Quickly and Compliantly Engage Global Talent

Bring in the right talent across borders, no matter where they are. Through our Employer of Record (EOR) solution, Velocity Global compliantly hires, manages, and pays your distributed workforce—no entity establishment or state registrations required.

As your EOR partner, Velocity Global takes on all HR responsibilities for your supported employees, from onboarding and payroll to benefits and support. You maintain all day-to-day control and direction of your distributed talent.

An Optimal Employment Experience, Everywhere

Our EOR solution spans over 185 countries, keeping you and your talent covered virtually anywhere.

With the right mix of easy-to-use technology and personalized support, Velocity Global provides a stress-free experience for your entire distributed workforce so you boost retention without taking on extra burden.

Benefits Overview

01 **Cloud-Based Technology**
Velocity Global's proprietary, next-gen technology gives employers and talent one place to easily connect on pay, benefits, and more.

02 **Global Compliance**
Get peace of mind knowing we've ensured adherence to local labor laws across states and countries so you avoid fines, legal fees, and business interruptions that come with noncompliance.

03 **Expert Support**
With unmatched expertise and local support wherever your talent resides, we keep you and your distributed workforce covered worldwide.

04 **Fast, Easy, and Cost-Effective**
Avoid the time-consuming, complex, and costly process of entity establishment by quickly bringing in talent that meets your needs and budget.

05 **One Partner, Everywhere**
Simplify talent management by trusting one partner to handle onboarding, pay, benefits, and support for your entire distributed workforce.
