Well we have news for you : commercial and maritime court judge tearse has determined that the birth certificate is not maritime jurisdiction and prom notes are not valid tender if this is true which it must be coz he said lol then no implied contract or consent can be gained by crown court , civil family trust equity chancery etc to initiate. A wonderful week when those who assume the jurisdiction are forced to admit they have none now we will just publicly notice their statement and your all free .. You were anyway of course but now they have admitted the bc does not form Maritime contracts which means crown does not have any authority or jurisdiction of you as chattel so now you cab restore your rights to your property as they have agreed that they have no valid contract to determine whether it was breached or not bloody brilliant work ministers emoven s

The case is EMN LTD v Crown Corp to corporate entities our seamen have jumped ship assigned consent and offered themselves as salvage and subrogation severing the bc implied maritime contract owned by CC and nominated another vessel

The CROWN CORPORATION:-also known as the-city-of- london-corporation... the city of london is a state within a state that has no obligation to our Common and Constitutional Rule of Law anymore than we are obligated to their authoritarian rule

Elisabeth Nolson

It has an obligation to admiralty code which it just denied

Douglas Sweeny

That is true simply because they came from the sea...however it is worth remembering that admiralty code only applies to businesses and ships at sea - we being neither means we owe them no obligation whatsoever
Manage

Elisabeth Nolson

Admiralty code contaminated the common law code and more importantly lays claim to semen through the bc when you create another commercial vessel and the crowns vessel keeps attempting to steal your "goods" and "chattle" and your supposed as goods and chattle what jurisdiction would be being supposed then ? ;)

Douglas Sweeny

@ Elisabeth Nolson

Biologically speaking-we pop into existence as ova (eggs) within one of two ovaries when our mother (vessel) reaches 29 weeks into her own gestation period within her own mother (vessel)...still we the egg (ova-vessel) contains life yet is not the life itself...add the fact that semen is not produced until puberty (the youngest being 9 i believe)...and even then only by 50% (mean average) of the populace then it stands as good reason to accept that semen comes after-life and its vessel...and another word for after-life is death - and why the NAME appears in capitalisation by the capitalist system - still it can only imply ownership over another for the Common and Constitutional Rule of Law of Our Land forbids it (see Article 2 of ECHR 1998- incorporated into our Common and Constitutional Rule of Law on the 2nd October 2000).

Therefore; notwithstanding that, for authority to exist it must first be extended (by your self- the only authority anyone has over you is the authority you give them) then it must follow that should anyone seek to claim authority over you (and you know they don't) then they must testify before a court of law that:-

1) they are whom they claim to be

2) that you are the person (NAME) they are looking for...

3) they are lawfully authorised to claim, or enforce your compliance...but of course they cannot...

These 3 conditions (due process) must be applied before anything else may be implied.

Jas Singh

Elisabeth Nolson

You have no justice in their ministry they just confirmed the maritime contract that is the bc is not their jurisdiction which means commerce cant exist

Arthur Cristian

It's the "name" used in contract being re-presented by the MAN where maritime jurisdiction applies. Though the "name" is derived from the BC, it is the PRESENT-SENSE INTENTION to use the "name" with credit cards, bank accounts, tax file numbers, govt handouts, medicare, passport, drivers licence, car registrations, deeds, titles, private corp contracts for phone, internet, gas, electricity, etc, leases, mortgages, certificates, etc, where the corporate crown claims direct interest with the parties concerned ("NAME"/NAMES") and with it jurisdiction. It's all about being caught in present sense re-presenting the copyrighted (right of copy) intellectual property of "NAME" (the vessel) used to conduct commerce in "The System" (the vessel/"name" is currently sailing on the seas of commerce).

This MAN has completely been out of "The System" since 2006 and is talking writing from walk-the-talk FACTS. In the early days of being out of "The System", we had the NSW State Debt Recovery Office (SDRO) chasing this man for multi-thousands of dollars and this went on for three years or so until it all finally just stopped dead in its tracks when it was pointed out to the legal team behind the SDRO that this MAN is not the owner or authorised re-presentative of this intellectual property, the "NAME", and that they should take it up with the official owners or authorised re-presentatives administering this "NAME" (vessel) they are searching for to conduct commerce (business) with.

This MAN did not write to anyone in authority or not and never asked anyone in "The System" (courts, agents, lawyers, judges, magistrates, officials, administrators, executors, etc. etc) to do anything for this MAN. This MAN just dropped everything to do with "NAME" - stopped using "NAME" to perform commerce in "The System". Since 2006, Fiona Cristian and 4 daughters are in "The System" with all the contracts while this MAN is completely out of "The System" with no contracts. We play one in and one out and it's been like that since 2006.

So watch for these cunning play on words "commercial and maritime court judge tearse has determined that the birth certificate is not maritime jurisdiction and prom notes are not valid tender if this is true which it must be coz he said lol then no implied contract or consent can be gained by crown court , civil family trust equity chancery etc to initiate. "

You can hand them over the BC which is fine BUT while you continue to RENT "NAME" here and now in present sense to do business in "The System" (to receive the ongoing privileges and benefits of "The System"), YOU REMAIN IN DEEP SHIT and still open to being raped, pillaged and plundered, home, children, family, land and all because you continue to give them jurisdiction over you and their commercial statutes apply because you have already consented, acquiesced and complied to all their rulings (statutes) being applied to you, the re-presentative of the "NAME" sailing on the

seas YOU SEE of their alphabets = DEFINITIONS FORM THE FANTASIES OF YOUR PERCEIVED REALITIES.

Elisabeth Nolson

Its actually subrogation and surety we are challenging their seamen jumped ship and decided to swim they then made their own vessel and assigned their co sent from the bad ship lollipop aka crown now under mercantile law amendment 5 the semens accounts are to be passed to the party standing surety which the naughty pirates haven't done so they just walked their own plank and destroyed their own vessel why because a paper relating to the habeas corpus was filed in the place where reality is corrupted by making business personal another adv1 was added to demonstrate teixing of jurisdictions you find ourselves embroiled in and as the bc grants assumed consent to the other jurisdictions by the implied contract through use of the name and we don't use alphabeta we use alpha omega we also don't accept their juris hence our ministry of remedy those that have followed the steps have a better idea of what we are about .. Around 8 years or so ago, we had a re-representative knocking on Fiona's family home front door looking for an Arthur Cristian with all the official paper work in hand seeking three hundred thousand dollars. In less than 1 minute this re-representative was back-peddling to leave the property quickly because he and the bank had no official contract with the "NAME". This is one of the largest banks in Australia unable to get their claims recovered. We never heard from them again. :)

Arthur Cristian

This revised Love For Life website is currently being rebuilt and all the work should be completed in a few weeks' time or so. Best to check it out then but if you want to have a nosy around and don't mind unfinished work, then check it all out. The original LFL website started in Dec 2006 and was taken down in early July 2018 - it contained almost 12,000 threads/nodes containing over 30,000 individual items, research docs, articles, videos, podcasts, debates, discussions, word docs, pdf's, etc, etc, and over 75% of this free to the public domain work was uploaded by the end of 2011.

<http://loveforlife.com.au>

We were the originals who brought out all the "NAME" research back in 2005, now hijacked by Kate Of Gaia and a world of other Intel Operatives. Back in 2005, we also brought out the fact that the "Commonwealth Of Australia" was a private corporation registered with the UCC, etc, and that all barristers, lawyers, judges, etc, are registered private corporations as are ALL state, federal, local government depts, institutions, corporations, etc, etc, .

Back then we also brought out thousands of insights into the alphabets, particularly the letters, and the breaking down of words like beLIeVe back in 2005-2006, thousands of words = phonetics, etymology, pictography, etc, etc and how they are used to to form "spells" as in black magic.

We also pointed out back then how almost the whole of the freeman, sovereignty, ucc, etc, movements are led by intel operatives "we will lead every revolution against us" and that it's all one huge scam/red-herring distraction.

Through 3,500+ intense debates using scrutiny to make sense/logic of whatever was claimed, we just kept going where truth takes us and finally, a free e-book is coming out shortly called "Defining Magnificence Into Mediocrity And Calling It Magnificence". - it will contain heaps of simple illustrations and will be less than a 3 hour read, ideally less than 2 hours. It covers the BIG-PICTURE we now see/sense of reality.

Arthur Cristian

Apparently, Photobucket who temporarily host all the photos used in the revised home page of the LFL website has been down for almost 8 hours and it's just now back up so do refresh your browsers if you are already on there to see the many photos of the food forest garden we created around 1/16th to 1/10 of an acre on a "rental" property here in Bowral, Southern Highlands, NSW, Australia.

While you are lost in alphabets you will never find a remedy that will get you out of "The System" in this life, never to return. Who you really are will never be found to be experienced amongst alphabets. Every single alphabet thought in your head (so to speak) is already another MAN inside your head determined to covet and dominate you, your vessel. Unless you really know/sense who you really are you are already in too deep and drowning in bullshit. "definitions form the fantasies of perceived realities. Every definition is a LIE that you (so to speak) were trained to believe in. These are in alphabets = Can you ' give' jurisdiction to someone else ? - Competent witness? - Right of subrogation ? - s the problem always stolen power of attorney?

Let's just say that the rule of law is solely based on committing fraud and behind all of this is one huge bluff. The authorities can only officiate over those who commit to the original sin, that being the fraud of re-presenting "NAME" and believing (claiming) it to be true which you do the moment you scribble or mark anything on pieces of paper or have voice recorded on digital hard drives, etc, etc, and be then seen to be using the services provided and benefiting from those privileges. :)

Elisabeth Nolson

We dont credit the debt slave names they are secured and limited

Elisabeth Nolson

?O is what we minister not alfa veta a to b

Arthur Cristian

Elisabeth Nolson By clear admittance, you are still lost in the alphabets and they've GOT you and you don't even see/sense it. Can you not yet tell the difference between

1st party and 3rd party, between sense and non-sense, between fantasy and reality, between truth and lies?

Every single definition you are defaulting to by proxy IS the calling out and bringing forward of the person you are re-presenting in "The System", none of which is who you really are - THEY ARE NOT YOUR UNIQUE ORIGINAL DREAMS - YOU NEVER CREATED ANY OF THEM (thoughts are dreams - dreams are thoughts).

You are just mimicking them as part of the socially engineered fashion statement of the person you are currently re-presenting, with its designer apparel on show.

The journey to freedom, claiming sovereignty, consciousness, etc, IS ALL FAKE.

Truth is already before you where it has always been but you still doubt it, meaning you still do not know/sense who you really are. MAN was always meant to be undefined (1st party - so to speak) and never defined (3rd party re-presentations).

Debt slave is in 3rd party,

AO is in 3rd party,

minister is in 3rd party,

credit is in 3rd party,

names are in 3rd party,

secured is in 3rd party,

a, b, c, 1, 2, 3, etc, are in 3rd party, etc, etc,

BUT WHERE ARE YOU, THE LIVING UNDEFINED MAN????

Everything in 3rd party is pure fantasy and needs to be re-presented by deeply brainwashed drones...

"Hello Supreme Court, please talk to me, please come forward"

"Hello Supreme Court, anyone there?"

Please don't tell us that only a MAN, a 1st party, can come forward to act on behalf of the Supreme Court in 3rd party because the Supreme Court can't come forward to act in 1st party = FANTASY.

Hello easter bunny, santa claus, tooth fairy, a, b, c, 1, 2, 3, debt, credit, slave, person, AO, minister, debt slave, secured, name, God, Jesus, Allah, Alien, UFO, Galactic Federation, constitution, government, insurance, commerce, money, ownership, mortgage, deed, drivers licence, birth certificate, etc, etc, etc, etc.... PLEASE COME FORWARD..... "ANYONE THERE"?

Gary Testo

Hey Arthur, long time no speak, hope the family is well. I get what your saying. On a deeper level the truth is right there and we can all just live it instead of tying ourselves in knots, lol.

I think where Elisabeth's coming from is that - the Crown, a 3rd party, is influencing the affairs of man the 1st party. We can stand defiant but it does no good against jack booted cops who know no better. I see the tongue in cheek/cheeky nature of what Elisabeth is doing in turning it round on them. If the Crown as legal title holder to the NAME is truly liable for all costs associated with the trust NAME, then their game is to conscript is as unwitting slaves to be 'conveyed in trust' to stand subject to execution for the debts of the trust. In other words the Crown is surety but they're not doing their jobs and turning the tables on us. By setting up a 3rd party to do the very job the crown should be doing, it kind like the people returning the tables on them.

System - we hold the name you use in trust, we let you use it for a fee and even though we are liable for it, were gonna .make you liable.

ULC - is saying ' Hi, were a 3rd party who holds that nane in trust that XXXXX can use, but we the ULC are in fact surety for that name and we aim to fulfill that role rather than profiteer by turning the relationship round on ppl.

Whether its the best way/thing to do? I don't know, but its funny haha. To me it sorta neutralises the situation. Were playing poker with the crown, but they're dealing the cards, they hold the chips, they have their hand but were not holding any cards, and when we are the crown tries to persuade us to let their man (attorney) play our hand for us....who would ever play in such a casino? Lol. I see what Elisabeth's doing as a way of actually holding some cards when we find ourselves in that casino, with the knowledge that in all of the systems fictional bullshit, they already have your deposit prepaying everything, but they want the cash/credit created off the back of your deposit as well.

Elisabeth Nolson

Its our casino and we use kindness credits which cannot fund their empty copyrighted fictional shite anymore and alfa to omega if you knew the definitions i have of that are not in anyones jurisdiction except my own to define as i determine.. We keep fiction fiction and define reality for ourselves what gary sees is the shared perspective yours is in resistance and that is the real driving force resonate or resist

Elisabeth Nolson

I have no belief in their shit now its time the rest dissilved theirs that ia all thats holding it up now the only people they are kidding is themselves their glossa means nothing anymore their definition is blurred and their interpretation is babble and no one trusts is as a standard

Elisabeth Nolson

Even them

Arthur Cristian

We (Fiona/Arthur) get all this, there is NOTHING new being shared here with us - no offense or smartass being intended.

Though words are varied and different, the intentions behind the words are the same and we've been down these roads intensely for years, long ago.

In going where truth takes us, what we came to see/sense was that MAN'S living dream of life (we are the only ones here - there never has been anything else out there living with us/MAN, secret, apart or not) is all about creating the undefined living soul and that is all that matters. We can create the vessel (child) but we cannot create the undefined soul for the vessel.

While we support "The System" (matrix) which we do when we argue in it, fight in it, work with it, use it, etc, etc, we are all using and abusing brainwashed brothers and sisters (soulless drones) to get what we want from "The System" and so slavery, covert or overt continues. To want anything from "The System" means you must have

soulless drones to deliver what you want, from inception, through manufacturing to consumerism at point of sale.

It is impossible to have only the good parts of "The System" without the bad parts coming into it - both the good and the bad WILL ALWAYS COME TOGETHER and the slave system continues to roll along here and now forevermore.

All the good-hearted sentiments are not enough to stop this. By supporting the good parts you still want from "The System" you are already guilty of supporting the machine of "The System" to continue kidnapping children from the womb and turning them into the soulless drones that will allow you to play the game you currently are playing in "The System" AND NOTHING HAS REALLY CHANGED - THE SAME SHIT WE ARE ALL CAUSING CONTINUES BEING RE-CREATED all the while we are getting all the good bits we want from "The System".

Do you really want to keep supporting the genocide of MAN'S soul?

Children were all meant to be raised by undisturbed nature with no one inside their heads to define reality to them - to do so creates disturbed nature and this disturbed nature is all the harm being caused to MAN and MAN'S nature (they are really one and the same - so to speak).

The direct sensory experiences children have in being raised by undefined nature freely allow them to create an undefined soul in their vessel but there is no soul in the vessel if the children are being defined.

From appearance in the womb, look at the vessel being attacked, defences weakened and then boarded by marauding pirates who take control of the helm while gagging, hooding and hog-tying the undefined child who is now thrown down deep inside the brig of the bilge where it is completely ignored all-the-while the merriment of the pirates party continues on board, up top.

On the mast above the crows nest now flies the skull and bones flag of the pirates with a pirate ship mate in the crows nest on the lookout while the pirates work on creating a "person" (soulless drone - there is no undefined MAN/soul there) to take control of the helm for the rest of the vessel's existence.

Now all this war mongering and PAX ROMANUS treaties are happening in the womb because the mother was already defined as a woman, supported by a defined father and they will raise up a deeply brainwashed soulless drone to enter its vessel on the seas (they see) of commerce where each drop of water that forms this sea you see is crafted out of alphabet fantasies.

This is clearly what you are supporting when you continue to play games with "The System" and with it, its rule of law, which is all about coveting and dominating the vessel of every child appearing in the womb until their grave where they really die without a soul to move on with MAN'S living dream of life.

Remember, MAN has free will and no MAN is infallible, meaning MAN can and will commit spiritual suicide that is eternal death if MAN has not created a living (live in the dream of MAN'S undefined life) undefined soul. The soul and the MAN are one and the same (so to speak). Everyone raised in "The System" is already on the path of eternal death in this life.

If a child has never created unique original dreams which can only happen when they are raised by undefined/undisturbed nature with no one inside their heads defining reality for them, they have not created a unique original dream of MAN'S life that is the undefined soul (of MAN). A whole life of mimicking dreams created by others is a soulless robot-slave, unconscious to this fact. They don't know/sense who they really are. They are dead at law.

Thoughts are dreams and dreams are thoughts and if a child only has dreams taken from definitions that they mimic, this clearly reveals a soulless drone-robot-slave, compelled to perform to the dictates encoded in the alphabets bearing the intentions of the pirates (occultists) with their dreams to covet and dominate others of MAN.

Before this scam began, there was MAN on the land over there and MAN on the land over here and more MAN on the land over there and there and there and there..... and all of MAN was raised by nature and all of creation was sacred and nowhere was more sacred than anywhere else = there was no exclusivity and privilege going on anywhere and there was no MAN being used, abused, raped, pillaged and plundered until one MAN dreamt to covet another MAN and from there carry the intention to dominate another MAN. This is how the piracy began "The System" of both overt and covert slavery (power and control over another MAN).

If you peel back "The System" right now, removing everything of "The System" so that only nature remains all around you, as far and as wide as you can hold this dream, you will clearly see MAN coveting and dominating others of MAN all around you RIGHT NOW, and that ALL of "The System" are just tools in this agenda, whether they appear to be good or bad.

IS THIS WHAT YOU WANT TO CONTINUE SUPPORTING?

What legacy do you really dream to leave for those to come after you?

Arthur Cristian

The above is just a brief look into a much bigger picture we now see/sense of undefined reality and if you want to explore what we have come to see/sense of this much bigger picture of undefined reality then start watching Love For Life videos and reading Love For Life articles, links already provided in this thread - start from the oldest to the latest and apologies, we are just too busy to explain it all here and now in this thread. You can also explore the Arthur Cristian FB wall.

Good hearted and all, with sentiments of the good heart pouring out here and there and everywhere, always, while you are playing this game with "The System", you are no different to all the multi-millions of "saved" Christians going to be by the side of their messiah and God in the afterlife, all-the-while they all have broken wills and are completely broken down men and women turned into inculcated slaves rolling along as cogs in the wheels of "The System" here and now... ALWAYS . These are the worst of all types of slaves because they suck in too many other naive and gullible men, women and children to join them in being "happy" slaves too.

FUCK THAT.

THANKS, BUT NO THANKS.

Elisabeth Nolson

Oh dear you don't see it we don't use their words we use our own definition and spellings hence why most cant read this saying its spelt wrong .. Compared to what your babylonian definitions when asked who we are we are energy and matter in movement who has the jurisdiction of that and what is new that is being shared here is the fact that there are thousands of people who are now active in creating their own reality now they removed the indebted mind from their body and soul and the game isnt being played the game is over for those involved in this .. We have another focus to invest our yniversal source energy credit in thats whats new here .. Still using their slave tokens ? Arthur ?

Arthur Cristian

Elisabeth Nolson Bring forward any of them creating their "own" reality. We've not yet met any anywhere. So far, all we find are deeply confused men and women lost in multi scales of fantorgasmic definitions that were dreamt and determined by other men

and women who dreamt for these dreams through bloodletting and blood libel, derived from ritual sacrifice, and ALL of them are still deeply contracted to "The System" all the while believing they are creating their own reality.

And more so, we've not met any who are completely out of "The System" in this life and have created unique and original dreams.

They all remain deeply brainwashed drones.

They live out of the definitions of joy, happiness, freedom, consciousness, truth, etc, but there is no living soul there.

If we define freedom to you, this freedom is not your freedom, it's just an idea of freedom, an illusion you can fantasise and make it fit as part of the apparel (illumination) of the "persons" fashion statement you re-present, but there is no undefined soul (dream) there.

Same with defining consciousness, truth, life, reality, etc, etc, none of these are dreams you have created uniquely - these definitions are used by occultists (Pirates) as their tools of social engineering to manufacture robot drones who claim to be conscious, free, etc, when all they are really doing is just imagining these definitions as being the expressions of who they really are when in fact it's just the fake E-GO (person) they are re-presenting as part of its rank and file fashion statement. How can they be creating their "own" reality when they never created any unique original dreams?

Arthur Cristian

Elisabeth Nolson You are still in "The System" lost to fictions and their prosthetics, fantasising you have departed the matrix when in fact you are still being the matrix expanding the matrix with no way out of it. A fiction will always remain a fiction no matter how many different ways you try to dress it up. You are still reliant on a slave system filled with broken wills. The MAN Arthur pulled out of "The System" to cut back and back and back on supporting the slave system and in doing so inspire others to do likewise until many of us are completely out of "The System" in this life, co-creating and expanding vast undefined food forests as being the only means of natural exchange between MAN and MAN and MAN and Nature/Earth and without ever doing harm to MAN and MAN'S Nature again. There are no "tokens" involved.

Elisabeth Nolson

While we are lost in presumption we miss the facts

Arthur Cristian

You are lost in the definitions - you both rely on the definitions to form the background of the "persons" evolution and this 3rd party defined knowledge is projected forward so that you can illuminate the person in present sense, thanks to all the definitions you continue defaulting to by proxy, and here you are always paving the path before (before) your person traverses upon it, the Yellow Brick Road, and you are ensconced as Dorothy in red shoes walking down this make believe dream world crafted only out of definitions, some which is scripted as your truth, others scripted as your wisdom, more scripted as your life, some more scripted as the lies you were sold long ago, and again more of this and that and this and that, etc. etc, and you are perpetually submerged (between the ears - so to speak) under the full weight of the definitions with no way out of this fake dream world of your "own" imagining, before, during and after. And there is no attack on the living MAN, Elisabeth Nolson, intended here, just straight shooting / sharing facts as they appear.

Elisabeth Nolson

Would you like to see one of my glossaries before you presume my definitions or would you like to just continue supporting presumption ?

Arthur Cristian

@ Elisabeth Nolson

Neither, we are just providing a much bigger picture of how we see/sense reality, including all the "The System" pitfalls that most don't realise yet to contemplate on. Who you really are is not answerable to anyone including us. We are not here to change you - we just share the insights into the truth of doing harm and the truth of doing no harm as we see/sense it and what you do with it is all up to you. You have free will and that is respected always. To us, everything is in the intention and that is all that matters to us (Fiona & Arthur).

We have not made anything "personal" with you here in this thread. Constructive criticism, scrutiny and straight shooting can be construed to be an attack on a "self" (person) when the constructs/concepts/definitions that formed the identity of the person are felt as being part of the make-up of the living MAN.

If you really are sensing our true intentions, meaning, who we really are is the blimp on your radar and not an imaginary blimp where you are projecting and illuminating the fantasy of a blimp you are claiming is us, and therefore impersonating our characters, intentions and motives through definitions that are part of the "self-obsession" of what now appears to be a persecution complex "Would you like to see one of my glossaries before you presume my definitions or would you like to just continue supporting presumption?", then you would have no need to be concerned about presumptions with us because we are not here to have a joust with you, this includes the need to covet and dominate you, none of which is our intention in being here on your FB wall.

Elisabeth Nolson

1000 years later we, the living 1st parties, will still be waiting for a reply - none of which will ever be forthcoming.

Again, the basis of the rule of law, "The System", is completely rooted in COMMITTING FRAUD, the original sin, where everyone trapped in "The System" were born in to, all of which is a huge bluff.

Gary Testo

You make a point Arthur.....but bring forth the Crown? Bring forth the utilities company? Bring forth a nation? A church? Any business entity?

I believe we should all be using a medium of exchange of our own, but until then the need to support ourselves/families is what's tying everyone into the system as is. Like Fiona.

Arthur Cristian

@ Gary Testo

The need for full support was NATURE but we completely fucked with it and this turned MAN into slaves gardening, farming, agriculture, animal husbandry, etc, etc, which only made things even worse. The ONLY remedy is restoring food forests and living in them or beside them or travelling from one to another again as peaceful nomads without ever doing harm to nature again. There is no other medium because it will be "The System" repeated under another guise.

TO CLAIM THAT YOU "OWN" SOMETHING" IS TO NEED "THE SYSTEM" TO PROTECT WHAT YOU CLAIM YOU "OWN".

We were never meant to "own" anything, ever.

We can't even own our last breath, drink or meal without dying/doing-harm if we don't let go.

Elisabeth Nolson

You are the universal law its whether you trust yourself to uphold it or not that makes it real or not it is not an external third part f anything it is an internal part of you unwritten

by mans hand it is what our hearty cells vibrate to and if you believe you can't harmonise with that and communally trust in that then your right for you it won't exist .. It isn't something that's coming to fix your shit for you its you finding that you had it in you all along to minister the universal law and it was that fact alone you lost trust in

Arthur Cristian

@ Elisabeth Nolson

Different words but you are sharing the intentions we've also been sharing freely since 2005. To us we are undefined MAN, we are not a 3rd party uni-verse-all law as this is defined making unconscious drones out of those who fall into the word-spells of these definitions.

There is no natural need to define anything to a child when the undefined truth of reality/earth/nature is already apparent before them, before their senses (touch, taste, feel, smell, hear, see).

When we define anything of reality we can only imagine and fantasise the image of the definition that was defined to us. But when we create undefined dreams through direct sensory experiences with reality, we are already living and being the living (live in) dream of life we have uniquely created, the living (live in) soul, as tree, bird, creature, insect, etc, which is very different to just imagining and fantasising (illuminating) the definition as being our reality = we remain detached from reality.

Arthur Cristian

@ Elisabeth Nolson

When we define reality to a child... "that is a yellow daffodil, etc...." we are actually telling them.....

they are no longer magnificent,

that they can't work things out in their unique, original ways,

that they must have doubt and uncertainty with everything they sense (touch, taste, feel, smell, hear, see) of reality and default by proxy to the definitions we have provided that defines their perceptions of reality, and you must always have a broken

will so that you are compelled to perform as a robot-slave whenever you hear/read the definitions for the rest of your life..

There is so much more to all of this, refer to the LFL articles and videos provided in this thread.

Elisabeth Nolson

You can't e undefined man as you just finished your indefinable self as a thing .. We are energy and matter in movement an indefinable state and yet more presumption from you there are many videos of me outside parliament with a mega phone we also conduct incantations of Greek symbols into the etheric state in various sacred points around Athens speaking this into reality .. I run i can kids to move brainwaves into gamma state and yet you come on here presuming in your divided state stating your not jousting but your also unwilling to see what we are because you defined yourself as man a word where as we use symbols O that is vibration not words these symbols speak of energy in different wave forms and awareness and we do it in Greek not your Latin Babylonian but for those that haven't bothered to learn another vibration we have to translate it to Latin dog based babble

Gary Testo

Well as someone that appreciates the input both of you guys have made, I think your on to the same core ideas, but using different methods.

Whilst we can ignore their works of fictions, choose to not interact with it, it rages on like a forest fire imposing itself across the landscape of reality, hence why i totally get your point Arthur, in not wanting to contribute to it. But even when ppl go off and live sustainably we see governments knock down their homes and force them back into social housing and the system of fictions.

As I see Elisabeth's work, is she has created a fiction to act as a fire break, using the same analogy. When their world of fictions comes to burn our reality of living as men and women in a nice sustainable way, there is nothing to burn. As the "tinder" of our fictitious strawmen that interacts with their forest fire has already been consumed by the fiction Minister Emoven.

I am not yet a member of ULC but I have expresses interest as Elisabeth is out there doing a lot of what I've pondered myself -own currency, own accounting, keeping it simple and setting up a dummy for the system to attack.

Elisabeth Nolson

I have no knowledge of Arthur until now Gary and what i see is presumption and assumption man made definitions and hypocrisy .. fiction is fiction that's a fact lol keep it that way while you conduct your private lives defined as you wish while someone's five hours is spent standing surety to you all .. an honor

Gary Testo

I came across Arthur years ago and I love what he and his wife have created. A slice of heaven, food forest, their own little garden of eden. Not too dissimilar to your own work with kindness credits in its aim to support others to live life much like Arthur and Fiona.

But as Arthur says, he's out the system but Fiona is in. As a family they have one foot in and one foot out, which is great if you can do it. As I'm not married, there's only me. I can't be in and out at the same time. Hence why I've had my own thoughts on creating an 'entity' simply so that entity can be my "one foot in" so I can lice outside if it. I do see the promise in the UCL to do that.

I love the fact people are discussing these issues, even the disagreements are important, but never let them grow in contention to destroy the ideas were contributing. Big love you guys.

In the beginning was Om .. It is the vibration of creation

Arthur Cristian

Bring forward Om, let's hear this claim directly from "om" and NOT from another MAN acting on behalf of "om". Can you do this or do you want to continue committing fraud. The fact, is there never was a beginning to MAN/Life.

Elisabeth Nolson

You are om .. Who else after that i have no idea

Elisabeth Nolson

O omega represents universal source energy examining itself as a sine wave .. U are O come forward with ur knowing or stay where you are and remember

Elisabeth Nolson

Read t backwards .. If the beginning starts with Om why do we read it from the alpha to the Om we are going backwards revolving instead of evolving to our higher alpha state out of delta into gamma to a betas state of awareness remembering we are om

Kevin Trueman

Mo ?

Sara Santo Domingo

That's exactly what I was thinking ?? ??

Elisabeth Nolson

Read the alphabet backwards starting with om then ? psi where om starts to become aware of itself in three frequencies red blue and yellow with its consciousness creating physical and psychiatric (all other vibrations starting with Psi) words are vibrations nothing to do with man made definitions get some ancient Greek vibrations resonating in your life and spare me the roman babble dissonance please

Sara Santo Domingo

Yes realising English is a manipulated abstraction.

Mmmm thats interesting

Are there any documents to back this up, elizabeth

All thoughts of the past and of the future needs MAN to exist here and now to think and feel them. If MAN does not exist here and now, no thoughts of the past and of the future can be thought or felt.

ALL experience IS TO MAN.

Bring forward an experience (thought, idea, dream, story, explanation, suggestion, alien, god, messiah, quantum physics, alphabets, science, history, etc, etc, etc, etc.....) without a MAN being a party to that experience.

YOU SEE, IT IS IMPOSSIBLE TO DO.

IF MAN DID NOT EXIST THERE WOULD BE NOTHING/NO ONE TO EXPERIENCE THE LIVING DREAM OF MAN'S LIFE.

Some say, but the trees will still be here and we say, but you are a MAN hearing the question and answering it, imagine there is no MAN existing to hear the question and answer it.

Do you realise who you really are and can you see/sense the depths of all the bullshit?

Nik Green

have you managed to write a simple notice we can use for these places of business yet please? :)

Arthur Cristian

And continue committing fraud.

Elisabeth Nolson

We do not commit fraud we have no name or papers your presumption is your fraud

Elisabeth Nolson

What places of business like those imaginary ones ;) that just declared their own lack of requirement to exist ?

Nik Green

yeh them ones lol! :P

Nik Green

yeh you know proof? or a statement that can be used ? :O ;)

Elisabeth Nolson

Proof that something does not exist now there's the rub. The assignment of consent is the proof they haven't yours and it's been that that has worked to prevent people getting banged up

Nik Green

where is that then is it available to see pleaseV

Elisabeth Nolson

Its on un doc your mente on the website and you get yours when you do the deed of assigning your consent

Nik Green

ok have you got a link please? can I do this please?

Nik Green

what is un doc?

Elisabeth Nolson

When a ship leaves the port it is undocked ..your mind left the crown corp docking when you assign your consent elsewhere

Elisabeth Nolson

The link is in the thread

Nik Green

looked! but I am male lol! ??

Nik Green

sorry I still can not find the link? please?

Brant Hunt

Why do you go the court system to find the truth? It is not there with this belief you are saying that they ruled over you. They are not going to tell you the truth no way they are in the system themselves also, it benefits them too!! If all men are truly equal there would be no problem but that is not true since they consider themselves over you as masters and they are slaves themselves since someone higher than themselves!! that why few people will ever get out of the system because they are enjoying the comforts of the system!!

Elisabeth Nolson

We would be demonstrating incapacitated minds if we expected remedy in a system void of it.. This is a rebuttal of their false claim.

Elisabeth Nolson

Only the ministry of remedy can you access real remedy by creating it yourselves

Kevin Trueman

@ Elizabeth

If a bank has a charge against a title at the land registry by virtue of adding it themselves after taking over another bank, they must have filled out some procedure, they can't just say change things themselves can they ?

With the poa in the t & c ??....

Possibly, they don't specify how many times they wish to execute a doc in your name.....

Paul Webster

This judge maybe mistaken LOL

Arthur Cristian

We've been mostly busy in the garden this past week or so. We've just planted nearly 1800 plants/seedlings. We've done another huge cleanout of organic material to create another 18-day hot compost with another session coming up in a few days to make another 18 day hot compost. We've upgraded another garden bed and for the first time since we started this garden, created another garden bed on the ground, but only after 4 years of letting woodchip rot above the deep clay belts of the East Bowral new suburban development when they took/bulldozed away all the top soil and humus to build this latest prison system. We've been pumping out many plants from the hot house while letting other plants go to seed in the garden for our next co-creation with these life-forms. We have also created three, and soon four, inoculant brews, (compost tea) to enhance the microbe production to break down the clay belt throughout this garden. We've also had a small fire going on and off over the past week or so to burn off all the old timber we stripped from Bunnings Pallets to build the original garden beds 2012-2013. All this is going on while Fiona has a termination (not eviction) notice to vacate this land/property by the 6th Nov 2018, now extended to end of January 2019.

It's all in the intention to do no harm and we all come at handling/dealing-with "The System" in different ways. As we are all different and so we all should be, there will always be disagreements amongst us, and this is part of the important and exciting challenges of pushing (nurturing/inspiring) each other to expand the magnificent dreams of life we all live for and hold.

We've sent you a FB friend request Elizabeth so that when we can we will keep in touch with you and others congregating on your FB wall. Though you are a stranger to us, we do have a lot of respect for you in what you are doing.

These days, we have small windows to pick our engagements on FB and elsewhere ,and engage in a discussion/debate, but we mostly stick to the core of our interests where the passion burns the greatest, and we share all this on the deeply censored, ghosted and blocked FB walls we use and on YouTube, and again on the upgraded Love For Life website when it finally does its phoenix reappearance in the near future. In the meantime, we are also still putting together a basic temporary LFL website. to keep others posted. Besides running garden, 4 children, 2 dogs, household, website, social media, emails, phone calls, snail mail, etc, website, etc, we are also still working on the free Love For Life e-book which we want released before the end of this year.

All the best to you and your family Elisabeth and to Gary and your family too bro. And you are all most welcome to visit us if you are ever in our part of the earth. :) <3 (Y)
