# FABRIC DISTRICT RESIDENCE

## CONSTRUCTION UPDATE

September 2019

Construction works at Fabric District Residence in Liverpool are progressing well.

### **Works Progressed**

Partition works on levels 1, 2 and 3 are progressing well and mechanical and electrical installations have commenced.

Concrete slab to the ground floor is 60% completed. Other completed construction works include the lift shaft.

The masonry support system is now on site, meaning the external brickwork can now commence.

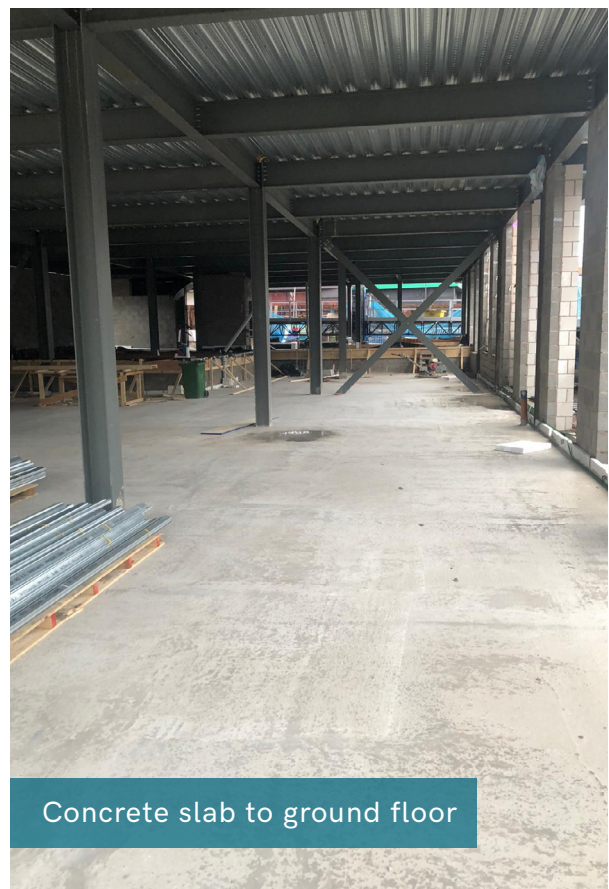

The construction of the stair cores is ongoing.

### **Works Anticipated**

Installation of the windows is set to commence in October.
