of the very thing you accuse other people doing. That is the way life works. It is all very ironic.

Continued from our last post above..... However, thanks to their cleverness, this deception gets more complicated. Brainwashing education says Earth is turning and going around the Sun - belief in this lie has victims thinking the sun they "see" appears to be moving across the sky because earth is moving across the sky & turning - this is similar to looking out the window of an aeroplane, car, train, etc, moving across Earth. No one has yet been able to prove Earth is turning and going around the Sun. This is fact - we've had many intense debates with experts, scientists, NASA astrophysicists, etc, and none of them have any first party to first party evidence to back their claims. All they've got on offer is the "story-telling" they were brainwashed into believing in (re-presenting).

Allen Rehbein

very same thing your doing with your stary telling

Arthur Cristian

Reaction to trauma comes in a 1001 ways - the clever smoke and mirror tactics used by Satanists/Freemasons are so brilliant that they have been able to deceive MAN into believing it was Aliens that abducted them. Putting images (IMAGE-POWER) into victims brains is very simple to do - what allows them to get away with this is the inability of the victims to use their senses and scrutinise everything going on (yes, some have been able to do this).

Billions get conned into believing the Tooth Fairy, Easter Bunny, Santa Clause, Money, Banks, etc, are real only to realise/discover down-the-line that all the images (image-power) they were exposed to and all the men and women dressed up as Santa Clause, Tooth Fairy, Easter Bunny, Alice in Wonderland, Harry Potter, Prime Minister, Pope, President, etc, were actors performing a lie.

Hundreds of millions of children have been in awe of Santa Clause only to grow up and realise it was just another MAN dressed up pretending to be Santa Clause. Same with Alien Abduction except the tactics used are far more clever and sinister. Implanting images into a victim is easy to do - watching TV, Hollywood reading Fairy Tales and Fictional novels is proof of this fact.

Ritual trauma is a horrific practice where victims are forced to create many compartments in the brain, each coming with a different story-telling and/or personality - refer to hypnotists on stage turning men and women into total idiots

doing the most wackiest of things - all the while everyone else in the audience including the hypnotist and "staff" are laughing their heads off at them being lost under the hypnotist's "spell".

All the victims are in a "STATE" of belief - in this case, willing or not, they all get to wake up and laugh at the joke being played on them - they get to see replays for their own entertainment down-the-line. Blow this out to the worst case scenarios and we have men and women under terrible spells of trauma believing they were kidnapped by aliens etc.

Yes, they were harmed severely, the torture of brain/mind control is horrific BUT at no "time were aliens, UFO'S, "higher beings/forces, present - it was all MAN-MADE. Do your homework on this subject. Germans built many UFO' craft during the second world war. This man-made technology has expanded incredibly since then.

Just because someone says they have been abducted by aliens does not mean that they were, or that they are lying. They are describing a horrific experience that has either happened to them or describing images that have been put in their heads under traumatic situations so that they honestly believe that this is what happened to them. However, it is the brainwashing of the image power that has them jump to the conclusion of "aliens", the movies they have seen, the "reports" they have read, etc. Can they prove that it was "aliens" torturing them? No. All they can tell us is that their experience was not with men and women as they normally see them in everyday life. Like a child believing they visited Santa when they only visited a man dressed up as Santa.

Lastly..... WHERE ARE THE FIRST PARTY SENSORY-LIVING ALIENS, UFO'S, HIGHER BEINGS/POWERS/WHATEVER??????????? WHERE ARE THE FIRST PARTY LIVING-SENSORY SANTA CLAUSE, TOOTH FAIRY, EASTER BUNNY, HARRY POTTER, ALICE IN WONDERLAND..... ????????

@ Peter IMAGE POWER is used by the Freemasonic/Satanic World to deceive everyone. Using remote control, remote projection & remote viewing they are brilliant in implanting their story-telling images in their victims brains.

Based in their his-story/her-story (history) of Jesus, were you there?

Do you know anyone living here and now who was there as a first party witness, someone you can bring forward to back the claim/s that Jesus existed?

In "The System" history/his-story/her-story, are you aware that the letter J (j) did not exist until around 1520AD when it was first used by Francis Bacon, alias William Shakespeare with the word "Jew".

Are you aware that the English letters s and z are interchangeable as in Jesus being Jezus (JeZeus)?

Are you aware that the phonetics/etymology/cryptography of the IMAGE-POWER of Jesus came out of Lesus/Lezus which came out of Iesus/Iezus which came out of Isis as in IS RA EL which are three of thirteen orders/sects (nations/states/territories/principalities/countries/civilisations/etc) of Egypt (Ancient Egypt), which is at the heart of the black-magic practice & craft of Freemasonry/Satanism.

To us, EGYPT means "The System".

Story-telling is a most powerful way of conveying the hypnotic suggestion of IMAGE-POWER. Jesus and the Roman Catholic Church, Jesus and the Orthodox Church, Jesus and the Church Of England..... etc, how many millions or billions have been trapped by the "story-telling" power of Jesus????? There are a 1001 examples of this type of black-magic remote control, remote projection & remote viewing of IMAGE POWER.

Peel away church's to their core and what do we find being performed in everyday practical sense
"THE SYSTEM". Everyone caught up in Jesus are trapped in "The System" that is a man-made hell.

Without performers/actors (MAN), Alice In Wonderland cannot be set-into-motion as a performance. Same with "The System". The trick was to brainwash everyone into performing the "intellectual property" story-telling constructs/con-concepts of "The System" education. This is the ONLY way "The System" and everything of it can be performed/set into motion.

And of course crop circles have changed the world haven't they, we're all unlocking the secrets of our enslavement through the pretty patterns in the corn fields. Its a shame the aliens just don't have the know-how to communicate directly though eh. Its also interesting to see the emotional attachment some have in regards to their belief in them and the defence mechanism it triggers when that belief is challenged. Its no different to the bible thumpers and the return of jesus, or any of the other mind capturing traps out there, its all out there to hold the mind and distract it from yourself and give it over to an external program and no matter how many times you call yourself ' awake' or onto the ' truth' you're not even close.

@ Xindy - In "Their System" of hell, the Freemasonic/Satanic world control all sides of almost everything going on. They created all religions and as heroes, rescuers, saviours, light-bearers, shepherds, etc, they then use their own people to expose their own lies down-the-line. Though covered in many other threads/links over the years , to save repeating what's already been written in great detail we'll post a link here to a recent discussion/debate on Simon Kawai's wall with Max Igan & others that covers some of this ground.

<https://www.facebook.com/arthurcristian/posts/10201790061061311>

This discussion in it's entirety is on Simon's wall: <https://www.facebook.com/shares/view?id=10151610191456299>

The point in all of this is that because they have created hoaxes still does not mean that "Aliens", "Higher Beings/Powers", Whatever, exists "out there" too or that some or most of the Crop Circles were created by them as well. Like we said, belief is not proof of fact. The Grand Design of their deception is presently still beyond most peoples present comprehension/awareness. However, we are doing the best we can to reach and wake up as many of our brothers/sisters as we can. Until proven otherwise, everything is MAN-made Xindy.

about an hour ago

Arthur Cristian

@ Allen, "want some followers" - again this is another bullshit claim.

Have you lived with us?

Have you met us and seen with your own eyes how we live?

Have you had any private dealings with us?

All you are attempting to do here by making such claims is an attempt to kidnap/hijack our characters so that you can impersonate us. As an impostor you are making out that what you say in this thread is actually coming from us, coming from our intentions, from our thoughts, ideas, feelings, lives, etc. The fact is, this impersonating performance (claims) by you is a lie because you made them all up. They are most definitely not our claims. What you are really doing here is committing slander which is a form of libel.

As for your claim of "God", we don't "own" God or anything of Life. If we do not let go (own) our last breath, drink, meal we will die. Same with owning (not letting go) of "intellectual property" (BELIEF, FAITH, ASSOCIATED OPINION) because when we own "God" or "Jesus" or "Crop Circles" or "Higher Beings", "Aliens", "Governments", "Man-Made Laws", etc, we die, we fall from consciousness/SENSE/Life into a "state" of unconsciousness, Non-Sense, Living-Dead, etc.

We do not "own" "God" because to us, "God" IS LIFE, is the gift of life set into motion. We see Life Is A Gift - That MAN Is The Gift/Power Of Life.

We have no interest in followers or be part of a following. To us, MAN has all the power/gift of life and is why ONLY MAN can set thoughts/images into motion. This is why we say that MAN is Living-Creator or Co-Creators of the dream of Life. We/MAN are fully-responsible for everything we think, feel and do. MAN does not pass-the-buck to a fiction.

"The Thought Of God Is Not God".The thought of God s a fiction. It is the gift of life we set into motion into the thought of Life (god) that is Living-Creator/MAN in present-sense. We were meant to be creators - we were never meant to be owners/worshippers of what we create. Just like our breath is set free so that we have life we were never meant to own what we are creating.

The Death Trap

By Arthur & Fiona Cristian
Love For Life

18th September 2013

This is our final post to the discussion/debate we've been involved with here:

Crop Circles Are A Major Hoax:

<http://loveforlife.com.au/node/8470>

(copied in its entirety below this post)

The stories of "The System", be they of churches, corporations, institutions, governments, banks, etc, are empty vessels. They cannot hold the life energy that we project into them through our belief in them because they have no life energy to be able to do anything. They are not sensory life forms. All the pieces of paper and electronic/digital data cannot hold our life energy; they are dead, an illusion, an idea without sensory life.

A horse or a bird or a dog can sense our intentions because they are sensory life forms with senses to sense us. They can absorb and feel our life energy and respond to us. Dead, man-made system inventions cannot absorb our life energy or sense our intentions because they have no sense/life energy to sense us with. Citibank will never respond to us, or feel our intentions. We cannot co-create life with Citibank as we can co-create with a horse or a dog. We feel

a natural connection with the forest or the ocean because they are also sensory life forms but we do not feel a connection with concrete or a bitumen road. We can have memories associated with a man-made building or construction but this is just a memory - not a sensory connection.

There is nothing of "The System" that we can experience sensory co-creation with because it is all based on intellectual property that has no substance, no sensory life. Intellectual property is non-sensory/non-sense. We are educated into a, b, c, 1, 2, 3 so that we can comprehend the concepts and constructs of "The System" and maintain them. Everything of "The System" is based on a, b, c, 1, 2, 3, compass and square, dead alphabet languages and numerical systems that form the basis of system thought. A, b, c, 1, 2, 3 are like sieves; they can never absorb our life energy and respond back with life energy. Instead, our life energy goes back to the makers of the many images portrayed by the a, b, c, 1, 2, 3, compass, square, etc. All we can do is remember them; we can never have a sensory experience in present sense with them because they have no life to be present amongst us, the living. The reason we are educated into dead alphabet languages and numerical systems is so that our life energy can be hijacked, diverted into a dead world to support those behind it who want all the power and glory. It is only through this brainwashing that we worship their concepts and constructs that create their dead world, "The System". We would not do it without education because we would not understand the non-sensory images - they would go right over our heads. We have written many articles and posts that go into this subject in detail.

Explore the many links provided below and watch the first three OPPT videos.

OPPT & Slavery Through Intellectual Conscription By Deceit

Part One: http://www.youtube.com/watch?v=Qjp_9nIrbAo

Part Three: <http://www.youtube.com/watch?v=yOWoxH-HbVw>

Harvesting Our Life Energy Through The Death Trap

So what happens to all the life energy we are giving out to these system illusions?

It is harvested by the men and women in costume and title hiding behind the fronts of the church or corporation or banks who harness it and use it to direct the outcomes of their intentions, usually without giving full disclosure of how they are directing (creating with) our life energy. They hold and use the life energy that we give to the non-sensory image they are promoting, be it Citibank, the Catholic Church or the government, binding us by the story-telling contracts that we enter into and the story-telling rules, regulations, rituals, procedures and conditions we agree to and comply with, without realising that we are really agreeing to give regular doses of our life energy to these men and women, raising them up with our power and receiving only the illusion of benefits in return for the slave labour that we give to them. We are life energy donors. As we give them our life energy through our slave labour, we become the living dead, working for a dead world of dead, non-sensory images. While dead, using dead concepts and constructs to maintain a dead world of intellectual property, we cause death to everything living, including each other. This is the death trap.

The power we have given the holders and custodians of non-sensory images is an example of image power, the trick that has been used against us as a death trap since the beginning of "The System" to persuade us to give up our life energy, for very little in return. They can only give back a small amount of the life energy we give them because, if they gave it all back, they would be raising us to the same status as them with everyone equal and no need for a man-made system, meaning **NO SYSTEM**. This is why equality has never been the intention of those behind "The System" and never will be, even though the shepherds of the rosy, cosmic, galactic, "Oneness" consciousness NWO will claim that it is. The death trap scam continues under another guise. Then the lie wears thin and they come up with another scam, until that lies wears thin and they come up with another death trap scam.... so goes the his-story of "The System" that is the death trap.

The Illusions Of The Death Trap

We have been educated by the men and women behind "The System" to think the non-sense thoughts that maintain their power structures and ensure that their death trap outcomes are achieved. These non-sensory thoughts are the spells of "The System" that keep us trapped in their system, thinking their images of Jesus, Cosmic Self and aliens, of money, savings, careers, of contracts with transport, energy, entertainment, shelter, food and water, of debt, interest payments, loans, mortgages and credit cards and of politics, religions, system science and man-made laws (statutes).

But, if we step back from all their occults and esoterics, we can see/sense the trickery behind them and how they are psychologically designed to keep us thinking powerlessness for our real lives and encouragement for the registered name of the "person" we rent in their death trap.

Whenever we look for remedy, they offer us another false image. Our challenge is to recognise these false non-sensory images for what they are. Common Law, Statute Laws, Constitution, Democracy, UCC, Frank O'Collins Ucadia, Thrive, Zeitgeist, OPPT, One World, One Earth, One Humanity, light workers, higher beings..... these are all false images because they come from the image bank of "The System" which ONLY contains death trap images that benefit those behind "The System" storytelling of those images. There are hundreds and hundreds of them now, as more and more people start looking for something better than the current version of "The System". If you look carefully you can see that the death-trap power structures are still there and power structures mean life energy being sucked out of men, women and children used to prop up a dead world.

We fight over these false, non-sensory images, battling over our image power addictions in discussions and social networks, when we should be focusing on sensory-life remedy and cleaning up nature/earth. Image power is everywhere, coming at us in 1001 ways as we give up taking full responsibility for our real sensory lives, instead waiting for those behind the death trap images to tell us how to live dead. While we are at war with each other over image power, we are fighting for the death trap.

Through the death trap, we have been brainwashed into being in awe of the people who rule us, thinking that they are better than us and have the right to have authority over us but who they really are, are just men and women like the rest of us. Once you take away their costumes and titles and pull them out from behind the screens, they are revealed as being no better or worse than anyone else and no more powerful. They are just learned in the art of death trap image power and have been using it against us for a long time. So convinced are we of their superiority that we ask them to change our lives in the death trap for us instead of taking full responsibility for changing them. We have massive rallies in the death trap complaining about what they are doing in the death trap because we don't think we have the power to walk away from the death trap and say, "No, thank you".

The only remedy to "The System" is to take full responsibility for everything we think, feel and do. When we are all doing this, then we no longer do harm to each other or anything of life because we see life as a gift and that we are here to raise each other up, being the wind under each other's wings. This is a sensory image we are setting into motion, the image that contains all the virtues of love in creation. We take full responsibility for the land we stand on and for the water, shelter and food provided on that land. We no longer have to rely on any system re-representatives who may sound as though they have our best interests at heart but always have a power base, a system service/products tied to obligations, a think tank, an administration, a trust, a federation; some form of death trap that is set up as a third party that we are answerable to, just as we are now answerable to the government, laws, experts, corporations, scientific institutions and priests, (soon to be light-bearers/shepherds, etc.). Without their power bases/death traps, they have no power which is why their "remedies" are always presented with power bases that smell like roses. Watch out for the lies.

The Death Trap Seduction

The power of the non-sensory image (false idol) is the whole basis of "The System" because the death trap can only exist while we worship its images, and worship them we do, despite the fact that doing so does not benefit us, only the tiny few hiding behind the illusory facades, although it will not benefit them for long because "The System" is unsustainable. Worshipping these non-sensory images through our belief, faith and associated opinion is what sets the death trap images into motion in our lives. We are the a, b, c, 1, 2, 3, compass & square generators that give the power that sets them into motion and the death trap image makers constantly create distractions and diversions to keep us focusing on their death trap images, no matter how cruel and nasty they have to be to keep our attention. For example, 9/11, genocide in various places, wars, abuse, injustice, organised crime, ecological disasters,

vaccination, fluoride, Agenda 21, elections, economic stories of inflation and depression; the list in the death trap goes on and on and on. And all the while the blue and white collar workers and labourers (all slaves) are chipping away at the coalface; the papers are being pushed, the figures being added up, transport being moved about, services transferred from here to there and the laws made and re-made but nothing is really happening other than destruction to sensory life all around us. Most of us don't want to leave the death trap - we don't think it's possible.

If we don't want "The System", we have to stop setting their Freemasonic/Satanic engineered non-sensory images into motion, instead focusing on what we can do to make things better, to get us all on equal standing, sharing the abundance all around without doing harm and without leaders and followers, slaves and rulers. Why don't we focus on what we can do for sensory life instead of what we can do for the dead world of "The System"?

The seduction of the death trap is so powerful today that almost every thought everyone is thinking throughout their lives keeps them and everyone locked inside the death trap.

Power To The Death Trap Brotherhoods

Satanists/Freemasons know that most of MAN seek simple lives - they do not aspire to be and are not equipped to be politicians, high-priests, judges, big-business-directors, professors, experts, aristocrats, etc. This makes it easier for their own kind/people (brethren/brotherhoods/sisterhoods/fraternities/orders/sects/cults/etc) to take and continue to have complete power and control of the bar, the courts, the halls of power, the private corporations, institutions, etc. We stupidly let them get away with this generation after generation, letting them educate us and dumb us down in such a way to keep things the "same" way for an eternity. However, while they may think they have all the benefits and privileges, they are promoting lies and the curses of their lies will inevitably come back to them. We should pity them rather than envy them or feel angry with them.

More on curses in this video:

**The Name Is The Mark Of The Beast
The Strawman Identifying Your Slave Status In "The System:**
<http://www.youtube.com/watch?v=1sJCCvZ97A>

If they had kept to their overt methods of power, as in previous civilisations, we would all be able to see their tactics plainly through their use of force and we would know where to direct our life energy in rebellion but the current version of "The System" is all about covert control, all about psychological tactics that actually do far more harm than overt methods ever did. Through their manipulation of our thinking and many forms of trauma inducement, their intention was to force us to forget who we really are which is why we are so easily controlled and so easily persuaded to destroy sensory life. Had the methods of control remained overt, most of the destruction of Earth would not have happened. It is because they are doing everything to keep "The System" of covert control going that we are collectively destroying everything of life. Welcome to the death trap.

The Death Trap Is All An Illusion But The Price We Pay Is Real

Money and commerce do not exist; they are an illusion. Money and commerce are a front. Alice In Wonderland with all its characters does not exist but in "The System" pantomime of Wonderland we have millions of men, women and children in costume and title giving their power/lives away to other men and women under costumes and titles with authority, hence the class systems plaguing us and our ancestors since this garbage started "long-ago".

Peel away all the story-telling being performed, remove all the costumes and titles and all we have standing before us are men and women stripped bare in nature, no man, woman or child, greater than another. Yet in the pantomime, a tiny few are given much higher standing over millions of us as we permit them to have access and usage of all the life-force-energy (power) directed at their private corporations by the many. The costumes and titles give the tiny few the privilege and exclusivity to access and use this accumulating life-energy which multi-millions of the majority are not able to access and use for their private benefits. They sort of think they do under the belief guise of "democracy" or "constitution" or "politically correct rights" or "morally correct religious rights", etc, hence all the rallies, petitions, social group fanfares BUT nothing really changes, the status quo remains in power. This is what happens when we vote in any political party for the control of govern-men-t over multi-millions of people and this is what happens behind the empty-vessels of thousands of dead-corpse private corporations and institutions.

Peel away all the costumes and titles and stories of churches, temples, mosques, synagogues, libraries, sport stadiums, etc, with all their esoterics, occults, mythological figureheads, messiahs, prophets, leaders, saviours, New Age, channelled beings, dictators, emperors, rulers, kings, queens, high-priests, stars, etc, and all that is left standing before all of us are men, women and children lost in a pantomime living for "The System". All we have are brainwashed/braindirtied men, women and children under the life-time "spell" of education causing them to live for and direct their life-force-energy into NON-SENSORY images, the death trap, that make up all the story-lines of "The System" pantomime. Nothing else is going on. The Jesus, Cosmic Self and Aliens are tied to "The System" of men, women and children breathing life into the images of the death trap that enslave them to "The System" of their making/intention.

In The Death Trap MAN Is The Common Denominator

MAN is the common denominator of everything that happens to MAN. The more life energy we give to an image, especially collectively, the more powerful it becomes.

We are the only ones present to the non-sensory images we set into motion. Everything only occurs in present sense and it is only in present sense that we give it power. It doesn't matter what the story attached to the image is. Men and women can put on a production of Alice in Wonderland but, for it to work, they all have to be present to the performance at the same time and in the same place. If they were not all focused on the same story in present sense, giving life energy to the image of Alice, the production would not happen. In the same way, if we did not focus on maintaining "The System" through our belief, the production that is "The System" would not happen.

The creator of the image, or the director of the play, controls the image. While everyone is feeding it, the creator can use all the life-power of everybody and manipulate. All they have to do is contemplate on the non-sensory image and direct it. When you get men and women following time codes (intellectual property), you can use the time code to set the scene for their belief and get them to pour their life-energy into whatever image you want them to focus on, especially as the men and women involved don't realise they are being tricked as they have not been given full disclosure. Without full disclosure, they can be conned into believing that there is some higher power. They do not realise the bigger picture and that it is their power that is being used to create the images they are believing in. They effect the images, setting them into motion with their will as the effect. The images we set into motion are the images of our projection bouncing back at us.

The "higher power" (or whatever belief) is just story-telling made up of stories we have been fed in our past about what has happened or may happen in the future; they are never present in present sense because they are not real. We are creating the performance of "The System", act by act against the backdrop of the time codes of "The System", using the story-telling of "The System" to create the scenes. Who makes the calendars and sets the clocks? We do, and it is our belief in them that has us accept and be able to perform fairy tales from Act 1, Scene 1 to the final curtain. We are re-presenting the story telling of time and all its associations, such as week, month, year, etc. At no stage is time present in present sense. There is no sensory life form of time. It is a fantasy. Refer to our videos and articles for more on this.

In every area of "The System", if you focus in on an image, you will find a mountain of information. If you become interested in crop circles you will find out that millions before you have already been interested in crop circles and have a lot of information to share. However, if you are discerning, you can see that the information on crop circles is a compilation of different system stories that all add up to the collective view that crop circles are mystical, other worldly and not man-made. There are many assumptions made by association with images that tie into other beliefs we hold. When we hear the words, "crop circles", they act as trigger points; "higher beings" "uplifting" "miraculous" - we are soon panting for more, eager to latch onto another belief system that fits in with and justifies other belief systems we live our lives out of. What we don't realise is that we are being affected by our brothers and sisters thinking these non-sensory images just as we affect them with our thoughts of crop circles. We are the only ones

thinking those thoughts and affecting each other. Where is the sensory information a crop circle has to offer? Nowhere, because it does not have any sensory information to offer us because it is not a sensory life form with life energy to share. All we have is the story-telling (intellectual property).

When you are present to the non-sensory image of Jesus Christ or the Virgin Mary or crop circles, you are present to the power that everyone else who is and has been present to that image has given to it. As more and more people put their life-energy into, for example, the image of people sensing/experiencing sensations in a crop circle or being healed in a crop circle, the more others are tricked into giving their life-energy to a false image because they see people being healed or experiencing elation. One man is already powerful. Imagine when there are thousands of us giving our life-energy to an image. Crop circles are being given more and more life-energy because they are becoming more and more well known but is the power really in the crop circle? It is the earth/soil, crops, air, creatures/insects, etc, sensory-life-forms, absorbing and bouncing back MANS life-energy. The fascinating patterns of crop circles made out of crops, earth, air, etc, can't do this and never will. When we are present to an image, and there are many of us giving life energy to that non-sensory image, the power of that life-energy is immense and it is this deception that the Freemasonic/Satanic world loves to harness and use for its own black magic purposes.

Imprinting The Images Of The Death Trap

When our children are small, we put the non-sense image of Santa Claus into their heads. Our children believe in Santa for a few years. Does this mean Santa exists? The image of Santa is no different to the image of crop circles; just because we believe in them as mystical, wonderful and other-worldly does not mean that they are mystical, wonderful, other-worldly and not man-made.

Why does this matter? Why can't we believe in whatever images we like? Because every belief of "The System" that we set into motion is doing harm to life. While we are living in our belief, we are destroying nature, destroying life, destroying who we are, not only our lives but the lives of everyone around us. Is it harmful for our children to believe in Santa? Yes, it is, because we are teaching them to give their life energy to non-sensory system images, a habit that is reinforced over and over again throughout their system lives. And inevitably we are teaching them to bond with the death trap which instructs them to commit spiritual (consciousness) suicide. Thanks to education, they are now lost to who they really are and what they are really part of. Their true purpose for the dream of life has been hijacked.

The education system that most of us rely on to base our ideas of the world we live in is a carefully constructed window that is the only accepted and "permitted" view of the world that is "The System". We all love to think we are "open-minded" but really the vast majority of us become very uncomfortable when we are invited to consider that there is another window to look through. Education is all about rehashing someone else's ideas. At higher levels of education, it is required that you reference other people's work. Having your own ideas or questioning other people's ideas just isn't acceptable unless it is only questioning within the view of "The System" and having ideas that are based on system images.

So someone walks into a crop circle and gets healed. Why? Because they believe in the image of their body being healed in a crop circle strongly enough that they, and any others involved, set that image into motion and make it happen. Thanks to free will and generally speaking, the crop circle will have no effect on anyone who does not buy into the non-sense image of crop circles being healing. Their pure and sincere sensory power of thought heals them anyway. Can a man or woman be healed in a crop circle? Absolutely, but they could just as easily be healed in their living room if this was their intention and the intention of anybody helping them. It is we who have the power to heal our bodies, not the crop circles.

The Death Traps Power Of Belief

For an image to have an effect on you, you have to accept it.

You have to accept Jesus to be saved by Jesus, to accept God to be helped by God. The religions all tell us this. They are talking about the NON-SENSE-IMAGE of Jesus, the NON-SENSE-IMAGE of God. If your car breaks down and a man pulls over and helps you, who has helped you; the man (MAN) or God? Well, you watched the man open the bonnet and fiddle around under there but, if you believe that God helps you, you will say that God sent the man to help you and, therefore, God helped you. Where is the freewill of the man in all this? The common denominator is MAN (men, women, children, nature/earth) to the experience.

MAN is first party to the experience but where is the constant first party (non-sensory) God?

It is clear that the thought of God is not God. The thought of God or Crop Circle or Jesus or Virgin Mary or Santa Clause, Easter Bunny, Tooth Fairy, Alice In Wonderland, etc, are non-sense/sensory images, intellectual property that

are just ideas made up by others telling us how to think, feel and act about a God, Jesus, Virgin Mary, Crop Circle, etc.

It is our collective projection of the non-sensory images of the story telling of the Virgin Mary or Jesus Christ that has us create statues that weep or bleed.

It is our collective projection of the images of the force and power of "The System" that keeps it rolling along.

The non-sensory images of Jesus, Mary, God, Crop Circle, Santa Clause, etc, are crafted out of sensory nature, earth/soil, creatures, etc. They cannot be manufactured any other way. Where can innocent children not exposed to "The System" or to anyone exposed to non-sense education go anywhere in nature/earth, including celestial bodies, to have a constant direct first party to first party experience with God, Jesus, Virgin Mary, Santa Claus, Crop Circles, etc, without anyone having to explain, educate, form these non-sensory images for them?????

If we believe we cannot get healthy, we will not, no matter how much we think we are trying. We no longer take FULL-responsibility for our health, instead turning to death trap Doctors and Big Pharma who tell us again and again that it is normal to be sick and for our children to be sick and that some diseases cannot be cured. How can we cure our bodies from a disease or sickness when the man or woman we put our faith into to heal us tells us that the disease is incurable? We put our life-energy into the image of our sickness and our sickness maintains it's grip because we will not take FULL-responsibility for our health by eating well and avoiding toxins.

Most people's experiences of Jesus or the Cosmic Self, or aliens, etc, are not sensory life forms that children who have never been exposed to the images of Jesus, Cosmic Self or aliens, or exposed to anyone else who has been exposed to Jesus or Cosmic Self or aliens can visit and experience. No one who has not been exposed to these images will ever experience them. It is only our years of system brainwashing that has those images resonate with us and have any "meaning" for us. An image has an intention that is an outcome providing a release, a letting go, a satisfaction of the maker's intention being fulfilled. This is what dreams are all about and all dreams are images that are thoughts set into motion by MAN as MAN's experience. This is why we say, "Bring forward an experience without MAN being party to the experience." No one can because they are all man-made.

We have to be wise enough to think, "What is the purpose of this image? What outcome is this image intended to achieve?"

When we build a sand castle, the sand has been encoded with the imprint of the castle but it is still just sand. The same with crop circles. Shapes and patterns can be made in crops but they are still wheat or oats, etc. Eventually, the wind or wave washes over the castle and the sand wears down with all the rest of the sand, losing the imprint of the castle. The crop circles grow out and unbend, eventually dying down to make way for next years crop, if they are not cut.

Peter can say he has seen Jesus. Well, where is the sensory life of Jesus that we can all experience (sense) always, just as we always experience the sun, the sea and the trees? The sand castle only holds a temporary image that disappears with the wave. The image of the castle is not the living purpose of the sand, it is a temporary, man-made illusion, The Matrix. We do not have to create an illusion of the sun, the sea and the trees. We do not try to twist them into being something that is not their life purpose as we do when we force the sand into the shape of the castle. Truth is permanent, constant and ever present with a sensory life purpose that was set into motion for it. A lie is slippery, illusory and temporary.

A horse creates a foal so that there is always a horse in present sense for MAN to have a direct experience with through the generations. But a sand castle can't create a sandcastle and a crop circle can't create a crop circle. There are no crop circle ancestors or descendants (including children playing). There is no life in those non-sensory images. This is how we have been tricked into giving up our power/lives to illusory images that can only seem to exist temporarily in a man-made time code. The fact that the story spans many "centuries" of the time code does not mean that it is not an illusion. An illusion can never not be an illusion.

What Are You Putting In The Water?

We have said before that life is water. There is no inside or outside to water, no beginning or end, no within or without. There is nowhere that water ends and something other than water begins. This includes the celestial bodies and what is commonly referred to in "system science" as space. Every thought and feeling that we set into motion is set into motion through our breath, our intention being instilled into the water we breathe out. What we breathe out is our life and what everyone else is breathing out is their life and what we collectively breathe out is our consciousness,

our life, MAN - it is not apart from us. We create our children and everything of our lives out of this water which is why we affect each other so much.

As we are water, every thought and feeling that we release into water affects everyone else because we are all breathing/feeling/sensing the same water no matter where we are across Earth. The water we breathe out is in present sense and never fades away unless we alter it. Life is water and you cannot remove the water from life without killing life. Water is sensory, it is living consciousness. Sensory because we experience the effect of our intentions through our senses. Water is the delivery mechanism of our intention. Life is the water we give when we breathe out - our life set into motion. This makes us all co-creators of the dream of life, if we remember who we really are. We are life so we create life and all this happens in present sense. The collective power of our images is on our breath. We cannot say that we are here and the forest is there - there is no separation, no time code. Our power (life) has been used against us.

We have been lied to so comprehensively and relentlessly about water that we have become blinded to what water really is. They have had to convince us that there is something other than water, outside water and before and after water, hence compass and square and all the constructs and concepts that have come out of them such as time, space, dimensions, levels, planes, measurements, etc, out of which come all esoterics and occults as in astronomy, astrology, numerology, system science, etc, out of which come all the myths and mythologies of higher beings, other worlds, ufos, crop circles, aliens, gods, galaxies, universes, messiahs and saviours, after lifes, astral worlds, the past and the future. It all ties in, keeping us mesmerised, running from one non-sense image to the next, set to time codes that set off the pantomimes of all of them.

Watch the videos:

Water Is The Life Of MANS Consciousness (Breath)

Part One: http://www.youtube.com/watch?v=4ze66_33wxM

Part Two: <http://www.youtube.com/watch?v=43gIi-sjxJc>

Part Three: <http://www.youtube.com/watch?v=oooY6W63K-M>

It is only when we peel back some of the layers of lies and begin to get a truer picture of water that we can begin to comprehend who we really are and the power we really have.

There are tens of thousands of our brothers and sisters in the Freemasonic/Satanic world who have been initiated into the power of non-sensory images and the effects they have over those who they manipulate with these illusory images. They know about the water which is why it is so important for them to have our brains filled with nearly 100% system images. Examples? Money, banking, commerce, government, politics, law and EVERYTHING of "The System". It is all a man-made illusion using MAN/Nature/Earth to give the illusion of sustainable truth to these images. But "The System" cannot be sustained without them making slaves out of men, women, children and other sensory life forms of nature/Earth to maintain "The System". This is why every version of "The System" has collapsed, taking its myths and legends with it.

Looking For A Remedy In The Death Trap

When you realise how many of them are working against us, using the non-sensory images they feed us through education, media, etc, to keep us pliable and susceptible, diligently working away to maintain the illusion of their power over us, it is staggering. We have so little sense of who we really are that we are easily seduced into falling for any image, any false idol that offers some "answer", some "hope", some "truth" that we think we can rely on and trust. Our sense of helplessness has us succumb to anything that seems to offer a solution to the problems of our brainwashing, without us having to take FULL-responsibility for sorting out the mess we have created without intervention from someone/something else. They get us to give power to the non-sensory images that we then accept as having power over us! So we accept God in heaven, Jesus, aliens, crop circles, etc, as being more powerful than us.

The illusory, non-sensory images of Jesus, Cosmic Self, aliens, etc, are all tied to "The System". They have nothing to do with Life/Earth/Nature/Reality.

The image makers know that their non-sensory images are given power when they are passed into the water of MAN's thought. So watch out for the non-sense image of the NWO, the rosy, consciousness, "Oneness", eco-friendly, cashless image of the NWO that is in the water as we take on its image through books, TV, films, magazines, the

internet, movements, speakers, politicians, religious leaders, etc, and allow it into every area of our system lives absorbing the launch of their one world, one system, one people death trap coup until we accept it as the only way. While we accept their non-sense images, we will walk calmly into their enclosures, willingly giving them all power and responsibility for our lives.

Our true freedom, joy, peace, abundance, etc, comes when we create that in our lives by creating them in the lives of those around us. Freedom from "The System" comes when we stop giving life-energy to its non-sensory images.

What are your images of Jesus, Cosmic Self and aliens, etc, doing to improve things?

How have they helped set us free from "The System" (Death Trap) in all the "years" that men and women have been worshipping them?

Are they growing food, providing water and shelter?

Are they inspiring men and women to share, giving up their greed and selfishness?

So far, they do not show any signs of success in these areas.

Our remedy is to learn the tactics that are being used against us so that we can walk away from them and create truth, freedom, peace, joy and abundance in the lives of those around us as they create it in our lives. The death trap holds nothing for us. It is when we return to life that we have life.

All the time we spend on non-sense, caught up in the story-telling, is time spent not focusing on Earth/nature/life and bouncing back the images of life and abundance and sharing. While we are projecting the images of "The System", we are withdrawing from sensory life and directing all our life energy into non-sense that cannot bounce our life energy back for the benefit of all of life. Instead, it is sucked up by the tiny few at the top of "The System" chain, which is why the dream of life is in the terrible, dying state that it is in. Greed and selfishness, power and control is in abundance and will be the end of all of us if we do not learn to give instead of take.

"There is such a thing as a good example Arthur - for example the teachings of Jesus has made a huge difference to many that includes feeding the poor and is the antithesis to the system."

We replied.....

Exactly Simon.

However, while we keep setting non-sensory images into motion we permit the black-magic warlocks and witches of Freemasonry/Satanism to harvest our collective life-force energy, thanks to image power, and use it against all of MAN (us) "down-the-line".

The ONLY key to our true freedom, peace, joy, abundance, do no harm to all of life, no loss of uniqueness/originality for everyone and everything, no slaves and rulers, etc, is to set sensory images into motion so that our life-force energy can be harnessed and expanded by the dream/image of life that is Earth and all of nature (including celestial bodies).

Instead of it going to these deceivers who use, abuse and manipulate us, our collective life-force-energy now bounces back to us (in the image of our projection) eternally, in present-sense, as the birds singing, the trees swaying in the gentle breeze, the sun shining, fruits and veges ripening with a mass of abundance, clean fresh living water, air, soil, etc, etc, etc.

To get to this, we have to all withdraw from setting all types of non-sensory images into motion (including reactions to trauma) otherwise we remain bound to the image-power of a man-made hell, the death trap, which has us continue setting "The System" of harm and destruction into motion.

All sensory images are any of the many virtues of love set into motion, none of which do harm.... they all support LIFE IS A GIFT and DO NO HARM.

Only in this way will all forms of self-centredness (reactions to trauma) fade away forevermore.

The Freemasonic/Satanic world knows this and to counteract the evil-curses (lies) of their making along-the-way, thanks to the "bad guys" of their orders, they play "mind/psychological" games with their victims (millions/billions of MAN) by bringing forth their "good guys" from their orders (mostly Knight Templar's) to perform all the "looking good" humanitarian deeds with chivalry, grace, etc.....i.e. Thrive, Ucadia, Zeitgeist, OPPT, One Earth, One People, David Icke, Max Igan, Frank O'Collins, Benjamin Fullford, Jeff Rense, Alex Jones, Jordan Maxwell, George Green, Project Camelot/Avalon (Bill & Kerry), Michael Tsarion, Mike Adams, David Wilcox, David Wolfe, Kevin Annett, etc, etc..... hundreds and hundreds and hundreds of these lies/liars.....all living for the death trap.

BUT, not only are these "Good Guys" used to counteract the Freemasonic/Satanic curses from bouncing back upon all of them including (their children, families, loves ones, beneficiaries, their kind/people, etc), they also bring forth the "Death Trap" (The Phoenix Rising) to continue enslaving MAN into another form of their "system" though/image-control down-the-line.

We are putting an end to this madness.

This is what we live for.

Their Death Trap WORLD is finished/destroyed forevermore.

Knight Templars have blatantly hijacked the truth of the living-sensory MAN they now label as "JeZeus". Was there a great MAN living? Yes, but we do not think that his-story was at it is now portrayed, as can be seen by the fact that all those pushing his-story are connected to the death trap - the churches, temples, mosques, synagogues, religions, New Age, etc. What we suspect he did was to refuse to accept the authorities claims over the MAN that he was and by example, demonstrate to others how to walk away from "The System" as free MAN on land, co-creating with nature/Earth. He showed how to walk away from The Death Trap and return to Nature/Earth.

So yes, what you have described here "There is such a thing as a good example Arthur - for example the teachings of Jesus has made a huge difference to many that includes feeding the poor and is the antithesis to the system." is true in that he was showing people how to get out of slavery (The Death Trap) BUT his-story as it is known now has him acting within "The System" with no mention of stepping out of the death trap.

The huge effect he had on people could not be ignored by the orders of Knight Templar's, etc, so they have had to hijack his-story to make it fit in with their his-story/her-story agenda. The only way they can operate is by counter acting the curses of their making so they have to have this good guy/bad guy duality non-sense going on.

Those who want to put their lives onto a higher standing than others can only do so by persuading us to fall for their image power. That image power IS THE DEATH TRAP. If they give up their desires and ambitions, the death trap disappears, as it does when we all stop giving it our life energy.

Non sensory information is not present with the presence of life - all dead. including internet, telephones, office blocks, bitumen roads, etc. and THIS dead-non-sense (anti-life) world is what is currently bouncing back at us which is why we get so drained.

We need to be bouncing our life energy with nature so that nature can bounce sensory life back at us, gifting us with its life force energy in return, We nurture nature and nature nurtures us (not that there is any separation), rather than the dead world of "The System" constantly draining us.

We can spend years and years identifying the problems, learning the connections and the reasons and the ins and outs of the crime being perpetrated against us but, all the while we are doing this and not changing the way we live, we are continuing the problem! While we feed "The System", "The System" rules us.

We will never be free of the death trap until we stop willingly giving it our life force energy which means learning to live WITHOUT "The System" so that we can stop giving it our life-energy by allowing them to keep siphoning it from us. Grow food, grow food, grow food, get together and form strong bonds with others who see/sense life as a gift and want to stop doing harm, stop supporting the death trap.

There are so many good, genuine causes out there, all caused by the harm of "The System" but, the time we spend fighting for causes and desperately applying bandaids to all the damage done is unfortunately energy we are not putting into forming living communities to get out of "The System" so that, once we have all turned away from "The System", the causes of all the problems has gone. If we are not creating do no harm communities, we are continuing to create and support a system of harm.

Once we are in strong committed Do No Harm Communities/Kindoms, growing an abundance of food, etc, then we can genuinely help those who need it because we will have a strong living base. Currently, even while we have good intentions, as we help with one hand, we are supporting the cause of the problems with the other! Talk about Catch 22.

If we create light/life, there is light/life for those lost to the darkness/anti-life to return to.

If we do not create light/life, all there is is darkness/anti-life/the-death-trap spread out all around.

So You Want The Good Bits Of "The System" But Not The Bad Bits?

By Arthur & Fiona Cristian
Love For Life

12th August 2013

The message we received below is typical of many we receive with people asking us about one so-called remedy to "The System" or another. We have to realise that "The System" and all those who support "The System" hold no remedy for those wanting to escape "The System". At the heart of everybody searching through "system" information to find a remedy is greed and selfishness because we do not want to give up what we like about "The System". Our reply is not an attack on Audrey - it applies to all of us who are not prepared to sacrifice some of our own needs, wants and desires to do what it takes to heal the damage to the dream of life that we are ALL fully-responsible for while we do nothing about it. To get the full picture, please put the hours in by reading our Love For Life articles, debates, videos, podcasts, discussions, etc. Link provided at the end of this post. Arthur & Fiona Cristian

Audrey wrote: "Arthur, I would love to hear your take on Winston Shroud. I just can't get over the negative gut feeling I have about him. I've been really bugged by this guy for quite some time. Will you share your knowledge and or opinion about this guy and the information he seems to be sharing. Thanks so much :0) Audrey

We replied: He lives for "The System" Audrey - this says everything about him. I think he has good intentions but is trapped in biblical non-sense and he lives his life out of such non-sense. He has no remedy to get MAN out of "The System". Besides exposing what we continually expose in other peoples work, you are already aware of this, this is why we don't waste our life-energy on their work/ideas. As we shared in a post on the FB wall today (an extract).... "Kindom is the dream for freedom, but it is the dream for the freedom of those around us who live that dream, because that is how we get our freedom. (the rest of yesterdays comment is copied near the bottom of this post) This is what we live for Audrey - nothing else matters - they are distractions). Love Arthur & Fiona

Audrey replied: "Thank You Arthur :0) The only reason I give my attention to these distractions is because the system is always coming at me, and I feel I must educate myself to build a strong defense. For instance, I own my home and land fee simple absolute but the town keeps coming at with their fear notices of lien if and tax bills. Understanding the truth that they have not right to charge me to live on my own property doesn't stop them. So I feel I have to learn their system so I can use it against them. Simply knowing and practicing the truth that nobody truly owns anything doesn't work because they think they own everything including us. Any information you could share about property tax would help me right now. What do you guys do concerning this matter with your home and land? Thanks, Audrey".

We replied: Hi Audrey, until you have a large FORCE of "Community Immunity" behind you it's best you comply with their bullshit demands. You don't want to give them a legal/lawful reason to come further and further into your life so they can continue expanding the rape, pillage and plunder of the assets you claim you "own", be they derived from the sweat of your hard-earned-labour or not.

Best to pick the battles that lead towards creating Kindoms/Do No Harm Communities and not waste your life-energy on distractions that continue feeding the very beast of hell ("The System") you abhor and despise and which takes you right away from co-creating remedy with others that is Kindom/Do No Harm Community.

Whether you like it or not or are happy about it or not, you are fully-responsible for everything now happening to you, and to everyone else suffering from the brutal lashes set into motion by the FORCE-re-presentatives of "The System". You are asking/dreaming for (setting-into-motion) the very suffering you are now reacting to.

This is ALL trauma based of your "own" making.

"The System" and everything of "The System" is a curse being processed by every liar who lives for the lie.

Passing-the-buck, refusing to take FULL-responsibility for your actions, for what you think, feel and do, for what you "claim" you "own", for every non-sense image/thought you set into motion, you have now set your life up as a victim who must blame someone else in "The System" for the reactions to trauma (curses) you are experiencing.

On one hand you "want" all the good bits of "The System" but on the other hand you don't want all the "bad" bits of "The System". Unfortunately for you Audrey, the lock, stock and barrel of "The System" musket you blow your foot off with, comes together; you can't get the "good" bits without the bad. While you are absorbed with all the "good" bits of "The System" you claim you "own" (mine, mine, mine, "i", "i", "i", me, me, me, "own", "own", "own", etc) and while everyone else in "The System" does same, you are ALL fully-responsible for bringing upon everyone the harm (the bad bits) everyone is suffering from at the hands of the FORCE behind "The System", the very harm you've all set into motion upon each other.

In "The System", it is impossible for everyone to have all the 'good" bits of "The System" and for no one to have the bad bits.

You are fully responsible for feeding trauma with your compliance, reverence and worship of "The System".

"The System" and everything of "The System" is trauma based.

"The System" IS the processing of a curse (lie).

You are trapped in trauma, reacting to the very trauma that has become you. You are completely lost in the re-presentation of the his-story/her-story (history) of their "story-telling", of other men and women lost in "The System" who made up these stories, people who live/work/slave for "The System" telling you how to think, feel and act about your life in "The System".

You are the ONLY one who can set the thoughts/images of your life into motion which is why you were so heavily brainwashed into becoming a powerless victim who lives your whole life out of reaction to trauma. This is not an attack on you - it is the situation of just about everybody living on Earth today. Refer to the many comments/articles on trauma posted here:

Yes, as a young child you were not provided with idiot-friendly FULL-disclosure as to what would become of your life when you start setting non-sense images into motion which you have been doing since "education" was FORCED upon you by everyone around you, family or not, who started instructing/teaching you how to think, feel and act about sensory-life/Nature/Earth all-around you and how to fashion your thoughts and feelings to accept and rely on "The System". Now you are suffering/experiencing the predicaments/circumstances of your own making.

Note: we (MAN) are the ONLY ones who can set thoughts/images into motion. All thoughts are images. Regardless of all the images forced upon us since conception, our life is in the image of our own making. We are fully-responsible for this. We are all giving life to non-sense images/thoughts that make up "The System" that do harm, AND please be aware of this fact, "The System" and everything of "The System" can ONLY be constructed out of reactions to trauma, your reactions to trauma, which is why you have written to us. Your belief in ownership of land, etc, has you give life to "The System", with its commerce, administration, laws, enFORCEment, etc, as does everyone else who lives for (serves/worships/condones) "The System".

Your present behaviour/attitude has you be (show up) no different to the very "system" people you despise and are reacting to. You have joined the dark-side of MAN'S making to enjoiner with men and women who live for and worship "The System". This attitude/behaviour makes a masochist out of you. You are responsible for setting greed, selfishness, fear, harm, power and control trips, etc, into motion, as we all are when we continue setting "The System" into motion.

And you want freedom from this persecution?

The fact is you do not "own" anything including land. It is a lie to believe that you do and while you continue claiming that you "own" land you are processing a curse that has come upon you, of your own making, and upon everyone else trapped in "The System", of their own making.

Everyone who lives for "The System" is making slaves of everyone else who lives for "The System" including their "own" lives. Money/Commerce IS the processing of a curse. Refer to the video we posted last year called "**The Name Is The Mark Of The Best - The Strawman Identifying Your Slave Status In "The System"**": <http://www.youtube.com/watch?v=DdOag66v7uo> (video embedded below) - This video goes into the subject of curses.

All lies are curses and all liars are cursed. The base lie of all lies being that some men and women have a higher standing (the "good" bits) than others (they get the "bad"/worse bits) - that some men and women are more equal than others. "The System" is all about this fact. While you are in "The System" and live for "The System", you cannot escape processing the curse because you are living the lie which makes you the liar burdened with processing curses of your own making. Welcome to the "hell" of your "own" making Audrey.

While you claim you "own" land, "money", etc..... you need a man-made system with a FORCE in place to protect your claims of ownership. This means you support, condone and create harm in the lives of the many brainwashed men, women, children who have been conditioned to become cogs (slaves - white/blue collars, labourers, etc) in the wheel of "The System" progress of civilisation.

Conscious or not, you are now paying the price for wanting a "system" to protect what you "claim" you "own". The brainwashed men and women you live for have turned against you too. Such is the beast that is hell ("The System"). You are fully-responsible for this. It is impossible not to cause loss of uniqueness and originality upon all the brainwashed/braindirtied men, women, children and sensory life-forms of nature, inanimate or not, required to be slaves, if you are to receive all the benefits, services and privileges of their slavery, harm and destruction. It is impossible to have a man-made system without having slaves and rulers. It is also impossible not to cause HARM upon MAN/Earth/Nature while you live for and worship a man-made "system".

And, it is impossible to be free from trauma while you keep feeding it with your compliance.

All man-made "systems", no matter what version/guise is conjured up, will never set all of MAN free and while those forced to have the "bad" bits are looking over the fence at those who have the "good" bits, reprisals, revolutions, war, civil war/unrest, police "states", injustice, crimes, violence, suffering, etc, will continue AND everyone, those with the "Good" bits and the "Bad" are FULLY-Responsible for this chaos, destruction, harm, etc, being perpetuated.

It is best we all give up everything of "The System", both the "good" bits and the "bad" bits and come together to co-create Kindoms/Do No Harm Communities. This is where the passion of our Love For Life comes into play as we have focused intensely on this remedy for over 7 years now. We contemplated on how can we all provide freedom, truth, peace, joy, abundance, do no harm for all of life, no loss of uniqueness/originality for everyone and everything, no slaves slaves and rulers and no WACO scenarios. We have worked it out and, since 2006, no one has been able to debunk "The Steps Of Kindom" remedy we promote.

The Spell Is Broken

Taking The Land To Create Kindom

Arthur & Fiona Cristian

Love For Life

3rd March 2013

<http://loveforlife.com.au/node/8365>

As we shared yesterday on Facebook (we've now added more info): "Kindom (do no harm communities) is the dream for freedom, but it is the dream for the freedom of those around us who also live the dream of freedom, because it is in living for the freedom of others that we get our freedom. When we live for the dreams of Kindom of those around us, we live life as a gift because we live for (dedicate our lives to) their dream of freedom, truth, peace, joy, abundance, etc, just as they live for our Kindom dreams too. This is true co-creation (cooperation) with no attack on the uniqueness of each of us. When we live this way, we have no need for any man-made system - everything/everyone has already been taken care of by our love for life.

Just as we do not have to jump 10 feet across the room to grab our next breath, neither do we have to worry about food, water and shelter because it has all been taken care of as we each co-create Kindoms/Kin-Domains for everyone. Now everybody and everything of the dream of life that is Kindom/Paradise is free (has been set free once again). The issue is greed and selfishness, power and control trips, arrogance, ignorance, being fed many many lies and being traumatised. The issue is not overpopulation - there is more than enough land available for every family to have a hectare (2.5 acres Kin-Domain) to care for. The land of Australia can provide a Kin-Domain for every family across Earth, each with a food forest, clean fresh drinking water and plenty of space for building natural do no harm habitats and with plenty of land left over.

Everyone must have the freedom to take full-responsibility for their lives, for the water they drink, the food they eat and for their shelter. Currently, "The System" forces everyone to give up taking full-responsibility so that we become grown up children accustomed to sucking on the nipples of "The System" corporations for everything, having to use money to get by and to follow the rules of money because we are not co-creating freedom, peace, truth, joy and abundance for each other. Money only leads to haves and have nots and all the abuse, manipulation and distractions that we are subjected to as slaves to money.

When we give up living for other's Kindom dreams, we start creating hell ("The System") all around us because we become self-centred - now it's all about "my freedom", "my money", "my land", "my belief", "my saviour", "mine", "mine", "mine", "i", "i", "i", "own", "own", "own", etc. To protect what we claim we own requires a man-made system with FORCE to protect those self-centred claims. This is ALL trauma based and all story-telling (brainwashing/braindirtying).

Our true freedom comes when we set our thoughts of freedom into motion so that we live freedom rather than just talking and thinking about it while we still slave for "The System". Kindom will not happen while we meditate for hours in the bush or do yoga retreats or wait for Jesus or follow the processes of the OPPT (One People's Public Trust now called One People). This is not freedom because we are not living freedom because we are living the story-telling of Jesus or Zeitgeist or The Secret or Thrive or One Earth/Consciousness/People.

Living Kindom is very, very hard work as we set about repairing the damage to MAN/Earth/Nature that we are ALL responsible for but the burden becomes lighter the more of us put our life-energy into the dream of returning Earth to Paradise. Day-after-day, we all have to work our arses off until Kindom is all around us (MAN) once again. This is the price we pay to set each other free on a piece of land (Kin-Domain), so that no one is under the image-power (education/brainwashing/story-telling) of another MAN anymore and so that everyone can have their space of love to create and live their unique, do no harm dreams. This only happens once we have the Kindoms set up so that everyone is provided for.

Once we re-create the food forests, whether on land or in the suburbs, we can re-claim our freedom, breaking the strangle-hold of "The System" because we are no longer reliant on its services and benefits and no longer turning each other into slaves of "The System", cogs in the wheels of "The System" machine. If we don't put the effort in to set everyone and everything free all around us then we still live in HELL ("The System"). The key is to live for everyone else's freedom so that we can have it too.

We live for NO SYSTEM. We do not lose anything by not having a man-made system and, in fact, we gain. We gain our freedom and we gain abundance. Let go of the fear".

If you want to continue supporting, condoning and causing the brutal death of flesh and blood creatures who never gave their permission to be harmed, killed and/or eaten, then stop reacting and complaining when others in "The System" want to do harm to you, your family, your loved ones and others too. You can't have your cake and eat it too. Take it on the chin and enjoy the continuation of you and your childrens/families/loved ones immense suffering and "hardships".

And if you want to continue living the lie of "ownership" over land and all other forms of "ownership" derived from belief in ("claims" over) "intellectual property", then also accept "The System" invasion coming from outsiders/strangers entering into your life and into your homes, land, vehicles, assets, bank accounts, etc, just because they "claim" they have "ownership" and lawful/legal administrative "rights" over you, your family, your loved ones, your assets or not, your animals or not, too. Accept the harm they dish, even if they murder most of you. Stop complaining and winging as victims. All this harm comes with the territory.

And you want freedom from this persecution?

And you want freedom in "The System"? This is impossible.

Love For Life

Life Is A Gift

Everything of "The System", including "The System", is trauma based and unless MAN (we) learn/s how not to react to trauma anymore, we will continue being compromised by "The System" and forever remain trapped in "The System". Reaction to trauma is how "The System" is constructed. There is no other way to do this. Getting past our reactions to trauma is the most challenging thing for us to do and the most necessary thing to do if we are ever to walk away from "The System". If we bring our reactions to trauma to Kindom, we will sabotage and destroy it. The last 8.5 years or so of Love For Life work has been all about learning how we all got into this mess ("The System" that is a man-made living hell) and the remedy to get us all back out of it.

We feel we are coming to the end of this work. Now it's all about walking-the-talk of Kindom while helping others learn what we have learnt without causing loss of uniqueness and originality to anyone/anything and without the ongoing need for slaves and rulers, without causing more harm to be set into motion, without causing another WACO scenario and without depriving everyone of abundance, joy, peace, freedom and truth. Most people will wake up from their deep programmed sleep when they can have a direct experience of Kindom through their senses as they see that there is another way to live.

When people witness/learn how to live with each other with NO man-made SYSTEM required, when they can experience that LIFE IS A GIFT and take full-responsibility for creating/being a gift of life/love, then paradise is being created all around us, meaning we live for your freedom, truth, peace, joy, health, abundance, etc, so that we can have it to. When everyone gives up being self-centred (no more "i", "i", "i", "mine", "mine", "mine", "own", "own", "own", etc, etc, "my land", "my freedom", "my truth", "my belief", "my money", "my spirituality", "my spiritual journey", "my labour", "my judgements", "mine", "mine", "mine", etc, etc, etc,) and see and live for Life is a gift, then they all make sure that everyone has freedom, truth, peace, joy abundance, etc, so that they can have it too. If, as a community, tribe, village, we all see Life Is A Gift and we all make sure that everyone has truth, freedom, joy, peace, abundance, etc, then we all have it and we are all living in paradise.

Love is life - life is love. We/MAN set/s into motion the life that is the creation of MAN'S love for life. Life is love because we do not claim ownership over what we create, over the life we gift with our life to set dreams of life into motion. Arthur has given up ALL contracts with the "State"/"Commonwealth", etc, so he is no longer in commerce to be party to accumulating anything for "SELF". If we "own" (not let go of) our last breath, drink or meal, we die. We also die (fall from sense/consciousness/life/do no harm) when we own "intellectual property" by claiming it as truth through our belief, faith and associated opinion of it. The power is in the love for life we gift everyone and everything around us and when we redirect this power back on "self" by focusing on my money, my land, my freedom, my peace,...etc, we are lost.

Imagine the sun believing in the ownership of its life, of its outgoing rays so that it turns its rays back on itself, not wanting to share its light. Now the sun is a black-hole void of life. Where life (light) once was is now empty of life (darkness). This is what becomes of a MAN lost to "self". Take a really good look out the window to see the truth of this fact going on all around us. Darkness is a man-made construct - the sun casts no shadow and we can still see all the lights in the night sky.

Imagine a colony of ants given a new program called in-divide-u-all-s (individuals); each ant can now have its "own" politically correct truth backed by the maker of this new program called "The System". The God (Grand Architect) of this program says, "You can now be whatever you want to be, you no longer need to be an ant in an ant colony". So the ants go off to be punk rockers, engineers, scientists, jews, christians, muslims, republicans, democrats, rich, poor, new agers, gay, etc, etc... In the meanwhile very few are now taking care of the elderly ants or their babies, leaving it

to "The System" to take care of their health, life, etc.... Worst of all the ant colony is no longer being maintained until it collapses with all the in-divide-u-all ants going down with it. The ants forgot who they really are and what they were really part of. Their true purpose was hijacked. This is what is now happening to MAN (there is no word in English that describes man, woman, child collectively in wholeness/synergy so we use MAN). For a reality check, pop your head out and take a very good look outside your window.

Do we have to jump 10 feet across a room to grab our next breath???

Of course not, everything we need of life and so much more is already taken care of.

We just have to let go of the reflection in the mirror that we believe is real due to the education/brainwashing we have all received in "The System". When we believe that the reflection is real, alive of its own free-will & can walk, talk, think, feel, poo, wee, negotiate, contract and set its own image/life into motion, we believe that it is who we really think we are, when it just a story being re-presented by a story-teller who told us how to think, feel and act.

This is all explained in great detail in our Love For Life work which is spreading and spreading all across Earth, with the Love For Life website due to hit 200 million visitors by the middle of next year. Now we have facilitators of internet radio stations wanting us to syndicate (with their support) a weekly Love For Life Radio Show which appears to be starting up shortly, possibly this week, but more than likely next week. We recently had an internet radio Skype interview with Jeanice Barcelo (www.freedomslips.com - www.revolutionradio) that goes into the subject of trauma and the subtle deception that is Quantum Physics and "universe"/"universes" which come out of trauma. It provides a gateway into the insights we share as do the many videos, debates, articles, podcasts, etc, we've been posting on YouTube, Facebook, Love For Life website, etc. since 2005. We will be posting this interview on YouTube shortly and notifying everyone when its up. We plan to create a second video ASAP, be it an interview with someone or just us talking to the video camera, to fill in all the information we didn't have time to cover in the Jeanice Barcelo interview.

The Answer/Remedy Is NO SYSTEM

When we FULLY reconnect with our SENSES we already have a natural "social" way of life requiring NO SYSTEM, no man-made social-engineering, no education, no being under another MANS IMAGE-POWER. This insight goes right over most people heads as they find it almost impossible to comprehend because all they have ever known is chaos (trauma) and enslavement to that chaos (trauma). We are fighting for something we already are and already have. All that is required is that we give up "The System" of trauma. Let go, let go, let go of trauma (non-sense) and work with our SENSES. DO WE HAVE TO JUMP 10 FEET ACROSS A ROOM TO GRAB OUR NEXT BREATH? Of course not, we already have everything we need and so much more. Refer to the TRAUMA, SYSTEM LIFE & Govern-MEN-t <http://loveforlife.com.au/node/8428> as behind all this chaos is TRAUMA causing us to react to "chaos" with "social-engineered "order".

Most of us are still locked in non-sense, unable to sense the intentions coming from another and this clearly demonstrates why such a vast and terrible breakdown in communication occurred between those of "civilisation" (social-engineering) recording those not of "civilisation" (tribes of MAN on land). This problem continues on between us all trying to sense each others intentions while using a non-sense language to communicate with each other.

The conditioning behind words like "social" are extremely misleading. "System" words like "social" are mostly identified with hierarchical structures and other man-made IMAGE-POWER forms of order. The more we look into nature the more we are meeting men and women coming forward sharing information past down from their ancestors pre "The System" invasion. We are also discovering facts such as the Portuguese introducing the caste "system" into the lands we now call "India" somewhere around the mid 1400's/1600's and that before the caste system was introduced there were ONLY tribes/families of MAN spread out for thousands of kilometres.

When we learn to disregard what "The System" his-story/her-story tells us how to think and feel and act about our history we learn to reconnect with our ancestral ways/roots that have nothing to do with "The System" his-story/her-story of the "dark ages" or "cave man" or neanderthal man" or "wars" or "evolution" or "carbon dating/time" or the misleading wonders of "ancient civilisations", etc, etc.

Basically, all this Freemasonic/Satanic recorded history in any read and write alphabet language is severely compromised. Let's face it, were any of us present, that we remember, during the vast majority of their his-story? Can the writers of the his-story bring forward some first parties to back their stories? "Social systems is a system construct. It is when we learn to re-connect with the information of our ancestors that would have been passed down by word of mouth, through tribal tongues rather than read-and-write alphabet languages, probably through song, that we can learn the truth about how our ancestors lived. "The System" doesn't want us to remember this so it is highly unlikely that they put any of it in their his-story!

Also, the way Aboriginal "languages" were translated would have been way off the mark because they did not have the same constructs and concepts in the way they lived as those translating their communication would have been brainwashed into. How can the language of one way of life describe a completely different way of life. This is also why it is sometimes hard to describe our true capabilities and the way we sense we can live as free MAN on the land when all we have to communicate with is the dead language of "The System". Dead language because, when we use it, we are not using our senses. Instead, we are lost to non-sense when there is no sense. How do we describe what we sense with the language of non-sense? No doubt this is why there are so many "misunderstandings" between us. We end up in non-sensory story telling, repeating what others have told us.

When we are using our SENSES we are consciously connected with all of life as WHOLENESS - there is no separation causing "chaos" requiring "social engineered system glues" to bind us all together into a contrived "order", which is ALL about being under the IMAGE-POWER of another MAN.

Copied from another FB post to save "time".....

For us, the answer is NO system, and everyone taking full responsibility for their lives - as you say, we are capable of creating what we need for abundant, truly free lives. However, we had a look at Trivium Education - we can clearly tell its flawed on many, many fronts. We use scrutiny to rout out all forms of NON-SENSE/SENSORY images/imagery so that all that is left standing is SENSE/SENSORY images. We go where the logic of truth/sense takes us - we never argue for any belief, faith or associated opinion, all of which are rooted in NON-SENSE. We have been working at unravelling all the BS and spells of "The System" since 2006. All alphabet languages are constructed out of mathematics which is derived from geometry/sacred-geometry. All three are abominations derived from black-magic and are cleverly crafted to trap the duped into fallen "states" of NON-SENSE (unconsciousness/death-to-sense).

This wonderland is designed brilliantly, cleverly trapping victims into living contrived lives that are fictionalised story-telling performances where they continue setting into motion non-sensory images that they believe are true but which will never lead them to truth and to stepping out of this man-made matrix. We see this all through the freedom truth movement. Here is a link <http://loveforlife.com.au/node/8369> where you can find our videos and articles, etc, that explain all this and so much more in greater detail, if you are interested in putting the work in.

An interesting debate is the one with Raymond Karczewski <http://loveforlife.com.au/node/8414> which gets very intense and we get what you mean about attacks for just disagreeing with people! We are committed to creating Do No Harm communities that are not of "The System" but are all about living as MAN co-creating with nature that we are. Everything we need is already provided for us. We created a food forest video in February this year <http://www.youtube.com/watch?v=1sJCCvZ97A> (embedded below) which touches on some of the vision of Do No Harm communities.

Transition Shifting From Limited Liability/Responsibility To Full Liability/Responsibility

Hi Christian there are interesting things on this site and i thank you for your work. However, if you want freedom then perhaps you should free yourself from the illusion that you can live and not do any harm. You live on the death of fellow life forms be it animal or vegetable. Does a vegetable have any less right to life than an animal? To truly do no harm you would have to kill yourself. But we are too selfish for that. And it looks like you have a lovely family but does multiplying your dna by three contribute to the welfare of the other life forms inhabiting the planet? Perhaps if you want freedom you should free yourself of the need to put a legal disclaimer on this site and trust that no body, person, legal fiction will sue your all capital letter corporate name that you are the agent for. What exactly are you afraid of? Free yourself of the law you purport to have a handle on. Say what you say... post what you post.. and live by it. I don't see any legal disclaimers at the end of any truth speakers during the course of history. But i guess you don't want to get in trouble.. heh (: Still one of the sheeple you don't want to be.

We replied.....

Thanks for sharing your views but to us you are completely lost in story-telling Virginie. All you are really doing here is trying to kidnap our characters so that you can impersonate them, which you do by the claims you have made here, making them out to be ours, of our making, of our intention, when in fact this is not true because you made them all up, they are your claims and most definitely not ours.

Also, there is no Christian here so it seems you have ended up on the wrong planet. Suggest you recheck your navigation equipment and get back on track with your out of this world wonderland journey. Maybe, and if this destination temporarily appeases your sensory indulgences, you could visit, explore and contemplate on the information we share in many of the Love For Life articles, videos, debates, podcasts, etc, posted in this FB wall, scroll down to find them or you can go here: <http://loveforlife.com.au/node/8369>

To us, it is more than likely that our original ancestors, original MAN was breatharian and that we, the descendants co-creating MAN across many many generations, have gradually fallen from purity and sincerity of do no harm. As we are awakening in the middle of a man-made hell called "The System" and seeing how we are severely compromised with none of us, when we were children, provided with idiot friendly full-disclosure of what would become of our lives by setting trauma based non-sensory images into motion, we have taken full-responsibility to start working our way back out of this long, deep, dark dark tunnel that is "The System" and back towards the light we see outside of it that is sensory-nature/sensory-life all around us.

From Arthur's FB wall, posted a while ago.....

Peaceful Transition Through Sacrifice And Service

We feel there is an essential peaceful do no harm transition required to get all of MAN back to standing on MANS feet without reliance upon another MAN for water, food, shelter. As it stands everyone in "The System" are highly dependent and reliant on the "group mind-set" that forms "The System" of slaves providing services and benefits for the emotionally addicted slaves to "The System" (and you can put us in the same basket too). The transition is to get MAN back to relying ONLY on nature without 3rd party interlopers, intermeddlers, interceders getting in the way. The transition is a team effort with the foresight for setting all of MAN free down-the-line so that MAN is no longer dependent on slaves and masters providing services, benefits, privileges and exclusivity while being bound to contracts, rituals, procedures, conditions, rules & regulations which compromises MAN severely.

This transition is all about shifting from limited liability/responsibility to full liability/responsibility. This full responsibility is all about caring for our health, nature all around us, clean uncorrupted (pure) water and food, partner/co-creator, children, shelter, animal-friends in partnership, etc. In "The System", we are already together destroying each other - we have to come together to create peace together so that we can all have peace. We cannot live peacefully when we are islands, not taking full responsibility for the lives of those around us until EVERYONE can take full responsibility for their life, which means that EVERYONE is healed of system trauma. In "The System", we all come together to make slaves of each other - now is the moment to come together to set each other free, to live for each other's freedom, peace, joy and abundance. Once we have set each other free, we are free.

Once we fix these issues, we or our children or our descendants to come, can start focusing on the even bigger picture of getting back to where our ancestors were, as breatharyan's, before they fell into non-sense images to be enslaved by them.

Also, we have no need for legal disclaimers because we operate under full-responsibility/full-liability which forces everyone/anyone, who wants to take us on, to operate under full-liability/responsibility too. We won't let any third party interlopers, intermeddlers, interceders, operating under limited liability/responsibility, get in the way and be used as shields/props of story-telling, for the benefit of hiding behind them for protection while attacking us with the determination of seeking validation & justification for their reactions to claims of trauma/story-telling harm-doing. They need to bring forward all first parties to their claims. This stuffs up ALL troublemakers trying to create a controversy where there isn't one. Our approach to do no harm is peaceful and dismantles all story tellers trying to use the semantics/constructs/story-telling of capital letters or not, or using "name" as agents-in-commerce or not. They no longer have power or FORCE in law, statute or not. We don't give a stuff about whatever shields they try to use to hide behind for protection - when you force them to come out from hiding behind shields of story-telling/trauma, the "game"/story-telling is over, that's unless they want to be clearly seen by everyone as harm-doers hell-bent on blatantly doing harm, then their intentions are exposed for all to see/witness.

All the best to you and your family

Trapped In Story-Telling

Karl Grubmayer implied: "How can you co-create with corporate slaves who are not aware they are corporate slaves, particularly when all they think and live for is wanting to be right, to win, to be better than others, to be first and to profit from their "story-telling"?"

Karl was referring to this post we posted 11th July 2013 "We live to create freedom, truth, peace, joy, abundance.....etc in the lives of everyone around us so that we can have it too..... and in service/reverence for MAN/Earth/Nature, with everyone in their unique original ways living for the virtues (co-creation) of MANS love as that service in everyday practice, then we all live in paradise. This is very different to living for my freedom, truth, peace, joy, abundance, etc, for my land, my food, my truth, my money, my, my, my, mine, mine, mine, own, own, own, "i", "i", "i", etc, and forming an eco village/community around this self-centered attitude is no different to how everyone lives in "The System" today.

We replied to Karl.....

You can't, it's impossible because they are lost/trapped in story-telling. There is no uniqueness/originality of thought/dreams there, therefore there is no freedom, no MAN, there is no full-responsibility either because they are bound to the limited-liability, limited-limitations/responsibilities of story-telling which are just thoughts, ideas, feelings and actions made up by others telling them how to think, feel and act. These reactions to story-telling (re-presenting "intellectual property"), that is trauma based, is what constructs robots, drones, corporate slaves, fictions, persons, ego's, in-divide-u-all-s, etc, and is how the "The System" is constructed into a make-believe fantasy-world. Without getting many men and women to perform/act as the characters of Alice in Wonderland the story can't be performed. Same with corporate fictions, etc, no actors, no "system" can be set into motion - no performance of "The System" can happen." Max Igan, David Icke, etc, are just the many many snakes used to con/trick/seduce/manipulate MAN into performing the Story-Telling they peddle. Shows you how nasty, sick and devious these "story-tellers" (liars) are. They are shaping the feel good/god/oneness/cosmic-galactic "story" of the New World Order and conning others to fall into these stories so that they create the story-telling and thus are living these stories and therefore are creating the outcomes already pre-determined for them down-the-line. We have to wake everyone up to what is really going on.

Hi Maddy & Natalie, to us it's intentional/blatant. They are specifically trained for what they do. Like specific judges used in mortgage court cases to control the playing field of this game. They are trained to know the boundaries and the consequences that arise if/when combatants step outside of them. It is their job to keep contestants inside the playing field, inside the game, otherwise they lose. Is why law is so corrupt, they can't afford precedence and news of this to spread fast all-around, that's unless it suits the outcomes pre-determined by their orders/sects/fraternities/etc.

25 July at 00:01

Natalie Guest

it sounds like studying the law is a very good investment of time, if one can make sense of it .. it is certainly not what they cover on any courses

24 July at 23:33

Arthur Cristian

@ John, not disregarding your good intentions, coming together as "one" is actually the sameness-glue of "The System" binding everyone to the new world order. The true/correct path is WHOLENESS where the uniqueness and originality of all men, women and children is honoured, protected, encouraged and nurtured so that all of MAN co-creates Life As A Gift with NO SYSTEM coming in-between MAN and MAN and in-between MAN and Earth/Nature.

NO-SYSTEM because all of MAN claims no "ownership" over "intellectual property". It's only in claiming ownership (belief, faith and associated opinion is all about claiming ownership over "story telling") that we need man-made systems to protect what men and women claim they own and thus a man-made system (coming together as "one") binds everyone under the "same" man-made system and therefore we end up with slaves and rulers and all the other issues that have plagued us and the many generations trapped under man-made systems since this non-sense started long ago in Egypt which means "The System".

NO SYSTEM is what we all must live for if we all want to reclaim freedom, truth, peace, joy, abundance, no loss of uniqueness/originality for everyone/everything and no slaves and rulers or WACO scenarios, for all men, women and children. This means we have to break the "spell" of education because it is through the "story telling" that we become "educated-slaves" creating prisons/systems of our own enslavement. Outside of our ancestors being invaded, humiliated, decimated, raped, pillaged and plundered, education is the most terrible thing ever done to all of us. We were never meant to be educated which is all about being under the IMAGE-POWER of those who seek to have power and control over us. There is no other purpose for "education".

Do we have to jump 10 feet across a room to grab our next breath? Of course not - everything we need is already taken care off. We have just forgotten who we really are and what we are really part of.

From the moment of creation/inception our children already have all the truth of life embodied/encoded as their life. The FORCE behind The System" has interfered so that our children and us do not connect with our true power, gifts, skills, purpose, etc, for the dream of Life. We have all been hijacked/distracted. TRUTH does not require story-telling. Truth is already evident all around us, that's unless we keep destroying nature in all its magnificent myriad forms.

How To Create Remedy/Kindom In Present Sense

Karl Grubmayr implied: "Thanks Arthur and Fiona, This MAN comprehends but how to create Kindom? People are not able to listen. Not one. They get reactive, violent, abusive, nasty, etc. No One, everyone, this includes the educated ones. Their trauma has them be in is such a severe state they will not look at themselves, how to do what needs to be done. Max Igan and Kazinsky are perfect examples. So..... how to create Kindom? - 25 July at 11:50.

We replied.....

Hi Karl. Walk-the-talk of your standing of Kindom with those who live to walk-the-talk of Kindom too. Unless you are walking-the-talk you are not creating Kindom. The thought of Kindom is not Kindom. THE THOUGHT OF KINDOM DOES NOT CREATE KINDOM. We must give LIFE to the thought of Kindom so that it is a living/sensory-dream in present-sense. Kindom is the life of Kindom we live, that we set into motion. In our current compromised state, thanks to many many many years of intensive, moment by moment repetitive and reinforcing brainwashing, if we don't give life to Kindom in present-sense we are instead giving life to "The System" regardless of whatever other version is unfolded as the New World Order shortly.

We see Life Is A Gift and Do No Harm is the path to true freedom, peace, joy, abundance, truth, etc..... which is at the heart of Kindom/Do No Harm Communities. Unless we walk-the-talk of Life Is A Gift & Do No Harm we are completely lost in "The System" of a man-made Hell made up of self-centered men, women and children isolated from each other as in-divide-u-all-s. All requiring "The System" GLUE of "ONENESS", etc, to bind everyone together under the umbrella of a uniformed commercial code (UCC).

You are right about the extent of trauma, how deeply entrenched it is. However, if our intention is sincere and we are willing to persevere, persevere, persevere, no matter how much the trauma tells us to run away, tells us to wait for others, tells us to pass-the-buck, etc, we will get through it and create lives we dream of here and now.

Kindom starts by the way we live (set into motion) Kindom in present-sense. With Kindom in our intention, we start to co-create as best we can in our severely-compromised "state", learning, letting go, learning, letting go. This is all we can do. It is a deconstruction process of unlearning/deprogramming/letting go of all "The System" story-telling brainwashing/braindirtying we've endured thus far.

We learn to walk-the-talk by actually walking-the-talk which has us learning Kindom in present-sense, learning what it takes to walk, trying (practising) to take steps and falling over again and again and again. Our no-back-door commitment (what stand/live for) is no different. Eventually, we learn to truly live again (BE) as free MAN.

We must not wait for a story teller to come along with a system to give us peace, freedom, etc, and we have to be wary of the many, many system story tellers offering us their version of another system that has us conform and give our power away to be under another MAN's image power once more.

We have to get rid of the duality. With duality, we are thinking about Kindom, freedom, etc, which makes us apart from Kindom, freedom, love, peace, joy, abundance, etc. We have to be Kindom and create it in the lives of those around us by serving (living freedom, truth, peace, joy, abundance, etc, for) them.

We have to create Kindom by living it here and now, learning that we do not need any man-made system in the form of a trust or govern-MEN-t or a "star trek federation", etc, in-between MAN and MAN and in-between MAN and nature/earth.

We only get trapped in the New World Order ("The System") when we allow the story tellers to keep us believing in their duality stories/images so that we only think freedom, as a concept/construct/etc, rather than living/being it.

When we get past duality, there is nothing more to complain about; there is only the life of freedom, truth, peace, joy, abundance, etc, to live.

Now you have broken the spell, broken the grip the story tellers have over you.

While you are listening to David Icke, Max Igan, "Thrive", Zeitgeist", "One Earth/Planet/World", etc, you are still trapped in the spells set-into-motion by a man still reliant on "The System" and you are still not taking FULL-responsibility for your life, for living Kindom, for being peace, truth, freedom, etc, and standing up for everybody around you so that they are peace, truth, freedom, etc, too.

Listening to the shepherds/light-bearers of the NWO is no different to voting for politicians.

Being the gift of life, being do no harm creates Paradise.

Not disregarding our/your FULL-responsibility for living Kindom here and now, even on our "own", the simplest way to start Kindom is to get together with others who stand for truth, freedom, etc, in present-sense. Move to rental properties right near each other, start creating gardens together and sharing what you grow. Get into each others

lives so that everyone is taken care of. Support each other's children, maintain each other's homes and pool ALL your money (no one "owns" anything - it's all shared as Kindom in practice) to get what you need from "The System" until you have the infrastructure of a living-community in place to sever all ties completely, to cause a MASS EXODUS OUT OF "THE SYSTEM". Heal each other and live for each other without contracts or conditions. Without expectations, just giving and letting go, giving and letting go, giving and letting go, giving and letting go.....

Do we have to jump 10 feet across a room to grab our next breath? Of course not, everything we need is already taken care of. We just need to let go, let go, let go, let go..... of all "The System" brainwashing and behind it, all the conditioning to trauma that has us be in a "state" of perpetual reaction to trauma and therefore trapped as the glue of "The System".

Imagine hundreds and hundreds of us coming-together living like this in present-sense.

Land isn't the problem - we are already on land, even when we are in the suburbs or apartment blocks. This is what we are doing, so come and do it with us. If you are in another country and don't have anyone around you to start doing it with, come over here to Bowral, NSW, Australia. Lets deal with visas, passports, etc, down-the-line. Creating "community immunity" in vast numbers quickly that is Kindom and spreading our immune system of LOVE-FOR-LIFE(MAN) (Life Is A Gift - Do No Harm) out and out and out in all directions is what Freedom, truth, peace, joy, abundance, etc, is all about, is made of.

We are not bound to countries, races and creeds; we are MAN as Earth and the whole of Earth is our paradise to co-create. When enough of us make the sacrifices and get together, we will be (ARE) strong enough to stand up to the re-representatives of the FORCE of "The System" when they turn up, if they turn up. The more we start doing this, the more we start taking FULL-responsibility for our lives and the lives of those around us, the less and less and less we need "The System" of govern-MEN-t and its "services", "benefits", "privileges", etc.

All things considered, what sacrifice is too great to make when healing Earth/MAN is at stake and sure catastrophe if we don't take action. All it is, is a change in attitude/behaviour/direction/values/etc and setting that change into motion here and now.

Love Arthur

Refuse To Re-Present The Story-Telling Of Other Men And Women's Making

Reaction To Trauma - First party to first party, we always go where the sensory logic of truth/sense/direct-sensory-experience takes us. We refuse to re-present the story-telling of other men and women instructing/guiding/manipulating/conning us into how we should think, feel, act, live, etc, which effects everything we are sensing (touch, taste, feel, smell, hear, see) in present-sense. If we allow this sham/scam to effect us by inviting the story-teller into our lives so we can perform his/her thinking, etc, we fall under the "spell" of belief, faith and associated opinion to that story-teller.

Through story-telling we disconnect/disassociate from the direct-experience of sensory-life all-around-us, meaning, in present-sense we are no longer MAN, we are no longer freedom, no longer peace, no longer joy, no longer abundance, etc, meaning, we have given up who we really are in present-sense to be in the image/thoughts/ideas/emotions, to be the reaction of this trauma made up by others forcing us to act/perform their story-telling of "peace", "freedom", etc, NOT in present sense.

Look at how many of us are striving for freedom in the FUTURE. Instead of being peace, we think "peace", instead of being freedom, we think and fight for "freedom", "joy", "abundance", etc.

Now we are LOST in the story-telling.

The stories are many and varied, and often not obviously nasty.

For example, in response to the above post (names & websites sanitised)

She said: "Take what you can use and leave the rest - no need to pick up what is not needed or ours All the best always in abundance and joy."

We replied: A lie is a lie - a liar is a liar - if we do not use our senses to scrutinise and rout out all forms of lies and liars we can easily fall under the spell of belief causing us to set lies/liars into motion. We do this by giving life to lies/liars with our lives, innocent or not. This is the basis of MANS fallen "state" and is the cause of all forms of harm-doing. While under the spell of belief, etc, we have given up taking full-responsibility to do no harm and instead are now under limited liability/responsibility which permits the lie and liar to spread harm all-around. It spreads because we are that lie/liar spreading the harm.

She replied: "Thanks Arthur- I think what a person focuses on they magnify and I have found that everyone comes to truth in their own time and their own way -we can not force it on anyone- we can only do our part within ourselves to improve our own state of disillusion and delusion which ripples across the eathers and increases in love".

We replied: The issue is about people/us not being conscious of the images/thoughts/ideas they/we are focusing on throughout their/our waking-lives. While asleep in denial and ignorance, under the "spell" of belief, etc, we are causing immense harm in present-sense.

She replied: "I am much more calmer and feel very much loved - like a great wave of emotion has bathed me in beautiful loving warmth and friendship all around (heart) (F) (hug), this is not everyone's path Arthur we are very fortunate to be here NOW and to have each other (heart)".

We replied: The virtues of love includes confrontation - it's all in the intention to do no harm. Apathy is a major sickness in MAN today, the gossamer spray that is the story-telling of "love" and "peace", etc, turns MAN into a pathetic wimp, a MAN gutless and afraid to stand up and say NO to harm in all its forms. But not only stand up, but to back it all-the-way until harm has been completely dissolved. An immune system compromised is a very sick MAN.

He replied: "Are you saying if I understand you correctly speaking of Love and Peace is a wimpy thing?".

She replied: "You sound very angry Arthur and that will never increase your joy (heart)".

We replied: No anger here - you are just story-telling.

He replied: "Perhaps the path for you this time round is to discover that which is the essence and core of creation. At times we express the opposite of what we truly yearning for... that being love".

We replied: Fiona Cristian: Read again (names sanitised).

She replied: "We have a very tight nit family here Arthur that operates with tolerance and love and we do not call each other names although we do discuss issues and share our views in a very loving manner- I invite you to join us in the weekly round up and we can share our views together (heart)".

We replied: More story telling (name sanitised). Best not try to kidnap this MANS character by impersonating it so that you can make claim over this MAN with claims you have made up about this MAN, claiming they are coming from this MAN when in fact they are only coming from you, you made them all up. This is the basis of fraud and slander. No offense intended, just sharing facts/truth.

He replied: "Everyone is entitled to their own opinion. You seem very angry at the world, tough living from fear. May you find Peace, as for those who may never understand it they will always try defend their pain. Have a lovely day and may you discover your truth either in Light or darkness, after all life is about choice".

We replied: (names sanitised), the story-telling of your wonderland will not have you sense this MAN. This MAN, Arthur, is not in your story. Step outside of this non-sense to sense this MANS intention/presence/life, etc.

We replied: So its OK for both of you to take pot shots at Arthur and then ignore Arthur by writing him off as an angry man, etc????

She replied: "(heart) Yes we are all amazing even when we act otherwise (heart)".

We replied: While acting "ugly" we forget the "amazing" we are so that in present-sense we are setting harm into motion without no way of stopping it. Reality is quite different to fantasy and illusion.

In the original post we also wrote this at the end....

ps: watch out for David Icke, he is a full-on re-presentative of the FORCE behind "The System". To us, his new tv/radio show is a direct attack on MAN - we are now upping our tempo on the net to counteract this agenda. Nice sweet tasting lollies wrapped and marketed beautifully containing a little, nasty poison, nice smiling politicians kissing babies, nice friendly smiling banking commercials with banksters shaking hands with duped innocent lambs to the slaughter, etc. We are drowning in niceness all around. We are being destroyed by niceness. It only takes one lie/liar to do all the damage. David can be very charming but it is the charm of the snake charmer.

An immune system compromised is a very sick MAN. True love is strong and stands up to harm. True love does not "accept" harm and excuse it as being "not my reality". True love does not back down until harm has been completely dissolved.

GOD MEANS FULL-RESPONSIBILITY/LIABILITY

To us, the word "God" or creator or living-creator really means/implies FULL-RESPONSIBILITY/LIABILITY. We say that MAN IS God IS Living-Creator which means THE BUCK STOPS WITH US but this all falls apart when we become lost in the story-telling of belief, faith & associated opinion of a "God" apart from us/MAN, now we are under limited-responsibility/liability because we have passed the buck to a "higher power" than us/MAN. This story telling, based in duality, is the brilliant craft and practice of Freemasonry/Satanism at play. Instead of God they now use words like "one" or "oneness" or "divine" or "universal consciousness" or "astrology" or "astronomy" or "science" or "judge" or "politician" or "president" or "prime minister" or "queen" or "emperor" or "caesar" or "bank" or "stock market" or "economy" or "executive" or "ceo" or "person" or "money" or channeled matthew/ramtha/kryon/galactic federation of light/etc, or "global warming" or "alien invasion" or "mayan calendar" or "bible", or "time", etc, there are many many many thousands of these pass-the-buck lies circulating as part of man-made alphabet languages causing MAN to set these false-images/idols into motion and thus fall under the influence of these story-telling lies that are "spells" of black-magic. Watch out for story-tellers as there are many many thousands of these Freemasons/Satanists conning MAN/us to fall into their stories to become actors in plays/pantomimes of their own making, that being "The System". Refer to Love For Life articles, videos, debates, etc, for more on this subject <http://loveforlife.com.au/node/8369>. Scrolling down this Facebook wall is helpful too.

Controlled Opposition

Due to controlled opposition, we are extremely vigilant and discerning when these type of scenarios come about. The NWO is "The System" under another guise, it will look something like Star Trek Federation in Nature. The NWO will be brought in by all the "Good Guys" bringing a new "oneness order system" to the present chaos engineered by the "Bad Guys". As many of you already know we life/stand for NO SYSTEM. We will do everything we can to expose and obliterate any idea or concept, sugar coated or not, that supports "The System", a man-made system under any guise. We know all the trickery going on to give the "duped", the impression that "serfs/commoners" are making headway with the courts of "The System". For more on this please read our recent reply to Max Igan here: <https://www.facebook.com/arthurcristian/posts/10201394869221762> - We've already posted this video before but we thought we would put it up again.

Sarah McLeod - OPPT is a fraud. The truth from the horses mouth: Neil Keenan - Published on Apr 23, 2013 - An extended interview with Neil Keenan in Jakarta, Indonesia, in which he reveals just what a dangerous game the One People's Public Trust (OPPT) was attempting to play with people's lives and freedom - not only in Indonesia, but around the world. It is, however, a game that has been shut down, as Keenan tells how OPPT went from one Global Accounts scammer to another (Adnan Sahkli, White Spiritual Wonder Boy, and now UN Swissindo) hoping to find someone to fund their totalitarian revolution - a phony movement that gives every appearance of being the bankster cabal's attempt to co-opt the real and profound global awakening that spells the end of their control. "We had to be devious in the beginning" said one OPPT principal in a taped call that was sent anonymously to Keenan. Now Keenan simply warns them that their arrests are likely imminent....and warns people longing for freedom not to buy into the OPPT "rose garden" false promises of instant wealth. Help is on the way...from global humanitarian programs funded (with the blessing of the nations) from the Global Collateral Accounts.

Love For Life Background

Briefly, for almost 20 years until 2005, Arthur built an office automation sales & services business with few dollars and no background experience to start with. Over the years, while going up and down financially, we employed many hundreds of staff and turned over big \$\$\$\$\$. Then in 2005 we were attacked by organised crime led by banksters which led to the theft of the family home worth \$1.2m, and the destruction of two cash flow businesses leaving us close to destitution and poverty caring for four young daughters. Everything we worked for and owned was stolen. This fraud was protected by judges, barristers, lawyers, politicians, priests, media representatives, etc. What shocked us the most was that there was no "community immunity", no tribe or community prepared to stand up to what was going on.

So, with no experience, we decided to take on the crime syndicate and wake people up to what was going on while working out why "community immunity" did not exist. Thus began the Love For Life campaign in March 2005 and the www.LoveForLife.com.au website in December 2006.

What we have experienced since starting Love For Life..... there have been many many terrible things said about us, including descriptions of horrific things they would like to do to Fiona and the children. We have experienced humiliation, ridicule, abuse, hatred, Fiona being kidnapped, break and enter attempts, 4 assassination attempts on Arthur and 12 death threats to the family. Close supporters, a married couple in their 70's were hog tied, hooded, a

bullet put through the man's hip and both tortured for hours. We have experienced extensive big brother surveillance in every way imaginable including being followed everywhere and helicopters hovering overhead. On two separate occasions swarms of police, detectives, sheriffs, tow trucks (up to 16 of them providing attention to a non-violent family who carry no weapons, live a do no harm path and who have never broken the peace or caused a crime or injured anyone) came to our rental family home to steal family assets such as the family car, and then, after collecting the stolen car from the pirates auction, we had a very large squad of police harass, intimidate and threaten us repeatedly on the long journey back home.

But we leave everything, warts and all, out in the open on the Love For Life website, YouTube Channel www.youtube.com/arthurloveforlife & Facebook Walls www.facebook.com/arthurcristian for all to see because we have nothing to hide and nothing to be ashamed of. We are not the problem. TRUTH stands. We have not changed except to get stronger and stronger and stronger. We do not see what other people say and do as being our problem when it comes to this stuff - it is what we do and how we behave/live that we are responsible for. They will have to kill us to stop us.

Since March 2005, all our Love For Life work has been done for free, all given away as gifts to benefit others. There are no conditions or contracts attached. And poverty and destitution still lingers nearby for us but we are not in fear of this; we keep living the dream of Love For Life because there is nothing else for us to live for.

We are now learning to be professional songwriters, producers, engineers, singers, etc, to spread the many insights we have connected with since 2005. We know very little about making music hands-on and Arthur, now 55, could not sing until his voice started opening up last year without lessons or practice. Then gifts started rolling in from supporters and we started accruing audio production hardware & software listed here: <http://loveforlife.com.au/node/8459>. Audio technology with its jargon is extremely intimidating but we are not giving up. We realise we need lots of help to complete all links to the unbroken chain. What we have to offer is a vast range of lyrical content that is far from your average love song, all set to a story-telling landscape of music that has its base in the late 60s and early 70s but is not limited to a particular genre.

The themes we touch on can be considered controversial but we write with great imagery. A current 9 minute song we are working on is about paedophilia and child sex rings/gangs. It is set to a dreamy landscape of psychedelia with strong melodic hooks to capture all the reactive moods of trauma. We write about factual themes and ones that we have direct experience with, the point being to bring such subjects to people's awareness and inspire them to walk away from this system of harm and abuse to co-create peaceful lives for all. We are looking to work with people who want to help support Love For Life by helping with recording and production. We do not do this for money and are not looking for contracts. With support from others with professional skills with programs such as Powerpoint, we plan to create audio-visual driven seminars, talks and workshops. Eventually we want to create documentaries, too. Love For Life is at the forefront of a team-effort grassroots movement without leaders or followers and without links to "The System" or societies, secret or not.

As amateurs with very basic equipment and some help from a friend in August 2011, we wrote & recorded "Save Our Lives" as a rough demo. <http://www.youtube.com/watch?v=GMqclqO7VrQ> - We plan to record/produce it professionally later this year. We've come a long way since then. We have over 100 inspired songs to record and are keen to collaborate with others to help spread the Love For Life work.

The Thought Of Freedom Is Not Freedom

First party to first party, we always go where the sensory logic of truth/sense/direct-sensory-experience takes us. We refuse to re-present the story-telling of other men and women instructing/guiding/manipulating/conning us into how we should think, feel, act, live, etc, which effects everything we are sensing (touch, taste, feel, smell, hear, see) in present-sense. If we allow this sham/scam to effect us by inviting the story-teller into our lives so we can perform his/her thinking, etc, we fall under the "spell" of belief, faith and associated opinion to that story-teller. Through story-telling we disconnect/disassociate from the direct-

experience of sensory-life all-around-us, meaning, in present-sense we are no longer MAN, we are no longer freedom, no longer peace, no longer joy, no longer abundance, etc. We have given up who we really are in present-sense to be in the image/thoughts/ideas/emotions, to be the reaction of this trauma made up by others forcing us to act/perform their story-telling of "peace", "freedom", etc, NOT in present sense.

Look at how many of us are striving for freedom in the FUTURE. Instead of being peace, we think "peace", instead of being freedom, we think and fight for "freedom", "joy", "abundance", etc.

Now we are LOST in the story-telling.

The stories are many and varied, and often not obviously nasty.

For example, in response to the above post (names & websites sanitised)

She said: "Take what you can use and leave the rest - no need to pick up what is not needed or ours All the best always in abundance and joy."

We replied: A lie is a lie - a liar is a liar - if we do not use our senses to scrutinise and rout out all forms of lies and liars we can easily fall under the spell of belief causing us to set lies/liars into motion. We do this by giving life to lies/liars with our lives, innocent or not. This is the basis of MANS fallen "state" and is the cause of all forms of harm-doing. While under the spell of belief, etc, we have given up taking full-responsibility to do no harm and instead are now under limited liability/responsibility which permits the lie and liar to spread harm all-around. It spreads because we are that lie/liar spreading the harm.

She replied: "Thanks Arthur- I think what a person focuses on they magnify and I have found that everyone comes to truth in their own time and their own way -we can not force it on anyone- we can only do our part within ourselves to improve our own state of disillusion and delusion which ripples across the eathers and increases in love".

We replied: The issue is about people/us not being conscious of the images/thoughts/ideas they/we are focusing on throughout their/our waking-lives. While asleep in denial and ignorance, under the "spell" of belief, etc, we are causing immense harm in present-sense.

She replied: "I am much more calmer and feel very much loved - like a great wave of emotion has bathed me in beautiful loving warmth and friendship all around (heart) (F) (hug), this is not everyone's path Arthur we are very fortunate to be here NOW and to have each other (heart)".

We replied: The virtues of love includes confrontation - it's all in the intention to do no harm. Apathy is a major sickness in MAN today, the gossamer spray that is the story-telling of "love" and "peace", etc, turns MAN into a pathetic wimp, a MAN gutless and afraid to stand up and say NO to harm in all its forms. But not only stand up, but to back it all-the-way until harm has been completely dissolved. An immune system compromised is a very sick MAN.

He replied: "Are you saying if I understand you correctly speaking of Love and Peace is a wimpy thing?".

She replied: "You sound very angry Arthur and that will never increase your joy (heart)".

We replied: No anger here - you are just story-telling.

He replied: "Perhaps the path for you this time round is to discover that which is the essence and core of creation. At times we express the opposite of what we truly yearning for... that being love".

We replied: Read again (names sanitised).

She replied: "We have a very tight nit family here Arthur that operates with tolerance and love and we do not call each other names although we do discuss issues and share our views in a very loving manner- I invite you to join us in the weekly round up and we can share our views together (heart)".

We replied: More story telling (name sanitised). Best not try to kidnap this MANS character by impersonating it so that you can make claim over this MAN with claims you have made up about this MAN, claiming they are coming from this MAN when in fact they are only coming from you, you made them all up. This is the basis of fraud and slander. No offence intended, just sharing facts/truth.

He replied: "Everyone is entitled to their own opinion. You seem very angry at the world, tough living from fear. May you find Peace, as for those who may never understand it they will always try defend their pain. Have a lovely day and may you discover your truth either in Light or darkness, after all life is about choice".

We replied: (names sanitised), the story-telling of your wonderland will not have you sense this MAN. This MAN, Arthur, is not in your story. Step outside of this non-sense to sense this MANS intention/presence/life, etc.

We replied: So its OK for both of you to take pot shots at Arthur and then ignore Arthur by writing him off as an angry man, etc????

She replied: "(heart) Yes we are all amazing even when we act otherwise (heart)".

We replied: While acting "ugly" we forget the "amazing" we are so that in present-sense we are setting harm into motion without no way of stopping it. Reality is quite different to fantasy and illusion.

In the original post we also wrote this at the end....

Ps: watch out for David Icke, he is a full-on re-presentative of the FORCE behind "The System". To us, his new tv/radio show is a direct attack on MAN - we are now upping our tempo on the net to counteract this agenda. Nice sweet tasting lollies wrapped and marketed beautifully containing a little, nasty poison, nice smiling politicians kissing babies, nice friendly smiling banking commercials with banksters shaking hands with duped innocent lambs to the slaughter, etc. We are drowning in niceness all around. We are being destroyed by niceness. It only takes one lie/liar to do all the damage. David can be very charming but it is the charm of the snake charmer.

An immune system compromised is a very sick MAN. True love is strong and stands up to harm. True love does not "accept" harm and excuse it as being "not my reality". True love does not back down until harm has been completely dissolved.

Transition

We live to create freedom, truth, peace, joy, abundance.....etc in the lives of everyone around us so that we can have it too..... and in service/reverence for MAN/Earth/Nature, with everyone in their unique original ways living for the virtues (co-creation) of MANS love as that service in everyday practice, then we all live in paradise. This is very different to living for my freedom, truth, peace, joy, abundance, etc, for my land, my food, my truth, my money, my, my, my, mine, mine, mine, own, own, own, "i", "i", "i", etc, and forming an eco village/community around this self-centred attitude is no different to how everyone lives in "The System" today. All else is a distraction stopping us from creating this. The reaction to trauma is this distraction that stops us. In everyday "System Life", there are millions of distractions showing up as story-telling. This is brilliantly executed/implemented by the Freemasonic/Satanic-world and almost everyone is asleep to it.

We feel there is an essential peaceful do no harm transition required to get all of MAN back to standing on MANS feet without reliance upon another MAN for water, food, shelter. As it stands everyone in "The System" are highly dependent and reliant on the "group mind-set" that forms "The System" of slaves providing services and benefits for the emotionally addicted slaves to "The System" (and you can put us in the same basket too). The transition is to get MAN back to relying ONLY on nature without 3rd party interlopers, intermeddlers, interceders getting in the way. The transition is a team effort with the foresight for setting all of MAN free down-the-line so that MAN is no longer dependent on slaves and masters providing services, benefits, privileges and exclusivity while being bound to contracts, rituals, procedures, conditions, rules & regulations which compromise MAN severely. This transition is all about shifting from limited liability/responsibility to full liability/responsibility. This full responsibility is all about caring for our health, nature all around us, clean uncorrupted (pure) water and food, partner/co-creator, children, shelter, animal-friends in partnership, etc. In "The System", we are already together destroying each other - we have to come together to create peace together so that we can all have peace. We cannot live peacefully when we are islands, not

taking full responsibility for the lives of those around us until EVERYONE can take full responsibility for their life, which means that EVERYONE is healed of system trauma. In "The System", we all come together to make slaves of each other - now is the moment to come together to set each other free, to live for each other's freedom, peace, joy and abundance. Once we have set each other free, we are free.

"The Steps Of Kindom"

<http://loveforlife.com.au/node/8304>

No System Required

When we FULLY reconnect with our SENSES we already have a natural "social" way of life requiring NO SYSTEM, no man-made social-engineering, no education, no being under another MANS IMAGE-POWER. This insight goes right over most people heads as they find it almost impossible to comprehend because all they have ever known is chaos (trauma) and enslavement to that chaos (trauma). We are fighting for something we already are and already have. All that is required is that we give up "The System" of trauma. Let go, let go, let go of trauma (non-sense) and work with our SENSES. DO WE HAVE TO JUMP 10 FEET ACROSS A ROOM TO GRAB OUR NEXT BREATH? Of course not, we already have everything we need and so much more. Refer to the TRAUMA, SYSTEM LIFE & Govern-MEN-
t <http://loveforlife.com.au/node/8428> (above) as behind all this chaos is TRAUMA causing us to react to "chaos" with "social-engineered "order".

Most of us are still locked in non-sense, unable to sense the intentions coming from another and this clearly demonstrates why such a vast and terrible breakdown in communication occurred between those of "civilisation" (social-engineering) recording those not of "civilisation" (tribes of MAN on land). This problem continues on between us all trying to sense each others intentions while using a non-sense language to communicate with each other.

The conditioning behind words like "social" are extremely misleading. "System" words like "social" are mostly identified with hierarchical structures and other man-made IMAGE-POWER forms of order. The more we look into nature the more we are meeting men and women coming forward sharing information past down from their ancestors pre "The System" invasion. We are also discovering facts such as the Portuguese introducing the caste "system" into the lands we now call "India" somewhere around the mid 1400's/1600's and that before the caste system was introduced there were ONLY tribes/families of MAN spread out for thousands of kilometres.

When we learn to disregard what "The System" his-story/her-story tells us how to think and feel and act about our history we learn to reconnect with our ancestral ways/roots that have nothing to do with "The System" his-story/her-story of the "dark ages" or "cave man" or Neanderthal man" or "wars" or "evolution" or "carbon dating/time" or the misleading wonders of "ancient civilisations", etc, etc.

The Maze Of Language

Basically, all this Freemasonic/Satanic recorded history in any read and write alphabet language is severely compromised. Let's face it, were any of us present, that we remember, during the vast majority of their his-story? Can the writers of the his-story bring forward some first parties to back their stories? "Social systems is a system construct. It is when we learn to re-connect with the information of our ancestors that would have been passed down by word of mouth, through tribal tongues rather than read-and-write alphabet languages, probably through song, that we can learn the truth about how our ancestors lived. "The System" doesn't want us to remember this so it is highly unlikely that they put any of it in their his-story!

Also, the way Aboriginal "languages" were translated would have been way off the mark because they did not have the same constructs and concepts in the way they lived as those translating their communication would have been brainwashed into. How can the language of one way of life describe a completely different way of life. This is also why it is sometimes hard to describe our true capabilities and the way we sense we can live as free MAN on the land when all we have to communicate with is the dead language of "The System". Dead language because, when we use it, we are not using our senses. Instead, we are lost to non-sense when there is no sense. How do we describe what we sense with the language of non-sense? No doubt this is why there are so many "misunderstandings" between us. We end up in non-sensory story telling, repeating what others have told us.

When we are using our SENSES we are consciously connected with all of life as WHOLENESS - there is no separation causing "chaos" requiring "social engineered system glues" to bind us all together into a contrived "order", which is ALL about being under the IMAGE-POWER of another MAN.

For us, the answer is NO system, and everyone taking full responsibility for their lives - as you say, we are capable of creating what we need for abundant, truly free lives. However, we had a look at Trivium Education - we can clearly tell its flawed on many, many fronts. We use scrutiny to rout out all forms of NON-SENSE/SENSORY images/imagery so that all that is left standing is SENSE/SENSORY images. We go where the logic of truth/sense takes us - we never argue for any belief, faith or associated opinion, all of which are rooted in NON-SENSE. We have been working at unravelling all the BS and spells of "The System" since 2006. All alphabet languages are constructed out of mathematics which is derived from geometry/sacred-geometry. All three are abominations derived from black-magic and are cleverly crafted to trap the duped into fallen "states" of NON-SENSE (unconsciousness/death-to-sense).

This wonderland is designed brilliantly, cleverly trapping victims into living contrived lives that are fictionalised story-telling performances where they continue setting into motion non-sensory images that they believe are true but which will never lead them to truth and to stepping out of this man-made matrix. We see this all through the freedom truth movement. Here is a link <http://loveforlife.com.au/node/8369> where you can find our videos and articles, etc, that explain all this and so much more in greater detail, if you are interested in putting the work in. An interesting debate is the one with Raymond Karczewski <http://loveforlife.com.au/node/8414> which gets very intense and we get what you mean about attacks for just disagreeing with people! We are committed to creating Do No Harm communities that are not of "The System" but are all about living as MAN co-creating with nature that we are. Everything we need is already provided for us. We created a food forest video in February this year <http://www.youtube.com/watch?v=1sJCCvZ97A> which touches on some of the vision of Do No Harm communities.

Trauma + System Life + Government + True Purpose Behind Chemtrails And HAARP

Too Many Chiefs And Indians

The fact is, notwithstanding all the brainwashing and damage under the image power of another man's version of system life, and we think that most reading here would agree with this, we already are living creator (god- chief), we are already gifted in God's/living creator's (Chief's) likeness/image and have everything we need to create the lives we dream of and take full responsibility for our lives and for creating paradise for all to experience. We don't need leaders and followers, chiefs and indians. We are all chiefs and, if we are taking full responsibility for our lives and our tribes, we are all indians too. Can you comprehend that a true chief has never been under another MAN, has never been "educated" or forced under the image power of another MAN? This is at the heart of paradise.

The problem we keep seeing, is that everybody is trying to make indians out of chiefs and chiefs out of indians, to have others be under their image power, which is what "The System" is all about. This is what we have to work on - not sabotaging each other's uniqueness/originality, meaning we are not undermining the chiefs that we are and making us less than that. We are the true power but we have turned into petty, nitpicking, bickering re-presentations of MAN, none of whom have the guts to stand up and be who we really are as MAN, not reliant on any other MAN or any system, allowing people to be the chief and indian they are without being a slave or a ruler and without interfering while we work together.

Learning not to react or feel insulted or attacked or powerless when others speak what they are thinking and perceiving is part of being MAN healed from trauma. Under the image power of "The System", chiefs have been turned into wimps. They tell us there are 7 billion of us now but hardly any of us are chiefs, not reliant on anything except the life (water, living food, shelter) they are part of. Read "Control The Land And You Control MAN On The Land Displace MAN From Land And You Turn MAN Into Slaves" link posted below.

Most of the 7 billion are in chicken coups, producing eggs for their masters and squawking about their living conditions while not doing anything to take responsibility for their living conditions. Useless food eaters indeed - consumers of materialism and superficiality. Very few are living otherwise.

Paradise is being able to visit chiefs wherever we go, MAN of MAN creating unique lives of no harm, and being able to experience the full glory of the chiefs and how they live. This is very different from visiting Raymond in his caravan, plugged into "The System", surrounded by harm and reliant on slaves and rulers while he claims to be a Christ (chief). The only way we can reach our full chief potential is when we have land to care for where we can take full responsibility for our lives without having to answer to anybody else's expectations (thought control). When you are a chief, you are not under anyone else providing you with everything, you do not need contracts with councils or power companies and you do not need the shops to provide you with food and comforts.

We are not trying to tell people how to live (create) their lives, only pointing out the present pathways of harm that only lead to more harm and more harm and never to paradise. Most people are too lost to create their lives as chiefs because they are too busy following the navigational directories others have written for them. This is image power and Max Igan and One People are just a continuation of that image power.

Raymond, you have said nothing new to us. To us, co-creating paradise is paramount. Taking full-responsibility for that to happen is beneficial for everyone. With us, we live for no system because, once there is no more power and control over land, we all can have access to land to take full responsibility for our lives. There is room for everyone. We have already explained all this over and over and over again so we won't offend the "under 500 words" crowd by repeating it. Info can be found here: "The Spell Is Broken - Taking The Land To Create Kindom" & "The Steps Of Kindom": links provided below.

In reference to this present exchange with Raymond Karczewski & Max Igan here:
Link: <https://www.facebook.com/arthurcristian/posts/10201394869221762> - we replied to Raymond:

You missed out something here Raymond - the creation of our lives as MAN - do you sense them?

It seems you are only interested in promoting the creation of your life, Raymond. What seems to be happening here is that we are surrounded by people wanting us (everyone) to fit into their boxes. We shouldn't write so much is a common complaint - what if we just have a lot to say and try to communicate it as clearly as we can?

Is that a crime?

Is that Satanic mirroring?

And then our replies are knee-jerk, defensive, etc. As we have said over and over, who among you is here with us so they can see us getting angry, reactive, face saving etc? There is already so much stuff around about us, both negative and positive and we are past trying to please everybody. We are not worried what people think. We are not attached to the outcomes. We cannot force others to want to create paradise. We just put information out there so that those who want to can be inspired to find their own unique ways to co-create paradise. Like the sun that shines constantly, we do what we do for a purpose.

But.....sigh....all this has already been said over and over so what can we conclude from that? Either that no one reads what we write and makes the effort to comprehend what we are saying or we are completely oblivious morons with absolutely no idea about who we are. Yes, there are obviously those who would agree with that and that is fine, and maybe some of those people who think we are doing it all wrong and should be doing it according to x, y and z should come and live our lives for us, raise the children for us, walk the dogs, run the hectic household, take care of the gardens, take over the website, write all the articles and posts, answer the phone calls, greet the visitors, wear our clothes, etc, so that they can be sure that everything is done according to their expectations and instructions so then Arthur and Fiona Cristian will fit into the boxes required. Then they might as well dig holes for us and put us in them because there will be no reason for us to have a life anymore.

And no doubt this reply will be written off as knee-jerk, defensive, etc, but actually we are laughing at the absurdity of people who continually want to change who we are so that we act according to their navigational directory of acceptable thought processes and acceptable expression of those thought processes so we don't get "lost" and arrive safely at the destination they have pre-determined for us, something Raymond does again and again. Will the penny drop? And as for attacking Max, we didn't remove the FB friendship, we have no gripe against Max and he is welcome to visit anytime as are Raymond, Brad and all other detractors. Just give us warning so that we can polish the throne and get Arthur dressed in his ceremonial robes, with the collection box alongside (cheques/postal orders made out to Fiona Cristian) and please be extra generous if you would like a personal blessing from Arthur. Only takes about 16 hours to get everything in place.

So yes, we get what you all say, we just don't agree and we will continue to do what we see best as long as we have the energy to do so. Maybe we are wrong about everything we do. Well, if we are, then maybe others will learn from our mistakes and we will still have been useful in showing others what not to do and they will go ahead and create paradise for ALL, showing us the error of our ways as we see nature healed and restored and living MAN once again walking undisturbed through the food forests across Earth.

Let's see if Chief (Christ) Raymond's navigational directory of acceptable thought processes and acceptable expression of those thought processes so we don't get "lost" and arrive safely at the destination Raymond has pre-determined for us, kicks in again.

Link: <https://www.facebook.com/arthurcristian/posts/10201394869221762>

Regarding Raymond's Facebook Wall: <https://www.facebook.com/raymond.karczewski.9> - To us, what is very clear here is your ongoing attempt to plaster your Facebook wall with more and more lies about us Raymond. It's becoming pathetic. All correspondence we've been experiencing with you since 13th May 2013 is posted here <http://loveforlife.com.au/node/8414> so that everyone who comes to your Facebook wall can see the bigger picture coming from all sides. A System Remedy Is Not A Remedy

Max Igan sent us this Facebook PM Wednesday 2nd July 2013

your actions before spreading lies, hatred and false information

We replied.....

Max, the issue here is we stand for NO SYSTEM. We will do everything we can to expose and obliterate any idea or concept, sugar coated or not, that supports "The System", a man-made system under any guise. The NWO is "The System" under another guise, it will look something like Star Trek Federation in Nature. The NWO will be brought in by all the "Good Guys" bringing a new "oneness order system" to the present chaos engineered by the "Bad Guys". We know all the trickery going on to give the "duped", the impression that "serfs/commoners" are making headway with the courts of "The System".

Having some mini "slave victories" is allowed by FORCE. If they want covert control to remain in tact, they can't always be seen to be despotic/overt. This is allowed to happen and besides, the FORCE behind "The System" have planned, when it suits them and when they are ready, to cause the present western world system to completely collapse so they can usher in their next "oneness" version of it. As an example of many: One Peoples Public Trust now called One People.....

ONE PEOPLE

ONE SPIRIT

ONE WORLD - World means "The System" - the world is not Earth/Nature.

ONE HUMANKIND - Hue-MAN - a shade/colour/reflection/shadow of MAN - In this case the reflection/image projected by a MAN upon another MAN is "oneness". The intention is to trap a MAN under another MANS image-power/spell which happens when a MAN believes in the "story-telling" (spells) of "oneness". This is blatant social engineering.

MANKIND/HUMANKIND - means a kind of MAN as in monster, monstrosity, distorted, brainwashed, idiot, fool, robot, clone, drone, slave, etc. We are MAN, all unique and original, not one the same as the next. Mankind/Humankind represents a shattered reality.

ONENESS means SAMENESS as in Communism and Socialism - The correct word to use here instead of one/oneness is WHOLE/WHOLENESS (meaning: NO SYSTEM) which recognises the uniqueness and originality of all of MAN without conformity to social engineering which "oneness" (sameness) is all about.

"One" is lineal, has a beginning and an end (finite), therefore is trauma based (explained further down), is a lie, believers commit fraud when they claim "one"/"oneness" is true. "One" is projected, based, imagined in/from the past and in/from the future (explained further down). "One" does not exist, is non-sensory, meaning you can't sense "one", you can only fantasise "one" because "one" is not present with the presence of life embodied in its image to sense (touch, taste, feel, smell, hear, see) it. Thanks to trauma, "One"/"Oneness" re-presents a shattered reality.

Note: Children brought up in the "wild" by "wild dogs", etc ("The System" brainwashing calls them "wild animals" in the "wild" of nature as in dark, scary, hostile, not safe environment), who are discovered and brought back to "The System" (civilisation) do not recognise the reflection of themselves in the mirror. These reflections are seen in "3rd person" and until "The System" brainwashing sets in they always communicate in 3rd person This is exactly what we would all do if we were truly conscious (not brainwashed) because there is no 1st or 3rd person. All is WHOLE. However, from "The System" side of looking through the window of our extensive repetitive, pounding, brainwashing we see everything of 3rd person as 1st person, i.e, "name" on birth certificate, drivers license, "one"/"oneness", etc, believing these reflections is who we really are when in fact these reflections are not who we really are. Someone else trained us to think, feel and act in this way. Again, recently a Russian girl, around 11 years of age was discovered. She was brought up by dogs from around age 3. She did not recognise her "i" (eye) in the mirror and communicated in 3rd person. If she was with her family of MAN living in the "wilds" and raised by tribal-MAN all around her and without "The System" brainwashing she would be a living WHOLE example of conscious-living-MAN on land in present-sense. Currently, for those of us really waking up, it may appear to the brainwashed that we are talking in 3rd person about Nature, Earth, MAN, Life, but when we are using our senses we sense/see, in present-sense, that we are air, water, leaves, trees, birds, wind, sunlight, rain, dogs, mountains, river, Earth, Nature, Life, etc, etc.... The first party/person "i", "i", "i", "mine", "mine", "mine", "own", "own", "own", "one", "one", "one", etc, (shattered reality), does not exist and without it there is no 3rd person ("i"/"one")) either because we are already WHOLE, meaning we are already the unique and original of that WHOLENESS.

See this article but remember it is written by the brainwashed and references everyone brainwashed called "experts", "scientists", etc... Always use your senses and go where the logic of truth takes you that are the insightful jewels found amongst the voluminous garbage of non-sensory images. Always be on the look out for non-sensory/non-sense images and rout them all out because they are trauma based, are lies, and are blatant "story telling" made up by other men and women telling us how to think, feel and act = IMAGE POWER.

<http://www.ranprieur.com/readings/wildthings.html>

All these "successes" that you are seeing, and will continue to see, are part of the orchestrated plan, the blueprint, the agenda. Many of these victories, with a vast majority still to come, require a team effort of actors (judges, barristers, lawyers, politicians, priests, experts, plants portrayed as heroes, etc, etc), all in on the scam to dupe the people into believing, now and down-the-line, that the "bad guys" world is collapsing and the "Good Guys" are winning. Unless we keep waking the people up, the duped will not see/sense they have been had, got-at & set-up. They will not see/sense how they have been deceived into accepting "THE SYSTEM" GLUE of "oneness" binding them all together as "one people", "one spirit", "one consciousness", "one system", etc, etc.

This is not the first time those of "The System" have collapsed one version of "The System" and brought in another version (the phoenix rising out of the ashes - order out of chaos). They need to have the "bad guys" exposed by the "good guys" (hello Heather) so that we all start looking around for something better but very few wake up to the fact that the "something better" is just the next version of "The System" the duped are blindly being led into, with the same image-power-based families behind the scenes, the heads of the Star Trek "Federation in Nature".

We all know that they cannot use overt means to keep us under control. There are too many of us and they would have to be in constant struggle against us because we would rebel. So they use covert means to guide us into submission through propaganda that plays on our trauma, causing enough reaction in us to keep us malleable and enslaved. The marketing campaign for their 1000 year Golden Reign is obviously not going to come about with overt displays of force. Far easier to get us wanting, asking and longing for their 1000 year Golden reign. It's not as if the Knight's Templars have not already done this many times before, coming out as the heroes to rescue us from slavery, tyranny and oppression.

We don't see anything here that has not been done before with different processes. There are many "successes" in all areas of protest using law. Why? Apart from occasions where magistrates, etc, are just not good enough to think fast on their feet and deal with clever men and women who have done their homework, when we have and see successes, we are encouraged and think we are on to something and keep investing more and more of our energy into our processes which means more and more of our energy into "The System". Do you think they care????? So long as we are still putting our energy into "The System", they are happy because it is our energy that keeps "The System" going. We have already explained this to you in great detail. They do not care how much we protest and argue just so long as we keep using their information, sleeping in their houses and using their private corporations. Which is what everyone involved in One People is doing. They are all still plugged in.

We could start bragging about the many successes Arthur has had against "The System", some involving \$300k to others where tens of thousands of dollars were spent trying to get Arthur (and Fiona) to pay the SDRO a measly amount of \$\$, but these victories are still not a remedy that gets everyone out of "The System". With the method that Arthur has developed over the last couple of years, NO PAPERWORK is required. He is strong and smart enough to blow them all out of the water really fast. Recently, even the SDRO have sent him a letter offering Arthur to take back his drivers licence... LOL... all this after trying everything to con Arthur (and Fiona) into contracting with them. Refer to Letter Received From Roads & Maritime Services Offering Arthur Cristian His Drivers License Back - LOL - 11th June 2013: <http://loveforlife.com.au/node/8450> - If it wasn't for the children and the 4 assassination attempts, Arthur would be journeying on the road without plates, licence or anything and they would have to kill him to stop him, but, at present, the family does not have the support it needs for him to do this without leaving them vulnerable. And even then, being a Ned Kelly is not a remedy, which is why we prefer to focus on what we can do to bring about remedy as soon as possible.

Why no system? Because when you peel back all the layers, the dark heart of "The System" is all about trauma; trauma is behind everything of "The System", even the "good" bits. There is nothing in "The System" that can help us return to lives as conscious MAN on the land or help us create freedom, truth, joy, etc, for ALL, not just those who can do the paperwork. "The System" is all about greed and selfishness - it is what we are indoctrinated into and it is only by turning our backs on EVERYTHING of "The System" that we can remember who we are and begin the de-programming.

A lot of our Love For Life work is about exposing all the tricks of those behind "The System" so that we don't all follow along blindly down their Yellow Brick Road.

We were all once tribes of MAN on land, living with NO SYSTEM. This is where we have to return if we want true freedom, freedom from trauma. As you can see if you are willing, Max, what's going on with One People is only showing us who is taking the first steps down the Yellow Brick Road, who is still caught up in the codes, squiggles and digits, in the past and the future of System Life.

You said, "Hopefully this REALITY will give you pause to question your actions before spreading lies, hatred and false information about others in future Arthur... have a nice day brother."

What we are doing, Max, is exposing everybody who wants the system in any guise because anything to do with "The System" is lies, deception, hatred and false information and all of it is trauma based. This is why we live for no system. You have yet to say that you live for no system. Everyone who is connected to this deception will want "The System". Can you let everyone know where you stand on this, Max?

"Arthur, referencing yourself to "elucidate" on what you say is the height of egotism and not one single thing in the essay I skimmed over that you posted above justifies the lies, the hatred and the falsehoods you so readily created about me... you need to wake up because all you are doing is perpetuating division... I would never post hatred of another.... and even with the lies you posted about me (having never met me) I never even responded, because I have more respect for life than that.... in fact your own actions speak volumes about the you that you will not face... but anyway... the oppt did what it was supposed to do... it provided to tools for those who choose to step away from the system, to do so... the thing that has stopped more people doing so, are people like you who have a vested interest in maintaining the fight and the fiction for their own agendaspeople like you ARE the system...

and arthur, in order to create a kin domain, you need to first free the people of earth... and buying into your property in the mistaken and fictional belief that one can actually own part of the earth is simply stupid and circumvents the REAL issue completely... wake up brother

01:10

Arthur Cristian

These words "hatred", "lies", "egotism", "falsehoods", "division", etc, are just claims made up by you MAX. They are all lies. All you are attempting to do is create a controversy where there isn't one. You are trying to kidnap/hijack our characters so that you can impersonate them, claiming these claims are our intentions, coming from us, when in fact they are your claims (lies), you made them all up. You seem to really enjoy practising black magic as in remote viewing, remote control and remote projection. Are you psychic Max? Do you have a third eye? Our conscience is very clear. When it comes to your claims, we have nothing to be concerned about.

01:12

Arthur Cristian

Max said "and arthur, in order to create a kin domain, you need to first free the people of earth... and buying into your property in the mistaken and fictional belief that one can actually own part of the earth is simply stupid and circumvents the REAL issue completely... wake up brother".

We never made such claims Max. These are not our intentions. They are not the path you claim we are traversing.

01:12

Max Igan sent another PM

they are not "claims I made up" arthur they are an obsevation of your actions and the lies, hatred and false information you created and posted about me... people like you and the bullshit and hatred you peddle are a HUGE part of the problem because your own actions show you have a heart as black as coal

anyway, Im not interested in any long discorse with you as you are way too narcissistic to ever truly see the obvious. I just wanted to demonstrate how utterly wrong you were and how the OPPT's UCC filings have actually been helping

people. I dont hold any hatred, jealousy or anymosity towards you, as you do towards me and as you have amply demonstrated with your hate videos and disinformation campaigns and wish you well. ... I just wish you would wake up and start working for positive change rather than helping perpetuate division to serve your own agenda.

Don't bother replying as I have no interest in conversing with you past this point unless you happen to wake up from the illusion you are living in

Wednesday 3rd July 2013 11:13

Arthur Cristian

Then you are saying (claiming) you have lived with us, have had private, 1st party to 1st party dealings (direct experience) with us on an ongoing basis to know from direct experience who we really are? What you have posted here, these images, are of your own making Max and we don't buy into them. They live ONLY with you, there maker.

11:14

Max Igan

no, Im basing my opinion of you on the unwarranted lies, hatred and false information you have spread about me without knowing one single thing about me... and just think Arthur, we could have been friends, however you chose the path of lies, anymosity and self promotion at the expense of others... pity

13:14

Max Igan replied (after he received the posts on Trauma, System Life & Govern-MEN-t) from us.

lol... another essay referencing yourself to back up what you claim?... lol...damn you have to be the most self absorbed person on this planet Arthur...
yeah trauma is trauma ...and false information and lies directed at another to serve a personal agenda, is false information and lies directed at another to serve a personal agenda... and you sir are a nasrcissitic idiot

15:34

Arthur Cristian

This is Fiona here Max with Arthur. Why are you so keen for a fight? You do not have to like what we say. We have no problem with that. Why don't you go and do some more One People promotion, as that seems to be the way you see to create paradise for all without leaders and followers? Unless you do not want paradise for all.

15:34

Max Igan

Well Fiona, I think you should be asking yourselves those questions as Im not the one who posted lies, hatred and disinformation about a fellow researcher,... that was you.. it was you who decided to start the fight.... from this message, you are obviously just as sarcisitic, just as bent on division and the perpetuation of the system to serve your own agenda, and just as bent on establishing your cult and as quite obviously just as black hearted as Arthur

over and out

16:14

Arthur Cristian

All lies are a curse - all liars are cursed - with us the makers of curses/lies are forced to process and amplify them exclusively with no way out until they make whole with those they intended to harm or have harmed.

16:27

Max Igan

then, as you have clearly stated, you are cursed
goodbye

16:31

Arthur Cristian

Then you have nothing to be concerned about.

The Thought Of A Christ Is Not A Christ

Raymond, we would never claim that we are fully conscious MAN, free from the influence of the brainwashing of "The System", thinking unique thoughts inspired by the dream of life. This is the case for the vast majority of us across Earth; we are still compromised and still under the influence of our conditioning as we wake up to what we have allowed to happen to who we are. As many of us are realising more and more, all our thoughts of awakening, and our discussions and debates about our awakening, while helping us get clearer about truth and what our awakening means, are not the same as living as awakened, fully conscious MAN.

All of us involved in these discussions, whether actively or just through reading, are still plugged into "The System", still relying on it to provide for us in many areas. If we were fully conscious MAN, we would be communicating with each other through our senses rather than through satanic alphabet languages, equipment, services, materials and consumer products. If we were fully conscious MAN, we would no longer be plugged into "The System".

So where does this leave you, Raymond?

You claim to be a Christ, but in present-sense you are not living the life of a Christ. A Christ is what we call a fully conscious MAN setting the life of that consciousness in motion so that the presence of this consciousness (Christ) is present in present-sense. As you have said before, "The thought of God is not God". Well, the thought of a Christ is not a Christ, either. We cannot be Christs while we are still plugged into "The System", still supporting "The System" and especially while we are calling for a "better" system. A true Christ does not need a man-made system. At present, you do, Raymond.

A true Christ senses his/her brothers and sisters of life and feels their intentions, senses their lives in present-sense, whether agreeing with them or not. Under these present circumstances, when your brothers and sisters come to you via the internet, etc, Raymond, they are met by your mirror that is the conversation (thoughts) going on ONLY between your ears that they have to enter into to converse with you. With us, you try to trap who we really are in the mirror of your making that is constructed ONLY out of your thoughts.

Your mirror is not "another level of consciousness"; it is just constructed from your thoughts and you refuse to see anybody except through the thoughts of your mirror. You are trying to embed who we are in your mirror which makes you trapped in the mirror of your own thoughts. This is an example of the Satanic trap that binds MANS' lives to it. When you converse with us through your mirror, you are setting the boundaries for our interaction, bringing us into your conversation. This is Satanic ruled consciousness. Your mirror is a claim of your making that goes against everything you are saying. It is intellectual and limited in scope. Repeat, ONLY your thoughts of us are in the mirror of your own making.

Our challenge is how to learn to live with each others differences by becoming more empathetic and learning to sense each others intentions. When we sense each others intentions we are now outside the power and control structure of an individual (in-divide-u-all) satanic ruled intellect.

Our challenge is to learn how to set into motion ideas that change the way we live so that we stop causing so much harm to who we are. You are still trapped in the idea of being a Christ still plugged into "The System" and criticising us for setting into motion the idea of living without a system of harm. We cannot "be in this world but not of it". While you are living in "The System" you are of "The System" because your life energy is still maintaining and perpetuating "The System". While you are still plugged in to "The System", you are feeding "The System". While you continue being plugged into "The System", presently via your caravan, it is clear that you are both of "The System" and in "The System".

It is not just ideas that are responsible for hell on Earth. Ideas are just ideas. It is MAN setting those ideas into motion (giving these images LIFE) and maintaining and perpetuating them that is fully-responsible for hell ("The System") on Earth and we are fully-responsible for creating Paradise on Earth if we choose to. We cannot escape thought. Everything is a thought in a thought; it is the choices we make about what thoughts to give life to (set into motion) that determine our lives. The fabric of the dream of life is a thought of many thoughts all threaded together by the thread of life MAN/Living-Creator set into motion. It is MAN weaving the fabric of life. DNA is the thread of MANS thought being set into motion (given LIFE) by MAN.

Imagine that you had 100 photos in front of you. You pick them up, one after another, looking at the images and putting them back down again. Then you pick up one that appeals to you. Instead of putting it back down, you pore over it, taking every detail, thinking about what you see. Now, if the image you see really affects you, you may decide to give life to it by creating that image in your life. It could be a picture of far off countries that inspires you to save up your money and go travelling, it could be a beautiful house that gives you ideas for redecorating your home, it could be a photo of a sports star that gets you out of bed in the mornings to get fit, or it could be a baby gorilla orphaned by poachers that has you pack up and volunteer with a rescue organisation. Or it could be an image of a sustainable, living home surrounded by a food forest with no signs of any harm to life that has you begin to withdraw from "The System" back to a life as fully conscious MAN. The images we choose to give life to (set into motion) become the world (LIFE) we live in.

Yes, ideas are fantasies (reflections) and your mirror is an idea, a fantasy, reflection of your own making, a dualistic (duel-i-stick-c) idea that you try to trap people in. Your mirror is of the intellect of your reflection so how can it reveal truth if truth only comes when the intellect is silenced. In your case, how can it be silenced when it still bounces to and fro between your ears as a reflection of your own projection?

We all have our unique thoughts, that are "private", more or less (to us, what "private" really means is that we each have, or were supposed to have had, unique original thoughts of our making, of our dreaming, of our dream-time, stimulated and inspired by the sensations of Nature/Earth/Life/MAN that is the dream of life all around us). It is when we try to impose our thoughts (dreaming) on others (MAN), to capture them (MAN) in the reflections of our thought projections by claiming that we know more about them than they do because of our thoughts about them, that it all goes wrong. What we are now describing IS the artificial DNA that weaves the non-sensory-fabric that is "The System" and this is how we create drones and robots.

How can we know the true intentions of others when we cannot hear them above the noise of all the reflections of our thoughts? When we use our senses, we can communicate with someone from another culture who does not share our alphabet language because we sense their intentions and use sign language, etc. We do not need to trap them in our alphabet language reflections which is what we all do to each other through English and other Satanic engineered alphabet languages.

You talk about the resurrection of the "spirit of divine awareness"? What are the practical steps for setting this "spirit of divine awareness" into motion in our everyday lives? Isn't it all about empathy, compassion and sensing the intentions of others so that we learn to live without doing harm to others, without trapping others in the reflections (mirror) of our thought projections (dreaming)?

To us, it is clearly obvious that honouring, protecting, encouraging, inspiring, nurturing, supporting, etc, (all the virtues of love) the uniqueness and originality of MANS dreaming is paramount, that every MAN needs to have that creative "space" of love to dream their unique lives into motion. To us, this is the practice of the "spirit of divine awareness" in everyday, practical, doable sense. If all our ancestors were not trapped in the reflections (intellectual thought control) coming from other men and women manipulating and interfering through their enFORCED projections of how we should be thinking, feeling, doing, living, etc, their descendants, us, would still be living in Paradise. But that ain't the case, we're currently too busy being distracted, entertained, compromised and trapped in "The System" that was given birth by another MAN'S dreaming.

The photo you have chosen to give life to, Raymond, is the photo of you in your caravan, keeping everyone at arms length with your mirror, talking about setting into motion a new govern-MEN-t, a new system. How does this stop the harm? Along the way, we have examined many, many photos and the one we keep coming back to is the photo of Kindom because it is the only one that we have come across that puts an end to the harm, an end to the dualistic lies through the living demonstration of non-dualistic truth.

This is what we are about, Raymond, but, like everyone else, we are compromised and still reliant on the dual(duel)-istic system. We would love to stop duelling, to learn to live together without harm, without fighting and bloodshed, to inspire enough people to take full-responsibility to stop setting the images of harm (dreams of another MAN) into motion, to put down the photos of harm and pick up the ones that heal the damage. You do not say you want to do harm but neither do you say you want to live with no harm.

Your mirror is a dual/duel because you claim it is non-dualistic but then you insist on putting other men and women into it, without their permission. Why don't you just keep your mirror for you rather than imposing it on others? This is a dual/duel; why are we in your mirror? Why can't you see/sense who we really are outside your mirror? Leave us outside your mirror and recognise us for who we are, just as we do for you. This is the "spirit of divine resurrection" in process, the intellect silenced, the "dual/duel", the power struggle, gone. Why are you "arguing over every jot and tittle"?

Your release from hell comes when you give up your mirror (with your CHRIST in it) and honour the uniqueness and originality of another MAN.

You talk about giving up the lies but you are still living a lie. Your caravan is a lie and your use of "The System" is a lie and your support of the continuation of slavery through a new, "better" govern-MEN-t is a lie. Your caravan and other trappings of "The System" are the "cultural clutter" that you surround yourself with. Getting out of "The System", i.e., co-creating Kindoms, is getting "beyond the influence of Satanic thought". You are still holding up the photo of "The System" and giving it your life. Why don't you put that photo down and give life to the idea of the living Christ that you are (that we all are), free from the influence of Satanic thought and free from doing harm?

A Christ is a conscious, living MAN who does not put another MAN under the images of his thought; why then are you putting us in your mirror under the labels of face-saving, paranoid, disturbed, etc? Can we bring out the Arthur and Fiona from your mirror and find out from them whether they are face-saving, paranoid and disturbed? This is the illusion you are creating in your mirror. It is only your thoughts of us that are in your mirror, not us or our thoughts of us. You, with the shield of your mirror, are unable to discern (sense) who we really are.

You claim that the reflection in your mirror is truth. Can we hear that from the reflection? Can we hear from the reflection of Arthur and Fiona that it is truth and that Raymond knows our intentions (our dreaming) all the while he disregards our intentions? Are you practising black-magic remote projection, remote viewing, remote control? Here in "Bowral", "NSW", "Australia", are you in the room with us while we struggle to "save face"?

We are the living, Raymond. In present-sense, we are MAN that is Living-Creator (God) that is the resurrection of the divine spirit of truth, just as you are. MAN is the living truth that is always with you. However, the thoughts of Arthur & Fiona Cristian that you have, are just thoughts. We are not trying to put you in a mirror, we are not labelling you and your responses. We honour both the living-MAN(creator), Raymond, and the work he does, at the same time as pointing out that we do not see a remedy in it. When you sense us, you are sensing the presence (LIFE) of the living MAN (creator) present to you in present-sense. Your thoughts of us are not in the picture, are not involved. There is no mirror here. But when you create a mirror, it is of your thoughts; we (the living) are not there.

You perceive that things are wrong and explain your perceptions very clearly but you are not prepared to do anything to change the disturbed, traumatised, natural environment around you. When are you going to give life to your perceptions? If you want to bring heaven on Earth, can we come and see how you are living it as a shining inspiration for others? When are you going to give life to your work (set thoughts into motion) so that everything around you (LIFE) changes?

We have seen the illusion of the photo we have been holding and how compromised that image makes us. We want to pick up another photo that shows MAN living in nature, out of the grip of "The System", taking full responsibility for our lives, no longer educated slaves. The Satanists don't want us to walk away because without us, they have nothing. You say truth is beyond the limited scope of the Satanic intellect. We agree. So let's start putting into place the way of life that gets us there.

nb = Nigel Beckwith
rk = Raymond Karczewski

nb: "It may not be popular, but the truth is, we have to work hard together with Ego under control if we are to make a difference in this world. That is the only way."

rk: < It is impossible to change anyone else but yourselves. Therefore it is impossible to change the world ruled by thought. That is the satanic trap which binds men's souls. It is that enslavement to satanic thought which is demonstrated when men argue with one another about the validity of their images and illusions, ghostly spectres which captivate their conditioned ego driven intellects. One must step out of such satanic ruled consciousness to "be in this world but not of it." Speak only Truth and you shall be seen as an enemy of the Civilized World.

nb: > We are always influencing each other Raymond. It happens all the time. The reason the Satanic world works like clockwork..for them is because they DO work together. Just what do you expect to happen? When we change ourselves do we change our surroundings? I mean be clear and say how you expect to get out of this trap? Looking after No 1? Or trying to raise your own consciousness, and then that of those who have ears to hear?

rk: Nigel, your focus is intellectual therefore limited in scope. A hundred people working together based on an ideal, is not any different from One whose life is lived on an ideal. Ideals are satanic illusions. All Ideas are fantasies, be they positive or negative. They are dualistic mechanisms which make for division, conflict, violence, power. It is responsible for Hell on Earth --NO EXCEPTIONS.

rk: The release from such hell comes only with the resurrection of the Spirit of Divine Awareness, Truth, once the intellect is silenced. Why continue with all this nonsense of arguing over every "jot and tittle." when all you have to do is mirror the dualistic lie with nondualistic Truth.

rk: Here is how you change yourself and therefore your world. From this moment forward until the moment of your death, NEVER TELL ANOTHER LIE. Not a Black lie, nor a White lie. Nor a lie of omission. Nor do you support any lie. You BOYCOTT, BOYCOTT, BOYCOTT LIES. Do that, and you are FREE, BEYOND THE INFLUENCE OF SATANIC THOUGHT.

rk: When the lie is not, the illusion is not -- TRUTH IS. I assure you, that YOU WILL RAISE HELL WITH THE WORLD AROUND YOU. Have you not seen that clearly demonstrated in damned near, just about all of my relationships with others on the Internet? Why is that? We use the same language, don't we, the same words, yet my energy disturbs their status quo of belief padded cubbyhole in hell, does it not?

rk: You see, Nigel, and all others reading this, the Lie, is the basis of the Civilized world, ruled by a Satanic thought-based Intellect.

rk: I acknowledge that is is a given that we must use Intellect to solve technical problems and to communicate through language with other intellects, but it is only the Christ, the simple man/woman of Truth who is master of his/her own Intellect, while all others remain slaves to their satanic, dualistic, opposing, outer directed/conditioned intellects -- the computer-like instrument which makes up their CULTURAL view of the world.

rk: You've heard the adage, "You can't make a silk purse out of a sows ear." Nor can you or anyone else make a Master out of a Slave. Such transition comes only when the lie is seen for what it is and falls away only to reveal what has been previously hidden from view by all the cultural clutter -- TRUTH.

rk: Truth is unassailable, invulnerable to harm from attacks by Illusion. It just pisses pompous satanists off when their illusions are reflected back to them by the simple "Mirror of Truth". That is the only change that can come about in a relationship between the mass mind of satanic illusion and a simple man in resonance with holistic Truth.

rk: Many view me as a pompous "knowitall" In their conditioned, complexity, but ignorant-ridden state of dualistic confusion, they are incapable of discerning the simple, nondualistic energy of a man of Truth.

rk: The satanic ruled intellect must be silenced for the Resurrection of the Divine Spirit of Truth, God to reveal itself. Truth, God is always with you, but has allowed Satan, the "petty god of Intellect" to seduce you away from it with promises of Illusions which are fleeting at best when one comes to understand the eternity which is life.

rk: Arthur Cristian, a good man, stands proudly when he demands first party proof of Truth that cannot be proven but remains self-evident to the spiritually sensitive, the spiritually sighted. Arthur stubbornly remains at the intellectual level of the "Idea of Truth," a mechanical, dead concept which he shares with lawyers, other wordmeisters, and manipulators of such images which can and is indeed, subject to proof. Truth is well beyond the limited scope of the Satanic Intellect and therefore is immune from the slings and arrows of Illusion.

rk: That is what is meant when a Christ, a Simple Man/Woman of Truth states that he/she "are in this world, but not of it."

rk: Nigel, I hope this clarifies a few things for you.

How Many Visitors

We created 3 OPPT YouTube videos to explain the bigger picture (they are intentionally long-winded), links provided below. A 4th OPPT video was made in March as well and has been sitting in limbo awaiting us to finish a 9 minute piece of music (Pink Floyd like song) that got sabotaged due to faulty new equipment forcing us to re-record the whole project (sigh).

Through gifts received (everything we do is through gifts received) we not only created a food forest garden demonstrating how to grow a vast amount of abundance in small spaces (YouTube link provided below "From Bare Dirt To Abundance" posted Feb 2013) we are also building a professional standard home recording studio to record/produce over 100 inspired songs we've written.

Without being compromised The Love For Life website broke mainstream in mid 2007. A few years ago we were told by a software engineer systems analyst working in the military industrial complex that out of 140 million or so websites up on the net and based on traffic flow the Love For Life website was sitting around position 144,000, which means it's sitting below the 1% mark right up there with the big boys biting their ankles. Another fella around that same time showed us a software method to view traffic occurring on a day to day basis on Arthur's Facebook wall. During a two week period Facebook was saying anywhere between 20 thousand and half a million browsers had visited Arthur's Facebook wall on a daily basis. The ability to monitor this traffic flow was stopped by Facebook not long after we were running this software. We still are not sure if we were being misled/deceived or not by this software.

However, recently we were contacted over the phone by the head of a group of private "freedom-truth" investigators and researchers who told us that over a 4 hour period and from a 100 different locations across Earth, all using different ip addresses, they clicked on the same Love For Life video posted in Arthur's YouTube channel: OPPT And Slavery..... part 1. The head was monitoring the click counter over a 24 hour period and noticed that it had only gone up by three clicks. Including 20 other videos created by others found on different YouTube channels, none related to Arthur's work, all who were posting truth (not compromised) information, they performed the same experiment over and over again during a two week period and found similar click count results. We (Fiona and Arthur) have always sensed there was a problem with YouTube click counters and it was great to have this confirmed by a bunch of strangers who we have never met. We still don't know who they are or where they are from. It's obvious why those behind YouTube are messing with click counters, they don't want the general public to see the popularity of such work spreading and spreading. What a bunch of idiots, as if messing with click counters is going to stop truth from spreading all around or even stop us from continuing. We don't give up, we are relentless in spreading Love For Life work and we don't get concerned about click counts either, we create, release and move on to the next create and release, and then we create and release again and again and again. Whether click counts go up or not does not matter to us, we are not emotionally attached, even if only one MAN watched our videos, this will not shape our attitudes. Through the blowtorch of scrutiny, we always go where truth takes us, we refuse to argue/protect beliefs and statistics. Lets see how beliefs stack up - they always get demolished. Truth does not require belief, faith or associated opinion.

The Hidden Codes

David Icke stayed in our family home for 1 week back in 1996. He knows us just as Jordan Maxwell and so many others out front of the freedom, truth, consciousness awakening, alternative, etc, movements know us. We've corresponded with many of them over the years, mostly instigated by them. Almost ALL of them (thousands of them) are working against all of us. Why and How? Let's chat over Skype/landline or give up heaps of your waking life to dive into Love For Life articles, debates, videos, etc.

During that week, everyday Arthur was around David Icke looking after him, driving him around here and there, Arthur kept having

periods of terrible sick gut feelings as if he was going to buckle over and enter into a horrible state of convulsion. He kept thinking something was wrong with him. It was not until 2005 when the court case over the theft of the family home started that we learnt about the secret codes (meanings) of every English alphabet letter. A script analysis was done on David's book "The Truth Shall Set You Free" and BINGO out leaped in every page another language blatantly written in code for those initiated into "seeing" them as in "all seeing" (eye = i). We were shocked and in denial for up to two weeks until we realised what was really going on..... "We Will Lead Every Revolution Against Us". We rang David overseas and confronted him about how he knew these codes and why was he (or whoever is writing these books with him or for him) using them throughout his book. He refused to answer, fobbed us off and ignored us until two years or so ago when he wrote to us again. Through email (we keep all correspondence) we again asked him about how he learnt to use these codes? He refused to answer.

The layman who came into our lives back in 2005 to share his 35+ years researching old autobiographies written by archbishops, bishops, etc, during the 1700's/1800's, found that the bibliography sections contained extensive information about the codes (meanings) of the English letters. These books are almost non-existent now. They've almost all been removed. The craft of making the new English alphabet language back in the 1200's was called the "New World Language". This elderly layman also researched very old Thesaurus and Oxford Dictionaries as well. Those terrible sick-gut feelings Arthur was getting around David was just like the "Lost In Space Robot" calling out "Warning Warning Warning Will Robinson",..... it was consciousness through our ancestors in the water of our breath warning Arthur about David. The New World order is being led in by the "Good Guys" who are providing a path-way (cure) to all the chaos caused by the "Bad Guys". The current chaos of harm and terrible corruption, destruction, etc, is not part of the New World Order, it is the remedy to this engineered chaos that is the NWO which really is "The System" under another guise. The "Good Guys" work together behind the scenes with the "Bad Guys". They all come out of the same Freemasonic/Satanic orders, clubs, sects, fraternities, societies, etc.

Things are not what they seem with David Icke (and so many others like Benjamin Fulford, Alex Jones, Jeff Rense, Kevin Annett, Brian Gerrish, Project Camelot/Avalon, Thrive, Peter Joseph/Zeitgeist, etc, etc).

TRAUMA

By Arthur Cristian
Love For Life

1st June 2013

Trauma needs to be healed sufficiently in all of us so we can continue progressing fearlessly towards our collective do no harm community/paradise on earth objective. What we've been learning through direct experience over these last 8 years is staggering. The depth of trauma is so extensive that hardly any of us know how to live without reaction to trauma, in one form or another, shaping the decision making which forms the outcomes of our lives from sunrise to sunrise.

So totally absorbed are we by the trauma of our past and the trauma that we perceive in the future, that we have barely a moment to consider, contemplate on and be conscious of the present, here and now. We are so caught up in the false idols of codes and symbols, in squiggles and digits and fictitious values, that cause us so much reaction, so much stress, that we are incapable of being present as we are swept along in the story telling of those codes, squiggles and digits that may or may not rescue us. The whole of "The System" is trauma based and is a man-made hell. We are not of hell yet we are so compromised by it. We are determined to inspire MAN out of hell so that Earth is again the living paradise it was dreamt to be. Getting MAN out of hell is a huge team effort.

SYSTEM LIFE

If someone hurts us, we feel the trauma of that hurt, of that intention that has been imposed upon us. The trauma that reverberates in us is not of our making. What is of our making, what we do have control over, is our reaction to that trauma. Do we allow it to possess us, living our lives out of it, or do we move on from the trauma, healing our bodies and brains/senses, so that we can let go of the trauma and get on with our lives? The same applies with "System" thought control or the IMAGE-POWER another MAN has over us. Most of us are spellbound by the representation of thoughts, ideas, images made up by other men and women, none of them uniquely created by us, having us trapped in the perpetual reaction of a vicious cycle mirroring the gruesome, pounding repetition of our system education, going over and over and over the constructs and concepts of "The System" in their alphabet languages so that they become habit. But these constructs and concepts are not us - they are the trauma of a

SYSTEM LIFE that has been forced upon us, that we are compelled to react to, making us robots as we perform the clockwork of the programming of system life. We are no longer MAN, we are SYSTEM LIFE.

"The System" of men and women who live for and follow its instruction forces trauma upon us but it is up to us how we react to that trauma so then you could call it "trauma created from "within"", the "within" being just the echo of a residual memory of harm. But, the fact is, if a man rapes you, he is forcing trauma upon you, even though you have a choice how to react to this trauma. However, we recognise the wholeness of life and even though each aspect of sensory life, inanimate or not, tiny or not, is unique and original, we sense that there is still no separation of life which means that any trauma forced upon any aspect of life is trauma for all of life that has to be healed by all of life. It is trauma that gives us (MAN) the compelling-emotion of separation, disconnection from life that is Nature/Earth/MAN.

The reaction to harm upon sensory LIFE/MAN causes the illusion of separation as MAN reacts to the effect of trauma upon MANS life. It is this illusion which "The System" is constructed out of..... ALL OF IT IS TRAUMA BASED!

Re-Presenting "intellectual property" that are thoughts, ideas, images, made up by other men and women telling you how to think (react), feel (react) and act (re-act), is clear evidence of the effect of trauma and its purpose designed by the intender.

Where can innocent children, not exposed to "The System" or to anyone exposed to its brainwashing education, go anywhere in nature to learn about trauma, with its illusion of separation, without anyone (MAN) having to explain it to them or force them to experience it?

From our perspective, the best thing we can learn from the damage caused by "The System" is how not to repeat the damage. That is its only real benefit. There is nothing else to learn because all the empathy, compassion, strength, etc, we feel we have learned from the damage are actually qualities we naturally possess but which have been crushed out of us by our SYSTEM LIFE. We are struggling to get back what we already have! Let's create lives for those around us so that they don't have to be crushed. It does help to get off the grinding roundabout of our SYSTEM LIFE stories of pain, suffering and brainwashing because they do not free us.

GovernMEN-t

By Arthur Cristian
Love For Life

1st June 2013

When we live for and focus on Govern-Men-t we continue to support the enslavement of MAN under government. When we live for and focus on Kindoms of Food Forests we continue to support the freedom of MAN. It was when MAN left Food Forests of Kindoms that MAN became a slave under government. Food Forests sets MAN free because we are no longer under the Image-Power of another MAN telling us how to think, feel and act.

Each of us provided with the full-responsibility for caretaking of a Food Forest allows us to be unique and original MAN because we have created unique and original thoughts inspired by nature all around us - that is ALL that we know. There is no other MAN educating us to be under their IMAGE-POWER.

What now stands before all of us is the choice of a "SYSTEM to live for; we either live for a man-made system of govern-men-t or we live for a natural system of Food Forest Kindoms. With the choice of government we give up our power to be under limited liability; living on land is now controlled by others dictating to (educating) us how to be a MAN on land, how to think, feel and act as a hue-MAN in their world, under their IMAGE-POWER. We have given up our "rights" to be free - we are no longer unique and original MAN. With the choice of Food Forest Kindoms we live by FULL-Responsibility to do no harm to Food Forests so that we do no harm to MAN living in those Food Forest Kindoms. We live for the co-creation of Food Forest Kindoms that is a team effort of MAN recreating Food Forest Kindoms to set each of us free to live by full-responsibility for everything we think, feel and do.

Kindom is a team effort where the best of land is for the benefit of all of our tribe/Kindom/village/community to enjoy and all other "lesser" land is turned into hectares (2.5 acres is more than enough space of land for each family to take responsibility for - 1/3 for home, 1/3 for gardens of space and 1/3 for a food forest joining all other food forests of their Kindom). With Kindoms, we help each other build our shelters/homes and gardens so that we can all be set free from being under govern-MEN-t forevermore.

Anyone Who Claims Not To Be In The System Will Not Reply To Any Of This As They Will Not Have Electricity Or A Computer. It Would Be Rare For Someone To Just Leave Everything, Go Bush And Live Off The Land. I'm Sure You Are Still In The System, I Am Still In The System."

We replied.....

Yes, as a severely compromised family we are still in "The System". Even though Arthur no longer has any contracts with "The System" since early 2009, he is still relying on Fiona and others who do. Getting out of "The System" is a very big step, especially as most of us cannot really imagine how that would be!

However, we realise that getting out of "The System" is the only choice for freedom which is why we have been pushing so very hard since 2006 for "The Steps Of Kindom" REMEDY and with it, "The Spell Is Broken".

But nothing will happen unless there is enough of us immensely hungry, determined and FEARLESS to make it happen in present-sense.

Refer to the thread below "Richard Thompson said: "This sounds like the new age un agenda 21 sustainable bullshit and because of that i did not watch it...": <https://www.facebook.com/arthurcristian/posts/10201318155743973> with our replies to Brett Anderson who we respect heaps BUT who appears to be like almost everyone else, not hungry or determined enough to do something about it here and now.

The inconveniences that will arise in actually doing something will arise no matter what the circumstances may be when and if we decide to do something in present-sense.

The "God" of APATHY and PASSING-THE-BUCK rules supreme.

Most of us are kept in line through the extensive trauma conditioning we've been hammered with, clearly designed to stop us taking FULL-RESPONSIBILITY to create the essential steps we MUST all take here and now to move away from

the grip of fear our "System" masters have had over us and our ancestors going right back to when they were conquered and broken down into slaves.

The trauma is so all-pervasive and powerful that it has an immense hold over us making us extremely greedy and selfish, driven by the fear of trauma and of the inconveniences of letting go of "The System" and the feeling that we cannot trust others so we have to go it alone, stuck with our private complaints and the ongoing sounds of clanging chains coming from our severely compromised victim status. We have so much fear of letting go of what we claim we "own" in "The System" and the greed and selfishness created by the uncertainty of life and the lack of abundance in "The System", that we need the FORCE of "The System" to provide protection at the cost of everyone else suffering in "The System" which includes the loss of freedom, peace, joy, abundance, etc, that comes as we continue selling each other out all-the-time.

This is all trauma.

But it is only through letting go of our fear and our greed and selfishness that we will find true-freedom.

Greed and selfishness make people go off and buy a piece of land so that they can have "their" freedom but that does not keep "The System" from the door and does nothing to create freedom in the lives of those around them and us. It is only through getting together and confronting those of "The System" when they come knocking that we get them out of our lives. Even better when the FORCE behind "The System" no longer exists to come knocking on our door.

"Community Immunity" through large numbers is what they fear and are powerless against. There is no point in half a million of us going to the city to protest and then going home again, still plugged into "The System". Those of "The System" don't give two hoots about this and, in fact, they orchestrate and control such protests because people feel they are doing something when they are still giving all their energy to "The System". They know that the thought of freedom is not freedom. They know that they can manipulate slaves to exhaust their life-energy at rallies, social-media websites, watching footy, masturbating over sexual images, getting pissed, being entertained by petitions, etc, etc, without ever giving LIFE consistently to the thought of freedom. For slaves, the dream of freedom is just that a dream, a thought, an idea always at arms length. The "spell" and PULL towards compliance and addiction to "The System" is so very strong that slaves are back at work the next day or are falling into regimental lines receiving government hand-outs.

If we want to be free of "The System" we have to change the way we are living. At it's hearts and our hearts, this is what the whole debate we recently had with Raymond Karczewski has been about - the thought of our freedom is not the same as creating and living our freedom.

And Raymond Karczewski
Starting 13th May 2013
<http://loveforlife.com.au/node/8414>

Note: the final instalment to this debate, Parts 2 & 3, will be uploaded ASAP. They go deeply into the background of trauma. To us these posts are a huge eye opener clearly revealing how and why the Freemasonic/Satanic world create trauma and brilliantly use it to trap MAN into enclosures where they can be used as slaves for whole life-times.

We are so compromised that sometimes it seems impossible to take the steps away from "The System". They know this and know that this is why most of us are still choosing "The System" over freedom because we are not prepared to give up our system addictions and deal with the many sacrifices and potential suffering we all have to go through to get out the other side.

The power of many of us coming together as "community immunity" to show that we can live together in peace without "The System" is the only method, bar earth-wide extinction brought on by an earth fever, that will break the back of "The System" because, once we no longer need "The System" physically, mentally and emotionally, they have no power over us and "The System" will fade away because no one is giving it any life-energy any more.

When we all come together to be the gift of life for those around us, giving up our self-centredness to labour so that everyone has food, water and shelter and being prepared to stand up for each other so that we all have people we can count on is how we heal the trauma that has us locked into "The System". We are confident that, once a few of us come together to do this, we will soon be saying, "Why didn't we do this years ago?" Yes, we will work hard until we have broken down the FORCE behind "The System" and got rid of it, but the satisfaction of what we achieve will be far

beyond that which we feel from the distractions of "The System". But, hey, there is nothing said here that we have not said before because this is what we have been determined to create since 2006.

Arthur & Fiona Cristian

From A Recent Facebook Post.....

"Time" is not the issue as it doesn't exist. What is really going on here is reaction to trauma. "The System" and everything of it is trauma based. Refer to our articles and videos for more on this. GeoEngineering is all trauma based too. Both those behind it and those at the effect of it are all reacting to trauma. As we shared earlier, "Trauma needs to be healed sufficiently in all of us so we can continue progressing fearlessly towards our collective do no harm community/paradise on earth objective. What we've been learning through direct experience over these last 8 years is staggering. The depth of trauma is so extensive that almost all of us don't know how to live without the reaction to trauma, in one form or another, shaping the decision making which forms the outcomes of our lives from sunrise to sunrise. The whole of "The System" is trauma based and is a man-made hell. We are not of hell yet we are so compromised by it. We are determined to inspire MAN out of hell so that Earth is again the living paradise it was dreamt to be. Getting MAN out of hell is a huge team effort.

And a copy of a reply in that post: "In the water of MANS breath where sperm and egg come from we already have all of Paradise in us, as us. Though much of it has been ignored/distracted/corrupted/distorted/suppressed/etc, thanks to trauma (impure insincere thoughts, feelings, actions, dreams that do harm), we are all still completely made out of that heavenly stuff (pure and sincere do no harm thoughts/feelings/actions/dreams).

All you have done was to take full-responsibility to repair whatever you could of the damage done to you because your natural heartfelt connection with paradise is stronger than with the bullshit hell surrounding you. We are all presently struggling through the bullshit of hell's trauma to get back to where we are now. There is still a way to go to have us all living paradise here and now.

Bar not doing harm to MAN/Earth/Nature and being conscious of not doing harm there is NOTHING else to learn from HELL. If we and our ancestors had not been interfered with, we would already be living paradise in present-sense. From the instant of conception children are already equipped with all the tools for co-creating and expanding paradise all-around. The more we start remembering who we really are the faster we can accelerate the process of co-creating Kindoms/Do No Harm Communities/Tribes/Villages and until we make this happen in large scales between us as a gift for all of MAN (us) we will continue suffering from the consequences of giving our life to Hell ("The System") causing hell to bind us all even more closer to hell as in-divide-u-all-s (individuals) with no way out.

Until we have all worked our arses off "day-after-day" to create a living paradise we will never be able to have that "private" space of love where we can each uniquely dream to create the original MAN we are at our core. We've first got to get rid of hell from all around us, from out of the lives of everyone around us and ONLY then can we start to live paradise again. Until we've made this happen nothing will change our bonds with hell. In fact, those who don't take full-responsibility to get rid of hell won't make it as hell will have consumed them as part of the collective spiritual suicide of MANS fall into it.

This post we put up yesterday on Arthur's FB wall "Raymond Karczewski posted this comment in a debate on Nigel Beckwith's Facebook wall..." goes into this subject more deeply and as you read the full extent of the debate we had with Raymond Karczewski we can see/sense what has to be done.

"Time Codes" makes trauma based images "self fulfilling" (self-creating), which can't be done if they are not set to a "time code". We project time-coded images from a past we're not letting go of into a future we're not letting go of because we have memorised them, causing the "story-telling" of the trauma to be re-experienced over and over again here and now in present-sense where we've not been letting go of them.

That's what trauma does to us.

Everything about "The System" is trauma based. All "The System" education is trauma based, conditioning/brainwashing us to "time-codes" so we can be locked into them. Then we are easily manipulated which causes us to comply down-the-line whenever however.....i.e..... police officer getting out of the car with lights flashing coming over to you armed with baton, taser, gun, hand-cuffs, penalty infringement notice booklet, etc... Aaaaahhhhhhhh the power of non-sensory images rooted to a time-code = trauma.

These time-coded stories of trauma form the sub-conscious = memory - which is just an echo of a trauma (non-sensory-image) bouncing to and fro between your ears. It is the past projected into the future that controls us here and now.

Trauma is a vicious circle.

How many people do you know who are free of enslavement to trauma?

Being trained/conditioned to "Time Codes" causes us to set trauma into motion so that we can re-experience its harmful-suffering-story over and over again even though nothing is really going on in present-sense..... the time-code of the trauma-story is rooted in the past of "long-ago".

"I have to go to work to keep a roof over my head, get my kids through school, put food on the table, pay the mortgage, pay the bills, etc..... and if I don't" TRAUMA REACTION IS ON BIG-TIME NOW - RED LIGHT IS FLASHING EVEN BRIGHTER even though its always been flashing since being trapped to this time-code rooted in trauma. "I'd better keep getting up each day and go to work in "The System" as a good little compliant slave."

When a child falls over and hurts themselves it's best to ignore their pain by not reacting to the pain the child is experiencing in those moments and instead provide them with a remedy that helps them to move forward without dwelling on the story of the pain. Have watched many children ready to burst into tears but pulling out of it at the last moment when they realise/sense there is no attention-seeking pay-off in it for them coming from those around them. They just move on. This is what nature does to. Life is for the living. "The System" is not for the living.

A lie cannot be created without a "time code". Are you aware of this? All lies are rooted in "time codes".

There is so much more to this and we explain this in some of the Love For Life videos we've been posting and in some of the Love For Life articles too.

True Purpose Behind Chemtrails And Harp

Everything going on about Chemtrails, HAARP, etc, is all about the INTENTION to break/disrupt PRESENT-SENSE connection with all our ORIGINAL (MANS) ancestors,

to break/disrupt PRESENT-SENSE connection with ORIGINAL dreams of life set into motion by ORIGINAL ancestors (living co-creators) that we all are (MAN/descendants are their ORIGINAL living-sensory-dreams set into motion)

and to break/disrupt PRESENT-SENSE connection with all ORIGINAL sensory life forms, inanimate or not, so that we cannot learn about who we really are (our ORIGINALITY), what we are really part of (our ORIGINALITY) and what is our true purpose (our ORIGINALITY).

The Freemasonic/Satanic World is doing everything possible to stop us remembering who we really are (our ORIGINS) because, when we do, we stop setting "The System" (their fantasy "alien" world - not of our ORIGINS), and everything of it, into motion, meaning, we are no longer slaves to their non-sensory (false idol) images (this alien gobbledygook/martian-talk world not of our ORIGIN).

We are creating ORIGINAL water every "time" we breathe out (ORIGINAL breath). All our (MANS) ORIGINAL dreams, intentions, thoughts & ideas are embodied/encoded in the ORIGINAL water of our breath (our ORIGIN) and there these images remain in present-sense forevermore (ORIGINAL) unless we destroy/corrupt the water of our breath (our ORIGINS)..... enter in Chemtrails, HAARP, etc.

The water of our breath embodies the dreams of our ORIGINAL ancestor who created the ORIGINAL dream of life, who created the ORIGINAL mountains, the valleys, the trees, the birds, the insects, etc.... EVERYTHING of the dream of life (IS ORIGINAL).

Everything of the sensory dream of life is of MANS ORIGINAL dreaming. As we wander through the forests and explore the beauty of nature in all its incredible forms, what we are experiencing is the ORIGIN-ALL dreams, the creations of our ORIGINAL ancestors set into motion.

When we observe a bird, we are observing the creation of the dream of our ORIGINAL ancestor. That dream had a purpose for the dream of life, for nature. We have all been hijacked through distraction and thought control to create non-origin/non-original dreams that serve "The System" (nothing original here). We set these non-original dreams into motion and create "The System" hell we live in today.

We do not realise the power of our ORIGINAL ancestors before they fell (into non-original dreams/thoughts), the power to create that we all have but that we have forgotten. This power is in our ORIGINAL DNA, which is the ORIGINAL DNA of ORIGINAL MAN (our origins) sustained in present sense in the ORIGINAL water of MAN's ORIGINAL breath, the power and the purpose of living creator that is the ORIGINAL dream of life that is nature.

ORIGINAL MAN IS PRESENT SENSE (living-sensory consciousness = LIFE/Nature/Earth). There is no lineal (time-code) images here as they are not of our ORIGIN.

Light is Water - Sound is Water - Smell is Water - Sight is Water - Touch is Water - Feel is Water - Taste is Water - Hear is Water - Without Water No Sense Can Be Experienced - Can't Be Thought or Felt or Acted on.

To us, everything (all thoughts/images we think and feel) is man-made and its done through the water of our breath that we share and co-create life with and which can also be severely compromised by our brothers/sisters turning against each other (us), thus corrupting the water of our life (breath) with distorted, impure, insincere, intentions that are non-sensory thoughts/images = demons, apparitions, phantoms, ghosts, et's, aliens, higher beings, gods, divine angels with wings, etc, etc.

In present-sense, we are, MAN IS, living creator - we co-create and breathe life with the ORIGINAL breath of living-creator. MAN is the ONLY one present with the presence of LIFE, all else are MAN-made images that are non-sensory apparitions, ghosts, phantoms, demons, etc, set into motion by MAN. Life (MAN) maketh the creator of Life (MAN). Who is there to think, feel and experience Life if MAN did not exist? All thoughts/images of the past and future requires MAN to exist in present-sense to think, feel and experience them. Without MAN, all thoughts of the past and

the future cannot be thought or felt. All thoughts of the past are MANS making as are all thoughts of the future are MANS making too. Every thought/image we (MAN) experience can only be experienced in present sense where all of MANS thoughts/images were created and set into motion. All of MAN that ever was and ever will be is who we really are and at the effect of, here and now, in present-sense. The buck stops with us. Through the water of our breath and our intentions set into motion through our breath, we are creating our collective experience and are either rejoicing in elation or suffering terribly.

We Stand For NO SYSTEM

Kindom (Do No Harm Communities) is the dream for freedom, but it is the dream for the freedom of those around us who also live the dream of freedom, because it is in living for the freedom of others that we get our freedom. When we live for the dreams of Kindom of those around us, we live life as a gift because we live for (dedicate our lives to) their dream of freedom, truth, peace, joy, abundance, etc, just as they live for our Kindom dreams too. This is true co-creation (cooperation) with no attack on the uniqueness of each of us. When we live this way, we have no need for any man-made system - everything/everyone has already been taken care of by our love for life.

Just as we do not have to jump 10 feet across the room to grab our next breath, neither do we have to worry about food, water and shelter because it has all been taken care of as we each co-create Kindoms/Kin-Domains for everyone. Now everybody and everything of the dream of life that is Kindom/Paradise is free (has been set free once again). The issue is greed and selfishness, power and control trips, arrogance, ignorance, being fed many many lies and being traumatised. The issue is not overpopulation - there is more than enough land available for every family to have a hectare (2.5 acres Kin-Domain) to care for. The land of Australia can provide a Kin-Domain for every family across Earth, each with a food forest, clean fresh drinking water and plenty of space for building natural do no harm habitats and with plenty of land left over.

Everyone must have the freedom to take full-responsibility for their lives, for the water they drink, the food they eat and for their shelter. Currently, "The System" forces everyone to give up taking full-responsibility so that we become grown up children accustomed to sucking on the nipples of "The System" corporations for everything, having to use money to get by and to follow the rules of money because we are not co-creating freedom, peace, truth, joy and abundance for each other. Money only leads to haves and have nots and all the abuse, manipulation and distractions that we are subjected to as slaves to money.

When we give up living for other's Kindom dreams, we start creating hell ("The System") all around us because we become self-centred - now it's all about "my freedom", "my money", "my land", "my belief", "my saviour", "mine", "mine", "mine", "i", "i", "i", "own", "own", "own", etc. To protect what we claim we own requires a man-made system with FORCE to protect those self-centred claims. This is ALL trauma based and all story-telling (brainwashing/braindirtying).

NO SYSTEM = KINDOM/DO NO HARM COMMUNITIES

Our true freedom comes when we set our thoughts of freedom into motion so that we live freedom rather than just talking and thinking about it while we still slave for "The System". Kindom will not happen while we meditate for hours in the bush or do yoga retreats or wait for Jesus or follow the processes of the OPPT (One People's Public Trust now called One People). This is not freedom because we are not living freedom because we are living the story-telling of Jesus or Zeitgeist or The Secret or Thrive or One Earth/Consciousness/People.

Living Kindom is very, very hard work as we set about repairing the damage to MAN/Earth/Nature that we are ALL responsible for but the burden becomes lighter the more of us put our life-energy into the dream of returning Earth to Paradise. Day-after-day, we all have to work our arses off until Kindom is all around us (MAN) once again. This is the price we pay to set each other free on a piece of land (Kin-Domain), so that no one is under the image-power (education/brainwashing/story-telling) of another MAN anymore and so that everyone can have their space of love to create and live their unique, do no harm dreams. This only happens once we have the Kindoms set up so that everyone is provided for.

Once we re-create the food forests, whether on land or in the suburbs, we can re-claim our freedom, breaking the strangle-hold of "The System" because we are no longer reliant on its services and benefits and no longer turning each other into slaves of "The System", cogs in the wheels of "The System" machine. If we don't put the effort in to set everyone and everything free all around us then we still live in HELL ("The System"). The key is to live for everyone else's freedom so that we can have it too.

From Bare Dirt To Abundance Part Two B

Coming Shortly

We live for NO SYSTEM. We do not lose anything by not having a man-made system and, in fact, we gain. We gain our freedom and we gain abundance. Let go of the fear.

A Collection Of Various Love For Life Posts Providing The Big Picture We See Sequential Order

We ask you to NOT believe anything we say/share and instead use scrutiny like an intense blow torch and go where the logic of truth/sense takes you. This is very, very important. Put everything you believe up to the test of scrutiny to see how it stacks up. If you are true to your heart/senses and go where the logic of truth/sense takes you will find that NO belief, etc, will stand up to the test of scrutiny. They just do not stack up because they are lies/fraud.

After you have watched and read all the material and any questions are left unanswered, send us your landline number and we will use the internet phone as a free unlimited call. We are on Sydney NSW Australia time. Best times for us to chat are between 11.00am and 6.00pm.

It is critical that you fully comprehend Image Power, "Spelling", Trauma, Reaction To Trauma, Curses, Processing Curses, Full-Responsibility/Liability, Limited Liability/Responsibility (passing-the-back), Slavery, Senses/Sense vs Non-Sense/Senses, Re-Presenting Intellectual Property such as but not limited to "Name", Storytelling/Storytellers, Duality, Black-Magic, Belief, Lies, "i", All Seeing "i" (eye), etc..... These themes and others are covered over and over and over again.

If you do not comprehend these insights and are unable to use your senses to sense your way through all the non-sense/non-sensory-images that enslave MAN under their image power (darkness = "The System" = Hell), men and women will remain deeply trapped under a terrible state of trauma. Our intention is to inspire you to remedy by showing you how to move away from reacting to trauma in all its nefarious and devious forms.

Peaceful Transition Through Sacrifice And Service

We feel there is an essential peaceful do no harm transition required to get all of MAN back to standing on MANS feet without reliance upon another MAN for water, food, shelter. As it stands everyone in "The System" are highly dependent and reliant on the "group mind-set" that forms "The System" of slaves providing services and benefits for the emotionally addicted slaves to "The System" (and you can put us in the same basket too). The transition is to get MAN back to relying ONLY on nature without 3rd party interlopers, intermeddlers, interceders getting in the way. The transition is a team effort with the foresight for setting all of MAN free down-the-line so that MAN is no longer dependent on slaves and masters providing services, benefits, privileges and exclusivity while being bound to contracts, rituals, procedures, conditions, rules & regulations which compromises MAN severely.

This transition is all about shifting from limited liability/responsibility to full liability/responsibility. This full responsibility is all about caring for our health, nature all around us, clean uncorrupted (pure) water and food, partner/co-creator, children, shelter, animal-friends in partnership, etc. In "The System", we are already together destroying each other - we have to come together to create peace together so that we can all have peace. We cannot live peacefully when we are islands, not taking full responsibility for the lives of those around us until EVERYONE can take full responsibility for their life, which means that EVERYONE is healed of system trauma. In "The System", we all come together to make slaves of each other - now is the moment to come together to set each other free, to live for each other's freedom, peace, joy and abundance. Once we have set each other free, we are free.

Once we fix these issues, we or our children or our descendants to come, can start focusing on the even bigger picture of getting back to where our ancestors were, as breatharian's, before they fell into non-sense images to be enslaved by them.

The Cristian Family Declaration

The Cristian family and The Love for Life Campaign are apolitical, non-religious, non-violent, anti weapons, anti drugs (both pharmaceutical and recreational) and anti any ideology that denies the existence of Do No Harm Communities (Kindoms) and suppresses the uniqueness and freedom of all men, women and children.

The Cristian family and our Love For Life work is unaligned to any big business corporation, intelligence agency, government body, "system" law, "system" think tanks, "system" green or environmental movements, religion, cult, sect, society (fraternity, brotherhood, sisterhood, order, club, etc,) secret or not, hidden agenda, law or sovereignty group, occult, esoteric, New Age or Old Age.

The Cristian family supports and promotes the remedy that brings an everlasting peace, freedom, truth, joy, abundance and do no harm for all of life without causing loss of uniqueness or the need for having slaves and rulers. We are not into following the one in front or being shepherds for sheeple. Most importantly, we take full-responsibility for everything we think, feel and do.

The Cristian family are not Christians.

THE CRISTIAN FAMILY PLEDGE

Being of clear brain, heart and intention, we each declare the following to be true:

- We have no intention of ending our own lives.
- We will not tolerate suppression of truth, ideas, freedom, or our work. We stand for freedom of speech.
- We stand together to support others in the expression of truths and freedom to speak out no matter how radical those ideas may seem.
- Standing for freedom takes courage; together we shall be strong in the face of all odds.

- If it is ever claimed that we have committed suicide, encountered an unfortunate accident, died of sickness/disease, disappeared, been institutionalized, or sold out financially or in any other way to self-interested factions, we declare those claims false and fabricated.
- We testify, assert and affirm without reservation, on behalf of all those who have dedicated their lives to the ending of secrecy and the promotion of freedom of thought, ideas and expression that we shall prevail.
- We Do Not Have Multiple Personality Disorders

Update Regarding The Love For Life Home Page And Quick User Guide

We are turning the Love for Life Quick User Guide <http://loveforlife.com.au/node/6608> into a blog of all the main insights of our work since March 2005, whether through articles, videos, podcasts or discussions/debates.

As we do not have the time to compile everything we have written into a book, as many have suggested we do, compiling all our most important work into one area of the website is a way of providing easy access to this work so those interested are able to fully comprehend the big picture.

Instead of having to find our different articles, videos, etc, in various parts of the website, it will all be accessible here: <http://loveforlife.com.au/node/6608> and here: <http://loveforlife.com.au/node/3385>.

Love For Life Videos

As amateurs and posted in the Quick User Guide below the Facebook links, we're currently creating and posting a series of videos called "The Dream Of Life" which covers the ground of all the Love For Life insights. We plan to have the videos completed by December 31st 2012. Once this is behind us, our intention is to create a 2 hour or so video covering the body of this work. All videos are embedded in the quick user guide <http://loveforlife.com.au/node/6608> and uploaded in Arthur's YouTube channel: <http://www.youtube.com/user/ArthurLoveForLife>.

Love For Life Music

We have started recording songs, with others, that express the themes of Love For Life. They are now being posted on Arthur's YouTube channel: <http://www.youtube.com/user/ArthurLoveForLife> and are embedded in the quick user guide <http://loveforlife.com.au/node/6608>. We have over 100 songs to record. A few rough demos have already been used as the soundtrack on the first "Dream of Life" video.

About Us - Love For Life & The Cristian Family

Also, everything we, the Cristian family, have gone through, from bank fraud and the theft of the family home to death threats and attempts on Arthur's life, is documented in the Quick User Guide too. If you, the reader, are prepared to put the effort in, you will comprehend the extent to which we have all been tricked into becoming slaves, giving up our uniqueness and our full-responsibility for life and destroying everything of life to the point where life is

in danger of dying out completely. You will also comprehend the remedy to all this chaos; a remedy that requires only love for life and the determination to do what needs to be done. Though our focus is very strongly on the remedy that creates a world of freedom, truth, peace, joy, abundance and Do No Harm for all of life without loss of uniqueness or the need for slaves and rulers, we realise that it is vital to comprehend how to get there and what stops us from getting there. This is why there is so much information on the hows and whys of everything going wrong in the world today. We are not into peddling conspiracy theories, we are into routing out all forms of organised crime.

THE CRISTIAN FAMILY SUPPORTS FREEDOM OF SPEECH - FREEDOM OF THOUGHT

Posted Wednesday 17th June 2009

Updated September 2011

**NSW Jewish Board Of Deputies
Has Threatened To Shut Down
The Love For Life Website**

**No Freedom Of Speech - No Freedom Of
Thought**

Love For Life does not support harm doing in any shape or form. However, we are supporters of free speech and post articles, documentaries, etc, that represent a wide cross section of ideas. See the Love For Life extensive research library where over 6000 documents, articles and videos are posted: <http://loveforlife.com.au/node/82>. We clearly see the evidence of the destruction to MAN and the earth that has been caused by ALL religions over the centuries and are therefore not supporters of religions, cults, sects or any group that demands conformity of thought, speech or action, or has rules, regulations or rituals that must be followed. Religions, nationalities and cultural "identities" are formed as a result of the brainwashing we receive from childhood. They are part of the tactics the Establishment uses to keep us all divided from one another and fighting one another.

All religions promote discrimination and division, leading to hatred and even violence and murder. None of them have yet to produce a remedy to all the suffering, poverty, unhappiness and discrimination in the world. If any religion truly had the remedy to all the suffering on earth, there would no longer be any suffering. What have Christianity, Islam, Buddhism, Hinduism, Judaism, atheism and the New Age done to end the suffering in the world?

Since December 2006, there have been many attempts to take down the Love For Life website. Any attempts have been thwarted by Love For Life supporters inundating the harm-doers with emails, etc, objecting to them taking down the website for a variety of reasons. The trouble makers usually back off when they realise that they can post all their views, arguments, beliefs, etc, in the Love For Life website without censorship or restriction imposed. They get to see that even the Queen, Pope, Prime Minister, President of America, etc, can post all their views without hindrance or sabotage and that we support freedom of speech/thought which means we support the right of all sides to express their views.

Of note, there is a vast amount of information posted in the Love For Life website which we do not agree with but we leave it all up because we refuse to be biased, opinionated or self-centered/self-serving. Of the many thousands of comments posted over the years we have only removed posts containing secret links to commercial advertisements, terrible foul language, threats of violence and death, etc, and attacks on other people's characters that avoid the subject/debate at hand. Besides links to advertisements, we have taken down less than six comments due to the

above. We usually leave everything up, all warts and all, even those posts threatening to do terrible things to Fiona, our children, our dogs, our friends, family & supporters, etc.

The Love For Life website has information from all sides on many subjects, whether about Islam, Judaism, Christianity, Law, health, psychology, mind control, vaccination, aspartame, MSG, Chemtrails etc. There are over 11,000 articles, documentaries etc on the website and they are so diverse that we are sure that everyone would be able to find something they loved and something they hated, if they took the time to search. If we removed all the articles hated by everyone, there would probably be nothing left! We are not anti anyone but freedom of speech is freedom of speech and no one should condemn the work of another without taking the time to research the subject themselves. Yes, there are articles by those who have a less-than-rosy-viewpoint of Judaism, but there are also articles on the dark side of Tibetan Buddhism (and it is very dark) for those who are interested in the truth: **Tibet - Buddhism - Dalai Lama**: <http://loveforlife.com.au/node/6271> Should the authors of these articles be abused and imprisoned for daring to challenge the widely conceived reputation of Buddhism as being the religion of peace and love and that of the Dalai Lama as a saint, or should those interested be allowed to study the work and come to their own conclusions? The same applies to all the articles, documentaries, etc, about Christianity, Islam, Freemasonry, New World Order, etc.

The Love for Life website also shows how the Rule of Law, the Bar, the Government, the Monarchy, the system of commerce, the local, national and multi/trans-national private corporations, all the courses and careers on offer from our universities, all the educators, scientists, academics and experts, the aristocrats and the Establishment bloodlines have also done NOTHING to end the suffering in the world. The website maps the insanity of a world where there is no help for those in need, just as there was no help available for us when we were victims of terrible bank fraud: "**NSW Supreme Court Case - Macquarie Bank/Perpetual Limited vs Fiona Cristian - Victims Of Bank Fraud Condoned By Judges**" <http://loveforlife.com.au/node/5> (orchestrated, condoned and protected by an international crime syndicate/terrorist organisation of judges, barristers, registrars, lawyers, politicians, banksters, big business representatives, media moguls and other lackeys who, all together, put up a wall of silence despite our trying many, many avenues. After the family home was stolen and business destroyed we were left close to poverty and destitution caring for 4 young daughters. Three years later not much has changed regardless of all our efforts. Where were all the followers of all the religions to help us? Or do we have to be members of those religions to receive help from others involved in them?

The New South Wales Jewish Board of Deputies accused us of being anti - Jewish, see: <http://loveforlife.com.au/node/6616> and <http://loveforlife.com.au/node/6665> because we had posted an excerpt from **James von Brun's book: Kill the Best Gentiles**: <http://loveforlife.com.au/node/6054> in which he blames Jews for the problems of the world. Obviously this is not our view because of what we have stated above. We do not hate anyone, whatever religion they follow. We are always open to talk to any religious leader or politician and meet with any judge, member of the Bar, experts, academics, educators etc to share the remedy we offer that heals all the divisions between MAN and MAN, and MAN and the EARTH.

Today, a representative of the New South Wales Jewish Board of Deputies is threatening to close the website down, because they have decided it is anti - Jewish and that we promote racism. What has the New South Wales Jewish Board of Deputies done to end the suffering in the world? Can they show that they are concerned with the suffering of ALL men, women and children AND ARE SEEN TO BE DOING SOMETHING ABOUT IT or are they only concerned with Jewish affairs? If so, they, along with all the other religions that only care for their own, are part of the problem, not part of the solution. The man who rang Arthur today was only concerned with Jewish affairs; he was not interested in our intentions or in anybody else, just as most Christians, Muslims, Sikhs, Catholics, etc, are only interested in their own. While we separate ourselves into groups, dividing ourselves from others with rules, regulations, rituals, procedures and conditions, we will never solve our problems.

No matter what we in the Western World Civilisation of Commerce have been promised by our politicians, religious leaders, scientists, educators, philosophers, etc, for the past two hundred years, all we have seen is ever-increasing destruction of men, women and children and the earth. None of the so-called experts and leaders we have been taught to rely on are coming up with a solution and none of them are taking full-responsibility for the fact that they can't handle the problem. All religious books talk about end times full of destruction and suffering but why do we have to follow this program when there is an alternative to hatred, mayhem and death? Why are our leaders following the program of destruction and death rather than exploring the alternatives? It seems that any mainstream politician, priest or academic are only interested in supporting the RULES OF THE DIVIDE, that maintain the haves and the have nots. For 200+ years, 99% of the world population have been so trained to pass on their responsibility for themselves, others and the earth, that the 1% of the population that make up the leaders of the rest of us are making all the decisions leading to the destruction of all of us and the earth. Let's not forget the education system that brainwashes the 99% of the population that we are free and have equal rights while, in fact, we are feathering the nests of those at the top.

At the root of all our problems is self-centredness, an unwillingness nurtured by the Establishment that keeps us concerned only with our own needs rather than the needs of others around us and the Earth. Instead of creating and releasing acts of love for those around us as gifts to benefit them and the earth, we take, take and take, until there is nothing left. The whole point of the Love for Life website is to show people the root of all our problems and to share the remedy. The extensive research library is there to attract browsers and to provide access to information not available through mainstream channels. If the New South Wales Jewish Board of Deputies can, after careful examination of our work, prove that anything we are saying is wrong, we will be happy to accept their proof. If they cannot, and they are still insistent on closing the website down, they will be showing themselves to be traitors to MAN because they are not interested in pursuing any avenue that can end the suffering in the world.

All religions, corporations and organisations that support and maintain the Western World Civilisation of Commerce are part of the problem because our civilisation is a world of haves and have nots, racism, violence, hatred, poverty, sickness, discrimination, abuse, starvation, homelessness, corruption, collusion, vindictiveness, social unrest, arrogance, ignorance, fear, war and chaos. While we support civilisation, we support death and destruction because ALL civilisations that have ever existed are apocalyptic by design.

If we truly want peace on earth and freedom for all, we have to let go of all that which keeps us divided, and come together as MAN, conscious living co-creators of creation. The Love For Life website offers a remedy to the problems we all face in the form of DO NO HARM COMMUNITIES: <http://loveforlife.com.au/node/3641> For more details see here: <http://loveforlife.com.au/node/6511> and here: <http://loveforlife.com.au/node/3385> - We also highly recommend that everyone read the brilliant Russian books called **The Ringing Cedars**: <http://loveforlife.com.au/node/1125> - The **Love For Life Website Homepage** also provides lots of inspiring remedy based information: <http://loveforlife.com.au> - If you want to be kept up to date with our work please register to the **Love For Life Mailing List** here: <http://loveforlife.com.au/content/09/05/14/mailling-list>. We usually send two postings per month. Presently (September 2011) there are over 7000 registrations reaching over 500,000 readers across Earth. The website now (September 2011) receives up to 12 million hits per month. Since December 2006, over 100 million people have visited the Love For Life website.

Clarification Regarding Our Intentions Behind The Use Of Donations

The Love For Life website is offered for free without a fee and without any conditions attached. If people are inspired to donate money, then we accept their gift and have provided an avenue for them to support the work we do through Fiona's Paypal or ANZ bank account <http://loveforlife.com.au/node/8515>. There is no obligation whatsoever to donate and all are equally welcome to our work and to our "time", whether they donate or not. Over the last 9 years, all the Love For Life work has been put out for free and it has often been donations from supporters that have enabled us to renew the domain name, etc, to keep the website going. While some complain that we have an avenue for donations, others complained when we didn't! Either use it or don't - the choice is yours.

Since Love For Life started March 2005 and website December 2006, Arthur has worked 16 hours a day, 7 days a week unpaid for much of this period, putting together the website and sharing insights to wake people up to what has been done to them, whether through the 11,500+ individual articles, videos, podcasts, debates, discussions, pdf's, research documents, etc, found amongst the 8,500+ posts, as well as helping many, many men and women over the phone, and through email, website correspondence, Facebook and YouTube, and creating the Love For Life food forest vege garden and Love For Life music recording studio. This is our life is a gift commitment to serve MAN/Nature/Earth but we are still severely compromised by "The System" and still have to give to Caesar what is claimed to belong to Caesar, which is where the donations help us.
