

Q June 26, 2022

This update covers messages posted by @q account on Truth Social and new post on 8kun by the original Q. I can't say with certainty that the @q account is the same person or group that posted on 4chan, 8chan and 8kun between 2017 and 2020. We will look at whether new posts on 8kun are from Q or someone else.

Since the @q account was created on Truth Social, they've used the lower-case letter q as their handle. On June 14th, they changed their handle to the capital letter Q. Searches for the lower-case q now return the upper-case Q account. In addition, the statements in their biography section were removed but they reappeared later that day.

Some say the @q account was created for the purpose of trolling the mainstream media. That could be true.

On June 22nd, Q reposted a video of a lightning strike and said, “Now there’s a storm.”

My takeaway from the storm posts is a general warning that a large exposure of corruption is drawing near, and with it, so is the response of the deep state.

Q

On the night of July 24th, someone who appears to be Q posted 3 messages on the 8kun gresearch board. One thing to not about these posts is that no user ID was assigned.

Q

No user ID number

The absence of a user ID would be expected when someone posts using TOR. (TOR is an anonymous browser used by people who want to conceal their location or identity.)

Also worth noting: The post had the same tripcode Q used the last time he posted in December of 2020.

Q

What is a tripcode?

Some users sign in when they post on 8kun with a password. The password is converted to a unique, anonymous ID called a tripcode. The tripcode is one way in which we know control of Q's account has not been taken over by someone else.

Some anons were confused when they realized their own tripcodes had changed recently, but Q's had not.

There is talk on the board about tripcodes.
It seems tripcodes have changed even if you use the same password.

If this is the case, how can Q have the same tripcode?
Something we need to figure out.

After some discussion on the 8kun board /qresearch/, the board owner addressed some concerns that had been raised.

► **Anonymous** [## Board Owner](#) 06/25/22 (Sat) 01:43:55

ty baker.

Am usually on duty much of every day, today IRL intervened. Have been preoccupied with other matters much of the day.

First, very glad to see Q on the board.

Second, TOR posting was enabled a few days ago for purposes of testing, anons who check the practice thread can check that out. There have been glitches, which is why it was not announced. TOR was turned off by previous BO, have been exploring turning it back on if glitches could be worked out. Useful during some kinds of attacks.

Third, to my knowledge, no one but Q has access to Q's tripcode. Will consider Q posts made under that trip as from Q unless there is a clear and definitive reason to believe otherwise.

[>>16511125](#)

Suggest BV confer with 8kun admin rather than speculate about the reason for tripcode changes involving archiving. Can verify that no tripcode setting was changed on the board level.

Jim Watkins is the owner of the website 8kun. He said Q's tripcode is whitelisted and is not affected the way other tripcodes are.

I'm reasonably confident this is the same Q who has been posting since 2017. I would expect Q to confirm his identity at some point by simultaneously posting with President Trump, as he has in the past.

Let's look at an example of that.

When 8chan was shut down in 2019 and its replacement 8kun went online, Q posted on it for several weeks under his old tripcode and then let anons know a tripcode update was coming along with a reverification.

Q

A week later, on December 9th, 2019, the Department of Justice Inspector General posted the IG report on FISA abuse on their Twitter account at 1:29 Eastern.

Justice OIG

@JusticeOIG

DOJ OIG releases Review of Four FISA Applications and Other Aspects of the FBI's Crossfire Hurricane Investigation.

View on website here: [justice.gov/storage/120919....](https://justice.gov/storage/120919...)

That same day, Attorney General Barr posted his response to the IG report at 1:29 Eastern on the DOJ Twitter account.

That day, U.S. Attorney John Durham's posted his response to the IG report at 1:29 Eastern.

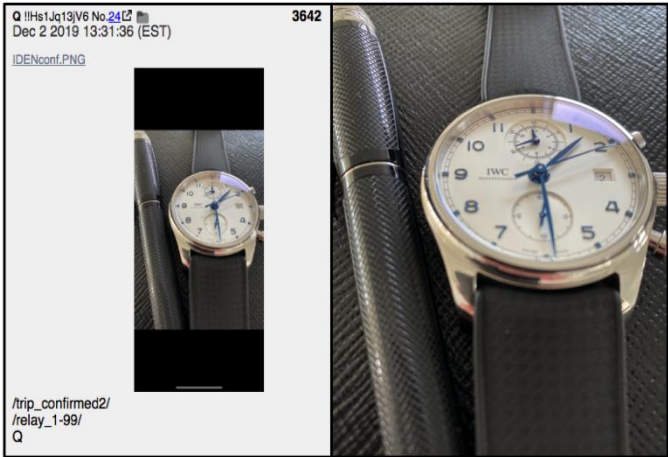

This graphic shows the proof related to Q's watch post on December 2nd and the release of the IG report and the responses by AG Barr and John Durham.

The watch photo in this proof was posted by Q on /projectDcomms/ as a part of a tripcode verification on 12/2/19

The date showing on the watch was the 2nd
The time was 1:29

Exactly one week later (to the minute) the DOJ IG report on FISA abuse was made public.

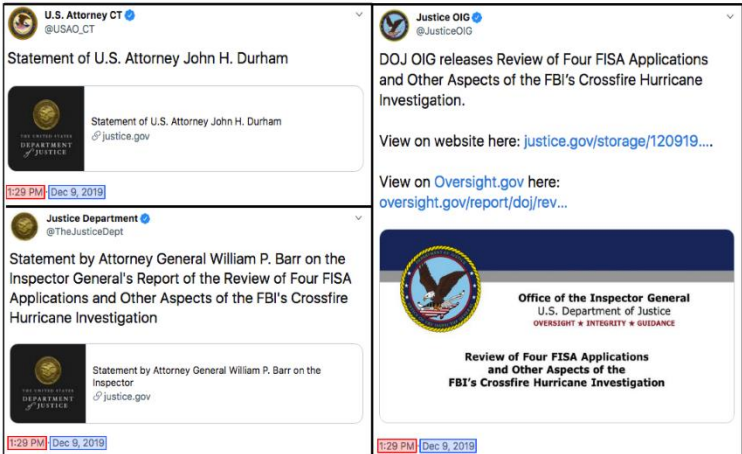

The DOJ IG report on FISA abuse was posted on the DOJ Twitter account at 1:29 pm on 12/9/19.

The date 12/9 has the same numbers in the same order as the time 1:29

Attorney General Barr's response to the report was posted on the DOJ Twitter account at 1:29 on 12/9.

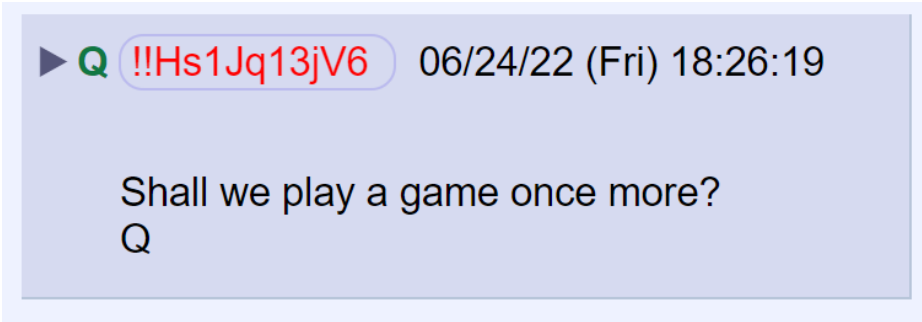

U.S. Attorney John Durham's response to the IG report was posted on the Connecticut U.S. Attorney's Twitter account at 1:29 on 12/9.

It's possible that these incidents are mere coincidences.
Or they could suggest that Q has foreknowledge or even control over certain events.

This information is provided to show how Q has confirmed his relationship to President Trump in the past. I would expect Q to offer similar proof in the future to reconfirm his identity.

Here's the first message posted the night of June 24th, 2022.

This phrase has been often used by Q, but this time, he added “once more.” The message seems to be a challenge to the enemies of freedom.

The phrase “Shall we play a game?” is from the film “War Games,” a fictional story about a teenager who hacked into a pentagon computer and nearly started World War III.

Is this post suggest that Joe Biden plans to escalate the military conflict in Ukraine?
Does it hint at worsening relations with China?

To help verify his identity, anons asked Q to remove an old post that a rogue board volunteer posted on his read-only board /projectdcomms/.

It had to be done this way.

Q

Here’s Q’s third post of the night.

Are you ready to serve your country again?
Remember your oath.
Q

Who was Q talking to?
A look at posts from 2 years ago may provide a clue.
This post was a question to retired three-star General Mike Flynn.

Are you ready to serve once again?
Q

The message below was posted exactly 2 years earlier.

The People's General.
Soon.

Q

I believe that when President Trump returns to the White House, General Flynn will be appointed Director of the FBI. (Flynn has made public statements saying that he is willing to oversee the reformation of the bureau.)

This message was posted the same day.

You have been selected to help serve your Country.
Never retreat from the battlefield [Twitter, FB, etc.].
Use other platforms as a form of centralized command and control.
Organize and connect [bridge through linking].
Source meme(s) material from battlefield and/or garage [highlight & share][take & drop]
Mission 1: Dispute [reject] propaganda push through posting of research and facts
Mission 2: Support role of other digital soldiers [one falls another stands (rises)]
Mission 3: Guide [awaken] others through use of facts [DECLAS 1-99 material and other relevant facts]
and memes [decouple MSDNC control of info stream] _ask 'counter' questions to initiate 'thought' vs
repeat [echo] of MSDNC propaganda
Mission 4: Learn use of camouflage [digitally] _primary account suspended-terminated _use of secondary
Mission 5: Identify strengths / weaknesses [personal and designated target(s)] re: Twitter & FB [+other]
example re: meme(s) failure to read through use of ALGO [think Tron (MCP_master control program)]
_dependence on person-to-person capture [slow response time unidentified user(s)]
Game theory.
Information warfare.
Welcome to the Digital Battlefield.
Together we win.
Q

The above message was posted three seconds before a tweet by President Trump.

Wow!!! Another 0 delta.

Q joked that Dan Scavino was to blame when the posts were not stamped at the exact same time to the second.

3 seconds.
Dan is to blame.
Q

Q told anons to take the oath.

I do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter: So help me God. Over the next week, thousands of patriots around the world took the oath. Some posted videos of themselves taking the oath.
I believe Q is asking us to recommit ourselves to the digital battlefield.

Last night, this post showed up on the board signed by Q but the sender was not logged in with a tripcode.

Who was "Jane Roe"?
How do you control generations of a populace?
50 years of conditioning.
50 years of propaganda.
50 years of lies.
Peaceful protests?
Riots?
"Summer of Love" redux?
What happens when you corner an animal?
Midterms.
[D] power implosion.

Establishing comms.
Q

And then, a third with Q's tripcode. Again, no user ID was assigned, but that's probably because Q is posting via TOR.
