1) This is my [#Qanon](#) thread for June 2, 2020

Q posts can be found here:

qanon.pub

qalerts.app

My Theme: All Systems Go

2) For about a month, Q has made obscure references to military operations. Q doesn't post random messages, so there's a relevance to them, but it hasn't been clear (at least to me) what that it is. But the events of the last two days have brought some clarity.

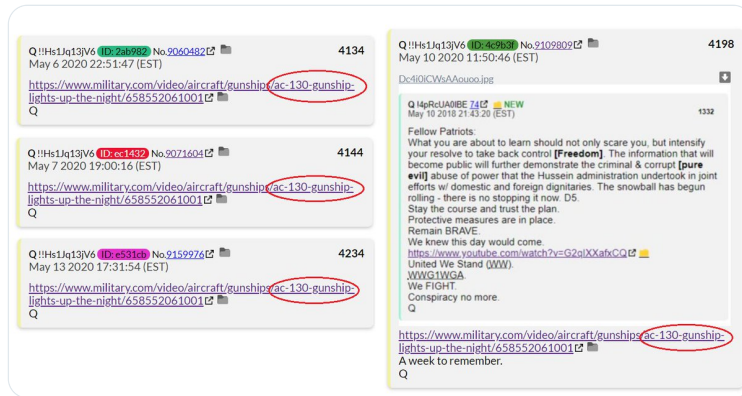

3) On four occasions between May 6th and May 13th, Q dropped a link to a video of an AC-130 gunship conducting night time operations.

AC-130 Gunship Lights up the Night | Military.com

An AC-130 gunship and UH-60 helicopter light up the night as troops on the ground work a laser illuminator.

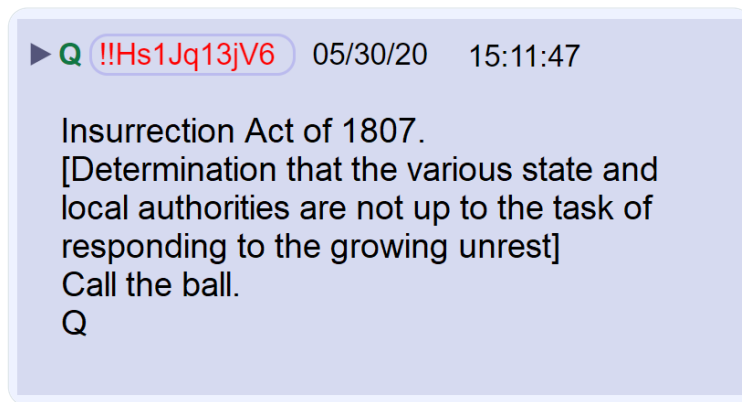

<https://www.military.com/video/aircraft/gunships/ac-130-gunship-lights-up-the-night/658...>

4) On May 24th, Q said (without providing context), "ILS approach looks good." While ILS (Instrument Landing System) is used by civilian aviators, it took the conversation in the general direction of aviation terms.

5) On June 30th, we saw the use of another aviation term, "call the ball." This time, the context was the insurrection act as it applies to the current state of civil unrest.

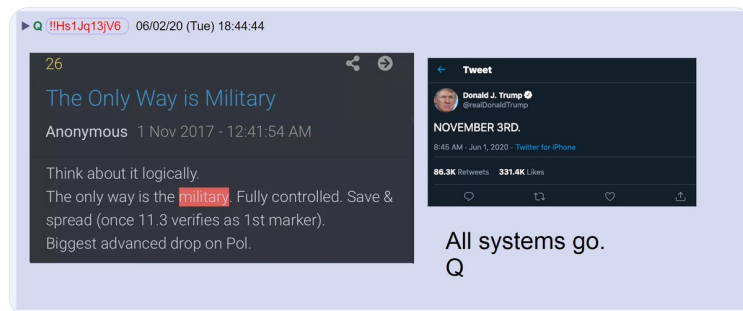

6) Last night, Q posted this after POTUS gave Governors an ultimatum: Call up the National Guard and get rioting under control or he would deploy the military.

I took this as a signal that the military has been given a green light to deploy and bring rioting under control.

6) Tonight, Q wrote: "All Systems Go."

I interpret this to mean that (some) Governors have refused to call up the National Guard and POTUS has ordered the military to be deployed.

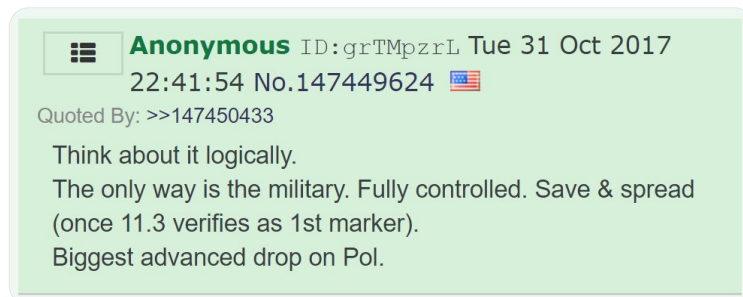

7) Regarding the prior post ^ and the tweet by POTUS:

Yesterday, the President tweeted "November 3rd" without providing context.

8) Tuesday, November 3rd is election day.

We could assume that's what POTUS was referring to, but on November 1, 2017, Q indicated that November 3 (with no year specified) would be a marker.

9) On October 31, 2017, November 3 was the predicted date for Podesta and Huma to be indicted.

Today's post by Q suggests that November 3rd had a double meaning; disinformation was provided about indictments in 2017 and a glimpse was given of the 2020 election.

Anonymous ID:grTmPzrL Tue 31 Oct 2017 20:00:47 No.147434025 Report

There are more good people than bad. The wizards and warlocks (inside term) will not allow another Satanic Evil POS control our country. Realize Soros, Clintons, Obama, Putin, etc. are all controlled by 3 families (the 4th was removed post Trump's victory).

11.3 - Podesta indicted
11.6 - Huma indicted

Manafort was placed into Trump's camp (as well as others). The corruption that will come out is so serious that deals must be cut for people to walk away otherwise 70% of elected politicians would be in jail (you are seeing it already begin). A deep cleaning is occurring and the prevention and defense of pure evil is occurring on a daily basis. They never thought they were going to lose control of the Presidency (not just D's) and thought they had control since making past mistakes (JFK, Reagan).

Good speed, Patriots.
PS, Soros is targeted.

10) The takeaway is that the military is being deployed to restore peace and tonight we have confirmation.

Replying to @prayingmedic

57) I'm often asked about the claims made by Q in late October, and early November of 2017 that Hillary Clinton and John Podesta would be arrested.

Don't these claims prove that Q is an unreliable source of information?

Army Lets Slip That It's Conducting Secret Operation Around D.C.

By [Anthony Capaccio](#)

- ▶ Black Hawk copters working on 'emerging classified' mission
- ▶ Service asks Congress for an extra \$1.55 million for project

The Pentagon has revealed a few details about a secret Army mission that has Black Hawk helicopters flying missions over the Washington, D.C., area backed by active-duty and reserve soldiers.

The mysterious classified operation was disclosed when the Army asked Congress for approval to shift funds to provide an extra \$1.55 million for aircraft maintenance, air crews and travel in support of an "emerging classified flight mission."

It's part of a \$2.5 billion request this month to "reprogram" funds in the current fiscal year's budget to programs considered high priorities. "Without additional funding, the Army will not be able to perform this
