Forget the Hunter Biden sex tapes. The real news is much bigger than that.

By [Andrea Widburg](#)

Over the weekend, a media outlet named GTV released videos and photographs of a person purported to be Hunter Biden engaging in sex and smoking crack. While the images created a stir on social media, they are not the big story.

That the same outlet claims that:

1. Communist China owns Joe Biden
2. Joe Biden sold out CIA assets in China who were then executed or imprisoned; and
3. GTV has millions of images showing other influential people in comprising positions.

GTV and its sister company GNews are based in Taiwan. They're owned by Guo Wengui, a dissent Chinese billionaire.

Guo escaped with his wealth to America. He is a sworn enemy of the Chinese Communist Party and has made it his mission to bring it down. His friend, Steve Bannon, help him found GTV and GNews.

In June, Bannon joined with Guo to declare a "New Federal State of China" which they hope will overthrow the Chinese Communist Party.

Bannon and Guo first dropped intel about Hunter Biden's hard drive 3 weeks before the *New York Post's* bombshell story.

When the *New York Post*, [on October 14](#), published its first report about Hunter Biden's hard drive, that wasn't the first time Hunter's computer made the news. According to [the Daily Beast](#), on September 25, a Guo-affiliated YouTube station uploaded [a Chinese-language video](#) announcing that Guo and Bannon had sent "sent three hard disks of evidence" to both the Justice Department and Nancy Pelosi.

Three days later, Himalaya Global, a movement that Guo and Bannon started, published a tweet making the same announcement, only adding that the disks created a "big money and sex scandal." Twitter has since [suspended the account](#), but the *Daily Beast* captured the contents:

Bombshell... 3 hard disk drives of videos and dossier of Hunter Biden's connections with the Chinese Communist Party (CCP) have been sent to Nancy Pelosi and DOJ. Big money and sex scandal! may come out soon according to Youtuber media Lude [@ding_gang](#)
[#WhereIsHunter](#) [pic.twitter.com/jJDC6hbhqJ](#)
— Himalaya Global (@HimalayaGlobal) [September 28, 2020](#)

As if that's not shocking enough, Guo's outlets have made a few other staggering allegations. These allegations are scattered throughout the videos and summarized in this [essay at GNews](#) (emphasis mine):

This video shows only the tip of the iceberg of what is important in the Chinese Communist Party's Blue-Gold-Yellow (BGY) program. They take advantage of all those Western politicians, celebrities, and their families who are greedy for Chinese wealth, and threaten them by getting hold of and recording their sex and drug videos, forcing them to sell out their countries and people, and even their own national security in order to cooperate with the Chinese Communist Party's world domination.

U.S. presidential candidate Joe Biden is 100% controlled by the Chinese Communist Party as one of the most successful political instances of the BGY program. He is also a target of the CCP's 3F plan, which aims to "fall, fail, and fell," to weaken, destroy and kill America!

The Chinese Communist Party's use of this tactic to threaten Biden and his sons and to bribe them with large amounts of wealth is one of the major causes of the disputes over the South China Sea, US-China trade, intellectual property rights, and energy prices, etc., as well as **Biden's provision of large numbers of CIA intelligence agents in China to the Chinese Communist Party.**

The Chinese Communist Party has such a BGY program in the United States and in several Western countries in Europe. **We will have millions of videos and photos of government officials, corrupt people, traitors, and criminals colluding with the Communist Party to dominate the world.**

It's perplexed me that the media seem willing to torch their reputations to cover for the crimes of the Biden family.

Why are the Biden's the hill that the media chose to die on?

Why did YouTube take down all the Q channels to cover for the crimes of Hunter Biden?

It doesn't make sense.

Unless there's a bigger story.

What if it wasn't about Hunter Biden?

What if it wasn't about Joe Biden?

The media can't give any validity to the files found on Hunter Biden's laptop because there's more at stake that has nothing to do with the Biden family.

The Bidens are the tip of the iceberg.

Assuming that his claim is true, why did Guo send copies of the hard drives to Nancy Pelosi?

It was a shot across the bow. It was a warning that the enemies of the Chinese Communist Party and the enemies of the politicians they control have the tapes that China has been using to blackmail American politicians.

If Guo and Bannon have the files, they're going to release them. When they do, they'll take down the entire corrupt DC political establishment.

How do the media fit in?

If Nancy Pelosi has copies of the hard drives, then she knows and her minions in the media know that Hunter Biden is the first of many people to be exposed.

If the media give validity to the evidence uncovered by Rudy Giuliani and Bannon, they give validity to everything else that will drop in the next 6 months.

Those files are the pandora's box of political and media elites.

The media are the only thing standing in the way of the public knowing what's really been going on. They can't give validity to anything presented by Giuliani, Bannon or the *New York Post*. If they do, the public will learn the truth about how corrupt the swamp is.

I suspect that prior to the election, the attention is going to be only on the Biden family.

After the election, I would expect other political families to be exposed.

Here's some interesting timing.

Immediately after GTV released Hunter Biden pics and claimed to have millions of images showing influential people in comprising positions, Twitter announces a new zero-tolerance policy on images displaying pedophilia.

Coincidence?

In January 2020, Twitter quietly reworded certain elements of their Terms of Service, allowing for the discussion of "child sexual exploitation as a phenomenon." The Terms of Service also allowed for "artistic depictions" of nude minors.

While the old policies stated there was a limit on "promoting or glorifying child sexual exploitation," it allowed for a community of "minor attracted people" [to flourish and communicate in the open](#), often posting computer-generated and animated child pornography, with no recourse for other Twitter users to take to try and remove them from the site as their actions did not constitute a rule violation.

But the newest manifestation of the Terms of Service has changed all that, with Twitter boldly stating the website has "a zero-tolerance child sexual exploitation policy."

October 2020

We have a zero-tolerance child sexual exploitation policy on Twitter.

Twitter has **zero tolerance towards any material that features or promotes child sexual exploitation**, one of the most serious violations of the [Twitter Rules](#). This may include media, text, illustrated, or computer-generated images. Regardless of the intent, viewing, sharing, or linking to child sexual exploitation material contributes to the re-victimization of the depicted children. This also applies to content that may further contribute to victimization of children through the promotion or glorification of child sexual exploitation. For the purposes of this policy, a minor is any person under the age of 18.

President Trump reportedly has a list of officials to fire after Election Day if he wins, starting with FBI Director Christopher Wray, who The Daily Beast [previously](#)

[reported](#) Trump believes is part of the so-called deep state. Two administration officials told Axios that Trump also plans to get rid of CIA director Gina Haspel and Defense Secretary Mark Esper. If not for the political fallout of ousting officials so close to Election Day, one official told the website that Trump would have fired Wray and Haspel already. However, Trump reportedly has no formal plans to replace Attorney General William Barr despite [privately venting](#) about his failure to release the Durham report, which delves into how the Obama administration investigated ties between Trump and Russia. The period between Election Day and the inauguration is traditionally when re-elected presidents switch their teams. In response to Axios, the White House said in a statement: “We have no personnel announcements at this time nor would it be appropriate to speculate about changes after the election or in a second term.”

According to a source familiar with the planning, Bobulinski will play recordings of Biden family operatives begging him to stay quiet and claiming Bobulinski's revelations will "bury" the reputations of everyone involved in Hunter's overseas deals.

FOR IMMEDIATE RELEASE – October 26, 2020

SAN DIEGO, CALIFORNIA – On October 26, 2020, fifteen Y lawsuit against Google and YouTube, alleging in seventeen claims breached the Terms of Service and violated their First Amendmer platformed the Plaintiffs’ channels and removed their content fro

The Plaintiffs are the creators of YouTube channels, inclu X22 Report, SpaceShot 76, TruReporting, RedPill78, Edge of Wonk Woke Societies, Daniel Lee, Deception Byes, InTheMatrixxx, Destr Together, their news and social commentary channels have reach together they had more YouTube subscribers than many legacy n New York Times, and NBC News. Plaintiffs cite a recent study by t that many Americans get their news from independent YouTube i legacy or traditional news sources.

(Opinion filed September 12, 2019). The Ninth Circuit Court of Appeals found persuasive the notion that the “unbounded reading” of Section 230 previously employed by social media giants such as YouTube would allow a content provider to “block content for anticompetitive purposes or merely at its malicious whim.”

The Plaintiffs allege that YouTube removed their channels without giving them notice or without cause under the Terms of Service that YouTube itself drafted and imposed on the Plaintiffs. The Plaintiffs allege that YouTube also violated the First Amendment rights of the Plaintiffs, and the public they serve through their social commentary, news and information channels. Although many courts have rejected the notion that YouTube is subject to the First Amendment, concluding that YouTube is a private party, the Complaint alleges that YouTube acted at the behest, was encouraged by and coerced by Congress, Speaker of the House Nancy Pelosi and Representative Adam Schiff. The Plaintiffs attach to the Complaint letters that Representative Schiff published on Congressional letterhead that urged that content be removed and replaced. The Plaintiffs also reference the House’s recent action by the House, in passing House Resolution 1154, which condemned certain content and specifically mentioned social media. In direct response to Representative Schiff’s published letter demanding censorship, YouTube Chief Executive Officer Susan Wojcicki responded by Tweet: “Thanks for reaching out, we’re working every day to protect people from misinformation and help them find authoritative information. the evolving issues around #COVID19.” The Plaintiffs allege that under Supreme Court precedent, if a private party acts when it is encouraged or coerced by the government or its agents, then the state action theory applies and the First Amendment rights should be protected, particularly from viewpoint discrimination.

This lawsuit follows the filing of a massive antitrust action against Google by the Department of Justice and eleven states.

The “state action” theory was previously raised in by Armenta & Sol, on behalf of an African-American conservative commentator, Young Pharaoh, in July 2020 also against Google and YouTube. Although the Defendants in that case filed a Motion to Dismiss and oral argument was held, Magistrate Judge Virginia DeMarchi has not yet issued a decision.

The lawsuit will be served on Google and YouTube today.

The Plaintiffs are represented by attorneys M. Cris Armenta and Credence Sol. Both were previously affiliated with Skadden Arps Slate Meagher & Flom LLP. Both are former federal law clerks; Ms. Armenta in the Central District of California, and Ms. Sol in the Ninth Circuit Court of Appeals. Ms. Armenta has been named one of the top 100 female attorneys in California and is on the peer-reviewed SuperLawyers list for civil litigation. Does Section 230's Sweeping Immunity Enable Big Tech Bad Behavior?

October 28, 2020

G50 Dirksen Senate Office Building

U.S. Sen. Roger Wicker, R-Miss., chairman of the Committee on Commerce, Science, and Transportation, will convene a hearing titled, "Does Section 230's Sweeping Immunity Enable Big Tech Bad Behavior?" at 10:00 a.m. on Wednesday, October 28. The hearing will examine whether Section 230 of the Communications Decency Act has outlived its usefulness in today's digital age. It will also examine legislative proposals to modernize the decades-old law, increase transparency and accountability among big technology companies for their content moderation practices, and explore the impact of large ad-tech platforms on local journalism and consumer privacy. The hearing will provide an opportunity to discuss the unintended consequences of Section 230's liability shield and how best to preserve the internet as a forum for open discourse.

Witnesses:

- Mr. Jack Dorsey, Chief Executive Officer, Twitter
- Mr. Sundar Pichai, Chief Executive Officer, Alphabet Inc., Google

Power cuts and evacuations ordered across California as wildfire threats flare anew

By Mimi Dwyer

3 MIN READ

LOS ANGELES (Reuters) - A fast-burning wildfire triggered evacuation orders for 60,000 Southern California residents on Monday as hundreds of thousands elsewhere across the state endured a second straight day of power shutoffs due to heightened fire risks from high winds.

Hundreds of miles away, the Pacific Gas and Electric Company (PG&E) said it had cut off power to more than 350,000 homes and businesses in central and northern California as a precautionary measure in the face of elevated fire risks posed by dangerously high winds across 34 counties.
