

1) Time for another [#QAnon](#) thread.

This thread covers Q posts on [#8chan](#) [#GreatAwakening](#) from Thursday and Friday, January 18 and 19, 2018.

2) Q begins with a self-explanatory post.

Thursday was a big news day with the disclosure of a 4-page memo written by the House Intel Committee summarizing unthinkable weaponization of the NSA intelligence by high-ranking members of the FBI & DOJ.

What [19] people are currently meeting in a 'safe' room [heavily guarded]?

Why did everyone leave their phones/all other electronic devices in Room 239?

7) Why does it take the information going public before justice can be served?

Because these people are heroes to many.

You can't destroy someone's hero unless you first wake them up to the evil deeds they've committed. Otherwise, you have civil war.

<https://pbs.twimg.com/media/DT8C8vxVoAAm8rN.jpg>

8) Why are Dems making every effort to block the release of the classified FISA info?

All the Rs on the Intel Committee voted in favor of releasing the memo to Congress.
All the Dems voted against it.

This strongly suggests it's bad news for the Dems.

<https://pbs.twimg.com/media/DT8GMmDVQAAHNcQ.jpg>

9) Why did (RR) Rod Rosenstein plead with Paul Ryan not to release the memo?

One possibility:

It could drop a MOAB on the Mueller investigation since it seems likely it will further tarnish the credibility of the top FBI & DOJ people on Mueller's team.

Other possibilities?

<https://pbs.twimg.com/media/DT8FKZTU8AAAn14S.jpg>

10) Or it may destroy Rosenstein himself. That's one I haven't figured out yet. How much dirt is there on Rod?

Money Chooses Sides

In a barn-burning, record-smashing fund-raising campaign season, Barack Obama tapped a new breed of Manhattan donors and won the expectations game. But because of the new primary schedule, excess is barely enough.

WHAT and WHERE to EAT in 2008...
NEW YORK
BEHIND WHITE HOUSE DOORS

25) The article mentions that George Soros was the power behind this particular meeting. As the headline suggests, it was the night when Obama learned who his masters would be.

The investment banker Robert Wolf first met Barack Obama one afternoon in December in a midtown conference room. Obama was in town to deliver a speech at a charity dinner for children in poverty at the Mandarin Oriental—but also to pursue another, less high-minded, but more momentous, objective: to begin the process of attempting to pick Hillary Clinton's pocket.

The conference room belonged to George Soros, the billionaire bête noire of the right. After talking to Soros for an hour about his prospective bid for the White House, Obama walked down the hall and found assembled a dozen of the city's heaviest-hitting Democratic fund-raisers: investment banker Hassan Nemazee, Wall Street power Blair Effron, private-equity hotshot Mark Gallogly, hedge-fund manager Orin Kramer. Most had been big-time John Kerry backers in 2004. Most had a connection to the Clintons. All were officially uncommitted for 2008.

Comparatively speaking, Wolf, now the CEO of UBS Americas, was a buck-raking neophyte. But his prodigious recent efforts (first for Kerry, then for House and Senate Democrats in 2006) had established him as a rising star in the fund-raising firmament. Until a few weeks earlier, the presidential horse he'd planned to ride in 2008 was former Virginia governor Mark Warner. But with Warner's decision to forgo the race, Wolf was up for grabs—and in the sights of every Democrat in the field.

30) Let me summarize a couple of points before moving on.

First, I find it humorous that [#QAnon](#) is posting about the Davos forum now. A few days before Rex Tillerson and President [#Trump](#) will be there in person.

31) That's right, next week, our two favorite billionaires are going to a shin-dig where globalist billionaires meet with globalist politicians to work out their deals.

Oh, Theresa May is going to be there, too.

Donald Trump WILL meet Theresa May at Davos World Economic Forum, says White House
DONALD Trump will meet Theresa May at the World Economic Forum in Davos next week, the White House and Downing Street have said, despite reports the US President was preparing to snub her.

<https://pbs.twimg.com/media/DT8UDiBU0AEcSF8.jpg>

32) I think what [#QAnon](#) is driving at is this:

How are globalist elites going to act when some of their dearest friends don't show up?

And a couple of anti-globalist crash the party?

33) There's a religious angle in the previous images that's easy to miss. Let me provide a little background on that.

The globalist agenda is to achieve world domination through the elimination of sovereign nation states. They want a borderless global community.

34) The theory is that without national borders and nationalistic pride, there will be no wars.

The long-term goal is to end all war. (A noble goal.) That's done in the short-term by inciting wars that gradually undermine nationalism and erase international borders.

35) The end game is to create a global community with a single, centralized government which, oddly enough is to be overseen by Jewish leaders. That's the religious angle.

It's too complex to explain in detail here, but it's not hard to find more info on that.

36) The next post questions the acceptance in the Senate by Rod Rosenstein compared to the resistance Jeff Sessions received.

Rod Rosenstein was confirmed by a vote of 94/6

Session was confirmed by a vote of 52/47/1

Senate vote count [RR]?
Senate vote count [Sessions]?
Reconcile.
Why was RR chosen to be asst AG?
Why did RR draft a letter supporting JC
termination?
Why did RR use full weight of his office to
attempt to block release of doc to Congress
today?
Confused?
News unlocks past.
D's cannot survive.
THE BEGINNING OF THE END>
DWS FAILED to FLEE.
Q

<https://pbs.twimg.com/media/DT8YsXKVMACeKcKEN.jpg>

37) Did the swamp see Sessions as a formidable enemy if given the office of Attorney General?

Did they perceive Rosenstein to be a friend?

Why did Rod write the letter that terminated Comey?

I suspect he was forced to because the swamp would not accept it from Sessions.

38) Putting Rosenstein in as Deputy AG was strategic. He oversaw Mueller's investigation. He was trusted by the swamp. But Trump's intel people began dropping bombs on Mueller's team, exposing their corruption and there was nothing Rod could do about it.

<https://pbs.twimg.com/media/DT8az3HVAAISRne.jpg>

39) Why did Rod use the weight of his office to try to block the release of the memo?

My guess is that Rosenstein is compromised and covering for those who are exposed. He's in a difficult spot. Trump and Sessions have the upper hand, but he's under pressure to obstruct them.

40) Confused?

Well, yes... just a little.

News unlocks past.
Dems cannot survive.
Beginning of the end.

They require probable cause.
The civilian approach creates roadblocks and hurdles.

Excellent preliminary meeting in Oval with @SenSchumer - working on solutions for Security and our great Military together with @SenateMajLdr McConnell and @SpeakerRyan. Making progress - four week extension would be best!

Not looking good for our great Military or Safety & Security on the very dangerous Southern Border. Dems want a Shutdown in order to help diminish the great success of the Tax Cuts, and what they are doing for our booming economy.
